

To: President's Cabinet
From: Kelly R. Damphousse
Subject: President's Cabinet Meeting
January 23, 2023

Cabinet Advance

President Damphousse discussed pending items from the January 19, 2023, Cabinet Advance and identified next steps. Organizational changes were discussed to support our *Hopes and Aspirations High* vision. Key changes approved included:

- Elevating the position of Associate Vice President for Research and Federal Relations to that of a Vice President for Research. The new vice president will report to the President and serve as a member of the Cabinet. The Office of Research and Sponsored Programs will become the Division of Research.
- Moving University Libraries and special collections to Academic Affairs to support the research and scholarship component of our mission, as well as our goal of running to R1.
- Creating a Vice President for the Round Rock Campus to support our goal of transforming the Round Cock Campus.
- Creating a new Vice President for Global Education and Online to support our goal of growing enrollment.

Items discussed but requiring more time to finalize included:

- Creating a division of student success.
- Merging university communications and university marketing to form a division of marketing and communications.

President's Report

This item was not discussed.

New Business

This item was not discussed.
