

# “WILL THE AT 3+2 PROGRAM BENEFIT ME?”

\*NCAA student athletes are unable to declare the AT32 pathway since their sport schedules conflict with the program's required time commitment

## CAREER GOALS

The Pre-Rehabilitation Sciences curriculum prepares students for a variety of Graduate-level allied health programs;  
**Do you ONLY want to work as an Athletic Trainer?**

YES

NO

## GRADUATION PLANNING

The AT 3+2 program provides a quicker route to degree completion for admitted students, but others may be too far along in the PRS curriculum and would benefit from applying for MSAT admission with a completed undergrad degree.  
**Will consideration for the AT 3+2 program delay graduation?**

NO

YES

## ADMISSION CRITERIA

20 Students are admitted to the MSAT cohort each summer  
Admission will likely require a 3.0+ GPA and A/B grades in specific prerequisite coursework [CHEM, PHYS, BIO, ESS, AT]  
**Do you feel you are a competitive applicant?**

YES

NO

**YES**

*You may benefit from the AT 3+2 program;  
admission is not guaranteed*

**NO**

*You still have access to AT-specific courses in the  
Prescribed Electives portion of the  
Pre-Rehabilitation Sciences curriculum*
