YOU NEED THESE ON DAY 1!

YOU DON'T NEED THIS ONE UNTIL AFTER MIDTERM

THIS ONE IS RECOMMENDED BUT I WILL GIVE YOU A COPY OF CHAPTER 1

WHAT ABOUT SUPPLIES?

If you can swing it, you should just buy the course kit at the bookstore! I promise, you will use everything in the kit. However, the following list of equipment, materials, and supplies may be purchased individually at places like Jerry's Artarama, UT University Co-op, Amazon Prime, Utrecht, Dick Blick, or other art stores. Try to avoid places aimed at crafting...you will pay 2x the price.

Plan Ahead! Not having supplies in a timely manner is not an excuse for not doing the work. Also many of these items are consumable. Don't let your ink pens leave you high and dry...
