How to Initiate a Hiring Proposal
PeopleAdmin User Guide
The purpose of this guide is to provide instructions on how to initiate a hiring proposal in PeopleAdmin.
The Search Committee Chair is responsible for changing the workflow states of applicants and marking the chosen candidate as recommended for hire. An applicant must be marked “recommend for hire” by the Search Committee Chair for a hiring proposal to be initiated.
Step 1. Hover over the Postings tab and select Tenure Line Faculty or Nontenure Line Faculty from the menu. This takes you to the Tenure/Nontenure Line Faculty Postings list screen where you can create new postings or manage existing postings. Locate the posting and open it to the Applicants tab.

To move the applicant along in the workflow, hover over the **Take Action on Job Application** button and choose the appropriate action. To recommend a candidate for hire, the Search Committee Chair will update the selected candidate’s workflow state to **Recommend for Hire**.
The workflow states should match the final hiring matrix provided.

Initiating Hiring Proposals
Once the Search Committee Chair moves the selected applicant into the **Recommend for Hire** state, a link to begin the hiring proposal will be available at the Chair/Director level. A green plus will be beside the link.

**Step 2.** The Chair/Director may begin informal negotiations with the Dean and Associate Provost approval. Salary, startup packages, and related issues for the selected candidate should take place by the Chair/Director prior to submitting the hiring proposal.

**Step 3.** Once the negotiations are complete, the Chair/Director opens the candidate’s applicant record and clicks the link to Start Hiring Proposal.
Step 4. Fill out the necessary fields. Some applicant and position information should auto-fill and is not editable within the Hiring Proposal. If a Hiring Proposal already exists for this applicant, you will receive the following warning: This Applicant already has a Hiring Proposal in process.

On this page, departments are asked to provide information for HR to charge department's MO for required criminal history background check, and/or other position required checks including drug and alcohol tests and/or optional checks through HireRight and/or Accurate. Salary and start date fields must also be filled. If required fields are not completed, an error message will appear, and you will be required to enter the necessary data. Edits will not be saved, unless the Save or the Next button is clicked.

Final Steps:

Talent Acquisition will initiate the required criminal history check within the system after the chair and dean have approved. The applicant will reside in the state “Pre-employment screening pending” until the check is complete. Once the background check is complete and all of the hiring documents are received, Talent Acquisition review the Hiring Proposal will move the applicant to FR Budget once approved.

FR Budget will review the contract packet and move to FR Contract – Under Review. The FR Admin will prepare the contract for final Provost approval. Once the contract is issued, FR Admin will move the hiring proposal to FR – Contract Issued (Note: If the selected applicant is being hired with tenure, a letter requesting the appointment with tenure is sent from the President to the Chancellor prior to issuing the contract).

Once the contract offer is returned signed, the applicant is moved to the state Offer Accepted/Hired. Once the position(s) is filled, the Search Committee Chair must move all applicants to an inactive state (i.e. Interviewed-Not Hired, Not Hired).
