Welcome to Texas State University.

Texas State’s San Marcos Campus climbs up the Balcones escarpment to the Hill Country. It’s a setting that is unique among Texas universities, enhanced even further by the beauty of the crystal clear San Marcos River (https://www.flickr.com/photos/txstateu/sets/72157661036133102/) and many large oak, (http://www.facilities.txstate.edu/grounds/trees.html) cypress and pecan trees (http://www.facilities.txstate.edu/grounds/trees.html). Some are the largest in the state. Although the metropolitan centers of Austin and San Antonio are nearby, San Marcos has managed to retain the charm of a smaller community. Texas State, with over 38,000 students, still has kept a friendly small campus atmosphere. And it is a place where faculty, staff, and students take the processes of teaching and learning seriously.

The Texas State University Round Rock Campus is conveniently located off Interstate Highway 35 on the University Boulevard. The Round Rock Campus provides exceptional academic programs, student academics support services, and training opportunities to students and the community in Round Rock, North Austin, and Williamson County.

Texas State University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award baccalaureate, masters, and doctoral degrees. Contact the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Texas State University.

Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) accreditation is institutional in nature. Although many programs are accredited by other agencies, SACSCOC accredits the university as a whole, not specific degrees or programs. For information concerning the Texas State University Catalog, please contact us at mycatalog@txstate.edu.
This catalog is a general information publication only and is not intended to nor does it contain all regulations that relate to undergraduate students. The information in this version of the Undergraduate Catalog is subject to change without notice. Texas State reserves the right to withdraw courses at any time, to change its fees or tuition, calendar, curriculum, degree requirements, graduation procedures, and any other requirements affecting students. Changes will become effective whenever authorities determine and will apply to both prospective students and those already enrolled. The provisions of this catalog do not constitute a contract, expressed or implied, between any applicant, student, faculty member, or staff employee and Texas State University or the Texas State University System. In the event of conflict between the provisions of this catalog and the Texas State University System Rules and Regulations, the latter shall govern. Questions regarding current information should be addressed to the office of the Provost and Vice President for Academic Affairs.

This catalog was published in May 2023 and becomes effective with the beginning of the fall semester, 2023.

As an Emerging Research University, Texas State provides opportunities for discovery and innovation to faculty and students. The university offers bachelor’s, master’s, specialist, and doctoral degree programs in the colleges of Applied Arts (http://www.txstate.edu/appliedarts/), McCoy College of Business Administration (https://www.mccoy.txstate.edu/), Education (http://www.education.txstate.edu/), Fine Arts and Communication (http://www.finearts.txstate.edu/), Health Professions (http://www.health.txstate.edu/), Liberal Arts (http://www.txstate.edu/liberalarts/), Science and Engineering (http://www.txstate.edu/science/), University College (http://www.txstate.edu/ucollege/) and The Graduate College (http://www.gradcollege.txstate.edu/).

Texas State's San Marcos campus is a growing community of 58,000 people in the southern Austin metropolitan area. The Round Rock Campus (http://www.rrc.txstate.edu/) is located north of Austin. Students there can take upper-level courses leading to several bachelor's degrees and selected complete master's degree and certificate programs.

The following Council on Higher Education Accreditation (CHEA) and/or U.S. Department of Education (USDE)-recognized accrediting organizations accredit Texas State degree programs.

- Accreditation Council for Education in Nutrition and Dietetics
- Accrediting Council on Education in Journalism and Mass Communications
- American Council for Construction Education
- American Physical Therapy Association, Commission on Accreditation in Physical Therapy Education
- Association of Technology, Management, and Applied Engineering
- Commission on Accreditation for Health Informatics and Information Management Education
- Commission on Accreditation for Respiratory Care
- Commission on Accreditation of Athletic Training Education
- Commission on Accreditation of Healthcare Management Education
- Commission on Collegiate Nursing Education
- Council for Accreditation of Counseling and Related Educational Programs
- Council for Interior Design Accreditation
- Council of the Section of Legal Education and Admissions to the Bar, American Bar Association
- Council on Academic Accreditation in Audiology and Speech-Language Pathology American Speech-Language-Hearing Association
- Council on Accreditation of Parks, Recreation, Tourism, and Related Professions
- Council on Social Work Education, Commission on Accreditation
- Joint Review Committee on Education in Radiologic Technology
- National Accrediting Agency for Clinical Laboratory Sciences
- National Association of Schools of Music, Commission on Accreditation
- Network of Schools of Public Policy, Affairs, and Administration
- Commission on Peer Review and Accreditation

The following organizations not recognized by either the Council on Higher Education Accreditation (CHEA) or the U.S. Department of Education (USDE) accredit or certify other Texas State degree programs.

- AACSB International - The Association to Advance Collegiate Schools of Business
- ABET - Accreditation Board for Engineering and Technology
- American Chemical Society
- American Society of Biochemistry and Molecular Biology
- Association of University Programs in Health Administration
- Foundry Education Foundation
- National Association of School Psychologists
- Texas Certified Public Manager Program

The following organizations accredit Texas State academic support services.

- Accreditation Association for Ambulatory Health Care, Inc.
- American Psychological Association Commission on Accreditation
- COGNIA-AdvancED Accreditation Commission by the NCA Commission on Accreditation and School Improvement, the Northwest Accreditation Commission, and the SACS Commission on Accreditation and School Improvement

Authorized by the Texas Legislature in 1899, Southwest Texas State Normal School opened its doors in 1903. During the first century, the Legislature retained the regional designation in the name, but as its mission changed it became first Normal College, then successively Teachers College, College and University. These changes reflected the transformation from a teacher-preparation institution to a regional university. In 2003, the Legislature dropped the regional designation and the institution became Texas State University-San Marcos, and in 2013 the place name was eliminated as Texas State University became an emerging research university within the state.

The demographics of the university's student body more closely mirror the population of Texas than any other public university in the state. Texas State became a Hispanic Serving Institution (HSI) in 2010, and continues to expand efforts to promote diversity, equity, and inclusion among all faculty, staff, and students.

While Texas State was originally renowned for preparing public school teachers, today it has grown into a major institution of higher education approaching an enrollment of 40,000. The university's two campuses currently offer programs not only in the College of Education, but also in the College of Applied Arts, Emmett and Miriam McCoy College of Business Administration, College of Fine Arts and Communication, College of Health Professions, Honors College, College of Liberal Arts, College of Science and Engineering, and University College. University College oversees first-year advising as well as other activities of the first-year experience in addition to guiding students who have not yet chosen a major. The Graduate College provides opportunities for continued intellectual growth through advanced and specialized education that develops leaders in the professions and in research up through the doctoral degree.

As Texas State's student population has grown — from 303 in 1903 to nearly 38,376 in 2022 — the campuses, too, have expanded and today Texas State is the seventh largest public university in the state.

Texas State's San Marcos campus is located in a Hill Country community about halfway between Austin and San Antonio. Its location on the banks of the San Marcos River provides recreational and leisure activities for students throughout the year.

Overlooking the San Marcos campus from Chautauqua Hill and serving as a landmark since 1903 is Old Main, a red-gabled Victorian building restored to its original grandeur. In 1979, after adding a number of classroom buildings and residence halls on the San Marcos Campus, Texas State purchased the former San Marcos Baptist Academy adjacent to the original campus. In 1981, South Texas entrepreneur Harry M. Freeman donated a 3,500-acre ranch to Texas State to be held in perpetual trust as the Harold M. Freeman Educational Foundation. The working ranch is used as a laboratory for students in agriculture, animal science, anthropology, biology, and a variety of other academic disciplines. In 1990, the university opened the seven-story Albert B. Alkek Library. The building, conveniently located in the center of campus, is named for the noted Texas rancher, oil man, and educational philanthropist who died in 1995.

Texas State acquired one of the most unique ecosystems in the world in 1994 when it purchased the former Aquarena Springs resort and
theme park. The purchase allowed Texas State to serve as steward of the headwaters of the San Marcos River, preserving and protecting one of the oldest inhabited spots in North America for future generations of Texans. Now called The Meadows Center for water and the Environment, the 90-acre property is the site of a wide variety of educational and research pursuits. The Meadows Center is home to eight endangered species of plants and animals that exist nowhere else in the world.

In 1998, as the lead institution, Texas State joined forces with other area universities to establish the Round Rock Higher Education Center, now known as the Texas State University Round Rock Campus (RRC). The RRC, located on 101 acres north of Austin, houses the majority of Texas State's health professions academic programs, and offers upper-division and graduate educational opportunities in Williamson County and Austin.

Texas State University is a doctoral-granting, student-centered institution dedicated to excellence and innovation in teaching, research, including creative expression, and service. The university strives to create new knowledge, to embrace a diversity of people and ideas, to foster cultural and economic development, and to prepare its graduates to participate fully and freely as citizens of Texas, the nation, and the world.

**Shared Values**

In pursuing our mission, we, the faculty, staff, and students of Texas State University, are guided by a shared collection of values:

- Teaching and learning based on research, student involvement, and the free exchange of ideas in a supportive environment;
- Research and creative activities that encompass the full range of academic disciplines—research with relevance, from the sciences to the arts, from the theoretical to the applied;
- The cultivation of character, integrity, honesty, civility, compassion, fairness, respect, and ethical behavior in all members of our university community;
- A diversity of people and ideas, a spirit of inclusiveness, a global perspective, and a sense of community as essential conditions for campus life;
- A commitment to service and leadership for the public good;
- Responsible stewardship of our resources and environment; and
- Continued reflection and evaluation to ensure that our strengths as a community always benefit those we serve.

Texas State believes that freedom of thought, innovation and creativity are fundamental characteristics of a community of scholars. To promote such a learning environment, the university has a special responsibility to seek diversity, to promote inclusion, to instill a global perspective in its students, and to nurture sensitivity, dialogue and mutual respect. Discrimination against or harassment of individuals on the basis of race, color, national origin, religion, sex, sexual orientation, age, disability, veterans’ status, gender identity or expression are inconsistent with the purposes of the university.

Texas State is committed to the value of a racial and ethnic diversity and believes that the primary purpose of higher education is to promote learning for all and to stimulate inquiry for truth in an atmosphere of freedom. Accordingly, Texas State encourages students to exercise the rights of citizenship. However, these rights are subject to reasonable limitations necessary for the orderly operation of the university. Texas State expects students to accept their responsibilities as citizens and members of a scholarly community. Paramount among these responsibilities is respect for the rights of others, academic and personal integrity, and adherence to federal, state, and local law as well as university regulations.

The faculty and administration are genuinely concerned with the physical and ethical welfare of students. To that end, Texas State has established rules of conduct and has published these in a Code of Student Conduct and Honor Code. These regulations guide students in achieving personal and academic goals and help the university function in an orderly way. Since students voluntarily associate themselves with Texas State, they should know that these rules are honestly and faithfully enforced. The rules include clear prohibitions against sexual or discrimination and racial harassment.

Texas State has established a grievance procedure for the prompt and equitable resolution of complaints related to illegal discrimination or harassment. Texas State, to the extent not in conflict with federal or state law, prohibits discrimination or harassment on the basis of race, color, national origin, age, sex, religion, disability, veterans’ status, sexual orientation, gender identity, or expression. This grievance procedure is described in University Policy and Procedure Statement 04.04.46 (http://www.txstate.edu/effective/UPPS/UPPS-04-04-46.HTML), Prohibition of Discrimination. The Texas State University System Sexual Misconduct Policy outlines our policy and procedure related to Title IX (sexual misconduct). Students should follow the procedures for reporting instances of discrimination or harassment.

The administration and faculty encourage students to participate in managing Texas State through its system of advisory councils and committees. Students are invited to serve as voting members on many of these groups, and are expected to contribute actively to their success. Students may submit recommendations for changes in policy, not only through the committee structure, but also through their own student government.

In 1990, Congress enacted the Crime Awareness and Campus Security Act of 1990 which amended the Higher Education Act of 1965. In 1998, the law was renamed the Clery Act. This law requires institutions that participate in the federal student financial aid programs to disclose crime statistics and security information to the campus community. Among such requirements, the university must prepare and distribute an Annual Security and Fire Safety Report (ASFSR) annually. The ASFSR must include crime statistics for the three most recent calendar years concerning reported crimes that occurred on campus; in on-campus student housing facilities; in noncampus buildings or property owned or controlled by the university or a recognized student organization; and on public property within, or immediately adjacent to and accessible from, the campus. Additionally, the report contains information about
The third goal of this plan states that by 2030, all graduates from Texas public institutions of higher education will have completed programs with identified Marketable Skills. A key short-term milestone associated with this goal states that:

- By 2020, institutions will have created and implemented a process to identify and regularly update Marketable Skills for each of their programs, in collaboration with business and other stakeholders.

Marketable Skills in the 60x30TX plan are defined as: Those skills valued by employers that can be applied in a variety of work settings, including interpersonal, cognitive, and applied skill areas. These skills can be either primary or complementary to a major and are acquired by students through education, including curricular, co-curricular, and extracurricular activities. The Marketable Skills goal emphasizes the value of higher education in the workforce. Students need to be aware of the Marketable Skills that they acquire through their academic programs.

Texas State has developed Marketable Skills for all of its degree and certificate programs. In compliance with the 60x30TX plan, Texas State has developed a Marketable Skills reporting system for all faculty program coordinators, department chairs, school directors, and college deans to effectively report and annually review the Marketable Skills that students acquire from their degree and certificate programs.

To view program specific marketable skills visit: https://www.provost.txstate.edu/resources/marketable-skills.html.

As required by the Texas Occupations Code, Section 1, Chapter 53, Sections 53.151 – 53.152, amended in 2017 by House Bill 1508, if you are applying for admission to or currently enrolled in an educational program that may prepare an individual for an initial occupational license as defined under Texas Occupations Code Section 58.001 and/or if you later decide to change to an educational program that prepares you for an initial occupational license as defined under Texas Occupations Code Section 58.001, in accordance with state law, please be advised of the following:

1. An individual who has been convicted of an offense may be ineligible for issuance of an occupational license upon completion of the educational program.
2. Each licensing authority that may issue an occupational license to an individual who completes an educational program must establish guidelines that state the reasons a particular crime is considered to relate to a particular license and any other criterion that affects the decisions of the licensing authority.
3. Local or county licensing authorities may issue additional guidelines related to criminal history. Applicants should contact their respective local or county licensing authority for more details.
4. A person may request a criminal history evaluation letter regarding the personal eligibility for a license issued by a licensing authority under Texas Occupations Code Section 53.102.

Applicants are encouraged to review all applicable eligibility requirements related to the respective occupational license. Questions related to eligibility requirements should be directed to the applicable licensing authority.

A list of the Texas State University degree and certificate programs that prepare a student for an initial occupational license as defined under Texas Occupations Code Section 58.001 is available here. (http://
Abandoned and unclaimed personal property discovered on campus is turned over to the University Police Department (UPD) Community Engagement Office. UPD utilizes Crowdfind Program to assist with managing abandoned and unclaimed personal property and is located on the UPD website under programs and services. Items of value should be sent or brought to UPD for safekeeping. Examples of these items: are credit cards, wallets, jewelry, watches, handbags, computers, computer storage, storage media, electronic devices and items considered valuable. All other property found on campus map be disposed of by the department that oversees the building in which the property was found. Examples include inexpensive clothing, personal care supplies, and similar items that do not include ownership identification. Abandoned and unclaimed property held by UPD will be disposed of after 60 days. For further information please see UPS 05.01.20 Abandoned and Unclaimed Property (https://policies.txstate.edu/university-policies/05-01-20.html).

Academic advising is an educational process that, by intention and design, facilitates students’ understanding of the meaning and purpose of higher education and fosters their intellectual and personal development toward academic success and lifelong learning (National Academic Advising Association, 2004).

Purpose
As an integral part of teaching and learning at Texas State academic advising is a student-centered collaborative process that engages students in educational planning to promote academic, personal, and professional development, while considering diverse interests, abilities, and goals.

Academic advising is essential to student success and fosters the retention and graduation of undergraduate students. In consultation with an advisor, students establish and refine educational and career goals that align with their individual aspirations and skills. Professional academic advisors are available to assist students throughout the year. Students are encouraged to meet with advisors on a regular basis for assistance selecting semester courses, understanding curriculum information, and planning for graduation. Additional advising resources include the undergraduate catalog and the university’s official degree audit system, Degree Works.

Academic advisors at Texas State University adhere to the standards and guidelines published in CAS Professional Standards for Higher Education by the Council for the Advancement of Standards in Higher Education (CAS). Advisor membership in the National Academic Advising Association (NACADA) provides professional guidance in campus-wide advising philosophies.

In order for the advising partnership to be successful, students and advisors have a shared responsibility in the academic advising process.

Student Responsibilities
- Identify personal values and academic goals related to your degree program
- Schedule timely, regular appointments with your academic advisor
- Prepare for your appointment by reviewing your degree audit and identifying specific questions for your advisors
- Arrive to advising appointments on time and bring any identification or documentation as required by your college advising center
- Participate fully in the advising experience by asking questions, seeking clarification, and providing accurate information regarding your interests and abilities
- Review curriculum requirements for your degree program (e.g., required courses, prerequisites, minimum GPAs) and select courses that are degree applicable
- Follow through with all advisor recommendations and keep a personal record of progress toward meeting goals
- Comply with all university and college policies, procedures, and deadlines
- Apply for graduation at the beginning of the semester you intend to complete all degree requirements

Advisor Responsibilities
- Encourage students to develop clear and attainable goals
- Ensure advising services remain accessible and available throughout the year
- Understand and effectively communicate curriculum information, graduation requirements, and university and college policies and procedures
- Provide clear and accurate information in all advising correspondence and documentation
- Help students understand the purpose of higher education and its effects on academic and personal development
- Foster a supportive and inclusive environment for all students
- Encourage students to think critically and make independent decisions regarding their education and career
- Maintain confidentiality as required by the Family Educational Rights and Privacy Act (FERPA)
- Provide students with information on campus resources and refer to campus partners as needed

Change of Degree Plan
Deciding on a major, minor, concentration, or certification is an important step in a student’s academic career. The process for changing the curriculum that makes up a degree plan varies by college; therefore, professional academic advisors are available for consultation throughout the year. It is suggested that students research any curriculum changes and then schedule an appointment with an academic advisor to discuss the change in detail.

We encourage students to make informed decisions concerning interests, abilities, values, and future goals. Students should be aware that changing their degree plan can have potential implications related to financial aid, tuition, and anticipated graduation.

Helpful Resources
- Texas State academic advising (https://advising.txstate.edu/advising-center-by-college/) is a student-centered collaborative process that engages students in educational planning to promote academic, personal, and professional development, while considering diverse interests, abilities, and goals.
- The University Advising Center (https://www.ucollege.txstate.edu/advising/) offers major exploration guidance for students who are still in the process of exploring majors or are unsure about their current major.
• Browse the Undergraduate Catalog (https://mycatalog.txstate.edu/undergraduate/) for Texas State majors, minors, and their requirements.
• Career Services (https://mycatalog.txstate.edu/undergraduate/general-information/career-services/) is available to help you research majors, study your options, and plan and implement your professional future.
• The Office of Financial Aid and Scholarships (https://mycatalog.txstate.edu/undergraduate/general-information/financial-aid-scholarships/) can assist with any questions you may have related to the impacts a change of degree plan can have on your financial aid package.
• The Office of Veterans Affairs (https://mycatalog.txstate.edu/undergraduate/general-information/veterans-affairs/) at Texas State University assists veterans in pursuing their educational, professional, or vocational objectives. They are available to answer questions concerning veteran educational benefits, certify enrollments for the Department of Veterans Affairs, and monitor students’ degree plans and academic progress.
• Students are encouraged to review the Tuition for Excessive Undergraduate Hours (https://mycatalog.txstate.edu/undergraduate/general-information/tuition-fees/) policy prior to making a change to their degree plan.
• Students are encouraged to review the Tuition Rebate (https://www.sbs.txstate.edu/billing/Tuition-Rebate-Information.html) policy prior to making a change to their degree plan.

Learn more about Degree Works at http://www.registrar.txstate.edu/resources/degreeworks.html.

Glossary of Terms
Academic Advising Center
Located in each College, the Academic Advising Center houses most of the undergraduate advisors for that College.

Classification
Academic level based on hours earned: 1–29 freshman, 30–59 sophomore, 60–89 junior, and 90+ senior.

Contact Hours
Clock hours spent each week in the instruction process. Contact hours are not course credit hours. Lecture contact hours are the hours per week students are required to spend in contact with faculty in a lecture setting, e.g., class, conference, seminar, individual instruction, private lesson, thesis or dissertation discussion, or independent study. Laboratory contact hours are the number of hours per week that students are required to spend in contact with faculty in an experiential situation, e.g., laboratory clinical, practicum, internship, or student teaching.

Core Curriculum
Serves as the common foundation for all majors and accounts for about 35 percent of the approximately 120 semester credit hours required for a bachelor’s degree. See the Academic Services (http://mycatalog.txstate.edu/undergraduate/general-education-core-curriculum/) section of the catalog for more detailed information.

Co-requisite
A directive from a School or Department that requires a certain action be taken while enrolled in a certain course. A corequisite may be a course, permission from a faculty member, a specified classification, or additional requirements as determined by the faculty.

Course Description
Summarizes the content of the course. May include repeatability information as well as pre-requisites or co-requisites.

Course Number
Courses listed in this catalog and in the Schedule of Classes follow a four-digit numbering system. The first digit indicates the level of the course: 1-freshman, 2-sophomore, 3-junior, 4-senior, 5- and 6-masters, and 7-doctoral. The second digit indicates the number of semester credit hours. The last two digits usually indicate the sequencing of the course in the curriculum. The letter (A, B, C, etc.) at the end of a course number usually indicates a topics course whose content may vary from semester to semester.

Course Prefix
Letters preceding the course number that indicate the subject of the course. For example, CJ = Criminal Justice; ANTH = Anthropology.

Credit Hour
For purposes of this catalog and in accord with federal regulations, a credit hour is:

- not less than one hour of classroom or direct faculty instruction and a minimum of two hours out of class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time;
- at least an equivalent amount of work as outlined in the item above for other academic activities including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours.

A semester credit hour is defined by the Texas Higher Education Coordinating Board as a unit of measure of instruction consisting of 60 minutes, of which 50 minutes must be direct instruction over a 15-week period in a semester system. Credit hours must be presented in whole numbers. Academic administrative units are responsible for ensuring that credit hours are awarded only for work that meets this requirement. Students should expect to invest a minimum of two hours of additional work for each hour of classroom or faculty instruction per week. Additional work often includes reading, studying, writing, conducting research, meeting with tutors, and other learning activities.

Degree Audit
An advising report, through Degree Works software, that shows students progress towards their degrees. Students can request a degree audit report through the Self Service Banner for the degree program(s) in which they are enrolled or for degree programs in which they are interested. Visit http://www.registrar.txstate.edu/resources/degreeworks.html for more information and a video tutorial or contact an academic advisor.

Degree Plan
Set of Texas State University courses that a student may follow in order to achieve the desired bachelor’s degree. The degree plan is a sequence of courses generally recommended for undergraduate students to ensure
completion of the degree or certificate program within a four-year time frame.

**Free Elective**
Course(s) available to students, which are not prescribed, and are selected by students from any undergraduate course in the inventory (unless prerequisite exists).

**Grade Point Average (GPA)**
Texas State uses a four-point system. The GPA is the total number of grade points earned divided by the number of semester hours attempted. Semester grade symbols have the following values: “A” = 4 points; “B” = 3 points; “C” = 2 points; “D” = 1 point; “F” = 0 points. Neither hours nor grades are calculated for “I” (Incomplete), “CR” (Credit), “PR” (Progress), or “W” (Withdraw). “U” (Failure Unearned) and “N” (Failure Never Attended) grades are the same as an “F” and equal 0 points.

**Graduate Student**
A student who has graduated with a bachelor’s degree and is returning to the university to pursue either a master’s or doctoral degree.

**Graduation with Honors**
Students earning a GPA of 3.40-3.59 will graduate cum laude; 3.6-3.79 will graduate magna cum laude; 3.8-4.0 will graduate summa cum laude. To be eligible for graduation with honors a student seeking a baccalaureate degree must have completed a minimum of 54 semester credit hours preceding graduation at Texas State. Graduation in the Honors College is described on p. 47.

**Multicultural Course**
Course identified in the catalog and schedule of classes that offers students an opportunity to enhance their multicultural competence.

**Post Baccalaureate Student**
Student who has completed a bachelor’s degree and returned to the university to take additional course work that will not count towards a second bachelor’s degree.

**Prerequisite**
A directive from a School or Department that requires a certain action be taken before enrolling in a certain course. A prerequisite may be a course, permission from a faculty member, a specified classification, or additional requirements as determined by the faculty.

**Prescribed Elective**
Course(s) available to students from an approved or designated list, often seen as advanced or by course prefix.

**Probation, Academic**
An emphatic warning that the quality of the student’s work has not met Texas State’s minimum academic standards and that the quality must improve during the probationary semester in order for the student to continue at Texas State. A student will be placed on academic probation at the end of the fall or spring semester in which the Texas State GPA is less than 2.00. A student will be removed from academic probation at the end of any long semester or summer term if the Texas State GPA is 2.00 or higher.

**Second Degree Seeking Student**
Student who has completed a bachelor’s degree and returned to the university with the intention to take additional course work that will complete a second baccalaureate degree.

**SLAC**
The Student Learning Assistance Center provides a wide range of academic support programs. Whether students are seeking help with course content, study skills, or test preparation, SLAC provides a walk-in tutoring lab, Supplemental Instruction, campus presentations, and online services.

**Suspension, Academic**
Imposed on students who fail to raise their GPA higher than a 2.00 at the end of the second probationary semester.

**Transcript**
Official Texas State transcripts bear the University Seal and the University Registrar’s signature. The transcript is an official record of a student’s academic course-work.

**Transfer Student**
Student who has attended another institution of higher education prior to enrollment at Texas State.

**TSIP**
The Texas Success Initiative program is a legislatively mandated program for certain college freshmen and transfer students, and is located within University College. Additional information about this program and its requirements can be found in the University College section of this catalog.

**Undergraduate Student**
Student enrolled in course-work with the intent of receiving a bachelor’s degree at Texas State.

**Writing Intensive**
Undergraduate courses for which at least 65 percent of the grade must be based on written exams or assignments, and at least one assignment must be 500 words or more in length. Writing intensive is a designation intended to address the writing policy for undergraduate degree programs.

**How to Interpret a Course Entry in the Catalog**
Academic courses are located alphabetically by course prefix within the school or department in which they are taught. Within each prefix, the courses are listed numerically beginning with freshman level and proceeding through senior level course-work. Graduate courses may be found in the Graduate Catalog.

Texas State reserves the right to withdraw courses at any time, to change its fees or tuition, calendar, curriculum, degree requirements, graduation procedures, and any other requirements affecting students. Changes will become effective whenever authorities determine and will apply to both prospective students and those already enrolled. Questions regarding current information should be addressed to the office of the Provost and Vice President for Academic Affairs.
This section of the catalog contains information about Texas State's general academic policies. All Texas State students should review this information carefully when they enter the University.

As members of a community dedicated to learning, inquiry, and creation, the students, faculty, and administration of our university live by the principles in this Honor Code. These principles require all members of this community to be conscientious, respectful, and honest.

We are Conscientious
We complete our work on time and make every effort to do it right. We come to class and meetings prepared and are willing to demonstrate it. We hold ourselves to doing what is required, embrace rigor, and shun mediocrity, special requests, and excuses.

We are Respectful
We act civilly toward one another and we cooperate with each other. We will strive to create an environment in which people respect and listen to one another, speaking when appropriate, and permitting other people to participate and express their views.

We are Honest
We do our own work and are honest with one another in all matters. We understand how various acts of dishonesty, like plagiarizing, falsifying data, and giving or receiving assistance to which one is not entitled, conflict as much with academic achievement as with the values of honesty and integrity.

The Pledge for Students
Students at our university recognize that, to ensure honest conduct, more is needed than an expectation of academic honesty, and we therefore adopt the practice of affixing the following pledge of honesty to the work we submit for evaluation:

“I pledge to uphold the principles of honesty and responsibility at our university.”

The Pledge for Faculty and Administration
Faculty at our university recognize that the students have rights when accused of academic dishonesty and will inform the accused of their rights of appeal laid out in the student handbook and inform them of the process that will take place:

“I recognize students’ rights and pledge to uphold the principles of honesty and responsibility at our university.”

Addressing Acts of Dishonesty
Students accused of dishonest conduct may have their cases heard by the faculty member. The student may also appeal the faculty member's decision to the Honor Code Council. Students and faculty will have the option of having an advocate present to insure their rights. Possible actions that may be taken range from exoneration to expulsion. Information about the Honor Code Council and its policies and procedures may be found at http://www.txstate.edu/honorcodecouncil/.

Registration Instructions
Instructions on how to register using Texas State Self-Service can be found on the Office of the University Registrar’s registration webpage.

Links to additional information such as the academic calendar, the time ticket schedule, registration holds, instructions for dropping a class, and information regarding withdrawing from a term may also be found there.

Academic Advising
Texas State University encourages all students to seek academic advising before registration for an upcoming term begins and any other time academic questions arise. For some departments, schools, colleges and certain student population, this advising may be mandatory. Students who are undecided about their major are advised through the University College. Other students may be advised through the department of their major and/or in the appropriate college advising center. Advisors help students understand academic requirements and plan schedules to meet those requirements as well as address the choice of majors and career preparation issues.

Undergraduate Student Classification
Classifications are based on the number of overall earned hours. Overall earned hours calculation includes hours earned at Texas State University including courses with grades of CR (i.e. CLEP, AP, departmental exams) and hours earned at other colleges or universities. In-progress courses are not considered in determining classification.

<table>
<thead>
<tr>
<th>Classification</th>
<th>Number of Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman</td>
<td>0-29 hours</td>
</tr>
<tr>
<td>Sophomore</td>
<td>30-59 hours</td>
</tr>
<tr>
<td>Junior</td>
<td>60-89 hours</td>
</tr>
<tr>
<td>Senior</td>
<td>90+ hours</td>
</tr>
</tbody>
</table>

Course Numbers
Courses listed in this catalog and in the Schedule of Classes follow a four-digit numbering system. The first digit indicates the level of the course: 1—freshman, 2—sophomore, 3—junior, 4—senior, 5— and 6—master’s, 7—doctoral. The second digit indicates the number of semester credit hours the course carries. The last two digits usually indicate the location of the course in the department/school's curriculum. A letter (A, B, C, etc.) attached to a course number usually indicates a topics course. The numbers in parentheses following a course title indicate the clock hours per week spent in lecture and in laboratory, respectively.

Texas Success Initiative
The Texas Success Initiative is a state-legislated program that measures students’ skills in Mathematics, English/Language Arts and Reading. All students, except those who are TSI-Exempt, should take an initial TSI assessment test before their first semester in college. Students with disabilities who need reasonable accommodations should contact the Office of Disability Services.

The State of Texas has one approved assessment instrument, the TSI Assessment. This assessment instrument is administered at Texas State University through the Testing, Evaluation, and Measurement Center as well as all two- and four-year public institutions across the state.

Approved Assessment Instruments and Cut-Scores
TSI Assessment 2.0

• College Ready Scores
  • Mathematics - 950-990; OR less than 950 with a Diagnostic Level 6.
26 Texas Legislative Requirements

- English, Language Arts, Reading – 945-990 with an Essay Score of 5 and above; OR less than 945 with an Essay of 5 and above AND a diagnostic of 5 and above.

**TSI Assessment 1.0**

- College Ready Scores Prior to January 11, 2021
  - Mathematics – 350 and above.
  - Reading – 351 and above.
  - Writing - Essay Score of 5 and above; OR Essay Score of 4 with Multiple Choice of 340.

**TSI Exemptions**

Some students are exempt or partially exempt from assessment. A student will be identified as TSI-Exempt or partially exempt when Texas State has received official proof that he or she satisfies any one of the following:

- Earned an associate or bachelor’s degree from an institution of higher education whose accreditation is recognized by SACSCOC (Southern Association of Colleges and Schools Commission on Colleges);
- ACT prior to February 15, 2023: Earned a composite score of at least 23 and at least 19 on the Mathematics and/or English components of an ACT test which is no more than five years old.
- ACT on or after February 15, 2023: Earned a combined score of 40 on the English and Reading (E+R) tests and earned a score of 22 on the Mathematics test.
- SAT: Earned an evidence-based score of 480 for Reading and Writing and a score of 530 for Mathematics on an SAT test which is no more than five years old. The writing section of the SAT is not considered.
- STARR: Earned a minimum score of 4000 (Level II) on English III (EOC) and a minimum score of 4000 (Level II) on Algebra II (EOC).
- Enrolled in a certificate program of one year or less (Level-One certificates, 42 or fewer semester credit hours or the equivalent).
- Previously attended any institution of higher education and has been determined to have met readiness standards by that institution.
- Is serving on active duty as a member of the armed forces of the United States, the Texas National Guard, or as a member of a reserve component of the armed forces of the United States and has been serving for at least three years preceding enrollment.
- Was honorably discharged, retired, or released from active duty as a member of the armed forces of the United States or the Texas National Guard or service as a member of a reserve component of the armed forces of the United States on or after August 1, 1990.
- Is a non-degree seeking or non-certificate seeking student.
- ESOL Waiver: Texas State may grant a temporary waiver from the assessment required under this title for students with demonstrated limited English proficiency in order to provide appropriate ESOL/ESL coursework and interventions.

The office of Undergraduate Admissions must receive the student’s transcript and ACT, SAT, or STAAR scores in order to receive the corresponding TSI exemption.

**Developmental Education**

If students do not meet the requirements of one or more parts of the initial assessment test, they will be required to participate in an individualized developmental education program that will prepare them for freshman-level coursework in the area of deficiency. The program may require re-testing, enrollment in developmental courses, and/or participation in lab-based education. The student and a Texas Success Initiative representative will jointly determine the appropriate path for the student to meet TSI requirements.

**Out-of-State/Private School Transfers**

A student who is transferring coursework from a private or out-of-state school may not need to take an assessment test. This rule has many restrictions, and students should check with the Texas Success Initiative Office before assuming this applies to them. The following statements apply to exact transfer courses and not to elective a non-advanced (ELNA) courses taken at private or out-of-state schools. A student who transfers a grade of “A”, “B”, “C”, or “D” in a course evaluated to be the equivalent of one the following Texas State courses is TSI exempt in Mathematics as a result of the course equivalency:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 1312</td>
<td>College Statistics and Algebra</td>
<td>3</td>
</tr>
<tr>
<td>MATH 1315</td>
<td>College Algebra</td>
<td>3</td>
</tr>
<tr>
<td>MATH 1316</td>
<td>Survey of Contemporary Mathematics</td>
<td>3</td>
</tr>
<tr>

If a student has passed some but not all components of the TSI assessment, they should take the remaining parts of the test prior to attempting to register for classes at Texas State.

Incoming students who have taken an assessment test but have not submitted their scores to Texas State should send their scores using the
Texas State University 2023-2024 Catalog - DRAFT COPY

information located at: https://accuplacer.collegeboard.org/accuplacer/pdf/how-access-test-scores-from-student-portal.pdf

History and Government

Pursuant to Texas Education Code §51.302, every student graduating from a state-supported college or university must complete six semester hours of American history (HIST 1310 (https://current.mycatalog.txstate.edu/search/?P=HIST%201310) and HIST 1320 (https://current.mycatalog.txstate.edu/search/?P=HIST%201320) at Texas State University) and six semester hours of American government (POSI 2310 (https://current.mycatalog.txstate.edu/search/?P=POSI%202310) and POSI 2320 (https://current.mycatalog.txstate.edu/search/?P=POSI%202320) at Texas State University). According to current law, the university may grant up to three semester hours of credit to the core curriculum history requirement for substantially equivalent work completed by a student in the program of an approved senior ROTC unit, and up to three hours to the core curriculum government requirement (POSI 2320 (https://current.mycatalog.txstate.edu/search/?P=POSI%202320) only) for substantially equivalent work completed by a student in the program of an approved senior ROTC unit.

Field of Study (FOS) & Field of Study Curricula (FOSC)

A Field of Study (FOS) is a selection of lower-division courses guaranteed by state law to transfer and apply to a degree program. Unless repealed or replaced, FOS in effect as of March 1, 2021 will remain in effect until August 31, 2025, upon which date those FOS expire by operation of law. FOS in the following academic areas are pertinent to degree programs offered at Texas State University: Accounting, Art, Biology, Civil Engineering, Communication Studies, Computer Information Systems, Computer Science, Criminal Justice, Economics, Electrical Engineering, Engineering Technology, English, Finance, History, Journalism, Management, Marketing, Mass Communication, Mathematics, Microbiology, Music, Nursing, Political Science, Psychology, Social Work, Sociology, Studio Art, Theatre, and Wildlife Biology.

Beginning in March 2021, the Texas Higher Education Coordinating Board adopted revised transfer rules that establish a new framework for transfer curricula, including new Field of Study Curricula (FOSC). More information can be found regarding FOS and FOSC at the Texas Higher Education Coordinating Board website (https://www.hghered.texas.gov/institutional-resources-programs/public-universities-health-related-institutions/transfer-resources/texas-transfer-framework/).

Degree Plan

Upon enrollment, all degree-seeking students are provided with a degree plan through Degree Works, a degree audit software. Based upon the student’s major, this online system displays the courses required for graduation, tracks the student’s progress and maintains an up-to-date list of their remaining course-work. Students and advisors use this tool to facilitate enrollment in appropriate courses and to monitor progress toward the degree. (Texas Education Code, Chapter 51, Section 51.9685)

Catalog Designation

The catalog designation a student receives when entering Texas State determines the curriculum and other academic policies that apply to the student. Catalog designations are made according to the following guidelines:

1. Students with no prior college work are assigned to the current catalog.
2. Students with prior college work:
   a. Students with prior college work from out-of-state or private institutions are assigned to the current catalog.
   b. Students with prior college work during the last six years, solely from Texas public institutions of higher education, are assigned to the Texas State catalog which was in effect at the time of the student’s initial college enrollment.
3. Returning Texas State students (Any Texas State student who does not enroll in the university for one long semester but wishes to return is considered a returning student. Refer to "Readmission of Returning Texas State Students (http://mycatalog.txstate.edu/undergraduate/general-information/admissions/readmission-returning-students/"):
   a. Returning students whose initial Texas State enrollment was more than six years ago are assigned to the current catalog.
   b. Returning Texas State students whose initial Texas State enrollment was within the last six years and who have completed fewer than 30 hours of college work elsewhere during the interim retain their initial Texas State catalog designation.
   c. Returning Texas State students whose initial Texas State enrollment was within the last six years and who have completed 30 or more hours of college work elsewhere during the interim are assigned to the current catalog.
4. Students may graduate under the requirements for the degree set forth in the Texas State catalog in force during the semester in which they first enroll, provided they graduate within six years from the end of the semester. Transfer students who have been assigned a Texas State catalog based on their first semester at a Texas junior college have six years from the end of the semester upon which their catalog designation was based to graduate, not six years from their initial semester at Texas State. After the expiration of such a period of time, students may have to meet requirements outlined in the current catalog.
5. A college dean may change the catalog designation.

Per Texas Administrative Code, Rule 4.25 (https://texreg.sos.state.tx.us/public/readtac.Sext.TacPage/?sl=R&app=9&p_dir=&p_rloc=&p_tloc=&p_ploc=&pg=1&p_tac=&ti=19&pt=1&ch=4&rl=2&%20%20Administrative%20Code&text=(a)%20Each%20Institution%20of%20Higher%20Education%20shall%20be%20assigned%20an%20institutional%20catalog%20that%20establishes%20the%20requirements%20for%20the%20degree%20in%20the%20field%20of%20the%20student%20in%20the%20catalog.): each institution of higher education shall permit a student who transfers from another Texas public institution of higher education to choose a catalog for the purpose of specifying graduation requirements, based upon the dates of attendance at the receiving institution and at the transferring institution, in the same manner that a non-transfer student may choose a catalog.

Each Texas public institution of higher education shall include information about graduating requirements under a particular catalog in its official publications, including print and electronic catalogs.

Public Access to Course Information

Information on Texas State’s compliance with HB 2504 to provide public access to course information may be found at the following website: hb2504.txst.edu. (https://hb2504.txst.edu/) Contents include course syllabi, curriculum vita for the instructor of record, departmental budget reports, end-of-course evaluations of faculty and current work-study job openings. Information on Texas State’s undergraduate classroom
courses, including lecture and seminar courses, can be found under the Schedule of Classes via Texas State Self-Services Banner.

**Course Load**

The following regulations govern the number of credit hours an undergraduate student may carry during a given term:

1. Fall or Spring Semesters: Students enrolled in 12 or more credit hours are considered full-time students. Students in good academic standing may register for up to 18 credit hours each semester. Graduating seniors or other students with a Texas State GPA of 3.50 or higher may register for 19 or more credit hours with approval from their academic dean.
2. Summer Term: Students enrolled in 12 or more hours combined over the summer term are considered full-time students. Students in good academic standing may register for up to 10 credit hours in each of the parts of summer term.

Only in exceptional circumstances, and only with the approval of the college dean, will students be allowed to exceed the stated course load limitations. In any regular semester or summer term during which a student is enrolled at Texas State, the course load limitations apply to all work attempted, whether at Texas State or elsewhere.

**Credit Hour**

For purposes of this catalog and in accord with federal regulations regarding the definition and assignment of credit hours under section 600.0 and 600.24(f) of the Higher Education Opportunity Act, a credit hour is an amount of work that reasonably approximates:

- not less than one hour of classroom or direct faculty instruction and a minimum of two hours out of class student work each for approximately 15 weeks for one semester or trimester hour of credit, or 10 to 12 weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time;
- at least an equivalent amount of work as outlined in the item above for other academic activities as established by the institution including laboratory work, internships, practicum, studio work, and other academic work leading to the award of credit hours.

A semester credit hour is defined by Texas Higher Education Coordinating Board as a unit of measure of instruction consisting of 60 minutes, of which 50 minutes must be direct instruction over a 15-week period in a semester system. Credit hours must be presented in whole numbers. Academic administrative units are responsible for ensuring that credit hours are awarded only for work that meets these requirements. Students should expect to invest a minimum of two hours of additional work for each hour of classroom or faculty instruction per week.

**Adds and Drops/Schedule Changes**

Information regarding schedule changes can be found on the Office of the University Registrar’s website at www.registrar.txst.edu/registration.html (https://www.registrar.txst.edu/registration.html). Schedule changes and withdrawal dates are published each term in the official university calendar that can be found at: www.registrar.txst.edu/registration/ac.html (https://www.registrar.txst.edu/registration/ac.html).

For assistance, contact the Office of the University Registrar.

**Class Attendance**

Texas State expects students to attend every scheduled class meeting. General requirements for class attendance are as follows:

1. Faculty are encouraged to establish mandatory attendance requirements in each course.
2. Each faculty member will inform students of the course attendance policy at the initial class meeting.
3. Students are responsible for understanding the attendance policy for each course in which they enroll and for meeting the attendance requirements.
4. Failure to meet the attendance requirements in a course may lower a grade.
5. Students who do not begin attendance will be administratively dropped from the course during the roster certification period.

**Religious Holy Days**

“Religious holy day” means a holy day observed by a religion whose places of worship are exempt from property taxation under Section 11.20, Tax Code. In accordance with Texas Education Code Section 51.911, if a student notifies the instructor(s) of each class from which they are absent due to the observance of a religious holy day, the student will be allowed to take an examination or complete an assignment scheduled for that absent day within a reasonable time after the absence. The Education Code includes excused absences for travel to and from the religious holy day observance. The student may make up class assignments or examinations without penalty within a reasonable time after the absence. A student who is excused under this section shall not be penalized for the absence, but the instructor may appropriately respond if the student fails to satisfactorily complete the assignment or examination within a reasonable time. Each instructor may establish additional procedures to accommodate the needs of students who are absent from classes to observe a religious holy day. These procedures must not conflict with the state law. Coordinating Board rules now provide for an appeal of a disagreement between the student and a faculty member over an absence related to a religious holy day. If a student and an instructor disagree about the nature of the absence being for the observance of a religious holy day, or if there is a disagreement about whether the student has been given a reasonable time to complete any missed assignments or examinations, either the student or the instructor may request a ruling from the President or the President’s designee. The President or the President’s designee must consider the legislative intent of Education Code Section 51.911. The student and instructor shall abide by the decision of the President or the President’s designee. The academic dean of each college serves as the President’s designee to hear requests for decisions on these matters from either the faculty member or the student. Any questions concerning this policy should be directed to the office of the Dean of Students.

**Number of Drops**

In 2007, the Texas Legislature enacted Senate Bill 1231, which provides that, except for specific instances of good cause, undergraduate students entering as first-time freshmen at a Texas public institution of higher education in the fall of 2007 or later will be limited to a total of six dropped courses during their undergraduate career.

Under Texas Education Code Section 51.907 “an institution of higher education may not permit a student to drop more than six courses, including any course a transfer student has dropped at another institution of higher education.” This law applies to courses dropped at
public institutions of higher education in Texas, including community and technical colleges, health science centers that offer undergraduate programs, and universities. Some courses will not count against the six-drop limit. These include courses dropped at independent or private Texas institutions, courses dropped while the student is still enrolled in high school, developmental courses, non-funded courses or courses dropped at colleges in other states. For the purposes of this law, a “dropped course” is defined as a course that is dropped after the census date, but before the last day to drop.

Dropping a Class
Dropping a class is an official action whereby students inform Texas State that they will cease attending a class in which they are enrolled while remaining enrolled in at least one credit hour. Refer to the registration instructions at www.registrar.txst.edu/registration.html for details dropping a class.

1. The drop deadline is the first 60 percent of the term. Please refer to the academic calendar on the website of the University Registrar’s website for the most recent current dates.
2. A “W” grade will be assigned automatically when a student drops one or more classes by the automatic “W” deadline, the first 60 percent of the term.
3. After the drop deadline, students will be unable to drop individual classes and will receive the grade (A, B, C, D, F, U, or I) earned in the course. To initiate an appeal to drop a class or classes after the semester has ended the student must provide:
   a. a written letter of appeal and
   b. documentation of extremely extenuating circumstances to the appropriate chair(s).

Withdrawal from all Classes
Withdrawal from the current term (dropping all classes and going to zero hours) is an official action whereby a student submits the online withdrawal form that goes to the Office of the University Registrar, thus dropping out of the university. Faculty assign “W” grades when a student formally withdraws during the six-drop limit. These include courses dropped at independent or private Texas institutions, courses dropped while the student is still enrolled in high school, developmental courses, non-funded courses or courses dropped at colleges in other states. For the purposes of this law, a “dropped course” is defined as a course that is dropped after the census date, but before the last day to drop.

Auditing a Course
To audit a course, a student must be admitted to Texas State University. After the student has registered for classes, they must complete an online Audit Request Form found on the University Registrar’s website by the census date for the term. Check the University Registrar’s website for the exact date. A student will pay the same fees as if the course were taken for credit and the course will be entered on their transcript with a grade of “AU”, but the student will not receive credit for the course.

Senior citizens, 65 or older, may audit courses without payment of a fee if space is available. Registration is permitted just prior to the start of the term with reductions made by the tuition adjustment clerk in Student Business Services, after registering.

For more information on auditing a class, please visit the Office of the University Registrar’s website: www.registrar.txst.edu/registration/reg-home/audit.html.

For more information on registering as a senior citizen, 65+ years of age, please visit the Office of the University Registrar’s website: www.registrar.txst.edu/registration/reg-home/65-registration.html.

Grade Symbols
Grades at Texas State are indicated by the following symbols: “A”- excellent; “B”-good; “C”-average; “D”-passing; “F”-failure-earned; “U”-failure-uneearned (student was not academically engaged until end of term) or withdrawn failing; “DA” (Dropped administratively due to never attending); “CR”-credit; “NC”-not completed correspondence course. A grade of “PR” which is temporary and non-punitive, may be assigned in selected courses where the required clock hours needed to complete requirements extend beyond the regular semester or summer session. A grade of EP (emergency passing) may be used during significant disruptions to academic operations created by health pandemics or natural disasters. The EP grade indicates passing credit given and counts toward attempted hours, excess hours and repeat calculations. The EP grade does not count in GPA calculations.

Incomplete Grades
The “I” grade may be assigned when a student, for non-academic reasons beyond their control, has not completed a portion of the course. If a student needs to repeat a course or a significant portion of a course, a “W”, “F”, or “U” grade should be assigned according to regulations governing the assignments of such grades. An “I” grade from Texas State will not count as hours completed until another grade is assigned.

One year from the semester in which a Texas State “I” grade is assigned, or a time period specified by the instructor, whichever is shorter, the grade will automatically be changed to an “F” if the coursework has not
been completed. The grade of "I" may be changed only to another letter grade and may not be extended beyond one year from term in which the original grade was assigned. A grade of "I", once changed to an "F" or another letter grade, may not be changed back to a grade of "I".

Once the grade of "I" has been changed to another letter grade, it will be computed in the student's grade point average (GPA). An "I" grade transferred from another institution remains as "I" on the Texas State record until an updated transcript is received from the other institution.

An undergraduate student cannot graduate with an "I" grade on their record. If the student wishes to graduate and if the course is not needed for a degree requirement, the "I" grade will have to be converted to an "F" regardless of whether the one-year time period has passed or not. A grade change request may be submitted by no later than the end of the final examination period before the student's graduation. If no grade change request is received, the grade of "I" will convert to an "F" and will be computed in the student's GPA. For more information, see AA/PPS No. 02.03.12 Grades and Grade Changes.

Withdrawal Grade

A "W" grade cannot be assigned if the student has not officially dropped the course within the semester deadline. A grade of "W" is assigned if a student drops a course by the Automatic "W" Drop/Withdrawal Deadline (see University Calendar in this catalog). After the Automatic "W" Drop/Withdrawal Deadline, a "U" or "W" will be assigned depending on whether the student is passing ("W") or failing ("U") the course at the time the drop/withdrawal action is officially completed. For a complete list of grades currently and previously used at Texas State visit the Office of the University Registrar’s website at www.registrar.txst.edu/our-services/grades.html (https://www.registrar.txst.edu/our-services/grades.html).

Grade-Point Average (GPA)

Texas State utilizes the four-point system. The GPA is the total number of grade points earned divided by the number of semester hours attempted. Semester grade symbols have the following values: "A" = 4 points; "B" = 3 points; "C" = 2 points; "D" = 1 point; "F" and "U" = 0 points. Neither hours nor grades are calculated for "I", "CR", "PR", "NC", or "W". To maintain an average of "C", grade points divided by semester hours attempted must equal at least 2.00.

The Texas State GPA for all work attempted at Texas State is used to determine whether a student is meeting minimum academic standards. Beginning in the fall of 1991, this Texas State GPA will be calculated by the procedures described in the section titled "Repeating Courses" (see below). Courses taken at other schools will not be included in the institutional GPA at Texas State.

Change of Grade

An individual course grade may be changed when the involved faculty member certifies to the Office of the University Registrar that an error was made in computing the original grade. The grade change must be approved by the department chair/school director and the appropriate college dean. Students who wish to protest a grade earned in a course should first discuss the grade with the instructor. If no resolution is reached, the student may appeal the grade to the department chair/school director. If no satisfactory conclusion can be reached at this level, the student may appeal to the college dean whose decision is final. In accordance with Texas State’s records retention policies, a student appeal for a change of grade must be filed no later than 2 years after the grade is issued.

Transcripts

Effective fall 1991, Texas State transcripts will separate transfer coursework from Texas State course work. Transfer work will be listed first and will show the number of hours transferred. Texas State coursework listed chronologically will follow any transfer coursework. The transcript will show Texas State hours attempted, Texas State hours passed, Texas State grade points and Texas State GPA.

Repeating Courses

Effective fall 1991, a student may repeat a course, but cannot receive credit for the course more than once unless the course description in the catalog specifically provides that the course may be repeated for credit. When a course is taken more than once from Texas State, the second grade (first repeat) and all subsequent grades (repeats) are included in computing the Texas State hours attempted, grade points earned and GPA. W, I, PR, and RP grades are excluded. If the last grade in a repeated course is lower than an earlier grade, the last grade is used to determine whether the course fulfills university requirements. If the last time a course is taken is from another school, that course will meet degree requirements, but the last grade at Texas State counts towards the Texas State GPA. A course taken for transfer credit must be repeated as transfer credit to count as a repeat. When a course is taken more than once from a transfer institution, the second grade (first repeat) and all subsequent grades (repeats) are included in computing the Overall hours attempted, grade points earned and GPA. "W" and "I" grades are excluded.

Student Indebtedness

All University property in a student's possession must be returned and all debts to Texas State, including past due indebtedness to loan funds, must be satisfactorily adjusted before the student is eligible to receive a statement of good standing, an official transcript of credit, graduation, or re-admission to Texas State. Moreover, continued failure to adjust such debt may result in the student's losing the privilege of attending class.

Minimum Academic Standards

Students must meet minimum academic standards in work completed at Texas State. Those who fail to do so are placed on academic probation or academic suspension, as appropriate. In determining whether a student is placed on probation or suspension, only grades earned at Texas State are considered.

Academic Probation

Academic probation is an emphatic warning that the quality of the student's work has not met Texas State's minimum academic standards and that the quality must improve during the probationary semester in order for the student to continue at Texas State. A student will be placed on academic probation at the end of the fall or spring semester in which the Texas State GPA is less than 2.00. A student will be removed from academic probation at the end of a semester if the Texas State GPA is 2.00 or higher.

Students placed on academic probation are given two probationary semesters (fall or spring terms) to raise their Texas State GPA to 2.00. For example, if a student is placed on academic probation because the Texas State GPA has fallen to 1.85, then at the end of the two following probationary semesters the Texas State GPA must be 2.00 or higher, or
the student will be placed on first academic suspension. Grades earned in developmental coursework, in which neither hours nor grades are calculated toward the GPA, will not affect a student’s academic standing.

Policies Governing First Academic Suspension

A first academic suspension will be for the first long semester following placement on academic suspension. The academic standing on the transcript will be noted as “Suspension 1”.

If there are extenuating circumstances, students may appeal for reinstatement to the appropriate college dean or designee for reinstatement. A student suspended from one college of Texas State may not be reinstated by the dean of another undergraduate college. Deans may, at their discretion, impose conditions regarding course load limits, workload limits, counseling, etc. If the dean denies reinstatement, the student may then appeal to the Suspension Appeals Committee. Contact the specific college for the deadlines to appeal at both levels. If reinstatement is allowed, the academic standing will be updated on the transcript to “Suspns1-Reinstated on Probation”. The transcript will also include the notation “Reinstated for__, Enters on Academic Probation” in the term comments field.

Unless other special conditions are imposed by the dean or the Suspension Appeals Committee, students granted reinstatement and re-admitted on academic probation are given two probationary terms (fall or spring terms) to raise their Texas State GPA to 2.00.

In addition to any special conditions imposed by the dean or the Suspension Appeals Committee, students must meet the conditions under “Academic Probation” explained previously. At the end of the second probationary semester, if the Texas State GPA is less than 2.00, the student will be placed on second academic suspension.

Policies Governing Second Academic Suspension

Students who fail to meet the minimum academic standards defined above will be placed on academic suspension for a second time, for a period of two calendar years. The academic standing on the transcript will be noted as “Suspension 2”.

If there are extenuating circumstances, students may appeal to the appropriate college dean for reinstatement. If reinstatement is denied, students may then appeal to the Suspension Appeals Committee. Contact the specific college for the deadlines to appeal at both levels. If the appeal is approved, students may return to Texas State on academic probation, subject to special conditions imposed by the dean or the Suspension Appeals Committee regarding course load limits, workload limits, counseling, etc. The academic standing on the transcript will be updated to “Suspns2-Reinstated on Probation”. The transcript will also include the notation “Reinstated for__, Enters on Academic Probation” in the term comments field. If reinstatement is allowed after one long term, prior to the end of the second calendar year, students must apply for re-admission to Texas State (refer to Program D in the Admissions section). In addition to any special conditions imposed by the dean or the Suspension Appeals Committee, students must meet the conditions under “Academic Probation” explained previously. At the end of the second probationary semester, if the Texas State GPA is less than 2.00, the student will be placed on a third academic suspension.

Readmission Following a Second Academic Suspension

At the end of the two-year period for a second academic suspension, students may apply for re-admission to Texas State (refer to Program D in the Admissions section). Students who re-enter Texas State following an academic suspension do so on academic probation. The academic standing on the transcript will be updated to “Suspns2-Reinstated on Probation”.

Policies Governing Third Academic Suspension

Students who fail to meet the minimum academic standards defined above will be placed on academic suspension for a third time. Students on a third suspension may not continue at Texas State. The academic standing on the transcript will be noted as “Suspension 3”.

If there are extenuating circumstances, students may appeal to the appropriate college dean for reinstatement. If reinstatement is denied, students may then appeal to the Suspension Appeals Committee. Contact the specific college for the deadlines to appeal at both levels. If the appeal is approved, students may return to Texas State on academic probation, subject to special conditions imposed by the dean or the Suspension Appeals Committee regarding course load limits, workload limits, counseling etc. The academic standing on the transcript will be updated to “Suspns3-Reinstated on Probation”. The transcript will also include the notation “Reinstated for__, Enters on Academic Probation” in the term comments field. If reinstatement is allowed after one long term, students must apply for re-admission to Texas State (refer to Program D

Readmission Following a First Academic Suspension

At the end of the one long semester period for a first suspension, students may apply for readmission to Texas State for the subsequent semester. Students also must apply for readmission to Texas State following an absence of one long semester or more. Students who re-enter Texas State following an academic suspension do so on academic probation. The academic standing on the transcript will be updated to “Suspns1-Reinstated on Probation”. For specific regulations, refer to paragraph on “Academic Probation”. If the Texas State GPA is less than 2.00 at the end of the second probationary semester, the student will be placed on second academic suspension.
in the Admissions section). In addition to any special conditions imposed by the dean or the Suspension Appeals Committee, students must meet the conditions under “Academic Probation” explained previously. At the end of the second probationary semester, if the Texas State GPA is less than 2.00, the student will be placed on another third academic suspension.

Effect of Suspension on Correspondence or Extension Courses
While on suspension, students may complete a correspondence course in which they enrolled prior to suspension. Students may not enroll in an extension or correspondence course from Texas State while on suspension.

Registering at Another Institution During Suspension
Students who have been placed on academic suspension are not prohibited from registering at another institution; however, such academic work will not change the GPA used for calculating probation and suspension, since only those grades earned at Texas State are calculated in determining probation-suspension status. Students who enroll for 30 or more semester hours at another institution while on suspension from Texas State will be considered transfer students if they return and will be required to have a 2.25 GPA in that work for re-admission.

Exceptions
Cases in which the circumstances are not covered by the above regulations shall be handled at the discretion of the director of Undergraduate Admissions and the college dean.

Degree Audit
In accordance with Section 51.9685 (b) of the Texas Education Code (https://statutes.capitol.texas.gov/docs/ED/htm/ED.51.htm), after completing 30 semester credit hours students should review their degree audit with the college academic advising center or through their major department/school, as determined by college guidelines. The degree audit will list all courses required for graduation. Students also have the option to run their own unofficial audit at any time before seeing their advisor. The audit should be used to determine which courses to take at each registration.

It is highly recommended that students see their academic advisors to review their degree audits within their last 30 hours prior to graduation. Students need to verify that they are meeting the appropriate degree requirements including coursework and grade-point averages in all courses taken at Texas State and in the major and minor fields of study. If any of the grade-point averages are below the minimums required for graduation, the degree audit can be used in deciding how to raise the averages in the remaining coursework.

The college dean has the final approval and appeal for all graduation requirements, including but not limited to degree audits, grade point average, courses, prerequisites, graduation application, transfer credit, Texas state coursework, catalog time limit and designation.

Teacher Certification
Any degree that includes preparation for becoming a Texas certified teacher will have special degree and graduation requirements. Please refer to the degree requirements under the appropriate College’s section and to the Teacher Preparation Program (p. 244) section of this catalog.

Application for Graduation
Students must indicate their intent to graduate through applying for graduation at the beginning of their final semester by completing the graduation application using the online process. If a student fails to complete the required courses in time for a planned graduation for that term, the student must reapply for a subsequent graduation. Failure to apply for graduation on time may delay the awarding of the diploma until the following graduation. To allow for the receipt and processing of official transcripts in a timely manner, students taking off-campus courses in their final semester should make sure that the Office of Undergraduate Admissions receives official transcripts as soon as they are available from the sending institution.

Defining Commencement Participation and Graduation
Degree candidates that choose to participate (walk) in a commencement ceremony must attend their corresponding college/department ceremony during the semester they will complete their degree requirements.

Certificate candidates that are simultaneously graduating with a degree (doctoral, specialist, master’s, or bachelor’s) are eligible to participate (walk) in their corresponding college/department ceremony during the semester they will complete both their certificate and degree requirements.

For questions, please contact the academic dean’s office (undergraduate candidates) or The Graduate College dean’s office (graduate candidates).

Graduating (receiving a diploma) and participating (walking across the stage) in the commencement ceremony are two distinctly different things. Candidates will be considered “graduated” when they have met all of the following:

1. Have applied for graduation online by the posted semester deadline
2. Have had their application approved by their respective advising center or The Graduate College
3. Have completed all degree requirements
4. Have had final semester grades posted to their Texas State transcript
5. Have paid any outstanding fees owed to the University
6. The Dean of the respective college, or The Graduate College, has certified candidates as graduates

Participating in the commencement ceremony and having one’s name in the commencement program does not mean that a candidate has completed the requirements for graduation. Ultimately, the final awarding of degrees, honors and mailing of the diplomas is contingent upon satisfactory completion of the appropriate requirements by each candidate and the Dean’s final certification.
Incomplete Grades
Incomplete grades should be cleared through the Office of the University Registrar’s Offices at least ten days before the commencement for which the degree is to be conferred.

Per section 03.03 of AA/PPS No. 02.03.12 Grades and Change of Grades (https://policies.texstate.edu/division-policies/academic-affairs/02-03-12.html), an undergraduate student cannot graduate with an "I" grade on their record. If the student wishes to graduate and if the course is not needed for a degree requirement, the "I" grade will have to be converted to an "F", regardless of whether the one-year time period has passed or not. A grade change request may be submitted by no later than the end of the final examination period before the student’s graduation. If no grade change request is received, the grade of "I" will convert to an "F" and will be computed in the student’s GPA.

Minimum Degree Hours and Advanced Hours
All undergraduate degrees at Texas State require a minimum of 120 semester credit hours, including 36 advanced hours (junior and senior level courses).

Texas State Coursework Requirement
To qualify for graduation with a bachelor’s degree, a student must complete, through Texas State coursework, at least 25 percent of the minimum number of semester credit hours required for the degree; within this requirement, at least 24 semester credit hours must be advanced (junior or senior) and at least 12 hours of the advanced work must be completed in the major at Texas State. Additionally, at least 24 semester credit hours of the last 30 hours completed that are required for the degree must be taken at Texas State. Correspondence, extension, and off-campus coursework completed through Texas State may be applied toward Texas State coursework requirements. Credit-by-examination may not be applied toward Texas State coursework requirements.

Writing Intensive Requirement
Certain Texas State courses are designated as “writing intensive” and are labeled as (WI) in this catalog and the schedule of classes. In order for a course to receive this designation, at least 65 percent of the course grade must be based on written assignments and a minimum of one extended piece of writing must be required. All undergraduate degrees at Texas State require a minimum of 9 semester credit hours of writing intensive courses for graduation. Writing intensive credit must be taken at Texas State.

Minimum Grade-Point Requirements for Graduation
Before graduating from Texas State with a baccalaureate degree, students seeking a first or second bachelor’s degree must satisfy the following minimum grade requirements:

1. A Texas State GPA of 2.00
2. A GPA of 2.25 in the major(s)
3. A GPA of 2.00 in the minor(s)

NOTE: Individual departments/schools as well as degree programs with Teacher Certification may have higher requirements listed in the appropriate sections of this catalog.

Maximum Elective Hours in Courses for the Major or Minor
No more than six semester credit hours within a major or a first teaching field may count as electives after the minimum requirements of the major or teaching field are fulfilled. Likewise, no more than six semester credit hours may be counted as electives in a minor or second teaching field once the minimums have been met. Approval of elective credit beyond these maximums must be granted by the appropriate college dean. If the degree program requires electives, the number of free elective hours a student will complete depends on the number of hours a student may need to achieve the minimum hours, and/or the 36 advanced total hours required.

Second Bachelor’s Degree
Students earning second bachelor’s degrees subsequent to receiving the first bachelor’s degree are eligible for graduation with honors if they complete 48 or more hours at Texas State in pursuit of the second bachelor’s degree. Texas State coursework requirements (as indicated above) apply except that the advanced semester credit hours required are determined by the appropriate college dean.

For students who have already completed a first baccalaureate degree at an accredited college or university, with the approval of the department chair/school director and the college dean, the core curriculum requirements for that degree may be accepted in lieu of Texas State’s general education core curriculum. However, requirements associated with particular degrees, e.g., completion of the second semester of a modern language for a Bachelor of Arts degree, or legislative requirements, e.g., history and government course requirements, must be included in an approved program for a second baccalaureate degree.

Dual Bachelor’s Degrees
If two different bachelor’s degrees are conferred simultaneously, the student must complete a minimum of 30 semester credit hours beyond the requirements of the single degree. Degree audits must be filed in the office of both college advising centers. Graduation will occur when the student has completed requirements for both degrees. Students completing dual bachelor’s degrees receive two diplomas. Refer to the Undergraduate Degree section of the catalog for the different degrees offered.

Double Majors
A student who fulfills the specified requirements for two different majors authorized under a single degree has completed a double major and will receive a single diploma. Both majors appear on the diploma. Contact your advising center for more information on what programs have double majors.

