APR
- HEALTHY EATING RESEARCH
- BEHAVIORAL RISK FACTOR SURVEILLANCE SYSTEM: IMPACT ON POPULATION HEALTH
- ADVANCING HEALTH EQUITY IN ASTHMA CONTROL THROUGH EXHALE STRATEGIES

MAY
- SUN LIFE HEALTH ACCESS GRANT PROGRAM: DIABETES & ORAL HEALTH
- SUPPORTING YOUNG BREAST CANCER SURVIVORS, METASTATIC BREAST CANCER PATIENTS, & THEIR FAMILIES
- EXPANDING THE NATL APPROACH TO CHRONIC DISEASE EDUCATION & AWARENESS
- COMMUNITY LEVEL INNOVATIONS FOR IMPROVING HEALTH OUTCOMES
- PARTNERSHIPS TO ENHANCE IMMUNIZATION INFORMATION SYSTEMS (IIS)
- STRATEGIES TO IMPROVE HEALTH OUTCOMES AND ADVANCE HEALTH EQUITY IN RURAL POPULATIONS

JUN
- CULTURE OF HEALTH PRIZE
- BASIC RESEARCH IN CANCER HEALTH DISPARITIES ▶
- BROAD PRAGMATIC STUDIES
- HTH CARE MODELS FOR PERSONS W/ MULTIPLE CHRONIC CONDITIONS FROM POPs THAT EXP HEALTH DISPARITIES: ADV HLTH CARE TOWARDS HLTH EQUITY
- THE ROLE OF WORK IN HLTH DISPARITIES IN U.S.
- EFFECTIVENESS OF SCHOOL-BASED HLTH CENTERS TO ADVANCE HLTH EQUITY ▶
- PATIENT-CLINICIAN RELATIONSHIP: IMPROVING HLTH OUTCOMES IN POPs THAT EXPERIENCE HLTH CARE DISPARITIES ▶
- LONG-TERM EFFECTS OF DISASTERS ON HEALTHCARE SYSTEMS IN POPs W/ HLTH DISPARITIES ▶
- LEVERAGING HEALTH IT TO ADDRESS & REDUCE HLTH CARE DISPARITIES ▶
- RSRCH W/ ACTIVITIES RELATED TO DIVERSITY ▶
- TECH FOR IMPROVING MINORITY HLTH & ELIMINATING HLTH DISPARITIES
- EFFECTIVENESS OF IMPLEMENTING SUSTAINABLE EVIDENCE-BASED MENTAL HLTH PRACTICES IN LOW-RESOURCE SETTINGS
- MODEL CONTINUUMS OF CARE INITIATIVE (MCCI) TO ADVANCE HLTH EQUITY AND END HLTH DISPARITIES AMONG WOMEN & GIRLS ▶
- NINR AREAS OF EMPHASIS FOR RESEARCH TO OPTIMIZE HLTH & ADVANCE HLTH EQUITY

JUL
- PIONEERING IDEAS: EXPLORING THE FUTURE TO BUILD A CULTURE OF HEALTH ↻
- INVESTIGATOR-INITIATED RESEARCH IN GENOMICS AND HEALTH EQUITY
- EVIDENCE FOR ACTION: INNOVATIVE RESEARCH TO ADVANCE RACIAL EQUITY ↻

AUG
- COOR. CENTER TO SUPPORT MULTI-SECTORAL PREVENTIVE INTERVENTIONS THAT ADDRESS SOCIAL DETERMINANTS OF HLTH IN POPs THAT EXPERIENCE HLTH DISPARITIES

