ANNUAL FINANCIAL REPORT

For the Year Ended August 31, 2022

November 18, 2022

Honorable Greg Abbott
Governor of Texas

Honorable Glenn Hegar
Texas Comptroller of Public Accounts

Mr. Jerry McGinty
Director, Legislative Budget Board

Ms. Lisa Collier
State Auditor

Ladies and Gentlemen:

We are pleased to submit the annual financial report of The Texas State University System Administration for the year ended August 31, 2022, in compliance with Texas Government Code Annotated, Section 2101.011 and in accordance with the requirements established by the Texas Comptroller of Public Accounts.

Due to the statewide requirements embedded in Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all requirements in this statement. The financial report will be considered for audit by the state auditor as part of the audit of the State of Texas *Annual Comprehensive Financial Report* (ACFR); therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

Should you have any questions, please contact Daniel Harper, Vice Chancellor and Chief Financial Officer at (512) 463-1808.

Sincerely,

Brian McCall
Chancellor

**Texas State University System Administration
Notes to the Financial Statements
For the Year Ended August 31, 2022**

NOTE 1: Summary of Significant Accounting Policies

Reporting Entity

The Texas State University System Administration (System Administration) is a Public System of Higher Education of the State of Texas. The financial records comply with state statutes and regulations, including compliance with the Texas Comptroller of Public Accounts' Reporting Requirements for State Institutions of Higher Education.

The Texas State University System is comprised of System Administration and the following institutions: Lamar University, Sam Houston State University, Sul Ross State University, Texas State University, Lamar Institute of Technology, Lamar State College - Orange, and Lamar State College - Port Arthur. System Administration's primary role is to provide administrative support services for the component entities. Other groups served by System Administration include the Board of Regents, other state agencies, and the citizens of Texas, including the staffs and students of the component institutions.

Due to the statewide requirements embedded in Governmental Accounting Standards Board Statement 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*. The Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Annual Comprehensive Financial Report (ACFR); therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

Fund Structure

The accompanying financial statements are presented on the basis of funds. A fund is considered a separate accounting entity. The fund designation for institutions of higher education is a Business Type Activity within the Proprietary Fund Type.

Business Type Activity funds account for activities financed through the charging of fees and sales for goods or services to the ultimate user. Institutions of higher education report their financial activities as business type because the institution's funding comes primarily through charges to students, sales of goods and services, and grant revenues.

Component Units

The fund types of the individual discrete component units are available from the component units' separately issued financial statements. Additional information about component units can be found in Note 19.

Basis of Accounting

The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

Business Type Activity funds are accounted for using the full accrual basis of accounting. Under the full accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the accounting period when they are incurred. Proprietary funds distinguish operating from non-operating items. Operating revenues and expenses result from providing services or producing and delivering goods in connection with the proprietary funds principal ongoing operations. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets.

Budget and Budgetary Accounting

The operating budget is prepared annually and represents appropriations authorized by the legislature and approved by the Governor (the General Appropriations Act) and other revenues generated by System Administration. Unencumbered appropriations are generally subject to lapse 60 days after the end of the fiscal year for which they were appropriated.

Cash and Cash Equivalents

Short-term highly liquid investments with an original maturity of three months or less are considered cash equivalents.

Securities Lending Collateral

Investments are stated at fair value in all funds except pension trust funds in accordance with GASB Statement 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. For pension trust funds, investments are required to be reported at fair value using the accrual basis of accounting in accordance with GASB Statement 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*.

Securities lent are reported as assets on the balance sheet. The costs of securities lending transactions are reported as expenditures or expenses in the Operating Statement. These costs are reported at gross.

Restricted Assets

Restricted assets include monies or other resources restricted by legal or contractual requirements. These assets include proceeds of enterprise fund general obligation and revenue bonds and revenues set aside for statutory or contractual requirements. Assets held in reserve for guaranteed student loan defaults are also included.

Inventories and Prepaid Items

Inventories include both merchandise inventories on hand for sale and consumable inventories. Inventories are valued at cost, generally utilizing the last-in, first-out method. The consumption method of accounting is used to account for inventories and prepaid items that appear in the proprietary fund types. The cost of these items is expensed when the items are consumed.

