TEXAS STATE VITA

I. Academic/Professional Background

A. Name: JESSICA DUTTON **Title:** ASSOCIATE PROFESSOR

B. Educational Background

Degree	*Year*	*University*	*Major*	*Thesis/Dissertation*
Ph.D.	2012	Stony Brook University	Marine and Atmospheric Sciences	Factors influencing metal accumulation in estuarine fish
M.Phil.	2010	Stony Brook University	Marine and Atmospheric Sciences	
M.A.	2006	Queens College	Geology	Developing tools for paleoseismology in the submarine environment
B.Sc. (Hons)	2000	Swansea University, UK	Marine Biology	

C. University Experience

Position	*University*	*Dates*
Associate Professor	Texas State University, TX	2021-present
Assistant Professor	Texas State University, TX	2015-2021
Assistant Professor	Adelphi University, NY	2012-2015
Visiting Assistant Professor	Adelphi University, NY	2011-2012
Adjunct Professor	Suffolk County Community College, NY	2009-2013
Adjunct Professor	Adelphi University, NY	2010-2011
Adjunct Instructor	Stony Brook University, NY	2005-2006
Instructional Assistant	Stony Brook University, NY	2004-2005
Lab Instructor	Queens College, NY	2003-2004

D. Relevant Professional Experience

Position	*Entity*	*Dates*
Researcher for the Ocean Friendly Seafood Guide	Blue Ocean Institute, NY	2007-2009

E. Other Professional Credentials (licensure, certification, etc.)

2020 Texas State University Online Teaching Certification
2020 CITI Program – Basic Biosafety (includes animals) (expires 10/13/2023)
2020 CITI Program – Hazard Communication (expires 10/13/2023)
2020 CITI Program – Occupational Health and Safety Program (expires 9/27/2023)
2020 CITI Program – Working with the IACUC (expires 4/29/2023)
2020 CITI Program – Working with Fish in Research Settings (expires 4/29/2023)
2020 CITI Program – Human Research (Biomedical Research) (expires 4/30/2022)
2020 CITI Program – Human Research (Social and Behavioral Research) (expires 4/30/2022)

II. TEACHING

A. Teaching Honors and Awards

2021 Texas State University College of Science and Engineering Excellence in Teaching Award
2014 Nominated for the Adelphi University 2014 Excellence in Teaching Award

B. Courses Taught

Texas State University
Aquatic Toxicology (BIO 4350N, 3341; in person and online)
Biological Oceanography (BIO 4350Q)
Marine Resources (BIO 4350S, 3371; in person and online)
Biology and Conservation of Sharks (BIO 4350W, 4337)
Marine Pollution (BIO 7103C; in person and online)
Aquatic Toxicology (BIO 7440; lecture and lab; in person and online)
Undergraduate Research (BIO 4299)
Research Experience (BIO 5114, 5214, 5314)
Thesis (BIO 5399A, 5199B, 5299B, 5399B, 5999B)
Research (BIO 7303)
Research Experience (BIO 7114, 7314)
Problems in Aquatic Resources (BIO 7302)
Dissertation (BIO 7199A, 7299A, 7399A, 7999A)

Adelphi University
Social Science and Environmental Problems (ENV 101)
Natural Science and Environmental Problems (ENV 102/EAS 110; in person and hybrid)
Environmental Geology (ENV/EAS 104)
Physical Geology (ENV 109/EAS 102; lecture and lab)
Introduction to the Oceans (ENV/EAS 205)
Environmental Science (ENV/EAS 301; lecture and lab)
Marine Resources (ENV/EAS 323)
Capstone: Environmental Toxicology and Public Health (ENV 410)
Principles of Toxicology (ENV 570)
Undergraduate Independent Study (ENV 491)

Undergraduate Guided Research (ENV/EAS 498)
Undergraduate Internship (ENV 420)
Graduate Independent Study (ENV 591)
Graduate Thesis Research (ENV 799)

Suffolk County Community College
Introduction to Oceanography (MAR 105; lecture and lab)
Principles of World Climate (MET 102, lecture and lab)
Modern Biology I (BIO 150; lecture only)
Zoology (BIO 141; lab only)

C. Graduate Theses/Dissertations, Honors Theses, or Exit Committees
Ph.D. Dissertation Advisor, Completed
Meaghan McCormack (Ph.D. Aquatic Resources and Integrative Biology; 2021): Utilizing multidisciplinary methods to understand trace element accumulation in northern Gulf of Mexico odontocetes **Graduate College Doctoral Research Support Fellowship recipient ($5,000)*

Ph.D. Dissertation Committee Member, Completed
Jennifer Idema (Ph.D. Aquatic Resources and Integrative Biology; 2021): Exploring the communication of climate change socioscientific issues through aquarium exhibits

