swedish
HealthCare
academy

TEXAS STATE
SCHOOL OF
HEALTH ADMINISTRATION

WHAT IS INCLUDED

- Attend two weeks of on-site lectures and study visits
- Receive insights from key researchers and practitioners representing prominent legal healthcare facilities, industry organizations and educational institutions during the lectures
- Enhance learning through site visits to healthcare facilities, complementing classroom lectures
- Enjoy provided lunches and local transportation services
- Benefit from the guidance and coordination of a local tourism guide provided by Swedish HealthCare

THE COURSE

- Cultivate an understanding of diverse cultures by immersing oneself in Czech culture
- Explore the factors contributing to the recognition of the Czech healthcare system as one of the world's finest
- Acquire a foundational knowledge of the Czech healthcare system, examining its organizational structures, financing models, legal framework, quality of care considerations, and delivery methods
- Conduct an in-depth analysis of recent developments in Czech healthcare, including topics such as patient choice and innovative approaches to measuring quality and performance
- Compare and contrast how care is provided in the Czech Republic and in the United States
- Examine and contrast the political decisions that impact healthcare systems of both the Czech Republic and the United States