FALL 2024
- SPOREs IN CANCER HLTH DISPARITIES & MINORITY HLTH ★
- CIGNA GROUP FDN ★

FUNDER	PROGRAM	DESCRIPTION	DEADLINES
RWJF	**Healthy Eating Research**	Seeks to generate evidence on supportive family policies and programs that have strong potential to impact equitable access to nutritious food in communities, nutrition security, diet quality, and improved nutrition and health outcomes. RWJF is especially interested in strategies to improve health outcomes for families with lower incomes and/or racially and ethnically diverse populations experiencing higher rates of diet-related chronic disease and/or health disparities.	Apr. 3, 2024
CDC	**Behavioral Risk Factor Surveillance System: Impact on Population Health**	Aims to increase the reporting of health outcomes. As part of broader BRFSS data collection, the program focuses on advancing health equity among underrepresented groups.	Apr. 15, 2024
CDC	**Advancing Health Equity in Asthma Control through EXHALE Strategies**	Aims to address the systems-level, environmental, and social drivers of disparities by leveraging and expanding strategic partnerships to implement EXHALE strategies.	Apr. 19, 2024
FDN	**Sun Life Health Access Grant Program: Diabetes and Oral Health**	Oral health is an important part of overall health, and many at-risk communities lack access to preventive services and regular dental care.	Apr. 19, 2024
CDC	**Supporting Young Breast Cancer Survivors, Metastatic Breast Cancer Patients, and their Families**	Seeks to leverage the collaborative power of organizations serving YBCS and mBC patients to improve the availability of psychosocial support services and facilitate more meaningful patient-provider interactions through the education of survivors, their families, healthcare providers, CHWs, and PNs.	May 6, 2024
CDC	**Expanding the National Approach to Chronic Disease Education and Awareness**	Aims to increase awareness related to a single proposed chronic disease for public health practitioners, healthcare providers, patients, and the public. Recipients will focus on conducting data dissemination and educational activities to increase and expand awareness about that proposed chronic condition to support effective, evidenced-based clinical and population-level approaches.	May 10, 2024
HHS	**Community Level Innovations for Improving Health Outcomes**	Solicits applications for projects to demonstrate that community level innovations that reduce barriers related to social determinants of health (SDOH) can increase use of preventive health services and make progress toward Leading Health Indicator (LHI) targets.	May 15, 2024
CDC	**Partnerships to Enhance Immunization Information Systems (IIS)**	Supports projects aimed at achieving impactful and sustainable outcomes that require implementation of strategies to: Advance technology and standards for immunization; engage and support the immunization community in efforts to assess and monitor vaccine coverage, identify populations at risk, and respond to vaccine-preventable disease outbreaks; improve immunization data collection and use; and educate and develop the public health immunization workforce.	May 15, 2024
NIH	**Strategies to Improve Health Outcomes and Advance Health Equity in Rural Populations (R01)**	Supports research to develop, adapt, or implement intervention strategies addressing SDOH to improve health and promote health equity in rural populations.	May 17, 2024
RWJF	**Culture of Health Prize**	Supports communities that position themselves to addresses racial and health equity across six selection criteria: 1) addressing structural racism and other structural injustices to advance opportunity, health, and equity; commiting to lasting changes in policy, systems, and financing that improve community conditions and center people directly impacted by the inequity addressed; 3) working in partnership across sectors and elevating the expertise and solutions held by people with firsthand experience of the inequities being addressed; 4) engaging in work that preserves and celebrates community through cultural activities and practices that envision and advancea more just future; 5) making the most of available resources to ensure the effort can endure over time; and 6) measuring and sharing progress in culturally relevant ways.	Jun. 3, 2024
PCORI	**Broad Pragmatic Studies Funding Announcement**	Seeks to fund applications for high-quality patient-centered comparative clinical effectiveness research (CER) projects; all applications must align the proposed research with at least one of the National Priorities for Health, including Achieving Health Equity.	Jun. 4, 2024 (Cycle 2 LOI); Sep. 4, 2025 (Cycle 2 Full)

