

## What is the Prescription Plan Comparison Tool?

The [Prescription Plan Comparison Tool](#) will assist with finding the best price for your medication at your medical prescription plan, national discount program, or local pharmacy.

Medical Prescription Plans					
Company/Website	Deductible	Membership Cost	Copays (30 day supply)	Extended purchase discounts	Mobile App
<a href="#">HealthSelect!</a> <a href="#">HealthSelect</a>	\$50 per covered participant per plan year (1/1 - 12/31)	Included with Medical	Tier 1: \$10 Tier 2: \$35 Tier 3: \$60  (higher cost for maintenance drug)	90 day discount  Tier 1: \$30 Tier 2: \$105 Tier 3: \$180	Yes
<small>CONSUMER DIRECTED</small> <a href="#">HealthSelect</a>  <a href="#">Consumer Directed HealthSelect/OptumRx</a>	\$2,100 per individual & \$4,200 per family (combined medical and pharmacy expenses – 1/1–12/31)	Included with Medical	20% coinsurance after the annual deductible is met	20% coinsurance after the annual deductible is met	Yes

## How do I use the Prescription Plan Comparison Tool?

1. Click on the website link under your medical prescription plan icon, and search online for prices. The prescription insurance company can assist with additional information if you have issues searching.
2. Enter the prescription drug information on the prescription plan worksheet ([download](#)).
3. Search for the same drug on one of the national discount program/local pharmacy websites or call the locations to compare prices to your prescription plan. Enter the information in the worksheet.
4. Select the least expensive cost based on the information provided on your worksheet.

Prescription Cost Comparison							
Pharmacy	Insurance	Medication	Strength	Quantity	Pharmacy Cost	Insurance Cost	Best Value
HEB	OptumRx	Metformin Hcl Tab	500mg	180	\$10.00	\$28.82	\$10.00