Capital Assets and Related Debt

Purchases of assets with an estimated useful life in excess of one year exceeding System Administration's capitalization thresholds are recorded as capital assets at their acquisition cost on the date of acquisition. Donated assets with an estimated useful life in excess of one year exceeding the capitalization thresholds are recorded as capital assets at their fair market value on the date of acquisition. Intangible capital assets are defined as assets that lack physical substance, are nonfinancial in nature and have an initial useful life extending beyond a single reporting period. Routine repairs and maintenance that do not increase the value of buildings are charged to operating expense in the year in which the expense was incurred.

System Administration's capitalization thresholds are:

<u>Asset Category</u>	<u>Threshold</u>
Land, land improvements, and land use rights	All acquisitions
Books and materials for academic and research libraries	All acquisitions
Works of art and historical treasures not held for financial gain	All acquisitions
Furniture, equipment, and vehicles	\$5,000
Buildings and building, facilities, and other improvements	\$100,000
Purchased computer software and land use rights (A)	\$100,000
Infrastructure	\$500,000
Internally generated computer software	\$1,000,000

(A) Applies only to land use rights considered to have a limited useful life (TERM.)

Assets are depreciated or amortized over the estimated useful life of the asset using the straight-line method as follows:

All land, land improvements, land use rights, and works of art and historical treasures not held for financial gain are considered to have an indefinite useful life. Because these assets are inexhaustible, they are not depreciated.

Bonded indebtedness is issued by the Texas State University System Revenue Financing System. The System Administration Office and each component institution within the system comprise the Revenue Financing System. Debt service requirements are disclosed in Note 6, Bonded Indebtedness.

Current Receivables - Other

Other receivables include year-end revenue accruals not included in any other receivable category.

Accounts Payable

Accounts payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending.

Current Payables – Other

Other payables are the accrual at year-end of expenditure transactions not included in any of the other payable descriptions.

Employees' Compensable Leave Balances

Employees' compensable leave balances represent the liability that becomes due upon the occurrence of relevant events such as resignations, retirements, and uses of leave balances by covered employees. Liabilities are reported separately as either current or non-current in the statement of net assets.

Lease Liability

Lease liability represents the amount recognized by a lessee on its financial statements regarding its leases. It is initially measured at the present value of lease payments and is remeasured whenever there is a change in lease payments or lease modification. Liabilities are reported separately as either current or noncurrent.

Bonds Payable - General Obligation Bonds and Revenue Bonds

General obligation and revenue bonds are reported at par less unamortized discount or plus unamortized premium. Interest expense is reported on the accrual basis, with amortization of discount or premium. Payables are reported separately as either current or non-current in the statement of net assets. Bond proceeds and principal payments are reported in the Statement of Cash Flows.

Net Position

The difference between assets and liabilities is net position.

For the Year Ended August 31, 2022**

Invested in Capital Assets, Net of Related Debt

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bond, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

Restricted Net Position

Restricted net assets result when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Position

Unrestricted net assets consist of net assets which do not meet the definition of the two *preceding* categories. Unrestricted net assets often have constraints on resources, which are imposed by management, but can be removed or modified.

Interfund Activities and Balances

System Administration has the following types of transactions among funds:

Transfers

Legally required transfers that are reported when incurred as “Transfers In” by the recipient fund and as “Transfers Out” by the disbursing fund.

Reimbursements

Reimbursements are repayments from funds responsible for expenditures or expenses to funds that made the actual payment. Reimbursements of expenditures made by one fund for another that are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund. Reimbursements are not displayed in the financial statements.

Interfund Receivables and Payables

Interfund loans are reported as interfund receivables and payables. If repayment is due during the current year or soon thereafter it is classified as “Current”, repayment for two (or more) years is classified as “Non-Current.”

Interfund Sales and Purchases

Charges or collections for services rendered by one fund to another that are recorded as revenues of the recipient fund and expenditures or expenses of the disbursing fund. The composition of System Administration’s Interfund activities is presented in Note 12.