FUNDER	PROGRAM	DESCRIPTION	DEADLINES
NIH	**Basic Research in Cancer Health Disparities (R01/R03/R21)**	Encourages grant applications from investigators interested in conducting basic, mechanistic research into the biological/genetic causes of cancer health disparities.	Jun. 5, 2024
NIH	**Health Care Models for Persons with Multiple Chronic Conditions from Populations that Experience Health Disparities: Advancing Health Care towards Health Equity (R01)**	Supports innovative, collaborative and multi-disciplinary research designed to study the effective adaptation, integration, and implementation of recommended guidelines of care of persons with multiple chronic conditions (MCCs) from populations that experience health disparities.	Jun. 5, 2024
NIH	**The Role of Work in Health Disparities in the U.S. (R01)**	Supports innovative population-based research that can contribute to identifying and characterizing pathways and mechanisms through which work or occupation influences health outcomes and health status among populations with health and/or health care disparities, and how work functions as a social determinant of health.	Jun. 5, 2024
NIH	**Effectiveness of School-Based Health Centers to Advance Health Equity (R01)**	Supports research that investigates the effectiveness of school-based health centers (SBHCs) as a health services care delivery model to address the needs of school-aged children from populations with health disparities (hence, underserved youth).	Jun. 5, 2024, Oct. 5, 2024
NIH	**Patient-Clinician Relationship: Improving Health Outcomes in Populations That Experience Health Care Disparities (R01)**	Supports innovative multi-disciplinary and multi-level (e.g., patient, clinician, interpersonal, health care system, community) research designed to understand how optimizing patient-clinician communication and relationship affects health care outcomes in patients from populations with health care disparities.	Jun. 5, 2024, Oct. 5, 2024
NIH	**Long-Term Effects of Disasters on Healthcare Systems in Populations with Health Disparities (R01)**	Supports collaborative research focused on understanding the long-term effects of natural or human-made disasters on healthcare systems serving populations that experience health disparities living in the U.S. and its territories.	Jun. 5, 2024, Oct. 5, 2024; Feb. 5, 2025
NIH	**Leveraging Health Information Technology (Health IT) to Address and Reduce Health Care Disparities (R01)**	Supports research that examines the impact of leveraging health information technology (health IT) to reduce disparities in access to and utilization of health care services, patient-clinician communication, and health outcomes for populations that experience health disparities in the U.S.	Jun. 5, 2024, Oct. 5, 2024; Feb. 5, 2025
NIH	**Research With Activities Related to Diversity (R01)**	Supports scientific research in areas related to the programmatic interests of one or more of the participating NIH Institutes and Centers (ICs) and ongoing DEIA activities focused on enhancing diversity in the biomedical research enterprise within the United States and territories.	Jun 5, 2024; Oct. 5, 2024; Feb. 5, 2025
NIH	**Technologies for Improving Minority Health and Eliminating Health Disparities (R41/R42)**	Seeks to engage and support small businesses in providing seed (i.e., early-stage investment) funding for developing technologies, services, and products that engage, empower, and motivate individuals and communities, including providers and healthcare institutions that focus on African Americans, Hispanics, American Indians and Alaska Natives, Asian Americans, Native Hawaiians and Pacific Islanders, disadvantaged socioeconomic groups, underserved rural populations, and sexual and gender minorities.	Jun. 10, 2024; Dec. 10, 2024; Jun 10, 2025
NIH	**Effectiveness of Implementing Sustainable Evidence-Based Mental Health Practices in Low-Resource Settings to Achieve Mental Health Equity for Traditionally Underserved Populations (R01)**	Supports pilot work for subsequent studies testing the effectiveness of strategies to deliver evidence-based mental health services, treatment interventions, and/or preventive interventions (EBPs) in low-resourced mental health specialty and non-specialty settings within the United States.	Jun. 16, 2024

FUNDER	PROGRAM	DESCRIPTION	DEADLINES
NIH	**NINR Areas of Emphasis for Research to Optimize Health and Advance Health Equity (R21)**	Supports exploratory/developmental research projects within five research lenses: Health Equity; Social Determinants of Heath; Population and Community Health; Prevention and Health Promotion; Systems and Models of Care.	Jun. 16, Oct. 16, Feb. 16 (New)
NIH	**Model Continuums of Care Initiative (MCCI) to Advance Health Equity and End Health Disparities Among Women and Girls in Racial/Ethnic Minority and Other Underserved Communities (U34)**	Support the planning phase of the Model Continuums of Care Initiative (MCCI) to Advance Health Equity and End Health Disparities Among Women and Girls in Racial/Ethnic Minority Communities. MCCI is a multi-ICO dissemination and implementation science initiative to advance racial equity and end health disparities in racial/ethnic minority women and girls of reproductive age.	Jun. 18, 2024; Oct. 18, 2024; Feb. 19, 2025
NIH	**Investigator-Initiated Research in Genomics and Health Equity (R01 Clinical Trial Optional)**	Support investigator-initiated research in genomics and health equity, with the ultimate goal of developing approaches, generating and disseminating data, and implementing metrics or interventions that will advance the equitable use of genomics to improve health in U.S. populations.	Jul. 8, 2024; Jul. 8, 2024
NIH	**Coordinating Center to Support Multi-Sectoral Preventive Interventions that Address Social Determinants of Health in Populations that Experience Health Disparities (U24)**	Seeks applications for a Coordinating Center (CC) for the Multi-Sectoral Preventive Interventions (MSPI) Research Network, which will work collaboratively with the NIH to test prospective multi-sectoral preventive interventions that address social determinants of health in populations that experience health disparities.	Aug. 5, 2024
NIH	**Research to Improve Pre-Pregnancy Care and Enhance Healthy Birth Intervals**	Invites research applications that assess the causal social and behavioral processes that facilitate or hinder the achievement of healthy interbirth intervals and to identify mechanisms that can be modified by public health interventions at the levels of the dyad, family, community, or other population aggregates.	Expires Sep. 8, 2024
NIH	**NCI Specialized Programs of Research Excellence (SPOREs) in Cancer Health Disparities and Minority Health (U54)**	Supports a collaborative network of SPOREs that is uniquely focused on CHD-MH translational research in populations who are underserved.	*Sep. 25, 2024
FDN	**Cigna Group Foundation**	Seeks to partner with nonprofits who are addressing the root causes of health inequity, including supporting under-resourced and systemically disadvantaged communities with poor social determinants of health (SDOH).	*Fall 2024 (Last: Oct. 2023)
NIH	**NIDA REI: Addressing Racial Equity in Substance Use and Addiction Outcomes Through Community-Engaged Research (R01 Clinical Trial Optional)**	Invites R01 applications to conduct research that will have a major impact in identifying, developing, implementing, or testing strategies to improve outcomes related to substance misuse, with a goal of preventing, reducing, or eliminating disparities in racial and/or ethnic communities insubstance use, addiction, and related health consequences, including HIV.	Nov. 14, 2024
NIH	**Technology Development to Reduce Health Disparities (R01)**	Seeks advances in medical technologies to reduce health disparities associated with diseases, illnesses, and conditions of public health importance.	Jan. 21, 2025
NIH	**Health Disparities and Alzheimer's Disease**	Encourages applications that examine mediators and moderators of disparities in AD/ADRD, using diverse cohorts of subjects. Projects of interest include those addressing the following topics: Alzheimer's disease and related dementias risk and diversity; effect of educational attainment on dementia risk; diversity and cognitive change over time; diagnosis and assessment procedures; neuroimaging, neuropathology, and the biology of AD/ADRD; analyses of behavioral, social, and biological pathways that create and sustain AD/ADRD disparities; and strategies for recruitment and retention.	Expires Nov. 13, 2024

