

2023-2029 STRATEGIC PLAN

UNIT/DEPARTMENT/COLLEGE/DIVISION: Division of Academic Affairs

I. Background

Texas State University has historically developed an extensive strategic plan to address the long-range vision, mission, goals, and expectations of what the university should become by the end of the planning cycle. To make sure that critical concerns receive full attention in the near future, the president has highlighted a series of University Imperatives: elevate student success; advance to Carnegie R1 status; increase global and online enrollment; grow the Round Rock Campus; and reduce administrative burdens. These imperatives, included as initiatives in the 2023-2029 Strategic Plan, require the full attention of the entire university community in developing an operational plan to ensure progress and attainment of these imperatives in a timely manner.

II. Instructions

1. Continue to consider long-range strategic actions, for the upcoming six years, that your unit, department, college, or division can contribute to the university as a whole. Pay special attention to any actions that address the University Imperatives and note that actions contributing toward the University Imperatives will receive greater consideration for funding.
2. It is anticipated that this strategic plan will be updated in two years to coincide with the Texas legislative session

rather than at the mid-cycle (three year) point as has been done in the past. Therefore, actions that are intended to be completed in the near future (within two years) should be described in greater detail. Think of these actions as milestones for completing your long-range strategic plans.

3. Please note that strategic actions are not always adding programs and processes; strategic actions also include deleting, discontinuing, or reframing programs and practices. You may want to include action plans to reallocate resources and reposition activities to better utilize resources toward more productive ends.

4. Continue to add your strategic actions on this *2023-2029 Strategic Plan* template under each goal in order of priority for your unit, department, college, or division. Funding priority will be given to the highest-ranking actions, yet please note that not all highest-ranking actions may be approved. Items ranked lower on your list of actions for each goal and your overall priorities may receive authorization and funding over higher ranked items.

5. In addition to stating your mission and explaining your planning process, describe the proposed actions as clearly as possible; provide a reasonable timeframe for developing and implementing these actions; provide a rough estimate of the new resources required, expected cost, and source of revenue while knowing that a more detailed plan and budget will be worked out before authority to proceed is granted; establish realistic and measurable assessment criteria or key performance indicators to measure progress toward the achievement of the action; and link the proposed action to the appropriate initiative in the *2023-2029 Strategic Plan*.

III. Mission Statement

State your administrative unit/department/college/division mission statement.

Texas State University is a doctoral-granting, student-centered institution dedicated to excellence and innovation in teaching, research, including creative expression, and service. The university strives to create new knowledge, to embrace a diversity of people and ideas, to foster cultural and economic development, and to prepare its graduates to participate fully and freely as citizens of Texas, the nation, and the world.

IV. Process

Explain, in a brief paragraph, the process used to develop your plan, including the nature and extent of faculty and staff involvement.

The Academic Affairs plan reflects ongoing discussions, specific input, and the collective efforts from colleges, academic schools and departments, and administrative units in the Division of Academic Affairs. Priorities and plans developed at the department, college, and administrative unit level were reviewed and prioritized at the divisional level. The Academic Affairs plan is based on the active engagement and ideas of many faculty and staff in the division, presidential priorities, recommendations by presidential task forces and commissions, background briefs developed for the planning process, and an enduring commitment to fulfilling and enriching Texas State University's goals, aspirations, and strategic impact.

VI. Planning Priorities

Using university goals and initiatives as a guide, list and briefly describe up to five top priorities from your planned actions for the 2023-2029 planning cycle and indicate the university goal/initiative to which the unit's action is linked.

