

## Mission

To research and develop model programs and self-sustaining learning communities that engage students from all backgrounds in doing mathematics at a high level.

Mathworks is a center for innovation in mathematics education at Texas State University. We conduct research of and develop model programs in the following areas:

- Summer Math Programs
- Teacher Professional Development
- Curriculum Research & Development

## Kodosky Foundation supports the JSMC

Jeff and Gail Kodosky, through their namesake Foundation, have donated funds to support the 2016 Junior Summer Math Camp programs in San Marcos and Round Rock. The funds will provide opportunities to students to attend the math camp, awarding need-based scholarships to attend the program this June.

## Summer STEM Funding Collaborative supports the JSMC

The Summer STEM Funding Collaborative, made up of nearly 20 partner organizations, has donated funds to support the 2016 Junior Summer Math Camp programs in San Marcos and Round Rock. The funds will provide opportunities to Texas State undergraduate students to be teaching assistants in the JSMC, as well as professional development opportunities to teachers.

## Texas Workforce Commission supports the HSMC

The Texas Workforce Commission has donated funds to support the 2016 Honors Summer Math Camp program at Texas State.