Time Limit for Earning a Degree
Students may graduate under the requirements for the degree set forth in the Texas State catalog in force during the semester in which they first enroll, provided they graduate within six years from the end of the semester. Transfer students who have been assigned a Texas State catalog based on their first semester at a Texas junior college have six years from the end of the semester upon which their catalog designation was based to graduate, not six years from their initial semester at Texas State. After the expiration of such a period of time, students may have to meet requirements outlined in the current catalog. “Requirements for the Degree” refers to the pattern of courses and grade-point averages.
Transfer Credit from Two-Year Colleges

In accordance with rule §4.25 of the Texas Administrative code (https://texreg.sos.state.tx.us/public/readtac$ext.TacPage/?sl=r&app=9&dir=&p_rloc=&p_tloc=&pg=1&p_tac=&ti=19&pt=1&schHid=26), Texas State will apply to a degree up to 66 semester credit hours from an accredited junior/community college. (At the approval of the individual college dean, 6-8 hours may be added.) At the time of transfer, all transferable work attempted at a junior/community college will be recorded on the official transcript. If the number of hours transferred from a junior college exceeds 66, the student’s chair or director will recommend to the college dean how the student will satisfy degree requirements. For more details, see the Undergraduate Admissions (http://mycatalog.txstate.edu/undergraduate/general-information/admissions/) section of this catalog.

J.C. Kellam Building Room 840
Telephone: 512-245-8148 Fax: 512-245-1757

The Athletics Certification office is responsible for obtaining, evaluating and documenting the academic credentials for approximately 400+ student-athletes in accordance with National Collegiate Athletic Association (NCAA) and Sun Belt Conference eligibility rules. This office provides the official certification of eligibility documentation to the Texas State Athletics department.

Dean’s List

To be eligible for the Dean’s List at the close of any fall or spring semester, an undergraduate student must have earned a minimum Grade Point Average of 3.5 in that semester on at least 12 credit hours. Hours and grades earned through Texas State correspondence, testing and developmental courses are not counted in the hours required to be eligible for Dean’s List nor in the GPA calculation for Dean’s List. Extension courses and Graduate courses do count for Dean’s List calculation.

Graduation with Academic Honors

Students earning a GPA of 3.40-3.59 will graduate cum laude; 3.6-3.79 will graduate magna cum laude; 3.8-4.0 will graduate summa cum laude.

Effective fall 2021, to be eligible for graduation with academic honors, a student seeking a baccalaureate degree must have completed at least 48 semester credit hours at Texas State preceding graduation. Calculation of the GPA to determine academic honors status is based on all Texas State work applied to the first baccalaureate degree, including work completed in the final semester.

Hours earned through Texas State correspondence courses and extension courses count toward GPA and academic hours eligibility. Hours earned through Texas State credit-by-examination, work/life experience and other courses that offer only “CR” (pass/fail) grades also count toward academic honors eligibility, but they do not count toward GPA. All coursework to count toward academic honor eligibility must be evaluated and graded by Texas State faculty.

Transfer students who have earned at least 48 semester hours at Texas State are eligible to graduate with academic honors if their Texas State GPA meets the above criteria. Students earning second baccalaureate degrees are eligible for graduation with academic honors if they complete 48 or more semester credit hours at Texas State, meeting the GPA criteria, in pursuit of a second degree. All coursework to count towards academic honors eligibility must be evaluated and graded by Texas State faculty.

Honor Societies

The following honor societies are open to qualified Texas State undergraduates who have a minimum scholastic average of 3.50 (based on grades of the first full semester or on the cumulative average of the first year in college), and who have paid the initiation and lifetime membership fee. For more information, contact University College at univcollege@txstate.edu.

Golden Key National Honor Society

Golden Key recognizes and encourages scholastic achievement and excellence in all undergraduate fields, supports the faculty and administration in developing and maintaining high academic standards, provides economic assistance by means of annual scholarships, and promotes altruistic conduct through volunteer service to Texas State and community. The Golden Key National Honor Society accepts students who have a minimum cumulative GPA of 3.40, have completed 60 college hours (25 of which must have been taken at Texas State), have filed a Member Data Form, and have paid the initiation and lifetime membership fee. For more information, contact the Honors College at honorsadvising@txstate.edu.

Phi Kappa Phi

Phi Kappa Phi is the nation’s oldest, largest, and most selective collegiate honor society for all disciplines. This prestigious honor society was chartered at Texas State in 2013 and 30 members of the faculty, staff, and administration signed the charter petition. To qualify for membership, undergraduates must be juniors who are in the top 7.5 percent or seniors in the top 10 percent of their respective classes. Graduate students must rank in the upper 10 percent of their class. Students who are invited to become members may join by paying the initiation and membership fee and participating in an induction ceremony. In addition to numerous
Texas State believes that freedom of thought, innovation, and creativity are fundamental characteristics of a community of scholars. To promote such a learning environment, the university has a special responsibility to seek diversity, to instill an international perspective in its students, and to nurture sensitivity, tolerance, and mutual respect. The promotion of the values of diversity and equal opportunity for all people through understanding of the contributions and perspectives of people of differing race, ethnicity, culture, language, religion, gender, sexual orientation, and physical abilities and disabilities. (Multicultural Curriculum Transformation in Higher Education, Eds., A. I. Morey and M. K. Kitano, 1997). In support of an increasingly diverse student body, Texas State is dedicated to increasing multiculturalism in the curriculum. Many professors have transformed their courses through the Multicultural Curriculum Transformation and Research Institute coordinated by the Center for Diversity and Gender Studies. Thus, courses are identified in the catalog and schedule of classes that offer students an opportunity to enhance their learning about multiculturalism and global perspectives.

Classification System

The multicultural classification system helps Texas State track multicultural courses to determine the level at which it is providing U.S. and international diversity issues in the curriculum. The system is an accountability measure that is used as a tool to help departments/schools and colleges communicate diversity infusion to faculty, staff, students, and the community through published data reports. The classification system recognizes the significance of multicultural content and multicultural perspectives. Students benefit from multicultural content as well as perspectives.

Definitions

Multicultural Content (MULT): Courses with 60 percent multicultural content (U.S. or international)

Multicultural Perspective (MULP): Courses using a variety of strategies to encourage multicultural literacy, including content, instructional strategies, assessment, and classroom interactions. (When this is the only classification noted, the content is less than 60 percent).

Multicultural Content and Perspectives (MULP, MULT): combination of the above.

Alkek Library

www.library.txst.edu (http://www.library.txst.edu/)

Telephone: 512-245-2686 Fax: 512-245-0392

The Albert B. Alkek Library, located in the heart of the San Marcos Campus, is where students and researchers come to find abundant information resources, cutting-edge technology, and diverse work and study spaces that support successful research and academic endeavors. The Alkek Library is the architectural centerpiece and intellectual hub of the campus and is open year-round with early-morning and late-night hours during the fall and spring semesters. In addition, the library's online services and resources can be accessed through the University Libraries website (library.txst.edu (http://library.txst.edu/)).

Special holdings of the library include The Wittliff Collections (comprised of the Southwestern Writers Collection, the Southwestern and Mexican Photography Collection and the Texas Music Collection) and the University Archives. The Alkek Library is also a selective depository for federal government documents. As a member of the Texas Digital Library, the library's University Scholarship collections (digital.library.txstate.edu/ (http://digital.library.txstate.edu/)) features unique Texas State collections, including scholarly works authored by university faculty, students and staff. A separate repository houses Digital Collections from The Wittliff and University Archives (dc.library.txstate.edu (https://dc.library.txstate.edu/)).

The library's online catalog (catalog.library.txstate.edu (http://catalog.library.txstate.edu)) provides information on its vast resources.

Wireless access to the university network is available within the Alkek Library. Laptop computers may be checked out for building use and there are multiple workstations, laser printers and scanners located throughout the building.

The first floor of the library known as Alkek One, includes a suite of creative technology spaces designed to give students from all disciplines access to resources that will help them explore, create, and discover. These spaces include: the Immersion Studio, for exploring virtual, augmented and mixed realities; MakerSpace, for creating physical innovations; GeoSpace, for GIS and data story telling exploration; DesignSpace for discovering 2D and 3D design possibilities; and the YouStar Studios, for recording audio and video projects and editing polished productions.

The Alkek Library also boasts a Graduate Commons space for graduate students and other education, instruction, and research spaces and features within its seven stories.

The library maintains cooperative borrowing agreements with other libraries in the region. Through TexShare, a statewide resource sharing program, students and faculty may borrow materials held by most public and private university libraries in the state. In addition, books and articles not available through Texas State can be requested through Interlibrary Loan and they will be borrowed from libraries across the country and sometimes even internationally.

LBJ Student Center, 5th Floor

www.careerservices.txstate.edu (http://www.careerservices.txstate.edu) Telephone: 512-245-2645

Career Services prepares, inspires, and empowers students for career success, serving as a bridge between students’ college experience and life after Texas State University. Starting their first year, and continuing beyond graduation, we are here to help support students on their career journey. In addition we help them connect their experiences—whether from the classroom, campus activities, on- or off-campus employment, internships, or even graduate school—to their post-graduation goals.

Among our services are:

Career Planning and Exploration - Career Counselors are available to help you research majors, study your career options, and plan and implement your professional future.

Career Advising and Job Search - Career Educators are also available to further discuss the job search process, including resumes, cover letters, interview skills, salary negotiations, and more.
Internships and Jobs - Using our online job search database, Handshake, students can find part-time and full-time employment, on-campus jobs and internship opportunities.

Employer Connections - Career Services works with employers to create opportunities for students to connect with potential internships and jobs while building their professional network. This is achieved by hosting a wide range of opportunities including career fairs, information sessions, on-campus interviews, and networking events.

LBJ Student Center 5-5.1
www.ods.txst.edu/ (https://www.ods.txst.edu/)
Telephone: 512-245-3451 Fax: 512-245-3452

The Office of Disability Services (ODS) at Texas State University is dedicated to ensuring the equal access to all university programs and activities for students with disabilities through the coordination of academic accommodations and support services. Texas State students should contact the ODS to discuss the services the office can provide and how to register with the office. It is the student’s responsibility to provide documentation of their disability. Forms of documentation include the student’s self-report and evidence from external sources (e.g., medical records, school records).

Texas State University does not discriminate on the basis of disability in the recruitment and admission of students or in the operation of any of its programs and activities. Students with disabilities must meet the same admission requirements as all other prospective students. If a student believes their educational and/or personal goals for success have been negatively impacted due to disability-based reasons, then they may address these issues in the supplemental essay portion of the admission application. Students needing sign language or oral interpreting services for meetings with Admissions, the Office of Disability Services, or their academic advisor should contact the ODS at least one week prior to the event to ensure interpreter availability.

Students with disabilities may receive financial assistance from the following entities: Federal Student Aid, which is an Office of the U.S. Department of Education; the Texas Workforce Commission (TWC); the Texas State University Financial Aid and Scholarships and the Office of Disability Services.

The Office of Disability Services has a procedure for enrolled students to file a concern they may have with a faculty and/or staff member related to their accommodations. Students have the option to raise their concern to a grievance if they feel it is appropriate; however, an ODS staff member may raise a concern into a grievance if deemed appropriate. Texas State University has established grievance procedures for the prompt and equitable resolution of complaints related to accommodations associated with a disability and illegal discrimination on the basis of disability, which are outlined respectively in the ODS Dispute Resolution Procedure and UPPS No. 04.04.46 (http://www.txstate.edu/effective/UPPS/UPPS-04-04-46.HTML), “Prohibition of Discrimination”. Students who have concerns or complaints should contact the ODS Director at 512-245-3451 or ods@txstate.edu.

J.C. Kellam Building Room 240
www.financialaid.txstate.edu (http://www.financialaid.txstate.edu)
Email: financialaid@txstate.edu
Telephone: 512-245-2315

Texas State makes every effort to help students who need assistance in paying for the cost of their education. Interested students should contact Financial Aid and Scholarships or visit the office’s website to view the types of assistance that are available.

Federal and State Aid Programs
Texas State participates in both federal and state financial aid programs. Students with sufficient financial need can benefit from such grants as the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, TEACH Grant, Iraq-Afghanistan Service Grant, Texas Grant, Texas State Tuition Grant and Texas Public Educational Grant. Aid is offered in the form of grants, work study, student and parent loans, and scholarships.

Applying for Financial Aid
To apply for financial aid, a student must complete and submit the Free Application for Federal Student Aid (FAFSA) online at https://studentaid.gov/h/apply-for-aid/fafsa (https://studentaid.gov/h/apply-for-aid/fafsa/) and include the Texas State University school code – 003615.

Deadlines
• January 15 is the priority date for filing a FAFSA for the upcoming academic year (fall and spring). If the deadline is missed, a student may still apply and receive some forms of assistance such as the Pell Grant and student loans.
• March 1 is the priority deadline for filing the separate summer financial aid application prior to the upcoming summer semester. This separate summer application, which can be found online at www.financialaid.txstate.edu (http://www.financialaid.txstate.edu), is in addition to filing the appropriate year’s FAFSA.
• For scholarship deadline information, visit www.financialaid.txstate.edu/scholarships (http://www.financialaid.txstate.edu/scholarships/).

Satisfactory Academic Progress Requirements
Federal regulations require students to meet certain minimum academic standards in order to remain eligible for financial assistance. The requirements are that a student:

1. maintain a minimum cumulative Texas State GPA;
2. complete at least 67 percent of all coursework; and
3. not exceed a maximum limit of attempted hours toward their degree.

Additional program-specific requirements also exist. View these SAP criteria in more detail at www.financialaid.txstate.edu (http://www.financialaid.txstate.edu) by selecting Financial Aid from the menu and then Maintain My Eligibility.

Courses Counting
The federal government requires that a student’s aid eligibility only be based on those courses that count toward the completion of the student’s degree. So to be considered a full-time student for financial aid purposes, a student would want to enroll in 12 credit hours as an undergraduate (or 9 credit hours as a graduate) that count toward their degree. Remember, to be eligible for most financial aid, a student only needs to be enrolled at least half-time (6 hours for undergraduates and 5 hours for graduates). For more details, visit www.financialaid.txstate.edu (http://www.financialaid.txstate.edu), select Financial Aid from the menu and then Receive My Aid.
Alternative Loan Resources
For information on alternative loans, visit www.financialaid.txstate.edu (http://www.financialaid.txstate.edu), select Financial Aid from the menu and then Types of Aid.

Official Withdrawals and Financial Aid
If a student withdraws or is expelled from the university on or prior to the 60-percent point of the semester, the student is required to repay any unearned portion of federal Title IV aid. For more details, visit www.financialaid.txstate.edu (http://www.financialaid.txstate.edu), select Financial Aid from the menu and then Withdrawing & Attendance.

Unofficial Withdrawals and Financial Aid
If a student is a federal financial aid recipient and fails to receive earned grades (e.g., all U's, all F's or a combination of all U's, W's or F's) in courses that span the entire period the student is scheduled to complete during a semester, the student is considered to have unofficially withdrawn from the university. As a result, a federal withdrawal calculation must be performed to determine the amount of Title IV funds that the student must repay. For more details, visit www.financialaid.txstate.edu (http://www.financialaid.txstate.edu), select Financial Aid from the menu and then Withdrawing & Attendance.

Non-Attendance and Financial Aid
If the student is a Pell Grant, Iraq-Afghanistan Service Grant (IASG) or TEACH Grant recipient, federal regulations require the student to have begun attending the courses for which the student is enrolled and receiving these grants. If on the census date roster (e.g., 12th class day of each fall and spring semester) the student is reflected as not attending a course, the student is assumed (for financial aid purposes) not to have begun attendance for that course. The student's grant will then be adjusted or cancelled based on the courses the student has actually begun attending. If the student is receiving any other forms of federal or state financial aid, this aid may also require adjustment due to the revised enrollment status. For more details, visit www.financialaid.txstate.edu (http://www.financialaid.txstate.edu), select Financial Aid from the menu and then Withdrawing & Attendance.

To Withdraw
The student must submit the Online University Withdrawal form available via the University Registrar's Office. Financial aid recipients should speak with a Financial Aid and Scholarships representative before the withdrawal is processed. The withdrawal date is defined as the date on which a student first indicates his or her intent to withdraw.

DHRL Office Building
515 N. Comanche Street
www.reslife.txstate.edu (http://www.reslife.txstate.edu)
Telephone: 512-245-4663 Fax: 512-245-7619

University Housing Policy
In support of the educational mission of the university and the student value of the on-campus residential experience, the Department of Housing and Residential Life provides a safe, comfortable and convenient living environment, while offering opportunities for increased campus involvement, community interaction and academic assistance. For these reasons, the university requires that certain students live on campus.

New freshmen under the age of 20 (by September 1 for fall admission or January 1 for spring admission) with fewer than 30 semester credit hours are required to live in on-campus university housing, unless they qualify for an exemption outline in the housing contract. All students who graduated from high school within the preceding 12 months of the semester of their admission are required to live on campus, regardless of the number of credits they may have accumulated prior to attending Texas State University.

Living On-Campus
It is the mission of the Department of Housing and Residential Life to provide welcoming living communities that foster academic success, campus engagement, and personal development. The on-campus living experience is where lifetime friendships are formed, ideas and ideals are exchanged, and a whole world of opportunity and potential is spread before those willing to explore, study, and get involved.

Research at Texas State and nationally has shown that, when compared to those living elsewhere, students living in the residence halls are more fully involved in academic and extracurricular activities and tend to earn a higher GPA.

Dining On-Campus
The university offers several different dining plans so students can pick the one that best fits their schedule, eating preferences, and budget.

Applying to Live On-Campus
Contracts for on-campus housing may be submitted through the established process upon formal admission to the university.

Cancellation Deadlines
Contracts for on-campus living are for the entire academic year. Once the contract has been signed and submitted there are very limited reasons for cancellation. For those not planning to attend the university, there is a prorated refund scale that is dependent upon the date of cancellation. See the contract terms and conditions for specific cancellation details.

The tuition and fees rates are available on the Student Business Services website (http://www.sbs.txstate.edu/).

The university reserves the right to change fees in keeping with the acts of the Texas Legislature and the Board of Regents of the Texas State University System.

Tuition
Tuition for Excessive Undergraduate Hours
Texas Education Code §54.014 specifies a maximum number of semester credit hours an undergraduate student may attempt while paying Texas resident tuition. Students who exceed the maximum hour limitations will be charged the non-resident tuition rate.

Maximum Hour Limitations:
• First term in Texas public institution prior to fall 1999 - Exempt
• First term in Texas public institution from fall 1999 to summer 2006 - 45 hours over degree program
• First term in Texas public institution from fall 2006 to the present date - 30 hours over degree program
Students should meet with their academic advisor regarding their excessive hours status. For additional information, please visit the Undergraduate Excessive Hours (https://www.sbs.txstate.edu/billing/excessive-hours-fee.html) page.

**Tuition Rebate Program**
Under Texas Education Code §54.0065, qualified students will receive up to a $1,000 tuition rebate upon graduation from Texas State. Submit the Tuition Rebate Application to your college academic advising center no later than 5:00 p.m. on the Monday immediately following your commencement. If you do not graduate because you did not meet the graduation requirements, you will need to complete another form for the next semester in which you are eligible. To earn the rebate, it is particularly important to follow the advice and counsel of the academic advisors.

Students must consult with their academic advisor to assure they meet all requirements to qualify for this program. For additional information, including the Tuition Rebate Application form, please visit the Tuition Rebate Information (https://www.sbs.txstate.edu/billing/Tuition-Rebate-Information.html) page.

**Auditing Fees**
Where auditing of a course is permitted, all fees will be the same as if the course were taken for credit. Eligible senior citizens, 65 or older, may audit courses without payment of a fee if space is available. For additional information, please visit the Auditing a Course page.

**Campus Parking/Vehicle Registration Fee**
Every faculty or staff member, or student, who operates or parks a vehicle on campus must:

- register the vehicle at Parking Services;
- purchase a permit;
- properly display a Texas State physical or virtual parking permit anytime the vehicle is parked on campus; and
- become familiar with and abide by the traffic and parking rules which are enforced at all times throughout the year.

Fees for vehicle registration will be published each year in the Schedule of Classes and in the official rules and regulations (https://www.parking.txstate.edu/regulations.html). The purchase of a permit and registration of the vehicle does not guarantee a parking space.

The online vehicle registration process can be accessed through the Parking Services portal at txstate.aimsputing.com (https://txstate.aimsputing.com/) or via Catsweb (https://www.catsweb.txstate.edu/). Everyone must register online and in advance of bringing a vehicle to campus. Additional information concerning the purchase and issuance of parking permits may be obtained by contacting Parking Services at 512-245-2887.

**Course Repeat Fee**
The Texas Legislature eliminated funding to higher education for courses that are attempted three or more times. An attempted course is defined as any course in which a grade is earned on the transcript, including repeated courses and courses dropped with a grade of "W". For additional information, please visit the Course Repeat Fee (https://www.sbs.txstate.edu/billing/course-repeats.html) page.

**International Student Operations Fee**
All international students with an immigration status of "F-1" or "J-1" will be charged $60.00 per semester for the maintenance of records, compliance with government regulations, and other services.

**Laboratory Fees**
The amount of lab fees varies on a per course basis. See the Schedule of Classes for current lab fees.

**Late Registration Fees**
A late fee will be charged if a student registers during the late registration period.

**Testing Fees**
Administration fees will be charged for Proctoring Exam Services for Texas State Students and Non-Texas State students who wish to take a course exam at the Testing, Evaluation, and Measurement Center (TEMC) in San Marcos, or the Round Rock Campus Testing Center. The charge is $40.00 per test for exams two hours or less. The fee amount will vary.
with longer time limits. This fee also applies to students who wish to take a course exam through the TEMC rather than at the times offered as part of distance education courses. Students who request make-up exams allowed by Texas State faculty will also be charged $40.00 per test for exams two hours or less.

Varying fees will also be charged for:

- Exams for credit
  - CLEP
  - Departmental
  - ACTFL-OP
- Placement and college readiness tests
  - Accuplacer/Texas Success Initiative Assessment (TSIA)
  - Texas Higher Education Assessment (THEA)
- Upper-level barrier exams
  - ATI TEAS BSN
  - Punctuation, Usage, and Grammar (PUG)

Visit https://www.txstate.edu/temc/ for specific fees, additional services, and information.

### Room and Board Rates

Information regarding room and board rates for a specific semester may be obtained at www.reslife.txstate.edu (http://www.reslife.txstate.edu). Room and board is billed on a semester basis and may be paid in full at registration or in installments. All residence halls will be closed between semesters; however, Texas State may choose to keep some of the halls open during the break for an additional room charge.

### Refund of Room and Board Fees

Any student who withdraws officially from Texas State may receive a refund on the unused portion of the room and board payment. Room and board charges will continue until the student has officially moved from the university housing and has received written clearance from the director of Housing and Residential Life. Any refund due will be applied to any unpaid financial obligation with Texas State.

### Students' Financial Obligations

Tuition and fees are to be paid in full before the beginning of the semester or paid under an installment plan with an initial payment due before the beginning of the semester. Students are expected to meet their financial obligations to Texas State within the designated time allowed. For additional information, please visit the Student Business Services (https://www.sbs.txstate.edu/) website.

As consequences for the student’s failure to meet financial obligations, the university may:

1. withhold official transcripts;
2. deny registration and payment confirmation of subsequent semesters;
3. assess additional fees for delinquent payments and returned items as detailed on the Student Business Services website;
4. report unpaid university obligations to credit agencies;
5. cease university-provided services; and
6. place warrant holds with the State Comptroller’s Office stopping state payment to the individual owning the debt.

### Payment of Fees

Please visit the Payment Options (https://www.sbs.txstate.edu/students/payment-options.html) and Payment Methods (https://www.sbs.txstate.edu/students/Methods-of-Payment.html) pages of the Student Business Services website for information regarding payment of tuition, fees, room and board.

Please note the following:

- A 2.85% convenience fee with a minimum $3 per transaction fee is applied to credit/debit card payments (effective 9/2012). The convenience fee is not collected by the university and is therefore non-refundable.
- Mailed payments must be RECEIVED, not postmarked, BY THE DUE DATE. You must make allowances for any postal delays. Please include the student ID number.

### Financial Aid and Tuition Adjustment Recipients:

Students receiving financial aid and/or a tuition adjustment, should check their student account by logging in to the Payment Portal on the Student Business Services (https://www.sbs.txstate.edu/) website to ensure that credit was applied.

- Approved tuition adjustments will apply to the student account once received and processed. The Billing and Payment site does take 24 hours to update with this information.
- Students with a financial aid credit or tuition adjustment that covers 100% tuition, fees, and room and board do not need to take action.
- If the financial aid or tuition adjustment is not sufficient to cover 100% of the charges, the student must pay the total balance due or enroll in a payment plan to avoid course cancellation.

### Installment Payments

Students are responsible for making their installment payments by the due date. The installment due dates are listed on the Important Dates (https://www.sbs.txstate.edu/students/dates.html) page of the Student Business Services website. Students can check their balance, installment amounts and make payments online by visiting the Student Business Services website.

### Late Payment Fees

A delinquent charge of $65 will be assessed the first business day after the final payment due date of the semester. Under Texas Education Code §4.007, a student who fails to make full payment of tuition and fees, including any incidental fees, by the due date may be prohibited from registering for classes until full payment is made. See the Student Financial Obligation section for more details.

### Returned Checks

If a check or EFT is returned unpaid for any reason other than the admitted error of the bank, the student must pay for the returned check with cash, cashier’s check, money order or credit card (MasterCard, VISA, Discover, Diners Club or American Express) immediately. A $30.00 service fee is assessed for each returned check. Until the check is paid, the student will be on “Cash Only” status. Cash Only status is a denial of check cashing privileges on campus.

Individuals who have three returned checks or EFT within a 12-month period, will be placed on Cash Only status.
Stopping payment on a check for fees or allowing the check to be returned unpaid by the bank for any reason does not constitute official withdrawal. Failure to follow procedures for withdrawing from Texas State may result in financial penalties and delays with future enrollment at the university.

**Refunds**

Please refer to the Refund Information page of the Students Business Services website for detailed information of the University’s refund policy. **Please note:** Withdrawing and dropping a class are **two different actions** and are defined below. **These actions have separate refund policies.**

Any refund due will be applied to any unpaid financial obligation with Texas State. If the refund exceeds any unpaid balance, a refund will be processed within 30 days. Payments made by credit card are refunded back to the card. Other payment types will be deposited to the student’s bank account if they have signed up for direct deposit (eRefund) or issued as a check and mailed to the appropriate address on file. Mailing addresses for refunds are selected in the following priority: (1) Mailing (2) Local (3) Permanent. Students may update their addresses as needed on Catsweb.

**Withdrawal:** Reducing semester credit hours to zero is considered a withdrawal. You MUST do this through the Office of the University Registrar.

Students must withdraw from all courses to be considered as withdrawn for the semester. Withdrawals are initiated in the Office of the University Registrar. Please refer to the Academic Calendar or Refund Information page of the Student Business Service website for semester/term specific deadlines for withdrawal refunds. Withdrawal Information is available on the Office of the University Registrar website.

*Please note: Summer semester have several different terms within the semester. Please contact Student Business Services for specific withdrawal dates for summer. Additionally, during the summer, please allow a minimum of 10 business days waiting period for billing account adjustments to be processed.*

**Dropping a class:** Removing one or more classes from your schedule, while remaining enrolled in at least one course.

**IMPORTANT:** Dropping credit hours or withdrawing from the semester may affect your financial aid award. Students receiving financial aid should contact the Financial Aid Office before dropping or withdrawing. If you have dropped hours or withdrawn from the University, the term balance may not reflect the necessary adjustments. Please allow a minimum 10 business day waiting period for award adjustments to be processed.

Dropping a course or courses means that there is at least one other course left in the registered schedule for a semester/term. Refer to the Academic Calendar or the Refund Information page of the Student Business Services website for semester/term specific deadlines for drop refunds.

*Please note: Summer semesters have several different terms within the semester. Please contact Student Business Services if you have questions regarding drop dates for summer.*

Email: veteransaffairs@txstate.edu
Telephone: 512-245-2641

Students attending Texas State (TXST), while receiving educational assistance under one of the public laws for veterans and/or their dependents, must utilize the VA Certification Request Portal provided at www.va.txst.edu (https://www.va.txst.edu/) to complete and submit the required forms.

All students applying for GI Bill® or Hazlewood benefits must provide digital copies of required documents for their specific benefit type to our online certification request system. Required documents are listed here: https://www.va.txst.edu/required-documents.html. (https://www.va.txst.edu/required-documents.html) Do not mail, email, or fax documents to the office. Requests for benefit processing are completed online each semester.

All students must follow their degree requirements to receive the maximum benefit payout. Students who are eligible for Hazlewood are subject to Academic Progress for Waivers and Exemptions (APWE) policies. For more information, go to https://www.sbs.txstate.edu/students/waivers-exemptions.html.

It is the student’s responsibility to notify the Office of Veterans Affairs of any adds, drops, course, or program changes.

No benefit pays the university directly for living or meal expenses, which are due prior to the start of each semester. GI Bill® benefit payments are made in arrears.

**Pending Payment Compliance**

In accordance with Title 38 US Code 3679(e), Texas State University adopts the following additional provisions for any students using U.S. Department of Veterans Affairs (VA) Post-9/11 G.I. Bill® (Ch. 33), or Vocational Rehabilitation & Employment (Ch. 31) benefits, while payment to the institution is pending from VA. Texas State University will not:

- Prevent the student’s enrollment;
- Assess a late penalty fee to the student;
- Require the student to secure alternative or additional funding;
- Deny the student access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.

However, to qualify for this provision, such students are required to:

- Produce the VA Certificate of Eligibility (COE) by the first day of class;
- Complete the online request to be certified;
- Provide additional information needed to properly certify the enrollment as described in other institutional policies

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA).

The Office of Distance and Extended Learning, in addition to administering the self-paced correspondence, extension, and continuing
education programs, provides information on Texas State's distance learning programs, courses, initiatives, and resources.

The Office of Distance and Extended Learning provides the Texas State community with an array of educational options through three program areas:

- Correspondence Self-Paced Studies (http://www.correspondence.txstate.edu/)
- Continuing Education (http://www.txstate.edu/continuinged/)
- Extension Studies (http://www.extension.txstate.edu/)
- and the Texas Certified Public Manager Program (p. 42)

### Mission Statement

The Office of Distance and Extended Learning expands access to academic credit learning experiences and lifelong learning opportunities for students through distance learning, extended studies, and continuing education.

### Core Values

The Office of Distance and Extended Learning achieves its mission through strong collaboration among our team and other departments on campus; mutual respect for faculty, staff, and students; effective and accurate communication; and conscientious action in our daily operations.

### Distance Learning Programs

At Texas State, online learning reflects our passion for teaching and learning, the courage and discipline to prioritize, a deep commitment to core values, and the allocation of resources where we can deliver superior performance and distinctive impact. Texas State offers both undergraduate and graduate degrees via online learning, all of which are developed and taught by our university faculty. These degree programs require formal admission to the university, and applicants must meet Texas State's general admission requirements, as well as those specified by the individual degree program. A list of those distance learning programs, see the graduate and undergraduate programs list at [https://www.distancelearning.txstate.edu/students/program-offerings.html](https://www.distancelearning.txstate.edu/students/program-offerings.html)

Evening and weekend classes are offered on the San Marcos Campus, at various off-campus locations, and at the Round Rock Campus. Many of these classes are enhanced through the use of the Internet, email, video, two-way interactive TV, and broadcast. The Catsweb Class Schedule ([https://ssb.txstate.edu/prod/bwckschd.p_disp_dyn_sched/](https://ssb.txstate.edu/prod/bwckschd.p_disp_dyn_sched/)) provides a listing of all courses scheduled for each semester.

302 Academic Services Building North
www.correspondence.txstate.edu (https://www.distancelearning.txstate.edu/ correspondence-studies.html)
Telephone: 512-245-2322 Fax: 512-245-8934
Toll-free: 800-511-8656

When family, jobs, business travel, and other commitments compete for time, and students find it is difficult to schedule traditional classes, correspondence self-paced study offers a solution. Courses are offered through various disciplines such as art, humanities, health-related fields, mathematics, psychology, modern languages, and sociology. A complete list of currently available courses may be found on the Correspondence Self-Paced Studies (http://www.correspondence.txstate.edu/) website. Students may enroll in courses at any time of the year and take up to six or nine months to complete them, depending on the courses. All courses are offered online and require an email account and online access to complete assignments.

### How Correspondence Self-Paced Study Works

Each course gives students step-by-step instructions for completing the required course material and includes study tips, topic discussions, assignments, and other pertinent course information. While guides and support are available both within the course and through additional Texas State resources, students are responsible for managing their own progress through the course. The instructor provides feedback on assignments and answers student questions. Most courses have outline proctored examinations, and many have two or more examinations.

### General Regulations

The following regulations govern correspondence self-paced study at Texas State:

- Students do not have to be currently enrolled or admitted to a college or university to take a correspondence self-paced course.
- Enrollment in a correspondence self-paced course does not constitute official admission to Texas State.
- Texas residents or persons attending public colleges or universities in Texas are subject to compliance with Texas Success Initiative Program (TSIP) regulations.
- Before accepting correspondence self-paced course enrollments from students residing outside of Texas who are not planning on relocating to Texas, Texas State must be in compliance with the distance learning regulations of the states in which students reside. Students may visit the State Authorization page (http://www.distancelearning.txstate.edu/state-authorization.html) to determine whether Texas State may accept student enrollments from particular states.
- It is the student's responsibility to ensure that all prerequisite requirements have been met. Prerequisite requirements for all ongoing improvement of continuing education programming through regular evaluation and review.

These programs are generally non-credit in nature. Some programs receive Continuing Education credits, and those who successfully complete these designated programs are awarded Continuing Education Units (CEU). One CEU is awarded to a person who completes a ten-contact-hour program.
The following regulations govern Texas State extension study:

- Students do not have to be currently enrolled or admitted to a college or university to take an extension course.
- Enrollment in an extension course does not constitute official admission to the university.
- Students from other institutions who wish to transfer extension credit should obtain prior approval of their home institution.
- If enrollment in extension courses creates an academic overload, students must have prior, written approval of their college dean and department chair/school director.
- Transcript records are maintained for all credit earned by extension.
- Unless a student is granted a waiver by the academic department of the student’s major, a maximum of thirty semester hours for Texas State credit may be completed through a combination of correspondence, extension, Study in America, and Education Abroad courses.
- Students on active suspension from Texas State are not eligible to enroll in courses for extension credit.
- Texas residents or persons attending public colleges or universities in Texas are subject to compliance with Texas Success Initiative Program regulations.

Texas State correspondence self-paced courses are applicable toward Texas State degrees. A maximum of 18 hours of correspondence credit may be applied toward a bachelor’s degree.

- All assignments and exams must be completed to receive credit. The grading criteria for each course are stated on the course site.
- Correspondence course grades are calculated into students’ Texas State GPA’s and included in the review for graduation with honors. Hours and grades earned through Texas State correspondence courses are not counted in the hours required to be eligible for Dean’s List nor in the GPA calculation for Dean’s List.

A minimum of ten business days must be allowed after a course has been completed for a grade to be reported on a Texas State transcript.

- Students on active suspension from Texas State are not eligible to enroll in correspondence self-paced courses.
- If enrollment in correspondence self-paced courses creates an academic overload, students must have prior, written approval of their college dean or department chair/school director.
- Correspondence self-paced courses completed through Texas State are applicable toward residency requirements.

The Office of Distance and Extended Learning offers many college courses not normally offered through the academic departments/schools. Extension courses may be offered on campus, online, hybrid/blended, or as part of a faculty-led Study-in-America or Off-Campus program. Study in America offers unique experiential learning opportunities in professional and community settings that enable students to apply knowledge, acquire marketable skills, and develop career readiness. The times and locations for such courses depend on student need, faculty availability, and demand.

The following regulations govern Texas State extension study:

- Students are responsible for ascertaining whether credit for an extension course will apply to a particular program and whether or not it will transfer to another institution.
- Extension courses completed through Texas State are applicable toward residency requirements.
- For a student who is residing outside of the state of Texas and who is not planning to relocate to Texas before beginning an online extension course, Texas State University must be approved to accept student enrollments from the student’s state of residency. Students may visit the State Authorization page (http://www.distancelearning.txstate.edu/state-authorization.html) to determine whether Texas State may accept student enrollments from particular states.

www.txst.edu/cpm/ (https://www.txst.edu/cpm/)
Telephone: 512-245-3453 Fax: 512-331-7293

Texas State has been officially designated by the National Consortium of Certified Public Managers (CPM) to offer the CPM Program. The CPM Program offers a systematic training program to enhance the quality and efficiency of management in government and to improve professionalism and effectiveness of government managers. Individuals may enroll at any time during the year; programs are held approximately every two to three months depending on location. Admission to Texas State is not required. Courses may be completed for academic credit.

The CPM Program is a nationally accredited comprehensive statewide management development program specifically for managers in federal, state, and local government and for managers in the not-for-profit-sector. The program's primary goal is to improve the performance of public and not-for-profit sector managers and the organizational performance of state, local, and federal government. The program is a comprehensive course of study by which public managers can acquire and apply the best practices and theory to their management behaviors and strategies using prescribed sets of professional standards. The curriculum uses theory as the foundation and applies it to practical problems facing the participant's agency/department, and the citizens. Those who complete the program earn a national trademark designation of CPM (Certified Public Manager®).

The Texas CPM Program, a 7-course sequence which leads to a nationally accredited public manager certification, is offered by Texas State University’s William P. Hobby Center for Public Service.

Thornton International House

Telephone: 512-245-7966 Fax: 512-245-8264

The mission of International Student and Scholar Services (ISSS) is to support the comprehensive internationalization goals of Texas State University and assist the university in developing and maintaining an internationally diverse student body, faculty, and staff by:

- serving as immigration and cultural advisors to international students and scholars; advocating on their behalf, and providing services and information that facilitate their cultural adjustment, social integration, retention, and success;
- assisting the university at large and international students, scholars, alumni, faculty, and staff in particular, in complying with various governmental policies and regulations;
International students are required to:

- enroll at Texas State;
- The following regulations govern F-1 and J-1 international students in a non-immigrant visa classification.

Who is an international student?
An international student is a student enrolled in a U.S. academic program in a non-immigrant visa classification.

- Common non-immigrant visa classifications are: A-1, A-2, B-1, B-2, E-1, E-2, F-1, F-2, H-1, H-4, J-1, J-2, K-1, L-1, L-2, M-1, R-1, R-2, TN, and TD.
- F-1 Student is the most common non-immigrant visa classification at Texas State with over 90 percent of international students in F-1 status.
- A student who has applied for or received an immigrant classification such as permanent residency or refugee or asylum status, or who is undocumented is not categorized as an international student.

General Regulations
The following regulations govern F-1 and J-1 international students enrolled at Texas State:

International students are required to:

- attend a mandatory F-1 Student Immigration Check-in session or J-1 Orientation.
- enroll in a full course of study every fall and spring semesters. Summer is an authorized break period, however, full-time enrollment is required in summer for students whose first semester begins in summer;
- obtain permission from International Student and Scholar Services before dropping below a full course of study for any reason. (See Reduced Course Load (https://www.international.txstate.edu/current/Reduced-Course-Load--RCL-.html));
- obtain permission from International Student and Scholar Services before engaging in off-campus employment. (see Curricular Practice Training (CPT) (https://www.international.txstate.edu/Work-Authorization/cpt.html) or Optional Practical Training (OPT) (https://www.international.txstate.edu/Work-Authorization/opt.html));
- not work more than 20 hours per week while participating in on-campus employment in the fall and spring semesters. Students may work more than 20 hours per week during the summer and authorized break periods (see On-campus Employment (https://www.international.txstate.edu/Work-Authorization/oncampus.html));
- report address changes or personal information to International Student and Scholar Services within 10 days of the change. (see Change of Address Update (https://tim.txstate.edu/internationalofficeaddresschange/Login/?returnurl=%2Finternationalofficeaddresschange%2F));
- report any changes in program of study (change of major, adding a minor/concentration, etc.) to International Student and Scholar Services;
- apply for a program extension from International Student and Scholar Services prior to the end date on the I-20 (see Program Extension (https://www.international.txstate.edu/forms/requests.html));
- apply for concurrent or transient enrollment approval when taking courses at an institution other than Texas State University (see Concurrent Enrollment);
- obtain a travel signature from International Student and Scholar Services for all international travel;
- request a transfer of their SEVIS record from International Student and Scholar Services to transfer to a new SEVIS-certified institution (see SEVIS Transfer-out (https://www.international.txstate.edu/current/TransferOut.html));
- notify International Student and Scholar Services upon approval of a change of non-immigration status, or an adjustment of status to permanent residency; and
- maintain continuous health insurance coverage from the time of enrollment to the time of completion of the degree program or until otherwise cease to be a student at Texas State by obtaining coverage under the designated international student health insurance policy, or apply for a waiver and present acceptable proof of other comparable and adequate health insurance coverage (see Health Insurance (https://www.international.txstate.edu/current/Health-insurance-.html)).

An Overview of Our Services

- Assist international students and academic departments with immigration processes and issues related to non-immigrant F-1 and J-1 students;
- Assist international faculty and staff and hiring departments with employment authorization issues;
- Provide mandatory F-1 Student Check-In and host International Student Resource Fair;
- Advise and advocate for international students and scholars;
- Plan and host programs for international students and scholars;
- Provide statistical reports
- For the complete list, visit the ISSS website (https://www.international.txstate.edu/about/about_us/Services.html).

Thornton International House
344 W. Woods Street
www.educationabroad.txstate.edu (https://www.educationabroad.txstate.edu/)
Telephone: 512-245-1967
Email: educationabroad@txstate.edu

An education abroad experience expands students’ intellectual and personal development as they become immersed in other cultures. Students gain a critical self-awareness, an appreciation for a multicultural world, and a clearer understanding of their own culture. Education abroad prepares students to assume their role as responsible world citizens and to succeed professionally in today's global environment. Education Abroad offers unique experiential learning opportunities in professional and community settings that enables students to apply knowledge, acquire marketable skills, and develop career readiness.

The Education Abroad office offers students the opportunity to participate in a variety of education abroad programs in hundreds of locations around the world. The academic credit students earn may be applied toward a degree at Texas State. Some of these programs involve direct enrollment in an overseas institution, while other programs are led by Texas State faculty.

Through Texas State Education Abroad programs, students can spend from one week to a full academic year in another country either learning another language, concentrating their studies related to a specific topic in their field of study, or participating in an internship. Texas State Education Abroad programs include a variety of activities that allow students to
learn and experience the culture of the host country. In some of these programs, students may take the opportunity to live with a host family and become fully immersed in the culture of the host country for a more comprehensive learning experience.

Program locations vary from year to year. Students may learn more about these programs from current information located on the Education Abroad website.

The Education Abroad Fair, as well as many other events and presentations, are held throughout the year to provide information to students interested in studying, teaching, interning, volunteering, working, and/or researching abroad.

**Financial Assistance for Education Abroad Programs**

Most of the financial aid that students would normally receive for studying at Texas State may be applied toward Texas State Education Abroad programs. Additionally, there are colleges and education abroad providers that offer financial support for participating in their programs. If a student is receiving federal or state financial aid, it is recommended that the student speak with a representative of the Texas State Office of Financial Aid and Scholarships to determine the application of such aid to any Education Abroad program and the possible adjustment to meet the student’s needs.

Education Abroad also has information on internal and external scholarships that are available to students who plan to participate in an education abroad program. The International Education Fee Scholarship (IEFS) is funded through the student service fee account and distributed in a competition open to all undergraduate and graduate Texas State students who meet the established eligibility requirements.

The Texas State Intensive English (TSIE) Program offers non-credit intensive English-as-a-Second-Language (ESL) courses for students who:

- want to improve their command of the English language prior to beginning /or during college or university-level programs of study;
- are international students participating in exchange through the Education Abroad program, academic programs at both graduate and undergraduate levels or a visiting scholar program; or
- would like to polish their English language abilities for academic readiness, test preparation, self-improvement, and/or cultural integration.

Classes emphasizing academic reading, writing, listening, and speaking are offered during the fall, spring, and summer sessions in online and face-to-face formats. International students on F-1 and J-1 visas are required to enroll in a full course of study every fall and spring semester. When registering for TSIE classes, these students should consult International Student and Scholar Services for instructions on maintaining visa status.

Dr. M. Gary Sayed
AVP for Academic Affairs Round Rock Campus

Round Rock Campus Administration Office
1555 University Blvd.
Round Rock, TX 78665-8017
www.rcc.txstate.edu (http://www.rcc.txstate.edu/)
T: 512-716-4001

As Williamson County continues to experience significant annual growth — the population now exceeds 600,000 — the University Master Plan positions the Round Rock Campus to continue serving the needs of the area. Collectively, Texas State University’s Round Rock Campus (http://www.rrc.txstate.edu/) (RRC) provides instructional and lab space, administrative offices, and student support services. The RRC offers upper-level courses leading to baccalaureate degrees in an array of disciplines including health professions as well as offering select master’s degrees and Physical Therapy doctoral program. The needs of Central Texans are further served through certifications and continuing education, online and distance learning opportunities for working adults, professionals, and lifelong learners.

The RRC offers daytime and evening classes for students interested in completing their degree programs while fulfilling other obligations. From its inception, the Round Rock Campus (http://www.rcc.txstate.edu/) (RRC) offered face-to-face classes after 5:00 p.m. for working adults as well as hybrid and online courses. Students can complete their freshman- and sophomore-level classes at the San Marcos Campus, at a community college or at other accredited institutions before transferring to Texas State University.

**Undergraduate Degree Programs**

The RRC offers junior and senior level undergraduate classes. To transfer to the Round Rock Campus, it is recommended that students have at least 45 transferrable hours. For more information about admission, application, and registration, please visit the Undergraduate Admission website: https://www.admissions.txstate.edu/future-students/apply-for-admission.html, or call Academic Student Services office at 512-716-4001.

**Graduate Degree Programs**

The RRC offers master’s degree programs and a professional doctorate in physical therapy (https://www.rcc.txstate.edu/academics/masters.html). For more information about admissions requirements and application procedures as well as the list of programs, visit The Graduate College website at www.gradcollege.txstate.edu (https://www.gradcollege.txstate.edu), call 512-245-2581, or email gradcollege@txstate.edu. The Graduate College welcomes your interest.

The Academic Services offices, and units (Academic Testing for Students with Disabilities [ATSD], and Student Learning Assistance Center [SLAC], Testing, Evaluation, and Measurement Center [TEMC]) provide supplementary, essential services to students, faculty, and administration at Texas State. Specifically, administration of specific credit and non-credit testing, institutional testing for students with disabilities, tutoring, supplementary instruction, and enhancement of student academic performance, Academic Services coordinates the undergraduate general education core curriculum, the Honor Code, and Children and Minors on Campus.

Alkek Library, Suite 411
T: 512.245.2515 F: 512.245.3002
www.txst.edu/slac (http://www.txst.edu/slac/)
Texas State’s Student Learning Assistance Center (SLAC) provides a wide range of academic support programs for the needs of a diverse student population. Whether students are seeking help with course content, study skills, or test preparation, SLAC provides assistance with a walk-in tutoring lab, the Veteran Academic Success Center (VASC), Supplemental Instruction (SI), Success Coaching, prelaw advising, campus presentations, and online services.

Texas State students can take advantage of tutoring services by visiting SLAC’s Learning Lab. The Learning Lab provides academic assistance in business courses such as accounting, economics, and finance; sciences such as physics, biology, and chemistry; English and writing; statistics; computer information systems; history; philosophy; languages, such as Spanish; and multiple levels of math courses.

The Lab also contains study materials on a wide range of topics and levels, from correcting comma splices to study skills to preparing for the admissions tests for graduate (GRE), law (LSAT), and business (GMAT) schools.

In addition to the Learning Lab, SLAC also houses Texas State’s Veteran Academic Success Center, a holistic tutoring and guiding initiative for military-connected students.

Supplemental Instruction, a nontraditional approach to collaborative learning, provides structured group study for students in historically difficult courses ranging from the liberal arts to science and math-based courses. Supplemental Instruction Leaders (SI’s) act as role models and facilitate multiple study sessions per week to assist students, not only with course content, but also with the development of positive study skills and habits.

SLAC staff members continually foster outreach in the campus community by providing informational and interactive presentations on test-taking and anxiety management, learning preferences, time management, note-taking, and other topics. Upon request, SLAC’s staff will design specialized programs on study skills and academic improvement to fit the needs of a campus club, organization, or professor.

Success Coaching helps students tailor strategies to improve academic work and productivity. Through a series of individual meetings with a certified Coach, students work to identify their strengths and challenges and create a personal plan to monitor and track appropriate behaviors and assess areas of growth.

SLAC also provides Texas State students with a number of online resources. By visiting www.txst.edu/slac (https://www.txst.edu/slac/), students can access tutoring schedules and hours for the Learning Lab and VASC, the times and locations of SI sessions, information regarding becoming a Lab tutor or SI Leader, and much more. SLAC also maintains an Online Writing Lab (OWL), providing tutoring in an electronic format accessible via email.

Because the health and safety of Texas State students is imperative, SLAC is offering virtual access to many of its services online via the Zoom platform.

SLAC services are available to students at the Round Rock Campus.

Nueces Building, First Floor
San Marcos Campus

rrc-testing@txstate.edu

The Testing, Evaluation, and Measurement Center (TEMC) is dedicated to supporting students, faculty, and the local community with academic and career advancement testing and evaluation related needs. TEMC offices include Testing Lab Services, Academic Testing for Students with Disabilities (ATSD), Testing Center Round Rock (TCRR), and Scanning Services for faculty. The TEMC offers a variety of academic tests, including those listed below. Online proctoring options are available for select test offerings. Please visit our website for additional information.

1. TSIA Assessment (Texas Success Initiative Assessment)
2. TExES (Texas Examination of Educator Standards)
3. GED (General Education Development)
4. ATI TEAS (Assessment Technologies Institute Test of Essential Academic Skills)
5. CLEP (College Level Examination Program)
6. ACTFL-OPI (American Council on the Teaching of Foreign Languages - Oral Proficiency Interview)
7. NOCTI (National Occupational Competency Testing Institute) Exam
8. Departmental Examinations-for-Credit
9. Proctored Exams for other institutions
10. TCEQ (Texas Commission on Environmental Quality) Occupational Licensing Exams
11. Measure Learning exams
12. Pearson VUE certification and licensure exams

Credit-by-Examination

Credit may be earned by achieving a sufficient score (as determined by the relevant academic department of Texas State University) on any of several exams and then submitting official score reports to the TEMC. More detailed information on this and other TEMC programs are available at the TEMC website, www.txst.edu/temc (https://www.txst.edu/temc/).

Sufficient scores on the following examinations may be applied for credit:

1. CLEP (College Level Examination Program),
2. ACTFL-OPI (American Council on the Teaching of Foreign Languages - Oral Proficiency Interview)
3. AP (College Board Advanced Placement Examination Program),
4. IB (International Baccalaureate Program),
5. Certain established departmental examinations (administered by TEMC or by the relevant academic department)

Credit established in this manner through the TEMC will be recorded as “credit only” (CR) on the transcript and will not affect the GPA, with the exception of certain CLEP scores. Texas State University recognizes superior scores for CLEP exams in French, German, and Spanish language by awarding letter grades of A or B according to the Credit & Grade Awarding Table (https://www.txst.edu/temc/services/testing-lab-services/exams-for-credit/clep/clep-mdl-grades.html) (https://www.txst.edu/temc/services/testing-lab-services/exams-for-credit/clep/clep-mdl-grades.html). Letter grades for the French, German, and Spanish language CLEP exams are optional, and may be recorded as CR at the student’s request. Credit earned by exam satisfies degree requirements in
the same way as credit earned by passing courses except that it does not count as credit earned in residence.

Academic Testing for Students with Disabilities

Academic Testing for Students with Disabilities (ATSD) is the office within TEMC that provides academic testing services (course exams and quizzes) for students who are currently registered with and approved by the Office of Disability Services (ODS) to receive accommodations when testing. Some examples of testing accommodations provided by ATSD include extended time, reduced distraction environment, and use of a reader and/or scribe.

Note that before a student can sign up to take a test at ATSD, the need for testing accommodations must be approved by ODS, and only those accommodations designated by ODS will be provided. ATSD works closely with ODS and the other TEMC offices to provide the most secure, up-to-date, and reduced-distraction testing environment possible to all students registered with ODS.

Richard A. Castro Undergraduate Admissions Center
429 N. Guadalupe Street
www.admissions.txst.edu (http://www.admissions.txst.edu)
T: 512-245-2364

Texas State University offers general admission programs for first-time freshman, transfer, and international students, as well as returning students. Admission standards are designed to ensure that admitted students are prepared to meet the academic challenges at Texas State.

Students and their guests are invited to visit campus any day the university is open. Guided tours (both virtual and on-campus) are conducted through the Alumni and Future Student Welcome Center. Tour reservations can be made by means of our online reservation system (https://www.admissions.txst.edu/visit/campus-tours.html). Campus tours are available most weekdays throughout the year. The Welcome Center is located in the LBJ Student Center 3rd floor. Convenient parking is available at the adjacent Student Center Parking Garage.

Bobcat Days are Texas State University’s premier visitation event for prospective students and their families. They take place twice in the fall and the spring. Guests can visit campus to learn more about academic programs, support services, admissions procedures, housing options as well as financial aid and scholarships opportunities. Visit the admission website for Bobcat Day (https://www.admissions.txst.edu/visit/events/bobcat-day.html) dates, a schedule of activities and registration options.

In addition to campus tours and Bobcat Days, we invite you to explore additional visit options (https://www.admissions.txst.edu/visit/). For more information, contact the Welcome Center (https://www.admissions.txst.edu/visit/) at 512.245.8871 or welcomecenter@txstate.edu (%23@txstate.edu). To meet with an admissions counselor, please schedule an appointment online (https://www.admissions.txst.edu/contact.html) or contact our office by email at admissions@txstate.edu or phone at 512.245.2364.

Prospective undergraduate students should apply for admission as early as possible. Those students still in high school may apply once they have completed six semesters and can provide a high school transcript showing class rank and grades. All students should submit their application for admission, and all supporting documents must be received by priority dates or deadlines listed on the Office of Undergraduate Admissions website (https://www.admissions.txst.edu/contact.html).

State of Texas Uniform Admission Standards

Per state law, TEC 51.803-51.809 (https://statutes.capitol.texas.gov/Docs/ED/htm/ED.51.htm#51803), Uniform Admissions Policy (UAP) requires applicants to four-year public universities like Texas State to meet one of the following college readiness standards, in order to be eligible for admission consideration. (Note: Students who attend an out-of-state high school are exempt from the UAP)

- Successfully complete the Foundation (HB5), Foundation with Endorsements (HB5), Distinguished Achievement (HB5), Minimum (UAP), Recommended (UAP) or Distinguished (UAP) high school program or complete the portion of the program that was available to them; or
- Successfully complete a curriculum that is the equivalent in content and rigor to the Foundation, Foundation with Endorsements, Distinguished Achievement, Minimum Recommended or Distinguished) high school program at a high school that is exempt from offering such programs;

*Equivalencies must be documented by the students’ high school.

Assured Admission

Assured Admission is granted when the student graduates with one of the following diploma types: (HB5) Distinguished Achievement, (UAP) Distinguished or (UAP) Recommended high school program (or equivalent), and meets the class rank and test score requirement listed in the table below:

<table>
<thead>
<tr>
<th>Class Rank</th>
<th>SAT</th>
<th>ACT</th>
</tr>
</thead>
<tbody>
<tr>
<td>Top 25%</td>
<td>No minimum required</td>
<td>No minimum required</td>
</tr>
<tr>
<td>2nd Quartile</td>
<td>1090</td>
<td>22</td>
</tr>
<tr>
<td>3rd Quartile</td>
<td>1250</td>
<td>26</td>
</tr>
<tr>
<td>4th Quartile</td>
<td>1330</td>
<td>29</td>
</tr>
</tbody>
</table>

SAT scores are the sum, from a single sitting, of the Evidence-Based Reading & Writing and Math sections only.

The ACT score is your composite score from a single sitting. Texas State does not accept superscoring.

Admission Review

Applications received from students who do not meet Assured Admissions requirements and are ranked in the top 75 percent of their class will be reviewed through a holistic review process. Texas State will consider high school curriculum, admission essay(s), extracurricular involvement, leadership, community service, work experience, quality and competitive level of courses taken, and grades earned, in addition to other factors presented in the application.

Students who are not offered freshman admission are encouraged to attend another college, complete 16 hours of transferable credit with a minimum GPA of 2.50 before applying for transfer admission.
Pathway Program

The Pathway program (https://www.admissions.txst.edu/future-students/freshman/pathway.html) is a unique one-year co-enrollment partnership between Texas State University and Austin Community College (ACC). Program participants enroll in courses at Texas State and ACC each semester. Acceptance into the program is by invitation and is based on the university’s holistic review process. A limited number of fall applicants will be offered a place in this alternative program based on the outcome of the holistic review.

Academic Program Entry Requirements

In addition to gaining general admission to the University, some academic programs at Texas State have their own entry requirements. It is possible that some students may be offered general admission to Texas State, but not be admitted to their major and, as a result, will have to start their program classified as a “pre-major” (for example: pre-communication studies). Students interested in pursuing one of these majors must complete the entry requirements, a departmental application and upper-level courses required by the department in order to graduate from that major.

For a list of majors with additional entry requirements separate from general admission, please visit the Program Entry Requirements (https://www.admissions.txst.edu/future-students/additional-program-requirements.html) page for complete information on each major.

Educator Preparation Program

To be eligible for a Texas teaching certificate, a student must first be admitted to the university, then they can apply for admission to the teacher preparation program through the Office of Educator Preparation (https://www.education.txst.edu/oep/). Information regarding these requirements can be found in the College of Education section (http://mycatalog.txstate.edu/undergraduate/education/office-of-educator-preparation/) of this catalog.

Limited Access Program

Emmett and Miriam McCoy College of Business

Admission to the McCoy College of Business (https://www.admissions.txst.edu/future-students/additional-program-requirements.html) is highly competitive. Freshman applicants who wish to pursue a major in the McCoy College are required to meet more rigorous admission standards. Interested students will automatically be admitted when they:

- Select a Business major as their a first-choice major
- Receive Assured Admission to Texas State

Other applicants who have received admission to Texas State will be considered through the Admission Review Process.

Falsification of Documents

Students found to have deliberately falsified application information either by failing to submit accurate information, altering their application, or misrepresenting their academic work, will be subject to disciplinary action up to and including denial of admission, withdrawal of an admission offer, or registration cancellation.

1. Meet freshmen admission requirements (https://www.admissions.txst.edu/future-students/freshman/admission-requirements.html).
2. Submit an application for admission (https://www.admissions.txst.edu/future-students/apply-for-admission.html).
3. Submit a non-refundable application fee of $75 (check, money order, American Express, Visa, Mastercard, or Discover). Fee waivers (https://www.admissions.txst.edu/future-students/fee-waiver.html) are available for eligible students.
4. Submit a high school transcript or GED certificate.
5. Submit an official college transcript from each postsecondary school attended. Students must be eligible to return (e.g., free from suspension, dismissal, or enforced withdrawal).
6. ACT/SAT score requirements are available on the Freshman admission requirements (https://www.admissions.txst.edu/future-students/apply-for-admission.html) webpage.
7. (Optional) Submit one of the application essays.

Nontraditional Secondary Education: GED and Homeschool Applicants

In accordance with Senate Bill 1543 (SB1543), applicants for admission who present evidence of completion of a non-traditional secondary education without an official class rank will have a class rank assigned by Texas State. The class rank will be comparable to the average class rank of other applicants who have equivalent ACT or SAT scores. A non-traditional secondary education includes Homeschool and GED graduates. Texas State requires an official Homeschool or GED transcript to demonstrate evidence of completion.

Non-Ranking Public and Private High Schools

Students from a non-ranking school who do not fall into the non-traditional school definition, will be assigned a rank. This rank, determined by the Office of Undergraduate Admissions, will be based on the student’s academic rigor, grades in academic courses, GPA (if available), and the profile of the high school.

Transfer Students with 15 or Fewer Hours

Students with 15 or fewer transferable credit hours at the time of application will be evaluated based on a combination of high school and college work. Applicants must meet the following requirements:

1. Submit a transfer application for admission (https://www.admissions.txst.edu/future-students/apply-for-admission.html) by the appropriate Admission Priority Date (https://www.admissions.txst.edu/future-students/priority_dates.html).
2. Submit a non-refundable application fee of $75 (check, money order, American Express, Visa, Mastercard, or Discover) or apply for a fee waiver (https://www.admissions.txst.edu/future-students/fee-waiver.html).
3. Submit final, official high school transcript(s) or GED certificate.
4. Submit an official college transcript from each post-secondary institution attended, with a cumulative GPA of at least 2.0 in all transferable course work. Students must be eligible to return (e.g., free of suspension, dismissal, or enforced withdrawal) to all previous
must meet the following requirements:

5. ACT/SAT score requirements are available on the freshman admission requirements (https://www.admissions.txst.edu/future-students/freshman/admission-requirements.html) webpage.

### Transfer Students with 16-29 Hours

Students with 16-29 transferable credit hours must meet a 2.5 cumulative grade point average (GPA) minimum. Transfer applicants must meet the following requirements*:

1. Submit a transfer application for admission (https://www.admissions.txst.edu/future-students/apply-for-admission.html) by the appropriate Admission Priority Date (https://www.admissions.txst.edu/future-students/priority_dates.html).
2. Submit a non-refundable application fee of $75 (check, money order, American Express, VISA, Mastercard, or Discover) or apply for a fee waiver (https://www.admissions.txst.edu/future-students/fee-waiver.html).
3. Submit final high school transcript(s) or GED certificate.
4. Submit an official college transcript from each post-secondary institution attended, with a cumulative GPA in all transferable work of at least 2.50 (additional review will be completed for students applying to the McCoy College of Business (https://www.admissions.txst.edu/future-students/additional-program-requirements.html)). Students must be eligible to return (e.g., free of suspension, dismissal, or enforced withdrawal) to all previous institutions attended regardless of grade point average or degree received.

*After an initial review, some applicants may be asked to submit additional information

### Transfer Students with 30 Hours or More

Students with 30 or more transferable credit hours must meet a 2.25 cumulative grade point average (GPA) minimum. Transfer applicants must meet the following requirements:

1. Submit a transfer application for admission (https://www.admissions.txst.edu/future-students/apply-for-admission.html) by the appropriate Admission Priority Date (https://www.admissions.txst.edu/future-students/priority_dates.html).
2. Submit a non-refundable application fee of $75 (check, money order, American Express, VISA, Mastercard, or Discover) or apply for a fee waiver (https://www.admissions.txst.edu/future-students/fee-waiver.html).
3. Submit final high school transcript or GED certificate.
4. Submit an official college transcript from each post-secondary institution attended, with a cumulative GPA in all transferable work of at least 2.25 (additional review will be completed for students applying to the McCoy College of Business (https://www.admissions.txst.edu/future-students/additional-program-requirements.html)). Students must be eligible to return (e.g., free of suspension, dismissal, or enforced withdrawal) to all previous institutions attended regardless of grade point average or degree received.

### GPA and Credit Hour Calculations

In computing the GPA for transferable course work, all grades are computed with grade and hour value. The grade earned at the sending institution is the grade transferred to Texas State, except that a plus or a minus is disregarded. Number grades are converted to the A-F (four-point) grading scale. A grade of D or F transfers for admission purposes but may not be accepted by a student’s major department, school, or program.

Courses completed in units other than semester hours are converted to semester hours using information from the sending institution’s transcript or catalog. Quarter hours are converted at the rate of one to two-thirds (e.g., five quarter hours = 3.335 semester hours, four quarter hours = 2.668 semester hours, and three-quarter hours = 2.001 semester hours). The official Texas State transcript separates transfer course work and grades from Texas State course work and grades. The transfer GPA is used to determine eligibility for admission purposes. Credits transferred are included in the total hours the student has earned, but the grades and quality points do not affect the student’s Texas State GPA. However, transfer grades and quality points do calculate into an overall GPA that may be used in some university processes such as course prerequisites.

In calculating the GPA, grades of A, B, C, D, and F are counted. Non-punitive grades such as W or WP are posted but not calculated. Grades of WF or I are averaged as F. If a course has been repeated, every grade except the first will be calculated. Grades in non-transferable and technical/VocEd courses are disregarded. See the Academic Policies section for more on repeated grades and courses. To see what course credits will transfer, visit our Transfer Course Equivalency System (https://www.admissions.txst.edu/future-students/transfer-credit-evaluation.html).

### Additional Competencies

Students seeking their first undergraduate degree are required to demonstrate competency in a foreign language. This can be demonstrated by means of:

- Two years of the same foreign language in high school or two semesters of the same foreign language in college. (Some degree programs may have additional requirements for graduation.)
- A placement exam
- CLEP

### Transferring to the Round Rock Campus (RRC)

Texas State University is one university with two campuses, one in San Marcos, TX and one in Round Rock, TX. The Round Rock Campus (RRC) offers junior- and senior-level courses in select undergraduate majors.

To register for classes at the Round Rock Campus, students must be ready to take junior- or senior-level classes. Typically students taking courses at the RRC have completed their sophomore year, or at least 42 transferable hours that are degree applicable to one of the bachelor’s degree programs (https://www.rrc.txst.edu/academics/bachelors.html) offered at the RRC. Students who intend to take courses at the RRC follow the same application process as students to the San Marcos Campus and have to meet the same admissions requirements as other applicants to Texas State with 30 hours or more (see above).

### GPA and Credit Hour Calculations

In computing the GPA for transferable course work, all grades are computed with grade and hour value. The grade earned at the sending institution is the grade transferred to Texas State, except that a plus or a minus is disregarded. Number grades are converted to the A-F (four-point) grading scale. A grade of D or F transfers for admission purposes but may not be accepted by a student’s major department, school, or program.

Courses completed in units other than semester hours are converted to semester hours using information from the sending institution’s transcript or catalog. Quarter hours are converted at the rate of one to two-thirds (e.g., five quarter hours = 3.335 semester hours, four quarter hours = 2.668 semester hours, and three-quarter hours = 2.001 semester hours). The official Texas State transcript separates transfer course work and grades from Texas State course work and grades. The transfer GPA is used to determine eligibility for admission purposes. Credits transferred are included in the total hours the student has earned, but the grades and quality points do not affect the student’s Texas State GPA. However, transfer grades and quality points do calculate into an overall GPA that may be used in some university processes such as course prerequisites.

In calculating the GPA, grades of A, B, C, D, and F are counted. Non-punitive grades such as W or WP are posted but not calculated. Grades of WF or I are averaged as F. If a course has been repeated, every grade except the first will be calculated. Grades in non-transferable and technical/VocEd courses are disregarded. See the Academic Policies section for more on repeated grades and courses. To see what course credits will transfer, visit our Transfer Course Equivalency System (https://www.admissions.txst.edu/future-students/transfer-credit-evaluation.html).

