

“WILL THE AT 3:2 PROGRAM BENEFIT ME?”

CAREER GOALS

The Pre-Rehabilitation Sciences curriculum prepares students for a variety of Graduate-level allied health programs;
Do you ONLY want to work as an Athletic Trainer?

YES

NO

GRADUATION PLANNING

The 3:2 AT program provides a quicker route to degree completion for admitted students, but others may be too far along in the PRS curriculum and would benefit from applying for MSAT admission with a completed undergrad degree.
Will consideration for the AT32 program delay graduation?

NO

YES

ADMISSION CRITERIA

20 Students are admitted to the MSAT cohort each summer
Admission will likely require a 3.0+ GPA and A/B grades in specific prerequisite coursework [CHEM, PHYS, BIO, ESS, AT]
Do you feel you are a competitive applicant?

YES

NO

YES

*You may benefit from the AT32 program;
admission is not guaranteed*

NO

*You still have access to AT-specific courses in the
Prescribed Electives portion of the
Pre-Rehabilitation Sciences curriculum*