FUNDER	PROGRAM	DESCRIPTION	DEADLINES
NIH	**Stimulating Research to Understand and Address Hunger, Food and Nutrition Insecurity**	Provides an opportunity for future research to advance nutrition equity, including the broad categories of: 1) Development and testing of interventions, innovative programs, and natural experiments to address food insecurity and neighborhood-level access to healthy and affordable foods;2) Research to understand the mechanisms and pathways between food insecurity and neighborhood food environments on wellbeing and health and various health outcomes; and 3) Studies to develop and validate tools to measure nutrition insecurity and food insecurity.	Expires Nov. 29, 2024
NIH	**Technology Development to Reduce Health Disparities (R01)**	Seeks advances in medical technologies to reduce health disparities associated with diseases, illnesses, and conditions of public health importance.	Jan. 21, 2025
FDA	**OMHHE Health Equity Innovation Award: Enhance Equity Funding Opportunity (U01) Clinical Trials Not Allowed**	Supports innovative research that will strengthen and advance minority health and health equity objectives. Areas of interest include advancing equity in clinical trials by supporting efforts to advance diversity in clinical trials, equitable data efforts by increasing data available on diverse groups including ethnicity, race, age, disability, and geography, and equity of voices by increasing understanding of diverse patient perspectives, preferences, and unmet needs.	*Early 2025 (Last: Feb. 29, 2024)
RWJF	**Evidence for Action: Innovative Research to Advance Racial Equity**	Prioritizes research to evaluate specific interventions (e.g., policies, programs, practices) that have the potential to counteract the harms of structural and systemic racism and improve health, well-being, and equity outcomes.	Rolling
RWJF	**Pioneering Ideas: Exploring the Future to Build a Culture of Health**	Seeks proposals primed to impact health equity moving forward; interested in ideas that address any of these four areas of focus: Future of Evidence; Future of Social Interaction; Future of Food; Future of Work.	Rolling
ACL	**Projects of National Significance: Health Equity**	Aims to support a project with a focus on ensuring heath equity for individuals with intellectual and developmental disabilties and their families.	TBD (Forecasted)
FDN	**Bank of America Foundation**	Within the "Economic mobility focused on needs of individuals and families" program area, focuses on programs and organizations who are working to address the economic and social conditions that influence family stability and an individual's health, including access to quality community- based health services, crisis-prevention tied to family stabilization programs, and other poverty related issues.	TBD (Last: Feb. 16, 2024)

ABOUT HANOVER

ABOUT HANOVER GRANTS

Hanover provides research development, grant writing, and strategic advising support to a wide range of colleges and universities. Our professionals deliver customized proposal review, revision, and production support, while also helping to align strategic priorities to funding trends and opportunities at all levels.

OUR SOLUTIONS

CAPACITY DEVELOPMENT
- Grants Training
- Benchmarking & Best Practices
- Grantseeking Strategy

FUNDING RESEARCH
- Funding Opportunity Analysis
- Prospect Research