### Additional Competencies

Students seeking their first undergraduate degree are required to demonstrate competency in a foreign language. This can be demonstrated by means of:

- Two years of the same foreign language in high school or two semesters of the same foreign language in college. (Some degree programs may have additional requirements for graduation.)
- A placement exam
- CLEP
Falsification of Documents

Students found to have deliberately falsified application information either by failing to submit accurate information, altering their application, or misrepresenting their academic work, will be subject to disciplinary action up to and including denial of admission, withdrawal of an admission offer, or registration cancellation.

All first-time undergraduate students must show foreign language proficiency. Documentation is collected by Undergraduate Admissions to ensure this requirement is met. Students must complete either two years of the same foreign language in high school or two semesters in college to meet this requirement. Acceptable documentation could include high school transcripts, or college transcripts.

Academic Program Entry Requirements

In addition to gaining general admission to the University, some academic programs at Texas State have their own entry requirements. It is possible that some students may be offered general admission to Texas State, but not admitted to their major and, as a result, will have to start their program classified as a "pre-major" (for example: pre-communication studies). Students interested in pursuing one of these majors must complete the entry requirements, a departmental application, and upper-level courses required by the department in order to graduate from that major.

For a list of majors with additional entry requirements separate from general admission, please visit the Program Entry Requirements (https://www.admissions.txst.edu/future-students/additional-program-requirements.html) page for complete information on each major.

Teacher Education Program

To be eligible for a Texas teaching certificate, a student must first be admitted to the university, then they can apply for admission to the teacher preparation program through the Office of Educator Preparation (https://www.education.txst.edu/oep/). Information regarding these requirements can be found in the College of Education (http://mycatalog.txstate.edu/undergraduate/education/office-of-educator-preparation/) section of this catalog.

Transfer Credit Evaluation Maximum Hours

Texas State will apply to a specific degree no more than 66 semester hours from an accredited junior/community college. At the approval of the individual dean, six to eight hours may be added. At the time of the transfer, all transferable work completed at a junior or community college will be recorded on the official transcript. If the number of hours transferred from a junior/community college exceeds 66 hours, it will be the responsibility of the departmental chair or school director to recommend to the academic dean how the student will satisfy degree requirements.

Texas State University is one university with two campuses, one in San Marcos, TX and one in Round Rock, TX. The Round Rock Campus (RRC) offers junior- and senior-level courses in select undergraduate majors.

To register for classes at the Round Rock Campus, students must be ready to take junior- or senior-level classes. Typically, students taking courses at the RRC have completed their sophomore year or at least 42 transferable hours that are degree applicable to one of the bachelor's degree programs (https://www.rrc.txst.edu/academics/bachelors.html) offered at the RRC. Students who intend to take courses at the RRC follow the same application process as students to the San Marcos Campus, and have to meet the same admissions requirements as other applicants to Texas State.

Evaluation of Transfer Credit

Transfer of credit from another institution to Texas State involves the consideration of the transfer institution’s accreditation, how the course work compares and applies to a Texas State degree program, and the grades and hours earned. The Office of Undergraduate Admissions provides, along with the admission notification letter (when applicable), a link to the office's Transfer Course Equivalency System (https://tim.txstate.edu/transferguide/) page which enables students to view their evaluated transfer work online so they are aware of how each course was evaluated for transfer purposes.

Regional Accreditation

Texas State considers for transfer credit (subject to other provisions outlined below) course work completed at degree-granting institutions that have been granted membership or candidacy status (by the time the course work was completed) by one of the regional institutional accrediting organizations or national faith-related accrediting organizations approved by the Department of Education or Council for Higher Education Accreditation.

No Regional Accreditation

Course work from an institution or entity (e.g. online providers), that is neither regionally accredited nor a candidate for such accreditation is not recognized for admission or transfer purposes. Texas State does not accept credit from institutions or entities with accreditation solely from national career-related accrediting organizations, or professional and specialized accrediting organizations.

Faith-Related Accreditation

Courses from institutions accredited by a national faith-related accrediting organization approved by the Department of Education or Council for Higher Education Accreditation will be evaluated for transfer credit. Remedial courses are nontransferable. Religious courses of a doctrinal or denominational character (sacraments, Christian approaches to missions, etc.) are nontransferable.

Credit from Abroad

Course work completed at foreign institutions will be evaluated on an individual basis. Foreign institutions must be officially recognized by their Ministry of Education for transfer credit to be considered.

Role of the Office of Undergraduate Admissions in Determining Transfer Credit

The Office of Undergraduate Admissions manages the process of reviewing transfer credit and works with the respective faculty to review each transferable course taken at another college. The process begins with the Office of Undergraduate Admissions determining if the sending institution meets the accreditation requirements and if so, then determines if the course is transferable. Once a course is determined to be transferable, the Office of Undergraduate Admissions makes a recommendation for direct equivalency to the respective faculty for a
Courses from out-of-state or private institutions are evaluated for fulfillment of general education core curriculum components upon receipt of a student's request. Students requesting a review of elective courses (ELNA, ELADV) for application to the general education core curriculum will also be considered.

Role of College Dean and Program Chair/Department Chair/School Director of Student’s Major

The applicability of transferred credit toward a degree at Texas State is the decision of the college dean. The process begins with the respective faculty who determine the applicability of the transferred credit on a course-by-course basis. These decisions are maintained by Undergraduate Admissions which includes a re-evaluation schedule. Texas State faculty have identified common course number equivalents for many of its lower division courses. These are identified in the Texas State catalog and updated annually. Student appeals for re-evaluation of vocational and transferred credit are reviewed by the appropriate faculty. If the faculty and program coordinator recommended acceptance of the credit, it must include final approval by the department or program chair or school director and college dean (or designee). It is sometimes necessary for the transfer student to provide such materials as catalogs, course descriptions, syllabi, class assignments, or textbooks to assure proper evaluation.

Explanation of Evaluation Symbols

The Office of Undergraduate Admissions personnel assign evaluation symbols to all courses submitted.

1. Courses that have been evaluated by faculty to have direct Texas State course equivalency are equated to the Texas State course number and assigned the four-digit number used by Texas State.
2. Elective courses are recorded as ELNA, for lower level freshman and sophomore courses and ELADV, for upper level junior and senior courses.
3. Physical activity courses are evaluated as “Activity” (ACT). These courses are transferable for admission and degree-seeking purposes.
4. Courses evaluated as VOCED are not transferable and are not computed in the transfer grade point average (GPA). VOCED courses may not be used for admission purposes. In cases where VOCED courses support a student’s degree program, the student may request that the respective faculty, chair, or director of their major department, school, or program review the courses after enrollment at Texas State and declaration of a major. If the faculty and program coordinator recommend acceptance of the credit, it must include final approval by the departmental and program chair and director or school director and college dean (or designee). The approved VOCED credit will be recorded on the student’s official Texas State transcript for application to that degree program only. Should the student change majors, the applicability of the VOCED credit toward the new major is subject to review by the faculty and chair or director and dean of the student’s new major department and college.
5. Courses that hold no transfer value for either admission or degree purposes are evaluated as NOCRD.

Course Equivalency Information

Course equivalency information may be obtained from the junior/community college counselor, the Texas State Office of Undergraduate Admissions or through CatsWeb (https://www.catsweb.txst.edu/students.html) on the Texas State website (https://www.catsweb.txst.edu/students.html). Students are encouraged to plan all course selections at the junior/community college as far in advance as possible. Proper planning and use of the equivalency information will maximize the transfer of credit to Texas State.

Texas Junior/Community College Transfer Students

Prior to transferring from a Texas junior/community college, students should discuss their course selections and degree plans with their two-year college counselor or academic advisor.

Transfer Planning Guides

Transfer planning guides have been developed for many programs at many junior/community colleges. Prospective transfer students may access existing transfer planning guides (https://www.admissions.txst.edu/future-students/transfer/tpg.html) on the Undergraduate Admissions website (https://www.admissions.txst.edu/future-students/transfer.html).

Under Texas Education Code 61.832, the Texas Common Course Numbering System (TCCNS) was developed to facilitate transfer of general academic courses among Texas public institutions. Common courses are included in the Academic Course Guide Manual (http://board.thecb.state.tx.us/apps/WorkforceEd/acgm/acgm.htm) (ACGM) for lower division courses which is published by the Texas Higher Education Coordinating Board. The ACGM may be used to determine how freshman and sophomore level courses transfer from and to Texas public institutions. The statewide TCCN may be accessed at this url: www.tccns.org (https://www.tccns.org). The common course number has a standardized four-letter prefix followed by a four-digit number, for example, ENGL 1301. The four-letter prefix identifies the subject area. Each digit in the four-digit sequence gives additional information about the course. The first digit identifies the course as either freshman level (1) or sophomore level (2). The second digit identifies the number of credit hours a student will earn upon completion of the course. Most often this digit will be a 1, 2, 3, or 4. The final two digits serve to establish the sequence in which courses are generally taken.

In the course description sections of the catalog, the common course number is shown in parentheses, for example, (ENGL 1301). In most cases, the common course number is also the course number at the community or junior college. For other institutions, if two courses share the same common course number, no matter what their actual institutional number is, they will be accepted as equivalent for
Credit-by-Examination
Credit may be earned by achieving a sufficient score (as determined by the relevant academic department at Texas State University) on any of several exams and submitting official score reports to the Testing, Evaluation, and Measurement Center (TEMC).

Sufficient scores on the following examinations may be applied for credit:

1. College Level Examination Program (https://www.txst.edu/temc/services/testing-lab-services/exams-for-credit/clep.html) (CLEP),
2. College Board Advanced Placement Examination Program (https://www.txst.edu/temc/services/testing-lab-services/exams-for-credit/ap.html) (AP),
3. International Baccalaureate Program (https://www.txst.edu/temc/services/testing-lab-services/exams-for-credit/ib.html) (IB),
4. Certain established departmental examinations (https://www.txst.edu/temc/services/testing-lab-services/exams-for-credit/departmental.html) (administered by TEMC or by the relevant academic department)

Credit established in this manner through TEMC will be recorded as "credit only" (CR) on the transcript and will not affect the GPA, except that Texas State recognizes superior scores for CLEP exams in French, German, and Spanish language by awarding letter grades of A or B. Letter grades for the French, German, and Spanish language CLEP exams are optional and may be recorded as CR at the student's request.

Evidence of credit by any examination must be evaluated by TEMC, before it can be entered on a transcript. Additional information on this and other TEMC services is available on the TEMC website (https://www.txst.edu/temc/).

Transfer planning guides have been developed for numerous programs at many junior/community colleges. Prospective transfer students may access existing transfer planning guides (https://www.admissions.txst.edu/future-students/transfer/tpg.html) on the Undergraduate Admissions website (https://www.admissions.txst.edu/future-students/transfer.html).

Credit earned by exam satisfies degree requirements in the same way as credit earned by passing the course except that it does not count as credit earned in residence.

The Department of Organization, Workforce, and Leadership Studies, or OWLS (https://www.owls.txst.edu/), is the only academic unit at Texas State that employs a systematic process for evaluating and credentialing experiential learning with academic merit and credit. Such credit is validated after enrollment at Texas State according to established criteria and is forwarded to the Office Undergraduate Admissions for posting to the student’s record. Should a student change majors, credit awarded for experiential learning will be re-evaluated by the new academic department/school.

The department prepares nontraditional students for careers through high-quality academic, professional, and technical programs. It grants college credit for experiential learning such as work-life experience (https://www.owls.txst.edu/undergraduate-degrees/Work-life-Experience-Credit.html), credit for non-collegiate instruction, and credit by exam.

To apply for admission to the OWLS program, contact the Office of Undergraduate Admissions (https://www.admissions.txst.edu/future-students.html).

1. The following procedures shall be followed by public institutions of higher education in the resolution of transfer credit disputes involving lower-division courses:
   a. If an institution of higher education does not accept course credit earned by a student at another institution of higher education, the receiving institution shall give written notice to the student and to the sending institution that transfer of the course credit is denied.
   b. The two institutions and the student shall attempt to resolve the transfer of the course credit in accordance with Board rules and/or guidelines.
   c. If the transfer dispute is not resolved to the satisfaction of the student or the sending institution within 45 days after the date the student received written notice of denial of credit, the institution whose credit is denied for transfer shall notify the Commissioner of the denial.
2. The Commissioner of Higher Education or the Commissioner’s designee shall make the final determination about the dispute concerning the transfer of course credit and give written notice of the determination to the involved student and institutions.
3. All public institutions of higher education shall publish the procedures described in sub-sections (1) and (2) of this section in their undergraduate course catalogs.
4. All public institutions of higher education shall furnish data to the Board on transfer disputes as the Board may require in accord with its statutory responsibilities under Texas Education Code Section 61.826.
5. If a receiving institution has cause to believe that a course being presented by a student for transfer from another school is not of an acceptable level of quality, it should notify the Commissioner of Higher Education. The Commissioner may investigate the course. If its quality is found to be unacceptable, the Board may discontinue funding for the course.

Any Texas State student who does not enroll in the university for one long semester (spring or fall semester) but wishes to return is considered a returning student (https://www.admissions.txst.edu/future-students/returning.html). Whether the student leaves on academic or disciplinary suspension or of their own accord, they must follow these procedures for readmission:

1. Complete and submit the Apply Texas (https://www.admissions.txst.edu/future-students/apply-for-admission.html#applynow) Undergraduate Readmit application.
2. Submit application fee of $40 (check, money order, American Express, Visa, MasterCard or Discover). Fee waivers (https://www.admissions.txst.edu/future-students/fee-waiver.html) based on need are available.
3. Submit official transcripts from every institution attended since last enrolled at Texas State.
4. Attest that no suspensions, withdrawals, or dismissals affect their eligibility to return to all previously attended institutions.
NOTE: Returning students who have taken transferable hours since last enrolled must be eligible to return to all previous institutions and have a minimum GPA of 2.25 in that work.

A student who has left Texas State due to academic suspension will return on probationary status after complying with the suspension requirements and meeting the readmission criteria outlined above. (See the policy stated in "Readmission Following Suspension" in the Academic Policies of this catalog.) Some Texas State returning students may be eligible to take advantage of our Academic Bankruptcy or Academic Fresh Start programs. See Academic Forgiveness Programs (p. 54) for more information.

A student who is member of the U.S. Armed Forces or National Guard who withdrew from school as a result of being called to active duty is eligible to re-enroll without paying a reapplication fee if the student returns to Texas State within a year of being released from active duty. These students will need to complete the Returning Military Information Form (https://gato-docs.its.txst.edu/jcr:4c9501a1-f17b-4667-a9ff-bac480fa4af3/) and email processing@txstate.edu to have their status reactivated. In addition, the student will need to submit the following documents to the Office of Undergraduate Admissions:

- DD214
- Joint Services Transcript (JST)
- Community College of the Air Force (CCAF) (if applicable)

The Office of Undergraduate Admissions receives then reviews the academic course work of students who earned post-secondary credit while serving in the US Armed Forces. Post-secondary credit is defined as credit earned by means of successful completion of a college-level, academic course at a regionally accredited college or university. In compliance with Texas Education Code 51.3042, eligible former members of the military who are admitted or readmitted as an undergraduate will be awarded two hours of "course credit for all physical education courses required by the institution for any undergraduate degree," and an additional 12 hours of "military science" credit, which may be applied to satisfy any elective requirement.

The two hours of physical education credit will be awarded by Undergraduate Admissions upon receipt of Form DD-214 as long as the following can be verified: two years of active military duty; the student graduated from an accredited high school or equivalent; and the student is an honorably discharged member of the military who completed at least two years of service or was discharged because of a disability. The student must also submit an official high school transcript.

Students are also required to submit the following transcripts and upon receipt will be credited with 12 hours of military science:

1. JST (Joint Services Transcript): Army, Coast Guard, Marine Corps, Navy
2. CCAF Transcript (Community College of the Air Force)

Other military coursework may be considered for transfer credit. Texas State utilizes the American Council on Education’s Guide to the Evaluation of Educational Experiences in the Armed Services (https://www.acenet.edu/Programs-Services/Pages/Credit-Transcripts/military-guide-online.aspx) to assess potential transferability of military occupational specialties. Careful consideration should be given to the impact of the additional course credit on degree progress and other institutional rules. Credits may be granted for lower- and upper-division course work only, not for graduate-level work. Transfer credit is subject to approval by the student’s major department/school. For information on how and when to apply for admission, please visit Veterans Admission (https://www.admissions.txst.edu/future-students/other-admission-types/veterans.html).

Texas State defines an international student as anyone who is in a non-immigrant visa status including H1-B visa holders. If you are not a U.S. Citizen, permanent resident, refugee, or asylee, you would be classified as an international student. Students who are not on a visa and are graduating from a Texas high school after three years in residence in Texas (please review Senate Bill 1528) are considered domestic applicants.

Application Process

International students should complete the International Application (https://www.admissions.txst.edu/future-students/apply-for-admission.html) by the Priority Date or Deadline (https://www.admissions.txst.edu/future-students/priority_dates.html). Students must submit the application and all academic credentials, including a certified English translation of the original academic records, if the originals are not in English. A non-refundable $90.00 (USD) application fee is required of all international applicants. International students are not eligible for an application fee waiver.

Students whose native language is something other than English must present proof of English proficiency. A complete listing of ways to satisfy Texas State’s English proficiency requirements can be found on our International Admissions Requirements webpage (https://www.admissions.txst.edu/future-students/international/admissions-requirements.html).

Freshman applicants who will be graduates of a foreign secondary school must demonstrate above-average classroom achievement and present an academic profile equivalent to that of a U.S. high school curriculum. Freshman applicants who will be graduates of a U.S. high school, and have completed at least two years in a U.S. high school, must meet the same freshman admission requirements (https://www.admissions.txst.edu/future-students/freshman/admission-requirements.html) as those of U.S. applicants.

Transfer applicants from within the U.S., as well as those transferring from foreign universities, must meet the grade point average (GPA) criteria outlined below. Transfer applicants will have varying cumulative transfer GPA requirements based on the number of transferable hours submitted.

- Students with 15 or fewer credit hours must meet a cumulative GPA requirement of a 2.0 as well as meet freshman admission standards (https://www.admissions.txst.edu/future-students/freshman/admission-requirements.html).
- Students with 16-29 transfer credit hours must meet a cumulative GPA of a 2.5.
- Students with 30 or more transferable credit hours must meet a cumulative GPA of 2.25 (additional review will be completed for applicants to the McCoy College of Business (https://www.admissions.txst.edu/future-students/additional-program-requirements.html)).

Credit for Board Exams

International freshmen and transfer students may earn credit by submitting A and AS level Cambridge Assessment (https://
Exams administered by other boards will be reviewed on a case-by-case basis, including:

- Assessment and Qualifications Alliance (AQA) (https://www.aqa.org.uk/about-us/)
- Oxford, Cambridge and RSA Exams (OCR) (https://www.ocr.org.uk/about/)

F1 International Students Transferring to Texas State from Another SEVIS-Approved U.S. Institution

International students who are on F-1 visa status and wish to transfer to Texas State must meet all academic and immigration requirements. Students who have been admitted into an academic program at Texas State should follow the steps below to initiate the transfer of their SEVIS record. This is a separate procedure not to be confused with the transfer admission process managed by the Offices of Undergraduate or Graduate Admission. Submitting all the required academic transfer information and gaining admission to Texas State does not complete the SEVIS transfer process.

- Once admitted to Texas State you must,
  a. Request you I-20 from International Student and Scholar Services: https://www.international.txstate.edu/prospective/requirddocs.html
  b. Inform your current DSO to transfer your SEVIS record to Texas State using the school code: SNA214F00331000
- After the release date of your SEVIS record,
  a. International Student and Scholar Services will review all required documents and issue a new I-20.
  b. The new Texas Sate I-20 will be mailed to you or you can pick it up at the ISSS office.
- All new F-1 international students must complete a mandatory immigration check-in with International Student and Scholar Services prior to the first day of classes: http://www.international.txstate.edu/prospective/Checkln.html.

Important Considerations

- SEVIS transfer students must begin classes at the transfer-in school the next available term or within five months of the student's last day of classes at the transfer-out school, whichever is sooner, or within five months of the program completion date on the student's current Form I-20 or EAD granted for OPT.
- If a student completes a course of study or OPT, the student is eligible for transfer through the end of the 60-day grace period. Students who are terminated or out of status should contact International Student and Scholar Services prior to transferring their SEVIS record to Texas State.
- If a student is planning to travel abroad, the student must re-enter the US with the I-20 from the school that holds the student's SEVIS record at the time. If the release date passes while the student is abroad, International Student and Scholar Services will create the student a new I-20 as long as the student has submitted an I-20 request.

A student's authorization for OPT or CPT ends on the transfer release date or the end of the work authorization whichever one is earlier.

F1 International Students Transferring to Another SEVIS-Approved U.S. Institution from Texas State

To transfer from Texas State to another U.S. institution, you must complete the SEVIS Transfer-Out Form, which is posted at http://www.international.txstate.edu/current/TransferOut.html. The form requires you to indicate a release date and a copy of your acceptance letter to a SEVIS-approved institution.

The SEVIS transfer process is separate from the academic transfer process and does not imply a transfer of your academic records. The SEVIS transfer will enable your new institution to issue a new I-20 that will allow you to maintain your F1 visa status.

If you decide to cancel your transfer, you must notify International Student and Scholar Services at Texas State University before the transfer release date. Once the transfer release date has reached, Texas State will no longer have access to your SEVIS record and your new institution will be responsible for the management of your record.

For further information on SEVIS regulations, contact International Student and Scholar Services at 512.245.7966, international@txstate.edu, or www.international.txstate.edu (http://www.international.txstate.edu/).

In addition to freshman, transfer, returning (readmit) and international students, Texas State admits and enrolls students from additional admission categories. Applicants for admission from these categories must comply with modified application procedures and, in some cases, special (category-specific) admission requirements:

- Non-degree Seeking
- Early Admission
- Second Bachelor's
- Individual Review
- Special Talent

Visit the Office of Undergraduate Admissions website (https://www.admissions.txst.edu/future-students/other-admission-types.html) for details on each of these additional admission categories and how to apply/be considered for any of them.

Students who have not earned a Bachelor's degree and wish to enroll in courses at Texas State may be considered for admission as a non-degree seeking student.

Non-degree seeking students are:

- Students who enroll in courses only at the undergraduate level without pursuing a degree at Texas State
- Planning to enroll in courses for one semester before returning to another institution (transient)

Non-degree seekers are limited to a total of 24 semester hours and must reapply for admission each semester. Credit earned as a non-degree seeking student will not be considered for future admission to Texas State, but may be considered for degree purposes only after the student has reapplied and met general admission requirements. Those admitted under this option are not eligible for Financial Aid. For more information on admission requirements and application procedures, visit the Office
of Undergraduate Admissions (https://www.admissions.txst.edu/future-students/other-admission-types/non-degree-seeking.html) webpage.

Students who have earned a Bachelor's degree and wish to enroll in undergraduate courses should apply for admission as non-degree seeking through The Graduate College (https://www.gradcollege.txst.edu/programs/non-degree.html).

Texas State's Early Admission Program affords local high school juniors and seniors the opportunity to take college-level courses at Texas State while still in high school. The program is intended for students who rank in the top half of their class, who meet or exceed the university’s assured freshman admission requirements, and who are recommended by their high school counselor or principal. All the usual freshman priority dates and deadlines (https://www.admissions.txst.edu/future-students/priority_dates.html) apply. For more information on the Early Admission Program, visit the Office of Undergraduate Admissions (https://www.admissions.txst.edu/future-students/other-admission-types.html) webpage.

Students admitted under this option are considered non-degree seeking and are ineligible for financial aid. After high school graduation, those wishing to continue in a degree-seeking status must reapply and submit their final high school transcript.

Students who have completed a bachelor's degree and wish to obtain a second bachelor's degree are required to apply for admission. For those students seeking a second bachelor's degree in business, the McCoy College requires the overall cumulative GPA from your first degree be a 2.5 or higher. Second-bachelor's degree seekers cannot pursue a General Studies major. Students who hold a bachelor's degree and wish to pursue additional course work but not a second bachelor's degree should apply through The Graduate College (https://www.gradcollege.txst.edu/programs/non-degree.html).

To apply, students must complete and submit the Transfer Student Application through ApplyTexas (http://www.admissions.txstate.edu/future-students/apply-for-admission.html#applynow), $75 application fee, and submit an official transcript from the institution where the highest degree was obtained. Transcripts for any course work completed after the degree was earned must also be submitted. Applicants must meet all appropriate priority dates and deadlines (https://www.admissions.txst.edu/future-students/priority_dates.html). For more information on how to apply for a second bachelor’s degree, visit the Office of Undergraduate Admissions (https://www.admissions.txst.edu/future-students/other-admission-types-seconds-bachelors.html) webpage.

The Office of Undergraduate Admissions does not post transfer credit for students who have been awarded a bachelor's degree. Course work taken after degree completion will be posted to the student’s Texas State transcript. Students should work directly with their major department, school, or program to determine how course work from the first degree applies to their second degree.

Applicants who have been out of high school for at least three years and have 15 or fewer transferable credit hours may be considered for admission on an individual basis. Applicants must submit an official high school transcript validating high school graduation or GED completion certificate. The high school transcript or GED certificate, college transcript(s), application, and the $75 application fee must be submitted by the appropriate deadline. No test score is required for admission review, but test score submission is recommended.

Students who receive a Fine Arts or Athletic scholarship and are recommended for admission by the Dean of the College of Fine Arts and Communication or the Director of Athletics, but do not meet Assured, Admission Review, or Individual Review admission requirements, may be granted admission to Texas State. Freshman students admitted under the Special Talent Program must rank in the top three quarters of their high school class. Transfer students must have a minimum 2.00 cumulative GPA. The university president may authorize exceptions to this policy.

Those who wish to audit a course must be accepted by the Office of Undergraduate Admissions by completing the ApplyTexas Transient application (https://www.admissions.txst.edu/future-students/apply-for-admission.html), and approved by the school, department, or program offering the course. Audit status must be declared at registration. Participation in class discussion and examinations are optional with the instructor. Auditors receive no course credit but are expected to attend class regularly. With departmental/school approval, a student who has audited a course may later take the course for credit.

After registering for class(es), the student must contact the Office of the University Registrar (https://www.registrar.txst.edu/registration/reg-home/audit.html) in person by the 4th class day in the summer, or by the 12th class day in the fall or spring. Check the university's Academic Calendar (https://www.registrar.txst.edu/registration/ac.html) for the exact date. Auditors will pay the same fees as if the course(s) were taken for credit. The course(s) will be entered on their transcript record, but the student will not receive credit for the course(s).

Senior citizens, 65 or older, may audit courses without payment of tuition and fees if space is available. Registration is permitted just prior to the start of the semester, with credit of tuition and fee charges made by the staff in Student Business Services (JCK Administration Building, room 188). Note any audited courses are not eligible for Financial Aid which includes grants, scholarships or loans. For more information, please visit our registration for senior citizens (65+) information page (https://www.registrar.txst.edu/registration/reg-home/65-registration.html).

Some prospective transfer students may be eligible for one of these alternative admission programs. Students interested in either the Academic Fresh Start or Academic Bankruptcy program are required to consult with an admissions counselor (https://www.admissions.txst.edu/contact/forms/academic-forgiveness.html) before pursuing one of these options. These programs are intended for prospective students only and cannot be applied after the student has been accepted.

**Academic Fresh Start**

Under the provisions of the Texas Education Code, the Academic Fresh Start program was established to allow a Texas resident to apply for admission and elect to have all academic course work earned 10 or more years prior to the requested enrollment date ignored for admission purposes. Individuals who choose Academic Fresh Start, including former Texas State students, must submit Academic Fresh Start (https://www.admissions.txst.edu/contact/forms/academic-forgiveness.html) paperwork prior to being admitted, must meet current published admission criteria for Texas State and must submit official records from all colleges attended. Students admitted under this
provision will not receive any course credit for courses taken 10 or more years prior to enrollment, but any coursework completed within the last ten years will be used for admission and course credit. All coursework will remain on the student’s record. Admission under Academic Fresh Start does not change a student’s financial aid obligations for courses not considered for admission purposes.

Students who plan to pursue graduate degrees should note that if their baccalaureate degree was earned under the Academic Fresh Start statute, only the grade point average of the coursework that applied to the baccalaureate degree as stated under the Academic Fresh Start restrictions will be evaluated. However, other standard evaluation criteria for graduate study will apply.

**Academic Bankruptcy Policy**

Students who have not enrolled in any accredited college or university for five or more consecutive calendar years immediately prior to admission to Texas State may request permission to declare academic bankruptcy prior to being admitted. Individuals who choose the Academic Bankruptcy Policy, including former Texas State students, must submit Academic Bankruptcy (https://www.admissions.txst.edu/contact/forms/academic-forgiveness.html) paperwork prior to being admitted. Under this policy, all college-level work done at an earlier date is eliminated from computation of the GPA and none of it is applied toward a degree at Texas State. Such work, however, will not be removed from the student’s record. Those granted academic bankruptcy are admitted on academic probation. Admission under Academic Bankruptcy does not change a student’s financial aid obligations for courses not considered for admission purposes.

In accordance with Texas Higher Education Coordinating Board Rules and pursuant to Texas Education Code (https://texreg.sos.state.tx.us/public/readtac$ext.ViewTAC/?tac_view=5&pt=1&ch=21&sch=B&rl=Y), a student’s status as a resident, nonresident, or international (foreign) student for tuition purposes will be determined by the Office of Undergraduate Admissions prior to enrollment. Undergraduate and Graduate students must be prepared to pay tuition and other required fees by specified due dates. Information about the Coordinating Board’s rules on residency is published on the THECB website. (http://www.collegeforalltexans.com/?ObjectID=6D1466D9-AE5-DE00-C12F3F75E7367718)

Rules for Texas residency classification for tuition are different from residency rules for voting, obtaining a Texas driver’s license or tax purposes. An individual’s residency classification is initially determined by the information provided by the student on their admission application. The student is responsible for ensuring that their residency information is accurate and any corrections are made to their classification before the census date (normally the 12th day of classes for the spring and fall semesters or the 4th day for summer terms).

A member of the Armed Forces who is classified as a non-resident may be eligible for the non-resident portion of their tuition to be waived or exempted. Additionally, there are other categories of students who are classified as non-residents who may be eligible for tuition and fee exemptions or waivers. For more information, visit the Office of Undergraduate Admissions Residency webpage (https://www.admissions.txst.edu/pay-for-college/residency.html). To view a list of exemptions and waivers visit Student Business Services website (https://www.sbs.txst.edu/students/waivers-exemptions.html).

Students who choose to file any type of appeal will undergo an extensive review by the Admission Appeals Committee and will be notified in writing of the final decision. All appeals are reviewed on an individual basis.

**Admission Appeals**

Students denied admission to Texas State have the right to appeal their decision. For an appeal to be considered, students must submit a request for appeal (https://www.admissions.txst.edu/contact/forms/deadline-appeal-form.html). Students must include a formal letter of appeal in their submission, along with new academic information. New academic information includes new semester grades, updated class rank, and/or new test scores. The appeal may also include any relevant information regarding extenuating circumstances that were not reflected in the original application.

**Deadline Appeals**

Students who failed to complete their admission application file (consisting of the application, application fee, and all supporting documents) by the published deadline may request a deadline extension (https://www.admissions.txst.edu/contact/forms/deadline-appeal-form.html). Students should provide a written explanation to the Office of Undergraduate Admissions detailing why they were unable to complete their application file by the published deadline.

**Residency Appeals**

Students who believe they meet the qualifications for in-state residency but were initially classified as out-of-state by the Office of Undergraduate Admissions have the right to appeal. Students wishing to appeal their residency classification should review the Residency website (https://www.admissions.txst.edu/pay-for-college/residency.html) and submit the online residency recategorization request form.

Student Orientation (https://www.admissions.txst.edu/admitted-students/nso.html) (NSO) is required for all students attending Texas State University. Students who have not attended Texas State for one long semester (Fall or Spring) will be required to both reapply to the university and complete new NSO sessions. NSO takes place before each term as a means of providing just-in-time information regarding student support services, class scheduling, and other university resources. Singing up for NSO is required before advising and registration can occur.

In order to acquire the fundamental skills and cultural background that are the marks of an educated person, all undergraduate students at Texas State complete a 42 semester credit hour program of general education core curriculum courses, which serves as the common foundation for all majors and accounts for about 35 percent of the approximately 120 semester credit hours required for a bachelor’s degree.

At the end of the bachelor’s program, the student is prepared not only in a field of study, but also in the general abilities of critical thinking, communication, empirical and quantitative skills, teamwork, personal responsibility and social responsibilities that remain universally useful skills in a rapidly changing world. Texas State graduates have the raw materials to build solutions as they fulfill career and civic responsibilities.

A list of courses that fulfill the general education core curriculum at Texas State University is given below. In many cases, the academic degree plans of various Texas State colleges, schools, departments, degrees, majors, and certifications modify or exceed these standards, so students are urged to carefully examine all sections of this catalog.
which apply to the academic program of their choice. More information about the Texas State University general education core curriculum may be found at: https://www.provost.txst.edu/gec.html

Students transferring from Texas public institutions of higher education may have to fulfill only those portions of the general education core curriculum not completed at their previous institutions. Students from private or out-of-state institutions or those who took coursework before this core curriculum was put into place (Fall 2014), will have their coursework evaluated to determine if it is equivalent to that required at Texas State.

For all undergraduate students, specific major requirements may override those in the core curriculum. Those who have completed the core requirement for college math, for instance, may have to complete Calculus if such is required by their major. In all cases, the major and core requirements applicable are those in the catalog year to which the student is assigned. A list of general education core requirements at all Texas public institutions of higher education is available online at http://www.thecb.state.tx.us/apps/tcc/.

Total General Education Core Curriculum: 42 semester credit hours.

Under Texas Education Code 61.832, the Texas Common Course Numbering System (TCCNS) was developed to facilitate transfer of general academic courses among Texas public institutions. Common courses are included in the Academic Course Guide Manual (http://board.thecb.state.tx.us/apps/WorkforceEd/acgm/acgm.htm) (ACGM) for lower division courses which is published by the Texas Higher Education Coordinating Board. The ACGM may be used to determine how freshman and sophomore level courses transfer from and to Texas public institutions. The statewide TCCN may be accessed at this url: www.tccns.org (https://www.tccns.org/)

The common course number has a standardized four-letter prefix followed by a four-digit number, for example, ENGL 1301. The four-letter prefix identifies the subject area. Each digit in the four-digit sequence gives additional information about the course. The first digit identifies the course as either freshman level (1) or sophomore level (2). The second digit identifies the number of credit hours a student will earn upon completion of the course. Most often this digit will be a 1, 2, 3, or 4. The final two digits serve to establish the sequence in which courses are generally taken.

In the course description sections of the catalog, the common course number is shown in parentheses, for example, (ENGL 1301). In most cases, the common course number is also the course number at the community or junior college. For other institutions, if two courses share the same common course number, no matter what their actual institutional number is, they will be accepted as equivalent for transfer. For a complete list of all the common course numbers currently adopted by Texas State, visit the General Education Core Curriculum section (http://mycatalog.txstate.edu/undergraduate/general-education-core-curriculum/) of this catalog.

Texas State University offers a full range of programs in applied arts, business administration, education, the fine arts, general studies, health professions, the liberal arts, sciences, and engineering. This section of the catalog gives basic information about the undergraduate degrees, majors, minors, and alternative curricula available at Texas State. Certificate and degree programs are approved in accordance with guidelines provided by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) accreditation is institutional in nature. Although many programs are accredited by other agencies, SACSCOC accredits the university as a whole, not specific degrees or programs.

**SACSCOC Accreditation**
Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) accreditation is institutional in nature. Although many programs are accredited by other agencies, SACSCOC accredits the university as a whole, not specific degrees or programs.

**Texas State University Undergraduate Degree Program Information**
All undergraduate degrees conferred by Texas State University are based on the satisfactory completion of the following components:

1. Uniform undergraduate degree requirements, which apply to all Texas State undergraduates regardless of their major. These requirements include:
   - US 1100 (required for students who enter with fewer than 16 semester credit hours completed after high school graduation),
   - Core Curriculum,
   - Foreign Language Proficiency,
   - Writing Intensive, and
   - Residency.

2. College-specific degree requirements, which include:
   - Major,
   - Minor, if applicable,
   - Upper-division hour,
   - Free electives, if applicable, and
   - Grade-point average requirements.

3. Specific degree or program, if applicable.

**Special Requirements for the Bachelor of Arts Degree Programs**
The following requirements apply to all Bachelor of Arts degree programs.

**Minor Requirement**
A minor is required and may be selected from any of the Texas State approved minors.

**Science Requirement**
In addition to completing the mathematics and the life and physical sciences requirements of the general education core curriculum, students must complete one additional science course (3-4 hours) from anthropology (biological anthropology only), biology, chemistry, computer science, geography (physical geography only), geology, mathematics, philosophy (logic only), physics.

**Modern Language Requirement**
An intermediate level proficiency demonstrated by successful completion of American Sign Language, Arabic, Chinese, French, German, Italian, Japanese, Latin, Portuguese, Russian, or Spanish (2310 and 2320) is required. Most students will need to complete 1410 and 1420 as prerequisites before attempting 2310.

</tbody>
</table>
Students will be able to complete undergraduate prerequisite coursework while earning their bachelor’s degree in many of the majors offered. Texas State University offers a rich diversity of science, math and non-science courses that will fulfill prerequisite requirements for all professional schools in the country and prepare students to take admissions tests such as the MCAT, DAT, OAT and GRE.

Texas State University has several dedicated pre-health advisors who will meet with students to help them understand and plan for the steps needed to become competitive professional school applicants. The pre-health advisors also host workshops and may provide qualified medical and dental school applicants with committee letters. Additional information about pre-health advising at Texas State University can be found on the website for Pre-Health Advising (http://www.bio.txst.edu/prehealthadvising/).

**Medical, Dental, Optometry and Physician Assistant**

Students seeking admission to medical, dental, optometry and physician assistant programs must complete a variety of undergraduate prerequisite courses in order to gain admissions to these programs. Prerequisite courses change from time to time and may include courses which may not count towards their degree plan. Texas State University has developed a variety of concentrations within some majors to help alleviate this issue. These concentrations seek to provide students with coursework that stratifies prerequisite courses for many of their chosen professional programs. In addition, students choosing these concentrations help pre-health advisors track the number of students who are interested in pursuing these professions. This information is important for pre-health advisors, academic advisors, the admissions office, faculty members seeking grant funding from organizations like the National Institutes of Health (NIH), and others on campus.

Information about concentrations is available in the Department of Biology (p. 630), the Department of Chemistry and Biochemistry (http://mycatalog.txstate.edu/undergraduate/science-engineering/chemistry-biochemistry/#programstext) and the Department of Psychology (p. 584) sections of this catalog.

There are several student organizations on campus designed to support and encourage students interested in post-baccalaureate health programs. These student organizations provide students with leadership and community service opportunities and help students learn more about the healthcare careers they are interested in. Some examples of these student organizations include: Pre-Med/Pre-Dent Society, Pre-Physician Assistant Society, Medical Explorers, Black Health Professionals Organization, American Student Dental Association, Minority Association of Pre-Health Professionals, and Women in Medicine.

Texas State University participates in the Joint Admission Medical Program (JAMP). The Joint Admission Medical Program (JAMP) is a special program created by the Texas Legislature to support and encourage highly qualified, economically disadvantaged students pursuing a medical education. Additional information about JAMP can be found at the program website (http://texasjamp.org/homepage.htm).

Texas State University participates in the Dental Early Acceptance Program (DEAP). DEAP is dual-degree program between the UT Health San Antonio School of Dentistry and a few select undergraduate schools that allows students to apply credits earned during dental school to college requirements, allowing students to leave Texas State University and enter dental school one year early, yet still allowing students to earn both a bachelor’s degree and a dental degree. This program is intended for students coming straight out of high school with academic excellence and a demonstrated interest in dentistry as a career.

### English Literature Requirement

Select two of the following:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENG 2310</td>
<td>British Literature before 1785</td>
<td>6</td>
</tr>
<tr>
<td>ENG 2320</td>
<td>British Literature since 1785</td>
<td></td>
</tr>
<tr>
<td>ENG 2330</td>
<td>World Literature before 1600</td>
<td></td>
</tr>
<tr>
<td>ENG 2340</td>
<td>World Literature since 1600</td>
<td></td>
</tr>
<tr>
<td>ENG 2359</td>
<td>US Literature before 1865</td>
<td></td>
</tr>
<tr>
<td>ENG 2360</td>
<td>US Literature since 1865</td>
<td></td>
</tr>
</tbody>
</table>

Note: Students who earn a "B" or "A" in the first sophomore literature course may choose to take an advanced literature course (3000 or 4000 level) instead of a second sophomore literature course.
Additional information about DEAP can be found at the program website (http://www.uthscsa.edu/academics/dental/programs/deap-program (http://www.uthscsa.edu/academics/dental/programs/deap-program/)).

Law
Accredited law schools in the United States typically require at least the following from applicants prior to admission:

1. a bachelor’s degree,
2. a high cumulative grade point average,
3. a satisfactory score on the Law School Admission Test (LSAT)
4. a personal statement,
5. a resume, and
6. letters of recommendation (preferably from faculty members).

The student Learning Assistance Center’s (SLAC’s) prelaw advisor recommends that students considering law school also seek guidance from faculty members on choosing rigorous courses that are reading and writing intense to prepare academically and on identifying and applying for relevant internships. Faculty and staff members that have attended law school serve as valuable resources from whom students can learn about law school experiences firsthand.

Prelaw students are also urged to meet with the Law School Admissions Council (LSAC) prelaw advisors in the SLAC or in the Political Science Department to help students create individualized Law School Admission Test (LSAT) preparation plans using SLAC materials; research and select appropriate law schools; and complete personal statements, addenda, and resumes for students’ Credential Assembly Service (CAS) files. Prelaw and appointment scheduling information are available at www.txst.edu/slac/prelaw.html (https://www.txst.edu/slac/prelaw.html).

Pharmacy
Pharmacy is a professional program leading to the Doctor of Pharmacy (Pharm. D.). Prerequisite coursework required for admission to the professional program may be taken at Texas State. The nine pharmacy schools in Texas (Texas A&M Health Science Center Irma Lerma Rangel College of Pharmacy, Texas Southern University College of Pharmacy and Health Sciences, Texas Tech University Health Sciences Center School of Pharmacy, The University of Texas at Austin College of Pharmacy, The University of Texas at El Paso School of Pharmacy, The University of Texas at Tyler Ben and Maytee Fisch College of Pharmacy, University of Houston College of Pharmacy, University of the Incarnate Word Feik School of Pharmacy, and University of North Texas Health Science Center College of Pharmacy) all require at least two years of prerequisite courses including chemistry, biology, mathematics, physics, English, humanities and social sciences, but the exact courses required vary by school. The Minor in Pre-Pharmacy Studies at Texas State includes coursework that will prepare students to apply to the widest range of pharmacy schools. Students interested in attending pharmacy school are strongly encouraged to add this minor to their degree program. It is imperative that pre-pharmacy students consult with an advisor prior to and during their degree program. For more information contact the Department of Chemistry and Biochemistry.

Physical Therapy
The physical therapy profession requires a post-baccalaureate degree to practice; Texas State offers a Doctor of Physical Therapy degree program (www.health.txstate.edu/pt (http://www.health.txstate.edu/pt/)). The Department of Physical Therapy does not require a specific undergraduate degree for application to their program. There are two degrees that include most of the specific course pre-requisites for the DPT program. The College of Health Professions offers a Bachelor of Science in Health Sciences. The Department of Health and Human Performance in the College of Education offers the Bachelor of Exercise and Sports Science major in Exercise and Sports Science and a concentration in Pre-rehabilitation Sciences (p. 237). Because the prerequisites among DPT programs vary, students should identify specific prerequisites for each program of interest.

Veterinary Medicine
At Texas State, all students must choose a major in one of the 4-year bachelor’s programs. While any major is acceptable, majors in Agriculture, Animal Science, Biology or Chemistry most nearly parallel the courses required in the pre-veterinary program. Department of Agricultural Sciences has a specific major in Animal Science (pre-veterinary concentration) that provides specialized course work and animal experience required for students planning to enter veterinary school (undergraduate/applied-arts/agriculutalsciences/agriculture-animal-science-preveterinary-concentration/ (p. 104)).

Advising for students at Texas State who wish to pursue the pre-professional curriculum in veterinary medicine is available by contacting the pre-veterinary advisor in the Department of Agricultural Sciences at Texas State.

Bachelor of Applied Arts and Sciences (B.A.A.S.)
Bachelor of Arts (B.A.)
Bachelor of Arts in International Studies (B.A.I.S.)
Bachelor of Business Administration (B.B.A.)

Bachelor of Science in Nursing (B.S.N.)
Bachelor of Science in Radiation Therapy (B.S.R.T.)
Bachelor of Science in Respiratory Care (B.S.R.C.)
Bachelor of Science in Technology (B.S.T.)
Bachelor of Social Work (B.S.W.)

Certificate and degree programs are approved in accordance with guidelines provided by the Southern Association of Colleges and Schools Commission on Colleges, the Texas Higher Education Coordinating Board and the Texas State University System Board of Regents.

The table below lists all undergraduate majors and degrees as they appear on a diploma and a transcript. Please note that a number of these programs have additional options or concentrations available. Program hours depend on degree options selected. The program list displays the minimum number of semester credit hours a student could complete to earn a particular degree. It does not reflect an actual student degree plan, which could have concentrations or options that require additional hours.
beyond the minimum. Consult the program page inside this catalog for more detailed information.

Associate Dean
Peter Tschirhart, Ph.D.

The Honors College at Texas State University provides highly motivated students with unique and challenging educational experiences. Through partnerships with other academic units and community organizations, the college fosters intellectual curiosity and research activity while preparing students to engage meaningfully in our increasingly complex and diverse society.

Honors courses are taught by faculty from numerous disciplines and are intended to promote interdisciplinary inquiry, creativity, and a lifetime love of learning. In small seminar- and workshop-style classrooms, students regularly engage with peers and faculty, interrogate assigned readings, embark on field trips, or present their research and creative projects. Through the Honors Independent Study, the Honors Contract course, or the Honors Capstone Project, students may design their own course of study.

The Honors College also helps students to consider their educational ambitions beyond campus. We encourage students to apply for nationally and internationally competitive awards that can assist students applying
to graduate schools and facilitate both domestic and international study away experiences.

The Honors College is housed in historic Lampasas Hall, adjacent to Old Main. The space includes seminar rooms, study rooms, a student computer lab, a conference room, a multicultural lounge, offices for staff and student academic organizations, an art gallery, and the Honors Coffee Forum.

Application
The Honors College accepts students on a rolling admissions basis. To apply, visit our website (https://www.txst.edu/honors/apply.html). Entering students from the top 10 percent of their high school graduating class, or those with a composite score of 27 on the ACT or 1270 on the SAT (Math + Verbal) are qualified admission to join the college. Transfer or currently enrolled students with an overall or institutional GPA of at least 3.25 are also eligible to apply.

Graduation
Students wishing to graduate in the Honors College must choose one of the following paths:

1. the traditional Honors College route, which requires 15 hours of honors credit, including a completed Honors Capstone Project, or
2. a Minor in Honors Studies, which requires 21 hours of honors credit, a cross-cultural experience (such as education abroad), and a completed Honors Capstone Project.

To remain in the Honors College and graduate from the program, honors students must also maintain a minimum overall or Texas State GPA of 3.25.

The Honors Capstone Project encourages students to design a significant research or creative project that is completed under the supervision of a member of the Texas State faculty. Students must present their findings during an undergraduate thesis forum, and completed theses are added to the digital collections of Alkek Library. Many students find the experience of completing an Honors Capstone Project valuable as they plan their applications to graduate school and/or applications for post graduate work.

Texas State recognizes students who complete Honors College graduation requirements adding a special annotation to their official transcript and supplementing their diploma with an Honors College certificate. The Honors College also provides a special medallion, which should be worn during the Commencement ceremony as part of the Texas State academic regalia.

Benefits
Active Honors College students are granted early registration privileges and access to specialized honors advising throughout the year. Honors courses are also limited in enrollment, providing students better access to faculty advising and mentorship. Teaching and learning in the Honors College is thoughtfully designed to promote student engagement through discussions, seminars, projects, and other forms of active learning.

Students may apply for travel assistance in order to present research at regional and national conferences, and they are eligible for scholarships and research support awarded through the Undergraduate Research Fellowship (URF) program. Honors students are encouraged to contribute, as both authors and editors, to the Texas State Undergraduate Research Journal (TXSTUR), a peer-reviewed journal managed collaboratively among faculty and students. Students may also submit research posters to the Undergraduate Research Conference (URC), organized by the Honors College, held annually in April.

Honors College Faculty
The Honors College builds on the strength of master teacher-scholars from across campus, including faculty who have received Presidential Excellence, Piper Professor, Fulbright Fellowships, and other awards for their writing, research, teaching, and service to the community.

Courses in Honors
Honors College courses represent many different academic departments and incorporate interdisciplinary points of view. Because enrollment is limited, honors courses often utilize a seminar or workshop format that encourages students to engage in discussion, demonstrate problem-solving skills, and communicate their work orally, in writing, and through creative projects.

Some Honors College courses satisfy general education core requirements or fulfill requirements in various majors and minors. Most courses with “HON” prefix count as writing intensive. Recent offerings include Political Ecology of Science Fiction; Interdisciplinary Perspectives on Creativity; The Mathematics and Statistics of Gambling and Sports Betting; Philosophy, Politics, and Economics; Balinese Music & Its Cultural Context; Hell Across Cultures; Comics, Cartoons, and Contested Racial Identities in U.S. History; Entrepreneurial Design; Idea Lab: Redesigning the Campus Experience. All courses affiliated with the Honors College are expected to promote active learning or independent inquiry.

Honors Course Proposals
New course proposals are accepted on a biannual basis and are reviewed by a committee consisting of Honors College faculty, staff, and students. Course proposals for the fall term must be received by September 1 of the prior school year. Course proposals for the spring term must be received by April 1 of the prior school year. New general education course proposals are only accepted at the September deadline.

With approval, faculty may also request that existing departmental courses be offered as Honors College sections; these courses are designated in the online system with an “H” section prefix. Honors courses offered directly through academic departments will follow the same curriculum but include additional depth in subject matter; provide increased engagement with faculty, and promote student research and creative activity. Possible course modifications include independent research, group projects, papers, and fewer multiple-choice exams.

Honors Course Contract
The Honors Course Contract Application allows any Texas State course at the 3000 or 4000 level to receive Honors credit. A completed application requires concurrent approval of the student, faculty instructor, and Honors College. With the instructor’s guidance, students seeking honors credit complete at least 15% work beyond the requirements set forth in the syllabus and they must earn a ‘B’ or better for their final course grade. Students may also request to have independent study courses in other departments count as Honors credits using the Honors Course Contract Application form. Completed contract courses will receive a designation of “Honors work included” on the student’s transcript.
Honors Organizations & Post-Graduate Opportunities

Faculty and staff of the Honors College coordinate activities for several campus, state, and national honors organizations, such as the Stelos Scholars, Terry Scholars, and Phi Kappa Phi. A complete listing of Honors-affiliated organizations can be found on our website (https://www.txst.edu/honors/opportunities.html).

The Honors College also provides advising and support to students applying for national scholarship and fellowship programs, including the Gates-Cambridge Scholarship, the Truman Scholarship, and the Rhodes Scholarship. More information can be found online. Students interested in applying for these awards should contact the Honors College for a preliminary advising appointment 6-12 months prior to the deadline. Please visit our website to book an appointment.

Minor

- Honors Studies (p. 89)

Subjects in this department include: HON (p. 65), RES (p. 89)

Courses in Honors (HON)

HON 1390C. Greek Civilization: The Trojan War and the Western Imagination.
The course will introduce students to Greek civilization and its impact on the western world by examining how one theme central to the Greek literary imagination—the Trojan War—affected the development of later western literature. The course studies major texts in the Greek literary canon. (WI) (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Multicultural Content|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 1390D. Ideal Societies I: The Greek Experience.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Multicultural Content|Topics|Writing Intensive
Grade Mode: Standard Letter

This class explores the sociological and philosophical effects operating in conjunction with economic decision-making. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 1390H. Understanding Communication & Technology.
The course is designed to focus on skills, research and theories about the relationships between technology and communication behavior. It teaches face to face communication skills in the contemporary technological environment. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 1390I. Role of the Storyteller in Society: Promoter, Protector or Provocateur.
The course focuses on the role of the storyteller from ancient times to the present. Students will cultivate an appreciation for the oral tradition in the shaping of history, cultural identity, social mores and personal values. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2110A. Soundscape Research and Environmental Listening.
How might we understand environmental sound as a kind of music? In this interactive short course, students will explore the research and scholarship of the "World Soundscape Project," understood both as a historical movement and a contemporary practice. We will examine primary and secondary source literature from musicians, sound artists, and environmentalists—including R. Murray Schafer, Barry Truax, and Hildegard Westerkamp. And, through a series of workshops, we will describe basic principles of environmental listening, analyze the local soundscape, and assess the aural conditions and qualities of San Marcos and central Texas.
1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Process|ing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2110B. Research Experience.
This course will provide students direct engagement with research at Texas State and in the surrounding region. Students will interact with faculty and graduate students, recognize different levels of research engagement, and gain an understanding of the role that research plays in graduate school. Students will also explore how undergraduate research can enhance and expand future learning and career opportunities by interacting with professionals and/or Texas State alumni.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter
HON 2301A. Writing to Change the World.
This course examines communication through writing to promote positive change in the world. This course will enable students to communicate their own arguments appropriate to the subject, occasion and audience. Students will choose a global issue on which to focus their writing, and perform related community service. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Communication Core 010|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2301B. Writing Yourself into Academia: Creating Portraiture.
By studying a person, a group of people, an institution, or a concept, students will create carefully researched written "portraits" that integrate personal narrative, interviews, and academic research. Students will communicate their own arguments and develop ideas about the effect of the message to foster understanding and to communicate persuasively. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Communication Core 010|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2302A. Elementary Number Theory.
This course engages students in the systematic study of problems in elementary number theory using definitions and logical deductions from these definitions. Emphasis will be on developing critical thinking and applications to modern problems. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Mathematics Core 020|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2302B. Graph Theory and Applications.
This course engages students in the study of important topics in graph theory through its applications and through proofs designed to strengthen mathematical techniques. The course will emphasize developing critical thinking and applications to modern problems. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Mathematics Core 020|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2303A. Teaching Physical Science to Children.
Course content includes both physics concepts and research findings on physics teaching and learning. Students will develop a deep understanding of fundamental concepts in physical science and how these concepts relate to making sense of everyday experiences. This studio-styled physics course is ideal for pre-service K-8 teachers. (WI).
3 Credit Hours. 2 Lecture Contact Hours. 4 Lab Contact Hours.
Course Attribute(s): Life & Phys Sciences Core 030|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2303B. Astronomy in Art, History, and Literature.
In this class, students will combine astronomy and the humanities. They will create computer simulations of past celestial events. These results will be combined with evidence gathered from primary sources to investigate how astronomy affected history or appeared in the historical art or literature. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Life & Phys Sciences Core 030|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2303C. Building a Greener Future: One Home at a Time.
Students will use basic scientific principles to investigate resource usage in our daily lives from the production of electrical energy and construction of housing to daily consumption including HVAC systems and major utilities. Students will compare energy conservation programs across the globe and evaluate how public policy effects energy consumption. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Life & Phys Sciences Core 030|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2303D. Everyday Biology.
This course provides the non-science major with a strong foundation of scientific methods and basic biological concepts. Special emphasis is placed on reviewing biological concepts relevant to everyday life (both current and future) including disease, evolution, genetics, biotechnology, diet, and environmental biology.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Life & Phys Sciences Core 030|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2304A. The Meaning of Death.
By examining the moral and existential questions raised by our own mortality, students in this course will practice critical thinking and examine the variety of human responses to and understanding of death by focusing on how ideas, values, beliefs, and other aspects of culture express and affect human experience. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lang, Phil & Culture Core 040|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2304B. Eating Animals in America: Historical and Philosophical Perspectives.
This course examines the changing nature of, and views about, the production and consumption of animals in America from the 18th century to the present. The course will focus on the ethical and philosophical issues raised by eating animals. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lang, Phil & Culture Core 040|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter
HON 2304C. Nonviolence and Sustainable Social Change.
This course examines nonviolence as the systematic endeavor to break cycles of violence, poverty, and racism. The course will focus on investigating the ongoing force of such cycles and to formulate effective understandings for subverting and reversing such trends to offer productive contributions toward more sustainable human development. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lang, Phil & Culture Core 040|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2304D. Reinventing Utopia.
This seminar introduces students to utopian studies, a field of humanities that views utopia as an expression of a universal human desire for better ways of living and being. Whether in the form of religious paradises, literary fantasies, philosophical treatises, or intentional communities, cultures around the globe have dreamed utopias—imaginary worlds of peace, plenty, and human flourishing—to define their values, orient their projects, and explore the human condition. What can we learn from utopia's poets, philosophers, and architects, past and present, to help us reinvent utopia at a time when the planet may need it the most? (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lang, Phil & Culture Core 040|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

This course is a reading-, writing-, and listening-intensive interdisciplinary survey of African-American popular music in America and its relationship to American culture, society, politics and the other arts. (WI) (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Creative Arts Core 050|Exclude from 3-peat Processing|Honors|Multicultural Content|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2305B. Women and Texas Music.
This course examines the lives and creative contributions of Texas women composers, performers, historians, and patrons, and their roles in the promotion and advancement of the arts, especially music, in Texas. This course will address topic-related issues of class, race, and identity formation. (WI) (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Creative Arts Core 050|Exclude from 3-peat Processing|Honors|Multicultural Content|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2305C. Italy and Arts of the Islamic World.
This course focuses on the interpretation of art in its historical context, introducing students to visual analysis and art historical interpretation to understand related scholarship exploring the relationship of Italy to the Islamic world in the medieval and Renaissance periods. (WI) (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Creative Arts Core 050|Exclude from 3-peat Processing|Honors|Multicultural Content|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2305D. Honors Creative Arts.
Students in this course develop broad familiarity with creative arts disciplines through project-based learning. Each project is rooted in a “real world” challenge familiar to the disciplines of art, music, theatre, and dance. To propose a tractable solution, students consult with experts and evaluate significant cultural-historical artifacts.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Creative Arts Core 050|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2306A. American History Through Memoirs.
Through studying memoirs this course focuses on American history since the end of the Reconstruction period. The memoirs, depicting interactions among individuals, communities, states, the nation, and the world, provide an understanding of how these interactions have contributed to the development of the United States and its global role. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): American History Core 060|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2306B. Baseball and the American Experience.
This study of baseball focuses on American history since the end of the Reconstruction period. As a testing ground for the persistence of racial prejudice and the expansion of civil rights, and with advances in technology and management structure, the study of baseball will expose the American experience. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): American History Core 060|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2306C. America in the 1960s: A History of Movements and Ideas.
This course in the history of American social and protest movements from the end of Reconstruction through Occupy focuses in particular on the movements of the 1960s - the Civil Rights Movement, the New Left, the Women's and Homosexual Liberation Movements, and the Counterculture - and their enduring legacies in contemporary society. (WI) (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): American History Core 060|Exclude from 3-peat Processing|Honors|Multicultural Content|Topics|Writing Intensive
Grade Mode: Standard Letter
HON 2306D. Witches, Whores, Murderers & Thieves: Capital Crime in Early America.
This course is an in-depth investigation into the social and legal culture of Early America through the study of microhistories. In this course, we will concentrate on a series of capital crimes, ranging from murder to witchcraft. The period will be the 17th century through 1850. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): American History Core 060|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2306E. Early American History Through Biography.
This course will examine early American history, from colonial times through 1877, through the lens of biography. Students will not only read biographical works on past figures but also analyze autobiographical writings that shed light on their lives. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): American History Core 060|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2306F. Rethinking American Exceptionalism.
This course introduces students to the major political, economic, social, intellectual, and cultural developments in American history through Reconstruction with a special emphasis on the origins and evolution of the tradition of American exceptionalism. Students will evaluate America's national ideology through an analysis of primary source documents and scholarly debate.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): American History Core 060|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2306G. American Countercultures.
This course introduces students to major political, economic, social, and cultural developments in American history through the lens of "counterculture." Although this term is usually associated with the 1960s, countercultures have flourished in the US since the mid-nineteenth century. As 60s guru Timothy Leary observed, countercultures bloom wherever and whenever members of a society embrace lifestyles, artistic expressions, and ways of thinking and being that diverge radically from the mainstream. Students will examine how countercultures from the transcendentalists to the hippies and beyond reflect the hopes and anxieties of younger generations and sometimes succeed in bringing about revolutionary change.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): American History Core 060|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2307A. Democracy in America.
This course is a study of functions performed in the American system of government, understood through the framework of Democracy in America, Alexis de Tocqueville's seminal study of American social and political life, the nature and distinctive character of modern democratic societies, and the problems and perils these societies confront. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Govt/Pol Science Core 070|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2307B. Contemporary Issues in American Politics.
In considering conflicts between liberty and equality with emphasis on how these principles are defined within the American system of constitutional, students will examine literature addressing race, gender, class, and sexuality in relation to events such as national elections, and to works in modern and contemporary political thought. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Govt/Pol Science Core 070|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2308A. Economic Anthropology.
This course covers central issues in economic anthropology including the production, exchange, distribution, consumption, property, economic surplus, inheritance, and types of economic structure in various cultures. Materials will cover hunter-gatherer societies, simple agricultural societies, pre-capitalist complex state societies, and issues of development in non-industrial countries. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Soc & Behav Sciences Core 080|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309A. Origins of Civilization.
By studying literary, mythic and philosophical works selected with special attention to narratives about the origins of humanity and civilization, students will encounter a variety of explanations of human existence. The course will broaden students' perspectives and provide insight into the background of contemporary world cultures. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Component Area Core 090|Lang, Phil & Culture CAO 094|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter
HON 2309B. Re-Humanizing Communication.
This course examines technology's impact on human communication. Students will examine their dependency on technology in order to re-humanize communication. Students will learn to express ideas through the development of interpersonal, small group, and presentational communication skills, developing command of oral, aural, written, and visual literacy in appropriate contexts. (WI).

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Component Area Core 090|Communication CAO 091|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309C. Great Ideas: Humanities I.
By studying classical foundational texts in Western culture from interdisciplinary perspectives, students will understand the origin of great ideas and relate them to today's world. Texts are chosen around a particular theme by a team of instructors to focus on the earliest recorded works up to the Renaissance. (WI).

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Component Area Core 090|Communication CAO 091|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309D. Magic Realism in the Works of Gabriel Garcia Marquez.
A study of selected works of Nobel Prize author Gabriel Garcia Marquez, this course offers unique insights into Latin American culture, filtered through the literary and journalistic vision of Colombia's world renowned author. Additional readings and films emphasize the complex nature of the Latin American culture and literature. (WI) (MULT).

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

HON 2309O. Talking Like TED.
This course develops presentational speaking and storytelling skills through the lens of TED Talks. Students will view and discuss well-received TED Talks and practice the verbal and nonverbal behaviors related to effective communication. This course also focuses on interpersonal and small group communication skills related to presentational speaking.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Component Area Core 090|Communication CAO 091|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309P. Honors American Literature.
This course examines representative authors and works from American literature. Readings will be assigned from various literary genres and will be situated critically within a historical, social, and cultural context. Students will engage with course material through research and creative inquiry.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Component Area Core 090|Lang, Phil & Culture CAO 094|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309Q. Honors British Literature.
Students will read and analyze representative authors and works from British Literature. The course examines works in historical, social, and cultural context as a record of human experience. Courses employ a variety of teaching methods.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Component Area Core 090|Lang, Phil & Culture CAO 094|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309R. Introducatino of Complementary/ Alternative Medicine.
The course introduces students to complementary/alternative medicine (CAM) and its integrate with the traditional health care system. Emphasis is placed on historical, cultural, social, research and consumer aspects of CAM. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309S. Building a Greener Future One Home at a Time.
This course will focus on the science and engineering principles involved in building and maintaining a house. Students will investigate how choices of materials and design influence the cost, sustainability, and energy efficiency of housing. Laboratory experiences will develop these concepts and enable students to make common household repairs.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309T. Applying Statistics to Your World.
This course engages students in active learning through statistical software, research studies, and simulations. Students will explore the elements of statistical thinking by collecting, modeling, and drawing conclusions from data while taking into account the nature of variability. Emphasis will be on engaging with real data and understanding statistical conclusions. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter
An examination, through reading of significant works as well as a trip to important sites in New England, of the roots of American culture as it was influenced by the Puritans and Transcendentalists. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2390K. An Introduction to Arab Culture.
This course will focus on educating students about different aspects of the Arabic culture. The relation between the Arabic language and the Arabic culture will be introduced through the discussion of cultural expressions. The course will also touch on the relation between the culture and Islam for the students to be able to differentiate between what is cultural and what is religious. (WI) (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Multicultural Content|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2390L. An Introduction to Islam.
This course will focus on educating the students about basic history and cultural practices related to Islam, the prophet of Islam and Islam’s holy book, The Koran. It will also focus on the relationship between the Arabic language, the Arabic culture and Islam so the students will be able to distinguish between what is cultural and what is religious. (WI) (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Multicultural Content|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2391B. Role of Images in Mediating Reality.
This course teaches students about subconscious influences on their perceptions of reality and their behavior, and the fundamentals of visual literacy by introducing students to visual literacy. Seeing is an avenue to higher-order thinking processes that will help students meet the professional, cultural and personal challenges of media. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2391P. Spirituality and Religion: A Contemporary Global Perspective.
This course examines spirituality and religion as a universal component of human life, explores the world’s major faith traditions, investigates personal and cultural biases to allow students to expand their global perspectives. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3100. Research, Fellowships, and Grant Proposals.
Creating a strong external funding application requires both persistence and imagination. This course will demystify the fellowship, scholarship, and grant application process and push students to develop key competencies that will help them translate their academic and/or creative interests into viable proposals. Students will receive structured and sustained feedback on their work as they engage collaboratively with the instructor and their peers. As a guiding framework, this course will use prestigious national and international programs, such as Fulbright, Churchill, and Rhodes.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Writing Intensive
Grade Mode: Standard Letter

HON 3210. STEM Cognition and Pedagogy.
This course provides an introduction to STEM pedagogy. Students will learn key education theories and methods from STEM education research and cognitive science. Students will evaluate the processes of teaching and learning and examine structures and practices that facilitate and/or inhibit student learning.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Honors|Writing Intensive
Grade Mode: Standard Letter

HON 3380A. Design Thinking and the Art of Product Development.
Students will explore the use of design-thinking and human-centered design methods for developing new products and services. The course will focus on techniques and methods to articulate problems from a customer’s point of view and will also explore contemporary methods organizations use to manage product portfolios and risk management.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3380B. Idea Lab: Redesigning the Campus Experience.
In this problem-based seminar, students become active change agents by utilizing design-thinking and other pedagogies to address specific challenges impacting the campus experience. Design-thinking draws upon diverse disciplines and methodologies, takes a human-centered approach to problem solving, and asks students to "prototype to test." All majors and backgrounds are welcome.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter
HON 3380C. Entrepreneurial Design: Utilizing Design Thinking to Create Disruptive Companies.
Students will focus on the interconnection between entrepreneurial thinking and innovation. They will develop innovation-driven venture skills and will gain open and critical thinking skills with a focus on community, understanding of calculated risk and the initiative to follow-through.

