Honorable Greg Abbott  
Governor of Texas

Honorable Glenn Hegar  
Texas Comptroller of Public Accounts

Ms. Ursula Parks  
Director, Legislative Budget Board

Ms. Lisa R. Collier  
First Assistant State Auditor

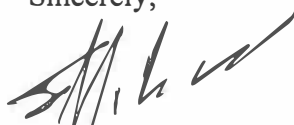

To Agency Heads Addressed:

We are pleased to submit the combined annual financial report of the Texas State University System for the year ended August 31, 2016, in compliance with Texas Government Code Annotated, Section 2101.011 and in accordance with the requirements established by the Comptroller of Public Accounts.

Due to the statewide requirements embedded in Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all requirements in this statement. The financial report will be considered for audit by the state auditor as part of the audit of the State of Texas *Comprehensive Annual Financial Report* (CAFR); therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions, please contact Roland Smith, Vice Chancellor for Finance at (512) 463-1808.

Sincerely,

Brian McCall  
Chancellor

**TEXAS STATE UNIVERSITY SYSTEM**  
**NOTES TO THE FINANCIAL STATEMENTS**

August 31, 2016

<b>NOTE 1: Summary of Significant Accounting Policies</b>
---

**Entity**

The Texas State University System (TSUS) is a Public System of Higher Education of the State of Texas, and its financial records comply with state statutes and regulations, including compliance with the Texas Comptroller of Public Accounts' Reporting Requirements for State Institutions of Higher Education.

The Texas State University System is comprised of System Administration and the following institutions: Lamar University, Sam Houston State University, Sul Ross State University, Texas State University, Lamar Institute of Technology, Lamar State College - Orange, and Lamar State College - Port Arthur. The System's primary role is to provide post secondary educational opportunities for the citizens of the State of Texas. The component institutions also perform research activities and provide public service programs for their constituents.

Due to the statewide requirements embedded in Governmental Accounting Standards Board Statement No 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. For fiscal year 2016, the state of Texas implemented the Governmental Accounting Standards Board (GASB) statement 68, *Accounting and Financial Reporting for Pensions*. This statement requires *proprietary* agencies to report on the financial statements, the pension expense and liability incurred by the Texas Teacher Retirement (TRS) system on behalf on the Texas State University System.

The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

**Fund Structure**

The accompanying financial statements are presented on the basis of funds. A fund is considered a separate accounting entity. The fund designation for institutions of higher education is, a Business Type Activity, within the Proprietary Fund Type.

## **Note 1 Continued**

### **Proprietary Funds – Business Type Activity**

Business type funds are used for activities that are financed through the charging of fees and sales for goods or services to the ultimate user. Institutions of higher education are required to report their financial activities as business type; because, the predominance of their funding comes through charges to students, sales of goods and services, and grant revenues.

### **Component Units**

The fund types of the individual discrete component units are available from the component units' separately issued financial statements. Additional information about component units can be found in Note 19.

### **Basis of Accounting**

The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

Business activity type funds (proprietary funds) are accounted for using the full accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time liabilities are incurred. Proprietary funds distinguish operating from non-operating items. Operating revenues and expenses result from providing services or producing and delivering goods in connection with the proprietary funds principal ongoing operations. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets.

### **Budget and Budgetary Accounting**

The operating budget is prepared annually and represents appropriations authorized by the legislature and approved by the Governor (the General Appropriations Act) and other revenues generated by System Administration. Unencumbered appropriations are generally subject to lapse 60 days after the end of the fiscal year for which they were appropriated.

### **Assets, Liabilities, and Fund Balances/Net Position**

---

#### **ASSETS**

##### **Cash and Cash Equivalents**

Short-term highly liquid investments with an original maturity of three months or less are considered cash equivalents.

## Note 1 Continued

### Securities Lending Collateral

Investments are stated at fair value in all funds except pension trust funds in accordance with GASB Statement 31-*Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. For pension trust funds, investments are required to be reported at fair value using the accrual basis of accounting in accordance with GASB Statement 25 - *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*. Securities lent are reported as assets on the Statement of Net Assets. The costs of securities lending transactions are reported as expenditures or expenses in the Operating Statement. These costs are reported at gross.

### Restricted Assets

Restricted assets include monies or other resources restricted by legal or contractual requirements. These assets include proceeds of enterprise fund general obligation and revenue bonds and revenues set aside for statutory or contractual requirements. Assets held in reserve for guaranteed student loan defaults are also included.

