Student Accomplishments

Impact of Teaching & Advising

Paige Haber-Curran, Ph.D.

One of the joys of my position is advising all 37 master's students in the Student Affairs and Higher Education master's program. Although I can't take credit for their accomplishments, I am very proud of them; many students have stressed that I have played an important role in their successes and professional involvements. One of my primary goals in teaching and advising students is helping students develop as engaged and involved professionals.

Mentoring Students for Successful Job Searches

Students graduating from the SAHE Program are very well prepared to enter the field and are extremely marketable in field.

The STUDENT AFFAIRS Collective

Natalie Undis, first-year SAHE Student, was a featured blogger on The Student Affairs Collective, a leading website in the field. This is an excerpt from her post on March 3, 2014 entitled [Responding vs. Reacting to Social Media](#).

We already know that, as student affairs educators, we should engage in meaningful conversations with those who interact with our programs and services to get the feedback we need to make things better. **What I think we need to do more of is treat social media as a valuable tool to assess what students think about what we do because it's a platform they're much more comfortable with.** We need to recognize that students are going to be more honest (in both positive and negative ways) about their feelings behind the completely transparent digital curtain than they will be on a paper survey as they're leaving our program. And we need to show them we're listening.

Natalie Undis is a first year graduate student in the Student Affairs in Higher Education program at Texas State University and the Leadership & New Student Programs Graduate Research Assistant in the Planning, Assessment, Leadership, & Marketing Office in the LBJ Student Center. She is a self-proclaimed nerd and introvert, a true Tennessean, a Belmont Bruin, an Alpha Gamma Delta, and one of Hanson's biggest fans.

Texas State SAHE Students & Alumni attending the Association for College Unions International Regional Conference- three of the students/ alumni- Abreetta Goode, Natalie Undis, and Erin Williamson- hold leadership roles in the organization.

Students' Professional Association Involvement

Prior to my arrival at Texas State it was not very common for students to attend regional or national conferences. Now, every attends at least one regional or national conference during their time in the program. Many are selected to present or serve in volunteer or leadership roles.