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|
Writing Intensive
Grade Mode: Standard Letter

HON 3380D. Unpacking the Gaze: Intersectionality and Creative Publication.
This course gives students the opportunity to develop advanced interdisciplinary skills through creative inquiry, critical analysis, and the creation of art that responds to historical and contemporary notions of the gaze. The debates and issues raised by this subject matter will serve as a platform for interdisciplinary discussions and thus appeal to students from a variety of disciplines. The course will meet the needs of:
1) Studio Art students who seek an introduction to research-based approaches to art-making; and 2) Students outside of the Arts disciplines who seek exposure to creative problem solving, thinking through materials, and research-based creative production.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|
Writing Intensive
Grade Mode: Standard Letter

HON 3380E. Exhibition Design & Curatorial Practices.
This course examines the role that exhibitions play in communicating knowledge and explores the variety of display methods within the language of exhibits. As every exhibition program reflects the hosting institutions’ mission, students will learn how to conceptualize exhibits for a variety of subjects: historical, scientific, contemporary, research, and temporary pop-ups. By approaching the subject of exhibit design in this manner, students will gain a sense of their own agency as arts administrators. Concurrent to focused weekly readings/group discussions/experiments, we will workshop final exhibit projects from concept to design throughout the semester.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|

Grade Mode: Standard Letter
HON 3395I. Ever Since Darwin: Celebrating Darwin’s 200th Birthday.  
This course explores Darwin’s quest in arriving at the theory of natural selection, his reasoning and evidence, as well as flaws and fallout. (WI).  
**3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.**  
**Course Attribute(s):** Exclude from 3-peat Processing|Honors|Topics|Writing Intensive  
**Grade Mode:** Standard Letter

HON 3395J. The Meaning of Death.  
How does the fact that we will die affect the possibility of our living a meaningful life? In this course we will examine answers to this question provided by philosophers, psychologists, literary writers, and film-makers.  
**3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.**  
**Course Attribute(s):** Exclude from 3-peat Processing|Honors|Topics|Writing Intensive  
**Grade Mode:** Standard Letter

HON 3395L. Summer Study in France.  
Summer Study in France offers an intensive 35 hours a week, integrated program of oral and written French, phonetics and civilization, designed for intermediate students and supplemented with cultural activities. In addition, a week in Paris introduces students to the French architectural and artistic legacy. (WI).  
**3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.**  
**Course Attribute(s):** Exclude from 3-peat Processing|Honors|Topics|Writing Intensive  
**Grade Mode:** Standard Letter

HON 3395M. Humanity and the Natural Environment: A Study of Interrelationships.  
An interdisciplinary introduction to the interdependence between humans and their natural environment, emphasizing linkages between human activities and their impacts on environmental resources and sustainability, including the ecosystem goods and services provided by a healthy environment. (WI).  
**3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.**  
**Course Attribute(s):** Exclude from 3-peat Processing|Honors|Topics|Writing Intensive  
**Grade Mode:** Standard Letter

HON 3395P. Preserving Humanity in the Face of Conflict: the War Story Genre.  
This course provides students the opportunity to consider the human impact of several global conflicts that have occurred over the past forty years by focusing on novels, short stories, essays, and a memoir written about post-World War II conflicts in Vietnam, the Balkans, Iraq, and Afghanistan. (WI).  
**3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.**  
**Course Attribute(s):** Exclude from 3-peat Processing|Honors|Topics|Writing Intensive  
**Grade Mode:** Standard Letter

This course explores the culture of South Asia via its highly provocative literature, including religious texts such as The Bhagavad Gita, as well as contemporary texts by writers such as Salman Rushdie and Manil Suri. We will contextualize our literary discussions by examining the region’s history, religious history, religions, and culture. (WI).  
**3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.**  
**Course Attribute(s):** Exclude from 3-peat Processing|Honors|Topics|Writing Intensive  
**Grade Mode:** Standard Letter

HON 3395R. Hip-Hop Culture and Positive Youth Development.  
Hip-Hop culture is examined within the context of human development over the life course. Cultural dynamics are examined alongside the social and political history of the United States. Through the lens of Hip-Hop, students will use skills in reflection, discussion and creative expression to develop strategies for personal growth and well-being. (WI) (MULT).  
**3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.**  
**Course Attribute(s):** Exclude from 3-peat Processing|Honors|Multicultural Content|Topics|Writing Intensive

HON 3395S. Geographies of the Holocaust and Genocide.  
This course examines the Holocaust as a complex historical event and frames the Holocaust in the context of, and in comparison to, other genocides. The course is explicitly geographical in methods and subject matter, focusing on how the Holocaust and genocide are planned, implemented, and experienced differently in different places.  
**3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.**  
**Course Attribute(s):** Exclude from 3-peat Processing|Honors|Topics|Writing Intensive  
**Grade Mode:** Standard Letter

HON 3395V. Introduction to LGBT Studies: An Interdisciplinary Approach.  
This course is an introduction to LGBT Studies, combining three academic disciplines: social, political, and historical; drama and fine arts; and English and Queer Theory. These disciplines will be integrated throughout the semester to assist student in developing a perspective of local, national, and global LGBT themes and issues. (WI) (MULT).  
**3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.**  
**Course Attribute(s):** Exclude from 3-peat Processing|Honors|Multicultural Content|Topics|Writing Intensive  
**Grade Mode:** Standard Letter
HON 3395X. Writing Yourself into Academia: Creating Portraiture.
Portraiture is a cross-genre research methodology in which writers study a person, a group of people, an institution, or a concept. Students will create carefully researched portraits that integrate personal narrative, interviews, and academic research. Portraiture values students' lived experiences and has roots in anthropology, sociology, journalism, and creative nonfiction. (WI).

HON 3397Z. Makerspaces: Intersections of Art and Everything.
This course will examine multidisciplinary concepts applied within makerspaces and complete hands-on design projects using beginner-level do-it-yourself techniques, including "upcycling" recyclable materials, 2D subtractive manufacturing (i.e. CNC machines that trim acrylic, cardboard, vinyl), 3D additive manufacturing (i.e. 3D modeling, printing), textiles (i.e. embroidery, sewing), and electrical circuits (i.e. microcontrollers, sensors). (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398A. Italy and Arts of the Islamic World.
This course will challenge the traditional account of the development of Italian Renaissance art by exploring connections to Islamic culture of the surrounding Mediterranean world. Students will be introduced to visual analysis and interdisciplinary research techniques by which art and architecture can be used as documents in interpreting history. (WI) (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Multicultural Content|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398B. Modern Tibet: Politics, Identity and Representation.
This course examines the political, religious, economic, environmental and cultural situation of modern Tibet, by reading works by Tibetan, Chinese and Western scholars, and by analyzing propaganda and stereotypes. Students will be exposed to modern Tibetan literature, art, pop music and film, as well first-hand accounts by class guests. (WI) (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Multicultural Content|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398C. Theatre and War.
In "What It Is Like To Go To War", Karl Marlantes calls for ritual to aid young soldiers returning home. In this course students will analyze how classical and modern theatre can provide such a ritual, and be used as a tool to understand society's role in war. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398D. The Politics of Language in Schools and Society.
Using a critical linguistic perspective, this course examines the sociopolitical aspects of language in local, national, and global contexts. Students learn about language ideologies and gain a profound understanding for how languages and language practices are intricately tied to the racial and economic power relations embedded in schools and society. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398E. CIVIL LIBERTIES AM.
This course explores major civil liberties themes in depth, both historical and contemporary, such as religious free exercise, free speech and press, criminal procedure, capital punishment, right to privacy, equal protection (race and gender), due process, political participation, and disabilities rights. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398F. Anthropology of Peace and Violence.
The class explores anthropological perspectives on peace and violence. It focuses on understanding violent practices within both traditional and current day societies including everyday violence and warfare. It explores the contributions of social structure, gender, religion, race, and ethnicity to violence. It examines efforts to build peace and reconciliation.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398G. Psychology and Law: Protecting the Vulnerable.
The course examines clinical, legal and psychosocial conditions of adults who, due to mental illness, developmental impairments, brain injuries or aging, are declared "incapacitated" and have court-appointed guardians. Students will serve as probate court representatives, (i.e., Court Visitors) who inspect living conditions/services for individuals under court-ordered guardianships (service learning component).

HON 3398H. Chinese Politics and Society through Literature and Film.
This course offers an overview of the main political and social developments in contemporary China through the cultural production of Chinese writers and filmmakers who, following the tradition of the Chinese literati of imperial times, became main characters in the modern Chinese political scene. (WI) (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Multicultural Content|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398I. The Aesthetics of Failure.
This course examines the role of failure as a creative and constructive part of life. We will consider failure across cultures and time periods, from various disciplinary perspectives, and through various media to define failure as more than the mere absence of success.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398J. The Body and Literature.
This seminar explores the intersection of the human body and literature in 20th- and 21st-century American fiction. Works will be examined according to form, plot, structure, content, character, language, medium, scale and genre in their representation of the human body. We will also consider the ways in which formal innovations reflect the very body of the text. Through discussion and close reading, students will analyze the cultural significance of the human body in literature, and they will perfect their skills of careful reading, sound researching, and convincing arguing. (WI) (MULT).

Course Attribute(s): Exclude from 3-peat Processing|Honors|Multicultural Content|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398K. Art as a Way of Knowing.
Both art and science attempt to shed light on aspects of the human experience; yet modern society often presents these forms as dissimilar, merely opposites. In this course we will explore arts-based methodological research tools, and use artistic means in the process and presentation of social inquiry.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398L. Soccer: Local Stories, Global History.
A ball, a field, at least five people: elements which have evolved into a sports phenomenon, providing fodder for claims about national identity, and establishing the most watched activity ever. Soccer is too important to leave to the fans. This course investigates the institutions, aesthetics, and ideologies shaping the game.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

Economic changes such as continued workplace automation and markedly slower growth imply big changes in social stratification in coming years. This course explores work and stratification in light of the “jobless economy” thesis, recent proposals for a universal basic income, and related likely cultural consequences.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive

HON 3398N. The Anthropology of Religion and Fundamentalism.
This course provides students with current and historical approaches to the anthropology of religion with a particular emphasis on fundamentalism. It focuses on the development of religious fundamentalism in different cultural contexts, geopolitical situations, and religious traditions.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398O. Introduction to Statistical Genetics and Bioinformatics.
This is an interdisciplinary course with a focus on the analysis of genetics and bioinformatics data. This course will cover basic genetics, statistics, programming, and cutting-edge research topics on statistical genetics and bioinformatics. Students will have hands-on experience of analyzing different types of genetic and bioinformatic data.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398P. Wild Nights! Wild Nights!.
A multidisciplinary study of the cultural, historical, and ecological significance of the night as revealed in poetry, fiction, and drama. The semester will begin with a historical study of the night pre-electricity, and will end with a consideration of the endangered nights of our post-electrical present and future.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive

Grade Mode: Standard Letter

HON 3398Y. The Creative Spark: Interdisciplinary Perspectives on Creativity.
From technology to the arts, the ideals of creativity and innovation are hotter then ever. But what exactly is creativity? This interdisciplinary course will draw on diverse perspectives (psychology, science, and arts) as we explore what it means to be creative and how to be more creative in our lives.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398Z. Political Ecology of Science Fiction.
Political ecology considers how power relations and politics, as a form of society and culture, influence environmental systems and management. This course applies the concepts of political ecology to science fiction case studies as a means to uncover latent human-environment interactions and explore similar processes in the real world.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3399A. Balinese Music and Its Cultural Context.
This course examines the arts, culture and society of the island of Bali, Indonesia, with special attention to the practice and study of traditional musical forms and structures. The course also explores contemporary artistic trends and the impact of technology and tourism on the arts.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter
HON 3399B. Language, Culture, and Education.
Students will consider the roles language and culture play in American education. Through converging scholarship from the fields of anthropology, language and literacy, and education, the course addresses relationships of power, knowledge, and identity in schools, as well as critiques of the effects of globalization, migration, and market-based approaches to schooling in the U.S. and international contexts.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3399C. Comics, Cartoons, and Contested Racial Identities in U.S. History.
This course examines how comics have reflected, shaped, and challenged Americans’ notions of racial difference from the nineteenth century to today. Along with reading recent scholarly books and articles, we will analyze a wide range of comics from various periods, tracking the interrelation of comics and larger patterns of U.S. race relations.

Grade Mode: Standard Letter

HON 3399D. Hell Across Cultures.
Hell has a dual nature—existing as an afterlife, but always making commentary on its contemporary surrounding society. Using a variety of methodological approaches, this course explores the social significance of the idea of hell across a variety of religious traditions, including Buddhism, Islam, Christianity, Judaism, and popular culture.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3399E. From Africa to Texas: A Black Language Odyssey.
When different peoples speaking different languages meet and need to communicate, interesting things happen. Texas has several such populations, which have their own “new” ethnicities, languages, music and cuisine. This course will look at two of these groups, the Black Seminoles and the French Creoles, both originating in Africa, and both spoken today in Texas. It will also address the position of African American Vernacular English (“Black English”) in the context of creole theory.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3399F. The Myths of Western Civilization: Decolonizing and Queering European History.
Spanning from antiquity, this course deconstructs the concept and history of “Western Civilization.” Through the study of primary and secondary sources, students will consider how history can be written to include oppressed and marginalized voices while still attempting to understand the broad scope of European history and its legacy.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3399G. Graph Theory & Its Applications.
This course introduces the most important topics of graph theory through its applications and in a lively style. It includes some examples of proofs selected with the purpose of strengthening mathematical techniques and offering challenging opportunities to have fun while doing mathematical research. Students seeking core curriculum credit for this course should enroll in HON 2302B.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Honors|Writing Intensive
Grade Mode: Standard Letter

HON 3399H. Southern Gothic Storytelling: An Analysis Of Text And Performance.
At its best, theatre will provoke thought and inspire change. Many productions nonetheless depict agreeable themes and characters to like-minded audiences, rendering critical and self-reflective aspects of the medium ineffective. However, one theatrical genre—Southern Gothic—effectively acknowledges and addresses this concern. By examining Southern Gothic theatre from analytical, performative, and historical perspectives, this course will showcase the genre’s influences and impact, and it will explore how different contexts and cultures have shaped performance and interpretive decisions. Students will thereby discover how the Southern Gothic genre aims to honor and criticize the very culture it represents.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Honors|Writing Intensive
Grade Mode: Standard Letter

HON 3399I. Ethics, Science, And Society.
This course will support students’ engagement with ethical issues relating to the interactions of science and society. The material will include case studies from different science disciplines. Students will study a topic within their own field in depth for a final project. This course is intended for any STEM student. It will encourage students to consider the impact of scientific research across multiple disciplines. Students will also focus on a topic within their own discipline for their final project.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Honors|Writing Intensive
Grade Mode: Standard Letter
HON 3399J. Ireland: Theatre, Postcolonialism, and Identity.
This course will explore Irish theatre as a form of postcolonial discourse. It will also examine the role of theatre as a guiding force in the Irish Independence movement, and the importance of theatre in the continuing dialogue to define the Irish identity.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3399K. Data Visualization and Interpretation: Honors Statistics.
A well known belief is that "a picture is worth a thousand words." Beyond merely analyzing numbers and interpreting the results, an effective way to interact with statistical data is through charts and graphs, which allow for visual interpretations of the frequency pattern of data in the context of data collection. This course explicates statistical theory and the meaning of data, both to ease comprehension and encourage evidence-based decision making. Students will use Tinker Plots, EXCEL, Tableau, and other appropriate software. Prerequisite: MATH 1315 with a grade of "D" or better or instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3399L. Exploring The Italian World.
This class presents an interdisciplinary study of contemporary society and culture in Italy. It will explore elements of civilization, arts, gender, politics, literature, and cinema. It will also introduce students to Italian-American studies by exploring significant cultural expressions from the multifaceted Italian world and their impact on American society.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Honors|Writing Intensive
Grade Mode: Standard Letter

HON 3399M. Negotiating the (Black/White) Color Line.
This course uses literature, film, television, and other media to examine how Black Americans have negotiated the Black/White color line.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3399N. Art, Media, and Environmental Justice.
This course takes an interdisciplinary approach to the environmental justice (EJ) movement by focusing on media: film, photography, theater, art, and social media created at the intersection of environmental ethics and social justice. Students will learn EJ histories and be introduced to activists and artists working on issues ranging from housing and labor to climate and energy justice.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3399O. Improvisation & Interdisciplinary Play.
This course offers an interdisciplinary study of improvisation from various entry points. Play, choice-making, connection, and collaboration will be explored through movement, sound, and dialogue. No prior experience with improvisation necessary.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3399P. Coming-of-Age Archetypes in Contemporary Literature.
This course applies critical thinking to familiar myths that inform the various ways we are taught, grow up, and define ourselves. In the popular imagination, growing up to become a mature self happens quickly. But contemporary and "realistic" coming-of-age stories instead posit the enemy or danger as society itself. This course explores contemporary stories, poems, and personal "coming-of-age" essays with an inclusive and vibrant reading list by authors from various cultural and ethnic backgrounds.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3399Q. Harry Styles And The Cult Of Celebrity: Identity, The Internet, And European Pop Culture.
This course focuses on British musician Harry Styles and popular European culture since World War II to understand the cultural and political development of the modern celebrity as related to questions of gender and sexuality, race, class, nation and globalism, media, fashion, fan culture, internet culture, and consumerism.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3399R. Alien First Contact: Best Practices.
What should humanity do if we come into contact with an intelligent alien species? That far-fetched premise directs attention to serious questions about the contingency and durability of social institutions, about the uses of technology, and about which elements of human society we value most universally.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter
HON 3399S. Seminar on Public Policy: Netherlands Study Abroad Program.  
From congestion to climate change, major issues related to transportation have emerged as contentious and vexing urban policy areas. For metropolitan areas around the globe to continue to grow and thrive, the fundamental components of the transportation system need to be effectively managed. This class examines the policy divide between these two approaches through an experiential "field classroom."  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive  
Grade Mode: Standard Letter

This course examines the structure and functions of government together with the laws supporting and regulating intellectual property, namely patents, trade secrets, copyrights, and trademarks. The relations between intellectual property policies and societal goals and regulations are also explored to help students develop an understanding of intellectual property law in a context related to their field of study. (WI).  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive  
Grade Mode: Standard Letter

HON 3399U. Public Memory.  
This course examines how a society's historical narratives are profoundly driven by public memory, which is not absolute truth; it is malleable and shifts over time. Those who control the narratives shape our interpretations of the past as well as the present. Throughout history, the construction of narratives about the past has been dominated by elites whose economic, racial, and gender locations have afforded them privilege. The course considers how expanding and diversifying who participates in this process can profoundly affect political and power debates in society. (WI).  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive  
Grade Mode: Standard Letter

HON 3480B. Building A Greener Future: One Home at a Time.  
This course will focus on the science and engineering principles involved in building and maintaining a house. Students will investigate how choices of materials and design influence cost, sustainability, and energy efficiency of housing. Laboratory experiences will elucidate these concepts. (WI).  
4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing|Lab Required|Topics|Writing Intensive  
Grade Mode: Standard Letter

HON 3480C. Teaching Physical Science to Children.  
This studio-styled physics course is ideal for preservice K-8 teachers. Course content includes both physics concepts and research findings on physics teaching and learning. We will focus on developing deep understanding of fundamental concepts in physical science and how these concepts relate to making sense of our everyday experience. (WI).  
4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive  
Grade Mode: Standard Letter

HON 4090. Honors Capstone.  
This course is designed for students to pursue an independent project of research, study, or creative achievement to fulfill the capstone requirement for graduating in the Honors College. Students in this non-credit bearing version of a capstone course should be enrolled in a similar course in their discipline. (WI).  
0 Credit Hours. 0 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing|Honors|Writing Intensive  
Grade Mode: Standard Letter

HON 4390A. Senior Seminar: Capstone Development.  
This course provides a structured environment for students to begin work on their capstone projects. Students will explore potential pathways, connect with faculty advisors, and take initial steps toward completing their projects. (WI).  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive  
Grade Mode: Standard Letter

HON 4390B. Honors Capstone.  
This course is designed for students to pursue an independent project of research, study, or creative achievement to fulfill the capstone requirement for graduating in the Honors College. (WI).  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive

HON 4391. Honors Independent Study.
Individual study under direct supervision of a professor for Honors credit. May involve field trips. This course may be repeated for credit but a student may not exceed six hours of credit in Honors Independent Study. (WI).

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

Courses in Research & Creative Expression (RES)

RES 3399. Research and Creative Expression.
This course provides students with an interdisciplinary overview of research and/or creative expression. Topics will include approaches to qualitative and quantitative research, and/or approaches to creative processes in the arts. Representative topics may include developing research ideas, experimental design, sampling, measurement, analysis, ethics in research, reflecting on and analyzing the creative process, interpreting works of creative expression, and communicating results of a research or creative expression project. Prerequisite: Approval of the Director of the IDEA Center.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

RES 4399. Mentored Research and Creative Expression.
This course provides students with a mentored research/creative experience. Students will participate in a research/creative experience under the supervision of a faculty member. Students will share the results of their research/creative experience during a research forum open to the University community. Prerequisite: Approval of the Director of Idea Center and RES 3399 with a grade of "C" or better.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

The minor in Honors Studies requires 21 semester credit hours. Nine hours cannot count toward any other degree requirement, and twelve credit hours must be at an advanced level. HON 4390A or a substitute pre-approved by the Honors College is required. A thesis must be completed by earning credit for HON 4390B or HON 4090. Students are required to demonstrate cross-cultural awareness by completing an education abroad program or a qualifying project pre-approved by the Honors College.

Department Chairs/School Directors
Aerospace Studies—Lt. Col. Brenton J. Ekren, M.A.
Agricultural Sciences—Madan M. Dey, Ph.D.
Criminal Justice and Criminology—Jeffrey Bumgarner, Ph.D.
Family and Consumer Sciences—Amy Weimer, Ph.D.
Military Science—LTC Lakicia R. Stokes, M.S.
Organization, Workforce, and Leadership Studies—Shetay N. Ashford-Hanserd, Ph.D.
Social Work—Katherine Selber, Ph.D.

The College of Applied Arts’ mission is to prepare undergraduate and graduate students for careers through programs of high quality in academic, professional, and technical areas; to further faculty excellence in teaching supported by quality scholarship; and to enhance our involvement with local, state, national, and international constituencies.

The College of Applied Arts offers five undergraduate degrees, each with options that prepare students for careers that suit their interests. Refer to each department/school website for more information on degree options:

1. Bachelor of Science in Agriculture;
2. Bachelor of Applied Arts and Sciences;
3. Bachelor of Science in Criminal Justice;
4. Bachelor of Science in Family and Consumer Sciences;
5. Bachelor of Social Work

In addition, the Departments of Aerospace Studies and Military Science offer minors which prepare qualified students for commissioning in the United States Air Force, United States Army, United States Army Reserves, or Army National Guard.

Eleven undergraduate majors (several with specialized options) are offered by two departments and three schools within the College:

- Department of Agricultural Sciences: Agriculture (with a concentration in Agriculture Mechanics or Horticulture, or teacher certification options), Animal Science (with a concentration in pre-veterinary option), and Agriculture Business and Management.
- School of Criminal Justice and Criminology: Criminal Justice
- School of Family and Consumer Sciences: Consumer Affairs (with a concentration in family and consumer sciences or personal financial management, or teacher certification options), Human Development and Family Sciences (with teacher certification option), Fashion Merchandising (with a concentration in planning and presentation option), Interior Design, and Nutrition and Foods (with dietetics concentration or teacher certification options).
- Department of Organization, Workforce, and Leadership Studies: Applied Arts and Sciences. Individualized degree program which offers students the opportunity to receive college credit for previous competencies acquired in their lives as well as selecting a new career path or supplementing skills in their current path.
- School of Social Work: Social Work (education for beginning generalist in social work practices). Designed to give students a well-rounded perspective on efforts to enhance human well-being and productivity, help alleviate poverty and strengthen social justice.

Several of the College’s programs have externship-type courses. These courses provide opportunities for students to further their education in an environment external to Texas State. These courses have entrance requirements including good academic standing at the time of the
Aerospace Studies

Department of Aerospace Studies

The mission of the College of Applied Arts Academic Advising Center is to provide accurate and timely advice to prospective and current students regarding their progress toward completion of undergraduate degree programs administered by the College. Services include, but are not limited to:

- assistance with the selection of education programs;
- information on course sequencing and degree requirements;
- interpretation of policies and procedures;
- verification of graduation requirements;
- assistance with academic probation and suspension; and
- referral to other university resources.

Please contact the Advising Center to schedule an appointment for academic advising at 512-245-1490. Staff are available to meet with students Monday through Friday from 8:00 a.m. to 5:00 p.m.

Air Force Reserve Officer Training Corps Detachment 840
Derrick Hall Room 301
Telephone: 512-245-2182
www.afrotc.txstate.edu (http://www.afrotc.txstate.edu)

The mission of the Air Force Reserve Officer Training Corps (AFROTC) is to develop leaders of character for our Air Force and Space Force. The ARFOTC Program at Texas State recruits, trains and develops students for commissioning in the Air Force and Space Force. Students may register for Aerospace Studies courses in the same manner as for other college courses. During the freshman and sophomore years of the program, students enroll in General Military Courses (GMC). Membership in the GMC does not confer any military status or commitment upon the student with exception of those student who are awarded the AFROTC scholarship. After completion of the GMC, students compete for entry into the Processional Officer Course (POC).

The POC is designed to further develop students into leaders and officers in the US Air Force and US Space Force. Students must have two full-time academic years remaining at either the undergraduate or graduate level to meet the minimum requirement for four semesters of POC academics and laboratory requirements. Selection for the POC is highly competitive. Criteria used to assess qualifications of applicants are the Air Force Officer Qualification Test (testing material and information is available through AFROTC), cumulative GPA, physical fitness test, and the Professor of Aerospace Studies assessment. Before formal induction into the POC, applicants must complete a two-week summer Field Training encampment paid for and conducted annually by the Air Force. Upon successful completion of summer field training, cadets are offered the Charles McGee Leadership Award, which pays for two academic year’s worth of tuition and fees up to $18,000 per year, regardless of major. Award winners must maintain basic academic and performance standards to keep their awards.

Both GMC and POC members must attend a weekly two-hour Leadership Laboratory each semester. The laboratory provides students with an environment to develop, learn and practice leadership skills. All members are also required to attend two group physical training sessions per week. Students interested in learning more about AFROTC may visit www.afrotc.com (http://www.afrotc.com) or contact the Department of Aerospace Studies and Detachment 840.

Furthermore, students who are categorized as sophomores, juniors, seniors or graduate students might have an opportunity to enter an abbreviated AFROTC program. Students in these categories who are interested in becoming an Air Force officer are encouraged to contact the Aerospace Studies department to obtain more information on these programs.

Finally, students may compete for a variety of scholarships. Qualified students may apply during the fall or spring semester for a scholarship that covers the remaining years in the program. The scholarships provide up to full tuition, laboratory and incidental fees, and an allowance for books. All students must complete a minimum of 24 semester hours of math and physical science or four semesters of the same foreign language. In addition, scholarship students, based on their classification, may receive up to $500.00 per month tax-free subsistence. Students may obtain complete scholarship information online at https://www.afrotc.com/ or at the Aerospace Studies department.

Pursuant to Texas Education Code §51.302, up to three semester hours of credit in an upper-level ROTC course may be applied to the general education core curriculum American History Component (HIST 1310 or HIST 1320) and up to three hours to the general education core curriculum Government/Political Science Component (POSI 2320 only).

Courses in Aerospace Studies (A S)

A S 1000. Leadership Laboratory.
An integral and mandatory two-hour lab accomplished concurrently with all Aerospace Studies courses. It is a progression of practical command and staff experiences that develop leadership potential. AFROTC cadets plan, organize, direct, coordinate, and control all activities. The lab is repeatable without credit because it focuses on different leadership processes.

0 Credit Hours. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Time Conflicts Permitted
Grade Mode: Credit/No Credit

A S 1110. The Air Force Today I.
A study of the doctrine, mission, and organization of the United States Air Force; United States strategic offensive and defensive forces, their missions and functions; and employment of nuclear weapons. Co-requisite: A S 1000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter
A S 1110. The Air Force Today I.  
An introduction to flight, oral and written communication for the Air Force officer, Air Force installations, the Air Force profession and how the Air Force integrates with the U.S. Army, Navy, Marines, and Coast Guard. Co-requisite: A S 1000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.  
Course Attribute(s): Lab Required  
Grade Mode: Standard Letter

A S 1120. The Air Force Today II.  
An introduction to flight, oral and written communication for the Air Force officer, Air Force installations, the Air Force profession and how the Air Force integrates with the U.S. Army, Navy, Marines, and Coast Guard. Co-requisite: A S 1000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.  
Course Attribute(s): Lab Required  
Grade Mode: Standard Letter

A S 2110. The Development of Air Power I.  
A historical study of the development of air and space power beginning before the first powered flights through WWI, the inter-war years, and WWII, tracing the development of various air power concepts with a focus on factors prompting aerospace research and technological change. Co-requisite: A S 1000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.  
Course Attribute(s): Lab Required  
Grade Mode: Standard Letter

A S 2120. The Development of Air Power II.  
A continuation of A S 2110 studying the historical development of air and space power from Vietnam to the present. Events and trends in the history of airpower are examined, emphasizing examples of the impact of air and space power on strategic thought. Co-requisite: A S 1000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.  
Course Attribute(s): Lab Required  
Grade Mode: Standard Letter

A S 3311. Leadership and Management I.  
A study of the framework of leadership in the Air Force (AF), part 1. Practical case studies examine AF leadership and management situations and discipline and ethics scenarios that demonstrate applications of the concepts. The course emphasizes communication skills used by officers in the AF. Co-requisite: A S 1000.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Lab Required  
Grade Mode: Standard Letter

A S 3312. Leadership and Management II.  
A study of the framework of leadership in the Air Force (AF), part 2. Practical case studies examine AF leadership and management situations and discipline and ethics scenarios that demonstrate applications of the concepts. The course emphasizes communication skills used by officers in the AF. Co-requisite: A S 1000.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Lab Required  
Grade Mode: Standard Letter

Part 1 of the study of professional Air Force (AF) officers in a democratic society; societal attitudes toward the armed forces; national defense structure, policy development; and military law. AFROTC cadets study topics that prepare them for duty as AF officers. The course emphasizes AF communication skills. Co-requisite: A S 1000.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Lab Required  
Grade Mode: Standard Letter

A S 4312. National Security Forces in Contemporary American Society II.  
Part 2 of the study of professional Air Force (AF) officers in a democratic society; societal attitudes toward the armed forces; national defense structure, policy development; and military law. AFROTC cadets study topics that prepare them for duty as AF officers. The course emphasizes AF communication skills. Co-requisite: A S 1000.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Lab Required  
Grade Mode: Standard Letter

The minor in Aerospace Studies requires 19 semester credit hours. Cadets must enroll in A S 1000 every term until graduation.

Agriculture Building Room 206  
Telephone: 512-245-2130  
www.ag.txstate.edu (http://www.ag.txstate.edu/)

Agricultural Sciences majors have a choice of three different degree tracks:

- Agriculture,
- Animal Science,
- Agricultural Business and Management.

The Department of Agricultural Sciences offers programs reflecting the diversity of choices available and skills required in modern agriculture and its related professions. This dynamic, global industry uses new technologies to improve the production, management, manufacture, and distribution of food and agricultural products.
Major in Agriculture
Agriculture majors provide a broad exposure to agricultural disciplines. With this curriculum, students may expect to manage a ranch or a farm, or work in any career that requires a general agriculture education such as county extension agents, banking or government service. Students in this major may pursue the following concentrations/certifications:

- Horticulture Concentration. This concentration teaches management of commercial establishments and institutions that produce ornamental plants such as greenhouses and nurseries, floral shops and plant therapy businesses. The major also contains specialized courses in horticulture that utilize greenhouses, the Freeman Center and the Living Library Gardens.
- Agricultural Mechanics Concentration. This concentration offers one of the most popular agricultural pathways offered at the secondary level in the state of Texas. The junior agricultural mechanics shows at the major livestock shows and rodeos in Texas are also some of the most well attended events among secondary agriculture students.
- Teacher Certification in Agriculture, Food and Natural Resources. A comprehensive educational program concerned with the broad field of agriculture. Emphasis in the major is on production techniques, managerial skills and competencies necessary to function as agricultural scientists, educators, or agricultural managers in today's complex agricultural industry. Agriculture teachers are certified to teach in grades six through twelve in the public schools of Texas.

Major in Animal Science
The study of all aspects of the livestock and poultry industries including commercial production and management; food processing; and animal feed/animal health including nutrition, biotechnology and veterinary medicine. Involvement of students in ongoing faculty research prepares graduates for careers in research and industry; and for further education in veterinary schools or graduate schools. Students may pursue a Pre-Veterinary concentration with this major. The Pre-Veterinary concentration provides specialized course work required for students planning to enter veterinary school.

Major in Agricultural Business and Management
This major reaches far beyond the farm to encompass the activities involved in bringing food and fiber to consumers. The degree prepares students to be competent in agribusiness management, agricultural marketing in domestic and international trade, food safety, sustainability, and agricultural and natural resource policy.

Internship
Students are encouraged to apply for internships and enroll in AG 4310 (http://mycatalog.txstate.edu/search/?P=AG%204310) after their junior year. Students will identify a faculty member to facilitate their experience and request permission for enrollment in the internship course. Students are required to have a 3.00 overall GPA. The department will assist students in securing internships in agriculturally related businesses or agencies.

Minors
The Department of Agricultural Sciences offers five undergraduate minors (Agricultural Mechanics, Agriculture, Animal Science, Horticulture, and Plant and Soil Sciences). Students with a declared major within the Department of Agricultural Sciences require at least nine (9) unique hours to select a minor in another agriculture subject.

Bachelor of Science in Agriculture (B.S.A.G.)
- Major in Agriculture (p. 99)
- Major in Agriculture (Agricultural Mechanics Concentration) (p. 100)
- Major in Agriculture (Horticulture Concentration) (p. 101)
- Major in Agriculture (Teacher Certification in Agriculture, Food and Natural Resources, Grades 6-12) (p. 103)
- Major in Animal Science (p. 104)
- Major in Animal Science (Pre-Veterinary Concentration) (p. 104)
- Major in Agricultural Business and Management (p. 105)

Minors
- Agriculture (p. 107)
- Agricultural Mechanics (p. 107)
- Animal Science (p. 107)
- Horticulture (p. 107)
- Plant and Soil Science (p. 107)
- Second Teaching Field in Agriculture, Food and Natural Resources (Grades 6-12)

Courses in Agriculture (AG)
AG 1110. Careers in Agriculture.
This course is an introduction to careers available in the broad field of agriculture including an overview of personal and career qualifications needed for workplace success.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: AGRI 1131

AG 1445. Basic Animal Science.
An introductory course designed to acquaint students with the importance of the livestock industry. A study of the types and breeds; market classes and grades of beef cattle, swine, sheep, goats, horses, and poultry; attention will be given to breeding, judging, care, and management.
4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter
TCCN: AGRI 1419

AG 2313. Agronomic Crops.
A study of the production, harvest practices, storage, and use of cereal and feed grains, fiber crops, forages, and other related crops requiring special technology.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter
TCCN: AGRI 1307
AG 2345. Horse Management.
A course designed as a broad but thorough coverage of most areas of horse husbandry and production, including anatomy, physiology, breeding, feeding, training, and health care. Laboratory sessions are designed to acquaint the student with modern methods of breeding, training, and care of the horse.

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 2373. Introduction to Agricultural Engineering.
An introductory course designed to acquaint students with a wide range of concepts, principles and applied technologies in agricultural engineering. A problem solving course.

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter
TCCN: AGRI 2303

AG 2374. Metal Fabrication and Welding Technology for Agriculture.
This course covers the principles and practices of applied metallurgy and welding. Emphasis is given to the management of the technologies and techniques associated with oxy-fuel cutting, shielded metal arc welding (SMAW), Gas Metal Arc Welding (GMAW), Gas Tungsten Arc Welding (GTAW), and Plasma Arc Cutting (PAC). Prerequisite: AG 2373 with a grade of "D" or better.

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 2379. General Horticulture.
A survey of the general field of horticulture including general areas of employment.

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter
TCCN: AGRI 1315

AG 2383. Introduction to Agricultural Economics.
The role of agriculture in the general economy; the study of basic economic concepts with their application to the agricultural firm; the structure and operation of the marketing system; the functional and institutional aspects of agricultural finance; international trade; and government farm programs.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

AG 2390. Computer Applications in Agriculture.
Introduction to computers and computer technology; operation and application of the computer in production agriculture and agricultural business, services and industries. Includes characteristics of computer hardware and software, accessing and using the computer in agriculture.

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter
TCCN: AGRI 1309

AG 3300. Undergraduate Research in Agricultural Sciences.
This course introduces students to the fundamentals of scientific inquiry in agriculture. Topics include quantitative and qualitative research methods, data management, data analysis, data interpretation, and data dissemination, with emphasis on their applications in agriculture. Prerequisite: A minimum 3.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course focuses on the fundamental principles of genetics and their application to animals. The physical basis of Mendelian inheritance, expression and interaction of genes, gene frequency, linkage, sex linkage, inbreeding, line breeding, and crossbreeding as applied to selection indices for livestock are examined. (WI) Prerequisites: AG 1445 and BIO 1130 and BIO 1330 all with grades of "D" or better.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

AG 3302. Herbaceous Plant Materials.
This course will include the identification, selection, use, and management of annuals, perennials, herbs, and ornamental grasses in the landscape. Each student will learn irrigation, fertilization, pruning, and other cultural needs of such plants. The laboratory will complement lecture.

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 3304. Propagation of Horticultural Plants.
Principles and practices of propagating ornamental plants, vegetables, and fruits by sexual and asexual methods including germination of seed, layerage, graftage, division, cuttage, bulbs, corms, and other vegetative plant structures. Study of physical, physiological and environmental factors affecting propagation of ornamental plants.

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter
AG 3305. Woody Plant Materials for Outdoor Landscapes.
Study of woody plant material including fruit and ornamental trees, shrubs, and ground covers and their identification, nomenclature, and use in the planting and development of home landscapes.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 3306. Flowers and Plants for Interior Design.
Study of flowers, cut flowers, foliage and blooming pot plants to enhance the interior design of homes and businesses including their identification, cultural requirements, uses, diagnoses and corrective measures of disorders. Basic principles of flower arrangement and the preparation of floral and plant decoration as used in interior design. (WI).
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required| Writing Intensive
Grade Mode: Standard Letter

AG 3308. Organic Gardening.
This course introduces the principles and practices of basic gardening using organic methods. Topics include an overview of soil preparation, warm and cool season crops, propagation of plants, and weed, insect, and disease identification and management.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

AG 3310. Agriculture Power and Machinery Technology.
This course covers the principles of 2 stroke and 4-stroke cycle engines, ignition, and combustion types including injection systems. Components including power and power transmissions and hydraulic systems will also be addressed. Prerequisites: AG 2373 and [MATH 1315 or MATH 1319 or MATH 2321 or MATH 2417 or MATH 2471] both with grades of "D" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 3314. Animal Health and Disease Control.
A course designed to enable the animal science student to understand basic veterinary principles as applied to prevention of disease in domestic livestock. Common diseases of livestock are considered, with emphasis on sanitation and modern preventative methods concerned with keeping livestock healthy. Prerequisite: AG 1445 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

AG 3317. Farm Management.
Tools and techniques which are basic to the study of farm organization and decision making, the wise allocation of factors of production, the keeping of records, and income tax management. Prerequisites: AG 2383 and AG 2390 and [MATH 1315 or MATH 1319 or MATH 2321 or MATH 2417 or MATH 2471] all with grades of "D" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 3318. Agricultural Business Management.
This course introduces institutions and functions of agribusiness. The institutional structure of agribusiness such as feed, farm machinery and equipment, farm chemicals, financial institutions and private and public agri-services will be delineated. Various agribusiness functions such as organizational behavior and financial, market and human resource management will be discussed. Prerequisite: AG 2383 and AG 2390 and [MATH 1315 or MATH 1319 or MATH 2321 or MATH 2417 or MATH 2471] all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course presents the food and fiber system from an international perspective. Analysis of food production and consumption patterns under different world economic systems, causes of surpluses and shortages throughout the world; the role of trade in solving food and agricultural problems. Global outlook and situation for food and fiber. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

AG 3321. Range Management.
Practical problems met in managing native pastures and rangelands. Attention to determining range condition and proper stocking rates, methods of handling livestock on the range, range reseeding, brush control, and poisonous plants. The ecological and physiological response of range vegetation to grazing. Prerequisite: AG 1445 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

Principles of animal nutrition with emphasis on digestion, absorption, metabolism, and function of nutrients; estimation of feedstock nutritive value; and requirements of animals. (WI) Prerequisites: BIO 1130 and BIO 1330 and CHEM 1141 and CHEM 1341 all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter
AG 3329. Economic Entomology.
A study of the most common insects of field crops, fruits, and vegetables; life history, methods of attack, damage, and means of preventing and controlling. Collection and mounts of insects will be made.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

Basic and fundamental principles of nutrition for ruminant and non-ruminant wildlife with emphasis in North American and African wildlife. Attention will be given to digestive physiology and anatomy, feed sources, forage resources, and nutrient requirements. Prerequisite: AG 1445 or [BIO 1130 and BIO 1330] any with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

AG 3331. Reproduction in Farm Animals.
An examination of the anatomy and physiology of reproductive systems of livestock of economic importance. Attention is given to reproductive failure and disease. The laboratory includes pregnancy testing, semen collection and evaluation, artificial insemination techniques, and evaluation of breeding records. Prerequisites: AG 1445 and [AG 3301 or BIO 2450] both with grades of "D" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 3341. Leadership Development in Agricultural Sciences.
This course focuses on the foundations of leadership concepts and theories useful in agricultural careers of science, government agency, non-profits and business. Emphasis is placed on the development of individual leadership skills, group situations, and strategies necessary for effective leadership.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 3345. Livestock Selection and Evaluation.
Detailed consideration of the factors involved in the selection and evaluation of beef cattle, sheep, swine, rabbits, goats, and chickens. Emphasis will be placed on the care, grooming and exhibition of livestock projects. (Junior and Senior standing only) Prerequisite: AG 1445 with a grade of "D" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

This course focuses on intermediate-level microeconomics and its application in agriculture. The course covers topics such as consumer and producer theories, game theory, labor and capital markets, uncertainty, externalities, and public goods. Prerequisite: AG 2383 and [MATH 1315 or MATH 1319 or MATH 2321 or MATH 2417 or MATH 2471] both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 3351. Agricultural Marketing and Sales.
A study of the food marketing system and farm input sales; includes the functional systems approach that integrates the agricultural input industries into a discussion of food marketing; takes a micro approach to the development of marketing management skills needed in agribusiness; and provides a critical outlook on issues ranging from inputs to final food products. (WI) Prerequisite: AG 2383 and [MATH 1315 or MATH 1319 or MATH 2321 or MATH 2417 or MATH 2471] both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

AG 3352. Quantitative Methods in Agricultural Economics.
Principles involved in collection, tabulating and analyzing agricultural data. Topics include sampling procedures, questionnaire development, descriptive analysis of data, correlation, prediction and forecasting and tests of significance. Simple computer programs will be stressed for class exercises during the course. Prerequisite: MATH 1315 or MATH 1319 or MATH 2321 or MATH 2417 or MATH 2471 any with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 3353. Agricultural Structures and Environment.
Principles and practices associated with structural components, selection, materials of construction, heat and moisture control, and the environmental issues of waste management systems; a problem solving course. Prerequisites: AG 2373 and AG 2390 and [MATH 1315 or MATH 1319 or MATH 2321 or MATH 2417 or MATH 2471] all with grades of "D" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter
AG 3355. International Agricultural Trade.
This course focuses on economic forces associated with trade in food and agricultural products between the United States and other countries. The course covers gains from trade, agricultural trade policies (of exporters and importers), exchange rates, and multilateral trade negotiations. The course also explains how economic principles and analytical techniques are applied to international trade and multinational markets of agricultural products. Prerequisite: AG 2383 and ECO 2315 and [MATH 1315 or MATH 1319 or MATH 2321 or MATH 2328 or MATH 2417 or MATH 2471] all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. 
Grade Mode: Standard Letter

AG 3375. Management of Agricultural Machinery and Equipment.
This course addresses the optimization of the equipment phases of agricultural production and processing. Emphasis will be placed on management and decision making principles concerned with the efficient selection, operation, repair, maintenance, and replacement of machinery and equipment. Prerequisites: AG 2373 and AG 2390 and CHEM 1141 and CHEM 1341 and [MATH 1315 or MATH 1319 or MATH 2321 or MATH 2417 or MATH 2471] all with grades of "D" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours. 
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 3426. Soil Science I.
This course introduces fundamental principles of soil science to acquaint the student with some physical, chemical, and biological properties of the soil. Prerequisites: CHEM 1141 and CHEM 1341 and [AG 2313 or AG 2379 or BIO 1330] all with grades of "D" or better.
4 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours. 
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 3427. Soil Science II.
Management of soils as pertaining to their place in the environment. Special emphasis will be given to the role of soil in conventional agricultural systems, natural resource systems, waste management systems, and reclaimed and artificial soil systems. (WI) Prerequisite: AG 3426 with a grade of "D" or better.
4 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours. 
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 3426. Soil Science I.
This course focuses on program and curriculum development in agricultural education settings. Primary course elements will include determining program and curriculum goals and objectives, implementing the program, and curriculum evaluation. Corequisite: AG 4343 with a grade of "D" or better.
1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours. 
Grade Mode: Standard Letter

AG 4113. Summer Programs in Agricultural Education.
This course provides students field experience in summer agricultural education programming in secondary school settings. Students will receive individualized instruction during supervised visits while they are engaged in their field experience. The course includes program planning and educating diverse student learning populations. Prerequisite: AG 4212 with a grade of "C" or better.
1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours. 
Grade Mode: Standard Letter

AG 4113. Summer Programs in Agricultural Education.
This course focuses on program and curriculum development in summer agricultural education operations. Prerequisite: Department approval and a minimum 3.0 Texas State GPA.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours. 
Course Attribute(s): Exclude from 3-peat Processing|Dual Enrollment Permitted|Writing Intensive
Grade Mode: Standard Letter

AG 4185. Independent Study.
This course provides advanced undergraduates with opportunities to study any subject matter of special interest in agricultural Sciences. May be repeated two times. (WI) Prerequisite: Department approval and a minimum 3.0 Texas State GPA.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours. 
Course Attribute(s): Exclude from 3-peat Processing|Dual Enrollment Permitted|Writing Intensive
Grade Mode: Standard Letter

AG 4212. Program Building.
This course focuses on program and curriculum development in agricultural education settings. Primary course elements will include determining program and curriculum goals and objectives, implementing the program, and curriculum evaluation. Corequisite: AG 4343 with a grade of "D" or better.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours. 
Grade Mode: Standard Letter

AG 4300. Greenhouse and Nursery Management.
Planning greenhouses for commercial and home use; plant-nursery layouts. Study of the physical and economic factors affecting the production of plants in the greenhouse and other forcing structures, and in the field; management techniques used in the production and marketing of greenhouse and nursery plants. (WI).
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours. 
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

AG 4302. Fruit and Vegetable Crop Production.
Factors influencing small-fruit and tree-fruit and vegetable crop production in the field including root stocks, varieties, soil, planting, transplanting, irrigating, fertilizing, pruning, insects, diseases, nematodes, weeds, chemicals, harvesting, storing, and marketing; greenhouse production of certain vegetables. (WI) Prerequisite: AG 2313 or AG 2379 either with a grade of "D" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours. 
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

AG 4355. Land Surveying.
Engineering practices used in plane and geodetic surveying including differential and profile leveling, topographic, land, boundary and cadastral, and construction surveys. Laboratory exercises include use of dumpy levels, transit and total stations, and GPS (Global Positioning System) total station with RTK (real time kinematic). Planimeters and stereoscopes are used in analyzing aerial maps. Prerequisites: MATH 1315 or MATH 1317 or MATH 1319; AG 2373 and AG 2390.
4 Credit Hours. 2 Lecture Contact Hours. 4 Lab Contact Hours. 
Course Attribute(s): Lab Required|Time Conflicts Permitted
Grade Mode: Standard Letter
AG 4304. Landscape Management.
To acquaint students with the practices and techniques used in professional landscape construction and management, and with the scientific and technical basis for such practices.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 4305. Landscape Design.
Landscaping combines elements of art and science to create functional, aesthetically pleasing outdoor space. This class helps students develop knowledge of design elements and principles. Students learn site and client analysis techniques for critiquing landscapes. Students learn to communicate ideas through the planning and drawing of landscape plans.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 4307. Professional Development in Agriculture.
This course requires students to select a topic of current interest appropriate to the major. Critical analysis of the situation including both positive and negative aspects will be encouraged. Findings will be presented in both oral and written form. (Capstone Course).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

AG 4310. Agricultural Internship.
This course integrates professional and academic experience through internship with an external employer. The internship is designed to provide actual work experience, observation and analysis in the student's chosen career field. Prerequisite: Minimum 3.0 Overall GPA.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Grade Mode: Standard Letter

AG 4311. Instructional Methods for Career and Technology Educators.
An analysis of the instructional techniques, strategies and methods appropriate to the effective teaching of career and technology subjects. Teaching special populations and teaching in multicultural environments will be addressed. To be taken the Fall semester before student teaching.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

AG 4325. Feeds and Feeding.
Study of feedstuffs used in livestock enterprises. Application of basic nutrients to the needs of different species of livestock. Formulating rations, methods of feeding, feed control laws, and feeding investigation. Prerequisites: AG 1445 and BIO 1130 and BIO 1330 and CHEM 1141 and CHEM 1341 all with grades of "D" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 4326. Advanced Animal Science-Ruminants.
The application of scientific and technological advances to production and management in ruminant animal production and management. Prerequisite: AG 1445 with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

Application of basic principles in the production and management of nonruminant animals. Scientific and technological advances with emphasis on overall management, health care, nutrition, genetics, physiology, and marketing of nonruminant animals. Prerequisite: AG 1445 with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

AG 4330. Food Technology: Processing Meats.
Evaluation and grading of carcasses; wholesale and retail cuts of beef, pork, lamb, and poultry. Emphasis on quality controls, testing of finished products that have been frozen, cured, fried, pickled, and canned. Prerequisites: AG 1445 and BIO 1130 and BIO 1330 and CHEM 1141 and CHEM 1341 all with grades of "D" or better or instructor approval.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 4343. Organization and Management for Laboratory Programs.
This course examines instructional programs involving laboratory equipment and facilities. Curriculum, teaching methods, equipment and facility management practices including various aspects of safety, tool management, inventory and security are emphasized along with facilities layout planning. Must be taken in last semester of program. Corequisite: AG 4212 with a grade of "D" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 4361. Agriculture Electric and Mechanical Systems.
Electrical fundamentals applied to agricultural production and processing. Circuits, power, energy, wiring design, and motor fundamentals; selection, installation and operational characteristics. Sensors and control devices including switches, relays, timers, and circuit breakers will be studied. Prerequisite: AG 2373 with a grade of "D" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter
AG 4371T. International Horticulture.
The purpose of this program is to introduce students to the English culture and way of life, as well as England's historic role in Horticulture, past and present. Students will intensely study from the following four horticultural fields: Ornamental Horticulture, Landscape Design, Vegetables/Fruit Crops, and Vineyards and Hops. The program includes basic instruction in English history, as well as lectures and field trips.
**3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.**
**Course Attribute(s): Exclude from 3-peat Processing|Topics**
**Grade Mode:** Standard Letter

AG 4371U. Anatomy & Physiology of livestock.
A course examining the external and internal systems of livestock. Skeletal anatomy, cell physiology and biological systems will be explored, with emphasis on livestock. Prerequisite: AG 1445 with a grade of "D" or better.
**3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.**
**Course Attribute(s): Exclude from 3-peat Processing|Topics**
**Grade Mode:** Standard Letter

AG 4371V. Green Revolution & Agricultural Development in Asia.
This course will provide a detailed retrospective of the Green Revolution in Asia, its achievement and limits in terms of agricultural productivity improvement, and its broader impact at social, environmental, and economic levels.
**3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.**
**Course Attribute(s): Exclude from 3-peat Processing|Topics**
**Grade Mode:** Standard Letter

AG 4371W. Data Analysis and its Application in Agriculture.
This course is an introduction to data science that analyze big data with emphasis on its application in agriculture. Students will learn 1) how to analyze big data and make data-driven predictions through probabilistic modeling and statistical inference, 2) how to identify and utilize appropriate statistical and econometric methodologies to extract meaningful information for decision making in agriculture, and 3) how to use software such as Excel and R to implement statistical and econometric analysis and present results. Prerequisite: AG 2390 and AG 3352 both with grades of "D" or better.
**3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.**
**Course Attribute(s): Exclude from 3-peat Processing|Topics**
**Grade Mode:** Standard Letter

AG 4371Y. Field Experiences in Regenerative Agriculture.
This course focuses on experiential field-based activities and technologies in regenerative agriculture that improve the health and functioning of an ecosystem. Students will gain experience with metrics to assess agroecological health as well as methods, tools and technologies to improve soil biophysical qualities, biodiversity, water and nutrient cycling, and energy balance. Creating resilience to climate change, developing circular economies, and increasing farm profitability are explored. In a field setting, regenerative agriculture techniques with respect to crop production are practiced. Prerequisite: [AG 2313 or AG 2379] and AG 3426 both with grades of "C" or better.
**3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.**
**Course Attribute(s): Exclude from 3-peat Processing|Topics**
**Grade Mode:** Standard Letter

AG 4371Z. Beef Cattle Production and Management.
This course provides practical application in the principles of breeding, feeding, and management of commercial and purebred cattle. Students receive first-hand experience and knowledge of breeding techniques, animal handling, genetic selection, nutrition application, marketing, and technology. Prerequisite: AG 1445 with a grade of "D" or better.
**3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.**
**Course Attribute(s): Exclude from 3-peat Processing|Topics**
**Grade Mode:** Standard Letter

AG 4379. Agriculture Irrigation Technology.
This course teaches the principles associated with water management practices in maintaining soil productivity and the influence of water management on environmental quality. Emphasis will be placed on the selection and layout of irrigation and drainage systems, waste management systems, and the impact on the environment. Prerequisite: AG 2373 with a grade of "D" or better.
**3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.**
**Grade Mode:** Standard Letter

AG 4380. Agricultural Finance.
This course introduces finance and financial problems faced by agribusiness managers. The subject matter includes financial analysis, planning, and control; capital budgeting; capital structure, liquidity, and risk management; and financial markets. Prerequisite: ACC 2361 and AG 2383 and [MATH 1315 or MATH 1319 or MATH 2321 or MATH 2417 or MATH 2471] all with grades of "D" or better.
**3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.**
**Grade Mode:** Standard Letter

AG 4381. Agricultural Policy.
Identification and analysis of governmental programs and policies affecting the production and marketing of agricultural products. An economic evaluation of alternative policies and their application for farmers, consumers and agribusinesses will be considered. (WI) Prerequisite: AG 2383 and [MATH 1315 or MATH 1319 or MATH 2321 or MATH 2417 or MATH 2471] both with grades of "D" or better.
**3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.**
**Course Attribute(s): Writing Intensive**
**Grade Mode:** Standard Letter
AG 4382. Agricultural Price Analysis.
This course focuses on the forces that influence agricultural price movements and behavior, including consumer and producer theory, and market demand and supply with their associated determinants. The course also covers commodity futures and their use by agribusiness firms to reduce price risk. An explanation of simple and multiple regression is introduced to help the student understand empirical estimation of commodity demand and supply relationships, and reduced-form, price-dependent equations that offer insight into price-making forces. Price determination under alternative market structures is also reviewed and expanded. (WI) Prerequisite: AG 3350 and AG 3352 and [MATH 1315 or MATH 1319 or MATH 2321 or MATH 2417 or MATH 2471] all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

AG 4383. Agricultural Resource Economics.
This course introduces economic concepts and institutional factors relating to the use of agricultural resources such as land, air, water, energy, space, etc. Emphasis is on the conservation of resources and the environmental interactions resulting from the use of natural resources for agricultural production. (WI) Prerequisite: AG 2383 and [MATH 1315 or MATH 1319 or MATH 1329 or MATH 2321 or MATH 2417 or MATH 2471] both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

AG 4390. Global Agriculture.
This study abroad course focuses on global agricultural industries and markets, including analysis of production, marketing and trade. The course examines the shape of international agriculture; how culture, history and geography in foreign countries affect the production and management of agricultural products; agricultural policy formation; countries' natural resources and competitive strategies. Course may be repeated when topic varies.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

AG 4401. Genetics and Breeding for Crop Selection.
This course covers traditional breeding and selection in crops with an emphasis on genetics. The course includes topics on phenology, phenotype, genotype, heritability and epigenetics. The course includes a lab. Prerequisites: AG 1445 and [AG 2313 or AG 2379] and BIO 1130 and BIO 1330 and CHEM 1141 and CHEM 1341 all with grades of "D" or better.
4 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

AG 4681. Student Teaching in Agriculture, Food, and Natural Resources 6-12.
Students will apply knowledge and skills learned during the teacher preparation program while engaging in clinical practice with experienced Agriculture mentor teachers in school settings with university instruction and supervision. This culmination experience is required for Texas teacher certification. Prerequisite: Minimum 2.75 Overall GPA and instructor approval.
6 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Credit/No Credit

Minimum required: 120 semester credit hours

General Requirements
1. Students cannot enroll in upper-level (3000 or 4000) agriculture courses until they have successfully completed MATH 1315, MATH 1319, or MATH 2417, and CHEM 1341 and CHEM 1141.
2. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree. In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student's degree audit.
3. Students must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
4. Nine semester credit hours must be writing intensive (WI).
5. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

Minimum required: 120 semester credit hours

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. Students cannot enroll in upper-level (3000-4000) agriculture courses until they have successfully completed MATH 1315, MATH 1319, or MATH 2417, (Freshman Year), and CHEM 1341 and CHEM 1141.

3. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree. In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student’s degree audit.

4. Students must complete a minimum of 36 advanced hours (3000 or 4000 level courses).

5. Nine semester credit hours must be writing intensive (WI).

6. In addition to the general education core curriculum and major requirements, students must also complete 12 hours of professional sequence courses through the College of Education. All coursework must be completed prior to AG 4681.

7. To satisfy graduation requirements for teacher certification, students must have an Overall GPA of at least 2.75, as well as grades of “C” or better in all courses within the Major(s), Teaching Field(s), Certification area(s), and/or in the Education Minor.

8. The Texas Education Agency (TEA) requires multiple background checks for progression through the Educator Preparation Program. Based on information recorded in the student’s criminal history, the student may be ineligible for issuance of a teaching certificate upon completion of the Educator Preparation Program. If the student has a criminal history, the student may obtain a Preliminary Criminal History Evaluation from TEA. For more information, go to: https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/.

9. A minor in Education is required for this major. Courses for the minor in Education are included in the following degree plan.

### Minimum required: 120 semester credit hours

#### General Requirements

1. Students cannot enroll in upper-level (3000 or 4000) agriculture courses until they have successfully completed MATH 1315 or MATH 1319, and CHEM 1341 and CHEM 1141.
2. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree. In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student’s degree audit.
3. Students must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
4. Nine semester credit hours must be writing intensive (WI).
5. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
6. For transfer students, 36 semester credit hours may be transferred from a Texas public institution of higher education for the Agricultural Business and Management Field of Study and be applied to the Bachelor of Science in Agriculture (B.S.A.G.) degree with a major in Agricultural Business and Management at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. If transferring additional courses please contact the College of Applied Arts Academic Advising Center for assistance. The transferable Texas Common Course Numbers (TCCN) is listed below the Texas State University course numbers in the following course list.

Required Courses
Choose 6 hours from the following:
AG 3310  Agriculture Power and Machinery Technology
AG 3375  Management of Agricultural Machinery and Equipment
AG 3455  Land Surveying
AG 4379  Agriculture Irrigation Technology

Total Hours 18

The minor in Agriculture requires 19 semester credit hours. A minor in agriculture is ideal for someone majoring in the life sciences, family and consumer sciences, or in any discipline where knowledge of the food and fiber industry would be beneficial. Agriculture majors may not select a minor in Agriculture due to course duplication.

Bachelor of Science in Criminal Justice
(B.S.C.J.)