Graduate Thesis Advisor, Completed
Jacob Ketchum (M.S. Aquatic Resources; 2021): Bioaccumulation and maternal transfer of mercury in sharks off the southeastern United States and in the northern Gulf of Mexico
Joseph Bakker (M.S. Aquatic Resources; 2021): Monitoring changes in trace element concentrations in *Amblema plicata* in the Guadalupe River basin (Texas, USA) using a caged transplant experiment
Matthew Parker (M.S. Wildlife Biology; 2020): An examination of occupancy on a coastal refuge and mercury concentrations in Texas bats. Co-advised with Dr. Sarah Fritts. **Graduate College Thesis Research Support Fellowship recipient ($1,613)*
Kristyn Cunningham (M.S. Aquatic Resources; 2019): Intra- and interspecies variability in mercury concentrations in Texas marine fish and shellfish
Taylor Gold Quiros (M.S. Aquatic Resources; 2018): Mercury concentrations in fishes from the Guadalupe River, Texas: Relationships with body length and trophic position
Stacey Britton (M.S. Aquatic Resources; 2018): Impact of environmental contaminants on the threeridge mussel (*Amblema plicata*) in the Guadalupe River basin, Texas. Co-advised with Dr. Astrid Schwalb.

Graduate Thesis Advisor, In-Progress
Kyle Krebs (M.S. Aquatic Resources): Mercury concentration and tissue distribution in Texas waterbirds
Michaela Livingston (M.S. Aquatic Resources): Trophic transfer of trace elements through the estuarine food web on the south shore of Long Island, NY

Natalie Pitman (M.S. Aquatic Resources): Tissue-specific mercury and selenium concentrations, and selenium:mercury molar ratios in young-of-the-year and juvenile sharks along the Texas coast
Jasmine Rodriguez (M.S. Aquatic Resources): Using stable isotopes to elucidate the transfer of mercury from prey to immature sharks along the Texas coast. Co-advised with Dr. Weston Nowlin.
Dillan Wulf (M.S. Aquatic Resources): Presence of microplastics in young-of-the-year and juvenile sharks and their prey items along the Texas coast

Graduate Thesis Committee Member, Completed
Melody Martinez (M.S. Aquatic Resources; 2020; Texas State University): Effects of environmental nitrite in goldfish (*Carassius auratus*) chemical communication
Aaron Bakker (M.S. Environmental Biology; 2016; Hofstra University): Trace element accumulation in horseshoe crab (*Limulus polyphemus*) egg, embryo and larvae through maternal transfer and surrounding nesting substrate
Gina Amitrano (M.S. Environmental Studies; 2014; Adelphi University): Sustainable solutions for business practices in industry

Graduate Thesis Committee Member, In-progress
Parker Berger (M.A. Anthropology): Analysis of microplastics in soil as a postmortem interval estimator in decomposing human remains
Ashley Hendrix (M.S. Biology): Non-thesis

Honors Thesis Supervisor, Completed
Jessica Hobbs (2020; Texas State University): Global assessment of mercury concentrations in whale sharks **Undergraduate Research Fellowship recipient ($1,000)*
Maria Vessia (2014; Adelphi University): Estuarine pollution and the importance of anatomy in local fish of the west end of Jones Beach, Long Island, New York
Shivali Malkani (2014; Adelphi University): The advantages and disadvantages of aquaculture
Zoë Gold (2013; Adelphi University): Feeding a sustainable future: a need for alternatives to corporate agriculture

Honors Thesis Committee Member, Completed
Ashley Corbeil (2015; Adelphi University): Rare earth elements and the challenge of sustainability
Meaghan McCormack (2013; Adelphi University): Diving into the world of whale communication and surfacing reinvented

Undergraduate Biology Capstone Thesis Committee Member, Completed
Gabrielle Bruno (2014; Adelphi University): The interactive effects of temperature and retinoic acid concentration on somite development in *Danio rerio*

HSI STEM Undergraduate Research Experience (SURE) Advisor, Completed
Michaela Livingston (2018): Mercury accumulation in young-of-the-year and juvenile bull sharks (*Carcharinus leucas*) from Sabine Lake, Texas

D. Courses Prepared and Curriculum Development

Texas State University
Aquatic Toxicology (BIO 4350N, 3341; in person and online)
Biological Oceanography (BIO 4350Q)
Marine Resources (BIO 4350S, 3371; in person and online)
Biology and Conservation of Sharks (BIO 4350W, 4337)
Natural History of America (BIO 4351E)
Marine Ecology and Conservation (BIO 4351F)
Marine Pollution (BIO 7103C; in person and online)
Aquatic Toxicology (BIO 7440; lecture and lab; in person and online)

Adelphi University
Social Science and Environmental Problems (ENV 101)
Natural Science and Environmental Problems (ENV 102/EAS 110; in person and hybrid)
Environmental Geology (ENV/EAS 104)
Physical Geology (ENV 109/EAS 102; lecture and lab)
Introduction to the Oceans (ENV/EAS 205)
Environmental Science (ENV/EAS 301; lecture and lab)
Marine Resources (ENV/EAS 323)
Capstone: Environmental Toxicology and Public Health (ENV 410)
Principles of Toxicology (ENV 570)