### Inventories and Prepaid Items

Inventories include both merchandise inventories on hand for sale and consumable inventories. Inventories are valued at cost, generally utilizing the last-in, first-out method. The consumption method of accounting is used to account for inventories and prepaid items that appear in the proprietary fund types. The cost of these items is expensed when the items are consumed.

### Capital Assets

Assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year should be capitalized. These assets are capitalized at cost or, if not purchased, at appraised fair value as of the date of acquisition. Depreciation is reported on all "exhaustible" assets. "Inexhaustible" assets such as works of art and historical treasures are not depreciated. Road and highway infrastructure is reported on the modified basis. Assets are depreciated over the estimated useful life of the asset using the straight-line method.

### Current Receivables - Other

Other receivables include year-end revenue accruals not included in any other receivable category.

## Note 1 Continued

### **LIABILITIES**

#### Accounts Payable

Accounts Payable represents the liability for the value of assets or services received at the Statement of Net Assets date for which payment is pending.

#### Current Payables - Other

Other payables are the accrual at year-end of expenditure transactions not included in any of the other payable descriptions.

#### Employees' Compensable Leave Balances

Employees' Compensable Leave Balances represent the liability that becomes "due" upon the occurrence of relevant events such as resignations, retirements, and uses of leave balances by covered employees. Liabilities are reported separately as either current or noncurrent in the Statement of Net Assets.

#### Capital Lease Obligations

Capital Lease Obligations represent the liability for future lease payments under capital lease contracts contingent upon the appropriation of funding by the Legislature. Liabilities are reported separately as either current or noncurrent in the Statement of Net Assets.

#### Bonds Payable - General Obligation Bonds and Revenue Bonds

General Obligation and Revenue Bonds are accounted for in the proprietary funds by institutions of higher education. The bonds payable are reported at par less unamortized discount or plus unamortized premium. Interest expense is reported on the accrual basis, with amortization of discount or premium. Payables are reported separately as either current or noncurrent in the Statement of Net Assets. Bond proceeds and principal payments are reported in the Statement of Cash Flows.

### **NET POSITION**

The difference between assets and liabilities is "Net Position" on the proprietary fund statements.

#### Invested in Capital Assets, Net of Related Debt

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bond, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

## Note 1 Continued

### Restricted Net Position

Restricted net assets result when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation.

### Unrestricted Net Position

Unrestricted net assets consist of net assets which do not meet the definition of the two *preceding* categories. Unrestricted net assets often have constraints on resources which are imposed by management, but can be removed or modified.

## **INTERFUND ACTIVITIES AND BALANCES**

The Texas State University System has the following types of transactions among funds:

- (1) Transfers: Legally required transfers that are reported when incurred as “Transfers In” by the recipient fund and as “Transfers Out” by the disbursing fund.
- (2) Reimbursements: Reimbursements are repayments from funds responsible for expenditures or expenses to funds that made the actual payment. Reimbursements of expenditures made by one fund for another that are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund. Reimbursements are not displayed in the financial statements.
- (3) Interfund receivables and payables: Interfund loans are reported as interfund receivables and payables. If repayment is due during the current year or soon thereafter it is classified as “Current”, repayment for two (or more) years is classified as “Non-Current”.
- (4) Interfund Sales and Purchases: Charges or collections for services rendered by one fund to another that are recorded as revenues of the recipient fund and expenditures or expenses of the disbursing fund.

<b>NOTE 2: Capital Assets</b>
-------------------------------

All capital assets acquired are reported at cost or estimated historical cost, if actual historical cost is not available. Donated assets are reported at fair value on the acquisition date. Assets are depreciated over the estimated useful life of the asset using the straight-line method.

**A summary of changes in Capital Assets for the year ended August 31, 2016 is presented on the next page.**

<b>NOTE 3: Deposits, Investments, &amp; Repurchase Agreements</b>
---

The Texas State University System (TSUS) is authorized to invest operating funds in obligations and instruments as defined in the Public Funds Investment Act (Sec. 2256.001 Texas Government Code) and the Public Funds Collateral Act (Texas Government Code 2257). The *Operating Funds Investment Policy* of TSUS is designed to fulfill the following objectives:

- Provide the maximum safety of invested principal;
- Ensure liquidity for all operating requirements which may be reasonably anticipated;
- Manage interest-rate risk;
- Maximize overall return within the established risk constraints; and
- Provide for diversification of investment assets.

