

**Council of Academic Deans
June 26, 2007**

Summary and Action Items

- **Summer Orientation:** Dr. Michael Heintze gave an update on the summer orientation numbers. He urged Deans to monitor class demands to provide sufficient open courses for all sessions.
- **Emerging STARS:** Dr. Heintze gave an overview of the 2007 summer class of Emerging STARS.
- **Academic Affairs Computing Priority Committee:** Dr. Heintze reviewed the list of priorities and discussed how items are prioritized.
- **Residency, Advanced Hours, and BA Requirements:** Recommended changes to the residency requirement and advanced hours were discussed. Deans will discuss these requirements with their college councils to be discussed again at CAD in 3-4 weeks.
- **Grade Distributions:** Dr. Moore urged Deans to review the differences in the grade distributions in sections of the same course, particularly courses in the core requirement.

Off-Agenda:

- Dr. Moore gave an update on the doctoral programs currently being reviewed for submission.
- Dr. Cathy Fleuriet updated the council members on the process of approving the student and administration outcomes.
