Legislation S.R.2020-2021.47 “Encouraging the University to Follow the Goals of the 1776 Commission Established by the United States Government” passed by the Student Government Senate on March 1st, 2021, is attached. This legislation does not include what the goals of the 1776 commission are and the reason or purpose Student Government recommends the university should follow them. Additionally, the legislation lacks information about other research done such as the support by departments that would implement or be impacted by this. For these reasons of unknown information, I cannot indicate whether or not I support this legislation.
