Do the outside investment advisors or managers have the authority to make investment decisions without obtaining prior approval?

Managers have the authority to make investment decisions within their asset class and according to TSUS investment policy guidelines, without obtaining prior approval. The Investment Consultant has no investment authority.

2. Does the institution use soft dollar, directed brokerage or directed commission, commission recapture, or similar arrangements (these arrangements typically involve using brokerage commissions as a means of paying for other related investment services through credits of a portion of brokerage commissions paid rather than through direct payments, or using selected brokers who will rebate a portion of commissions they receive on trades for the investor)? If the answer to this question is yes, the institution must summarize briefly the guidelines that govern the use of such arrangements.

Steadfast International Master Fund, Ltd. generally uses soft dollar arrangements to fund research and "hard dollar" expenses. Their goal is to limit soft dollars to 15% or less of their total commissions.

3. Is the institution associated with an independent endowment or foundation? If the answer to this question is yes, the institution must provide contact information (name and address) for the individual[s] who manage the independent endowment or foundation. The institution must also provide, if available, the market value of the endowment's or foundation's investments. Yes

The Texas State University System Foundation
Mike Wintemute, Executive Director