Endowment funds represent private funds including, but not limited to, gifts of property, stock, and real assets, donated to TSUS or its components to provide funding for scholarships, fellowships, professorships, academic chairs, and other uses as specified by the donors. It is the policy of TSUS or its components to invest endowment funds in accordance with the Uniform Prudent Management of Institutional Funds Act (UPMIFA), Texas Property Code Chapter 163.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The *Operating Funds Investment Policy* of the Texas State University System allows the investment of State funds in corporate bonds to be 25% to 100% of the total portfolio. The bonds must be rated in one of the four highest rating categories (AAA, AA, A, BBB).

As of August 31, 2016 the System's credit quality distribution for securities with credit risk exposure was as follows.

<b>NOTE 6: Bonded Indebtedness</b>
------------------------------------

The Board of Regents approved the order establishing the Master Resolution for the Texas State University System Revenue Financing System in August 1998. The Master Resolution provides a financing structure under which revenue supported indebtedness of the Revenue Financing System can be incurred. Each component institution and the System Administration of TSUS are members of the Revenue Financing System. The Board pledged all of the funds (revenues) and balances derived or attributable to any member of the Revenue Financing System that is lawfully available to the Board for payments on Parity Debt. Specifically exempted from pledged revenues are:

- (a) Amounts received on behalf of any member under Article 7, Section 17 of the Constitution of the State of Texas, including the income therefrom and any balances relating thereto, and
- (b) General Revenue Fund appropriations, except to the extent so specifically appropriated for debt service to the Board by the Legislature of the State of Texas.

Members may use the Revenue Financing System as a long-term debt program to acquire, purchase, construct, improve, renovate, enlarge, or equip property, buildings, structures, facilities, roads, or related infrastructure. An institution's request for the use of the Revenue Financing System is evaluated for an adequate revenue stream and bonding capacity for the specific institution prior to Board approval of issuing additional parity debt.

Each component institution receives its portion of the bond proceeds and accounts for the earnings and disbursements of the bond proceeds. Assets created and/or acquired as a result of the Revenue Financing System bond proceeds expended and subsequently capitalized are reported on the component institutions' Financial Reports. The associated bond liability and debt service activities are reported in total by the TSUS - System Administration.

<b>NOTE 9: Pension Plans and Optional Retirement Program</b>
--

**Teacher Retirement System Pension**

The state of Texas implemented the Governmental Accounting Standards Board (GASB) statement 68, *Accounting and Financial Reporting for Pensions*. This statement requires *proprietary* agencies to report on the financial statements, the pension expense and liability incurred by the Texas Teacher Retirement (TRS) system on behalf on the Texas State University System.

TRS uses the flow of economic resources measurement focus and full accrual basis of accounting for purposes of measuring the net pension liability, deferred outflows and inflows of resources, and pension expense. The net pension liability was measured as of August 31, 2014 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation. Texas State University system's proportion of the net pension liability was based on its contribution to the pension plan relative to the contributions of all state agencies and universities.

The Texas Comptroller's Office reduced the Pension Expense by \$13,337,593.47 in fiscal year 2015 when combined with this 2016 pension expenses the net is an increase in fund balance of \$10,014,099.46.

<b>Statement of Net Position</b>	
Net pension Liability	\$ 27,744,036.87
Deferred inflows	(19,195,646.63)
Deferred outflows	(18,562,489.70)
Total effect	<u>\$ (10,014,099.46)</u>

<b>Changes in Net Position</b>	
Pension Expenses	\$ 14,236,907.00
Pension Contribution Offset	(11,940,542.00)
Other Operating Expense	1,027,129.01
Restatement by Comptroller	(13,337,593.47)
Total effect	<u>\$ (10,014,099.46)</u>

**Optional Retirement Plan Contribution**

In 1970, the State established an Optional Retirement Program (ORP) for institutions of higher education. Participation in ORP is optional to participation in the Teacher Retirement System and is limited to faculty positions and administrative positions that are filled subject to a process including a national search. The ORP plan is administered by the employee. Neither, the State of Texas nor the university system has any liability for the plan and the plan has no effect on the

**NOTE 10: Deferred Compensation (administering agencies only)**

Not Applicable. The Employees Retirement System will report the plans, balances, and liabilities for the State.

**NOTE 11: Postemployment Health Care and Life Insurance Benefits**

Not Applicable. The Employees Retirement System (OPEB) will report the plans, balances, and liabilities for the State.

