

## Wild Animal Safety Tips!

Although not frequent, wild animals can easily wander into buildings through propped doors or open windows.

**They may be cute...but WILD ANIMALS ARE NOT PETS!**

***To report a wild animal on campus, contact UPD at (512) 245-2805.***

### Do:

- Evacuate the space and if possible, close doors to the area where the wild animal is located.
- Notify UPD at (512) 245-2805.
- Seek immediate medical care if you have been bitten or scratched.
- Contact EHSREM at (512) 245-3616 or after hours On-Call Phone at 512-738-6650, if you came into physical contact with the animal.

### Don't:

- Handle wildlife or stray animals, including feral cats.
- Leave doors or windows open allowing animals to access buildings.
- Feed stray animals and do not leave food outside. This may attract wildlife and rodents.
- Approach/handle an animal that is injured, sick or aggressive.