Custodial Credit Risk for Deposits

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, System Administration will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. System

**Texas State University System Administration
Notes to the Financial Statements
For the Year Ended August 31, 2022**

Administration's policy is that all deposits are governed by a bank depository agreement between System Administration and the respective banking institution. This agreement provides that System Administration's deposits, to the extent such deposits exceed the maximum insured limit under deposit insurance provided by the Federal Deposit Insurance Corporation (the "FDIC"), shall at all times be collateralized with government securities.

As of August 31, 2022, System Administration had no bank balances exposed to custodial credit risk.

Investments

The TSUS *Investment Policy for Operating and Endowment Funds*, adopted by the TSUS Board of Regents, governs System Administration investments. In accordance with the policy, System Administration invests its operating funds in a manner that provides security of invested principal, provides liquidity for operating requirements which may be reasonably anticipated, manages interest-rate and market risk, maximizes total return within established risk constraints, and provides for diversification of investment assets. Additionally, System Administration invests its endowment funds in a manner that provides security of invested principal, provides for appreciation of principal, provides a continuing and dependable cash payout within market constraints, provides for planned liquidity for anticipated cash flow purposes, manages market risks, maximizes overall total return within the established risk constraints. and provides for diversification of investment assets.

Pursuant to Texas Education Code §51.0031(d), the prudent person standard guides all investment functions in the context of both individual transactions and management of the overall portfolio. Furthermore, System Administration invests endowment funds in compliance with the Uniform Prudent Management of Institutional Funds Act (UPMIFA), Texas Property Code Chapter 163.

Investments are recorded at fair value as of year-end and are categorized in accordance with GASB Statement Number 72, *Fair Value Measurement and Application* (GASB 72). GASB 72 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a fair value hierarchy. The fair value hierarchy is based upon valuation inputs used to measure fair value of the assets. An investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following levels are used to measure fair value:

- Level 1* Quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date.
- Level 2* Inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly (quoted market prices for similar assets or liabilities) or indirectly (corroborated from observable market information).
- Level 3* Unobservable inputs for an asset or liability.

Private Investments

System Administration invests in limited partnerships with external investment managers or general partners who invest primarily in private equity securities. These investments are illiquid and typically become liquid over multi-year periods when and if the fund managers distribute proceeds realized from underlying fund investments. Risks associated with these investments include liquidity risk, key personnel risk, limited transparency risk, and investment strategy risk. System Administration has committed \$380,390 of future funding to various private investments as of August 31, 2022. The fair value of private investment funds, are estimated using the investment's capital account balance at the closest available reporting date, as communicated by

Amounts Reported at NAV

System Administration invests a portion of its excess working capital in TexPool and TexPool Prime (TexPool). TexPool investments consist exclusively of U. S. Government securities, repurchase agreements collateralized by U. S. Government securities, and AAA-rated no-load money market mutual funds. TexPool Prime invests in the above plus, commercial paper and certificates of deposits. TexPool and TexPool Prime are each rated AAAM by Standard & Poor's. No limitations or restrictions on redemptions exist and redemptions can occur at any time. There are no unfunded commitments.

System Administration invests a portion of its excess working capital in Texas CLASS. The fund only invests in investments legally permitted under Texas State Law (Public Funds Investment Act). The fund is rated AAAM by Standard & Poor's. No limitations or restrictions on redemptions exist and redemptions can occur at any time. There are no unfunded commitments.

Credit Risk for Investments

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Credit risk is measured using the rating assigned by Standard & Poor's. At year-end, the System Administration's credit quality ratings for securities with credit risk exposure were:

NOTE 4: Short-Term Debt

On May 22, 2014 the Board of Regents, Texas State University System adopted the Eighteenth Supplemental Resolution to the Master Resolution Establishing the Texas State University System Revenue Financing System Commercial Paper Program, Series A. The Eighteenth Supplement authorizes the issuance of Commercial Paper Notes by the Texas State University System in an aggregate principal amount not to exceed \$240,000,000 at any one time outstanding for the purpose of financing project costs of eligible projects and to refinance, renew, or refund commercial paper notes, prior encumbered obligations and parity debt, including interest thereon. Non-taxable commercial paper was issued during the fiscal year to finance various construction projects. All commercial paper outstanding at year end will mature within the next fiscal year or will be rolled into a long-term bond. Commercial paper has short maturities up to 270 days with interest rates ranging during the fiscal year from 0.09% to 1.40%.

