This Month's Theme is *Growing in the Garden!*

Welcome to Sample Month! This year is really going by quickly! During the month of X we will be exploring the garden! We will begin the month by reading books and doing activities about gardens so we can get the general idea! We will read the book Over Under in the Garden written by Pat Schories. We will then learn about what can grow in a garden; we may cover fruits, vegetables, flowers and weeds! We will play garden themed matching games as well as a vegetable counting and sorting game. The class will also be planting and tending to the garden on the playground throughout the month. We have planted tomatoes, lima beans, peas, and green beans so far! We will wrap up the month of X by learning about the different types of bugs and critters that live in the garden! This is going to be a very fun month!

Books we will read:

- My Garden by Kevin Henkes
- Quiet in the Garden by Alik
- How Groundhog's Garden Grew by Lynne Cherry

Happy Birthday To **Child 1** **Child 2**