Suffolk County Community College
Introduction to Oceanography (MAR 105; lecture and lab)
Principles of World Climate (MET 102, lecture and lab)
Modern Biology I (BIO 150; lecture only)
Zoology (BIO 141; lab only)

E. Funded External Teaching Grants and Contracts

N/A

F. Submitted, but not Funded, External Teaching Grants and Contracts

N/A

G. Funded Internal Teaching Grants and Contracts

2018-2019 Dutton J (PI). Study in America Program Development Grant to create a natural history and marine ecology field course in Alaska ($4,322).

H. Submitted, but not Funded, Internal Teaching Grants and Contracts

N/A

I. Other

Guest lecturer

November 2017	How I became a scientist. Biology Department, Texas State University
March 2015	Metals and sediments (graduate sediments course), Environmental Studies Program, Adelphi University
October 2014	Introduction to Environmental Studies Graduate Seminar, Environmental Studies Program, Adelphi University
October 2013	Introduction to Environmental Studies Graduate Seminar, Environmental Studies Program, Adelphi University

Professional development

2018	National Research Mentoring Network (NRMN) research mentor training workshop
2018	NRMN culturally aware mentor training workshop
2018	Allies training
2015-2016	Program for Excellence in Teaching and Learning, Texas State University

III. SCHOLARLY/CREATIVE

A. Works in Print (including works accepted, forthcoming, in press)

7. Other Works in Print

Documentary

2017-2018 Science consultant on "Sharkwater Extinction". Rob Stewart – producer and director. Sharkwater Productions. Release date: September 7, 2018.

TV

2014 Scott, R., S.L. Grogg, J. Dutton, R. Weltner, and R. Amper. Exploring Critical Issues. ECI#067: Water: more valuable than oil? Telecare Television Network. Filmed: October 15th. Air date: November 23rd.

Media coverage of research

2021 Our bays are polluted: Researchers want to know how bad. Victoria Advocate. September 25th.

2013 After Sandy, scientists hunt for sewage in New York City's harbors. MotherJones.com. February 25th.

Created and edited online course material for publishing companies

2014-2015 Created and edited online instructional and test bank material for Enger, E.D., and B.F. Smith (2015) *Environmental Science: A Study of Interrelationships* (14th edition). New York, NY: McGraw Hill. ISBN: 978-0-07-353255-4

2013-2014 Created and edited online exercises using Google Earth for Cunningham, W.P., and M.A. Cunningham (2014) *Principles of Environmental Science: A Global Concern* (13th Edition). New York, NY: McGraw Hill. ISBN: 978-0-07-353254-7

2012-2013 Created and edited online exercises using Google Earth for Cunningham, W.P., and M.A. Cunningham (2013) *Principles of Environmental Science: Inquiry and Applications* (7th Edition). New York, NY: McGraw Hill. ISBN: 978-0-07-353251-6

B. Works not in Print

1. Papers Presented at Professional Meetings

(* and ‡ denotes undergraduate and graduate students, respectively)

Conkle, J.L., and J. Dutton (2021) Mercury and plastic in commercial and recreational fisheries in Lavaca, Matagorda, and San Antonio Bays: risk assessment and interaction between the two contaminants. 3rd Annual Texas Plastic Pollution Symposium. South Padre Island, TX.

Baptista, M., C. Figueiredo, C. Lopes, P. Reis Costa, J. Dutton, D.H. Adams, R. Rosa, and J. Raimundo (2021) Biotoxins, trace elements, and microplastics in the ocean sunfishes (Molidae). The Ocean Sunfish Symposium. Virtual.

Ketchum, J.R.‡, B.M. Deacy, K.J. Gibson, G.W. Stunz, and J. Dutton (2020) Mercury concentrations in sharks from the northern Gulf of Mexico. Gulf Estuarine Research Society 2020 Virtual Meeting. Virtual.

Livingston, M.L.‡, J. Davis, and J. Dutton (2020) Tissue-specific mercury concentrations in immature bull sharks (*Carcharhinus leucas*) from Sabine Lake. Gulf Estuarine Research Society 2020 Virtual Meeting. Virtual. * *Top 5 graduate student presentation award winner*

McCormack, M.A.‡, B.P. Jackson, and J. Dutton (2020) Mercury and selenium concentrations in northern Gulf of Mexico bottlenose dolphins. Gulf Estuarine Research Society 2020 Virtual Meeting. Virtual. * *Top 5 graduate student presentation award winner*

McCormack, M.A.‡, W.H. Nowlin, and J. Dutton (2020) Effect of trophic position on mercury concentrations in northern Gulf of Mexico bottlenose dolphins. Society of Environmental Toxicology and Chemistry North America 41st Annual Meeting. Virtual.

