

ROSE CARDS FOR MOTHER'S DAY

Supplies Needed

- Colored Craft Paper
- Scissors
- Craft Glue
- Pencil
- Template

Directions

1. Prepare the card by using a square cardstock paper or craft paper; it's better to use a lighter color for the card for this.
2. Use a pencil to draw a heart shape on the card.
3. Take a small piece of colored craft paper and cut it into a spiral as like the spiral template.
4. Take the spiral paper and start to roll it from its outer edge.
5. Take the spiral paper and start to roll it from its outer edge.
6. Apply glue on the center area of the spiral pattern, which now should be positioned below the rolled pattern. Press the roll with the center to make sure that it is secured and glued with the center part.
7. Similarly make lots of rolled roses.
8. Take the card and start gluing the roses inside the traced heart pattern on the card. Start gluing the roses along the border of the heart.
9. Fill the heart pattern with the paper roses neatly. Once done filling the heart allow the glue to dry for a while.
10. Take 4 thin strips of colored papers and glue them along the sides of the card.
