Re: Medical Records

Greetings,

I am requesting medical records, including but not limited to diagnosis, treatments, and prescriptions, for patient John Doe, dob 01/01/1900. These records will assist in determining Mr. Doe's cause and manner of death. Mr. Doe passed away on October 15, 2020.

In the State of Texas, the local Justice of the Peace serves as the Coroner if there is no medical examiner in the county. Waller County has no medical examiner's office, therefore I serve as the Coroner. I am requesting these records in that capacity.

Respectfully,