Ketchum, J.R.‡, B.M. Deacy, and J. Dutton (2020) Maternal transfer of mercury in three placental viviparous shark species (*Carcharhinus leucas*, *Carcharhinus limbatus*, and *Carcharhinus plumbeus*). Society of Environmental Toxicology and Chemistry North America 41st Annual Meeting. Virtual.

Bakker, J.A.‡, A.N. Schwalb, C. Robertson, B.P. Jackson, and J. Dutton (2020) Monitoring changes in trace element concentrations in *Amblema plicata* in the Guadalupe River basin (Texas, USA) using a cage transplant study. Society of Environmental Toxicology and Chemistry North America 41st Annual Meeting. Virtual.

Parker, M.C.‡, S.R. Fritts, S. Weaver, M.B. Meierhofer, and J. Dutton (2020) Mercury concentrations in Texas bats. 27th Annual Biology Student Colloquium at Texas State University. San Marcos, TX * *Best poster award winner*

Parker, M.C.‡, S.R. Fritts, S. Weaver, M.B. Meierhofer, and J. Dutton (2020) Intra- and interspecific variability in mercury concentrations in Texas bats. Texas Chapter of the Wildlife Society. Corpus Christi, TX * *Best graduate student poster award – 2nd place winner*

Hobbs, J.C.*, J.V. Schmidt, J.A. McKinney, E.R. Hoffmayer, D. Ramírez-Macías, and J. Dutton (2019) Mercury concentrations in whale sharks (*Rhincodon typus*) from the Gulf of Mexico

and Gulf of California. 35th Annual Meeting of the American Elasmobranch Society/Joint Meeting of Ichthyologists and Herpetologists. Snowbird, UT

Livingston, M.*, J. Davis, and J. Dutton (2019) Mercury accumulation in young-of-the-year and juvenile bull sharks (*Carcharinus leucas*). 35th Annual Meeting of the American Elasmobranch Society/Joint Meeting of Ichthyologists and Herpetologists. Snowbird, UT

McCormack, M.A.‡, and J. Dutton (2019) Mercury accumulation in bottlenose dolphins (*Tursiops truncatus*) stranded along the Florida and Louisiana coast in relation to stable isotope ratios. 26th Annual Biology Student Colloquium at Texas State University. San Marcos, TX **Best Ph.D. student poster award winner*

McCormack, M.A.‡, S.F. Harding‡, T.R. Gold Quiros‡, S.L. Britton‡, K.D. Cunningham‡, D. Rodriguez, and J. Dutton (2018) Mercury levels in sashimi purchased in Central Texas: Impact of seafood mislabeling. Society of Environmental Toxicology and Chemistry North America 39th Annual Meeting. Sacramento, CA

McCormack, M.A.‡, R. Fielding, B.P. Jackson, D.R. Bergfelt, and J Dutton (2018) Trace element concentrations in cetaceans taken for human consumption off St. Vincent, West Indies. Society of Environmental Toxicology and Chemistry North America 39th Annual Meeting. Sacramento, CA

Britton, S.‡, A. Schwalb, B. Jackson, S. Wiseman, C. Robertson, and J. Dutton (2018) Physiological response of *Amblema plicata* to contaminants in the Guadalupe River, Texas. Society of Environmental Toxicology and Chemistry North America 39th Annual Meeting. Sacramento, CA

McCormack, M.A.‡, and J. Dutton (2018) Mercury accumulation in the skin and blubber of bottlenose dolphins (*Tursiops truncatus*) from the Gulf of Mexico. American Cetacean Society 16th International Conference. Newport Beach, CA

Quiros, T.‡, C. Robertson, and J. Dutton (2018) Mercury levels in 21 species of fish from Canyon Lake, Texas. Texas State University 10th Annual International Research Conference for Graduate Students. San Marcos, TX

Livingston, M.*, J. Davis, and J. Dutton (2018) Mercury accumulation in young-of-the-year and juvenile bull sharks (*Carcharinus leucas*) from Sabine Lake, Texas. Texas State University SURE Undergraduate Research Symposium. San Marcos, TX

Britton, S.‡, B. Jackson, S. Wiseman, C. Robertson, A. Schwalb, and J. Dutton (2018) Physiological response of *Amblema plicata* to contaminants in the Guadalupe River basin. Southwestern Association of Naturalists 65th Annual Meeting. San Marcos, TX

Quiros, T.‡, C. Robertson, and J. Dutton (2018) Mercury levels in trophically diverse fish from Canyon Lake, Texas. Southwestern Association of Naturalists 65th Annual Meeting. San Marcos, TX.**Clark Hubbs student poster award winner*

Cunningham, K.D.‡, and J. Dutton (2018) Mercury concentrations in Texas marine predatory fish. Southwestern Association of Naturalists 65th Annual Meeting. San Marcos, TX