1. **Invest in new and current PhD programs to embolden the university's Run to R1 and drive new knowledge, large-scale grant awards, enhanced reputation, and broader impacts on the economy, industry, and society** based on the university's current and potential expertise, university research priorities, the state's *Building a Talent Strong Texas* plan, and employer needs, advance strategic priorities in doctoral education. (1) Explore, prioritize, and develop new PhD programs proposed by the colleges in collaboration with President's Cabinet. (2) Increase enrollments, ensure timely degree completion, and provide additional resources to current PhD programs. (3) Add bachelor-to-doctoral pathways for new and existing programs. (4) Increase opportunities to integrate more faculty into new and existing PhD programs. (1.3, 2.1, 2.2, 2.4, 3.1, 3.2, 3.3, 4.2, 5.1, 5.3)
2. **Expand degree programs and credentials of value that increase access, enrollments, and economic attainment to a wider array of learners** based on the university's current and potential expertise, the state's *Building a Talent Strong Texas* plan, students' lifetime educational journeys, and employer needs, offer a strategic portfolio of programs with market-centric delivery models and locations. (1) Offer new degree programs on the Round Rock Campus and ensure ongoing success and appropriate resources for current programs and services in consultation with VP, Round Rock. (2) Offer new online degree programs and ensure ongoing success and appropriate resources for current programs and services in consultation with VP, Global. (3) Build and sustain partnerships with ACC and community college systems for successful transfer pathways to on-campus and online programs. (4) Develop curricular and delivery innovations, executive/professional education, micro-credentials, and modern learning environments in a variety of disciplines and spaces. (1.1, 1.2, 1.5, 2.1, 2.2, 2.3, 3.4, 4.1, 4.2, 4.3, 5.3, 5.4)
3. **Provide an exceptional educational experience that prepares students for post-graduation success, reflects a collaborative infrastructure, and engages more intentionally in a culture of academic care.** (1) Implement a division-wide undergraduate academic advising infrastructure fueled by cross-division collaboration, actionable intelligence, growth opportunities, and pivotal interventions that eliminate barriers to student academic success. (2) Increase expectations for student participation and the number of high-impact programs available through academic units, the Exc²el Center, IDEA Center, University Libraries, college student success centers, The Graduate College, Honors College, and other offices. (3) Engage faculty more intentionally in pedagogical innovation, student mentoring, digital resources, and academic success strategies through a Center for Teaching and Learning. (4) Implement innovative service delivery models, technology platforms, and staff development across the division, while ensuring staffing levels meet constituent needs for effective support. (5) Expand living-learning communities, student organizations, external partnerships, and other engagement programs at the intersection of student success and academic excellence. (1.1, 1.2, 1.3, 1.4, 1.5, 2.1, 2.4, 3.1, 3.4, 4.1, 4.2, 4.3, 5.1, 5.2, 5.3)
4. **Ensure academic excellence embodies everything the division values, creates, and contributes.** (1) Increase student enrollment and completion of degrees and credentials of value across all disciplines, academic levels, and access points. (2) Assess faculty workloads at aspirational peer institutions and establish benchmarks for teaching, research/scholarship, and/or service goals, resource needs, and rewards for all faculty. (3) Provide tuition scholarships to all graduate students on assistantships to become more competitive, increase graduate enrollments, and ensure student success. (4)

Fully integrate the University Libraries' resources, collections, and staff contributions into the academic enterprise. (5) Invest in faculty excellence with enhanced recruiting, onboarding, spousal/partner opportunities, professional development, and rewards and retention programs. (1.1, 1.3, 1.5, 2.1, 2.2, 2.3, 2.4, 3.1, 3.4, 4.1, 4.2, 4.3, 5.1, 5.2, 5.3)

5. Contribute to the exemplary stewardship of institutional resources - human, physical, process, and financial - needed to support the architecture of academic excellence, welcoming and engaging academic environments, and high-quality and resilient operations reflecting the university's goals, hopes, and aspirations. (1) Hire, compensate, and reward faculty and staff to be competitive with the market. (2) Institutionalize a new promotion-eligible instructional faculty title series that honors the critical role of teaching faculty at a R1 institution. (3) Advocate for additional faculty and staff positions, development opportunities, and career paths consistent with student success and R1 goals. (4) Make strategic investments in academic, research, service, and clinical spaces. (5) Ensure Academic Affairs remains an attractive place to work and grow professionally with a policy, budget, and practice environment that fuels a cycle of success. (1.5, 2.3, 2.4, 3.1, 3.4, 4.1, 4.2, 4.3, 5.1, 5.2, 5.3, 5.4)