The following changes occurred in short-term debt during the fiscal year:

Employees' Compensable Leave

Accrued compensable leave is System Administration's liability for unpaid overtime accrued by classified employees and unused vacation time for all employees. Any obligation to System Administration personnel is paid at the time an employee is dismissed, resigns, or separates from the university, provided the employee has had six months of continuous employment with the State of Texas in their lifetime. An expense and liability are recorded annually as the benefits accrue to employees. Accrued sick leave is only paid when an employee is off due to illness or to the estate of an employee in the event of his/her death. No liability is recorded for these non-vesting rights to sick pay benefits.

Capital Leases

As of August 31, 2022, System Administration had no capital leases.

NOTE 6: Bonded Indebtedness

The Board of Regents approved the order establishing the Master Resolution for the Texas State University System Revenue Financing System in August 1998. The Master Resolution provides a financing structure under which revenue supported indebtedness of the Revenue Financing System can be incurred. Each component institution and the System Administration of TSUS are members of the Revenue Financing System. The Board pledged all of the funds (revenues) and balances derived or attributable to any member of the Revenue Financing System that is lawfully available to the Board for payments on Parity Debt. Specifically exempted from pledged revenues are:

- (a) Amounts received on behalf of any member under Article 7, Section 17 of the Constitution of the State of Texas, including the income there from and any balances relating thereto, and
- (b) General Revenue Fund appropriations, except to the extent so specifically appropriated for debt service to the Board by the Legislature of the State of Texas.

Members may use the Revenue Financing System to acquire, purchase, construct, improve, renovate, enlarge, or equip property, buildings, structures, facilities, roads, or related infrastructure. An institution's request for the use of the Revenue Financing System is evaluated for an adequate revenue stream and bonding capacity for the specific institution prior to Board approval of issuing additional parity debt.

Each component institution receives its portion of the bond proceeds and accounts for the earnings and disbursements of the bond proceeds. Assets created and/or acquired as a result of the Revenue Financing System bond proceeds expended and subsequently capitalized are reported on the component institutions' Financial Reports. The associated bond liability and debt service activities are reported in total by System Administration.

NOTE 9: Defined Benefit Pension Plan and Defined Contribution Plan

Teacher Retirement System of Texas (TRS)

Teacher Retirement System is the administrator of the TRS plan, a cost-sharing, multiple-employer defined benefit pension plan with a special funding situation. The employers of the TRS plan include the state of Texas, TRS, the state's public schools, education service centers, charter schools, and community and junior colleges. All employees of public, state-supported education institutions in Texas who are employed for one-half or more of the standard workload and not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system. Employees of TRS and state of Texas colleges, universities and medical schools are members of the TRS plan.

The TRS Plan provides retirement, disability annuities and death and survivor benefits. The benefit and contribution provisions of the TRS Plan are authorized by state law and may be amended by the Legislature. The pension benefit formulas are based on members' average annual compensation and years of service credit. The standard annuity is 2.3 percent of the average of the five highest annual salaries multiplied by years of service credit. For grandfathered members who were hired on or before August 31, 2005 and meet certain criteria, the standard annuity is based on the average of the three highest annual salaries. The plan does not provide automatic cost of living adjustments (COLAs).

Audited Annual Comprehensive Financial Report (ACFR) for Teacher Retirement System may be obtained from their website at www.trs.texas.gov by searching for financial reports.

In accordance with the *Reporting Requirements for Annual Financial Reports of State Agencies and Universities* promulgated by the Texas Comptroller of Public Accounts, The Texas State University System annual financial report (consolidated) and notes to the financial statements include the net pension expense, net pension liability, related deferred inflows and outflows of all components of the System as well as the related GASB required disclosures. Therefore, System Administration's financial statements and notes to the financial statements neither record nor disclose this information.