McCormack, M.A.‡, S.F. Harding‡, T.R. Quiros‡, S.L. Britton‡, K.D. Cunningham‡, D. Rodriguez, and J. Dutton (2018) Mercury levels in sashimi purchased in Central Texas: impact of seafood mislabeling. Texas State University Women in Science and Engineering Conference. San Marcos, TX

Quiros, T.R.‡, C. Robertson, and J. Dutton (2018) Mercury levels in game fish from the Guadalupe River, Texas. Texas State University Women in Science and Engineering Conference. San Marcos, TX

Cunningham, K.D.‡, and J. Dutton (2018) Mercury accumulation in Texas marine fish and invertebrates. Texas State University Women in Science and Engineering Conference. San Marcos, TX

Britton, S.L.‡, C. Robertson, A.N. Schwalb, and J. Dutton (2018) Trace element concentrations in the freshwater mussel *Amblema plicata* from the Guadalupe River. Texas State University Women in Science and Engineering Conference. San Marcos, TX

McCormack, M.A.‡, S.F. Harding‡, T.R. Quiros‡, S.L. Britton‡, K.D. Cunningham‡, D. Rodriguez, and J. Dutton (2018) Mercury levels and seafood mislabeling in sashimi purchased in Central Texas. 25th Annual Biology Student Colloquium at Texas State University. San Marcos, TX

Dutton, J., K.A. Gioia*, N.S. Fisher, and D.J. Madigan (2017) Mercury bioaccumulation and maternal transfer in spiny dogfish (*Squalus acanthias*). 33rd Annual Meeting of the American Elasmobranch Society/Joint Meeting of Ichthyologists and Herpetologists. Austin, TX

Dutton, J., B.P. Jackson, D. Cardeñosa, A. Fields, and D. Chapman (2017) Trace element concentrations in shark fin soup and dried shark fins. 33rd Annual Meeting of the American Elasmobranch Society/Joint Meeting of Ichthyologists and Herpetologists. Austin, TX

Dutton, J., B.P. Jackson, and D.H. Adams (2016) Tissue distribution of essential and nonessential trace elements in ocean sunfish (*Mola mola*) and sharptail mola (*M. lanceolata*). Society of Environmental Toxicology and Chemistry 7th World Congress/North America 37th Annual Meeting. Orlando, FL

Adams, D.H., B.P. Jackson, and J. Dutton (2016) Trace elements in multiple snapper species from the West Florida Shelf. Society of Environmental Toxicology and Chemistry 7th World Congress/North America 37th Annual Meeting. Orlando, FL

Bakker, A.K.‡, J. Dutton, and N. Santangelo (2016) Metal accumulation in horseshoe crab (*Limulus polyphemus*) eggs, embryos and larvae from potentially contaminated public beaches. 7th World Congress of Mountain and Wilderness Medicine. Telluride, CO

Dutton, J., K.A. Gioia*, N.S. Fisher, and D.J. Madigan (2016) Maternal transfer of mercury in spiny dogfish (*Squalus acanthias*). 12th International Congress on the Biology of Fish. San Marcos, TX

Dutton, J., K.A. Gioia*, N.S. Fisher, and D.J. Madigan (2016) Tissue distribution of mercury in female spiny dogfish (*Squalus acanthias*). Society of Environmental Toxicology and Chemistry South-Central Regional Meeting. Fort Worth, TX

Dutton, J., and V. Venuti‡ (2015) Effect of body length on metal concentrations in mako and thresher sharks. Society of Environmental Toxicology and Chemistry North America 36th Annual Meeting. Salt Lake City, UT

Dutton, J., and V. Venuti‡ (2015) Maternal transfer of essential and nonessential metals in a thresher shark. Society of Environmental Toxicology and Chemistry North America 36th Annual Meeting. Salt Lake City, UT

Dutton, J., and V. Venuti* (2014) Effect of body length on metal concentrations in tuna and mahi-mahi. Society of Environmental Toxicology and Chemistry North America 35th Annual Meeting. Vancouver, Canada

Dutton, J., and S. Cinquemani* (2014) Use of the eastern mud snail (*Ilyanassa obsoleta*) as a bioindicator of localized metal contamination. Society of Environmental Toxicology and Chemistry North America 35th Annual Meeting. Vancouver, Canada

Hosseini, P., C.M. McHugh, B.A. Christensen, J. Dutton, B. Brownawell, and D. Gurung (2013) Effects of Superstorm Sandy on depositional environments offshore Long Island, New York. American Geophysical Union Fall Meeting. San Francisco, CA

Christensen, B.A., J.A. Goff, J.A. Austin, C.M. Browne, N.S. Duzgoren-Aydin, R.D. Flood, C.M. McHugh, J. Dutton, P. Hosseini, and B. Brownawell (2013) Soupy surface muds: a probable Sandy storm horizon with a potential source fingerprint. American Geophysical Union Fall Meeting. San Francisco, CA

