

# HPC SUMMER WORKSHOP

FOR FACULTY, POST-DOCS, RESEARCH STAFF, &  
GRAD STUDENTS

**MAY 20-24**

This workshop launches High-Performance Computing (HPC) training programs targeted primarily at faculty and research staff as well as post-docs and graduate students with faculty advisor nominations. Participants will train in the use and optimization of our on-site HPC and research lab infrastructure for utilization of AI methods. The workshop takes place at the Texas State University San Marcos campus. Contact [cads@txstate.edu](mailto:cads@txstate.edu) for more information. Seats are limited.

**Apply now at [cads.txst.edu](https://cads.txst.edu)**