• Major in Criminal Justice (p. 112)

Minor
• Criminal Justice

Courses in Criminal Justice (CJ)

CJ 1310. Introduction to Criminal Justice.
History and philosophy of criminal justice: ethical considerations, crime defined, overview of criminal justice system, law enforcement, court system, prosecution and defense, trial process, and corrections. 3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: CRIJ 1301

Police profession: organization of law enforcement systems, the police role, police discretion, ethics, police-community interaction, and current and future issues. Prerequisite: CJ 1310 with a grade of "D" or better. 3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: CRIJ 2328

CJ 2350. The Courts and Criminal Procedure.
Judiciary in the criminal justice system: structure of American court system, prosecution, right to counsel, pre-trial release, grand juries, adjudication process, types and rules of evidence, and sentencing. Prerequisite: CJ 1310 with a grade of "D" or better. 3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: CRIJ 1306

Corrections in the criminal justice system: organization of correctional systems, correctional role, institutional operations, alternatives to institutionalization, treatment and rehabilitation, and current and future issues. Prerequisite: CJ 1310 with a grade of "D" or better. 3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: CRIJ 2313

A study of the nature of criminal law: philosophy and historical developments, major definitions and concepts, classification of crime, elements of crimes and penalties using Texas Statutes as illustrations, and justifications of and defenses to criminal responsibility. 3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: CRIJ 1310
A study of the juvenile justice process to include both the specialized juvenile law and the role of the courts, police and corrections in juvenile justice. Prerequisite: CJ 1310 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CJ 3321. Race, Ethnicity and Criminal Justice.
This course examines the relationship between race/ethnicity and the criminal justice system. Theories of race/ethnicity and crime, the criminal justice system, and social systems including media, politics and economics are examined to form a comprehensive understanding of the social construction of race as it pertains to a racially disproportionate system. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

CJ 3322. Race, Ethnicity and Criminal Justice.
This course examines the relationship between race/ethnicity and the criminal justice system. Theories of race/ethnicity and crime, the criminal justice system, and social systems including media, politics and economics are examined to form a comprehensive understanding of the social construction of race as it pertains to a racially disproportionate system. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

CJ 3325. Incarceration in America.
This course focuses on the role of the institution in the process of incarceration including the philosophy of imprisonment, the inmate subculture and special problems and programs in institutions. Prerequisite: CJ 2355 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CJ 3329. Forensic Evidence.
Investigator’s role in collecting, preparing and presenting evidence in criminal trials. Special attention will be given to electronic evidence in addition to traditional physical evidence. Prerequisites: CJ 2350 and CJ 2360 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course covers the analysis of criminal justice research, survey methods, and the utilization of research in criminal justice. (WI) Prerequisite: CJ 1310 and [CIS 1323 or CS 1308] and [CJ 3347 or PSY 2301 or SOCI 3307] all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

CJ 3347. Statistics For Criminal Justice.
This course focuses on the theory and application of statistical inferential techniques and correlation and regression for behavioral science data and its applications in Criminal Justice. Emphasis is placed on the collection, analysis, and interpretation of statistical data in criminal justice settings. Prerequisites: CJ 1310 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CJ 4301. Internship I.
Field service training in public and private criminal justice agencies at the federal, state and local levels. The internship is designed to provide actual work experience, observation, and analysis in the student's chosen career field. (WI) Prerequisite: CJ 2310 and CJ 2350 and CJ 2355 and CJ 2360 and CJ 3346 and minimum 2.25 Texas State GPA and minimum 2.5 Major GPA.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Credit/No Credit

CJ 4302. Internship II.
Field service training in public and private criminal justice agencies at the federal, state and local levels. The internship is designed to provide actual work experience, observation, and analysis in the student's chosen career field. (WI) Prerequisite: CJ 2310 and CJ 2350 and CJ 2355 and CJ 2360 and CJ 3346 and minimum 2.25 Texas State GPA and minimum 2.5 Major GPA.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Credit/No Credit

CJ 4309K. Intelligence Analysis.
This course provides an overview of the importance of intelligence gathering in the global and domestic war on terrorism, and critically examines issues involved with the gathering of intelligence, techniques for the gathering of intelligence, methods of collecting, collating, analyzing and disseminating intelligence, and a review of current terrorist threats.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

CJ 4309L. Gangs and the Criminal Justice System.
This course offers an introduction to street gangs and crime in the United States. Topics covered include the definition of gangs, gang member and gang activity, the history and development of gangs, the structure of gangs and gang members, the nature of gang activity, theoretical explanations of gangs, and the criminal justice system's response to gangs.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter
CJ 4309M. Active Shooter Response Experiential Learning. This experiential learning course connects training to respond to active shooter events to relevant research. Students will complete the ALERRT Level I Active Shooter Response Course, and then examine the research literature that underlies the training with an emphasis on identifying discrepancies and gaps and areas for improvement. Prerequisite: CJ 1310 and CJ 2310 both with grade of "D" or better and instructor approval. Corequisite: CJ 3346 and CJ 3347 both with grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. Course Attribute(s): Exclude from 3-peat Processing Topics
Grade Mode: Standard Letter

CJ 4310. Special Problems in the Criminal Justice System. This course is a study of contemporary problems in the administration, management, organization and operation of criminal justice agencies. (Capstone Course). (WI) Prerequisite: CJ 2310 and CJ 2350 and CJ 2355 and CJ 2360 all with grades of "D" or better. Corequisite: CJ 3346 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

CJ 4314. Terrorism in the United States. Terrorist groups operating in the U.S. are examined with special emphasis on the far-right (militia, Christian identity, neo-Nazi, other racist groups). Analyzed are their belief systems and structures, organizational structure, tactics and targets, and weapons. Future trends are discussed, including the threat posed by nuclear, biological, and chemical terrorism. (MULT). 3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

CJ 4316. Treatment in Community and Institutional Corrections. This course is a study of community based programs for adult and juvenile offenders, treatment modalities in various correctional settings, administration, legal issues, and future trends associated with community-based and institutional based treatment. Prerequisite: CJ 2355 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. Grade Mode: Standard Letter

CJ 4319. Organized Crime. Survey of organized crime in contemporary society. Includes attention to crime types and methods, motivation, affiliations, and the effects of this type of criminality. Related legal and law enforcement perspectives will be covered, along with international and cyberspace issues. Prerequisite: CJ 1310 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. Grade Mode: Standard Letter

CJ 4321. Occupational Crime. A study of the problems of organized and upper social status criminal activities with emphasis on statutes and their application to fraud, embezzlement, deceptive trade practices and illegal trade practices.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. Grade Mode: Standard Letter

CJ 4323. Special Operation Units in Law Enforcement and Corrections. This course introduces students to the basic principles of Special Operations Units (SOUs) within criminal justice agencies. Topics include the necessity for such units, the changing nature of communities and policing in America, the principles of crisis management, the development/implementation of SOUs, selection/training/operationalizing of personnel, and types of SOUs.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. Grade Mode: Standard Letter

CJ 4325. Media and Crime. This course explores the nature of public knowledge of social problems and their solutions related to crime and justice, and the media's role in facilitating those outcomes. Using an interdisciplinary scholarship drawn from a wide range of empirical and theoretical perspectives, the course addresses the relationship between crime, media, and public opinion in an ever evolving media landscape. The course challenges students to think critically and to consider innovative ways to improve the intersection between crime, the media and criminal justice policy.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. Grade Mode: Standard Letter

CJ 4326. Women and Criminal Justice. This course explores women's involvement in three primary areas of criminal justice - as victims, criminals and practitioners employed in criminal justice agencies. Topics covered include the impact of sex and gender on criminological theory, sentencing, prison subcultures, victimization and career choices. (MULT) (WI) Prerequisite: CJ 1310 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. Course Attribute(s): Multicultural Content Writing Intensive
Grade Mode: Standard Letter

CJ 4327. Terrorism in the United States. Terrorist groups operating in the U.S. are examined with special emphasis on the far-right (militia, Christian identity, neo-Nazi, other racist groups). Analyzed are their belief systems and structures, organizational structure, tactics and targets, and weapons. Future trends are discussed, including the threat posed by nuclear, biological, and chemical terrorism. (MULT). 3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

CJ 4329. Organized Crime. Survey of organized crime in contemporary society. Includes attention to crime types and methods, motivation, affiliations, and the effects of this type of criminality. Related legal and law enforcement perspectives will be covered, along with international and cyberspace issues. Prerequisite: CJ 1310 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. Grade Mode: Standard Letter

CJ 4331. Serial Murder. This course covers the phenomenon of serial murder and the police investigative response. Theories, concepts, and law enforcement analytic methods are covered in detail. Emphasis is placed on understanding the reality versus the myth of serial murder, serial killers, and criminal profiling.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. Grade Mode: Standard Letter
A critical analysis of the nature of organizations within the criminal justice system. An analysis of theories of organizations and of organizational changes within law enforcement agencies. An examination of the quantitative data gathered by the Criminal Justice System and its effective use and presentation. Prerequisite: CJ 2310 or CJ 2355 either with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CJ 4334. The Death Penalty in the United States.
This course examines the contemporary controversies that surround the death penalty, including its administration, modes of execution, disparities in application, deterrent effect, related social/economic costs, impact on international relations, and the potential for miscarriages of justice. The history of the death penalty, including Supreme Court developments, are also reviewed. Prerequisite: CJ 2350 and CJ 2360 both with grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course examines how psychological perspectives are used to explain antisocial behavior, by drawing on the intersection between theory and research in the following areas of psychology: developmental, child psychopathology, biological, personality, cognitive, and social.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CJ 4336. Wrongful Convictions.
This course examines factors contributing to wrongful convictions and the criminal justice system's response from an interdisciplinary perspective using research from the disciplines of law, criminology, and cognitive and social psychology as a foundation for examining how wrongful convictions occur and might be prevented in the future.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CJ 4338. Sexual Offenses.
This course examines the social and individual mechanisms responsible for the onset, persistence, and desistance of sexual offending using a criminological perspective. The current state of risk assessment, treatment, and responses from the police, community, and legal system are also examined. Prerequisite: CJ 1310 and CJ 2310 both with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course examines the causes of crime, crime victimization and competing explanations for crime and the impact of crime on crime victims. The course draws on perspectives advanced by a number of diverse fields of inquiry, for example, biology, psychology, sociology, and the political and economic sciences. (WI) Prerequisite: CJ 1310 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

A study of the developing body of law defining the rights and duties of persons confined in penal institutions with equal emphasis on legal issues associated with probationers, parolees, and similar status's within the corrections branch of the criminal justice system. (WI) Prerequisite: CJ 2355 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

An in-depth study of recent developments in criminal law and procedure. Their effects upon the criminal justice agency official in society will be given special attention. Includes specific case studies with emphasis on analyzing factual situations and legal issues. (WI) Prerequisite: CJ 2310 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

A study of the developing body of law defining the rights and duties of persons confined in penal institutions with equal emphasis on legal issues associated with probationers, parolees, and similar status's within the corrections branch of the criminal justice system. (WI) Prerequisite: CJ 2355 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

CJ 4362. Readings in Criminal Justice.
An individualized readings course tailored to the academic and professional interests and needs of the student. Emphasis is placed on developing in-depth knowledge of selected criminal justice subjects through directed research. Repeatable for credit with different emphasis. Prerequisite: Instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Independent study and research on topics in criminal justice related to a student's primary area of interest. Work may include individual research, critical reviews or integration of existing body of knowledge. Course may be repeated with different emphasis once for credit with approval of department chair.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
CJ 4365. Comparative Criminal Justice.
A survey of the organizational, administrative and philosophical principles of criminal justice systems around the world. (WI) Prerequisite: CJ 2310 or CJ 2355 either with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

Minimum required: 120 semester credit hours

General Requirements
1. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree. In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student's degree audit.

2. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

3. For transfer students, 21 semester credit hours in criminal justice core curriculum (or their equivalents) may be transferred from a Texas public institution of higher education for the Criminal Justice Field of Study and be applied to the Bachelor of Science in Criminal Justice degree with a major in Criminal Justice at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. If transferring additional criminal justice courses please contact the College of Applied Arts Academic Advising Center for assistance. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list.

4. Students must complete a minimum of 36 advanced hours (3000 or 4000 level courses).

5. Nine semester credit hours must be writing intensive (WI).

For the Statistics requirement, SOCI 3307 is recommended for Sociology minors.

CJ Advanced Electives must be chosen from the following lists of Career Interest courses in Corrections, Criminal Justice, or Law Enforcement.

Criminal Justice Advanced Electives may include CJ 4301 and CJ 4302. A student must meet the following requirements before being allowed to enroll in CJ 4301 or CJ 4302: Texas State GPA of 2.25, Major GPA of 2.50, permission of the Internship Coordinator, and the following courses: CJ 1310, CJ 2310, CJ 2350, CJ 2355, CJ 2360, and CJ 3346.

The minor in Criminal Justice requires 18 semester credit hours.

The minor in Criminal Justice requires 18 semester credit hours.
Major in Human Development and Family Sciences

Human Development and Family Sciences majors are prepared for careers that address the needs of families and individuals across the lifespan, including child life specialist, activity coordinators at assisted living centers and children's museums, parent educators, early childhood intervention, child protective services, early childhood educators, foster care and adoption programs and other family or human services agencies (nonprofit, faith-based, secular). Students may choose courses focused on a particular Career Option including, Child Services and Administration (non-profit programs and agencies), Child Life (hospital settings), or Research and Analytics (graduate school). Students may seek high school teacher certification. As a condition for participation in required courses that necessitate either observation or participation at the campus Child Development Center, students must undergo a criminal background check and provide verification of an annual TB test. See note below regarding admittance to the Child Development Center and Texas Teacher Certification Requirements.

Major in Fashion Merchandising

Fashion Merchandising majors are prepared for a variety of careers in the fashion industry including: product development, retail management, buying, fashion marketing and promotions. Students gain valuable hands-on experience through computer-based assignments, cutting-edge merchandising technology, internships, and study tours. Majors are required to complete a business administration minor to enhance their preparation for the fashion industry. Students pursuing the planning and presentation concentration receive training on the latest industry software for store and merchandise planning and allocation.

Major in Interior Design

The interior design major prepares students for careers in all areas of the field, including residential and commercial interior design. The program is accredited by the Council for Interior Design Accreditation (CIDA), the recognized accrediting agency for the discipline in the United States and Canada. Students learn to develop and communicate design concepts, solve design problems, and present solutions in an effective and professional manner. They also learn the specific knowledge and skills necessary to practice interior design, such as color theory, design history, hand and computer drafting, space planning, selection of interior finishes, building codes, and interior lighting.

Major in Nutrition and Foods

Majors study the relationships between the dietary intake of whole foods versus processed foods, nutrients, dietary supplements, the health of individuals and populations, as well as health equity. Majors prepare for careers in medical nutrition therapy, food service administration, public health nutrition, government agencies, private practice, and consulting. The program also prepares majors for pursuing advanced degrees, academic research, and careers in food and wellness industries. There are three degree tracks. One degree track involves a nutrition and foods major accompanied by a minor. The second degree track is the dietetics concentration, which is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) and fulfills didactic requirements for Texas licensing. Graduates of this track who complete all ACEND requirements will receive a Verification Statement and are qualified to apply for post-graduate dietetic internships in pursuit of Registered Dietitian certification. The third track is for students pursuing the Texas Teacher Certification Requirements. See note below regarding background checks for this option.

Note: Admittance to the Child Development Center and Texas Teacher Certification Program

Child Development Center. Be advised that in the State of Texas, criminal convictions may affect a person’s ability to be present in a Licensed or Certified Child Care facility (Chapter 42, Human Resources Code). Therefore, students enrolling in course work which requires any of the following: observation or participation at the campus Child Development Center; or observing or student teaching in K-12 grade Texas schools must undergo a criminal background check. Criminal history will be reviewed and students may be subject to an investigation based on that criminal history.

Texas Teacher Certification Program. Criminal Background checks are required for progression through the Educator Preparation Program. Based on the information recorded in your criminal history, you may be ineligible for issuance of a certificate upon completion of the Educator Preparation Program. If you have a criminal history, the Office of Educator Preparation (OEP) recommends you pay for a Preliminary Criminal History Evaluation, from the Texas Education Agency, schedule an appointment for free legal counseling services through Texas State University’s Attorney for Students, and disclose this information to the OEP.

Bachelor of Science in Family and Consumer Sciences (B.S.F.C.S.)

- Major in Consumer Affairs (Personal Financial Management Concentration) (p. 126)

- Major in Nutrition and Foods (p. 134)
- Major in Nutrition and Foods (Dietetics Concentration) (p. 135)
- Major in Nutrition and Foods (Teacher Certification in Hospitality, Nutrition, and Food Sciences, Grades 8-12) (p. 136)

Minors

- Consumer Affairs
- Family and Consumer Sciences
- Fashion Merchandising
- Human Development and Family Sciences
- Nutrition

Subjects in this school include: CA (p. 115), FCS (p. 116), FM (p. 117), HDFS (p. 119), ID (p. 122), NUTR (p. 124)
Courses in Consumer Affairs (CA)

CA 1341. Consumers in the Marketplace.
This course is an introduction to consumerism. Topics covered include: the consumer's role in the economy; consumer responses to the pressures of the economy (credit, inflation, and savings); and an analysis of the largest consumer expenditures (housing, food, and transportation).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: ECON 1303

CA 1347. Family and Personal Resource Management.
This course focuses on the analysis of family and personal management processes including resource identification and factors that impact management and decision making (i.e., public policy and career implications). Contemporary issues in the field are covered.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CA 2341. Digital Applications in Consumer Finance.
This course focuses on the technology applications that are used to analyze consumer's financial situation, needs, and goals. Topics include constructing personal financial statements; cash flow; time value of money related to education, retirement, life insurance; and amortization. Students will use calculators, Microsoft Excel, and personal financial planning software.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course provides an investigation of behavioral finance as it impacts the individual, families, U.S. economic system, and ultimately society. Cognitive and social factors that impact the financial decision making of individuals are examined.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Soc & Behav Sciences Core 080
Grade Mode: Standard Letter

CA 3341. Personal and Family Finance Goals and Strategies.
In this course students will examine personal/family financial management during different stages of the family life cycle. Topics include budgeting/recordkeeping to achieve economic goals, the role of credit and the need for financial counseling; economic risks and available protection; and alternative forms of saving and investments.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CA 3342. Consumer Law.
This course explores the relationship between consumer laws (federal and state) and policy. Topics include consumer protection legislation which defines the consumer's rights/responsibilities and the appropriate avenues of redress on the part of the consumer.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CA 3347. Consumer Law.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CA 3351. Consumer Financial Management I.
Principles and practices of individual and family financial management relating to insurance needs and selection, investment strategies to realize financial goals and income tax planning to improve financial well-being will be addressed. Technical skills required of financial counselors, planners and human resource management are emphasized. Prerequisite: CA 1341 or CA 2351 either with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CA 3352. Consumer Financial Management II.
Principles and practices of individual and family financial management relating to retirement and estate planning to improve financial well-being will be presented. Technical skills required of financial counselors, planners and human resource management will be emphasized. Prerequisite: CA 1341 or CA 2351 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CA 4301. Internship in Consumer Affairs.
This course is an Internship program in Consumer Affairs related professions, services, business, or industry. Must meet college, department and program requirements. Repeatable for credit with different emphasis. (Capstone Course) (WI) Prerequisite: Departmental approval.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

CA 4341. Personal and Family Financial Counseling.
This course is an in-depth study of the role of the financial counselor. Topics covered will increase awareness and knowledge of the characteristics of persons with financial difficulties, complexity of factors affecting such situations, desireable relationships between the helper and helped, and an awareness of community resources. Prerequisite: [CA 1341 or CA 1347 or CA 2351 or CA 3341] and [CA 3351 or CA 3352] all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
CA 4342. Personal and Family Financial Counseling Practicum.  
This course focuses on applying financial counseling and consulting  
skills consistent with accepting financial counselor roles. Content  
includes theoretical models of financial counseling. Prerequisite: CA 4341  
with a grade of "D" or better.  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Grade Mode: Standard Letter

CA 4391. Independent Study in Consumer Affairs.  
This course involves independent reading and/or research on a specific  
topic related to students' primary area of interest. Work may consist  
of research, reviews, and integration of existing literature, or other  
appropriate independent work. Course may be repeated once for credit  
with approval of instructor.  
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

Courses in Family and Consumer Sciences (FCS)  
Many of the subject-matter courses in Family and Consumer Sciences  
are open to non-majors as electives.

This course provides an overview of the field of Family and Consumer  
Sciences as it relates to human ecology, emphasizing its interdisciplinary  
nature, history, theories, career opportunities, and career readiness.  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Grade Mode: Standard Letter

FCS 3303. Introduction to Research in Family and Consumer Sciences.  
This course examines practices in the social science research process,  
with an emphasis on general scientific literacy. Content will focus on  
technical and academic writing for use in the Family and Consumer  
Sciences profession.  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Writing Intensive  
Grade Mode: Standard Letter

FCS 4101. Special Problems in Family and Consumer Sciences.  
A study of selected areas of Family and Consumer Sciences. Repeatable  
for credit with different emphasis.  
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing|Dual Enrollment Permitted/Header|Time Conflicts Permitted  
Grade Mode: Standard Letter

The study and implementation of research procedures for use with  
family and consumer sciences programs. Includes instrument selection,  
recruitment and testing of subjects, coding, analysis and dissemination  
of data. Will include field based experiences using appropriate research  
procedures. Restricted to Senior Standing. (WI) Prerequisite: FCS 3303  
with a grade of "D" or better.  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Writing Intensive  
Grade Mode: Standard Letter

FCS 4304A. Family Finance II.  
This course is a study of financial management for individuals and  
families. Topics include financial inequality, investments, retirement  
planning, and estate planning. Prerequisite: CA 3341 with a grade of "D" or  
better.  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing|Topics  
Grade Mode: Standard Letter

FCS 4304B. Introduction to Research Methods in Family and Consumer  
Sciences.  
The examination of practices in the social science research process with  
an emphasis on general scientific literacy and technical, academic writing  
for use with Family and Consumer Sciences programs.  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive  
Grade Mode: Standard Letter

Study of Family and Consumer Sciences topics in international settings.  
Emphasis will be placed on cultural awareness and its application within  
FCS professions. Repeatable for credit with different emphasis. (MULT)  
(WI).  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing|Multicultural Content|Writing Intensive  
Grade Mode: Standard Letter

FCS 4343. Occupational Education in FCS.  
Its purpose is to help prepare students for teacher certification and  
teach occupational education content in 11-12 grade FCS classrooms.  
Occupational education course in 11-12 grades such as Services for  
Older Adults, Hospitality Services, Childcare and Guidance and Food  
Production, management and services are designed for students to gain  
extensive management skills and practical work experience.  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Grade Mode: Standard Letter
FCS 4344. Instructional Management for Family and Consumer Sciences. This course provides students with hands-on application of the Texas Teaching Proficiencies as outlined by the Texas Teacher Evaluation and Support System (T-TESS) and the Danielson Framework. Principles and practices specifically needed for managing the FCS classroom will be addressed.

3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

FCS 4347. Family Policy. This course is an examination of policy-making and the significance of national, state and local policies that affect families. Students will analyze social policies, including government programs and legislation, and discuss how to influence change in policies. Use of the Internet and computer software programs such as Word, PowerPoint, and others required. Requires Senior Standing. (WI).

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

FCS 4681. Family and Consumer Sciences: Principles and Process. Students will apply knowledge and skills learned during the teacher preparation program while engaging in clinical practice with experienced Family & Consumer Sciences mentor teachers in school settings with university instruction and supervision. This culmination experience is required for Texas teacher certification. Requires departmental approval through the OEP. Prerequisites: Admittance to the Educator Preparation Program, 2.75 Overall GPA; Additional coursework may not be taken concurrently; For undergraduate students, all other degree-required course work must be completed; For graduate and post-baccalaureate students, all certification coursework must be completed.

6 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Grade Mode: Credit/No Credit

Courses in Fashion Merchandising (FM)

FM 1330. Introduction to Fashion Merchandising.
Survey of the fashion industry including an overview of the development, production and distribution of fashion goods and services.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FM 1332. Textiles.
A consumer-oriented study of the relationship of fibers, fabrics, and textile product end-uses.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FM 2330. Aesthetics and Branding.
The study of promotional strategies unique to the fashion industry. Emphasis is placed on techniques used at the retail level. Prerequisite: FM 1330 with a grade of "C" or better.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course focuses on the study of fashion product manufacturing, including textile product quality control issues important to manufacturers, retailers, and consumers. Emphasis is placed on specifying quality based on appearance, cost, durability, and end-use of textile products. Prerequisite: FM 1330 and FM 1332 both with grades of "C" or better.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FM 2335. Gender, Appearance, and Society.
The investigation of the role of dress and appearance in nonverbal communication, development of the self and gender identity, and social interactions of individuals with a particular emphasis on diverse appearances by various cultural groups. (MULT).

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

This course is an introduction to the global supply chain in the fashion industry with an overview of the impact of cultural, political, and economic systems on the manufacturing and logistics of fashion products. Prerequisites: FM 1330 and FM 1332 both with grades of "C" or better.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FM 3320. Special Events Planning.
This course is an in-depth study of selected topics and emerging issues related to the planning of special events. Course emphasis will be on planning, organizing, implementing and evaluating special events. Prerequisite: FM 2330 with a grade of "C" or better.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FM 3330. Fashion Buying Principles I.
Quantitative concepts used in merchandising fashion goods with an emphasis on profitability. Prerequisite: FM 2337 and [MATH 1315 or MATH 1316 or MATH 1319] both with grades of "C" or better.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
FM 3332. Fashion Promotional Strategies II.  
The study of promotional strategies unique to the fashion industry.  
Emphasis is placed on techniques initiated by manufacturers and  
wholesalers of fashion products. Prerequisites: FM 2330 with a grade of  
"C" or better.  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Grade Mode: Standard Letter

FM 3333. Merchandise Presentation and Planning.  
This course is designed to apply critical thinking skills within the context  
of retail store space planning and presentation, product category  
management, and merchandise allocation for a variety of retail business  
types. Prerequisite: FM 2330 with a grade of "C" or better.  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Grade Mode: Standard Letter

FM 3334. Fashion Merchandising Administration.  
The study of human resource management in the fashion industry  
including recruitment, development, assessment, and compensation.  
Prerequisite: FM 1330 with a grade of "C" or better.  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Grade Mode: Standard Letter

FM 3335. History of Fashion.  
This course is a survey of textiles, dress and adornment from pre-  
history through the ancient Eastern and Middle Eastern cultures to the  
development of Western civilization ending with the Industrial Revolution.  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Grade Mode: Standard Letter

This course is a chronological study of fashion, dress and adornment from  
the Industrial Revolution through modern times. Emphasis in the  
course is on the socio-economic, political, and technological factors  
contributing to the evolution of fashion.  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Grade Mode: Standard Letter

FM 3337. Fashion Social Media.  
This course focuses on the management of social media to communicate  
and sell fashion products. Students measure and evaluate the influence  
of social media decisions on fashion consumers in order to design  
fashion-based social media campaigns that meet the needs of social  
media producers and consumers. Prerequisite: FM 2330 with a grade of  
"C" or better.  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Grade Mode: Standard Letter

FM 4101. Special Problems in Fashion Merchandising.  
A study of selected areas of Fashion Merchandising. Repeatable for  
credit with different emphasis.  
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

FM 4301. Internship in Fashion Merchandising.  
This course is an Internship in Fashion Merchandising-related  
professions focused on production, distribution, or retailing of fashion  
goods, or auxiliary services. Repeatable for credit once. Prerequisite:  
FM 3334 with a grade of "C" or better.  
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

FM 4302B. Specialty Fashion Markets.  
An in-depth study of specialty fashion markets including historic  
background; significance of the market; terminology; product assortment,  
development, production and distribution; and trend analysis.  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing|Topics  
Grade Mode: Standard Letter

FM 4302F. SPECIAL TOPICS: ONLINE SELLING.  
This course is a special topics course in Fashion Merchandising which  
will focus on specific methods and techniques used in online selling.  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing|Topics  
Grade Mode: Standard Letter

FM 4302G. Creative Problem Solving.  
An in-depth study of selected topics or emerging issues of particular  
relevance to Fashion Merchandising professionals. Course may be  
repeated for credit with a different emphasis. Prerequisite: [FM 1332 or  
ID 2325 or NUTR 1362] with a grade of "D" or better.  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing|Topics  
Grade Mode: Standard Letter

FM 4302H. Digital Fashion Marketing.  
This course introduces students to the marketing strategies used to sell  
fashion products in the digital environment. It examines the analytical  
tools and strategies used in e-commerce, including online advertising,  
search marketing, email marketing, website optimization, and web  
analytics for online stores. Prerequisite: FM 1330 and FM 2330 and  
FM 3330 all with grades of "D" or better.  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing|Topics  
Grade Mode: Standard Letter
FM 4320. Fashion Merchandising in Domestic Markets.
An on-site study of domestic fashion market centers. Course examines the design, production, and distribution of fashion products and services at various market levels. Repeatable for credit with different emphasis.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

FM 4331. Fashion Buying Principles II.
This course is a study of the fashion merchandise buyer, planner, and allocator roles emphasizing retail merchandising functions. These include developing merchandise plans, selecting products, and negotiating terms. Using best-practice industry software, students will analyze merchandising data to manage inventory levels, and evaluate performance of sales and profit. Prerequisite: FM 3330 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FM 4333. Advanced Merchandise Planning and Presentation.
This course is an advanced study of category management strategies with an emphasis on recognizing and evaluating performance data in space planning. This capstone course focuses on creating visual displays based on product selection and projected profit and sales. Prerequisite: FM 3333 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FM 4334. Fashion Product Development.
The course focuses on fashion product development for target markets. Emphasis of the course is placed on line development, product specification, color and textile selection, sizing, product costing and the use of industry product life-cycle management software. Prerequisite: FM 1332 and FM 2330 and FM 2334 all with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course focuses on the analysis of variables, concepts and theories related to the role of the consumer in fashion and fashion product consumption. Prerequisite: FM 2335 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FM 4337. Fashion Merchandising.
The study of managerial decisions in fashion retailing with an emphasis on operational issues. Prerequisite: FM 1330 and FM 2330 and FM 3330 and FM 3334 all with grades of "C" or better or instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

FM 4338. Enterprise Development.
Principles and procedures used in creating successful enterprises to meet consumer demand, including consumer research, logistical issues, and strategic planning. Examines various product and service offerings in traditional and non-traditional outlets.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FM 4339. Fashion Economics.
Economic perspective of textile products, production and global sourcing with emphasis on U.S. fashion industries. (WI) Prerequisite: [FM 1330 and FM 1332 both with grades of "C" or better] and [ECO 2301 or ECO 2314 or ECO 2315 with a grade of "D" or better].
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

FM 4340. Fashion Merchandising in International Markets.
Study of Fashion Merchandising topics in international settings. Emphasis will be placed on market differences and cultural awareness, and the implications within Fashion Merchandising professions. Repeatable for credit with different emphasis. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Multicultural Content
Grade Mode: Standard Letter

FM 4391. Independent Study in Fashion Merchandising.
Independent reading and/or research on a specific topic related to students' primary area of interest. Work may consist of research, reviews, and integration of existing literature or other appropriate independent work. May be repeated once for credit with approval of instructor. (WI) Prerequisite: FM 1330 with a grade of "D" or better and instructor approval.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

Courses in Human Development & Family Sciences (HDFS)
HDFS 1351. Lifespan Development.
This course focuses on developmental principles underlying behavior as experienced in physical, intellectual, emotional and social changes across the lifespan. Emphasis is on adult development.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
HDFS 1355. Introduction to Family Relationships.
This course covers a range of research-based topics including the universality and uniqueness of American families, the establishment and maintenance of relationships, family formation, parenthood, and other aspects related to individual and family relationships through the lifespan.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HDFS 2311. Statistics and Data Analysis for Human Development and Family Sciences.
This course is an introduction to statistical concepts within the field of HDFS, including the implementation of statistical techniques using computer software. Concepts include the methods, assumptions, and limitations of statistical analysis, reporting statistical findings, and interpreting statistical results reported in media and scientific outlets.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HDFS 2351. Child Development.
This course focuses on development across domains from conception to adolescence. The course includes opportunities to apply knowledge of child development to observations of children.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

Students examine research, theory, and developmentally appropriate practices related to children’s social development and child guidance techniques. Participation in the Child Development Center is required. Prerequisite: FCD 2351 or HDFS 2351 either with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

HDFS 3344. Introduction to Infant and Early Childhood Mental Health.
This course is an introduction to the study of social and emotional development of infants and young children within the context of the family. The emphasis of this course is on the role of the infant mental health specialist in strengthening the development of young children.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HDFS 3351. Creative Experiences for Children.
This course focuses on developmentally appropriate creative methods, materials, and planning for children's programs through language, literature, music, art, play, science, math, technology, and social studies. Participation in the Child Development Center is required. Prerequisite: FCD 2353 or HDFS 2353 either with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

HDFS 3356. Introduction to Early Childhood Intervention.
This course provides an interdisciplinary orientation to the professional discipline of Early Childhood Intervention (ECI) and the Early Intervention Specialist (EIS). Prerequisite: FCD 2351 or HDFS 2351 either with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HDFS 3358. Practicum in Child Development.
Students participate in structured practical experience in approved early care and education programs. Prerequisite: [FCD 2353 or HDFS 2353] and [FCD 3351 or HDFS 3351] both with grades of "D" or better.
3 Credit Hours. 1 Lecture Contact Hour. 6 Lab Contact Hours.
Grade Mode: Standard Letter

HDFS 3359. Family Diversity.
This course explores both the internal dynamics and external environments of diverse family forms, including prevalence, social conditions leading to and sustaining their existence, common stereotypes, and recent research. Prerequisite: FCD 1355 or FCD 3355 or HDFS 1355 any with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HDFS 3394. Adolescent Development.
This course analyzes adolescent development from a research and theoretical perspective. Emphasis is on current critical issues for adolescents in the context of family and society.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HDFS 4301. Internship in Human Development and Family Sciences.
This course provides internship fieldwork in related professions, services, industry, or business for students in Human Development and Family Sciences. Students must meet college, school, and program requirements.
3 Credit Hours. 0 Lecture Contact Hours. 10 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Credit/No Credit

HDFS 4302A. Play and Child Development.
This course explores the foundations and theories of play in the growth and development of children. Medical play, play therapy, music therapy, and art therapy are incorporated into the course curriculum.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
HDFS 4302B. Grief and Bereavement in Children, Adolescents, and Parents.
This course focuses on grief and bereavement throughout the life cycle. Topics include a historical, current, cultural, spiritual, and religious perspectives, ambiguous loss, palliative care, self-awareness, and self-care. Students analyze grief and bereavement implications for child life specialists.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

HDFS 4302C. Human Welfare Across the Lifespan.
This course will focus on the analysis of the dynamics of family, partner, and community violence occurring across the lifespan. Students examine history, theory, and research related to physical, sexual, and psychological abuse, including root causes, impacts on individuals and families, and best practices in working with survivors. Prerequisite: [HDFS 1351 or FCS 1351] and [HDFS 1355 or FCS 1355] all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

HDFS 4304. Conducting Research with Latinx Adolescent Families.
This course is an introduction to research with Latinx adolescent families and other marginalized populations. As research assistants, students explore current issues and gain hands-on research experience conducting interviews with Latinx adolescent families. Prerequisite: Minimum 2.5 Texas State GPA and instructor approval. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Multicultural Content
Grade Mode: Standard Letter

HDFS 4305. Conducting Research in Early Childhood.
This course provides students an opportunity for independent reading and/or other appropriate independent work. (WI) (MULT).
3 Credit Hours. 1 Lecture Contact Hour. 8 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Credit/No Credit

HDFS 4306. Cultural Diversity in Families.
This course focuses on cultural diversity with an emphasis on different racial and/or ethnic groups, religions, and social classes. Students explore selected family science research methods and topics including family functions, family life patterns, multicultural groups, agents of enculturation, and family life education as they relate to cultural diversity. (WI)(MULT) Prerequisite: FCD 1353 or FCD 3353 or FCD 1355 any with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

HDFS 4307. Administration of Programs for Children.
This course addresses the history, philosophy, and ethics of programs for young children. Emphasis is on responsibilities of the child care administrator in relation to staff, budgets, facility laws, and standards of agency management. Prerequisite: FCD 2353 or HDFS 2353 either with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HDFS 4308. Introduction to Child Life.
This course introduces students to theoretical and practical methods of working with children and their families in health care settings.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HDFS 4309. Family Theory.
This course focuses on the study and comparison of various theories, family structures, and transitions. Interaction strategies to enhance successful family function across various family structures and transitions will be analyzed. Prerequisite: FCD 1355 or FCD 3355 or HDFS 1355 any with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HDFS 4310. Administration of Human Service Organizations.
This course focuses on the implementation of human service organizations. Leadership and management of human service organizations, including staffing, strategic planning, problem solving, grant writing, and ethical leadership is emphasized. Prerequisite: FCD 2353 or HDFS 2353 either with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HDFS 4311. Latinx Youth and Families.
This course is an introduction to research regarding the development of Latinx youth and families, exploring the most common physical, cognitive, and socio-emotional aspects of development. Students learn that these changes are dynamically interrelated and diverse, often depending on factors such as gender and cultural values. (WI) (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

HDFS 4312. Independent Study in Human Development and Family Sciences.
This course provides opportunity for independent reading and/or research on a specific topic related to a student's primary area of interest. Work includes research, reviews, and the integration of existing literature or other appropriate independent work. (WI).
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter
Courses in Interior Design (ID)

ID 1310. Introduction to Interior Design.
This introductory lecture course investigates interior design from social, ecological, cultural, and spatial perspectives related to human habitation.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ID 1320. Design Graphics I.
This course provides specialized training in manual and digital graphic communication required in the interior design profession. It includes architectural drafting, illustrative sketching, design diagramming and schematics, and basics of orthographic and perspective drawing with emphasis in both technical and aesthetic expression.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Grade Mode: Standard Letter

During this course, students will study independently to prepare for a performance-based review in which they will demonstrate the ability to apply essential interior design skills and knowledge. Interior Design majors must pass Proficiency Review to gain access to further interior design coursework. Prerequisite: ARTF 1302 and ID 1310 and ID 1320 all with grades of "C" or better. Corequisite: ARTC 2305 and ID 2322 both with grades of "C" or better.
0 Credit Hours. 0 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Credit/No Credit

ID 2321. History of Interiors.
Survey of historical styles of furnishings, architecture, and interiors from the Egyptian period to the Industrial Revolution.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ID 2322. Basic Interior Design.
This course is an introductory studio for Interior Design majors, analyzing the elements and principles of design as applied to interior environments. Applications of these fundamental components, including finishes, materials, and styles, will be demonstrated by class projects. Prerequisite: ARTF 1302 and ID 1310 and ID 1320 all with grades of "C" or better.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Grade Mode: Standard Letter

ID 2323. Design Development.
This course is an introduction to the process of design development and planning of interior space with an emphasis on graphic visualization as a creative process and design tool. Prerequisite: ID 2000 with a grade of "CR" and ID 2322 with a grade of "C" or better.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Grade Mode: Standard Letter

ID 2324. People, Environment, and Behavior.
This studio course focuses on the physical and psychological needs of inhabitants of interior space. Students are exposed to theories of environmental perception, human factors, and universal design principles to be applied to design solutions. User needs are demonstrated through the application of space planning throughout the design process. Prerequisite: ARTC 2305 and ID 2321 and ID 2323 all with grades of "C" or better.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Grade Mode: Standard Letter

ID 2325. Materials and Sources.
This course is an in-depth study of materials and finishes specified for residential and commercial interiors. Material properties, fabrication, installation methods, applications, sustainability, maintenance requirements and sourcing are addressed. Prerequisite: ARTF 1302 and ID 1310 and ID 1320 all with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

In this course, students are exposed to various means and methods for using digital media throughout the interior design process. Instruction on presentation graphics, branding and digital publication strategies of a student design portfolio are also addressed. Prerequisite: ID 2322 with a grade of "C" or better.
3 Credit Hours. 0 Lecture Contact Hours. 5 Lab Contact Hours.
Grade Mode: Standard Letter

ID 3321. Contemporary Interiors and Architecture.
A survey of contemporary styles of furnishings, architecture, and interiors from the 19th century to the present. Prerequisite: ID 2321 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This studio course introduces students to various dimensions, purposes, and characters relative to the small and large residential spaces. Prerequisite: ID 2324 and ID 3320 both with grades of "C" or better.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Grade Mode: Standard Letter

ID 3323. Studio II: Commercial Interior Design.
This course focuses on the analysis, planning, design and furnishing of small to moderate commercial and other non-residential spaces. Topics include design programming, the design development process, simple contract document preparation and visual and verbal presentation methods. Prerequisite: ID 2325 and ID 3322 both with grades of "C" or better.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Grade Mode: Standard Letter
ID 3324. Professional Practices.
This course focuses on the business principles, ethics, and procedures for the interior designer. Prerequisite: ID 2000 with a grade of "CR" or ID 2322 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ID 3325. Interior Lighting Design.
This course focuses on the study of natural and manufactured light sources relative to the interior environment. Emphasis is placed on light science and technology and the effects on health, behavior, color and form, and includes issues of aesthetics, energy conservation, codes, evaluation, and specifications. Prerequisite: ID 2000 with a grade of "CR" or ID 2322 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ID 3326. Comprehensive Interior Design.
This course is an advanced study of materials, systems, codes and other factors relating to public health, safety, and welfare in interior environments. Through lecture and application of resources, materials and design technologies, the course addresses specifying, scheduling, budgeting, and resource conservation. Prerequisite: ID 2000 with a grade of "CR" or ID 2322 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course explores the understanding of interior construction and documentation for interior architecture projects. Expression of design intent as construction documents is reinforced in structured classroom experiences, guest lecturers, and on-site visits. Understanding of basic building construction and systems will be demonstrated through completion of the set of drawings. Prerequisite: ID 2000 with a grade of "CR" or ID 2322 with a grade of "C" or better. Corequisite: ID 3326 with a grade of "C" or better.
3 Credit Hours. 0 Lecture Contact Hours. 5 Lab Contact Hours.
Grade Mode: Standard Letter

ID 4120. Portfolio Design.
Portfolio preparation and production for seeking employment with design firms. Includes instruction on graphic and publication design, business structures and portfolio strategies. For graduating interior design majors. Prerequisites: ID 4323 with a grade of "C" or better.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

ID 3401. Internship in Interior Design.
Internship experience in the Interior Design profession. (Capstone Course) (WI) Prerequisites: ID 3323 and ID 3324 and ID 3326 all with grades of "C" or better and instructor approval.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

ID 4302A. Historic Preservation.
Introduction to the field of historic preservation, including history, theory, planning, advocacy, law, conservation, and adaptive use, emphasizing the Secretary of the Interior's Standards for Rehabilitation. Students combine design and technical knowledge to approach historical design problems in creative, sensitive, and economical ways. Prerequisite: ID 3321 and ID 3322 both with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ID 4302C. Lighting Research and Applications.
An in-depth study of light and color and its impact on people's behavior in interior environments.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ID 4302F. Color Theory and Design Applications.
An introduction to color theory and principles with a fundamental understanding of the psychological and physiological effects color has on human perception. Characteristics of major hues which influence design and behavior and how to use, design, and apply color in the creative process will be studied.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ID 4302G. Color Theory & Design Applications.
An introduction to color theory and principles with a fundamental understanding of the psychological and physiological effects color has on human perception. Characteristics of major hues which influence design and behavior and how to use, design, and apply color in the creative process will be studied.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter
ID 4302H. Study America Sustainable Chicago.
This course focuses on individual student's exploration of interior design through global, sustainable, wellness and diversity lens. This course provides students with the opportunity to attend the interior design conference NEOCON in Chicago, and to select an issue or problem identifies during the conference to develop a design solution. Prerequisite: ID 2000 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ID 4323. Studio III: Research and Advanced Commercial Interior Design.
This course expands student understanding and application of design research methods including evidence-based design in the commercial interior environment. Topics include advanced design research methods, programming and large-scale space planning, finish selection/speifying, furnishings design and detailing, and presentation strategies through creative problem solving and contract document preparation. Prerequisite: FCS 3303 and ID 3321 and ID 3323 and ID 3325 and ID 3326 and ID 3327 all with grades of "C" or better.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

This course requires students to conduct specialized research in interior design to include design issues such as barrier free environments, medical facilities, historic preservation/adaptive re-use, international interiors, energy issues, sustainable design and design for special needs. Prerequisite: ID 4323 with a grade of "C" or better.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Grade Mode: Standard Letter

ID 4391. Independent Study in Interior Design.
Independent reading and/or research on a specific topic related to student's primary area of interest. Work may consist of research, reviews, and integration of existing literature, or other appropriate independent work. May be repeated once for credit with approval of instructor. (WI).
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

Courses in Nutrition and Foods (NUTR)

NUTR 1162. Food Systems Laboratory.
This course provides for application of the management techniques and concepts of planning, preparation, cost analysis, and evaluation covered in NUTR 1362. Corequisite: NUTR 1362 with a grade of "C" or better.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 1362. Food Systems.
Nutrition, food science, and management principles in planning, procuring, preparing, preserving, evaluating, and serving food to fulfill dietary requirements of individuals and diverse cultural groups. Includes federal legislation, environmental issues, and culinary principles. (MULT) Corequisite: NUTR 1162 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

NUTR 2162. Food Science Laboratory.
Students engage in laboratory techniques and exercises related to food, chemistry, microbiology, nutrition, food palatability, and food safety. Corequisite: NUTR 2362 with a grade of "C" or better.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

The science of human nutrition with emphasis on nutrient digestion, absorption, and excretion; nutrient metabolism, requirements, and sources. Prerequisite: BIO 1330 or CHEM 1341 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: BIOL 1322

NUTR 2361. Nutritional Assessment.
This course focuses on the principles and techniques of assessing nutritional status, presentation of interviewing and nutrition counseling theories, development of individualized nutrition diagnoses, and introduction to educational tools and community nutrition resources. Practical application is provided through assignments and in-class experiences. Prerequisite: NUTR 2360 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 2362. Food Science.
Students learn the scientific principles underlying the relationships among food, chemistry, microbiology, nutrition, and food safety as related to the major food groups. Co- or prerequisite: NUTR 2162 with a grade of "C" or better. Prerequisite: BIO 1330 or CHEM 1341 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
This course will focus on the evaluation of research concepts, methods, and strategies used in nutrition research. Topics include epidemiological, community, clinical, animal, and cell culture models, study design, statistical analysis and dissemination of research findings. Students will locate, read, and evaluate scientific literature. Prerequisites: BIO 2430 or [BIO 2451 and BIO 2452] all with grades of "C" or better and CHEM 1342 and CHEM 1341 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

For non-science majors. Involves the study of the nutrients and their function in promoting health throughout the life span. Includes standards for consumer selection of a proper diet and analysis of nutrition-related health problems.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 3363. Nutrition for Wellness and Fitness.
Students will study the causes and treatment of overweight and obesity and the effects of dietary and lifestyle choices on attainment and maintenance of health and prevention of chronic diseases. Basic exercise physiology is introduced and dietary recommendations for sports, fitness and prevention of eating disorders are also presented. Prerequisite: NUTR 2361 and NUTR 3367 both with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course focuses on basic nutritional science, with emphasis on the physiological and biochemical importance of nutrition to physical performance, health, and fitness. The use and efficacy of ergogenic aids will be investigated. The course requires reading and interpreting the scientific literature.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 3367. Nutrition and Physiology.
This course integrates the study of nutrition with other biological sciences, focusing on cellular and molecular physiological processes related to digestion, absorption, transport, and metabolism of nutrients and other dietary components. Prerequisite: NUTR 2360 and [BIO 2430 or BIO 2451 or BIO 2452 or BIO 3421] both with grades of "C" or better and CHEM 1341 and CHEM 1342 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 4167. Food Systems-Production & Management Laboratory.
This course provides for the application of the management techniques and concepts of institutional food production covered in NUTR 4367. Prerequisite: NUTR 1362 and NUTR 2360 both with grades of "C" or better. Corequisite: NUTR 4367 with a grade of "C" or better.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

Students engage in applied experience under the supervision of a professional mentor in nutrition and foods-related professions, services, businesses, and/or research. (Capstone Course). Prerequisite: Instructor approval.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 4302C. Micronutrients.
A study of the biochemical and physiological foundations of nutrition. Information pertaining to biochemical structure, metabolism and physiological regulation of minerals and fat-soluble vitamins. Prerequisite: NUTR 2360 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

NUTR 4302E. Community Nutrition.
A study of community nutrition programs addressing food insecurity, prevention and treatment of chronic diseases, and health promotion among special populations, including maternal, infant, child, adolescent and older adults. Review of national and international healthcare systems; program planning incorporating evidence-based intervention strategies. Prerequisite: NUTR 2360 or NUTR 3362; NUTR 4365.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

NUTR 4350. Hospitality.
Focus on the principles underlying operations in the hospitality industry. Concepts include residential and lodging operations, guest expectations, food, beverage, and maintenance services, promotions, budget control, personnel and security.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 4360. Medical Nutrition Therapy.
This course explains the physiological and biochemical abnormalities of certain disease states of human body systems with emphasis on diet modification as a therapeutic measure. Prerequisite: NUTR 4365 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
A study of the biochemical and physiological foundations of nutrition. Information pertaining to cytology, biochemical structure of nutrients, energy transformations, nutrient-drug interactions, and the anatomy, physiology, and nutrient metabolism of major organ systems is covered. Prerequisite: NUTR 3367 with a grade of "C" or better. Corequisite: [CHEM 2150 and CHEM 2350] or CHEM 3375 or CHEM 4375 any with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course will examine the specific processes in intermediary nutrient metabolism and their genetic regulation. The effects of nutrients on gene expression, cell signaling, cell physiology, and disease processes will also be explored. Prerequisite: NUTR 3367 and BIO 1330 and BIO 1130 all with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 4363. Nutrition Counseling and Education.
Study of teaching/learning styles and development of counseling skills to improve the nutritional status of individuals, families, and groups. Development of effective nutrition education materials and media communications. Prerequisite: NUTR 4365 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 4365. Nutrition in the Life Span.
This course provides for the in-depth study of the normal growth, development, and nutritional requirements associated with pre-pregnancy, pregnancy, infancy, childhood, adolescence, and the older adulthood. (WI) Prerequisite: NUTR 2361 and NUTR 3367 and NUTR 3303 all with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

NUTR 4366. Equity and Policy in Nutrition.
This course addresses the influence of government, interest groups, media, and industry on nutrition policy decisions, public and private funding, nutrition education, the food supply and food choices, and includes discussion of equity and ethical considerations that have an impact on public health. (WI) Prerequisite: NUTR 3303 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

NUTR 4367. Food Systems-Production & Management.
Students study the principles, policies, and procedures for planning, procurement, staffing, production, evaluation, and research in institutional food service. Topics include systems design, decision hierarchy, organizational structure, and personnel selection, training, and management. Prerequisite: NUTR 1362 and NUTR 2360 both with grades of "C" or better. Corequisite: NUTR 4167 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

Independent reading and/or research on a specific topic related to students' primary area of interest. Work may consist of research, reviews, and integration of existing literature, or other appropriate independent work. May be repeated once for credit with approval of instructor. (WI).
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

Minimum required: 120 semester credit hours

General Requirements
1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. In addition to general education core curriculum and degree requirements, this major requires specialized courses in consumer education, family and personal resource management, family finance, consumer law, family financial counseling and family policy.
3. Students participate in an internship in a related area.
4. Students must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
5. Nine semester credit hours must be writing intensive (WI).
6. Students must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors/).
7. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree. In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student's degree audit.

Total Hours: 120

1 MATH 1316 is not accepted as a prerequisite for courses in some minors.
Minimum required: 120 semester credit hours

Admission Requirement
1. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 244).

General Requirements
1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. In addition to general education core curriculum and degree requirements, this major pursuing teacher certification in Family and Consumer Sciences is required to take specialized courses in nutrition and foods, human development and family sciences, fashion merchandising, interior design, consumer affairs, and family and consumer sciences.

3. A minor in Education is required. Courses for the minor in Education are included in the following degree plan.

4. Students participate in FCS 4681 student teaching for pre-professional experience.

5. In addition to the degree and major requirements, students must also complete 12 hours of professional sequence courses through the College of Education. All coursework must be completed prior to FCS 4681.

6. To satisfy graduation requirements for teacher certification, students must have an Overall GPA of at least 2.75, as well as grades of “C” or better in all courses within the Major(s), Teaching Field(s), Certification area(s), and/or in the Education Minor.

7. Students must complete a minimum of 36 advanced hours (3000 or 4000 level courses).

8. Nine semester credit hours must be writing intensive (WI).

9. Students must demonstrate competency in basic clothing construction techniques.

10. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree. In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student’s degree audit.

11. The Texas Education Agency (TEA) requires multiple background checks for progression through the Educator Preparation Program. Based on information recorded in your criminal history, you may be ineligible for issuance of a teaching certificate upon completion of the Educator Preparation Program. If you have a criminal history you may obtain a Preliminary Criminal History Evaluation from TEA. For more information, go to: https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/.

Minimum required: 120 semester credit hours

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. A minor in Business Administration (p. 153) or Mass Communication (p. 327) is required for this major.

3. This major is required to take specialized courses in Fashion Merchandising including culture and consumer behavior, textiles, textile product analysis, fashion buying principles, fashion merchandising, fashion history, fashion merchandising administration, fashion economics, and fashion promotional strategies.

4. Students participate in an internship in a related area.

5. Students must complete a minimum of 36 advanced hours (3000 or 4000 level courses).

6. Nine semester credit hours must be writing intensive (WI).

7. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree. In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student’s degree audit.

8. Students must pass all required Fashion Merchandising courses with a “C” or higher.

Course Requirements

Minimum required: 120 semester credit hours

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number.
See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. A minor in Business Administration is required for this major. Courses for the minor in Business Administration are included in the following degree plan.

3. This major is required to take specialized courses in Fashion Merchandising including culture and consumer behavior, textiles, textile product analysis, fashion buying principles, fashion merchandising, fashion history, fashion merchandising administration, fashion economics, and fashion planning and presentation strategies.

4. Students participate in an internship in a related area.

5. Students must complete a minimum of 36 advanced hours (3000 or 4000 level courses).

6. Nine semester credit hours must be writing-intensive (WI).

7. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree. In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student’s degree audit.

8. Students must pass all required Fashion Merchandising courses with a “C” or higher.

### General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. As a condition for participation in a child development class that requires either observation or participation at the campus Child Development Center, students must undergo a criminal background check and provide verification of an annual TB test.

3. As a condition for placement in an internship site, students must complete a criminal background check and meet any additional requirements set by the internship site.

4. No minor is required; however, Human Development and Family Sciences students may add a minor relevant to their career interests, such as Social Work or Psychology.
5. Students must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
6. Nine semester credit hours must be writing intensive (WI).
7. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree. In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student’s degree audit.

### Admission Requirement

1. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 244).

### General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. In addition to general education core curriculum and degree requirements, this major pursuing teacher certification in Human Development and Family Studies is required to take specialized courses including infant and toddler development, child development, family life education, creative activities for children, and administration of programs for young children.

3. A minor in Education is required. Courses for the minor in Education are included in the following degree plan.

4. As a condition for participation in a child development class that requires either observation or participation at the campus Child
5. As a condition for placement in an internship site, students must complete a criminal background check and meet any additional requirements set by the internship site.

6. Students participate in FCS 4681 student teaching for pre-professional experience.

7. In addition to the degree and major requirements, students must also complete 21 hours of professional sequence courses through the College of Education. All coursework must be completed prior to FCS 4681.

8. To satisfy graduation requirements for teacher certification, students must have an Overall GPA of at least 2.75, as well as grades of “C” or better in all courses within the Major(s), Teaching Field(s), Certification area(s), and/or in the Education Minor.

9. Students must complete a minimum of 36 advanced hours (3000 or 4000 level courses).

10. Nine semester credit hours must be writing intensive (WI).

11. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree. In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student’s degree audit.

12. The Texas Education Agency (TEA) requires multiple background checks for progression through the Educator Preparation Program. Based on information recorded in your criminal history, you may be ineligible for issuance of a teaching certificate upon completion of the Educator Preparation Program. If you have a criminal history, you may obtain a Preliminary Criminal History Evaluation from TEA. For more information, go to: https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/.

### General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. A Texas State GPA of 2.5 is required to graduate.

3. Any student admitted to the university can declare the Interior Design major. Except for ID 2321, 2322, and ID 2325 Interior Design majors will not be permitted to enroll in 2000 – 4000 level Interior Design courses until they have met the following requirements:
   - A minimum overall major GPA of 2.75 or higher (ID 1310, ID 1320, ID 2321, ID 2322)
   - A minimum grade of "CR" in ID 2000
• A minimum grade of "C" in ID 1320
• A minimum grade of "C" in ID 2322

4. This major is required to take specialized courses in Interior Design including history of furnishings and architecture, residential and commercial interior design, research and programming, professional practices, and portfolio design. Visual communication courses, such as drawing and rendering, are taken in the School of Art and Design.

5. A proficiency/portfolio review ID 2000 for all Interior Design students is conducted by the Interior Design faculty immediately upon completion of all ID 2322 coursework. The purpose of the review includes ensuring that the most qualified students, evidenced by adequate skill and knowledge level, will advance in the program. Students must pass proficiency/portfolio review by the studio sequence beginning with ID 2323. Students not earning credit in ID 2000 may only enroll in the course a total of two times. Students who have attempted ID 2000 two times and did not earn credit cannot continue in the Interior Design major.

6. Students must pass all required Interior Design and Art classes with a grade of "C" or higher. Any student making a grade of "D" or lower in ID or ART courses may not proceed to the next level course until a grade of "C" or higher is achieved.

7. It is strongly suggested that students consider transferring into the program prior to meeting all general education core curriculum requirements because course options may be limited. The completion of the Interior Design major course requirements requires a minimum of eight semesters due to strict sequencing, regardless of other credit hours accumulated. All Interior Design (ID) courses starting from ID 2323 must be completed at Texas State University.

8. Students entering the sophomore level are required to have their own laptop computers with appropriate software specifications. Hardware and software requirements will be communicated to students. A proficiency/portfolio review ID 2000 is required to graduate.

9. Students participate in an internship in a related area.

10. Students must complete a minimum of 36 advanced hours (3000 or 4000 level courses).

11. Nine semester credit hours must be writing intensive (WI).

12. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree. In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student’s degree audit.

Second Semester Hours: 15

Total Hours: 117

Minimum required: 120 semester credit hours

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. In addition to general education core curriculum requirements, this major is required to take courses in biology, and specialized courses in food systems, food science, nutritional assessment, physiology and nutrition, wellness and fitness, life span nutrition, and food service management. Course options include medical nutrition therapy, advanced food science, and nutrition and genetics.

3. A Texas State GPA of a 2.0 or higher and major GPA of 2.25 or higher is required to graduate.

4. Students participate in an externship.
5. A minor is required, and those in biology, Business Administration, and Chemistry are recommended.
6. Students must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
7. Nine semester credit hours must be writing intensive (WI).
8. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree. In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student's degree audit.

**Minimum required: 122 semester credit hours**

**Admission Requirement**

1. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 244).

**General Requirements**

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. In addition to general education core curriculum and degree requirements, this major is required to take specialized courses including biology and food systems, food science, nutritional assessment, physiology and nutrition, wellness and fitness, lifespan nutrition, food service management and hospitality.

3. A minor in Education is required for this major. Courses for the minor in Education are included in the following degree plan.

4. Students participate in FCS 4681 student teaching for pre-professional experience and an internship.

5. In addition to the degree and major requirements, students must also complete 12 hours of professional sequence courses through the College of Education. All coursework must be completed prior to FCS 4681.

6. To satisfy graduation requirements for teacher certification, students must have an Overall GPA of at least 2.75, as well as grades of “C” or better in all courses within the Major(s), Teaching Field(s), Certification area(s), and/or in the Education Minor.

7. Students must complete a minimum of 36 advanced hours (3000 or 4000 level courses).

8. Nine semester credit hours must be writing intensive (WI).

9. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree. In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student's degree audit.

10. The Texas Education Agency (TEA) requires multiple background checks for progression through the Educator Preparation Program. Based on information recorded in your criminal history, you may be ineligible for issuance of a teaching certificate upon completion of the Educator Preparation Program. If you have a criminal history, you may obtain a Preliminary Criminal History Evaluation from TEA. For more information, go to: https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/.

Total Hours 18

The minor in Nutrition requires 18-19 semester credit hours, depending on the student’s major and on which courses are selected from the minor options. This is a science-based minor that requires that some biology and chemistry prerequisites must be completed. Because many of the nutrition courses require science prerequisites, the total hours for the minor may vary depending on what courses the student has completed as part of their major or has satisfied as part of the general education core curriculum.

Total Hours 18-19

Army Reserve Officer Training Corps
Adamson Building Room 104
T: 512.245.3232 F: 512.245.3264

The Army Reserve Officer Training Corps (AROTC) Program at Texas State is designed to develop the professional skills vital to Army officers. The purpose of the program is to educate, develop, and inspire qualified students for a commission in the U.S. Army, U.S. Army Reserve, or Army National Guard. All applicants must interview with the Recruiting and Enrollment Officer before registering (512.245.0390 / armyrotc@txstate.edu).

The freshman and sophomore years of AROTC are called the Basic Course, and the junior and senior years are called the Advanced Course. Entry into the Basic Course requires no formal application; however, an interview is advisable because the student may be eligible for advanced placement. Registration is accomplished at the same time and in the same manner as for other college courses. Enrollment in the Basic Course does not confer any military status or commitment upon the cadet. Successful completion of, or constructive credit for, the Basic Course is necessary before progressing to the Advanced Course.

Students entering the Advanced Course should have two academic years remaining at Texas State. Coordination must be made with the Recruiting and Enrollment Officer of Military Science well in advance of anticipated enrollment in order to allow adequate time for enrollment processing. A student may meet some prerequisites as a result of prior military training, ROTC training with any service, or successful completion of the AROTC Cadet Initial Entry Training. An interview is required in order to determine if a student meets any of the above prerequisites.
Students in the Advanced Course attend a Cadet Leader Course during the summer at Fort Knox, Kentucky between their junior and senior years. The purpose of this course is to train cadets to Army standards, to develop their leadership skills, and to evaluate their officer potential while giving them practical field experience in a military environment.

Textbooks and materials for military science classes are furnished without cost to the student.

Some cadets are eligible to participate in the Simultaneous Membership Program (SMP), which allows them to serve in the National Guard or Army Reserve concurrently with AROTC. The Department of Military Science should be consulted for additional information regarding this program.

Army scholarships are available on a competitive basis to cadets enrolled in AROTC. These scholarships pay 100% of tuition and fees or room and board, plus a $600 allowance per semester for books and necessary supplies. All scholarship cadets also receive a $420 tax-free stipend per month. Eligible non-scholarship cadets who sign an AROTC contract may begin receiving the stipend as well.

Opportunities to attend Airborne, Air Assault, and other service schools are available to eligible cadets on a competitive basis.

Pursuant to Texas Education Code 51.302, up to three semester hours of credit in an upper-level ROTC course may be applied to the general education core curriculum American History Component (HIST 1310) or up to three hours to the general education core curriculum Government/Political Science Component (POSI 2320 only). HIST 1320 is still required to meet the Military History requirement for the minor and commissioning.

All AROTC cadets are required to attend a weekly 120-minute leadership laboratory. This gives them an opportunity to practice basic military skills and the art of leadership.

**Minor**

- Military Science

**Courses in Military Science (MS)**

**MS 1000. Leadership Laboratory.**

This course concentrates on practical leadership training. Must be taken concurrently with all other MS courses. Repeatable for credit with different emphasis.

0 Credit Hours. 0 Lecture Contact Hours. 1 Lab Contact Hour.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

**MS 1212. Basic Leadership.**

This course is designed to broaden the introduction to the Army and the skills needed to be a successful Army officer. It focuses on leadership, communication and problem solving as well as nutrition and personal development. Corequisite: MS 1000 with a grade of “D” or better.

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

**MS 2211. Individual Leadership Studies.**

This course is designed to develop the student’s self-confidence, leadership skills and problem solving abilities. It focuses on critical thinking, communication and conflict resolution skills.

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

**MS 2212. Leadership and Teamwork.**

This course focuses on self-development guided by group processes. Experiential learning activities are designed to challenge current beliefs, knowledge and skills. This course also provides equivalent preparation for the ROTC Advanced Course and the Leaders Training Course.

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

**MS 2313. American Military Studies and Battle Analysis.**

This course is designed to study Military History as it applies to the principles of war and current military doctrine. Students will analyze historical battles and lessons learned and apply them to the modern battlefield. (WI).

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

**MS 3311. Leadership and Problem Solving I.**

This course is designed to enable a student without prior military experience to rapidly integrate into the cadet battalion and perform successfully. Key elements are introduction to physical fitness, how to plan and conduct training, basic tactical skills and military reasoning.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

**MS 3312. Leadership and Problem Solving II.**

This course is designed to enable a student without prior military experience to rapidly integrate into the cadet battalion and perform successfully. Key elements are introduction to physical fitness, how to plan and conduct training, basic tactical skills and military reasoning.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter
MS 4311. Leadership and Management.
This course is designed to help cadets make informed career decisions and it continues their education in Army operation, training management, communications and leadership. (WI).

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

MS 4312. Officership.
This course focuses on completing the transition from cadet to lieutenant. It includes a basic foundation of military law, skills and information on leadership and military science, application and demonstration of knowledge and mastery of military skills reasoning. (WI).

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

MS 4313. Independent Study in Military Science.
This course will be designed to meet the needs of the individual student. It will be a directed and closely monitored program targeted at the students' weaknesses/interests. The course will primarily deal with topics pertinent to the military profession, such areas as leadership, management, ethics, law and their application. Course will require week/bi-weekly progress review with instructor. (WI).

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

The minor in Military Science requires 23 semester credit hours.

1 Or placement credit given for completing basic training or the Leader's Training Course.
2 To be eligible to take these courses, students must sign a contract to enter the U.S. Army, Army Reserve, or Army National Guard. Students must be medically, morally, and physically qualified and receive permission from the department chair.
3 Requires that cadets qualify for an U.S. Army officer commission by submitting to and passing a thorough background investigation to obtain a Secret Security clearance.

Pedernales Building
Subjects in this department include: CTE (p. 141), OCED (p. 143)

Courses in Career and Technical Education (CTE)

CTE 3304. Human Relations for Career and Technical Education Teachers.
This course emphasizes the combination of psychological and sociological factors that influence relationships of CTE teachers in the pursuit of professional duties. Strategies for teaching students and mentoring employees on the dynamics of human relations are highlighted.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CTE 3313A. Special Needs Students in CTE.
This course involves in-depth studies of characteristics, principles of inclusion, development and implementation of individualized programs of instruction and collaboration with school personnel for effective education of special needs students, including special education, limited-language proficiency, and gifted and talented students. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Multicultural Content|Topics
Grade Mode: Standard Letter

CTE 3313L. Civic Engagement as Global Citizenship.
To live, compete, and innovate in a global society, students need learning experiences that are rooted in the messy intricacies of the real world. To provide such experiences, "Civic Engagement as Global Citizenship" is a field-based, experiential course that provides students with much needed boundary-spanning approaches to learning about community-based issues within the context of global citizenship.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

CTE 3313M. Creative Thinking.
This course introduces students to creative thinking skills-building techniques. Students in this course will engage in weekly activities to practice creative thinking skill acquisition and will learn the importance of fostering creative thinking in the workplace. By the end of the course, students will have knowledge of past creative thinkers who have helped change the world and will have tools to become the next generation of change-making creative thinkers.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

CTE 3313N. Problem Solving and Decision Making.
This course surveys the great mental models, explores data types, and overviews basic analytical tools and models to make informed decisions. When problems arise, how do you confront them? How do you approach problems and make decisions? We form mental models all the time without knowing. But power comes when you consciously build a latticework of mental models and deliberately apply tools to make better decisions, solve problems and improve your outcomes.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

CTE 3313O. Health and Safety in the Workplace.
Workplace health and safety refers to the right of every employee to carry out daily work in a safe environment—regardless of industry, size, location, and type of organization. This course provides the tools, guiding practices, and resources for maintaining a healthy and safe workplace, and for safeguarding one's person on the job, especially in workplaces where there are high risks of injury. Students' products from the course provides employers with evidence of worker competency in health and safety in the workplace.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

CTE 3313P. Project Management.
This course offers tools, questions, reviews, guiding practices, and exercises that will help students build a roadmap to project management and leadership success. This course will help project managers at any level overcome some of the most common challenges they face by: effectively managing a demanding workload; leading and motivating a team; building effective relationships with senior stakeholders; managing risks, issues, and changes to scope; and delegating effectively.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

CTE 3313Q. Teamwork.
In this course, students will learn the differences between a group and a team, how to lead a team, how to become an effective team player, and how to resolve conflicts in teams. This course describes the lifecycle of teams and team roles. Ultimately, students will be equipped with strategies for setting up teams and managing teams effectively.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter
CTE 3313R. ACCEYSS Learning Community: Action-Research in Communities of Color to Equip Youth for STEM Success.
This course is a Service-Learning Section designated course that introduces undergraduate students to culturally responsive, community-engaged, participatory, action, and P-20 STEM workforce research. During this course, students will work with the ACCEYSS (Association of Collaborative Communities Equipping Youth for STEM Success) Network, a local community partner, and its network of faith-based and community partners across the Greater San Marcos region. Students will learn data collection, data analysis, and other methodological approaches to conducting participatory action research at assigned ACCEYSS partner sites. Students will receive mentorship from the instructor and a postdoctoral scholar while learning in a real-world environment.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

CTE 3313T. Private Aircraft Operations.
This course allows students to explore the dynamics of flight through the investigation into and proper operations of private aircraft. Classroom study, flight simulator experiences, and practical flight time combine the theory of flying with practical flight instruction. Students will be prepared to attempt certification as a private pilot.

3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

This exploration of aviation's Instrument Flight Rules combines a thorough review of the standard aircraft instrumentation array including how these devices function and the nature of the information conveyed by them to a flight crew. The course also reviews how aircraft instruments are used to ensure safe aircraft navigation, assessment of aircraft system function, and as a part of emergency response. Practical implementation of these concepts in real-world scenarios is also incorporated into the course. Prerequisite: CTE 3313T with a grade of "D" or better.

3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

CTE 3313V. Theory of Commercial Flight.
This course explores advanced aircraft systems, aerodynamics, federal aviation regulations, airports and airspace, navigation, and performance from the perspective of commercial aviation. The course includes theory of commercial aircraft operations and practical application to real-world aviation scenarios. Prerequisite: CTE 3313T and CTE 3313U with grades of "D" or better.