Dutton, J., and M.J. Record* (2013) Bioaccumulation and trophic transfer of As, Cd, Cu, Hg, Pb, and Zn in two contaminated salt marshes on the south shore of Long Island, New York. Society of Environmental Toxicology and Chemistry North America 34th Annual Meeting. Nashville, TN

Dutton, J., and N.S. Fisher (2013) Modeling metal bioaccumulation in killifish (*Fundulus heteroclitus*) in three contaminated estuaries. Society of Environmental Toxicology and Chemistry North America 34th Annual Meeting. Nashville, TN

Christensen, B.A., J. Dutton, and D. Brown (2010) Mio-Pliocene benthic foraminiferal biofacies changes in the Canterbury Basin. American Geophysical Union Fall Meeting. San Francisco, CA

Williams, J.J., J. Dutton, C.Y. Chen, and N.S. Fisher (2010) Metal (As, Cd, Hg, CH_3Hg) bioaccumulation from water and food by the benthic amphipod *Leptocheirus plumulosus*. Pacific Northwest Chapter of the Society of Environmental Toxicology and Chemistry 19th Annual Meeting. Townsend, WA

Dutton, J., and N.S. Fisher (2009) The influence of salinity on the uptake of As, Cd, Cr, Hg, and MeHg into an estuarine fish from the dissolved phase. Society of Environmental Toxicology and Chemistry North America 30th Annual Meeting. New Orleans, LA

Dutton, J., and N.S. Fisher (2009) The role of dissolved organic matter in the uptake of As, Cd, Cr, Hg, and MeHg into killifish (*Fundulus heteroclitus*) from the dissolved phase. Society of Environmental Toxicology and Chemistry North America 30th Annual Meeting. New Orleans, LA

Chen, C., J. Dutton, N. Fisher, and J. Williams (2009) The role of organic carbon in controlling metal bioavailability and trophic transfer in intertidal food webs. SERDP (Strategic Environmental Research and Development Program) and ESTCP's (Environmental Security Technology Certification Program) Partners in Environmental Technology Technical Symposium and Workshop. Washington, D.C.

Dutton, J., and N.S. Fisher (2008) Assessing the bioaccumulation of metals in killifish (*Fundulus heteroclitus*), a bioindicator organism. Society of Environmental Toxicology and Chemistry North America 29th Annual Meeting. Tampa, FL

Dutton, J., and N.S. Fisher (2007) Intraspecific differences in metal bioaccumulation in the Atlantic silverside (*Menidia menidia*): inferences regarding the effects of key biological processes. Society of Environmental Toxicology and Chemistry North America 28th Annual Meeting. Milwaukee, WI

Chen, C., J. Shaw, N.S. Fisher, and J. Dutton (2007) *Fundulus heteroclitus*: A model organism for metal exposure and biotransfer from sediments in intertidal habitats. Estuarine Research Federation Conference. Providence, RI

Chen, C., J. Shaw, J. Dutton, and N.S. Fisher (2007) *Fundulus heteroclitus*: A model organism for metal exposure and biotransfer from sediments in intertidal habitats. SERDP (Strategic Environmental Research and Development Program) and ESTCP's (Environmental Security

Technology Certification Program) Partners in Environmental Technology Technical Symposium and Workshop. Washington, D.C.

McHugh, C.M.G., L. Seeber, M-H. Cormier, J. Dutton, N. Cagatay, and A. Polonia (2006) Submarine earthquake geology along the North Anatolia Fault in the Marmara Sea, Turkey: what we learnt about transform basins, earthquakes and sedimentation. International Workshop in Comparative Studies of the North Anatolian Fault and San Andreas Fault. Istanbul, Turkey

Dutton, J., C. McHugh, M-H. Cormier, L. Seeber, N. Cagatay, N. Okay, and K. Ziangos (2004) Developing tools for paleoseismology in the submarine environment, case studies: North Anatolian Fault Zone, Marmara Sea, Turkey and El Pilar Fault, Cariaco Basin, Venezuela. Northeastern Section and Southeastern Section of the Geological Society of America Meeting. Washington, D.C.

Dutton, J., C. McHugh, M-H. Cormier, L. Seeber, and R/V Urania Marmara 2001 Scientific Team (2004) Submarine earthquake geology along the Ganos segment of the North Anatolia Fault in the Marmara Sea. 32nd International Geological Congress. Florence, Italy

McHugh, C.M., M. Cormier, L. Seeber, N. Cagatay, J. Dutton, and D. Gurung (2004) Developing tools for submarine earthquake geology along the North Anatolia Fault Zone in the Marmara Sea, Turkey. American Geophysical Union Fall Meeting. San Francisco, CA