Optional Retirement Program (ORP)

The State has also established the Optional Retirement Program (ORP) for institutions of higher education, which is available to certain eligible employees in lieu of participation in the TRS. Employees eligible for participation in ORP are defined in Texas Administrative Code § 25.4.

ORP provides for the purchase of annuity contracts and mutual funds. Participants are vested in the employer contributions after one year and one day of service. Employee and employer contribution rates are established by the State Legislature. The State provides an option for a local supplement on top of the state base rate. During the current fiscal year, contributions were

made by participants at a rate of 6.65 percent of annual compensation. Employer contributions were 6.60 per cent of annual compensation.

Contributions made by participants and System Administration for the current fiscal year were as follows:

Participant contributions	\$ 12,215
Employer contributions	12,123
Total	<u>\$ 24,338</u>

Since contributions are invested in individual annuity contracts, neither the State nor System Administration have any liability for this program.

NOTE 10: Deferred Compensation

The state of Texas offers a deferred compensation plan to all state employees. This plan is in accordance with Internal Revenue Code Section 457 and permits employees to defer a portion of their salary until future years. The deferred compensation funds are not available to employees until distribution due to termination, retirement, death or unforeseeable emergency.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts and all income attributable to those amounts, property or rights are held in trust by the Employees Retirement System (ERS) Board of Trustees for the exclusive benefit of participants and their beneficiaries and may not be used for, or diverted to, any other expense, except to defray the reasonable expenses of administering the plan.

The Board of Trustees is not liable to participating employees for the diminution in value or loss of all or part of the participating employees' deferred amounts or investment income because of market conditions or the failure, insolvency or bankruptcy of a qualified vendor.

The state also administers the TexaSaver 401(k) plan. The assets of this plan do not belong to the state and the state has no liability related to this plan.

As the administrating agency, the Employees Retirement System reports the plans, balances, and liabilities.

NOTE 11: Post Employment Health Care and Life Insurance Benefits

Employees Retirement System (ERS) is the administrator of the State Retiree Health Plan (SRHP), a cost-sharing, multiple-employer defined benefit OPEB plan with a special funding situation.

The 61 employers of SRHP include state of Texas agencies and universities, community and junior colleges, and other entities specified by the Legislature. Benefits are provided to retirees through the Texas Employees Group Benefits Program as authorized by Texas Insurance Code, Chapter 1551.

The SRHP provides postemployment health care, life and dental insurance benefits to retirees. The benefit and contribution provisions of the SRHP are authorized by state law and may be amended by the Legislature. Retirees must meet certain age and service requirements and have at least 10 years of service at retirement to participate in the plan. Surviving spouses and dependents of retirees are also covered by the plan. The plan does not provide automatic cost of living adjustments (COLAs).

ERS issues a stand-alone audited Annual Comprehensive Financial Report (ACFR). The ERS ACFR may be obtained from their website at www.ers.texas.gov by searching for reports and studies.

In accordance with the *Reporting Requirements for Annual Financial Reports of State Agencies and Universities* promulgated by the Texas Comptroller of Public Accounts, The Texas State University System (TSUS) annual financial report (consolidated) and notes to the financial statements include the net OPEB expense, net OPEB liability, and related deferred inflows and outflows of all components of the System as well as the related GASB disclosures. Therefore, System Administration's financial statements and notes to the financial statements neither record nor disclose this information.

NOTE 13: Continuance Subject to Review

System Administration is not subject to the Texas Sunset Act.

NOTE 14: Adjustments to Fund Balances and Net Position

System Administration had no adjustment to beginning net position.

NOTE 15: Contingencies and Commitments

While the ultimate liability with respect to any litigation and other claims asserted cannot be reasonably estimated at this time, such liability, to the extent not provided for by insurance or otherwise, is unlikely to have a material effect on System Administration. Under Texas law, System Administration, as an agency of the State of Texas, enjoys immunity from most causes of action. Most claims are dismissed prior to trial.

TSUS has made capital commitments with investment managers for funding of private investments in limited partnerships with external investment managers or general partners who invest primarily in private equity transactions. As of August 31, 2022, the remaining commitment to these private investments totaled \$380,390.