3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

CTE 3313W. Principles and Methods of Flight Instruction.
This course focuses on the techniques for teaching prospective pilots under visual and instrument rules are included in this course which also includes theory of adult learning, creation of lesson plans, learning modules, and appropriate assessments for aircraft operation instruction. Prerequisite: CTE 3313T, and CTE 3313U, and CTE 3313V all with a grade of "D" or better.

3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

CTE 3313X. Theory of Multi-Engine Aircraft Operations.
This course explores the multi-engine aircraft theory and aerodynamics, pre-flight requirements for safe operation of multi-engine aircraft, and flight and landing maneuvers for aircraft of this type. Prerequisite: CTE 3313T, and CTE 3313U, and CTE 3313V, and CTE 3313W all with grades of a "D" or better.

3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

CTE 3315. Leadership and Professional Development.
This course prepares students to examine and apply principles of leadership to create their own applicable model of influencing others. Topics covered include leadership behavior, strategic thinking, managing energy, and getting results within an organization.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

CTE 3320. Effective Methods of Teaching and Training.
This is an introductory/fundamental course for instructors in trade and industrial education seeking certification and technical trainers who are not seeking certification. It is designed to prepare these individuals to apply effective teaching principles and techniques, to prepare lesson plans, and manage classrooms. Practice teaching will be included.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CTE 3321. Work-based Learning in Career and Technical Education.
This course is intended for teacher coordinators of work-based program in trade and industrial cooperative education. There is an emphasis on selection of occupations and appropriate training stations, student recruitment, instruction coordination in on-the-job educational experiences, state and local report preparation and required record keeping systems.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
CTE 3322. Teaching and Training as Professions.
This course emphasizes the professional requirements of teaching and training in a variety of settings. Professional topics include licensure and preparation for the profession, organizations, philosophical foundations of teaching and training, and the socio-political landscape of teaching and training.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CTE 3323. Technology Applications.
This course covers the use and integration of computers in the classroom or office. Topics include history of computers, use of word processor, spreadsheet, and presentation software; overview of common computer programs; history and use of the Internet, and computer security.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CTE 3324. Entrepreneurship in Schools, Communities, and the Workplace.
Students will gain an in-depth understanding of entrepreneurship and its application in the contexts of schools, communities, and the workplace. This course intersects entrepreneurial concepts in career and technical education with educational entrepreneurship, social entrepreneurship, and intrapreneurship.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CTE 3330. STEM Literacy for the Workplace.
This course focuses on the STEM literacy skills important for success in a diverse workplace.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course allows students to explore past and present occupational trends, new and emerging occupations and the 21st century occupational skills necessary for success. Students will explore transferability of occupational skills and how these skills are applied and packaged for career transitions.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CTE 3370. Introduction to Leadership.
This course provides an overview of current leadership theory and research with emphasis on practical application. Topics include leadership styles, models of effective leadership, and strategies for leadership success.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CTE 3380. Education and Training Programs in Workforce Settings.
This course helps students investigate the range of programs related to education and training in Workforce settings. Students will investigate government policies, program coordination techniques, and organizations related to learning in the workplace. Students will explore local programs.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CTE 3381. Strategies for Education and Training in Workforce Settings.
This course provides an overview of identifying curriculum, individual learning styles, needs of learners in the workforce, instructional strategies, providing support for diverse learners, inclusive instructional strategies, and the use of technology and assessment in workforce settings. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

CTE 4310. Independent Study in Career and Technical Education.
This course is an independent study of various subjects in CTE. Work is done on an independent basis under the direction of the faculty member. Repeatable for credit with different emphases.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

CTE 4315. Creating a Purposeful Life Plan: A Journey of Self-Exploration and Discovery.
This course introduces analytical tools and work-life balance principles students use as they develop their personal and professional goals in creating a purposeful life plan. The impact of social media platforms and mobile app technologies on the management of personal and professional goals is also covered.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

Courses in Occupational Education (OCED)

OCED 3310. Human Problems in the Workplace.
Overview of problems that supervisors, teachers, and co-workers encounter in business/industry, social service, military, or education. This range of problems interferes with communication, performance, and development of proficiency in school/work. Perspectives and reports on the incidence of these problems will be presented, as well as actions for these human problems.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
OCED 3350. Introduction to Interdisciplinary Studies for the Bachelor of Applied Arts and Sciences Degree.
Students in this course will apply critical and reflective thinking to develop an individualized plan consisting of interdisciplinary studies courses that meet their career goals. Students will also assess their needs for earning credits through prior learning assessment (PLA), and identify potential capstone projects aligned with their professional goals. Prerequisite: 2.25 Overall GPA; Texas State GPA of 2.25. Corequisite: OCED 4350.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

OCED 4111. Independent Study in Occupational Education.
This is an independent study course that allows research on topics in occupational education related to a student's interests. Work may include individual research, critical reviews or integration of existing bodies of knowledge. Course may be repeated for credit.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

OCED 4325. Development and Change in Organizations.
This course focuses on organization development and change in government, private business, not-for-profit, and educational organizations. Topics covered include evaluation models, interventions at the organization, individual, and team levels, as well as change management strategies.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

OCED 4350. Adult Development and Career Planning.
This course introduces students to human development, learning theory, transition theory, interdisciplinary studies, career planning and assessment, and goal setting relevant to developing a professional growth plan. (WI). Prerequisite: 2.25 Overall GPA; Current Texas State students must also have a Texas State GPA of 2.25. Corequisite: OCED 3350.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

OCED 4360. Bachelor of Applied Arts and Sciences Capstone Part 1.
This is the first part of a two-part capstone devoted to the development of the student's supervised capstone project. Proposal development, review of literature, creation of timelines, and task analysis are stressed. Following instructor approval, work on the capstone project begins in this course. (WI) Prerequisites: OCED 3350 and OCED 4350 both with grades of "D" or better and instructor approval. Corequisites: OCED 4361 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 13 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

OCED 4361. Bachelor of Applied Arts and Sciences Capstone Part 2.
This is the second part of a two-part capstone devoted to the development of the student's supervised capstone project. Application of knowledge, abilities, and skills acquired in the degree program is stressed. It requires extensive reports and documentation. (WI) Corequisite: OCED 4360 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 13 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

Minimum required: 120 semester credit hours

General Requirements
1. This major requires an individualized plan of study based on each student's past learning experiences and future career goals.
2. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree. In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student's degree audit.
3. Students must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
4. Nine semester credit hours must be writing intensive (WI).
5. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

The Bachelor of Social Work (BSW) degree prepares students for generalist social work practice to help improve the well-being of individuals, families, and communities with integrity. Students will also be able to integrate social work ethics, knowledge, values, and skills in diverse practice settings with focus on economic and social justice. The Texas State University Bachelor of Social Work (BSW) program is fully accredited by the Council on Social Work Education. The BSW degree is completed in three phases, with a separate program-level application process required for admission into Phase II. Students admitted into Phase II of the BSW program can complete all major courses either on campus or online. Graduates will be able to engage in entry-level social work practice, apply for state social work licensure, and pursue graduate social work (MSW) studies. BSW level social workers help people of all ages and practice in such varied fields as child welfare, schools, long-term care, general social services, mental health care, and public assistance. Within the program, Social Work students must maintain high academic standards, develop the capacity to work with people from diverse backgrounds, and assist all people with any life difficulties and transitions they experience.

Bachelor of Social Work (B.S.W.)

- Social Work

Courses in Social Work (SOWK)

SOWK 1350 is a prerequisite to all other social work courses except SOWK 2375, SOWK 4315, SOWK 4318, SOWK 4320, and SOWK 4355.

SOWK 1350. Introduction to Social Work.
This introductory survey course includes the nature, function, and various types of social work practice, acquainting the student with the history, scope, and values of the profession.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter.
TCCN: SOCW 2361

SOWK 2320. Love and Relationships.
This elective course explores the nature of attraction, friendship, love, and human sexuality, enabling students to enhance their own personal and professional relationships.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter.
SOWK 2375. Social Services in the Community.
This undergraduate course introduces the organizations and policies involved in social services delivery. Students participate in 50 hours of work as supervised observers and volunteers in selected social service agencies.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: SOCW 2362

SOWK 3305. Seminar in Human Behavior and Social Environment I.
This course provides an overview of human functioning in the environment by studying eco-systems and developmental frameworks. It builds knowledge and values for practice with task groups, organizations, and communities. Prerequisite: SOWK 2375 with a grade of "C" or better. Corequisite: SOWK 3420 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SOWK 3312. Alcoholism and Chemical Dependence.
This elective course focuses on commonly used and abused drugs as well as the dynamics and treatment of addiction and alcohol abuse. It emphasizes direct social work interventions aimed at addiction prevention and treatment.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SOWK 3332. Helping Troops Transition Back to their Families and Communities: The Invisible Wounds of War.
The course examines topics at the individual, family, group, organizational, and community levels related to troops who are returning from current combat operations and their families. It reviews the needs, community resources, and policies in place for helping them and their families make this transition.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SOWK 3340. Social Work Research.
This course builds foundation-level scientific research skills in critical thinking, knowledge of program and practice evaluation, and a philosophy of generalist social work practice. Prerequisite: [CJ 3347 or HP 3302 or HP 3325 or PSY 2301 or SOCI 3307] and SOWK 3425 both with grades of "C" or better. Corequisite: SOWK 4356 and SOWK 4425 both with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SOWK 3420. Social Work Practice I.
This course studies generalist theory and application of social work practice with individuals, families, and groups, including introductory data collection, assessment, intervention planning, and evaluation. (WI) Prerequisite: SOWK 2375 with a grade of "C" or better. Corequisite: SOWK 3305 with a grade of "C" or better.
4 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

SOWK 3425. Social Work Practice II.
This undergraduate course emphasizes generalist social work practice with task groups, organizations, and communities, examining data collection, assessment, intervention, planning, implementation, and evaluation. Students develop and implement a community-based project. (WI) Prerequisites: SOWK 3420 with a grade of "C" or better. Corequisites: SOWK 4305 with a grade of "C" or better.
4 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

This course covers basic theoretical and practical approaches to empowerment, social and economic justice, and human rights. Particular cultures and specific global problems are examined in-depth to promote student acquisition of an international worldview for human global change based on social work values and research-informed practice.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

This undergraduate course will focus on applied social justice and human rights in a global context from an interdisciplinary standpoint in Ghana.
3 Credit Hours. 12 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

SOWK 4300K. Innovative Community Engagement with Vulnerable Populations.
This hybrid, service-learning, Study-in-America course will require students to identify, examine, and critically analyze social service programs in Central Texas and Los Angeles, California which provide services to vulnerable populations (persons experiencing poverty, homelessness, food insecurity, criminal justice issues, etc.). The impact of socio-economic and community-based social justice issues is analyzed within the context of human development over the life course with an emphasis on the impact of positive individual and community development. Cultural dynamics are examined in conjunction with issues of equity, justice, and community service provision. This course is designed to be highly experiential.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter
SOWK 43000. Modern Day Colonialism and Indigenous People.
This course is a hybrid, service-learning, Study-in-America course that will require students to identify, examine, and critically analyze the history of colonialism on the culture, allocation of resources, oppression, and contribution to on-going risks and strengths in Hilo, Hawaii. Additional components of the course include: 1) required travel to various agencies, communities, and areas of interest throughout Hilo, Hawaii; 2) required participation in synchronous online learning, asynchronous learning, and two pre-travel orientations; and 3) active participation in service-learning/volunteer activities within a human service agency in Hilo, Hawaii.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

This course is an overview of social services in schools. Topics covered include: educational issues, conceptual frameworks, education and mental health policies, and service delivery systems. Special attention is paid to cultural diversity, special populations within education, parent-school collaboration, community liaisons, referral systems, and educational systems change. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

In this course, Hip-Hop culture is introduced within the context of human development over the life course with an emphasis on positive individual and community well-being. Cultural dynamics are viewed alongside art’s role in the social and political history of the United States including issues of equity and justice. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

SOWK 4303. Spirituality and Social Work Practice.
This course provides a basic framework of knowledge, values, and skills necessary for ethical and effective spiritually-relevant practice. It examines spirituality as an integral component of a strengths-based approach to social work practice with diverse and/or vulnerable clients. It integrates a contemporary global perspective with critical self-reflection. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

SOWK 4304. Animal-Assisted Therapy.
This course is an introduction to the human-animal bond and its therapeutic applications. The course connects students with an extensive network of handlers and facilities in a wide range of disciplines with applied animal-assisted therapy programs. Students learn to plan professional, ethical, goal-directed, individualized and group animal-assisted therapy activities and programs that incorporate peoples from a variety of populations, in a variety of settings, as well as animal welfare. The course assists students in earning American Kennel Club (AKC) Canine Good Citizen certification so they may prepare for future therapy-dog training and certification. Prerequisite: SOWK 1350 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SOWK 4305. Seminar in Human Behavior and Social Environment II.
This course integrates knowledge from social sciences and SOWK 3305, focusing on individuals, families, and small groups functioning in environments. It uses a bio-psychosocial perspective, expanding on eco-systems, developmental, and values frameworks. (WI) Prerequisite: SOWK 3305 with a grade of "C" or better. Corequisite: SOWK 3425 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

This undergraduate course focuses on knowledge and skills necessary for effective, ethical, and just practice, exploring interpersonal and institutional dynamics of racism, sexism, heterosexism, homophobia, classism and other forms of oppression and their effects on providing social services to diverse populations. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

This undergraduate elective course analyzes child welfare services available to abused and neglected children in their own homes, in substitute care, and through the community, emphasizing social work intervention with children and their families.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This undergraduate elective course provides a generalist view of social work practice in mental health and public health, considering the social problems that affect health care, and ethical and effective intervention strategies and service delivery systems.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
SOWK 4320. Social Work with Older Adults.
This undergraduate elective gives a comprehensive introduction to contemporary social problems, values, and issues affecting older adults, and effective and ethical intervention strategies and service delivery systems.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SOWK 4333. Comparative Social Work Ethics for Education Abroad.
This course assists students in expanding their basic level of knowledge, values, and skills in the area of ethics in social work, while participating in the Education Abroad program. Prerequisite: SOWK 1350 and SOWK 2375 both with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SOWK 4334. Social Work During the Education Abroad Experience.
This course assists students in exploring social work processes, social service provision and services to special populations in an international context during the Education Abroad experience. Prerequisite: SOWK 1350 and SOWK 2375 both with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SOWK 4355. Policy Practice.
This course is an overview of social policy and legislation and the processes of influencing public policy. It links policy with a broad range of social work service areas.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course builds skills in self-presentation, in taking responsibility for personal and professional growth, in learning professional behaviors in organizations, and in presenting court testimony. Prerequisite: SOWK 3425 and SOWK 4305 both with grades of "C" or better. Corequisite: SOWK 3340 and SOWK 4425 both with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This one-semester undergraduate course highlights individualized reading, independent study and projects, and guided instruction. It is offered to superior students by the professor’s invitation and with the consent of the BSW Coordinator. This course may be repeated once for credit with different emphasis.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

SOWK 4374. Generalist Field Integrative Seminar I.
In this course students engage in generalist social work practice in agencies, supervised by degreed social worker professionals and the field liaison. Students complete this integrative lecture-based seminar concurrently with a field practicum (SOWK 4975) in a social service agency. Prerequisite: SOWK 3340 and SOWK 4356 and SOWK 4425 all with grades of "C" or better. Corequisite: SOWK 4975 with a grade of "credit".
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

SOWK 4425. Social Work Practice III.
This undergraduate course emphasizes interpersonal and communication skills necessary for effective, ethical generalist social work practice. Students translate theory into helping behaviors through practice and feedback to develop competent skills for beginning field placement. (WI) Prerequisites: SOWK 3425 and SOWK 4305 both with grades of "C" or better. Corequisites: SOWK 3340 and SOWK 4356 both with grades of "C" or better.
4 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

SOWK 4975. Generalist Field Practicum II.
This course provides students with experiential opportunities for generalist social work practice in social service agencies applying micro, mezzo, and macro level knowledge. Prerequisite: SOWK 3340 and SOWK 4356 and SOWK 4425 all with grades of "C" or better. Corequisite: SOWK 4374 with a grade of "B" or better.
9 Credit Hours. 0 Lecture Contact Hours. 40 Lab Contact Hours.
Grade Mode: Credit/No Credit

Minimum required: 120 semester credit hours

General Requirements

1. The Social Work curriculum is based on and interwoven with the general education core curriculum consisting of 57 semester credit hours, and 6 hours in supportive Social Sciences. Students progress in three phases of the Social Work major, without regard to disability. A social worker must be emotionally and behaviorally stable, must have strong communication skills, must have solid interpersonal relationship-building skills, and must conform to professional ethics. The School of Social Work faculty evaluates whether students meet these criteria and may advise a student at any point to continue in the B.S.W. major or consider another major.

2. For transfer students, 15 semester credit hours may be transferred from a Texas public institution of higher education for the Social Work Field of Study and be applied to the Bachelor of Social Work degree at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog.
### Phase I: Entry Level Social Work Courses and Specified General Education Core Curriculum Courses

Any student may declare a Social Work major and may enroll in SOWK 1350, SOWK 2375, as well as SOWK elective courses. Social work students should complete most of the following general education core curriculum and liberal arts courses before applying to Phase II of the Social Work major. They must complete at least 45 credit hours, including the following:

**Total Hours**: 15

3. Students must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
4. Nine semester credit hours must be writing intensive (WI).
5. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (http://mycatalog.txstate.edu/undergraduate/general-education-core-curriculum/) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

### Phase II: Social Work Major

Students submit a formal application for admission to Phase II. Web-based application process opens each long Fall and Spring semester for admission into the program the following long Fall and/or Spring semester. Dates and information for open and closing of applications are posted on the BSW Admissions Process website. An Admissions Committee screens applicants, considering academic record and suitability for social work practice, and informs applicants in writing of their decision to admit to full major status, conditionally admit to full major status, or deny admission to full major status. Students admitted to Phase II must attend a mandatory orientation to the major prior to beginning Phase II of the degree program. Information regarding the orientation is provided in the written notification of admission to Phase II of the major. When students are admitted to Phase II, they are eligible to register for the first semester of full major courses.

Admission into Phase II does not guarantee permission to remain in the degree program, nor does it guarantee advancement to Phase III of the major which is Field Placement. Social Work faculty will continuously assess a student’s progress. To be retained, the student must maintain the required minimum Texas State GPA of 2.50. Students must also earn a minimum grade of “C” in each social work course and each supportive course. The School of Social Work outlines academic progress and advancement to graduation requirement, including policies on retaking major courses and sequencing in the Student Handbook. To remain in Phase II, students must agree to adhere to the NASW Code of Ethics, and demonstrate emotional and behavioral stability, competent communication skills, effective interpersonal relationship skills, and high levels of self-awareness.

### Phase III: Field Placement

Students who have completed all required courses for the BSW, excluding SOWK 4374 and SOWK 4975, demonstrate emotional and behavioral stability, and who have met all the requirements noted above may apply.
for field placement. Students apply for field placement with the School of Social Work’s Field Office. Students must take the Phase II Competency Exam and meet all Field Office requirements prior to full advancement into Phase III Field Placement. BSW students complete one block internship with 420 contact hours in a field placement in one semester.

The School prefers that students take SOWK 4374 and SOWK 4975 during the same semester, which requires that the student limit his/her enrollment that semester to field placement, totaling 12 hours. Under exceptional circumstances, students may request permission from the Field Coordinator to take SOWK 4374 and SOWK 4975 over two consecutive semesters (6 hours each semester).

**Graduation Requirements**

To be eligible for graduation a student must complete all degree requirements and must have a minimum Texas State GPA of 2.50 in supportive courses with a GPA of 2.75 or above in social work courses. Students seeking either a dual degree or a second bachelors’ degree in Social Work will need to complete all requirements for the B.S.W. degree.

**Total Hours: 120**

1 Required prior to application for Social Work major.
2 Requires an additional 50 hours volunteering.
3 Social Work Electives: SOWK 2320, SOWK 3332, SOWK 4300F, SOWK 4301, SOWK 4302, SOWK 4303, SOWK 4304, SOWK 4307, SOWK 4315, SOWK 4318, SOWK 4320, SOWK 4333, SOWK 4334, and SOWK 4360.
4 Students are required to complete fourteen (14) semester credit hours of interdisciplinary electives from a core of disciplines relevant to the social work major (Note: Students must receive a grade of "C" or better for credit). Approved electives are from the following allied disciplines:
   • Psychology
   • Sociology
   • Criminal Justice
   • Anthropology
   • Family and Child Development
   • Consumer Affairs

Please see the undergraduate catalog for pre-requisites of electives. All electives should be reviewed with College Advising to verify eligibility prior to enrollment.

5 Statistics options include HP 3302 or HP 3325 or CJ 3347 or PSY 2301 or SOCI 3307.

The minor in Social Work requires 18 semester credit hours. The minor helps students to increase their awareness of society’s conditions, and many of the pressing needs facing children, families, and communities. The minor also explores the role of the social work profession in working with services and organizations seeking to help meet these children, family, and community needs. The goal is to help student growth in their chosen academic major fields. The minor does not prepare students for professional social work practice nor for state social work licensure.

Total Hours 18

- A unique combination of experiential learning, excellent faculty instruction, and a student-centered culture.
- Responsiveness, accountability, and on-going contributions through research and service to Texas and beyond.
- Excellence in all endeavors through self-study, innovation, and continuous improvement.
- Integrity and adherence to professional and ethical standards.
- Respect for individuals and a diverse culture that promotes a globally engaged community of students, staff, and faculty.
- Student engagement and development through active involvement in student organizations.
- Life-long learning and professional development of students, staff, and faculty.

**Background**

Established in 1958, McCoy College offers the Bachelor of Business Administration (B.B.A.) degree with majors in accounting, computer information systems, economics, finance, management, and marketing. The Department of Computer Information Systems and Quantitative Methods offers a certificate program in computer information systems. Additionally, the College cooperates with the College of Liberal Arts in offering the Bachelor of Arts (B.A.) degree with a major in economics. The B.B.A. degree does not require a minor. Non-business majors may choose business administration as their minor, but one may be taken.

Minors offered through McCoy College include business administration (for non-business majors only); international business (which is restricted to business majors); data analytics, economics, and innovation and entrepreneurship.

The learning environment of McCoy College places primary importance on teaching excellence and intellectual contributions complemented by service. This environment prepares students for careers in both the private and public sectors. The curriculum addresses the economic, legal, political, social, technological, and demographically diverse environment in which modern business is conducted. This environment emphasizes comprehensive learning that combines general education, core business requirements that cover the main functional areas of business, and specialized study in one of the six traditional business majors offered.

McCoy College has been accredited by AACSB-International, The Association to Advance Collegiate Schools of Business, since 1997. The college serves over 4,700 undergraduate and graduate business students through five academic departments: Accounting, Computer Information Systems and Quantitative Methods, Finance and Economics, Management, and Marketing.

McCoy College is entitled by its designation as an AACSB-International accredited school to have Beta Gamma Sigma as its honorary business society. The top 10 percent of undergraduate business students in their respective classes are eligible to join the society as early as the last semester of their second year of study. Graduate students ranked in the top 20% of their class may join the society after completing 40% of their respective program.

**CenturyLink Academic Advising Center**

McCoy Hall Room 115  
Telephone: 512-245-1993 Fax: 512-245-1996  
https://advising.mccoys.txst.edu (https://advising.mccoys.txst.edu/)
The McCoy College of Business CenturyLink Academic Advising Center is an accessible, student-centered support service that encourages students to develop educational goals and identify strategies for success, provides official and accurate academic information, and guides students to the successful completion of an undergraduate degree. Services available for students include, but are not limited to:

- assistance with selection of educational programs;
- interpretation of policies and procedures;
- information on course sequencing, and degree requirements;
- referral to other university resources; and
- verification of graduation requirements.

Admission Policy

Admission to the College is competitive, and a student must be admitted to the College to pursue a B.B.A. degree. Consideration for admission to McCoy College undergraduate programs is based on specific admission criteria.

To be considered for admission to McCoy College, students should list a business major as their first-choice major, (accounting, computer information systems, economics, finance, management, or marketing) and apply to Texas State by the stated deadlines on the Undergraduate Admissions website.

Students who are admitted to the University but denied admission to McCoy College will be considered for admission to their second choice major or if one is not listed, students will be declared an Exploratory Professional major.

Admission Process for Prospective Texas State Students

- **Freshman**
  - Students admitted to Texas State as a Freshman will be automatically admitted to McCoy College if they meet Assured Admission requirements and select a business major as their first-choice major.

- **Transfer**
  - Students admitted to Texas State as a Transfer will be automatically admitted to McCoy College if they meet Program Entry requirements based on total semester credit hours earned and select a business major as their first-choice major.

Admission Process for Current Texas State Students

For current Texas State students, an internal application is available online on the CenturyLink Advising Center website. Students attending Texas State who are currently on academic probation are not eligible for admission to McCoy College.

Restricted Status

B.B.A. students whose Texas State GPA drops below a 2.0 are placed on academic probation by Texas State, restricted status by McCoy College, and are also subject to University academic probation and suspension policies.

Business majors on restricted status must increase their Texas State GPA to at least 2.0 in the subsequent semester (including summer) or their admission to McCoy College will be voided. Students whose admission has been voided, will be required to change their major.

Students returning to good academic standing, and interested in regaining admission to McCoy College may complete the internal application process.

General Requirements for the B.B.A. Degree

1. All students seeking the B.B.A. must complete the following General Education Core Curriculum courses or their equivalents as required by McCoy College:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>

</tr>
</tbody>
</table>

3. A combination of courses in the major program area specified by the appropriate academic department and restricted upper-division business electives to complement the major are also required for the B.B.A.

4. Free electives to achieve a minimum total of 120 semester hours are also required. To ensure compliance with the course requirements for a B.B.A. degree, business students should follow the general sequence of courses specified for the business curriculum in this section of the catalog.

5. Students who did not satisfactorily complete at least two years of the same foreign language in high school must complete two semesters (6-8 hours) of a single foreign language in college.

Writing Intensive Hour Requirement

Nine hours of designated “writing intensive” (WI) courses must be completed at Texas State to satisfy degree requirements.

Enrollment in Upper-Division Business Courses

Upper-division McCoy College courses (3000- and 4000-level) are restricted to business majors or to students whose declared program of study requires the course(s). To be eligible to enroll in these courses, all
students must satisfy stated course prerequisites, maintain an overall GPA of 2.00 or greater, and have completed at least 60 semester hours. Students should note that not all courses are taught each semester. If a specific course is needed, students should verify the prospective course offering with the department.

Transfer Credit

Business transfer students must meet residency requirements for all Texas State programs outlined in the academic policies section of this catalog. Additionally, at least 50% of the semester hours in business required for the College’s various degree programs must be completed in residence at Texas State.

For transfer students, 24 semester credit hours in the business core curriculum (or their equivalents) may be transferred from a Texas public institution of higher education for the Business Administration and Management Field of Study and be applied to any of the B.B.A. programs at Texas State University. More information about the Field of Study is available in the Academic Policies section of this catalog.

In addition to the Field of Study, transfer students should consult the The Transfer Course Equivalency Guide and/or appropriate -Transfer Planning Guide for course transferability. Courses acceptable for transfer by Texas State will transfer at the level at which the courses were taken (i.e., acceptable courses from a community/junior college transfer as freshman or sophomore courses). Undergraduate transfer students who receive elective credit (ELNA and/or ELADV) rather than course-specific credit from the Texas State Undergraduate Admissions office may appeal this designation to the McCoy College department in which the course is offered.

A maximum of 72 hours from an accredited community/junior college may be applied to a B.B.A. degree. A maximum of 66 hours from an accredited community/junior college may be applied to a B.A. degree.

Grade-Point Average for Graduation

B.B.A. students must achieve the following minimum grade-point averages:

1. A Texas State GPA of 2.00
2. A Business GPA of 2.25 (includes common business core, major(s), and restrictive/advanced electives); and
3. A GPA of 2.0 in the minor(s).

B.B.A. Accounting students must achieve the following grade point averages:

1. A Texas State GPA of 2.00
2. A Business GPA of 2.25 (includes common business core, major(s), and restrictive/advanced electives)
3. A GPA of 2.0 in the minor(s); and
4. A Major GPA of 2.50

B.A. students must achieve the following minimum grade point averages:

1. A Texas State GPA of 2.00
2. A major(s) GPA of 2.25 (includes major courses and restricted/advanced electives); and
3. A GPA of 2.0 in the minor(s).

Double Majors within Bachelor of Business Administration Programs

Students must fulfill the specified requirements for both majors in full and restricted/advanced electives may not double count.

Minors

- Business Administration (p. 153)
- International Business (p. 154)

Courses in Business Administration (B A)

The course introduces the modern business enterprise with an emphasis on the interdependence of the business functions in a global environment. Topics include the cross border impacts of culture, politics, and law on trade, investment, marketing, management, and accounting and financial systems.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter
TCCN: BUSI 1301

This study abroad course introduces students to the international business environment. Topics include cultural, political, social, and economic factors affecting international business, and the regulatory and ethical environment of global businesses.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin
Grade Mode: Standard Letter

B A 4315. International Trade Operations.
This course examines the basics of international trade operations, focusing on the procedures, documentation, and regulation pertaining to export and import operations from the perspectives of exporters, importers, and various intermediaries. Prerequisites: MGT 3375 and MKT 4310 both with grades of “D” or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin
Grade Mode: Standard Letter

The minor in Business Administration requires a minimum of 18 semester credit hours. Students seeking a B.B.A. degree are not eligible to declare a Business Administration minor.
The minor in International Business requires 18 semester credit hours. Obtaining an International Business minor will provide students with an understanding of the economic and financial differences across countries. It can also provide a broad background in international management and marketing. Only students seeking a B.B.A. degree are eligible to declare an International Business minor.

The McCoy College of Business Department of Accounting is dedicated to preparing our diverse student population for professional success in an ever-changing global economy. Our faculty make McCoy a primary-choice school for students by providing a rigorous and innovative curriculum that is informed by academic and practitioner research, engagement with the professional community, and meaningful service. Graduates of the McCoy College of Business Department of Accounting programs enjoy careers in public accounting, industry, government, and not-for-profit organizations. Our programs instill a commitment to lifelong learning and professionalism, and an appreciation for leadership through service.

Degree Programs Offered

Bachelor of Business Administration (B.B.A.), major in Accounting

The undergraduate accounting curriculum provides a broad education in accounting theory and practice with an appreciation for ethical decision making. Students completing the four-year program (120 credit hours) earn a Bachelor of Business Administration degree with a major in accounting. Career options include positions in corporations, government, and other not-for-profit organizations.

Integrated Program: B.B.A. major in Accounting/Master of Accountancy

Currently, the B.B.A. degree with a major in Accounting alone does not satisfy the educational requirements to take the Uniform CPA Examination in Texas; CPA candidates must earn 150 college credit hours. Of the 150 hours, 30 must be upper-division accounting courses (including a research course), and another 24 must be upper-division business courses (including business communication).* The Department provides the opportunity for B.B.A. students to enter a 30 hour Master of Accountancy (M.Acy.) program which offers graduate level accounting courses that, coupled with the undergraduate degree, currently satisfy the educational requirements to take the CPA exam in Texas. In addition to the career choices available to B.B.A. graduates, M.Acy. graduates are better prepared for career opportunities in public accounting specializing in auditing, tax, or management consulting.
Courses in Accounting (ACC)

ACC 2301. Accounting in Organizations and Society.
Introductory accounting course for non-business majors. Describes the role of accounting as an information system essential for the operation of today's organizations. Focus is on (1) how data is captured and processed to provide information for decision-making, and (2) how the information provided can be used for decision-making.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

A study of financial statement analysis and overview of financial statements.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Credit/No Credit

ACC 2361. Introduction to Financial Accounting.
This course introduces financial accounting concepts and their application in the accounting process for business organizations, including financial statement preparation, analysis and communication of financial information and related ethical responsibilities. Prerequisite: MATH 1315 or MATH 1319 or MATH 1329 or MATH 2321 or MATH 2331 or MATH 2417 or MATH 2471 or HON 3391 or ACT Mathematics score of 27 or better or SAT Mathematics score of 580 or better or SAT Math Section Score 600-800.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter
TCCN: ACCT 2301

ACC 2362. Introduction to Managerial Accounting.
This course provides an introduction to the use of accounting information as an aid to management decision making and budgeting. Students will gain an appreciation of control processes and an understanding of accounting reports and related ethical responsibilities. Prerequisites: ACC 2361 and (MATH 1315 or MATH 1319 or MATH 1329 or MATH 2321 or MATH 2331 or MATH 2417 or MATH 2471 or HON 3391); both with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter
TCCN: ACCT 2302

This course expands upon financial accounting concepts introduced in ACC 2361 by emphasizing the use of financial accounting principles to prepare and analyze an organization's financial statements and provides an in-depth study of the accounting cycle. Prerequisites: ACC 2361 with a grade of "C" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

Bachelor of Business Administration (B.B.A.)

• Major in Accounting (p. 156)

Bachelor of Business Administration (B.B.A)/Master of Accountancy (M.Acy)

• Major in Accounting (5-Year Integrated) (p. 158)

To make the transition from undergraduate to graduate easier, a Texas State Accounting major may apply for admittance to the M.Acy. program once they have completed the following:

• 90 credit hours and,
• 12 upper-level Accounting courses, including Financial Accounting and Reporting (ACC 3305), and Intermediate Accounting I (ACC 3313) with a grade of "B" or better.
• (Students making an "A" the first time taking ACC 3313 may qualify to enter the program earlier.)

All applicants to the M.Acy. program must provide the following for consideration:

• two completed reference forms,
• an essay on the topic indicated in the application materials, and,
• an official GMAT/GRE (general test only). The GMAT/GRE is not required for applicants with a last-60-hours GPA of 3.5 or higher. If the last-60-hours falls below the minimum requirements of 3.5, the official GMAT or GRE (general test only) with competitive scores will be required.

Submission of the GMAT or GRE score and essay may be optional for a Texas State Accounting major who:

1. has earned a 3.2 GPA or higher in the last 60 hours of coursework,
2. has earned a 3.0 GPA or higher in upper-level Accounting courses taken at Texas State and,
3. provides at least two completed reference forms from Texas State faculty.

For more information about graduate program requirements and the admission process, please consult the graduate catalog. To talk with a graduate academic advisor, students should contact Laurie.Brown@txstate.edu, the Accounting Department, (512-245-2566), or visit the Department of Accounting in McCoy Hall 431.

AACSB Accreditation

The McCoy College of Business Accounting programs are accredited in both general business and accounting by the Association to Advance Collegiate Schools of Business (AACSB). AACSB Accreditation is known, worldwide, as the longest standing, most recognized form of specialized/professional accreditation an institution and its accounting programs can earn.

*Individuals interested in taking the CPA exam in Texas are encouraged to contact the Texas State Board of Public Accountancy at (512) 305-7800 or at https://www.tsbpa.texas.gov (https://www.tsbpa.texas.gov/) to verify the educational requirements to take the CPA exam in Texas.
This course is an introduction to federal income tax provisions, concepts and issues concerning individuals, business and property transactions. The coursework focuses on income and expense recognition as well as tax planning opportunities. Prerequisite: ACC 3305 with a grade of "C" or better or ACC 3313 with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

ACC 3313. Intermediate Accounting I.
An in-depth study of financial accounting concepts and standards with emphasis on current theory and practices relating to corporate financial statements particularly stressing elements of the balance sheet. Prerequisite: ACC 3305 with a grade of "B" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

ACC 3314. Intermediate Accounting II.
This course is a continuation of ACC 3313 and provides an in-depth study of advanced financial accounting topics. Prerequisite: ACC 3313 with a grade of "B" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

ACC 3323. Data Analytics for Accounting.
This course introduces students to the application of data analytics in accounting. The focus is on developing a data analytics mindset so that students can critically think through the planning, analysis, and interpretation of data analysis results before making and communicating a professional judgment or decision. Prerequisite: ACC 3305 with a grade of "B" or better and [QMST 2333 or MATH 2328] with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

ACC 3365. Cost/Managerial Accounting.
The study of cost/management accounting within the manufacturing and merchandising environment. Includes the analysis of cost accumulation, planning, and control within the organization. Specific topics emphasized are job order and process costing; standard costing, standard costing and variance analysis; absorption and direct costing; budgetary procedures; cost/volume profit analysis; and capital budgeting techniques. Prerequisite: ACC 2362 with a grade of "C" or better and [QMST 2333 or MATH 2328] with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

ACC 3385. Accounting Systems.
A study of elements of theory, procedures, and practice relating to system design and implementation for manual and computerized accounting information systems. Emphasis placed on system selection, data entry, file structure, internal control implementation, and report generation for various information end-users. Prerequisite: ACC 3305 or ACC 3313 with a grade of "B" or better and CIS 3380 with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

ACC 4313. Auditing and Internal Controls.
This course provides a study of the theory and practices relating to auditing. The course emphasizes the procedures used to evaluate the effectiveness of risk management and control processes, including prevention and detection of fraud. Prerequisite: ACC 3385 with a grade of "C" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Writing Intensive

ACC 4390A. International Accounting.
This course introduces students to accounting issues unique to multinational enterprises and international business activity. Financial accounting practices are compared across different countries. The development of international accounting standards is also explored. (MULT) Prerequisite: ACC 3313 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin|Multicultural Content|Topics
Grade Mode: Standard Letter

Minimum required: 120 semester credit hours

Admission Requirements
Admission to the McCoy College of Business Administration (McCoy College) is competitive, and a student must be admitted to the McCoy College to pursue a B.B.A. degree. Consideration for admission to McCoy College undergraduate programs is based on specific admission
criteria and is conducted as a rolling admission process. For current Texas State students, applications are available online at http://advising.mccoy.txstate.edu/apply (http://advising.mccoy.txstate.edu/apply/). For students not yet admitted to the University, applications are available online at www.applytexas.org (http://www.applytexas.org). Students should list a business major as their first major choice.

Priority dates are March 1 for summer/fall semester and October 15 for the spring semester. Applications received after the priority date will be considered for admission on a space-available basis. Students not yet admitted to Texas State must meet Texas State admission deadlines. Students attending Texas State who are currently on academic probation are not eligible for admission to McCoy College.

**Freshmen and Students with fewer than 30 Semester Credit Hours**

Students with fewer than 30 semester credit hours will be automatically admitted to the McCoy College if they receive assured admission (http://www.admissions.txstate.edu/future/freshman/admissions-requirements.html) to Texas State and select a first-choice major in the McCoy College of Business Administration. Students who are admitted to the University but denied admission to McCoy College will be considered for admission to their second choice major or as an exploratory professional major.

**Students with 30 or more Semester Credit Hours**

Students who have completed at least 30 semester credit hours, including ENG 1310, ENG 1320, and MATH 1329, either at Texas State or another college or university and who have a minimum 2.5 overall GPA will be considered for admission based upon a competitive index using the grades from ENG 1310, ENG 1320, MATH 1329, and the overall GPA from all colleges and universities attended. Students will be automatically admitted if they have a cumulative GPA of 3.25 or higher and have completed ENG 1310, ENG 1320 and MATH 1329.

**General Requirements**

1. For the B.B.A. degree, any McCoy College student whose Texas State GPA drops below a 2.0 is placed on probation by Texas State and on restricted status by McCoy College. Students on restricted status must increase their Texas State GPA to at least 2.0 in the subsequent semester or their admission to McCoy College will be voided. Students are required to meet with a representative of the McCoy College Academic Advising Center to remove probation holds; otherwise, the hold will prevent registration or schedule changes. A student whose admission is voided may regain admission to McCoy College by going through the application process and competing with other applicants for openings. Students with a Texas State GPA below a 2.0 are also subject to the University academic probation and suspension policies.

2. All students seeking the B.B.A. must complete the following general education core curriculum courses as required by McCoy College. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for other information about the general education core curriculum.

3. To provide a common body of knowledge in business, all students seeking the B.B.A. must complete the following common core of business courses or their equivalents as required by the McCoy College:

<table>

</table>

4. A combination of courses in the major program area specified by the appropriate academic department and restricted upper-division business electives to complement the major are also required for the B.B.A.

5. Free electives to achieve a minimum total of 120 semester hours are also required. To ensure compliance with the course requirements for a B.B.A. degree, students should follow the general sequence of courses specified for the curriculum in this section of the catalog.

6. Also, students who did not complete satisfactorily at least two years of the same foreign language in high school must complete two semesters (6-8 hours) of a single foreign language in college.

7. Nine hours of designated “writing intensive” (WI) courses must be completed at Texas State to satisfy degree requirements.

8. For transfer students, 24 semester credit hours in the business core curriculum (or their equivalents) may be transferred from a Texas public institution of higher education for the Business Administration and Management Field of Study and be applied to the B.B.A. major in Accounting at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. If transferring additional business courses, please contact the McCoy College of Business CenturyLink Academic Advising Center for assistance. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list. Students who complete MATH 1319 (TCCN: MATH 1324) in the FOS will receive 3 semester credit hours towards free electives.

1 Credit can be earned by successfully passing a test. Students must pay a fee to take the test.

This integrated bachelor’s and master’s degree program is found in the graduate catalog. For information regarding the program please click here (p. 1032).

---

The mission of the Department of Computer Information Systems and Quantitative Methods (CISQM) is to provide relevant educational opportunities to students wishing to pursue professional careers related to information systems, technology and data analytics.

The department strives to create an environment for preparing individuals for a lifetime of learning and growth by producing graduates who understand the concepts and uses of information systems and are capable of applying these concepts to business and government.

CISQM graduates pursue careers as IT integrators, global enterprise system architects, database administrators, network administrators, information security analysts, business systems analysts, application developers, digital-business solution developers, and information systems managers. Graduates work for technology companies, high-tech startup companies, government agencies, accounting firms, oil companies, financial and insurance institutions, retail firms, manufacturing corporations, and consulting companies where they are succeeding at the highest levels.

### Degree Programs Offered

- Bachelor of Business Administration (B.B.A.)/Master of Accountancy (M.Acy.) Major in Accounting (Integrated)
Bachelor of Business Administration (B.B.A.), major in Computer Information Systems

The computer information systems curriculum provides a strong foundation in the concepts and applications of information systems and technology in organizations. It gives CISQM majors the opportunity to study enterprise design, business intelligence, data analytics, database development, network and security administration, programming languages, and the integration of hardware and software systems with management practices.

The Concentration in Business Analytics, will prepare students for the emerging world of Big Data and how to effectively analyze business situations for optimal decision making. The concentration consists of 15 hours of undergraduate coursework that may be accommodated within the 120 hours required in the undergraduate business curriculum. More information is available in the McCoy College Academic Advising Center.

AACSB Accreditation

The McCoy College of Business is accredited by the Association to Advance Collegiate Schools of Business (AACSB). AACSB Accreditation is known, worldwide, as the longest standing, most recognized form of specialized/professional accreditation an institution can earn.

Bachelor of Business Administration (B.B.A.)

- Major in Computer Information Systems (p. 163)
- Major in Computer Information Systems (Business Analytics Concentration) (p. 166)
- Major in Computer Information Systems (Software Development Concentration) (http://mycatalog.txstate.edu/undergraduate/mccoy-business-administration/computer-information-systems-quantitative-methods/cis-software-dev-bba/)

Certificate

- Computer Information Systems

Minor

- Data Analytics

Subjects in this department include: CIS (p. 159), QMST (p. 162)

Courses in Computer Information Systems (CIS)

CIS 1323. Introduction to Microcomputer Applications. This course develops advanced information technology skills, focusing on office productivity software. Primary emphasis is placed on spreadsheet, database, and presentation software. Advanced techniques are presented for use in data analysis and decision-making. Students will be expected to demonstrate mastery of these techniques in a hands-on environment.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter
TCCN: BCIS 1305

CIS 3305. Visual Programming I. This course provides an introduction to application program development including requirement analysis, design, implementation, and testing. A blend of structured and object-oriented concepts is used to form solutions to business problems using a visual programming language. Prerequisite: CIS 1323 with a grade of "D" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

CIS 3317. E-Business. Explores the constantly changing world of e-Business from an international perspective. This course will emphasize e-Business challenges and opportunities in the worldwide marketplace, while focusing on global issues of management, implementation, and integration of IT resources. (MULT) Prerequisite: A minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin|Multicultural Content
Grade Mode: Standard Letter

CIS 3325. Visual Programming II. An advanced visual programming course covering topics related to the design and implementation of user interface, business logic and data access in a tiered architecture. The emphasis is on techniques that take advantage of a development framework through the use of forms, classes, and objects. Corequisite: CIS 3374 and CIS 3382 both with grades of "D" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter
This course examines the concepts of information systems and network availability, integrity, and confidentiality in order to develop effective security controls, processes, practices, and procedures. Topics include methodologies, models, architectures, access control systems, ethics, and legal implications of IT security. Prerequisite: A minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

CIS 3360. Web Design and Development.
This course focuses on the design, creation, and maintenance of websites. It covers fundamental technologies for structuring and presenting content on the web and development framework for creating mobile-first web pages. Prerequisite: A minimum 2.0 Overall GPA. Corequisite: CIS 3374 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

CIS 3374. System Analysis and Design.
The analysis and general design phases of the system development life cycle are reviewed. Emphasis on techniques and tools for determining systems requirements that lead to the development of logical design models using structured and object-oriented methodologies. (WI) Prerequisite: CIS 3374 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin|Writing Intensive
Grade Mode: Standard Letter

CIS 3380. Enterprise Information Technology and Business Intelligence.
Students will extend their ability to effectively use integrated software applications to identify and provide access to various information sources. The course will focus on applying information and Internet Technologies that span normal business functions for the development and implementation of solutions to managerial problems. Prerequisite: CIS 1323 and [QMST 2333 or MATH 2328] and [MATH 1329 or MATH 2331 or MATH 2471] all with grades of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

Concepts and methodology of planning, design, development, and management of the computerized data base. The emphasis is on logical database design and a study of relational implementation. A relational DBMS with a relational query language is used for the development of a business application system. Prerequisite: CIS 2324 or CIS 3305 with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

This course emphasizes the development of data processing software. Topics include designing applications for analyzing and manipulating numerical and textual data from external data sources. Sequence and collections structures, object serializations, design techniques, and reporting will be examined. Prerequisite: [CIS 2324 or CIS 3305] and [QMST 2333 or MATH 2328] both with grades of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

CIS 3390. Agile Project Management.
An introduction to project management body of knowledge as applied to Information Technology projects with emphasis on Agile Methodologies. The management of scope, costs, schedules, quality, risks, program management, system methodologies, material procurement, human, and international issues will be examined. Prerequisite: CIS 3374 and [CIS 2324 or CIS 3305] with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

Advanced use of object-oriented programming in the development of business applications. Concepts, methodology, and toolsets for designing, implementing, and testing applications in object-oriented paradigm. Prerequisite: CIS 3374 with a grade of "D" or better and a minimum 2.0 Overall GPA. Corequisite: CIS 3382 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

CIS 4321. Mobile Application Development for Android.
This course introduces the concepts, methodology, and toolset for designing business applications for mobile devices. Students will learn the MVC development framework and Java programming environment for Android to create interactive business applications. Prerequisite: CIS 3374 with a grade of "D" or better and a minimum 2.0 Overall GPA. Corequisite: CIS 3382 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter
A course that integrates systems development with analysis, design, project management, and the systems development life cycle. Object-oriented methods and UML models will be used to develop a project for a client. Students will select methodology, platform, and development technology based on client requirements. Prerequisite: CIS 3325 with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

The use of advanced information technology for integrating business functions in an enterprise through distributed databases is emphasized. Methodology and tools for the selection and implementation of Enterprise Resource Planning (ERP) systems are discussed. Students will use available ERP software to create, track and communicate enterprise information. Prerequisite: CIS 3380 with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

CIS 4348. Data Communications and Network Architecture.
A course oriented to the technical concepts of data communications and network designs and how they relate to contemporary computer end-user environments. It incorporates the systems approach for understanding, designing, managing, securing, and implementing data communication networks. Special attention is paid to network protocols (TCP/IP) and the OSI model. Within this course students analyze and design data communications networks for business problems. Course contains labs which includes simulations of network systems providing hands-on experience with networking configurations, concepts, and hardware. Prerequisite: A minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

CIS 4330. Ethical Hacking.
This course focuses on the technology and managerial issues related to information systems security. Topics include: Attack methods, access control, authentication, firewalls, incident and disaster response, disaster recovery, security function management, and cryptography. Prerequisite: CIS 4348 with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

CIS 4358. Network and Cloud Administration.
This course provides students with an understanding of the responsibilities assigned to network administrators. Students will acquire a working knowledge of these responsibilities and skills using tools and technologies for administering enterprise networks via network operating systems commonly used in modern business enterprises. Students will also gain knowledge of cloud environments and the challenges created in both cloud and hybrid networking configurations. Prerequisite: CIS 4348 with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

This course introduces advanced concepts and database processes to support applications for Business Intelligence. Multi-dimensional modeling along with database, reporting, and analysis capabilities of a modern database environment will be used to design and develop stored procedures, views, user-defined functions, reports and multi-dimensional information cubes. Prerequisite: CIS 3382 with a grade of "D" or better and a minimum 2.0 Overall GPA. Corequisite: QMST 3339 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

CIS 4350. Developing Business Solutions for the Enterprise.
An introduction to the concepts, methodology, and toolsets for the architecture, design, implementation, and deployment of business solutions for the enterprise in a services-oriented computing environment. Topics include services-oriented architecture, "Software as a Service" framework, n-tier development of business and data services, and application security. Prerequisite: CIS 3325 with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

CIS 4373D. Artificial Intelligence in Business Operations.
This course explores the impact of artificial intelligence (AI) on modern businesses, and this course offers a clear introduction to AI concepts such as machine learning, natural language processing, and computer vision. Discover practical applications of AI in marketing, finance, and more through hands-on exercises and real-world examples. Gain the skills and knowledge needed to make informed decisions in an AI-driven business landscape. Prepare for the future by understanding how AI can transform various aspects of organizations. This course provides a foundational understanding of AI's role in shaping the business world.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Topics
Grade Mode: Standard Letter

Texas State University 2023-2024 Catalog - DRAFT COPY 161
This course is designed to cover all aspects of historical cyberwarfare incidents (those including nation-state actors). This will touch on the political and/or social actors for each occurrence covered, the timeline of events leading up to, and including the actual incursion or event, the technical explanation for what occurred, and the fallout and impact of the event. Prerequisite: A minimum 2.0 Overall GPA.
Grade Mode: Credit/No Credit

This course aims to highlight the ongoing requirement for developers specializing in legacy application support. It focuses on their role in developing, maintaining, supporting, and migrating mission-critical legacy applications within modern, high-volume transactional organizations. The main aspects covered in the course are: Key Language Proficiency and Development Processes and Insights from Industry Experts: Students will gain proficiency in essential legacy application languages and processes. This will enable them to effectively develop, modify, test, and troubleshoot legacy mission-critical applications. Practical assignments will provide hands-on experience in these areas. Featured guest speakers from IT Legacy organizations will be scheduled. Prerequisite: CIS 2324 or CIS 3305 with a grade of "D" or better and a minimum 2.0 Overall GPA.
Grade Mode: Credit/No Credit

CIS 4373M. Applied Artificial Intelligence: Development and Application.
This course immerses students in Large Language Models and Generative Pre-trained Transformers (GPT). They will master both the theoretical foundations and practical aspects of development. Activities include building custom models, fine-tuning existing ones, and delving into advanced transformer architectures. The course covers real-world applications such as text generation, translation, and chatbots. Additionally, it addresses ethical considerations, bias detection, and model interpretability. Through applied projects, students acquire expertise relevant to AI-driven industries and research, positioning them to meet the demands of the rapidly changing business landscape. Prerequisite: CIS 2324 or CIS 3305 with a grade of "D" or better and a minimum 2.0 Overall GPA.
Grade Mode: Credit/No Credit

CIS 4395. Independent Study in Computer Information Systems.
An in-depth study of a single topic or related problem solved through computer information systems research. May be repeated once for credit with a different emphasis. Prerequisite: Instructor approval.
Grade Mode: Standard Letter

This one-semester course involves an internship in business information systems. Emphasis is on the application of computer information systems theory to business problems in the area of computer based management information systems. Repeatable once with different emphasis for credit. Prerequisite: Instructor approval.
Grade Mode: Credit/No Credit

Courses in Quantitative Methods (QMST)

QMST 2300. Introduction to Analytics.
This course introduces data science and analytics fundamental concepts and applications. It covers the use of visualization software, and describes the use of data wrangling, descriptive, predictive and prescriptive analytical models. It discusses the ethical and societal implications of analytics, and development of data storytelling.
Grade Mode: Standard Letter

This introductory course covers descriptive and inferential statistical techniques for business and economic decision making. Topics include measures of central tendency and dispersion, probability distributions, sampling distributions, confidence intervals, hypothesis testing, simple linear regression, and correlation analysis. Prerequisite: CIS 1323 and [MATH 1329 or MATH 2331 or MATH 2471] both with grades of "D" or better.
Grade Mode: Standard Letter

QMST 3334. Statistical Modeling.
Students will learn to apply a broad range of statistical analysis techniques using statistical software in business decision-making. Topics include applied modeling techniques, such as regression modeling, time-series modeling and analysis of variance; non-parametric methods; quality control; and simulation. Prerequisite: [QMST 2333 or MATH 2328] with a grade of "D" or better and a minimum 2.0 Overall GPA.
Grade Mode: Standard Letter
QMST 3339. Data Mining and Visualization.
This course introduces data mining concepts and practical skills for applying data mining techniques to solve business problems. It emphasizes data visualization and data analysis algorithms (e.g., prediction, classification, clustering), systematic evaluation and model assessment for big data sets. Prerequisite: QMST 2333 or MATH 2328 or [QMST 2300 and [GEO 3301 or PSY 2301 or IE 3320 or SOCI 3307 or PH 3315]] with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

QMST 3341. Computational Methods for Analytics.
This is an introductory course in statistical programming. The objective of this course is to use programming tools and statistical methods to analyze large data sets. Topics covered are graphs used for statistical analysis and modeling, visualization, simulation, and optimization. Prerequisite: QMST 2333 or MATH 2328 or [QMST 2300 and [GEO 3301 or PSY 2301 or IE 3320 or SOCI 3307 or PH 3315]] with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

QMST 4314. Decision Analytics.
This course introduces the theory, algorithms and applications of decision making methods that are used in analyzing and solving business problems. The methods to be discussed include linear programming, integer programming, network optimization, simulation, and decision models with uncertainty. Prerequisite: A minimum 2.0 overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

QMST 4320. Data Analytics.
This course will introduce various techniques available to extract useful information from massive datasets. The course will emphasize advanced analytical theory and methods such as: clustering, association rules, regression, classification and In-Database analytics. The course will also include techniques used for data preparation, discovery, and model building. Prerequisite: QMST 3339 or QMST 3341 either with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

QMST 4373D. Operations Analytics.
This course introduces the analytics concepts and tools used in planning and managing business operations. The course emphasizes forecasting; service systems and queuing analysis; optimization, decision analysis, and simulation; and quantitative supply chain analysis. Topics include but are not limited to inventory control, logistics and distribution planning, process analysis, and quality management. Prerequisite: A minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin|Topics
Grade Mode: Standard Letter

QMST 4373E. Predictive Analytics.
This course covers the use of predictive analytics methods such as advanced regression and classification to solve business problems. Particular topics include feature selection and shrink-age methods such as ridge and lasso regression; deep neural network learning; ensemble methods based on bagging (e.g., random forests) and boosting. Bias-variance trade-off and model complexity will be emphasized. Prerequisite: QMST 3339 with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin|Topics
Grade Mode: Standard Letter

Minimum required: 120 semester credit hours

Admission Requirements
Admission to the McCoy College of Business Administration (McCoy College) is competitive, and a student must be admitted to the McCoy College to pursue a B.B.A. degree. Consideration for admission to McCoy College undergraduate programs is based on specific admission criteria and is conducted as a rolling admission process. For current Texas State students, applications are available online at http://advising.mccoy.txstate.edu/apply (http://advising.mccoy.txstate.edu/apply/). For students not yet admitted to the University, applications are available online at www.applytexas.org (http://www.applytexas.org). Students should list a business major as their first major choice.

Priority dates are March 1 for summer/fall semester and October 15 for the spring semester. Applications received after the priority date will be considered for admission on a space-available basis. Students not yet admitted to Texas State must meet Texas State admission deadlines. Students attending Texas State who are currently on academic probation are not eligible for admission to McCoy College.

Freshmen and Students with fewer than 30 Semester Credit Hours
Students with fewer than 30 semester credit hours will be automatically admitted to the McCoy College if they receive assured admission (http://www.admissions.txstate.edu/future/freshman/admissions-requirements.html) to Texas State and select a first-choice major in the McCoy College of Business Administration. Students who are admitted to the University but denied admission to McCoy College will
be considered for admission to their second choice major or as an exploratory professional major.

**Students with 30 or more Semester Credit Hours**

Students who have completed at least 30 semester credit hours, including ENG 1310, ENG 1320, and MATH 1329, either at Texas State or another college or university and who have a minimum 2.5 overall GPA will be considered for admission based upon a competitive index using the grades from ENG 1310, ENG 1320, MATH 1329, and the overall GPA from all colleges and universities attended. Students will be automatically admitted if they have a cumulative GPA of 3.25 or higher and have completed ENG 1310, ENG 1320 and MATH 1329.

**General Requirements**

1. For the B.B.A. degree, any McCoy College student whose Texas State GPA drops below a 2.0 is placed on probation by Texas State and on restricted status by McCoy College. Students on restricted status must increase their Texas State GPA to at least 2.0 in the subsequent semester or their admission to McCoy College will be voided. Students are required to meet with a representative of the McCoy College Academic Advising Center to remove probation holds; otherwise, the hold will prevent registration or schedule changes. A student whose admission is voided may regain admission to McCoy College by going through the application process and competing with other applicants for openings. Students with a Texas State GPA below a 2.0 are also subject to the University academic probation and suspension policies.

2. All students seeking the B.B.A. must complete the following general education core curriculum courses as required by McCoy College. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for other information about the general education core curriculum.

3. To provide a common body of knowledge in business, all students seeking the B.B.A. must complete the following common core of business courses or their equivalents as required by the McCoy College:

<table>
<thead>
<tr>

</table>

4. A combination of courses in the major program area specified by the appropriate academic department and restricted upper-division business electives to complement the major are also required for the B.B.A.

5. Free electives to achieve a minimum total of 120 semester hours are also required. To ensure compliance with the course requirements for a B.B.A. degree, students should follow the general sequence of courses specified for the curriculum in this section of the catalog.

6. Also, students who did not complete satisfactorily at least two years of the same foreign language in high school must complete two semesters (6-8 hours) of a single foreign language in college.

7. Nine hours of designated “writing intensive” (WI) courses must be completed at Texas State to satisfy degree requirements.

8. For transfer students, 24 semester credit hours in the business core curriculum (or their equivalents) may be transferred from a Texas public institution of higher education for the Business Administration and Management Field of Study and be applied to the B.B.A. major in Computer Information Systems at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. If transferring additional business courses, please contact the McCoy College of Business CenturyLink Academic Advising Center for assistance. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list. Students who complete MATH 1319 (TCCN: MATH 1324) in the FOS will receive 3 semester credit hours towards free electives.

Minimum required: 120 semester credit hours

Admission Requirements

Admission to the McCoy College of Business Administration (McCoy College) is competitive, and a student must be admitted to the McCoy College to pursue a B.B.A. degree. Consideration for admission to McCoy College undergraduate programs is based on specific admission criteria and is conducted as a rolling admission process. For current Texas State students, applications are available online at http://advising.mccoy.txstate.edu/apply (http://advising.mccoy.txstate.edu/apply/). For students not yet admitted to the University, applications are available online at www.applytexas.org (http://www.applytexas.org). Students should list a business major as their first major choice.

Priority dates are March 1 for summer/fall semester and October 15 for the spring semester. Applications received after the priority date will be considered for admission on a space-available basis. Students not yet admitted to Texas State must meet Texas State admission deadlines. Students attending Texas State who are currently on academic probation and on restricted status by McCoy College are not eligible for admission to McCoy College.

Freshmen and Students with fewer than 30 Semester Credit Hours

Students with fewer than 30 semester credit hours will be automatically admitted to the McCoy College if they receive assured admission (http://www.admissions.txstate.edu/future/freshman/admissions-requirements.html) to Texas State and select a first-choice major in the McCoy College of Business Administration. Students who are admitted to the University but denied admission to McCoy College will be considered for admission to their second choice major or as an exploratory professional major.

Students with 30 or more Semester Credit Hours

Students who have completed at least 30 semester credit hours, including ENG 1310, ENG 1320, and MATH 1329, either at Texas State or another college or university and who have a minimum 2.5 overall GPA will be considered for admission based upon a competitive index using the grades from ENG 1310, ENG 1320, MATH 1329, and the overall GPA from all colleges and universities attended. Students will be automatically admitted if they have a cumulative GPA of 3.25 or higher and have completed ENG 1310, ENG 1320 and MATH 1329.

General Requirements

1. For the B.B.A. degree, any McCoy College student whose Texas State GPA drops below a 2.0 is placed on probation by Texas State and on restricted status by McCoy College. Students on restricted status must increase their Texas State GPA to at least 2.0 in the subsequent semester or their admission to McCoy College will be voided. Students are required to meet with a representative of the McCoy College Academic Advising Center to remove probation holds; otherwise, the hold will prevent registration or schedule changes. A student whose admission is voided may regain admission to McCoy College by going through the application process and competing with other applicants for openings. Students with a Texas State GPA below a 2.0 are also subject to the University academic probation and suspension policies.

2. All students seeking the B.B.A. must complete the following general education core curriculum courses as required by McCoy College. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for other information about the general education core curriculum.

3. To provide a common body of knowledge in business, all students seeking the B.B.A. must complete the following common core of business courses or their equivalents as required by the McCoy College:

1 Credit can be earned by successfully passing a test. Students must pay a fee to take the test.
Certificate in Computer Information Systems

The Department of Computer Information Systems and Quantitative Methods offers an intensive program leading to a Certificate in Computer Information Systems (CIS). The program is directed at students who wish to gain information technology (IT) exposure without having to pursue a full degree program in Computer Information Systems. Students who wish to pursue the Computer Information Systems Certificate are required to be a Texas State University Undergraduate degree seeking or post-baccalaureate student. The primary objective of the program is to offer an option to non-IT professionals and non-CIS majors to gain an initial expertise in the use of information technology to develop computer-based business information systems. Students must apply for admission in the Department of Computer Information Systems and Quantitative Methods prior to taking any courses and successfully complete 18 semester hours of course work in information technology (IT). These include 12 semester credit hours of required core CIS courses and 6 semester credit hours of CIS advanced elective courses.

The certificate requires 18 semester credit hours.

The mission of the Department of Finance and Economics is to provide students the ability to pursue learning throughout their lives, accept responsibility for their actions, and contribute to the common goals of society. Departmental programs are designed to develop informed citizens capable of thinking critically and succeeding in a highly-complex, interdependent, globally diverse society. Ideally, graduates will successfully compete for employment in both the public and private sectors and for entrance to high-quality graduate education.

**Degree Programs Offered**

Bachelor of Arts (B.A.) major in Economics

Bachelor of Business Administration (B.B.A.) major in Economics

Economics studies the behavior of consumers, producers and governments. The department’s introductory courses meet the need for
basic economic and legal understanding in a complex modern society. Upper-division economics and business law courses build upon this foundation to provide students a comprehensive training in modern economic theory and empirical techniques. We offer elective courses on environmental economics, sports economics, international trade, money and banking, econometrics, and many more.

The B.B.A. in Economics is a business degree and prepares students better for career paths in financial and non-financial industries. The B.A. in Economics is a liberal arts degree which provides a broader set of skills and graduates follow careers in government, industry, law and teaching.

Bachelor of Business Administration (B.B.A.) major in Finance

The finance program exposes all majors to the areas of corporate finance and investments as well as the technological skills necessary for today’s environment. Elective courses in portfolio management, real estate, and analytics allow students to tailor the program to fit their desired career path.

Both Finance and Economics major also have opportunity to apply to the Student Managed Investment Fund (SMIF) course which manages over $1 million of the McCoy College endowment fund. The SMIF program gives selected students real-world exposure in security and economic analysis with the goal of sustaining and growing the endowment fund.

The department offers several opportunities through student organizations, such as Financial Management Association (FMA), Students Economics Association (SEA), and Net Impact, for student involvement in community service projects as well as giving students exposure to their chose major.

AACSB Accreditation

The McCoy College of Business is accredited by the Association Advance Collegiate Schools of Business (AACSB). AACSB Accreditation is known, worldwide, as the longest standing, most recognized form of specialized/professional accreditation an institution can earn.

Bachelor of Arts (B.A.)

- Major in Economics (p. 175)

Bachelor of Business Administration (B.B.A.)