2. Invited Talks, Lectures, and Presentations

October 2020	Relationship between mercury and selenium concentrations in marine fishes and odontocetes. Biology Department Seminar, Texas State University, San Marcos, TX
February 2020	Mercury accumulation in fish and shellfish from the northern Gulf of Mexico. Harte Research Institute Seminar Series, Texas A&M University – Corpus Christi, Corpus Christi, TX
October 2019	How much mercury is in my fish? A 2019 update. Seafood Wars - Texas State Aquarium, Corpus Christi, TX
July 2019	Shark dissection at the Texas State Aquarium SeaCamp. Texas State Aquarium, Corpus Christi, TX
May 2019	Career day. Tobias Elementary School, Kyle, TX
November 2018	Mercury in sharks (included a shark dissection). Teen STEM Café – Texas State Aquarium, Corpus Christi, TX
July 2018	Sharks versus humans: Who has the bigger bite? Science Mill, Johnson City, TX
July 2018	Mercury concentrations in Texas marine fish. Seafood Wars - Texas State Aquarium, Corpus Christi, TX
February 2018	Mercury accumulation in marine life from the Gulf of Mexico. Biology Department Seminar, Texas State University, San Marcos, TX
March 2016	Mercury bioaccumulation and maternal transfer in spiny dogfish (*Squalus acanthias*). Biology Department Seminar, Trinity University, San Antonio, TX
October 2015	Factors influencing metal accumulation in estuarine and marine fish. Roberts lab seminar, Department of Biological Sciences, University of North Texas, Denton, TX

April 2015	Metal accumulation in estuarine and marine fish. Honors Colloquium, Biology Department, Adelphi University, Garden City, NY
April 2015	Mercury accumulation in marine fish. Operation SPLASH monthly meeting, Freeport, NY
January 2014	Metal levels in shark fin soup and the risk to human health. Honors Colloquium, Biology Department, Adelphi University, Garden City, NY
November 2013	Metal levels in shark fin soup and the risk to human health. Fall 2013 Colloquium, School of Earth and Environmental Sciences, Queens College, Flushing, NY
April 2013	Understanding metal accumulation and trophic transfer in estuarine organisms: laboratory and field data. Honors Colloquium, Biology Department, Adelphi University, Garden City, NY
January 2013	Bioaccumulation of mercury in marine organisms. Comsewogue High School, Port Jefferson Station, NY

C. Grants and Contracts

1. Funded External Grants and Contracts

2022-2024	Dutton, J. (PI), D.C. Blasingame (Co-PI), and S.M. Shields (Co-PI). Relationship between mercury and selenium concentrations in Texas offshore and bay fishes: risk assessment and health education. Texas Sea Grant ($190,902).
2021-2024	Conkle, J.L. (PI), and J. Dutton (Co-PI). Mercury and plastic in commercial and recreational fisheries in Lavaca, Matagorda, and San Antonio Bays: risk

assessment and interaction between the two contaminants. Matagorda Bay Mitigation Trust ($499,917; $247,528 to TX State).

2020-2022 Dutton, J. (PI), and W.H. Nowlin (Co-PI). Intra- and interspecies variability in mercury accumulation in young-of-the-year and juvenile sharks. Texas Parks and Wildlife Department State Wildlife Grant – Coastal Fisheries ($99,964).

2018-2022 Browne, J.P. (PI), and J. Dutton (Co-PI). The transfer of Hg, Pb, and other trace elements through the estuarine food web in the SSER. Long Island South Shore Estuary Reserve Local Assistance Grant; NY Department of State, Office of Planning and Development ($48,598 total; $42,048 to TX State).

2020-2021 Dutton, J (PI). Selenium:mercury molar ratios in Texas offshore fishes. Texas Sea Grant ($9,755).

2016-2021 Dutton, J. (PI), and A.N. Schwalb (Co-PI). The impact of environmental contaminants on Texas unionid mussels in the Guadalupe basin. Texas Parks and Wildlife Department Section 6 Traditional Grant ($81,915).

2015-2016 Santangelo, N. (PI), J. Dutton (Co-PI), and A. Bakker (Co-PI). Monitoring metal contamination in a pharmaceutically valuable species and its use as a bioindicator for human recreational environments. Wilderness Medical Society Herbert N. Hultgren Grant ($10,000).

2013-2014 Christensen, B.A. (PI), C.M. McHugh (Co-PI), R.D. Flood (Co-PI), B. Brownawell (Co-PI), J. Dutton (Co-PI), and C. O'Connell (Co-PI). Rapid Grant: Collaborative investigations of the impact of Superstorm Sandy on the south shore of Long Island. National Science Foundation ($70,975).

2. Submitted, but not Funded, External Grants and Contracts

N/A

3. Funded Internal Grants and Contracts

2021-2022 Dutton, J (PI). Does selenium protect shark embryos against mercury toxicity? Texas State University Research Enhancement Program ($8,000).