**NOTE 12: Interfund Activity and Transactions**

As explained in Note 1 on Interfund Activities and Balances, there are numerous transactions between funds and agencies. The Texas State University System experienced routine transfers within the System which were eliminated for the combined presentation.

Transfers with other State agencies and universities were consistent with the activities of the fund making the transfer. Repayment of interagency balances will occur within one year from the date of the financial statements.

**NOTE 13: Continuance Subject To Review**

The Texas State University System is not subject to the Texas Sunset Act.

**NOTE 14: Adjustments to Fund Balances and Net Position**

During fiscal year 2016 the adjustments were made that required a restatement to net position.

<b>Net Position- September 1, 2015</b>	<b>\$</b>	<b>1,149,847,081.37</b>

**NOTE 15: Contingencies and Commitments**

At August 31, 2016, various lawsuits and claims involving the Board of Regents, Texas State University System and the Universities and Colleges within the system were pending. While the ultimate liability with respect to litigation and other claims asserted against the Board of Regents cannot be reasonably estimated at this time, such liability, to the extent not provided for by insurance or otherwise, is not likely to have a material effect on the Board of Regents, Texas State University System. Under Texas law, the Texas State University System, as an agency of the State of Texas, enjoys immunity from most causes of action. A solid majority of such claims are dismissed prior to trial.

Lamar State College Orange has a potential repayment to the Texas Division of Emergency Management for Hurricane Ike damages incurred by the campus in 2008. In 2016 Orange booked a liability of \$619,153 and there is a potential that the repayment could reach \$1,347,000. Orange has an outstanding appeal with the Federal Emergency Management Agency (FEMA).

**NOTE 16: Subsequent Events**

#### **NOTE 17: Risk Management**

As with any state agency, System Administration may be subject to a variety of civil claims or complaints arising from the performance of its duties although no claims or complaints are currently pending against System Administration for actions arising from performance of its duties. It is System Administration's policy periodically to assess the proper combination of commercial insurance and retention of risk to cover losses to which it may be exposed. Currently purchase of commercial insurance is not planned nor is System Administration involved in any risk pool with other government entities for these risks.

#### **NOTE 18: Management Discussion and Analysis**

Not Applicable.

Management Discussion and Analysis is a required part of the basic financial statements. Management Discussion and Analysis is omitted because The Texas State University System is reported as a component of the State of Texas. Management Discussion and Analysis as it relates to The Texas State University System can be found in the Comprehensive Annual Financial Report for the State of Texas.

#### **NOTE 19: The Financial Reporting Entity**

The combined Texas State University System has the following component units and related parties.

##### **COMPONENT UNITS**

Component Units (CUs) are legally separate organizations for which the elected officials of the primary government are financially accountable. In addition, CUs can be other organizations for which the nature and significance of their relationship with the primary government is such that exclusion would create misleading or incomplete financial statements.

##### **The Texas State University at San Marcos has the following blended component units:**

**The Texas State University Research Foundation** (Research Foundation) was formed as an independent 501(c) (3) organization on July, 22, 2010. The Research Foundation was formed to support the university's mission and objectives of promoting higher education, conducting research, providing public service, and assisting in economic development in Texas. The Research Foundation has a fiscal year end of February 28 and is exclusively associated with the university.

**Note 19 Continued**

The Research Foundation is included in the financial statements of Texas State University as a blended component unit in accordance with GASB Statement 14 as amended by GASB Statement 39. The key business officers of the University comprise the entirety of the Research Foundation's officers and directors, thereby giving the University the ability to impose its will on the Research Foundation.

During fiscal year ending February 29, 2016 and February 28, 2015, the Research Foundation incurred expenses in the amount of \$57,482.38 and \$150,000.00 respectively.

**The Harold M. Freeman Education Foundation** (Freeman Foundation) is a legally separate entity formed through a trust to make use of the Freeman Ranch available exclusively to Texas State University. The Freeman Center is used and operated solely for farm, ranch and game management, education, and research purposes in connection with the educational activities of Texas State University. There is no formal governing board for the Freeman Foundation. Texas State University acts as an active co-trustee to operate the ranch. Frost Bank operates as an inactive trustee to ensure the provisions of the trust are followed. Based on the Freeman Foundation being closely related to Texas State University, the Freeman Foundation is included as a blended component unit. Separate financial statements are not issued by the Freeman Foundation.

**RELATED ORGANIZATIONS**

The following foundations and organizations, while not components units, are disclosed due to their significant relationship with the System and its components.