- Major in Economics (p. 176)
- Major in Finance (p. 178)

Minor

- Economics (p. 180)

Subjects in this department include: BLAW (p. 169), ECO (p. 170), FIN (p. 172)

Courses in Business Law (BLAW)

BLAW 3301. Legal Environment of Business.
The course surveys basic features of the American legal system and legal aspects of business transactions. Topics include generally the nature and sources of law, court systems and procedures, torts, contracts, agency, and ethics. Prerequisite: A minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

This course studies corporations, partnerships, limited liability companies, securities law, law for small business, administrative law, consumer law, environmental law, antitrust law, and insurance. Prerequisite: BLAW 3301 with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

This course studies the principles of international business law which emphasizes the commercial activities of the multinational firm conducting business in global economic, political, social and cultural environments. (MULT) (MULP).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin|Multicultural Perspective|Multicultural Content
Grade Mode: Standard Letter

BLAW 3364. Commercial Law.
This course studies sales law, negotiable instruments, secured transactions, suretyship, bankruptcy, personal property and bailments, real property, and creditors’ rights and remedies. Prerequisite: BLAW 3301 with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

BLAW 3367. Employment Law.
This course studies the legal developments in the workplace, with emphasis on attempts to maintain a proper balance between employees’ interest in earning a livelihood and employers’ interest in operating their business efficiently and profitably. Prerequisite: PHIL 1320 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter
BLAW 4382A. Sustainable Development & Law.
This course examines how legal and economic concepts are used in environment, economy, and social cultures interact and the importance of law and public policy in shaping this interaction. Prerequisite: BLAW 3301 with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui-Business Admin|Topics
Grade Mode: Standard Letter

An in-depth study of a single topic or related problem solved through business law research. May be repeated once for credit with different emphasis. Prerequisite: Instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processiing|Dif Tui-Business Admin|Writing Intensive
Grade Mode: Standard Letter

Courses in Economics (ECO)

ECO 2301. Principles of Economics.
A non-technical study of micro— and macroeconomic principles, including demand and supply, production, cost, market structures, aggregate output and performance of the economy, the business cycle and growth, unemployment and inflation, money and banking, fiscal policy, monetary policy, and international trade and finance. Not for business or economics majors.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Soc & Behav Sciences Core 080|Dif Tui-Business Admin
Grade Mode: Standard Letter
TCCN: ECON 1301

ECO 2314. Principles of Microeconomics.
This course provides an introduction to the microeconomics of a modern industrial society. Emphasis is placed on supply and demand, cost and price concepts, market structures, income distribution, and similar issues. Prerequisite: MATH 1315 or MATH 1319 or MATH 1329 or MATH 2311 or MATH 2417 or MATH 2471 any with a grade of "D" or better or ACT Mathematics score of 27 or better or SAT Mathematics score of 580 or better or SAT Math Section Score 600 or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Soc & Behav Sciences Core 080|Dif Tui-Business Admin
Grade Mode: Standard Letter
TCCN: ECON 2302

This course provides an introduction to the macroeconomics of a modern industrial society. Emphasis is placed on the analysis of national income, economic stability, fiscal policy, money and banking, economic growth, and international trade. Prerequisites: [AG 2383 or ECO 2314 either with a grade of "D" or better] and [MATH 1315 or MATH 1319 or MATH 1329 or MATH 2331 or MATH 2417 or MATH 2471 any with a grade of "D" or better or ACT Mathematics score of 27 or better or SAT Mathematics score of 580 or better or SAT Math Section Score 600 or better].
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui-Business Admin
Grade Mode: Standard Letter
TCCN: ECON 2301

ECO 3301. Economics of Sports.
This course focuses on the business and economics aspects of professional and intercollegiate sports. Topics include the role of sports leagues, the demand for sports, the structure of labor markets in the four major sports, salaries of professional athletes, antitrust legislation, and intercollegiate athletics. Prerequisite: ECO 2314 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui-Business Admin
Grade Mode: Standard Letter

Economic analytical tools and concepts are used to understand how the environment, economy, and businesses interact and the importance of public policy in shaping this interaction. Natural resources as inputs to production are explored. Current policy issues and environmental problems provide illustration and application. Prerequisite: ECO 2301 or ECO 2314 either with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui-Business Admin
Grade Mode: Standard Letter

ECO 3305. Law and Economics.
An analysis of the role of economics in the examination of law. This course considers the influence that economic theories have had on legal theory, including contracts, property, torts, business regulation, and crime. Prerequisite: ECO 2301 or ECO 2314 either with a grade of "C" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui-Business Admin
Grade Mode: Standard Letter
ECO 3311. Money and Banking.
A study of money and credit in the modern economy. Examines the development of modern money and banking systems, the structure of the Federal Reserve System, and monetary theory. Prerequisite: ECO 2314 and ECO 2315 both with grades of "C" or better and [MATH 1329 or MATH 2331 or MATH 2471] any with a grade of "D" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Dif Tui- Business Admin  
Grade Mode: Standard Letter

ECO 3313. Labor Economics.
A study of the application to labor markets of supply and demand principles. Topics include the work/leisure decision, time allocation in the household, the demand for education and training, the firm's use of labor inputs, the impact of unions, and discrimination in labor markets based on race and gender. Prerequisite: ECO 2314 with a grade of "C" or better and [MATH 1329 or MATH 2331 or MATH 2471] any with a grade of "D" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Dif Tui- Business Admin  
Grade Mode: Standard Letter

ECO 3314. Intermediate Microeconomics.
A study of theories of supply and demand; consumer and producer decision-making; firm pricing policies; product and resource markets under conditions of perfect and imperfect competition; and imperfect and asymmetric information. Prerequisite: ECO 2314 and ECO 2315 with a grade of "C" or better and [MATH 1329 or MATH 2331 or MATH 2471] any with a grade of "D" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Dif Tui- Business Admin  
Grade Mode: Standard Letter

ECO 3315. Intermediate Macroeconomics.
An analysis of the traditional and modern theories of inflation, unemployment, long-run economic growth, and stabilization policies for promoting economic stability. Prerequisite: ECO 2314 and ECO 2315 both with grades of "C" or better and [MATH 1329 or MATH 2331 or MATH 2471] any with a grade of "D" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Dif Tui- Business Admin  
Grade Mode: Standard Letter

ECO 3317. International Economics.
A study of the basis for trade among nations and the means of its financing, customs unions, balance-of-payments problems, and similar issues. (MULT) Prerequisite: ECO 2314 and ECO 2315 both with grades of "C" or better and [MATH 1329 or MATH 2331 or MATH 2471] any with a grade of "D" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Dif Tui- Business Admin | Multicultural Content  
Grade Mode: Standard Letter

The course focuses on the structural characteristics of the emerging market economies, with an emphasis on analyzing the salient economic challenges and opportunities facing contemporary emerging market economies. (WI) Prerequisite: ECO 2314 and ECO 2315 both with grades of "C" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Dif Tui- Business Admin | Writing Intensive  
Grade Mode: Standard Letter

ECO 3327. Public Finance.
A study of the growth of the revenue and debt of the United States, taxation and tax incidence theory, and the effect of public expenditures and taxes on economic growth. (WI) Prerequisite: ECO 2314 and ECO 2315 both with grades of "C" or better and [MATH 1329 or MATH 2331 or MATH 2471] any with a grade of "D" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Dif Tui- Business Admin | Writing Intensive  
Grade Mode: Standard Letter

ECO 3334. Business Enterprise and Public Policy.
A survey of the development and structure of American industry and of governmental regulation of business. (WI) Prerequisite: ECO 2314 with a grade of "C" or better; MATH 1329 or MATH 2331 or MATH 2471 with a grade of "D" or better; Overall GPA 2.0.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Dif Tui- Business Admin | Writing Intensive  
Grade Mode: Standard Letter

ECO 3335. Managerial Economics.
A study of the application of economic analysis in the formulation of business policies. Includes demand analysis and pricing policies. Prerequisite: ECO 2314 with a grade of "C" or better and [MATH 1329 or MATH 2331 or MATH 2471] any with a grade of "D" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Dif Tui- Business Admin  
Grade Mode: Standard Letter

An analysis of the theory and practice of capitalism, socialism, and communism. Prerequisite: ECO 2301 or [ECO 2314 and ECO 2315] either with a grade of "C" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Dif Tui- Business Admin  
Grade Mode: Standard Letter
ECO 4305. Urban and Regional Economics.
A study of urban and regional economic issues including regional growth, crime, transportation, and the urban-rural interface. A focus on sources and uses of models and data unique to regional science and urban economics. (WI) Prerequisites: ECO 2314 and ECO 2315 both with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

Courses in Finance (FIN)
FIN 3301. Real Estate.
A study of basic real estate principles. Topics include legal instruments and processes, property management, valuations, planning, development and sales, financing, and private and public interests. Prerequisite: A minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

This course is an introduction to the finance function and to problems confronting financial managers. Topics covered include ratio analysis, time value of money, asset valuation, and risk and return. Prerequisite: ACC 2361 and CIS 1323 and [ECO 2314 or ECO 2315] and [MATH 1329 or MATH 2331 or MATH 2471] all with grades of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

FIN 3313. Financial Management.
This course is an advanced study of intermediate and long-term financing alternatives, the incorporation of risk analyses in capital budgeting and the determination of capital costs, capital structure, and dividend policies. Prerequisite: FIN 3312 with a grade of "B" or better and ACC 2362 and ECO 2314 and ECO 2315 and [QMST 2333 or MATH 2328] with grades of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

FIN 3316. Financial Information Technologies.
This course introduces students to the technology supporting financial modeling and decision making. Students in this course use computers to apply concepts and theories learned in the introductory Finance course. Students also rely on quantitative analysis and use the internet. Prerequisite: FIN 3312 with a grade of "B" or better and ACC 2362 and ECO 2314 and ECO 2315 and [QMST 2333 or MATH 2328] all with grades of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

FIN 3318. Investment Analysis.
This course investigates the principles of investing personal and institutional funds. Students in this course also examine information sources, exchanges, and regulations. Prerequisite: FIN 3312 with a grade of "B" or better and ACC 2362 and ECO 2314 and ECO 2315 and [QMST 2333 or MATH 2328] all with grades of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter
FIN 3325. Personal Financial Management.
A study of modern money management, including budgeting, banking, real estate, insurance, consumer credit, and retirement and estate planning. Not for Business majors.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

FIN 3326. Financial Planning Insurance.
An introduction to the steps in the financial planning process. Topics include assessing financial objectives, financial planning, and personal financial management. Insurance planning is emphasized. Prerequisites: FIN 3312 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

This course is an introduction to the financial function within a business and the various tools used in financial decision-making. Topics covered will include financial statement analysis, risk and return, time value of money, and asset valuation. Prerequisite: (ACC 2301 or [ACC 2361 and ACC 2362]) and (ECO 2301 or [ECO 2314 and ECO 2315]) with grades of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

FIN 4315. Financial Modeling and Equity Analysis.
This course reviews and extends students' ability to perform financial statement analysis and forecasting. The focus of the course will be on producing objective, high-quality company valuation research. Students will choose and defend inputs for quantitative analysis; they will also discover and illustrate the importance of qualitative factors in firm value and performance. Prerequisites: FIN 3313 and FIN 3316 both with grades of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

FIN 4318. Portfolio Management & Derivatives.
An advanced investments course which includes the following topics: portfolio analysis and management, derivatives theory and pricing, and applications of derivatives in portfolio management. Prerequisite: FIN 3313 and FIN 3316 and FIN 3318 all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

A study of financial assets, money and capital markets, institutional intermediaries, and the impact of interest rates. Affords a thorough examination of the financial system facilitating economic growth and development. Prerequisite: ECO 3311 and FIN 3313 and FIN 3316 all with grades of "D" or better. Corequisite: FIN 3318 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

A study of working capital and short-term financial management. Major topics include cash collections, cash concentration, disbursement management, forecasting cash flows, management of receivables and inventory, banking relationships, and short-term investment and borrow strategies. Prerequisite: FIN 3313 and FIN 3316 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

FIN 4321. Real Estate Finance.
An analysis of problems involved in selecting and financing real estate investment opportunities. Prerequisite: FIN 3312 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

FIN 4322. Student Managed Investment Fund Practicum.
The course examines the issues involved in the management and investment strategies of an endowment. It focuses on investment analysis, asset allocation, portfolio monitoring, evaluation, and rebalancing. May be repeated one time for credit with different emphasis. Prerequisites: FIN 3318 with a grade of "D" or better and instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin
Grade Mode: Standard Letter
FIN 4331. International Finance.
A study of international finance principles and their application in a multinational financial management setting. (MULT) Prerequisite: ECO 3311 and FIN 3313 and FIN 3316 all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

FIN 4340. Commercial Bank Management.
Examines a variety of aspects of managing a commercial bank. Provides students with a conceptual framework for determining the effects of various decisions and environmental factors on a commercial bank's operations. Issues addressed include bank regulations, asset and liability management, analyzing bank performance, and capital management. Prerequisite: FIN 3313 and FIN 3316 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

FIN 4380A. Advance Capital Budgeting.
A study of capital budgeting techniques, analyses (including risk), and strategies, and their implementation in capital assets investment. Prerequisite: FIN 3313 and FIN 3316 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

FIN 4380J. Introduction to Finance Analytics.
This course examines how data can be turned into insights for advance Finance concepts (trading strategies, portfolio optimization, model evaluation, investment planning, etc.). This course will show how to use open-source software (R, Python) in a Finance context. This is a hands-on practical programming course with step-by-step source code, in-class exercises and full solutions provided. No previous knowledge of programming is required. However, to be successful in this course you need to want to learn to program. Upon completion, students will be aware of financial models related to investments and corporate finance and will be able to write simple code. Prerequisite: FIN 3313 and FIN 3318 both with grades of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

FIN 4380K. Financial Engineering.
This course starts with an introduction to the financial markets, basics of trading and market microstructure. It covers options, forward and futures contracts. By the end of this course students will have a good knowledge of how these contracts work, how they are used, and how they are priced. Students will develop the skills for using derivatives in hedging strategies and other techniques for risk management. Prerequisite: FIN 3318 with a grade of "C" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

FIN 4380L. Fixed Income Analysis.
This course will cover fixed income products, analytical techniques for valuing bonds, and the quantification of bond exposure to various types of risk. The class will discuss the basics of pricing, the risk/return characteristics of fixed income and embedded option analysis, bond duration measures, convexity, credit and rating factors, and basic portfolio applications. Other topics will include: the structure of the U.S. bond market, securitization, yield curve, and forward rates. Prerequisite: FIN 3318 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

FIN 4380M. Commercial Credit Analysis.
This course will examine conceptual issues and various practical applications relevant to the commercial lending activities of banks using finance principles. The course will closely follow the Credit Essentials Course from the Risk Management Association, with the goal of preparing students for the Credit Essentials Certificate Examination through RMA at the end of the semester. Topics will include identifying customer needs, analyzing financial statements, loan structuring and documentation, and problem loan identification. Prerequisite: FIN 3318 with a grade of "C" or better and instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

FIN 4390. Internship in Finance.
Integration of professional and academic experience through an internship with an external employer. Students must have completed at least nine hours of major courses. Credit awarded as pass/fail or grade at departmental election. Prerequisite: Instructor approval.
3 Credit Hours. 0 Lecture Contact Hours. 10 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Credit/No Credit
FIN 4395. Independent Study in Finance.
An in-depth study of a single topic or related problem solved through finance research. May be repeated once for credit with different emphasis. (WI) Prerequisite: Instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin|Writing Intensive
Grade Mode: Standard Letter

Minimum required: 120 semester credit hours

General Requirements
1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. In addition to the general education core curriculum requirements, the Bachelor of Arts degree (p. 58) (B.A.) requires three additional hours of English literature, six hours of 2000-level modern language courses and a minor. In addition to completing the mathematics and life and physical sciences requirements of the general education core curriculum, students must complete three additional hours from anthropology (biological anthropology only), biology, chemistry, computer science, geography (physical geography only), mathematics, philosophy (logic only), or physics. For this program, the additional literature course may be satisfied by selecting a sophomore literature course for the 040 component of the core curriculum.

3. To be eligible to declare the B.A. degree with a major in Economics, students must be in good academic standing.

4. Students must complete a minimum of 36 advanced hours (3000 or 4000 level courses).

5. Nine hours of designated "writing intensive" (WI) courses must be completed at Texas State to satisfy degree requirements.

6. For transfer students, 12 semester credit hours in Economics (or equivalents) may be transferred from a Texas public institution of higher education for the Economics Field of Study and be applied to the Bachelor of Arts degree with a major in Economics at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list.

First Semester Hours 15
Second Semester Hours 15
Minimum required: 120 semester credit hours

Admission Requirements

Admission to the McCoy College of Business Administration (McCoy College) is competitive, and a student must be admitted to the McCoy College to pursue a B.B.A. degree. Consideration for admission to McCoy College undergraduate programs is based on specific admission criteria and is conducted as a rolling admission process. For current Texas State students, applications are available online at http://advising.mccoy.txstate.edu/apply. For students not yet admitted to the University, applications are available online at www.applytexas.org. Students should list a business major as their first major choice.

Priority dates are March 1 for summer/fall semester and October 15 for the spring semester. Applications received after the priority date will be considered for admission on a space-available basis. Students not yet admitted to Texas State must meet Texas State admission deadlines. Students attending Texas State who are currently on academic probation are not eligible for admission to McCoy College.

Freshmen and Students with fewer than 30 Semester Credit Hours

Students with fewer than 30 semester credit hours will be automatically admitted to the McCoy College if they receive assured admission (http://www.admissions.txstate.edu/future/freshman/admissions-requirements.html) to Texas State and select a first-choice major in the McCoy College of Business Administration. Students who are admitted to the University but denied admission to McCoy College will be considered for admission to their second choice major or as an exploratory professional major.

Students with 30 or more Semester Credit Hours

Students who have completed at least 30 semester credit hours, including ENG 1310, ENG 1320, and MATH 1329, either at Texas State or another college or university and who have a minimum 2.5 overall GPA will be considered for admission based upon a competitive index using the grades from ENG 1310, ENG 1320, MATH 1329, and the overall GPA from all colleges and universities attended. Students will be automatically admitted if they have a cumulative GPA of 3.25 or higher and have completed ENG 1310, ENG 1320 and MATH 1329.

General Requirements

1. For the B.B.A. degree, any McCoy College student whose Texas State GPA drops below a 2.0 is placed on probation by Texas State and on restricted status by McCoy College. Students on restricted status must increase their Texas State GPA to at least 2.0 in the subsequent semester or their admission to McCoy College will be voided. Students are required to meet with a representative of the McCoy College Academic Advising Center to remove probation holds; otherwise, the hold will prevent registration or schedule changes. A student whose admission is voided may regain admission to McCoy College by going through the application process and competing with other applicants for openings. Students with a Texas State GPA below a 2.0 are also subject to the University academic probation and suspension policies.

2. All students seeking the B.B.A. must complete the following general education core curriculum courses as required by McCoy College. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for other information about the general education core curriculum.

3. To provide a common body of knowledge in business, all students seeking the B.B.A. must complete the following common core of business courses or their equivalents as required by the McCoy College:

<table>
<thead>
<tr>

</tbody>
</table>

4. A combination of courses in the major program area specified by the appropriate academic department and restricted upper-division business electives to complement the major are also required for the B.B.A.

5. Free electives to achieve a minimum total of 120 semester hours are also required. To ensure compliance with the course requirements for a B.B.A. degree, students should follow the general sequence of courses specified for the curriculum in this section of the catalog.
6. Also, students who did not satisfactorily complete at least two years of the same foreign language in high school must complete two semesters (6-8 hours) of a single foreign language in college.

7. Nine hours of designated "writing intensive" (WI) courses must be completed at Texas State to satisfy degree requirements.

8. For transfer students, 24 semester credit hours in the business core curriculum (or their equivalents) may be transferred from a Texas public institution of higher education for the Business Administration and Management Field of Study and be applied to the B.B.A. major in Economics at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. If transferring additional business courses, please contact the McCoy College of Business CenturyLink Academic Advising Center for assistance. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list. Students who complete MATH 1319 (TCCN: MATH 1324) in the FOS will receive 3 semester credit hours towards free electives.

Credit can be earned by successfully passing a test. Students must pay a fee to take the test.

The Economics Advanced Electives may be chosen from: ECO 3301, ECO 3304, ECO 3305, ECO 3311, ECO 3313, ECO 3317, ECO 3320, ECO 3327, ECO 3334, ECO 3335, ECO 3353, ECO 4305, ECO 4313, ECO 43810, ECO 4390, and ECO 4395.

The advanced electives in business may be chosen from any 3000-4000 level business course (ACC/B_A/BLAW/ISAN/ECO/FIN/MGT/MKT/ANLY) not already required in the degree, for which the student meet prerequisites, and available to any business major.

**Minimum required: 120 semester credit hours**

**Admission Requirements**

Admission to the McCoy College of Business Administration (McCoy College) is competitive, and a student must be admitted to the McCoy College to pursue a B.B.A. degree. Consideration for admission to McCoy College undergraduate programs is based on specific admission criteria and is conducted as a rolling admission process. For current Texas State students, applications are available online at http://advising.mccoy.txstate.edu/apply (http://advising.mccoy.txstate.edu/apply/). For students not yet admitted to the University, applications are available online at www.applytexas.org (http://www.applytexas.org). Students should list a business major as their first major choice.

Priority dates are March 1 for summer/fall semester and October 15 for the spring semester. Applications received after the priority date will be considered for admission on a space-available basis. Students not yet admitted to Texas State must meet Texas State admission deadlines. Students attending Texas State who are currently on academic probation are not eligible for admission to McCoy College.

**Freshmen and Students with fewer than 30 Semester Credit Hours**

Students with fewer than 30 semester credit hours will be automatically admitted to the McCoy College if they receive assured admission (http://www.admissions.txstate.edu/future/freshman/admissions-requirements.html) to Texas State and select a first-choice major in the McCoy College of Business Administration. Students who are admitted to the University but denied admission to McCoy College will be considered for admission to their second choice major or as an exploratory professional major.

**Students with 30 or more Semester Credit Hours**

Students who have completed at least 30 semester credit hours, including ENG 1310, ENG 1320, and MATH 1329, either at Texas State or another college or university and who have a minimum 2.5 overall GPA will be considered for admission based upon a competitive index using the grades from ENG 1310, ENG 1320, MATH 1329, and the overall GPA from all colleges and universities attended. Students will be automatically admitted if they have a cumulative GPA of 3.25 or higher and have completed ENG 1310, ENG 1320 and MATH 1329.

**General Requirements**

1. For the B.B.A. degree, any McCoy College student whose Texas State GPA drops below a 2.0 is placed on probation by Texas State and on restricted status by McCoy College. The minor in Economics requires 18 semester credit hours. Economics majors are not eligible to select the Economics minor.

Degree Programs Offered

Bachelor of Business Administration (B.B.A.) major in Management

The concentration in Entrepreneurial Studies is designed for students who wish to start, operate, or expand their own businesses or family-owned businesses.

The concentration in Human Resource Management is designed to prepare students for careers in human resource management.

Both concentrations consist of 12 hours of undergraduate coursework that may be accommodated within the 120 hours required in the undergraduate business curriculum. More information is available in the McCoy College Academic Advising Center.

AACSB Accreditation

The McCoy College of Business is accredited by the Association to Advance Collegiate Schools of Business (AACSB). AACSB Accreditation is known, worldwide, as the longest standing, most recognized form of specialized/professional accreditation an institution can earn.

Bachelor of Business Administration (B.B.A.)

- Major in Management (p. 184)
- Major in Management (Entrepreneurial Studies Concentration) (p. 186)
- Major in Management (Human Resource Management Concentration) (p. 188)

Minor

- Innovation and Entrepreneurship (http://mycatalog.txstate.edu/undergraduate/mccoy-business-administration/management/innovation-entrepreneurship-minor/)

Courses in Management (MGT)

MGT 3301. Introduction to Management.

This course is an introductory course in management for non-business majors. The course is a fundamental study of management practices in modern organizations. Prerequisite: A minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Dif Tui- Business Admin

Grade Mode: Standard Letter

MGT 3303. Management of Organizations.

A study of management functions in modern organizations, the internal and external environmental factors affecting organizational efficiency, and the application of quantitative and behavioral science to management study. Prerequisite: A minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Dif Tui- Business Admin

Grade Mode: Standard Letter
This course provides an introduction to the uses of communication in business and focuses on communication models, general semantics, effective writing style, selection and organization of content and medium(s), effective oral communication, employment communication, and causes of miscommunication. Students will not receive credit for both MGT 3353 and MGT 3453. (WI) Prerequisites: ENG 1310 and [ENG 1320 or ENG 1321] and [COMM 1310 or COMM 2338 or COMM 2315] all with grades of "D" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin|Writing Intensive
Grade Mode: Standard Letter

MGT 3360. Studies in Entrepreneurship.
Students gain personal insights into entrepreneurship as entrepreneurs describe their contributions, reveal the sources of ideas, and discover ways of growth and success. Includes starting and managing businesses as well as ownership forms, sources of funds, location analysis, facility requirements, management, marketing, and feasibility plans.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

MGT 3361. Small Business Operations and Financials.
This course is a study of funding and financial concepts necessary to effectively operate a successful small business. Students will use software programs to maintain working capital and a complete set of books related to running businesses. Prerequisite: ACC 2301 or ACC 2361 either with a grade of "D" or better. Corequisite: MGT 3360 with a grade of "D" or better.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

MGT 3362. Family Business and Franchising.
This course addresses the important and unique management aspects of family businesses and franchises. Family business topics include family culture, communication, conflict resolution, succession, and estate planning. Franchising topics include franchise selection, contracts, legal issues, and current trends in franchising. Issues affecting both the franchisee and the franchisor are explored. Prerequisite: MGT 3361 with a grade of "D" or better.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

MGT 3375. International Business.
International business perspectives underlying different business functions. Concepts, processes, and philosophical bases for international operations in selected global markets are emphasized with culture and global dynamic environment as the basis. A project is required. (MULT) (WI). Prerequisite: MGT 3303 with a grade of "D" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin|Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

This course is designed to enhance critical professional skills including interviewing, networking, teamwork, emotional and cultural intelligence, public speaking, and applicable ethical considerations. It introduces theories of business communication including communication models, general semantics, and causes of miscommunication. Students will not receive credit for both MGT 3453 and MGT 3353. (WI) Prerequisites: ENG 1310 and [ENG 1320 or ENG 1321] and [COMM 1310 or COMM 2338 or COMM 2315] all with grades of "D" or better and a 2.0 overall GPA.

4 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin|Lab Required|Writing Intensive
Grade Mode: Standard Letter

MGT 4330. Operations Management.
A study of the various aspects of managing production and operations management functions in manufacturing and service organizations. Methods necessary for analyzing and solving related problems to design, operations, and improvements of the systems that create products and/or services in a global supply chain environment are investigated and emphasized. Prerequisite: MGT 3303 and [IE 3330 or QMST 2333 or TECH 3364 or MATH 2328] both with grades of "D" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

MGT 4335. Strategic Management and Business Policy.
An integrative course in strategic management and business policy that utilizes the case method of instruction. A capstone course involving the analysis of business through the application of principles of accounting, communications, economics, finance, management, marketing, quantitative methods, and related disciplines. (Capstone Course) (WI) Prerequisite: MGT 3303 and MGT 3343 and FIN 3312 and [QMST 2333 or MATH 2328] all with grades of "D" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin|Writing Intensive
Grade Mode: Standard Letter
MGT 4340. Quality Management and Beyond.
A conceptual and practical overview of the role of quality as a system for establishing a "world class" competitive position. It explores philosophies and ideas of the leading thinkers in quality management, impact of process improvement methods, quality requirements definition and organizational change as it applies to total quality initiatives. (WI) Prerequisite: [QMST 2333 or MATH 2328] with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin|Writing Intensive
Grade Mode: Standard Letter

MGT 4350. Business Plan Development.
Students work in teams to select, create, and write solid business plans for proposed or real businesses. Prerequisite: MGT 3361 with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin|Writing Intensive
Grade Mode: Standard Letter

MGT 4351. Applied Entrepreneurship.
Students design, staff, operate, and manage a business or service. Business teams develop financial and operational control systems and procedures for organizational, group, and individual performance evaluations, implement service and business projects, and provide a final public report. Prerequisite: MGT 4350 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin|Writing Intensive
Grade Mode: Standard Letter

MGT 4353. Integrative Field Project.
Students work directly with entrepreneurs to research projects and recommend solutions. May involve providing business development assistance to entrepreneurs. Students may work individually or in teams. Project results are summarized in a comprehensive written report and a formal oral presentation. Prerequisite: MGT 3360 with a grade of "D" or better and instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin|Writing Intensive
Grade Mode: Standard Letter

This course examines a variety of ethical issues in business from the point of view of practicing manager and corporate leaders. This course is designed to enhance moral awareness and facilitate individual development with respect to making ethical decisions that contribute to effective corporate management and leadership. Prerequisite: MGT 3303 and PHIL 1320 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin
Grade Mode: Standard Letter

An integration of a number of disciplines and value systems which affect and determine the proper role of business in satisfying the needs of customers, creditors, community, government, stockholders, managers, employees, suppliers, and society in general. (WI) Prerequisite: MGT 3303 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin|Writing Intensive
Grade Mode: Standard Letter

MGT 4372. Effective Leadership.
This course facilitates the development of leadership capabilities and addresses the complexities, paradoxes, and challenges of leadership. Through self-assessments, readings, lectures, and assignments students gain an appreciation of effective leadership approaches and are provided with opportunities to practice new leadership behaviors. Prerequisite: MGT 3303 with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

A study of the principles of human resource management in public and private institutions. Stresses the human resource aspects of recruitment, selection and placement, performance appraisal and compensation. Prerequisite: MGT 3303 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

MGT 4375. Organizational Behavior and Human Relations.
A study of the role of the individual in formal organizations, group dynamics, motivation theory, communication and leadership. Integrates behavioral science concepts. Prerequisite: MGT 3303 with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

MGT 4377. Labor Relations and Collective Bargaining.
A study of unions and their impact on private and public employment. Examines union growth and governance, collective bargaining, contract negotiation and administration, and arbitration and mediation. Prerequisite: MGT 4373 with a grade of "D" or better. (WI)
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin|Writing Intensive
Grade Mode: Standard Letter
MGT 4378. Training and Development.
This course is designed to develop theoretical and applied perspective on needs assessment, design, development, delivery and evaluation of training and development in organizational contexts. Prerequisites: MGT 4373 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

MGT 4379. Organizational Staffing.
A study of current theory and practice in the process of selecting the right employees for positions within the organization, including HR planning, EEO, job analysis, recruitment, and selection procedures. Prerequisite: MGT 4373 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

MGT 4380. Compensation Management.
A study of the compensation administration in public and private organizations, with stress on the determinants of general wage levels; job analysis and evaluation; incentive, merit, seniority, and executive compensation; fringe benefits, and wage and salary control. Prerequisite: MGT 4373 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

MGT 4382. Leadership Development: Business as Unusual.
This course is a directed study and practical application of the principles of "Business as Unusual." Students will develop leadership skills through an intensive, highly interactive class format. Students will be paired with upper-level business professionals for one-on-one coaching and mentoring. Prerequisite: MGT 3303 with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

This course examines how thinking about management has developed over time. It discusses changing social, political, and technological forces challenging managers to think in new ways. Significant management ideas will be examined in their contexts for the purpose of better understanding how to successfully manage for the future. Prerequisite: MGT 3303 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

MGT 4390A. Advanced Business Communication.
An advanced study of the uses of business communication in modern organizations. Students gain experience in making decisions involving selection and organization of communication content, and in choosing an appropriate medium for presentation of information. Emphasis is placed on gaining proficiency in various business communication processes. (WI) Prerequisite: MGT 3303 and MGT 3353 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin|Topics|Writing Intensive
Grade Mode: Standard Letter

MGT 4390G. Cross-Cultural Human Relations.
This course is designed to develop theoretical and applied perspectives on cross-cultural human relations within a variety of international business contexts. (MULT) Prerequisite: MGT 3303 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin|Multicultural Content|Topics
Grade Mode: Standard Letter

MGT 4390J. Organizational Change.
This course presents an overview of the change process and stresses the key issues involved in reengineering and renewing organizations. Problems dealing with stress and conflict during major change will be explored, along with practical ideas on building effective teams to make change possible and sustainable. Prerequisite: MGT 3303 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin|Topics
Grade Mode: Standard Letter

MGT 4390K. Business Creativity and Innovation.
Focuses on the importance of creativity and innovation to business organizations. Topics include the generation of creative ideas, transformation of ideas into commercially viable products/services, legal protection of new products/services, and environmental factors contributing to innovation success. Course objectives are met primarily through classroom discussion and exercises. Prerequisite: MGT 3303 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin|Topics
Grade Mode: Standard Letter
MGT 4390R. Transformative Leadership for Nonprofits (NPs) and Non-Governmental Organizations (NGOs).
This course provides a practical and strategic understanding of the legal, management and marketing challenges facing nonprofit and non-governmental organizations and the transformative leadership required to guide them as they attempt to do something positive for people, society and/or the environment beyond or between the roles of government and business.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin|Topics
Grade Mode: Standard Letter

MGT 4390S. Business Contracts/Negotiation.
This course focuses on techniques for the development and strategic planning required for successfully negotiating business contracts, negotiation skills, and conflict resolution issues/techniques. Prerequisite: MGT 3303 with a grade of "D" or better. Corequisite: MGT 4373 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin|Topics
Grade Mode: Standard Letter

MGT 4390T. Effective Teams and Groups.
An examination of and the consequent development of those skills necessary to effectively manage and increase the productivity of task-oriented groups and teams. Issues, problems, and concepts frequently encountered are addressed, as well as possible solutions. Prerequisite: MGT 3303 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin|Topics
Grade Mode: Standard Letter

MGT 4390U. Management for Sustainability.
This course is designed to take a broad look at Sustainability from both Ecological and Managerial perspectives with a goal of developing an awareness and understanding of the major issues and shifts that today's organizations and societies are facing as they undertake their journey to become more sustainable. Prerequisite: MGT 3303 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin|Topics
Grade Mode: Standard Letter

MGT 4390V. Professional Skills for the Global Workplace.
This course provides a survey of relevant skills necessary to work in an international work setting. Through discussion, site-visits, and application activities, students will leave the course with an understanding and ability to apply these skills in their careers.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin|Topics
Grade Mode: Standard Letter

This course integrates professional and academic experience through internship with an external employer. Prerequisites: MGT 4373 with a grade of "D" or better and instructor approval.
3 Credit Hours. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

MGT 4393. Entrepreneurial Internship.
The internship class provides integration of prior professional and academic experience through an entrepreneurial internship with an external employer. Prerequisite: MGT 3360 with a grade of "D" or better and instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

MGT 4395. Management Internship.
This course provides an integration of professional and academic experience through internship with an external employer. Credit is pass/fail or grade at department election. Prerequisite: Instructor approval.
3 Credit Hours. 0 Lecture Contact Hours. 15 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin
Grade Mode: Standard Letter

MGT 4399. Independent Study in Management.
Directed research and extensive written assignment(s) on a selected topic related to student's area of interest. Work may consist of literature reviews, integration of literature, or other appropriate independent research, and/or practical application of research. May be repeated once with different emphasis for credit. Prerequisite: Instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin
Grade Mode: Standard Letter

Minimum required: 120 semester credit hours

Admission Requirements
Admission to the McCoy College of Business Administration (McCoy College) is competitive, and a student must be admitted to the McCoy College to pursue a B.B.A. degree. Consideration for admission to
McCoy College undergraduate programs are based on specific admission criteria and are conducted as a rolling admission process. For current Texas State students, applications are available online at http://advising.mccoy.txstate.edu/apply. For students not yet admitted to the University, applications are available online at www.applytexas.org. Students should list a business major as their first major choice.

Priority dates are March 1 for summer/fall semester and October 15 for the spring semester. Applications received after the priority date will be considered for admission on a space-available basis. Students not yet admitted to Texas State must meet Texas State admission deadlines. Students attending Texas State who are currently on academic probation are not eligible for admission to McCoy College.

Freshmen and Students with fewer than 30 Semester Credit Hours
Students with fewer than 30 semester credit hours will be automatically admitted to the McCoy College if they receive assured admission (http://www.admissions.txstate.edu/future/freshman/admissions-requirements.html) to Texas State and select a first-choice major in the McCoy College of Business Administration. Students who are admitted to the University but denied admission to McCoy College will be considered for admission to their second choice major or as an exploratory professional major.

Students with 30 or more Semester Credit Hours
Students who have completed at least 30 semester credit hours, including ENG 1310, ENG 1320, and MATH 1329, either at Texas State or another college or university and who have a minimum 2.5 overall GPA will be considered for admission based upon a competitive index using the grades from ENG 1310, ENG 1320, MATH 1329, and the overall GPA from all colleges and universities attended. Students will be automatically admitted if they have a cumulative GPA of 3.25 or higher and have completed ENG 1310, ENG 1320, and MATH 1329.

General Requirements
1. For the B.B.A. degree, any McCoy College student whose Texas State GPA drops below a 2.0 is placed on probation by Texas State and on restricted status by McCoy College. Students on restricted status must increase their Texas State GPA to at least 2.0 in the subsequent semester or their admission to McCoy College will be voided. Students are required to meet with a representative of the McCoy College Academic Advising Center to remove probation holds; otherwise, the hold will prevent registration or schedule changes. A student whose admission is voided may regain admission to McCoy College by going through the application process and competing with other applicants for openings. Students with a Texas State GPA below a 2.0 are also subject to the University academic probation and suspension policies.

2. All students seeking the B.B.A. must complete the following general education core curriculum courses as required by McCoy College. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. The General Education Core Curriculum (p. 55) section of this catalog for other information about the general education core curriculum.

3. To provide a common body of knowledge in business, all students seeking the B.B.A. must complete the following common core of business courses or their equivalents as required by the McCoy College:

<table>

</tbody>
</table>

4. A combination of courses in the major program area specified by the appropriate academic department and restricted upper-division business electives to complement the major are also required for the B.B.A.

5. Free electives to achieve a minimum total of 120 semester hours are also required. To ensure compliance with the course requirements for a B.B.A. degree, students should follow the general sequence of courses specified for the curriculum in this section of the catalog.

6. Also, students who did not complete satisfactorily at least two years of the same foreign language in high school must complete two semesters (6-8 hours) of a single foreign language in college.

7. Nine hours of designated “writing intensive” (WI) courses must be completed at Texas State to satisfy degree requirements.

8. For transfer students, 24 semester credit hours in the business core curriculum (or their equivalents) may be transferred from a Texas public institution of higher education for the Business Administration and Management Field of Study and be applied to the B.B.A. major in Management at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. If transferring additional business courses, please contact the McCoy College of Business CenturyLink Academic Advising Center for assistance. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list. Students who complete MATH 1319 (TCCN: MATH 1324) in the FOS will receive 3 semester credit hours towards free electives.

1. Credit can be earned by successfully passing a test. Students must pay a fee to take the test.
2. The Management Advanced Electives may be chosen from: MGT 3360, MGT 3361, MGT 3362, MGT 3375, MGT 4340, MGT 4353, MGT 4370, MGT 4371, MGT 4372, MGT 4377, MGT 4378, MGT 4379, MGT 4380, MGT 4382, MGT 4385, MGT 4390G, MGT 4390J, MGT 4399K, MGT 4399R, MGT 4390S, MGT 4390T, MGT 4390U, MGT 4390V, MGT 4395 and MGT 4399.
3. The advanced electives in business may be chosen from any 3000-4000 level business course (ACC/B_A/BLAW/ISAN/ECO/FIN/MGT/MKT/ANL Y) not already required in the degree, for which the student meet prerequisites, and available to any business major.

**Minimum required: 120 semester credit hours**

**Admission Requirements**

Admission to the McCoy College of Business Administration (McCoy College) is competitive, and a student must be admitted to the McCoy College to pursue a B.B.A. degree. Consideration for admission to McCoy College undergraduate programs is based on specific admission criteria and is conducted as a rolling admission process. For current Texas State students, applications are available online at [http://advising.mccoy.txstate.edu/apply](http://advising.mccoy.txstate.edu/apply). For students not yet admitted to the University, applications are available online at [www.applytexas.org](http://www.applytexas.org). Students should list a business major as their first major choice.

Priority dates are March 1 for summer/fall semester and October 15 for the spring semester. Applications received after the priority date will be considered for admission on a space-available basis. Students not yet admitted to Texas State must meet Texas State admission deadlines.
Students attending Texas State who are currently on academic probation are not eligible for admission to McCoy College.

**Freshmen and Students with fewer than 30 Semester Credit Hours**

Students with fewer than 30 semester credit hours will be automatically admitted to the McCoy College if they receive assured admission (http://www.admissions.txstate.edu/future/freshman/admissions-requirements.html) to Texas State and select a first-choice major in the McCoy College of Business Administration. Students who are admitted to the University but denied admission to McCoy College will be considered for admission to their second choice major or as an exploratory professional major.

**Students with 30 or more Semester Credit Hours**

Students who have completed at least 30 semester credit hours, including ENG 1310, ENG 1320, and MATH 1329, either at Texas State or another college or university and who have a minimum 2.5 overall GPA will be considered for admission based upon a competitive index using the grades from ENG 1310, ENG 1320, MATH 1329, and the overall GPA from all colleges and universities attended. Students will be automatically admitted if they have a cumulative GPA of 3.25 or higher and have completed ENG 1310, ENG 1320 and MATH 1329.

**General Requirements**

1. For the B.B.A. degree, any McCoy College student whose Texas State GPA drops below a 2.0 is placed on probation by Texas State and on restricted status by McCoy College. Students on restricted status must increase their Texas State GPA to at least 2.0 in the subsequent semester or their admission to McCoy College will be voided. Students are required to meet with a representative of the McCoy College Academic Advising Center to remove probation holds; otherwise, the hold will prevent registration or schedule changes. A student whose admission is voided may regain admission to McCoy College by going through the application process and competing with other applicants for openings. Students with a Texas State GPA below a 2.0 are also subject to the University academic probation and suspension policies.

2. All students seeking the B.B.A. must complete the following general education core curriculum courses as required by McCoy College. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for other information about the general education core curriculum.

3. To provide a common body of knowledge in business, all students seeking the B.B.A. must complete the following common core of business courses or their equivalents as required by the McCoy College:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>

<td>Professional Development II</td>
<td>1</td>
</tr>
</tbody>
</table>

4. A combination of courses in the major program area specified by the appropriate academic department and restricted upper-division business electives to complement the major are also required for the B.B.A.

5. Free electives to achieve a minimum total of 120 semester hours are also required. To ensure compliance with the course requirements for a B.B.A. degree, students should follow the general sequence of courses specified for the curriculum in this section of the catalog.

6. Also, students who did not complete satisfactorily at least two years of the same foreign language in high school must complete two semesters (6-8 hours) of a single foreign language in college.

7. Nine hours of designated "writing intensive" (WI) courses must be completed at Texas State to satisfy degree requirements.

8. For transfer students, 24 semester credit hours in the business core curriculum (or their equivalents) may be transferred from a Texas public institution of higher education for the Business Administration and Management Field of Study and be applied to the B.B.A. major in Management at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. If transferring additional business courses, please contact the McCoy College of Business CenturyLink Academic Advising Center for assistance. The transferable Texas Common Course Number (TTCN) is listed below the Texas State University course number in the following course list. Students who complete MATH 1319 (TTCN: MATH 1324) in the FOS will receive 3 semester credit hours towards free electives.

1 Credit can be earned by successfully passing a test. Students must pay a fee to take the test.
2 The advanced electives in business may be chosen from any 3000-4000 level business course (ACC/B_A/BLAW/ISAN/ECO/FIN/ MGT/MKT/ANLY) not already required in the degree, for which the student meet prerequisites, and available to any business major.

### Minimum required: 120 semester credit hours

#### Admission Requirements

Admission to the McCoy College of Business Administration (McCoy College) is competitive, and a student must be admitted to the McCoy College to pursue a B.B.A. degree. Consideration for admission to McCoy College undergraduate programs is based on specific admission criteria and is conducted as a rolling admission process. For current Texas State students, applications are available online at [http://advising.mccoy.txstate.edu/apply](http://advising.mccoy.txstate.edu/apply). For students not yet admitted to the University, applications are available online at [www.applytexas.org](http://www.applytexas.org). Students should list a business major as their first major choice.

Priority dates are March 1 for summer/fall semester and October 15 for the spring semester. Applications received after the priority date will be considered for admission on a space-available basis. Students not yet admitted to Texas State must meet Texas State admission deadlines. Students attending Texas State who are currently on academic probation are not eligible for admission to McCoy College.

#### Freshmen and Students with fewer than 30 Semester Credit Hours

Students with fewer than 30 semester credit hours will be automatically admitted to the McCoy College if they receive assured admission ([http://www.admissions.txstate.edu/future/freshman/admissions-requirements.html](http://www.admissions.txstate.edu/future/freshman/admissions-requirements.html)) to Texas State and select a first-choice major in the McCoy College of Business Administration. Students who are admitted to the University but denied admission to McCoy College will...
be considered for admission to their second choice major or as an exploratory professional major.

**Students with 30 or more Semester Credit Hours**

Students who have completed at least 30 semester hours, including ENG 1310, ENG 1320, and MATH 1329, either at Texas State or another college or university and who have a minimum 2.5 overall GPA will be considered for admission based upon a competitive index using the grades from ENG 1310, ENG 1320, MATH 1329, and the overall GPA from all colleges and universities attended. Students will be automatically admitted if they have a cumulative GPA of 3.25 or higher and have completed ENG 1310, ENG 1320 and MATH 1329.

**General Requirements**

1. For the B.B.A. degree, any McCoy College student whose Texas State GPA drops below a 2.0 is placed on probation by Texas State and on restricted status by McCoy College. Students on restricted status must increase their Texas State GPA to at least 2.0 in the subsequent semester or their admission to McCoy College will be voided. Students are required to meet with a representative of the McCoy College Academic Advising Center to remove probation holds; otherwise, the hold will prevent registration or schedule changes. A student whose admission is voided may regain admission to McCoy College by going through the application process and competing with other applicants for openings. Students with a Texas State GPA below a 2.0 are also subject to the University academic probation and suspension policies.

2. All students seeking the B.B.A. must complete the following general education core curriculum courses as required by McCoy College. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for other information about the general education core curriculum.

3. To provide a common body of knowledge in business, all students seeking the B.B.A. must complete the following common core of business courses or their equivalents as required by the McCoy College:

### The Mission of the Department of Marketing

The mission of the Department of Marketing is to prepare a diverse student population to become successful marketing professionals and responsible global citizens in a data driven world. The department complements these efforts with research that adds to marketing knowledge while providing solutions to marketing challenges. Marketing majors typically pursue careers in sales, advertising, services, marketing, brand management, retail management, marketing research, and international marketing. Employers span a variety of industries and include for-profit, non-profit, and governmental agencies.

The department offers a BBA major in Marketing with opportunities to pursue a concentration in sales. The sales concentration is supported by The Center for Professional Sales. Outside of the classroom, students have opportunities to participate in several faculty-led and student-run organizations that enhance their leadership and teamwork skills, as well as their real-world marketing experience. These include the American Marketing Association (AMA), ENACTUS, and the American Advertising Federation (AAF).

The Marketing faculty contribute to the department’s mission by teaching cutting-edge marketing concepts with effective pedagogical techniques; pursuing insightful basic, applied, and instructional scholarship; and engaging in professional and community service.

With a dynamic marketing curriculum, stellar faculty, and exciting professional development opportunities, the Department of Marketing strives to ensure that Texas State marketing students graduate with relevant knowledge, skills, and a portfolio of project that enable them to succeed in a complex and competitive business environment.

### AACSB Accreditation

The McCoy College of Business is accredited by the Association Advance Collegiate Schools of Business (AACSB). AACSB Accreditation is known,
worldwide, as the longest standing, most recognized form of specialized/professional accreditation an institution can earn.

**Bachelor of Business Administration (B.B.A.)**

- Major in Marketing (p. 193)
- Major in Marketing (Professional Sales Concentration) (p. 195)
- Major in Marketing (Services Marketing Concentration) (p. 197)

**Courses in Marketing (MKT)**

**MKT 3340. Entrepreneurial Marketing.**

Entrepreneurial Marketing is the primary means of fast growth. Students learn to identify and develop the most efficient ways to grow a business with a toolkit of new marketing practices that can help startups and emerging firms gain a foothold in crowded markets. This course is appropriate for the students who have an entrepreneurial mindset, which is a way of thinking or set of skills that enable people to identify and make the most of opportunities, overcome and learn from setbacks, and succeed in various settings. Prerequisite: MKT 3343 and [QMST 2333 or MATH 2328] both with grades of "D" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

**MKT 3343. Principles of Marketing.**

This course studies the strategic marketing process, which creates value for consumers and organizations through integrated production and distribution of products. It examines the marketing process in the context of the global, cultural, economic, legal/regulatory environment. It also examines ethical and socially-responsible marketing and the impact of information technology.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

**MKT 3350. Consumer Behavior.**

A study of the role of the consumer in marketing. Considers the motivation, personality, attitudes, perceptions, lifestyle, and decision-making processes of consumers. Prerequisite: MKT 3343 with a grade of "D" or better.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

**MKT 3355. Retailing.**

A study of the principles of retail store management, including market and trade area analysis, store location and design, organization and operation management, merchandising, inventory control, and promotion and pricing policies. Prerequisite: MKT 3343 with a grade of "D" or better.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

**MKT 3358. Professional Selling.**

A study of the professional selling process including strategically planning sales calls, strengthening communication skills, responding helpfully to objections, obtaining commitment and building partnerships. Examines cultivating committed relationships, strategic alliances, and partnering skills to provide total sales quality to the company, suppliers, and customers. Prerequisite: MKT 3343 with a grade of "D" or better.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

**MKT 3360. Sales Management.**

A study of issues related to planning for, managing, motivating, directing, and controlling a sales force and related sales territories. Both international and domestic perspectives are addressed. Special emphasis is given to the efficiency (cost consideration) and effectiveness (satisfaction consideration) of sales management. Prerequisite: MKT 3358 with a grade of "D" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

**MKT 3362. Studies in Free Enterprises.**

The course will focus on developing goal setting, project identification, project planning and management, marketing, financing, and implementing student directed educational programs within the I-35 corridor. The projects are aimed at increasing citizen awareness and understanding of business and economic issues. (WI) Prerequisite: Instructor approval.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business AdminWriting Intensive
Grade Mode: Standard Letter

**MKT 3365. Services Marketing.**

The services sector dominates the U.S. economy and is becoming critical for competitive advantage in companies across the globe and in all industry sectors. This course examines the foundations of services marketing, which are necessary to create, promise, and deliver a successful, interactive customer experience. Prerequisite: MKT 3343 with a grade of "D" or better.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

**MKT 3370. Marketing Research.**

This course offers a comprehensive study of marketing research process that includes formulating a problem, developing a research plan, determining a sample, analyzing data, preparing a research report, and linking the consumer, customer, public, and marketer through information. Prerequisite: MKT 3343 and [QMST 2333 or MATH 2328] both with grades of "D" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter
This class uses marketing principles and techniques to influence a target audience to voluntarily accept, reject, modify, or abandon a behavior for the benefit of individuals, groups, or society as a whole. In this hands-on course students develop and implement marketing campaigns for social change on behalf of non-profit clients. (WI) Prerequisite: MKT 3343 and MKT 3350 with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin|Writing Intensive
Grade Mode: Standard Letter

MKT 3380. Sports Marketing.
Examines four components of sports marketing, including: (1) the foundation of sports marketing, (2) marketing through sports, including sponsorship, endorsement, and licensing strategies, (3) the marketing of sports, including marketing mix strategies, and (4) emerging topics in sports marketing, including relationship marketing, technology, and controversial issues. Prerequisite: MKT 3343 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

MKT 3385. Ethnic and Niche Marketing.
The course introduces students to marketing approaches used to understand and market products/services to U.S. ethnic and/or subgroups of consumers. The course includes consumer behavior and research techniques as well as implications to the marketing mix. Prerequisite: MKT 3350 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

MKT 3387. Technology and Marketing.
Study of the marketing process using technologies, e.g., the internet and mobile that support and enhance marketing capabilities, such as the distribution of information. The course examines the impact of technology on the marketing of goods and services to satisfy needs and wants of customers and stakeholders. Prerequisite: MKT 3343 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

MKT 3390. Marketing Health Care.
A study of marketing and its role in health care, including buyer and service provider behavior, relevant marketing principles and strategies, and emerging topics, such as medical tourism, universal health care, and health care regulations. Prerequisite: MKT 3343 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

MKT 4310. International Marketing.
A study of the international planning and coordination of marketing functions, marketing policies, and the analysis of marketing on an international scope including environmental and cultural aspects. (MULT). Prerequisite: MKT 3343 with a grade of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin|Multicultural Content
Grade Mode: Standard Letter

MKT 4315. Service Design.
Service Design involves the planning and organizing of people, infrastructure, communication, and material components of a service in order to improve its quality and the interaction between service providers and customers. This course aims to provide hands-on experience that will enable students to develop competences in service design. Prerequisite: MKT 3365 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

MKT 4325. Advanced Topics in Service Marketing.
This class is a comprehensive study of services marketing theories, concepts, and strategies; it includes an examination of cost controls, research methodologies, branding, customer service innovation, consumer behavior, and service delivery. Prerequisite: MKT 3343 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

MKT 4330. Promotional Strategy.
Analysis of promotional methods used in marketing and their relation to other business functions. Examines advertising, selling, and sales promotion. Prerequisite: MKT 3343 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

MKT 4337. Marketing Management.
An integrative course that applies management concepts and techniques to the solution of marketing problems. Analyzes market segments and product positioning, product and product line price, channels of distribution, and promotion. (WI) (MULP) Prerequisite: [QMST 2333 or MATH 2328] and MKT 3343 and six additional hours of marketing courses all with grades of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin|Multicultural Perspective|Writing Intensive
Grade Mode: Standard Letter
MKT 4340. Digital Marketing and Analysis.
The course explores data analysis techniques applied to real-world business problems and discusses the power of digital marketing to create positive organizational outcomes. Students will learn how to monitor and predict marketing and sales metrics and transform data into actionable plans using statistical software. Students will also learn industry tools to visualize and interpret marketing data. Prerequisite: MKT 3343 and (QMST 2333 or MATH 2328) both with grades of "C" or better and a minimum 2.0 overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
Course Attribute(s): Dif Tui- Business Admin

MKT 4392. Sales Internship.
This course integrates professional and academic experience through internship with an external employer. Credit awarded as pass/fail or grade at departmental election. Prerequisites: MKT 3343 and MKT 3358 both with grades of "D" or better and instructor approval.
3 Credit Hours. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

MKT 4393. Services Marketing Internship.
This course integrates professional and academic experience through internship with an external employer. Credit awarded as pass/fail or grade at departmental election. Prerequisites: MKT 3343 and MKT 3365 both with grades of "D" or better and instructor approval.
3 Credit Hours. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

MKT 4395. Independent Study in Marketing.
Directed research and extensive written assignment on a selected topic related to student's area of interest. Work may consist of literature reviews, integration of literature, or other appropriate independent research. May be repeated once for credit with different emphasis. (WI) Prerequisite: Instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin|Writing Intensive
Grade Mode: Standard Letter

MKT 4396. Directed Study in Professional Sales.
Directed study and research in selected professional sales topics. May be repeated for credit with a different emphasis. Prerequisite: MKT 3343 and MKT 3358 both with grades of "D" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

MKT 4397. Directed Study in Marketing.
Directed study and research in selected marketing topics, including the development of a promotional or marketing plan. Course can be offered as individual instruction or as an organized class. Repeatable for credit with different emphasis. Prerequisite: Instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dif Tui- Business Admin|Dual Enrollment Permitted
Grade Mode: Standard Letter

MKT 4399. Marketing Internship.
Integration of professional and academic experience through internship with an external employer. Credit is awarded as pass/fail or grade at departmental election. Prerequisite: Instructor approval.
3 Credit Hours. 0 Lecture Contact Hours. 15 Lab Contact Hours.
Course Attribute(s): Dif Tui- Business Admin
Grade Mode: Standard Letter

Minimum required: 120 semester credit hours

Admission Requirements

Admission to the McCoy College of Business Administration (McCoy College) is competitive, and a student must be admitted to the McCoy College to pursue a B.B.A. degree. Consideration for admission to McCoy College undergraduate programs is based on specific admission criteria and is conducted as a rolling admission process. For current Texas State students, applications are available online at http://advising.mccoy.txstate.edu/apply (http://advising.mccoy.txstate.edu/apply/). For students not yet admitted to the University, applications are available online at www.applytexas.org (http://www.applytexas.org). Students should list a business major as their first major choice.

Priority dates are March 1 for summer/fall semester and October 15 for the spring semester. Applications received after the priority date will be considered for admission on a space-available basis. Students not yet admitted to Texas State must meet Texas State admission deadlines. Students attending Texas State who are currently on academic probation are not eligible for admission to McCoy College.

Freshmen and Students with fewer than 30 Semester Credit Hours

Students with fewer than 30 semester credit hours will be automatically admitted to the McCoy College if they receive assured admission (http://www.admissions.txstate.edu/future/freshman/admissions-requirements.html) to Texas State and select a first-choice major in the McCoy College of Business Administration. Students who are admitted to the University but denied admission to McCoy College will be considered for admission to their second choice major or as an exploratory professional major.

Students with 30 or more Semester Credit Hours

Students who have completed at least 30 semester credit hours, including ENG 1310, ENG 1320, and MATH 1329, either at Texas State or another college or university and who have a minimum 2.5 overall GPA will be considered for admission based upon a competitive index using the grades from ENG 1310, ENG 1320, MATH 1329, and the overall GPA from all colleges and universities attended. Students will be
automatically admitted if they have a cumulative GPA of 3.25 or higher and have completed ENG 1310, ENG 1320 and MATH 1329.

**General Requirements**

1. For the B.B.A. degree, any McCoy College student whose Texas State GPA drops below a 2.0 is placed on probation by Texas State and on restricted status by McCoy College. Students on restricted status must increase their Texas State GPA to at least 2.0 in the subsequent semester or their admission to McCoy College will be voided. Students are required to meet with a representative of the McCoy College Academic Advising Center to remove probation holds; otherwise, the hold will prevent registration or schedule changes. A student whose admission is voided may regain admission to McCoy College by going through the application process and competing with other applicants for openings. Students with a Texas State GPA below a 2.0 are also subject to the University academic probation and suspension policies.

2. All students seeking the B.B.A. must complete the following general education core curriculum courses as required by McCoy College. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for other information about the general education core curriculum.

3. To provide a common body of knowledge in business, all students seeking the B.B.A. must complete the following common core of business courses or their equivalents as required by the McCoy College:

<table>

4. A combination of courses in the major program area specified by the appropriate academic department and restricted upper-division business electives to complement the major are also required for the B.B.A.

5. Free electives to achieve a minimum total of 120 semester hours are also required. To ensure compliance with the course requirements for a B.B.A. degree, students should follow the general sequence of courses specified for the curriculum in this section of the catalog.

6. Also, students who did not complete satisfactorily at least two years of the same foreign language in high school must complete two semesters (6-8 hours) of a single foreign language in college.

7. Nine hours of designated “writing intensive” (WI) courses must be completed at Texas State to satisfy degree requirements.

8. For transfer students, 24 semester credit hours in the business core curriculum (or their equivalents) may be transferred from a Texas public institution of higher education for the Business Administration and Management Field of Study and be applied to the B.B.A. major in Marketing at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. If transferring additional business courses, please contact the McCoy College of Business CenturyLink Academic Advising Center for assistance. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list. Students who complete MATH 1319 (TCCN:MATH 1324) in the FOS will receive 3 semester credit hours towards free electives.

### Minimum required: 120 semester credit hours

#### Admission Requirements

Admission to the McCoy College of Business Administration (McCoy College) is competitive, and a student must be admitted to the McCoy College to pursue a B.B.A. degree. Consideration for admission to McCoy College undergraduate programs is based on specific admission criteria and is conducted as a rolling admission process. For current Texas State students, applications are available online at [http://advising.mccoy.txstate.edu/apply](http://advising.mccoy.txstate.edu/apply). For students not yet admitted to the University, applications are available online at [www.applytexas.org](http://www.applytexas.org). Students should list a business major as their first major choice.

Priority dates are March 1 for summer/fall semester and October 15 for the spring semester. Applications received after the priority date will be considered for admission on a space-available basis. Students not yet admitted to Texas State must meet Texas State admission deadlines. Students attending Texas State who are currently on academic probation are not eligible for admission to McCoy College.

#### Freshmen and Students with fewer than 30 Semester Credit Hours

Students with fewer than 30 semester credit hours will be automatically admitted to the McCoy College if they receive assured admission ([http://www.admissions.txstate.edu/future/freshman/admissions-requirements.html](http://www.admissions.txstate.edu/future/freshman/admissions-requirements.html)) to Texas State and select a first-choice major in the McCoy College of Business Administration. Students who are admitted to the University but denied admission to McCoy College will be considered for admission to their second choice major or as an exploratory professional major.
Students with 30 or more Semester Credit Hours

Students who have completed at least 30 semester credit hours, including ENG 1310, ENG 1320, and MATH 1329, either at Texas State or another college or university and who have a minimum 2.5 overall GPA will be considered for admission based upon a competitive index using the grades from ENG 1310, ENG 1320, and MATH 1329, and the overall GPA from all colleges and universities attended. Students will be automatically admitted if they have a cumulative GPA of 3.25 or higher and have completed ENG 1310, ENG 1320 and MATH 1329.

General Requirements

1. For the B.B.A. degree, any McCoy College student whose Texas State GPA drops below a 2.0 is placed on probation by Texas State and on restricted status by McCoy College. Students on restricted status must increase their Texas State GPA to at least 2.0 in the subsequent semester or their admission to McCoy College will be voided. Students are required to meet with a representative of the McCoy College Academic Advising Center to remove probation holds; otherwise, the hold will prevent registration or schedule changes. A student whose admission is voided may regain admission to McCoy College by going through the application process and competing with other applicants for openings. Students with a Texas State GPA below a 2.0 are also subject to the University academic probation and suspension policies.

2. All students seeking the B.B.A. must complete the following general education core curriculum courses as required by McCoy College. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for other information about the general education core curriculum.

3. To provide a common body of knowledge in business, all students seeking the B.B.A. must complete the following common core of business courses or their equivalents as required by the McCoy College:

<table>

4. A combination of courses in the major program area specified by the appropriate academic department and restricted upper-division business electives to complement the major are also required for the B.B.A.

5. Free electives to achieve a minimum total of 120 semester hours are also required. To ensure compliance with the course requirements for a B.B.A. degree, students should follow the general sequence of courses specified for the curriculum in this section of the catalog.

6. Also, students who did not complete satisfactorily at least two years of the same foreign language in high school must complete two semesters (6-8 hours) of a single foreign language in college.

7. Nine hours of designated “writing intensive” (WI) courses must be completed at Texas State to satisfy degree requirements.

8. For transfer students, 24 semester credit hours in the business core curriculum (or their equivalents) may be transferred from a Texas public institution of higher education for the Business Administration and Management Field of Study and be applied to the B.B.A. major in Marketing at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. If transferring additional business courses, please contact the McCoy College of Business CenturyLink Academic Advising Center for assistance. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list. Students who complete MATH 1319 (TCCN:MATH 1324) in the FOS will receive 3 semester credit hours towards free electives.

1. Credit can be earned by successfully passing a test. Students must pay a fee to take the test.
2. The advanced electives in business may be chosen from any 3000-4000 level business course (ACC/B_A/BLAW/ISAN/ECO/FIN/MGT/MKT/ANLY) not already required in the degree, for which the student meet prerequisites, and available to any business major.

## Minimum required: 120 semester credit hours

### Admission Requirements

Admission to the McCoy College of Business Administration (McCoy College) is competitive, and a student must be admitted to the McCoy College to pursue a B.B.A. degree. Consideration for admission to McCoy College undergraduate programs is based on specific admission criteria and is conducted as a rolling admission process. For current Texas State students, applications are available online at [http://advising.mccoy.txstate.edu/apply](http://advising.mccoy.txstate.edu/apply). For students not yet admitted to the University, applications are available online at [http://www.applytexas.org](http://www.applytexas.org). Students should list a business major as their first major choice.

### Freshmen and Students with fewer than 30 Semester Credit Hours

Students with fewer than 30 semester credit hours will be automatically admitted to the McCoy College if they receive assured admission ([http://www.admissions.txstate.edu/future/freshman/admissions-requirements.html](http://www.admissions.txstate.edu/future/freshman/admissions-requirements.html)) to Texas State and select a first-choice major in the McCoy College of Business Administration. Students who are admitted to the University but denied admission to McCoy College will be considered for admission to their second choice major or as an exploratory professional major.

### Students with 30 or more Semester Credit Hours

Students who have completed at least 30 semester credit hours, including ENG 1310, ENG 1320, and MATH 1329, either at Texas State or another college or university and who have a minimum 2.5 overall GPA will be considered for admission based upon a competitive index using the grades from ENG 1310, ENG 1320, MATH 1329, and the overall GPA from all colleges and universities attended. Students will be automatically admitted if they have a cumulative GPA of 3.25 or higher and have completed ENG 1310, ENG 1320 and MATH 1329.

### General Requirements

1. For the B.B.A. degree, any McCoy College student whose Texas State GPA drops below a 2.0 is placed on probation by Texas State and on restricted status by McCoy College. Students on restricted status must increase their Texas State GPA to at least 2.0 in the
subsequent semester or their admission to McCoy College will be voided. Students are required to meet with a representative of the McCoy College Academic Advising Center to remove probation holds; otherwise, the hold will prevent registration or schedule changes. A student whose admission is voided may regain admission to McCoy College by going through the application process and competing with other applicants for openings. Students with a Texas State GPA below 2.0 are also subject to the University academic probation and suspension policies.

2. All students seeking the B.B.A. must complete the following general education core curriculum courses as required by McCoy College. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for other information about the general education core curriculum.

3. To provide a common body of knowledge in business, all students seeking the B.B.A. must complete the following common core of business courses or their equivalents as required by the McCoy College:

Health and Human Performance–Ronald D. Williams, Jr., Ph.D.

The College of Education includes three academic departments: Counseling, Leadership, Adult Education, and School Psychology; Curriculum and Instruction; and Health and Human Performance.

Texas State University’s legacy as a normal school founded in 1899 with a mission dedicated to preparing new teachers remains with us today in the College of Education’s commitment to the highest quality educator and professional preparation across many fields. Our flagship teacher education program prepares aspiring teachers for certification in elementary, middle school, secondary, bilingual, and special education. Our highly regarded and exceptional health and human performance programs offer degrees in exercise and sports science, public health, and recreation studies, as well as minors in exercise and sports science, coaching, public health, and recreation studies. The college also offers an undergraduate Introduction to Counseling and Psychotherapy course.

Academic Advising Center
Joya Konieczny, Director
Education Building Room 2143
Telephone: 512-245-3050
www.education.txstate.edu/advising

The College of Education Undergraduate Advising Center is a student-centered, collaborative resource for students seeking an undergraduate degree through the College of Education. As an integral part of teaching and learning at Texas State, academic advisors in the Undergraduate Advising Center cultivate student success by engaging students in educational planning to promote academic, personal, and professional development while considering diverse interests, abilities, and goals. Services available for students include, but are not limited to:

- assistance with selection of educational programs;
- interpretation of policies and procedures;
- information on course sequencing and degree requirements;
- referral to other university resources; and
- verification of graduation requirements.

Ultimately, the academic advisors in the College of Education Advising Center strive to develop a guidance and support system to encourage student self-reliance, responsibility, and success in achieving academic goals.

