

**WHEN YOU GET TIRED  
OF YOUR PET FISH,  
WHAT WILL YOU DO?**

**Don't release your pet fish into the San Marcos River because non-native fish can:**

- out compete endangered species.
- overpopulate out of control.

**So what can you do?**

- Return your fish to Earth Angel Pet Supply.
- Give your fish to a friend or donate to a school.
- Drop it off at this convenient location:

**Nature Center**  
430 Riverside Dr.

**Thank you for helping to protect the  
San Marcos River!**
