Why Bastrop?

- Everyone was so kind and helpful...the things I have learned cannot be replicated in a college class.
- I had someone always rooting for me, and it helped me gain more confidence before my first year of teaching.
- There is not enough time to really have a job, so earning some money while doing what I came to college for, but wasn't yet certified to do, was really great!

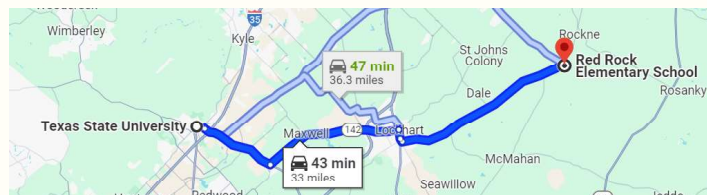

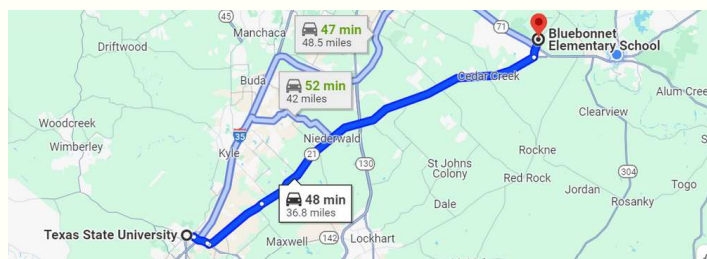

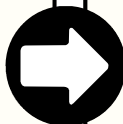

We ❤️ student teachers!
...and they ❤️ us, too!

Why Bastrop?