2016-2017 Dutton, J. (PI), and T.H. Bonner (Co-PI). Mercury levels in fish caught in the Gulf of Mexico and the risk to human health. Texas State University Research Enhancement Program ($16,000)

2015-2016 Dutton, J. (PI). Metal accumulation in horseshoe crabs (*Limulus polyphemus*) on Long Island due to maternal transfer and exposure to contaminated sediment. Adelphi University Faculty Development Grant ($4,500)

2013-2014 Dutton, J (PI). Metal levels in shark fin soup and the risk to human health. Adelphi University Faculty Development Grant ($4,270)

2012-2013 Dutton, J (PI). Investigating metal concentrations through a four-step aquatic food chain on Long Island's South Shore. Adelphi University Faculty Development Grant ($2,500)

4. Submitted, but not Funded, Internal Grants and Contracts

N/A

D. Fellowships, Awards, Honors

2014	Frederick Bettelheim Research Award, Adelphi University ($1,200)
2008-2010	National Science Foundation Integrative Graduate Education and Research Traineeship (NSF IGERT)
2004-2010	Full tuition scholarship, Stony Brook University
2008	Sigma Xi Excellence in Research Award
2007	Society of Environmental Toxicology and Chemistry Travel Award ($400) to attend the 28th North America annual meeting

IV. SERVICE

A. Institutional

1. University

Texas State University

2021-present	University Research Enhancement Committee
2019-present	Laboratory Safety Committee
2017-present	Suspension Appeals Committee

Adelphi University

2014-2015	Faculty Senate representative for the Environmental Studies Program
2012-2015	Senate Committee on Academic Information Technology
2012-2015	Campus Sustainability Committee
2013-2014	Middle States Periodic Review Report Committee

2. College

Texas State University

2017-2018	College of Science and Engineering Laboratory Safety Committee

3. Department/School

Texas State University

2018-present	Committee member, Eben-Elledge Endowed Scholarship Committee
2017-present	Chair, A.B. and Irene Rogers Aquatic Biology Scholarship Committee
2017-present	Committee member, Fred and Yetta Richan Aquatic Biology Scholarship Committee
2016	Strategic action plan: increasing salaries of instructional assistants working group
2016	Student presentation reviewer at the 21st Annual Biology Student Colloquium

Adelphi University

2015	Advisor, *Pi Epsilon*, the National Environmental Sciences Honor Society
2012-2015	Academic advisor for 50+ undergraduate students
2011-2015	Advisor, Environmental Action Coalition, Environmental Studies Program

B. Professional

2021	Proposal reviewer for Texas Sea Grant Grants-In-Aid of Graduate Research Program (FY2021-2023)
2020	Student presentation reviewer at the Gulf Estuarine Research Society Annual Meeting
2020	TPWD (Texas Parks and Wildlife Department) northern Gulf of Mexico invasive species forecasting working group member (elasmobranch specialist)
2020	Graduate Women in Science (GWIS) National Fellowship reviewer
2019	Textbook reviewer for a proposed new edition: Timbrell, J. (2009) *Introduction to Toxicology* (3rd Edition), CRC Press, ISBN: 978-0-4152-4763-4
2019	Grant proposal reviewer for New York Sea Grant
2019	TPWD coastal shark species working group member. Ranked 13 species for SGCN (Species of Greatest Conservation Need) listing.
2014-2016	Student presentation reviewer at the Society of Environmental Toxicology and Chemistry (SETAC) North America Annual Meetings
2016	Student presentation reviewer at the Society of Environmental Toxicology and Chemistry South-Central Regional Meeting
2016	Panelist at the Society of Environmental Toxicology and Chemistry South-Central regional meeting student workshop "Academia, industry or government? Weighing your options, finding your fit and becoming employed"
2013	Textbook reviewer: Chiras, D.D. (2013) *Environmental Science* (9th Edition), Jones and Bartlett Learning, ISBN: 978-1-44-964531-1
2013	Textbook reviewer: *Learn Environmental Science* (proposed new textbook), Jones and Bartlett Learning
2012	Textbook accuracy reviewer: Trujillo, A.P., and H.V. Thurman (2013) *Essentials of Oceanography* (11th Edition), Prentice Hall. ISBN: 978-0-32-181405-0

2012-present Peer-reviewer for:

Archives of Environmental Contamination and Toxicology (2020)
Bulletin of Environmental Contamination and Toxicology (2019)
Chemosphere (2020, 2018)
Current Analytical Chemistry (2016)
Ecotoxicology and Environmental Safety (2021, 2018, 2017, 2015)
Ecotoxicology (2021, 2014)
Environmental Health Insights (2020)
Environmental Pollution (2018, 2017)
Environmental Research (2020, 2019)
Environmental Science and Pollution Research (2021, 2020, 2019)
Environmental Toxicology and Chemistry (2019, 2018)
Environmental Toxicology and Pharmacology (2019)
Journal of Fish Biology (2020)
Journal of Geochemical Exploration (2014)
Journal of Geophysical Research – Oceans (2021)
Science of the Total Environment (2021, 2018, 2017, 2014)