NOTE 16: Subsequent Events

On September 26, 2022, the TSUS Revenue Financing System (RFS) rolled the outstanding balance of Tax-Exempt Commercial Paper Notes totaling \$90,289,000.00 and issued an additional \$12,200,000.00 in Tax-Exempt Commercial Paper Notes to finance capital projects at TSUS components. Subsequent to the issuance, \$102,489,000.00 of Tax-Exempt Commercial Paper Notes were outstanding.

On November 16, 2022, the TSUS Revenue Financing System (RFS) rolled the outstanding balance of Tax-Exempt Commercial Paper Notes totaling \$102,489,000.00, with a maturity date of January 25, 2023. Subsequent to the issuance, \$102,489,000.00 of Tax-Exempt Commercial Paper Notes remained outstanding.

NOTE 17: Risk Management

System Administration may be subject to a variety of civil claims or complaints arising from the performance of its duties; however, no claims or complaints are currently pending against System Administration for actions arising from performance of its duties. It is System Administration's policy periodically to assess the proper combination of commercial insurance and retention of risk to cover losses to which it may be exposed. Currently purchase of commercial insurance is not planned, nor is System Administration involved in any risk pool with other government entities for these risks.

NOTE 18: Management's Discussion and Analysis (MD&A)

Although MD&A is a required part of the basic financial statements, MD&A is omitted because System Administration is reported in a consolidated format with the combined Texas State University System (TSUS). TSUS is reported as a component of the State of Texas. MD&A, as it relates to TSUS, can be found in the State of Texas Annual Comprehensive Financial Report.

NOTE 19: The Financial Reporting Entity

Component Units (CUs) are legally separate organizations for which the elected officials of the primary government are financially accountable. In addition, CUs can be other organizations for which the nature and significance of their relationship with the primary government is such that exclusion would create misleading or incomplete financial statements. System Administration has determined that no legally separate organizations should be considered a CU.

Notes to the Financial Statements
For the Year Ended August 31, 2022**

The following foundation, while not component unit, is disclosed due to its significant relationship with System Administration:

The Texas State University System Foundation, Inc. was established in 1977 by the Board of Regents to assist the System in gaining private financial support, and to help component institutions pursue additional education-related activities and outreach. It is a nonprofit corporation that exists solely for the benefit of the Texas State University System. It has an independent board of directors that governs Foundation activities and manages Foundation funds. For the fiscal year ended August 31, 2022, the Foundation had net assets of \$6,363,412. The Foundation provided \$151,645 in scholarships and faculty/staff awards, as well as assistance to constituent schools, the Chancellor and Board of Regents.

NOTE 20: Stewardship, Compliance and Accountability

System Administration is not aware of any non-compliance items or material violations of finance related legal and contract provisions.

NOTE 21: Not Applicable

NOTE 22: Donor Restricted Endowments

At August 31, 2022, true endowments available for authorization for expenditure were underwater. As a result, there was no net appreciation classified as restricted, expendable on the Statement of Net Position. The fair value adjustment for the fiscal year totaled \$(880,510.60) for the fiscal year.

Pursuant to the Uniform Prudent Management of Institutional Funds Act (Property Code Chapter 163.001), net appreciation, realized and unrealized, in the fair market value of the endowment assets in excess of historical dollar value of the gifts may be distributed to the extent prudent.

Under the terms of the will establishing the endowment, 90% of the income received by the endowment is to be distributed for spend. The remaining 10% of the income is retained in the endowment and reinvested in corpus.

Restricted, non-expendable	\$(72,921.86)	Earnings, fair value changes, fees, and additions to corpus

NOTE 23: Extraordinary and Special Items

For the year ended August 31, 2022, System Administration had no extraordinary or special items to report.

NOTE 24: Disaggregation of Receivable and Payable Balances

Balances of receivables and payables reported on the Statements of Net Position are not obscured by aggregation. There are no significant receivable balances expected to be collected beyond one year of the date of the financial statements.

NOTE 25: Termination Benefits

System Administration provided no termination benefits during the fiscal year ended August 31, 2022.

NOTE 26: Segment Information

System Administration has no segments to report for the year ended August 31, 2022.

NOTE 27: Service Concession Arrangements