**Texas State University System Foundation**

The Texas State University System Foundation was established in 1977 by the Board of Regents to assist the System in gaining private financial support, and to help component institutions pursue additional education-related activities and outreach. ### **Texas State University**

#### **The State University Development Foundation**

The Texas State University Development Foundation was formed in 1977 to support the educational, scientific and research mission of Texas State. The Development Foundation raises and manages endowment funds designated for scholarships and other support for the university. In total, the Development Foundation Board reported payments of \$6,270,394.62 for university support and \$1,462,976.57 for student scholarships from Development Foundation funds during the fiscal year ended August 31, 2016. The Development Foundation received restricted gifts of \$4,385,936.77 and temporarily restricted gifts of \$451,497.51 during the same period.

#### **The McCoy College of Business Administration Development Foundation**

The McCoy College of Business Foundation (Foundation), a 501.c.3, founded in 2004, is dedicated exclusively to the support of The McCoy College of Business at Texas State University. The Foundation Board of Directors manages the Foundation's investments and decides annually on the amount of funds to transfer from the endowments to the McCoy College of Business in support of chairs, professorships, undergraduate scholarships, graduate fellowships, faculty development, program development and student development.

Based upon estimated, unaudited, figures during the fiscal year ending August 31, 2016 the Foundation approved an \$895,787.20 distribution to the university to be made from endowments; received new contributions of \$545,738.30 for endowments; and, ended the fiscal year with accrued assets and liabilities of \$34,660,578.00 and \$19,286.00 respectively. The Foundation pays for its own operating expenses (including staff salaries, accounting, supplies and auditing), which is estimated at approximately 0.3% of the assets of the Foundation. Fees for investment management were approximately 1% of the assets.

## **Note 19 Continued**

### Texas State University Support Foundation

The Texas State University Support Foundation was formed exclusively for charitable, educational and scientific purposes to assist in the development of the university. During the year ended August 31, 2016, the Foundation began the process of dissolving its operations, donating \$200,000.00 in cash and land valued at \$93,605.00 to the university. Remaining funds were deposited as agency funds with the university to manage residual obligations.

Financial activity of the Support Foundation as of and for the years ended August 31, 2016 included \$293,604.67 in direct support of the university and \$38,539.33 deposits held in trust at the university.

### Texas State Alumni Association

The efforts and funds of the Texas State Alumni Association are dedicated to Texas State University for student scholarships, campus support, and alumni outreach activities. . During FY 2016 the Association reported payments of \$18,250.00 in student scholarships. At August 31, 2016, Texas State University held \$451,383.06 in deposits considered Held in Trust for Others – Agency Funds on behalf of the Alumni Association. Agency funds are assets not owned by the university but held in custodianship, to be used or withdrawn by the depositors at will. The Agency funds resources, including those of the Alumni Association, are reflected in the university's financial records as cash and cash equivalents with a corresponding liability to the depositing organizations.

<b>NOTE 20: Stewardship, Compliance and Accountability</b>
--

The Texas State University System is not aware of any non-compliance items or material violation of financial related issues.

<b>NOTE 21: Not Applicable to the AFR</b>
---

<b>NOTE 22: Donor-Restricted Endowments</b>
---

The net appreciation (cumulative and unexpended) on donor-restricted endowments presented below is available for authorization and expenditure by each university. Each institution's spending for endowments reflects an objective to distribute as much of the total return as is consistent with overall investment objectives while protecting the real value of the endowment corpus. True endowments require the principal to be maintained inviolate and in perpetuity.

## Note 22 Continued

Term endowments allow the principal to be expended after the passage of a stated period of time and all conditions of the endowment are met. Expendable funds are those funds that may be expended for either a stated purpose or for a general purpose as per the endowment gift terms. Nonexpendable funds are those required to be retained in perpetuity.

The Uniform Prudent Management of Institutional Funds Act, Texas Property Code, Chapter 163, provides general guidelines on how endowments should be maintained. An institution may appropriate for expenditures or accumulate as much as the institution determines prudent for the uses, benefits, purposes and duration of the endowment. Each institution sets the amounts and/or percentage of net appreciation on endowment investments that are authorized for expenditures. The target distribution for Texas State University System institutions is between 3% and 5%.

Following is a table showing expendable and nonexpendable endowments for the Texas State University System for FY 2016:

<b>DONOR RESTRICTED ENDOWMENT</b>	<b>AMOUNT OF NET APPRECIATION</b>
True Endowments - Expendable	\$ 42,236,982.38
Term Endowments - Expendable	2,887,831.19
