

Mission

To research and develop model programs and self-sustaining learning communities that engage students from all backgrounds in doing mathematics at a high level.

Mathworks is a center for innovation in mathematics education at Texas State University. We conduct research of and develop model programs in the following areas:

- Summer Math Programs
- Teacher Professional Development
- Curriculum Research & Development

Support math learning opportunities for all students

Junior Summer Math Camp deadline approaching!

We have two half-day JSMC programs for 4th-8th grade students, one in San Marcos and one in Round Rock. Camp runs from June 6-17. The deadline is May 15th. [Click here to apply now](#), before camp fills up!

Parent and camper reflections on Mathworks camps

My daughter really enjoyed camp last year, and it's really benefitted her. She went from being a C student to a low A student, getting 90s and 91s in math. Her brother saw how much she enjoyed it last year and is really excited to go this year!

Dear Alumni,

Have you recently...

Moved?

Started graduate school?

Landed a new job?

Written a book?

Received an award?

Or simply want to reconnect with other alumni?

We at Mathworks would love to hear what alumni are doing these days!

Simply fill out this [online update form](#).

Texas State University System

--Parent of a JSMC camper

HSMC means so much to me. It has provided me the tools to think about and tackle complex ideas more deeply. I can never fully express the gratitude I have for being a part of such a great community.

--Former HSMC camper

H-E-B TOURNAMENT OF CHAMPIONS

HEB Tournament of Champions supports JSMC

The HEB Tournament of Champions will support 40 scholarships for students to attend the Junior Summer Math Camp. These scholarships will provide students with opportunities for summer learning and enrichment. HEB Tournament of Champions has partnered with Mathworks in the past.

Silicon Labs supports HSMC

Silicon Labs will support Honors Summer Math Camp campers and mentors. Their generous donation will allow students to not only attend the camp, but also participate in mathematics research projects, led by faculty mentors. In addition, Silicon Labs strongly supports the Entrepreneurship Projects done by students, in which they conceive a business model and present to a panel of distinguished judges.

Sarah Yager Scholarship Fund supports Hays CISD students

The Sarah Yager Scholarship Fund has generously supported scholarships for 12 outstanding Hays CISD students for the second year in a row. The selected students will attend the Junior

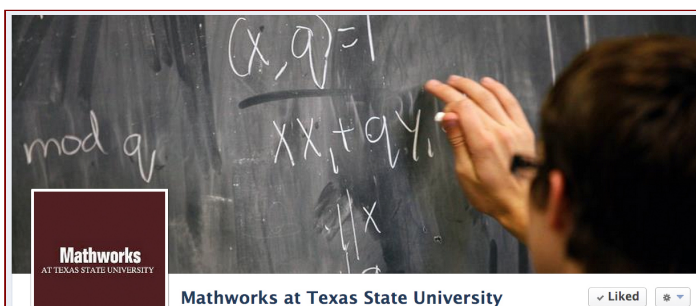

Best wishes to Andrew Hsiao!

Andrew Hsiao has recently transitioned to a position at an ed tech startup. We appreciate all Andrew has done at Mathworks and wish him the best!