Teacher Certification
Office of Educator Preparation
Patricia Rocha, Ph.D., Director
Education Building - Room 16
T: 512-245-7880 F: 512-245-8345
Students who wish to teach Early Childhood (EC) through Grade 6 (elementary with specialization in either English as a Second Language or Bilingual Education), Grades 4-8 (middle school), or All-Level Special Education pursue the Bachelor of Science major in Education. Students may acquire an All-level certificate to teach Physical Education in the Department of Health and Human Performance within the College of Education. Some programs also require a double major or a minor in education, which in most cases can be completed within 120/121 credit hours total. Teachers should note that teacher certification requirements may differ from degree requirements and that completion of both is necessary for awarding a degree and recommending a student for teacher certification.

In order to pursue teacher certification, students must apply and be admitted into the Educator Preparation Program through the Office of Educator Preparation (p. 244).

Courses in Education Student Teaching (EDST)

EDST 4380. Clinical Teaching All-Level I.
Students will apply knowledge and skills learned during the teacher preparation program while engaging in clinical practice with experienced EC-6/4-8 mentor teachers in school settings with university instruction and supervision. This culminating experience is required for Texas teacher certification and is a half-semester course designed for students seeking All-Level certification. Prerequisites: Admittance to the Educator Preparation Program; 2.75 Overall GPA; additional coursework may not be taken concurrently except for the co-requisite; for undergraduate students, all other degree-required coursework must be completed; for graduate and post-baccalaureate students, all other certification coursework must be completed; requires departmental approval through Office of Educator Preparation application process. Corequisites: EDST 4381 with a grade of "D" or better.

3 Credit Hours. 1 Lecture Contact Hour. 20 Lab Contact Hours.
Grade Mode: Credit/No Credit

EDST 4381. Clinical Teaching All-Level II.
Students will apply knowledge and skills learned during the teacher preparation program while engaging in clinical practice with experienced 7-12 mentor teachers in school settings with university instruction and supervision. This culminating experience is required for Texas teacher certification and is a half-semester course designed for students seeking All-Level certification. Prerequisites: Admittance to the Educator Preparation Program; 2.75 Overall GPA; additional coursework may not be taken concurrently except for the co-requisite; for undergraduate students, all other degree-required coursework must be completed; for graduate and post-baccalaureate students, all other certification coursework must be completed; requires departmental approval through Office of Educator Preparation application process. Corequisites: EDST 4380 with a grade of "D" or better.

3 Credit Hours. 1 Lecture Contact Hour. 20 Lab Contact Hours.
Grade Mode: Credit/No Credit

EDST 4390. Teaching Internship I.
In this course students will apply knowledge and skills learned during the teacher preparation program while serving as teacher of record in a public school classroom under supervision of university faculty and mentorship by school district personnel. The internship is available to graduate or post-baccalaureate students who have met all admittance and preparation criteria and hold a Texas probationary or intern teaching certificate. Students serving as interns are expected to follow all district, university, and state policies, and will receive course credit after being recommended for standard teacher certification by the university and the school. Prerequisites: A minimum 2.75 Overall GPA and departmental approval.

3 Credit Hours. 5 Lecture Contact Hours. 35 Lab Contact Hours.
Grade Mode: Credit/No Credit

EDST 4391. Teaching Internship II.
In this course students will apply knowledge and skills learned during the teacher preparation program while serving as teacher of record in a public school classroom under supervision of university faculty and mentorship by school district personnel. The internship is available to graduate or post-baccalaureate students who have met all admittance and preparation criteria and hold a Texas probationary or intern teaching certificate. Students serving as interns are expected to follow all district, university, and state policies, and will receive course credit after being recommended for standard teacher certification by the university and the school. Prerequisite: EDST 4390 with a grade of "D" or better and a minimum 2.75 Overall GPA and departmental approval.

3 Credit Hours. 5 Lecture Contact Hours. 35 Lab Contact Hours.
Grade Mode: Credit/No Credit

EDST 4680. Clinical Teaching 4-8.
Students will apply knowledge and skills learned during the teacher preparation program while engaging in clinical practice with experienced 4-8 mentor teachers in school settings with university instruction and supervision. This culminating experience is required for Texas teacher certification. Prerequisites: Admittance to the Educator Preparation Program; 2.75 Overall GPA; additional coursework may not be taken concurrently; for undergraduate students, all other degree-required coursework must be completed; for graduate and post-baccalaureate students, all other certification coursework must be completed; requires departmental approval through Office of Educator Preparation application process.

6 Credit Hours. 1 Lecture Contact Hour. 40 Lab Contact Hours.
Grade Mode: Credit/No Credit
EDST 4681. Clinical Teaching 7-12.
Students will apply knowledge and skills learned during the teacher preparation program while engaging in clinical practice with experienced 7-12 mentor teachers in school settings with university instruction and supervision. This culminating experience is required for Texas teacher certification. Prerequisites: Admittance to the Educator Preparation Program; 2.75 Overall GPA; additional coursework may not be taken concurrently; for undergraduate students, all other degree-required coursework must be completed; for graduate and post-baccalaureate students, all other certification coursework must be completed; requires departmental approval through Office of Educator Preparation application process.
6 Credit Hours. 1 Lecture Contact Hour. 40 Lab Contact Hours.
Grade Mode: Credit/No Credit

EDST 4687. Clinical Teaching EC-6.
Students will apply knowledge and skills learned during the teacher preparation program while engaging in clinical practice with experienced EC-6 mentor teachers in school settings with university instruction and supervision. This culminating experience is required for Texas teacher certification. Prerequisites: Admittance to the Educator Preparation Program; 2.75 Overall GPA; additional coursework may not be taken concurrently; for undergraduate students, all other degree-required coursework must be completed; for graduate and post-baccalaureate students, all other certification coursework must be completed; requires departmental approval through Office of Educator Preparation application process.
6 Credit Hours. 1 Lecture Contact Hour. 40 Lab Contact Hours.
Grade Mode: Credit/No Credit

Counseling (COUN)
COUN 3320. Introduction to Counseling and Psychotherapy.
The course is designed for upper-division undergraduates considering a helping profession or who wish to know more about counseling before entering into graduate study. The course offers introduction to counseling, counseling theories, and interpersonal communication skills that facilitate counseling relationships. Repeatable for credit with different emphasis.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

General Studies (GNST)
GNST 4360. Integrated Career Preparation.
This course is first in a two-part capstone sequence culminating in an applied project. Students will engage in self-analysis, identify marketable skills, and complete occupational and industry research. To complete this course, students will create an individualized career plan integrating three academic minors and identify a preliminary topic for an applied project to be developed in the second capstone course, GNST 4361- Integrated Project. (WI) Prerequisite: A minimum of 2.0 Texas State GPA and departmental approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

GNST 4361. Integrated Project.
This is the second course in a two-part capstone sequence culminating in an applied project. Students will complete an applied project, beginning with a formal proposal presentation containing career-specific problems or future graduate study research as identified in GNST 4360; a bibliography review; audience analysis; and an applied written solution. Students will end the course by completing a three-minute thesis-style (3MT®) presentation and a career portfolio to synthesize knowledge, skills, and abilities from both courses in the capstone sequence. (WI) Prerequisite: GNST 4360 with a grade of "D" or better and a minimum of 2.0 Texas State GPA and departmental approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

Bachelor of General Studies (B.G.S.)
- Major in Integrated Studies (http://mycatalog.txstate.edu/undergraduate/education/counseling-leadership-adult-school-psychology/integrated-studies-bgs/)

Education Building Room 4032
T: 512.245.3083 F: 512.245.8872
www.txstate.edu/clas (http://www.txstate.edu/clas/)

The Department of Counseling, Leadership, Adult Education, and School Psychology (C.L.A.S.) is primarily a graduate department, offering graduate degree programs in Adult, Professional and Community Education; Educational Leadership; Professional Counseling; School Improvement; School Psychology; and Student Affairs in Higher Education. While the department offers no undergraduate degrees, it does provide COUN 3320 Introduction to Counseling & Psychotherapy as a support course for undergraduate programs across the university.

Education Building Room 3044
Telephone: 512-245-2157 Fax: 512-245-7911
www.txst.edu/ci (https://www.education.txst.edu/ci/)

The Department of Curriculum and Instruction at Texas State University offers undergraduate degrees that focus on the preparation and development of teachers and teacher leaders. All undergraduate programs in the department lead to initial teaching certification and have robust field experiences in local schools prior to clinical practice (clinical teaching).

Levels of Certification
Students who wish to teach Elementary Core Subjects (Early Childhood through Grade 6 with specialization in English as a Second Language or Bilingual/Biliteracy Education), Middle Level (Grades 4 through 8
with specializations in Mathematics, Science, or English/Language Arts/Reading/Social Studies), or All-Level Special Education pursue the Bachelor of Science major in Education.

Students seeking other All-Level or Secondary (Grade 6, 7, or 8 through 12) certifications will complete an academic major within their chosen teaching field in the department and college where that major is housed and should consult with advisors in that college. Some programs also require a double major or a minor in education.

For a list of teacher certifications available at Texas State, see https://www.education.txstate.edu/oep/current/initial-certification/certification-exams/list.html.

**Education Majors**

Students seeking this major as their primary major should consult with advisors in the College of Education Undergraduate Advising Center (https://www.education.txstate.edu/advising/) for detailed information regarding specific degree requirements, semester-by-semester course sequencing, and referrals to the application processes for Educator Preparation Program Admittance and Field-based Block placements. Students may be required to attend summer sessions in order to complete the program within a 4-year time period.

**Teacher Certification**

In addition to an earned baccalaureate degree, there are six criteria for earning certification;

- Admission to the Educator Preparation Program
- A passing criminal history review
- Completion of Field-Based Block
- Passing scores on all required certification exams
- Satisfactory completion of Clinical Teaching
- Applications for graduation as well as state certification

**Admittance to the Educator Preparation Program**

In order to pursue teacher certification, students must apply and be invited to attend the Educator Preparation Program through the office of Educator Preparation. If a student accepts this invitation, the student must then pay a required $35 Texas Education Agency technology fee before the student will be officially admitted. Please see http://www.education.txstate.edu/oep (http://www.education.txstate.edu/oep/) for current admittance requirements and procedures.

For more information about Admittance to the Educator Preparation Program, see the Teacher Certification Handbook on the Office of Educator Preparation website: https://www.education.txst.edu/oep/current(initial-certification.html

Note that the Texas Educational Agency (TEA) requires multiple background checks for progression through educator preparation programs. If a student has a criminal history, that student is advised to request a Preliminary Criminal History Evaluation from the Texas Education Agency; schedule an appointment for free legal counseling services through Texas State University’s Attorney for Students (https://attorney.dos.txst.edu/) and disclose this information to the Office of Educator Preparation.

**Admission Requirements**

All degree programs within the Department of Curriculum and Instruction require formal admittance into the Educator Preparation Program.

Students must apply and be admitted to the Educator Preparation Program in order to enroll in Block coursework and Student Teaching in the Junior and Senior year. Refer to the requirements for Admittance to the Educator Preparation Program through the Office of Educator Preparation (p. 244).

**Bachelor of Arts (B.A.)**

- Major in Education (Secondary Education; Teacher Certification with Double Major in another B.A. teacher certification degree program) (p. 209)

**Bachelor of Science (B.S.)**

- Major in Education (Bilingual/Biliteracy Education; Teacher Certification in Early Childhood through Grade Six Core Subjects with Bilingual-Spanish) (p. 210)
- Major in Education (Elementary Education; Teacher Certification in Early Childhood through Grade Six Core Subjects with English as a Second Language) (p. 211)
- Major in Education (Middle Level Education; Teacher Certification in Core Subjects, Grades Four through Eight) (p. 212)
- Major in Education (Middle Level Education; Teacher Certification in Mathematics, Grades Four through Eight) (p. 213)
- Major in Education (Middle Level Education; Teacher Certification in Mathematics and Science, Grades Four through Eight) (p. 214)
- Major in Education (Middle Level Education; Teacher Certification in Science, Grades Four through Eight) (p. 215)
- Major in Education (Secondary Education; Teacher Certification with Double Major in another B.S. teacher certification degree program) (p. 218)
- Major in Education (Special Education; Teacher Certification in Special Education, Early Childhood through Grade Twelve) (p. 219)

**Minors**

- Education (http://mycatalog.txstate.edu/undergraduate/education/curriculum-instruction/education-minor/)
- Special Education
Subjects in this department include: BILG (p. 203), CI (p. 204), ECE (p. 206), EDP (p. 207), RDG (p. 207), SPED (p. 208)

Courses in Bilingual Education (BILG)

BILG 3332. Foundations of Bilingual Education. This course introduces the sociocultural, linguistic, cognitive, and policy foundations of bilingual education and ESL education. The course is taught in Spanish and English and is designed for students to gain practice in academic reading and writing in Spanish. Prerequisite: Admittance to the Educator Preparation Program and 2.75 Overall GPA; Education Core and SPAN 3308 and [SPAN 3371 or SPAN 3309] all with grades of "C" or better. Corequisite: Bilingual Block I. 3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. Grade Mode: Standard Letter

BILG 4350. Mathematics in the Bilingual Education Classroom. The course provides an in-depth study of the mathematics content and methodology derived from research-based principles. To develop the mathematical understanding of emergent bilinguals through a field-based approach, the course emphasizes using cognition and bilingualism as learning resources to sustain mathematical knowledge using equity based-instruction and assessment. Prerequisite: 2.75 Overall GPA required. Junior classification required. Must be declared as seeking EC-6 Bilingual Generalist teacher certification. MATH 1315 (or one of the following: MATH 1319 or MATH 2417 or MATH 2471 or MATH 2472); MATH 2311 and MATH 2312 all with a grade of "C" or better. 3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. Grade Mode: Standard Letter

BILG 4361. Transliterate Communities in Schools. This course explores how to provide equitable educational opportunities to emergent bilinguals and their families within and outside of schooling. Using relationship building and instructional practices, learners incorporate the multicultural, translngual and cognitive competencies of bilingual learners that emerge from their community, representing learning resources that advance academic achievement. Prerequisite: Admittance to the Educator Preparation Program and a minimum 2.75 Overall GPA and Education Core and [SPAN 3307 or SPAN 3308] and [SPAN 3371 or SPAN 3309] both with grades of "C" or higher; Admission to the Teacher Preparation Program; 2.75 Overall GPA; Education Core; grades of "C" or higher must be earned in all prerequisites. 3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. Grade Mode: Standard Letter

BILG 4365. Biliteracy Development for Emergent Bilingual Learners. This course targets the dynamic, reciprocal process of literacy development in Spanish and English for emergent bilinguals. Theories, instructional methods and strategies, texts, and materials will be examined through an integrated approach that considers sociocultural, cognitive, linguistic, and political factors. The course will be taught in both Spanish and English. Prerequisites: Junior classification or higher; Admission to the Teacher Preparation Program; 2.75 Overall GPA; Education Core; grades of "C" or higher must be earned in all prerequisites. 3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. Grade Mode: Standard Letter

BILG 5365. Biliteracy Development in the Bilingual Education Classroom. This course is taught in Spanish and English, targeting the reciprocal-process of literacy development in Spanish and English as a second language. Theories, methods, and approaches address learning and teaching processes that support biliteracy development of emergent bilingual within contexts framed by sociocultural, cognitive, linguistic, and affective factors. Prerequisite: CI 5337; CI 5387 SPAN 3308; SPAN 3371; upper levels of SPAN; or advanced studies in SPAN with a grade of B or better; or, Bilingual Education certification. 3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. Grade Mode: Standard Letter

BILG 5367. Policy and Practice in Dual Language Immersion Education. This course focuses on current research in bilingual education and language in education policy and practice that shapes program models, curricula, and instruction in two-way and one-way dual language education. The course will be taught in Spanish and English and requires student work in each language. Prerequisites: CI 5337, CI 5387; SPAN 3308; SPAN 3371; or upper level SPAN courses; or advanced studies in SPAN having earned a grade of B or higher; or Bilingual Education certification. 3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. Grade Mode: Standard Letter

BILG 5374. Bilingual/ESL Academic Content Instruction. The focus of this course is the integration of native language instruction (Spanish) and English as a second language (ESL) to teach the academic content areas (mathematics, science, social studies, and language arts) for English Language Learners (ELLs) with an emphasis on the cognitive and sociocultural considerations. Prerequisite: SPAN 3308 or SPAN 3371 with a grade of "B" or better; or upper level SPAN course(s); or advanced studies in SPAN with a grade of "B" or better; or Bilingual Education certification. 3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. Grade Mode: Standard Letter
BILG 5388. The Politics of Language.
Using a critical linguistic perspective, this course examines the sociopolitical aspects of language in local, national, and global contexts. Students learn about language ideologies and gain a profound understanding for how languages and language practices are intricately tied to the racial and economic power relations embedded in schools and society.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

Courses in Curriculum and Instruction (CI)

CI 2310. Education for Change.
In this course students will increase their understanding of education, teaching, and learning from a social justice perspective. They will learn about pedagogy as a form of cultural politics and how teachers serve as cultural workers. The course also includes a survey of learning theories and the foundational knowledge bases for schooling, teaching, and learning.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: EDUC 1301

CI 2311. Education and Equity in a Diverse Society.
This course will examine elementary education from a sociocultural, sociopolitical, and sociohistorical lens to reveal the need for equity in the current American schooling system. Students will question, analyze, and evaluate key issues and connections between schooling, community, society, and policy.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CI 2355. STEM in Early Childhood and Elementary Education.
This course provides an overview of STEM (Science, Technology, Engineering, Mathematics) teaching and learning, including science and engineering practices. Students will participate in and learn how to facilitate asset-based, culturally responsive, inclusive, inquiry-based, and design-based learning experiences that promote the STEM literacy and identity of early childhood and elementary students. Prerequisite: [PHYS 1310 or PHYS 1315 or PHYS 1320 or PHYS 1325 or PHYS 1360 or PHYS 1365 or PHYS 1370 or PHYS 1410 or PHYS 1420] and [GS 2310 or GS 3310 or GS 3320] both with grades of C or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CI 3300. Middle School Curriculum and Instruction.
Overview of developmentally appropriate curriculum adhering to state and national standards for grades 4-8. Includes the application of learning theory in a safe classroom environment with a focus on cooperative learning, direct instruction, discovery learning, technology, and learner-centered instruction. (WI) Prerequisite: A minimum 2.75 Overall GPA and departmental approval.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

CI 3322. The Design and Application of Curriculum in School Settings.
This course focuses on design and application of curriculum including content, instructional methodologies, assessment, data-informed decision making, and technology integration. Students will apply foundational theories of human development, learning, and social justice as they focus on the organization of content, instructional planning, classroom environment, and assessment. Prerequisite: A minimum 2.75 overall GPA and departmental approval.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

CI 3325. Adolescents and Society.
This course involves a study of contemporary biological, cognitive, and psychological theories and processes of adolescence that prepares prospective teachers to understand abilities, behaviors, and needs of learners and teachers within the context of teacher-student relationships. Roles of family, peer groups, and culture are examined with the aid of contemporary adolescent literature.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CI 3332. Foundations of Bilingual and ESL Education.
This course examines the rationale, history, and philosophy of bilingual and ESL education and develops students’ understanding of the cultural and psychological influences that mediate the learning process. Prerequisites: A minimum 2.75 overall GPA and departmental approval. (MULT & MULP).
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Multicultural Perspective|Multicultural Content
Grade Mode: Standard Letter

CI 3333. Social Studies in the Elementary and Middle School.
The course provides learner-centered approaches to social studies knowledge, instruction, equity, communication, and professional development and prepares educators with strong foundations for powerful social studies teaching and learning practices including: (a) deep understanding/appreciation, (b) increased awareness of non-traditional approaches, (c) practical methods and applications, and (d) daily integration into teaching. Prerequisite: A minimum 2.75 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
CI 3340. Teaching for Linguistic Diversity.
This course provides pre-service content-area teachers a foundation to address the needs of multilingual learners in their classes. The course includes fundamental knowledge about language and communication, language acquisition, differentiated instruction and assessment, and ESL program types for pre-service teachers to implement appropriate and effective strategies to support the academic success of English learners. Prerequisite: A minimum 2.75 overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CI 4300. Middle Level Philosophy and Schooling.
Physical, social, emotional, cognitive, and moral characteristics of young adolescents in contexts of family, community, school, society. History and philosophy of middle school as a developmentally appropriate environment for young adolescents. Continued study of instruction that is affectively and cognitively appropriate for young adolescents. (WI) Prerequisite: A minimum 2.75 overall GPA and departmental approval.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

CI 4325. Classroom Management and Teacher-Student Relationships.
Course will focus on classroom management theories and models. Personal philosophy, beliefs, and style of teaching will be examined as they relate to the various methods of classroom management, student discipline, and teacher-student relationships. Prerequisite: A minimum 2.75 overall GPA and departmental approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CI 4332. Secondary Teaching: Curriculum and Technology.
This course investigates secondary curriculum, its history, organization, development, and representation in instructional materials. Students learn how curriculum is decided, impacted, and assessed, and the role of technology in curriculum. Topics include local, state, and national standards, trends, and roles of culture and technology in teaching and learning. Junior classification required.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CI 4338. Social Studies Curriculum & Pedagogy for the Middle School.
This course examines how the teaching of social studies is informed by theory and research. In this course students will analyze the foundations of social studies as a discipline, social studies curricular issues, social studies pedagogy, controversial issues pedagogy, and the construction of conceptual, inquiry-based units. (MULT) (WI) Prerequisites: 2.75 Overall GPA; Junior classification; must be declared as seeking 4-8 grade teacher certification.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

CI 4343. Instructional Strategies for the Secondary Teacher.
This course focuses on research-based instructional strategies to engage diverse secondary student populations in rigorous and relevant learning. Preservice teachers develop instructional decision-making skills by creating, implementing, and reflecting on lesson plans that integrate technology and assessment of learning. Prerequisite: A minimum 2.75 overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

CI 4344. Teaching Mathematics to Diverse Children in Early Childhood through 2nd Grade Classrooms.
This course provides opportunities to develop knowledge and skills to elicit, understand, and extend children's thinking from early childhood to second grade. Through directed field experiences, students will participate in problem-solving and assessment practices that support inclusive, culturally sustaining mathematics teaching to racially, linguistically, and socioeconomically diverse children. Prerequisite: A minimum 2.75 Overall GPA; MATH 2311 and ECE 4300 and ECE 4301 all with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

CI 4345. Teaching Mathematics to Diverse Children in 3rd - 6th Grade Classrooms.
This course focuses on understanding and using children's mathematical thinking to inform teaching in third to sixth grade. Through directed field experiences, students will participate in problem-solving and assessment practices that support inclusive, culturally sustaining mathematics teaching to racially, linguistically, and socioeconomically diverse children. Prerequisite: MATH 2311 and CI 4345 both with grades of "C" or better and a minimum 2.75 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Multicultural Perspective|Multicultural Content
Grade Mode: Standard Letter

CI 4350. Teaching Mathematics to Diverse Children in 3rd - 6th Grade Classrooms.
This course focuses on understanding and using children's mathematical thinking to inform teaching in third to sixth grade. Through directed field experiences, students will participate in problem-solving and assessment practices that support inclusive, culturally sustaining mathematics teaching to racially, linguistically, and socioeconomically diverse children. Prerequisite: MATH 2311 and CI 4345 both with grades of "C" or better and a minimum 2.75 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Multicultural Perspective|Multicultural Content
Grade Mode: Standard Letter

CI 4351. Middle School Mathematics Methods Course.
This course will explore the methods of teaching mathematics in intermediate and middle grades. Emphasis is placed on the equity principle (mathematics for all) and development of conceptual understanding of topics such as real numbers and operations on real numbers, geometry, statistics and probability, and algebra (patterns, variables, and functions). Prerequisites: 2.75 Overall GPA; Junior classification required; must be declared as seeking 4-8 grade teacher certification; MATH 1315 or MATH 1319 or MATH 1329 or MATH 2321 or MATH 2417 or MATH 2471 with grades of "C" or better must be earned in all prerequisites.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter
CI 4355. Science in Elementary Education.
Course provides an overview of science standards and content, research-based science pedagogy, and the scientific process skills required for a developmentally appropriate, inquiry-driven science curriculum that facilitates the development of scientific literacy for all students, including second language learners. Prerequisite: [PHYS 1310 or PHYS 1315 or PHYS 1320 or PHYS 1325 or PHYS 1360 or PHYS 1410 or PHYS 1420] and [GS 2310 or GS 3310 or GS 3320] and CI 2355, all with grades of "C" or better and a minimum 2.75 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CI 4360. Methods and Materials for Teaching ESL in the Content.
This course addresses content, methods, and materials of elementary ESL classroom instruction, including curricula, strategies, and materials for meeting the needs of English language learners in all academic content areas. (MULT & MULP) Prerequisites: A minimum 2.75 overall GPA and departmental approval.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Multicultural Perspective|Multicultural Content
Grade Mode: Standard Letter

This course focuses on the development of appropriate classroom relationships based on current theory and research. This includes culturally responsive practices, social emotional practices, positive behavior interventions and supports, analysis of legal and ethical issues as they relate to classroom relationships, and field experiences in a variety of secondary environments. Prerequisite: A minimum 2.75 overall GPA and departmental approval.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

CI 4372. Teaching in Communities.
In this course, students will engage in collaborative critical analysis and development of culturally responsive curriculum for their content as well as their pedagogical content knowledge. They will develop critical analyses of the educational community from cultural, historical, and social standpoints in order to more effectively respond to the educational needs of diverse learners in communities. Data-driven practices will be used to discuss issues of equity and access as well as to develop the ability to make evidence-based curricular choices. Additionally, students will engage in field work to develop relationships with community outreach programs in schools. Prerequisite: A minimum 2.75 Overall GPA and departmental approval.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

CI 4378. Problems in Education.
Individual problems related to areas of selected study for the undergraduate student, designed to meet individual differences for the purpose of certification. A letter following the course title on the permanent record will indicate the area of emphasis according to this code: (i) Elementary, (j) Secondary, and (l) Bilingual. Repeatable for credit with different emphasis. Prerequisite: Admittance to the Educator Preparation Program; 2.75 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Courses in Early Childhood Education (ECE)

ECE 4300. The Languages of Children: Acquisition and Use.
This course is designed to provide pre-service teachers with pertinent information regarding the development of language and cognition in pre-school and school-aged children. Information regarding language structure, the sequence of development as well as the cognitive and social aspects of language acquisition and use will be included. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

ECE 4301. Play in Educational Settings for Diverse Learners.
This course examines "play" as a fundamental mechanism for learning in schooling and society through historical, sociological, anthropological, and cultural perspectives with a focus on constructive play and sociodramatic play in educational settings. Students will explore equity in children's access to power and voice within play, deconstruct deficit-oriented views of children, examine the impact of play deprivation, and analyze how children acquire powerful cultural tools for problem-solving from home communities. In field experiences students will design inclusive play environments, utilize strategies designed to support and encourage children's play, and observe and document young children as they utilize play-based skills.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ECE 4310. Seminar for Teachers of Young Children.
Directed field experiences in observation, participation, problem solving, assessing and teaching in programs for young children. A minimum of 1.5 hour seminar per week is required in addition to assignment (three hours weekly) in an approved preschool or kindergarten program. Prerequisite: A minimum 2.75 overall GPA and departmental approval.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter
ECE 4352. Curriculum for Preschool and Kindergarten Children. Emphasizes research, program development, and developmentally appropriate teaching strategies, materials and activities for children ages 3-6 and collaboration with families. Prerequisite: A minimum 2.75 overall GPA and departmental approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ECE 4380. Independent Study in Early Childhood. In-depth study of selected topics of current need or interest in early childhood education. Work due on independent study basis with faculty member and only with permission of department. Repeatable for credit with different emphasis. Prerequisites: Admittance to the Educator Preparation Program; 2.75 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Courses in Educational Psychology (EDP)

EDP 1350. Effective Learning. A study of the acquisition of procedural knowledge through the application of human learning theory, cognitive behavior modifications, and developmental psychology. Generalization and transfer of this knowledge will be emphasized. Repeatable for credit with different emphasis.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: EDUC 1300

EDP 2150. Strategic Learning. Theoretical models of strategic learning, cognition, and motivation serve as the conceptual basis for college-level academic strategies. Students use assessment instruments to help them identify their own strengths and weaknesses as strategic learners.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

Courses in Reading (RDG)

RDG 3312. Reading and Writing Instruction for Children with Special Needs. Course focuses on classroom reading instruction for children not making average progress in literacy. Course topics: nature and identification of literacy difficulties, including dyslexia; modification of instruction for children with special needs; diagnostic teaching, teacher/program effectiveness and legal requirements of special populations. (MULT) Prerequisite: Admittance to the Educator Preparation Program and a minimum 2.75 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

RDG 3315. Assessing Literacy: Early Childhood Through Grade Six. Students will understand principles of literacy assessment to guide literacy instruction for all children, including culturally and linguistically diverse students, and plan appropriate instruction in a field-based setting. Prerequisite: A minimum 2.75 overall GPA and departmental approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RDG 3320. Integrating Reading and Writing. Course focuses on the integration of reading and writing with other subject areas, especially social studies, with special attention given to ESL methodologies for language arts instruction. The workshop approach for reading and writing is emphasized. (WI) (MULP) Prerequisite: A minimum 2.75 overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Perspective|Writing Intensive
Grade Mode: Standard Letter

RDG 3321. Literacy Instruction for Early Childhood Through Grade Six. Course provides for the understanding, critical analysis, and application of current literacy methods and materials, with a focus on ESL theories and methodologies. Course is taught in a field-based setting. (WI) Prerequisite: A minimum overall 2.75 Overall GPA and departmental approval.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

RDG 3323. Teaching Literacies in the Content Areas. This course focuses on content-specific literacies in secondary teaching fields with an emphasis on reading, writing, and other 21st Century literacies in support of content-area learning. Topics include strategies for differentiating instruction across a variety of content areas, honoring socio-cultural dimensions of literacy, writing to learn, assessing literacies using various methods, and adapting instruction to meet student learning needs. Numerous content areas will be addressed. Prerequisite: A minimum 2.75 overall GPA and departmental approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RDG 4310. Content Reading. Course provides information about instruction in the elementary content areas with emphasis on the effective use of textbooks and tradebooks. Course topics include: nature and purpose of content instruction and reading, text selection, use of tradebooks, comprehension, inquiry learning and problem solving, and assessment and meeting individual needs in content reading. Prerequisite: A minimum 2.75 overall GPA and departmental approval.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter
RDG 4320. Language and Literacy in Diverse Communities.
Course includes the examination of sociolinguistic theories and an introduction to culturally responsive teaching of literacy. Topics address social identity factors, ethnicity, language variation, bilingualism, and the acquisition of Standard American English with implications for effective literacy instruction. (MULT) Prerequisite: CI 2311 with a grade of "C" or better.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

RDG 4330. Teaching Reading/Language Arts in Middle School.
This course examines how the teaching of reading/language arts is informed by theory and research. In this course students will analyze the foundations of reading and language arts as disciplines, reading/language arts curricular issues, reading/language arts pedagogy, controversial issues in reading/language arts pedagogy, and the construction of conceptual, inquiry-based units. Prerequisites: Admittance to Educator Preparation Program; must be declared as seeking 4-8 grade teacher certification; junior or senior classification required; grades of "C" or better must be earned in all prerequisites; 2.75 Overall GPA required.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

RDG 4340. Independent Study in Reading Instruction.
Analysis and interpretation of selected topics of special interest in reading and language arts instruction. Topics and instructors will vary from semester to semester. Repeatable for credit with different emphasis. Prerequisites: Admission to the Educator Preparation Program; 2.75 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Courses in Special Education (SPED)

SPED 2360. Survey of Exceptionalities.
Course provides for the examination of types, characteristics, and causes of various exceptionalities; identifies federal laws as they relate to various populations; and serves as an introduction to the education of exceptional students in the home, school, and community. (MULT).

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

SPED 3338. Educating Students with Emotional/Behavioral Disorders.
This course addresses topics associated with teaching students with emotional/behavioral disorders. Content includes an overview of definitions and characteristics, etiological factors, assessment for diagnosis and intervention planning, treatment options, including methods and materials for effective instruction, collaborative interagency services, and current issues. (MULT) Prerequisites: If SPED 2360 is taken prior to this course, students must have earned a "C" or better. Corequisites: SPED 2360.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

SPED 3390. Assessing Students with Disabilities.
The course provides information about formal and informal assessment for the identification of cognitive aptitude, academic achievement, social, emotional, and motor development; and includes implications of these results for instruction or remediation. (MULT) Prerequisites: SPED 4345 with grade of "C" or better.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

SPED 4310. Independent Study in Special Education.
This course is an in-depth study of selected topics of current interest in special education. Coursework is completed on an independent study basis with a faculty member and available only with permission of program. (MULT) Prerequisite: Departmental approval.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

SPED 4340. Evidence-Based Instructional Practices for Students with Mild or Moderate Disabilities.
This course delineates evidence-based instructional theories and practices for students with mild or moderate disabilities and targets curricular and instructional design for students who need specialized methods for successful learning. Topics include curriculum-based measurement and progress monitoring, evidence-based strategies matched to presenting characteristics, and evidence-based inclusion models. (MULT) Prerequisite: SPED 2360 with a grade of "C" or better.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

SPED 4344. Educating Students with Mild Disabilities.
The course provides information about modifications for students with mild disabilities. Characteristics of special education categories discussed with primary emphasis on learning disabilities. Role of classroom management and classroom teacher’s role with students with mild disabilities addressed. Methods for individualizing instruction under a variety of classroom conditions presented. (MULT).

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter
SPED 4345. Teaching Language Arts to Students with Disabilities.
Course provides effective, research-based instruction for struggling readers, including basic literacy and adaptations to facilitate students’ access to the general education curriculum. Basic literacy content will be presented, including information on phonological awareness, word study and spelling, fluency, comprehension, and writing across content areas. (MULT) Prerequisites: SPED 2360 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

SPED 4374. Classroom and Behavior Management Strategies for Students with Disabilities.
Effective strategies for classroom management. Topics include: common management problems, evaluation of classroom management approaches, strategies for preventing behavior problems, teaching new behaviors, increasing desired group and individual behaviors, and positive strategies for reducing inappropriate group and individual behaviors. (MULT) Prerequisites: SPED 2360 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

This course provides an overview of student characteristics and appropriate instructional techniques pertaining to individuals with intellectual and developmental disabilities. Techniques include specialized assessment and instructional strategies, functional curriculum development, transition planning, positive behavior supports, and assistive technologies. (MULT) Prerequisites: Must be declared as seeking All-Level Special Education teacher certification or with a Special Education minor; if SPED 2360 is taken prior to this course, students must have earned a "C" or better. Corequisite: SPED 2360.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

SPED 4389. Special Education Practicum.
This course provides opportunities for students to design and apply assessment, planning, and instructional strategies. Students may be required to instruct in one or more content areas including academic, life, social, prevocational or vocational and/or communication skills. (MULT) Prerequisites: SPED 2360 and SPED 3338 and SPED 4340 and SPED 4345 and SPED 4374 and SPED 4381 and a minimum 2.75 overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 5 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

Minimum required: 120 semester credit hours

Admission Requirements
1. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (http://mycatalog.txstate.edu/undergraduate/education/office-of-educator-preparation/).

General Requirements
1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (http://mycatalog.txstate.edu/undergraduate/general-education-core-curriculum/) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. In addition to the general education core curriculum requirements, the Bachelor of Arts degree (http://mycatalog.txstate.edu/undergraduate/degree-program-information/) (B.A.) requires three additional hours of English literature, three hours of math/science/logic/computer science courses, six hours of 2000-level modern language courses. A minor is typically required for the B.A. degree programs; however, for this program the major in another teacher certification degree program fulfills the requirement for a minor.
3. Nine hours of writing intensive (WI) courses are required for graduation, which can be completed by courses in the major or double major or the general education core curriculum.
4. In addition to the Education major and general education core curriculum requirements, students must also complete a second major in the discipline related to the teacher certification sought. All coursework must be completed prior to enrolling in EDST 4681.
5. Students must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
6. The Texas Education Agency (TEA) requires multiple background checks for progression through the Educator Preparation Program. Based on information recorded in your criminal history, you may be ineligible for issuance of a teaching certificate upon completion of the Educator Preparation Program. If you have a criminal history, you may obtain a Preliminary Criminal History Evaluation from TEA. For more information, go to: https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/ (https://na01.safelinks.protection.outlook.com/?url=https%3A%2F%2Ftea.texas.gov%2FTexas_Educators%2FInvestigations%2FPreliminary_Criminal_History_Evaluation-FAQs%2F&data=02%7C01%7Cholschu%40txstate.edu%7C9bf815b943a45a19e6970b65f08537%7Cb19c134a14c94d4ca49af5c420f49%7C0%7C0%7C636791988354269026&data=!lMrHy4PpAsueZ4L69PPbQiwNw%3D%3D&reserved=0).
7. To satisfy graduation requirements for teacher certification, students must have an Overall GPA of at least 2.75, as well as grades of "C" or better in all courses within the Major(s), Teaching Field(s), Certification area(s), and/or in the Education Minor.
8. For transfer students, 6 semester credit hours in Curriculum and Instruction and Special Education may be transferred from a Texas public institution of higher education for the Associate of Arts in Teaching Field of Study and be applied to the Bachelor of Arts degree with a major in Education at Texas State University. More
information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list.

Total Hours: 120

1. Students must complete 6 hours of the same foreign language (2310 and 2320). Most students complete 1410 and 1420 as prerequisites before attempting 2310.

2. Students may choose from the following: ANTH 2301 & ANTH 2101, BIO, CHEM, CS, GEO 2410, GEO, MATH, PHIL 2330, or PHYS. This course must be different from courses taken to satisfy the Life and Physical Sciences Component Code 030.

**Minimum required: 121 semester credit hours**

### Admission Requirements

1. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (http://mycatalog.txstate.edu/undergraduate/education/office-of-educator-preparation/).

### General Requirements

1. To satisfy graduation requirements for teacher certification, students must have an Overall GPA of at least 2.75, as well as grades of “C” or better in all courses within the Major(s), Teaching Field(s), Certification area(s), and/or in the Education Minor.

2. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.

3. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

4. The Texas Education Agency (TEA) requires multiple background checks for progression through the Educator Preparation
Program. Based on information recorded in your criminal history, you may be ineligible for issuance of a teaching certificate upon completion of the Educator Preparation Program. If you have a criminal history, you may obtain a Preliminary Criminal History Evaluation from TEA. 1 While not recommended, previously completed courses in some areas can be substituted for the following degree requirements:
- MATH 2321 or MATH 2417 or MATH 2471 with a grade of "C" or better can satisfy the MATH 1315 or MATH 1319 requirement.

Minimum required: 120 semester credit hours

Admission Requirements
1. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (http://mycatalog.txstate.edu/undergraduate/education/office-of-educator-preparation/).

General Requirements
1. To satisfy graduation requirements for teacher certification, students must have an Overall GPA of at least 2.75, as well as grades of "C" or better in all courses within the Major(s), Teaching Field(s), Certification area(s), and/or in the Education Minor.
2. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.
3. Any degree program of 122 hours or more may be considered a five-year program. To complete the predetermined sequence of courses in 4 years, students will most likely need to attend summer sessions.
4. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

1. While not recommended, previously completed courses in some areas can be substituted for the following degree requirements.
   - CHEM 1341 or CHEM 1342 can satisfy the CHEM 1310 requirement.
   - MATH 2471 can satisfy the MATH 2321 requirement.

### Minimum required: 121 semester credit hours

## Admission Requirements

1. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (http://mycatalog.txstate.edu/undergraduate/education/office-of-educator-preparation/).

## General Requirements

1. To satisfy graduation requirements for teacher certification, students must have an Overall GPA of at least 2.75, as well as grades of "C" or better in all courses within the Major(s), Teaching Field(s), Certification area(s), and/or in the Education Minor.

2. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.

3. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

4. The Texas Education Agency (TEA) requires multiple background checks for progression through the Educator Preparation Program. Based on information recorded in your criminal history, you may be ineligible for issuance of a teaching certificate upon completion of the Educator Preparation Program. If you have a criminal history, you may obtain a Preliminary Criminal History Evaluation from TEA. For
more information, go to: https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/.

**Total Hours: 119**

1. If students take MATH 1315, then they will need to take an additional 1-hour class to reach the 120-hour requirement for the degree.
2. CS 1308 with a grade of "C" or better can satisfy the CS 1428 requirement.

**Minimum required: 120-121 semester credit hours**

**Admission Requirements**

1. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (http://mycatalog.txstate.edu/undergraduate/education/officer-of-educator-preparation/).

**General Requirements**

1. To satisfy graduation requirements for teacher certification, students must have an Overall GPA of at least 2.75, as well as grades of "C" or better in all courses within the Major(s), Teaching Field(s), Certification area(s), and/or in the Education Minor.
2. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.
3. Any degree program of 122 hours or more may be considered a five-year program. To complete the predetermined sequence of courses in 4 years, students will most likely need to attend summer sessions.
4. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
5. The Texas Education Agency (TEA) requires multiple background checks for progression through the Educator Preparation Program. **Minimum required: 121 semester credit hours**

**Admission Requirements**

1. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (http://mycatalog.txstate.edu/undergraduate/education/office-of-educator-preparation/).

**General Requirements**

1. To satisfy graduation requirements for teacher certification, students must have an Overall GPA of at least 2.75, as well as grades of “C” or better in all courses within the Major(s), Teaching Field(s), Certification area(s), and/or in the Education Minor.

2. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.

3. Any degree program of 122 hours or more may be considered a five-year program. To complete the predetermined sequence of courses in 4 years, students will most likely need to attend summer sessions.

4. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

5. The Texas Education Agency (TEA) requires multiple background checks for progression through the Educator Preparation Program. Based on information recorded in your criminal history, you may be ineligible for issuance of a teaching certificate upon completion of the Educator Preparation Program. If you have a criminal history, you may obtain a Preliminary Criminal History Evaluation from TEA. For more information, go to: [https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/](https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/).

1. While not recommended, previously completed courses in some areas can be substituted for the following degree requirements:
   - MATH 2321 or MATH 2417 or MATH 2471 with a grade of "C" or better can satisfy the MATH 1315 or MATH 1319 requirement.
   - BIO 1321 or BIO 1330 or BIO 1331 with a grade of "C" or better can satisfy the BIO 1320 requirement.

The minor in Special Education requires 21 semester credit hours. Students pursuing the minor in Special Education, who are not otherwise declared in a teacher certification-seeking degree plan, do not need to be admitted to the Educator Preparation program. They will, however, encounter prerequisite restrictions when attempting to register for their SPED minor courses since those courses require the "Teacher Certification Cohort" as a prerequisite. In order to resolve this, those students will need to request prerequisite overrides each semester for each SPED course they plan to register for by using the CI Department’s Prerequisite Override Request form. For more information contact the Department of Curriculum and Instruction (http://www.education.txstate.edu/ci/).
## Exercise and Sports Science

The Bachelor of Exercise and Sports Science (BESS) degree has several specializations that allow graduates to prepare for careers and postgraduate training in health and rehabilitation professions, education, exercise prescription, management of exercise programs, and coaching. For students interested in health and rehabilitation careers, the BESS with a concentration in Pre-Rehabilitation Science gives students a degree that is well aligned with entrance requirements of advanced study in health care and allied health professions like athletic training, physical therapy, occupational therapy, orthotics/prosthetics, chiropractic, or physician’s assistant. For students interested in a career in athletic training, the Pre-Rehabilitation Sciences concentration also offers a 3/2 dual program through which students may complete both BESS degree and Master of Science in Athletic Training degree within 5 years. Current information on the 3/2 program admission requirements can be found here. The BESS with a concentration in Clinical Exercise Science prepares graduates for careers in cardiopulmonary, clinical exercise physiology, and diagnostic testing and programming for cardiac rehabilitation and other special populations. The BESS with All-level Physical Education (EC-12) Teacher Certification prepares graduates to teach in elementary and secondary schools. The BESS with a major in Health and Fitness Management and minor in Business Administration blends exercise science knowledge with the management and leadership skills needed to direct fitness and health/wellness programs in commercial, corporate, and institutional settings. Select advanced course work and field experiences may be required for graduation in these programs and depend on maintenance of GPAs above 2.0 or 2.75.

### Public Health

The Bachelor of Science in Public Health will provide students with the breadth of knowledge, skills, and experiential learning for careers in public health. The purpose of the program is to facilitate development of knowledge and skills to promote health in public health settings (e.g., community, governmental, educational, healthcare) by using evidence-based practices to design, implement, and evaluate public health programs that impact individual behavior, community environments, and public policy. Students can complete the general B.S. in Public Health degree, or they can choose one of the three concentrations: Applied Epidemiology, Health Equity, or Health and Wellness Coaching. Graduates of this program play a vital role in the public health and health promotion workforces. Careers include jobs with governmental public health agencies, industries, non-profit organizations, and various clinical settings with specializations in obesity and diabetes prevention, epidemiology, mental health, substance abuse prevention, public policy, environmental health, maternal, child, and adolescent health, or worksite wellness. Completion of this program may lead to further education opportunities in community and public health, health promotion, allied health, dental, and medical graduate programs. Upon degree completion, students are eligible to sit for the national Certified Health Education Specialist (CHES), Certified in Public Health (CPH), and the Certified Wellness Practitioner (CWP) exams.

### Recreation Studies

The Bachelor of Science in Recreation Studies combines classroom learning, field-based learning and on-the-job training in two career tracks: recreation administration and therapeutic recreation. Students study recreation programming, leadership, marketing, evaluation, administration, and therapeutic recreation. Recreation Studies graduates work in camps, nursing homes, recreation centers, resorts, hospitals, rehabilitation facilities, fitness centers, and state and national parks. The program is nationally accredited by the Council on Accreditation, Parks, Recreation, Tourism and Related Professions (COAPRT) in both recreation studies and therapeutic recreation. Graduates of this program are eligible to sit for certification examinations for National Council for Therapeutic Recreation Certification (Certified Therapeutic Recreation Specialist - CTRS) and/or the National Recreation and Park Association (Certified Park and Recreation Professional - CPRP).

### PFW Service Courses

Several Texas State degree programs require Physical Fitness and Wellness (PFW) classes to give students knowledge, skills, and health-related benefits of physical activity. All students may elect to take PFW classes to learn new skills/activities, relieve stress, maintain health, and meet others with similar activity interests. Most students may elect to take PFW 1301 (Behavioral and Social Dimensions of Physical Activity and Wellness) to satisfy their general education requirement in social and behavioral sciences. The PFW program provides a wide variety of activity classes that include sports, games, indoor or outdoor activities both on and off campus. PFW classes are for students of all ages, skill ranges, and abilities. Some PFW classes, however, are restricted to students who are involved in athletics, band, ROTC, and other organizations. Some off-campus classes have an additional activity fee appropriate for the instructor and facilities used. Contact the Director of the PFW Division if you have any questions about PFW classes.

### Admittance to the Educator Preparation Program

The All-Level Physical Education Teacher Certifications requires formal admittance into the Educator Preparation Program by the Office of Educator Preparation (p. 244). Please see http://www.education.txstate.edu/oep/ for current admittance requirements and procedures.

### Bachelor of Exercise and Sports Science (B.E.S.S.)/M.S. Major in Athletic Training

Bachelor of Exercise and Sports Science (B.E.S.S.)
- Major in Exercise and Sports Science (Clinical Exercise Science Concentration) (p. 236)
- Major in Exercise and Sports Science (Pre-Rehabilitation Sciences Concentration) (p. 237)
- Major in Exercise and Sports Science (Teacher Certification in Physical Education, Early Childhood Through Grade 12) (p. 238)
- Major in Health and Fitness Management (p. 239)

Bachelor of Science (B.S.)
- Major in Public Health (p. 240)
- Major in Public Health (Applied Epidemiology Concentration) (p. 241)
- Major in Public Health (Health and Wellness Coaching Concentration) (p. 242)
- Major in Public Health (Health Equity Concentration) (http://mycatalog.txstate.edu/undergraduate/education/health-human-performance/public-health-health-equity-bs/)
- Major in Recreation Studies (Community Recreation Concentration) (http://mycatalog.txstate.edu/undergraduate/education/health-human-performance/recreation-studies-community-recreation-bs/)
- Major in Recreation Studies (Outdoor Recreation Concentration) (http://mycatalog.txstate.edu/undergraduate/education/health-human-performance/recreation-studies-outdoor-recreation-bs/)
- Major in Recreation Studies (Therapeutic Recreation Concentration) (http://mycatalog.txstate.edu/undergraduate/education/health-human-performance/recreation-studies-therapeutic-recreation-bs/)

Minors
- Coaching
- Exercise and Sports Science
- Public Health
- Recreation Administration

Subjects in this department include: AT (p. 222), ESS (p. 223), PFW (p. 227), PH, REC (p. 231)

Courses in Athletic Training (AT)
AT 2298. Orientation to Athletic Training Profession.
The purpose of this course is to provide the student with an introduction to the academic and clinical aspects of the profession of athletic training. The course includes the history of the profession, basic knowledge and skills, principles, and techniques used by an athletic trainer. The student will participate in educational observation of clinical experiences with a certified athletic trainer to gain more knowledge of the profession of athletic training. Prerequisite: HIM 2360 with grade of "C" or better.
2 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

AT 2356. Prevention and Care of Athletic Injuries.
This course focuses on the theoretical and practical aspects of the prevention, treatment, and rehabilitation of athletic injuries.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

AT 2400. Functional Anatomy.
The students will learn to qualitatively analyze the movements of the human body while integrating musculoskeletal anatomy and neuromuscular physiology principles. Corequisite: BIO 2430 with a grade of "C" or better.
4 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

The purpose of this course is to provide the students with a foundation in clinical skills associated with the athletic training profession. The course will include observational experiences. Prerequisite: HIM 2360 and AT 2298 both with grades of "C" or better.
2 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

AT 3311. Clinical Assessment I.
This course instructs students in the knowledge and skills used in the clinical evaluation of injuries and illnesses involving the head and face, brain, cervical spine, upper extremity, thorax, and pulmonary and cardiovascular systems. Prerequisite: AT 2356 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

AT 3312. Clinical Assessment II.
This course instructs students about the preliminary and secondary survey with emphasis on clinical assessment of lumbar spine and lower extremity injuries as well as abdomen, gastrointestinal, genitourinary, endocrine, dermatological, and systemic illnesses. Prerequisite: AT 3311 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

AT 3358. Clinical Pathopharmacology.
This course combines pathophysiology, the study of dynamic aspects of disease processes and study of drugs prescribed to prevent, diagnose, cure, or care for disease across the lifespan. Content includes etiology, pathogenesis, clinical presentation, implications for treatment, and pharmacological management. Prerequisite: BIO 2430 or [BIO 2451 and BIO 2452] either with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
This course provides a study of the structure and function of the human body with particular emphasis on the muscular, skeletal, vascular and nervous systems. Attention will be on the anatomy and physiology of the body systems focusing on understanding specific functions of body tissues. Laboratory study of the human cadaver is included. Prerequisite: AT 2400 with a grade of "C" or better.
4 Credit Hours. 2 Lecture Contact Hours. 4 Lab Contact Hours.
Grade Mode: Standard Letter

AT 4313. Clinical Therapeutic Interventions.
This course provides a theoretical and clinical background in the use of therapeutic interventions in physical medicine, both modalities and exercise, for patients with musculoskeletal and neurological injuries. Prerequisite: AT 3311 and AT 3312 both with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

AT 4360. Internship in Clinical Settings.
Students will be introduced to the clinical aspects of allied health professions by being assigned to a minimum of two clinical sites. Prerequisite: AT 3311 and AT 3312 both with a grade of "C" or better and a minimum 2.75 Texas State GPA.
3 Credit Hours. 0 Lecture Contact Hours. 20 Lab Contact Hours.
Grade Mode: Standard Letter

Courses in Exercise and Sports Science (ESS)

ESS 1100. Lifetime Fitness and Wellness.
This course introduces students to the concepts of health-related physical fitness. Emphasis is placed on learning how to teach these concepts. Students will design and implement an exercise program for enhancing health-related physical fitness. Restricted to majors or minors in Exercise and Sports Science, Athletic Training, or Health and Fitness Management.
1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: PHED 1164

ESS 1101. Seminar in Exercise and Sport Science.
This course provides students with an introduction to the various areas of exercise science, including interventions for healthy versus clinical populations, professional opportunities, individual awareness of professional responsibilities, familiarization with current trends and issues, and professional literature.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 1128. Aquatic Therapy.
The course addresses basic principles and concepts of aquatic therapy and aquatic emergency management. This course prepares students for the American Red Cross Basic Water Rescue Certification.
1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 1172. Beginning Field Sports.
This course prepares students to become proficient instructors of field sports, including softball and soccer. Emphasis is on skill development, instructional practices, peer coaching, rules, terminology, offensive and defensive strategies, team organization, game play, referee skills, skills assessment, and conditioning for field sports. Restricted to majors or minors in Exercise and Sports Science, Coaching, or Health and Fitness Management.
1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 1173A. Practicum for Teaching Individual Sports.
This course provides for real-life application of concepts learned in ESS 1310. This practicum aligns with an accompanying section of an approved Team Sports ESS/PFW Activity course. Pre-Service teachers seeking All-Level Physical Education teacher certification will gain valuable experience in planning and teaching lessons from a models-based teaching perspective. Prerequisite: ESS 1310 with grade of "C" or better.
1 Credit Hour. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ESS 1173B. Practicum for Teaching Team Sports.
This course provides for real-life application of concepts learned in ESS 1310. This practicum aligns with an accompanying section of an approved Team Sports ESS/PFW Activity course. Pre-Service teachers seeking All-Level Physical Education teacher certification will gain valuable experience in planning and teaching lessons from a models-based teaching perspective. Prerequisite: ESS 1310 with grade of "C" or better.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ESS 1173C. Practicum for Teaching Conditioning.
This course provides for real-life application of concepts learned in ESS 1310. This practicum aligns with an accompanying section of an approved Team Sports ESS/PFW Activity course. Pre-Service teachers seeking All-Level Physical Education teacher certification will gain valuable experience in planning and teaching lessons from a models-based teaching perspective. Prerequisite: ESS 1310 with grade of "C" or better.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter
ESS 1175. Beginning Jogging and Conditioning.  
This course presents the proper biomechanics of jogging, safety rules, and conditioning principles relevant to the activity. Course topics include warming-up and cooling-down, hydration, monitoring and modifying intensity, training for road races, and jogging-related injuries. Students will also learn how to train individuals entering into a jogging program. Restricted to majors or minors in Exercise and Sports Science or Health and Fitness Management.  
1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.  
Grade Mode: Standard Letter

ESS 1176. Beginning Tennis, Badminton, and Other Racket Sports.  
This course prepares Exercise and Sports Science majors to be proficient instructors of racket sports, including tennis and badminton. The emphasis is on the fundamentals of racket sports and program development for the beginner. Restricted to majors or minors in Exercise and Sports Science, Health and Fitness Management, or Coaching.  
1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.  
Grade Mode: Standard Letter

ESS 1177. Beginning Volleyball and Basketball.  
This course prepares students to become proficient instructors of volleyball and basketball. Emphasis is on skill development, instructional practices, peer coaching, rules, terminology, offensive and defensive strategies, team organization, communication, game play, referee skills, skills assessment, and conditioning for volleyball and basketball. Restricted to majors or minors in Exercise and Sports Science, Health and Fitness Management, or Coaching.  
1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.  
Grade Mode: Standard Letter

ESS 1178. Beginning Weight Training.  
This course prepares students to be proficient instructors of all forms of resistance training. Emphasis is on understanding the proper, safe, and effective techniques of weight lifting. Students will learn how to develop resistance-training programs for untrained individuals with a variety of conditions.  
1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.  
Grade Mode: Standard Letter

ESS 1201. Group Exercise Instructor Training.  
This course is for students interested in becoming certified group exercise instructors. Students will learn how to safely and effectively conduct group exercise classes. Students will be trained to teach a variety of formats, such as high- and low-impact aerobics, step aerobics, kickboxing, yoga, and resistance training. Prerequisite: Major in Health and Fitness Management or consent of the instructor.  
2 Credit Hours. 1 Lecture Contact Hour. 1 Lab Contact Hour.  
Grade Mode: Standard Letter

This introductory course provides an essential foundation for students beginning their course of study in the field of sports medicine. Students will understand key principles of professionalism, responsibilities, ethics and legal aspects, scope of practice, and health care job opportunities in the careers of sports medicine.  
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.  
Grade Mode: Standard Letter

ESS 1310. Introduction to Teaching Physical Education.  
This course is designed to teach students how to design and implement a comprehensive physical education program in school settings. Concepts from the course can be extended to include before or after school programs as well for all grade levels (K-12).  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Grade Mode: Standard Letter

ESS 2320. Motor Development.  
This course provides the exercise science and physical education student with a knowledge base in the study of changes in motor behavior across the lifespan, the processes that underlie these changes, and factors that affect them. Prerequisite: Major or minor in Exercise and Sports Science.  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Grade Mode: Standard Letter

ESS 2321. Curriculum Design & Implementation in Physical Activity Settings.  
This course is designed to teach students how to design and implement a comprehensive physical education program in school settings. Concepts from the course can be extended to include before or after school programs as well for all grade levels (K-12).  
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.  
Grade Mode: Standard Letter

ESS 3117. Laboratory in Exercise Physiology.  
In this laboratory course, students perform experiments that highlight the physiological responses to exercise. This course also introduces students to basic techniques in the assessment of health and human performance, including the assessment of maximal oxygen consumption, body composition, anaerobic power and capacity, muscular fitness, movement economy, and dietary intake. Prerequisite: BIO 2430 or [BIO 2451 and BIO 2452] or [BIO 3425 and BIO 3426] any with grades of "C" or better and a minimum 2.0 Overall GPA. Corequisite: ESS 3317 with a grade of "C" or better.  
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.  
Grade Mode: Standard Letter
ESS 3180. Cardiopulmonary Resuscitation (CPR), First Aid, and Basic Life Support (BLS).
This course will teach the fundamentals of Cardiopulmonary Resuscitation (CPR) and First Aid. An extension of the class will include Basic Life Support (BLS) i.e. epinephrine injection, supplemental oxygen administration, and automated defibrillation administration.
1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 3303. Assistant Dive Instructor.
This course provides students with the technical knowledge necessary to prepare for the Assistant Diver Instructor Scuba Certification. Topics include advanced diving physiology, air station operations, assisting instructors with beginning open-water dive students, and boat diving operations. Prerequisite: PFW 1201 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 3304. Divemaster.
This course provides students with the technical knowledge necessary to prepare for the National Association of Underwater Instructors Divemaster Scuba Certification. Topics include advanced diving physiology, organizing open-water dives, air station operations, assisting instructors with beginning and advanced open-water dive students, and boat diving operations. Prerequisite: Assistant Instructor Certification.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 3317. Exercise Physiology.
Students learn the acute and chronic physiological responses to exercise. Emphasis is on muscle bioenergetics, muscle contractile properties, performance improvement through training and supplementation, as well as cardiopulmonary and endocrine responses to exercise. Prerequisite: BIO 2430 2430, or [BIO BIO 2451 and BIO 2452] 2452, with grades of "C" or [BIO 3425 and BIO 3426] any with grades of "C" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

ESS 3319. Introduction to Cardiopulmonary Exercise Physiology.
This course introduces students to the cardiovascular and pulmonary systems, discusses the physiological dynamics, control mechanisms, and system interrelationships of the cardiovascular and pulmonary systems, and explores the effects of exercise on these systems, including the physiological factors that limit exercise tolerance across the spectrum of health and chronic disease. Prerequisite: BIO 2430 or [BIO BIO 2451 and BIO 2452] and ESS 1101 all with grades of "C" or better a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 3320. Biomechanics.
This course provides an introduction to the mechanical foundations of anatomical function and human movement. Qualitative and quantitative biomechanical analyses of human movement are introduced to inform the prescription of technique, equipment, and training interventions. Prerequisite: BIO 2430 or [BIO 2451 and BIO 2452] or [BIO 3425 and BIO 3426] all with grades of "C" or better and a minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 3321. Teaching Elementary Children Physical Activity.
This course introduces students majoring in Elementary Education and/or Exercise and Sports Science to physical education knowledge and movement concepts. It provides innovative techniques for incorporating physical activity within the elementary school setting. The course presents theory and then guides the students in applying those theories in a practical way.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 3323. Psychosocial Aspects of Exercise and Sport Science.
This course examines the psychological and social theories and research related to physical activity. Emphasis is on the determinants that influence exercise behavior and sport participation.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 3325. Applied Assessment of Physical Activity.
This course is designed to provide students with a theory to practice approach in the assessment of physical activity within the physical education setting. Particular emphasis is placed on empowering students to use relevant and meaningful physical activity assessments in K-12 schools. Prerequisites: ESS 1310 and ESS 2320. Restricted to majors seeking all level Teacher Certification in Physical Education.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 3329. Motor Learning.
This course provides students with an understanding of the physiological, neurological, and psychological factors affecting performance and acquisition of motor skills. Students will examine the structural components underlying the learning of motor skills as drawn upon examples from sport, physical activities, and rehabilitation. Prerequisite: A minimum 2.0 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course examines the theories and principles of effective coaching, including philosophy, ethics, strategies, team motivation and organization, coach-athlete relationships, performance analysis, and the administration of facilities, personnel, and contests.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
ESS 4100. Professional Development in Health and Fitness Management. This course prepares students to obtain a health and fitness internship and to actively participate in professional development activities including conferences, development of resumes, and interaction with health and fitness professionals. Must be taken the last long semester before internship. Prerequisite: A minimum 2.0 Overall GPA.

1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 4101. Professional Development in Clinical Exercise Science. This course prepares students to obtain an internship related to clinical exercise science and to actively participate in professional development activities including conferences, development of professional materials, and interaction with clinical exercise professionals. Must be taken the last long semester before internship. Prerequisite: A minimum 2.0 Overall GPA.

1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 4317. Fitness Assessment and Programming for Healthy Populations. Students are presented with current information on fitness assessment and exercise programming for healthy individuals of all ages and fitness levels. Emphasis is placed on preparation for multiple certifications offered by relevant professional organizations. Prerequisites: ESS 3117 and ESS 3317 both with grades of "C" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 4318. Fitness Assessment and Programming Practicum for Healthy Populations. During this 80-hour practicum, students will acquire advanced knowledge and skills associated with appraising health risk, assessing fitness levels, and designing exercise programs for diverse populations through on-line, classroom, and laboratory settings as well as through field-based experiences by working in a variety of venues. Prerequisite: ESS 3117 and ESS 3317 with grades of "C" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 4319. Fitness Assessment and Programming in Clinical Exercise Science. This course provides students with an opportunity to develop knowledge, skills, and competence required to assess and prescribe exercise for clinical populations and to gain knowledge related to managed care and rehabilitation with clinical patients. Prerequisites: ESS 3117 and ESS 3317 both with grades of "C" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 4320. Resistance Training and Conditioning. This course discusses the development and evaluation of training principles and programs for diverse populations. Emphasis is placed on physiological adaptations and mechanical principles related to the application of resistance training. Prerequisites: ESS 3117 and ESS 3317 both with grades of "C" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

ESS 4321. Fitness Assessment and Programming Practicum in Clinical Exercise Science. This course presents current exercise and sports science information on testing and programming for clinical populations. This course provides fundamental knowledge, competence, and skills necessary to conduct safe and valid assessments, interventions, and rehabilitation programs for patients with health problems. Students will spend 80 hours at a practicum site. Prerequisite: ESS 1101 and ESS 3117 and ESS 3317 and ESS 3319 all with grades of "C" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 1 Lecture Contact Hour. 5 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 4322. Adapted Physical Education. This introductory course provides All-Level teacher certification candidates in Exercise and Sports Science with content knowledge on legal mandates, evidence-based practices, and the characteristics of selected disabilities and their considerations when designing meaningful individualized physical activity experiences to meet the students with disabilities in school settings. Prerequisites: ESS 1310, ESS 2320 and 2.75 overall GPA. (WI).

3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ESS 4323. Adapted Physical Activity. This course introduces students to the field of adapted physical activity, including sport and leisure for persons with disabilities. This course provides content knowledge on how to instruct physical activities to individuals with unique needs in various settings. (WI).

3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ESS 4324. Adapted Physical Activity. This course introduces students to the field of adapted physical activity, including sport and leisure for persons with disabilities. This course provides content knowledge on how to instruct physical activities to individuals with unique needs in various settings. (WI).

3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ESS 4333. Fitness Assessment and Programming for Populations Requiring Special Considerations. This course provides practical information on fitness assessment and programming for persons requiring special considerations due to their age, pregnancy, obesity, diabetes, low back pain or other health conditions. Prerequisite: ESS 1101 and ESS 3117 and ESS 3317 all with grades of "C" or better and a minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
ESS 4337. Independent Study in Exercise and Sports Science. This course is for students who are interested in research related to Exercise and Sports Science. Students develop a research study, collect data, and analyze the results. Repeatable for credit with different emphasis. Prerequisites: A minimum GPA of 3.00 and special approval.

3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Credit/No Credit

ESS 4340. Internship in Coaching. This 220-hour internship provides students with work-related experience. Students will strengthen their coaching-related knowledge, skills, and abilities by observing and shadowing coaches as well as assisting with a range of tasks, including training athletes, managing the facilities, and organizing practices. Prerequisites: completion of all coursework required for the minor in Coaching and special approval.

3 Credit Hours. 0 Lecture Contact Hours. 15 Lab Contact Hours.
Grade Mode: Credit/No Credit

ESS 4351. Measurement & Evaluation in Exercise and Sports Science. This course introduces students to the fundamental principles and techniques of measuring human performance related to Exercise and Sports Science, as well as evaluating and interpreting the results of exercise science and human performance tests in children and adults. Prerequisite: A minimum 2.0 Overall GPA.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 4624. Principles and Practices for Teaching Physical Education. This course provides students with an in-depth study of theory and curriculum encompassing the design and implementation of developmentally appropriate and culturally responsive physical education programs for children and adolescents. Emphasis is on implementing evidenced-based curricula that promote youths' enjoyment of and participation in lifelong physical activity. Prerequisites: ESS 1310 and ESS 2320 and ESS 3325, all with a grade of "D" or better, and 2.75 overall GPA.

6 Credit Hours. 6 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 4660. Exercise and Sports Science Internship. In this 400-hour internship, students will apply theoretical health and fitness management principles and concepts to an organizational setting. This course requires students to participate in a health and fitness organization/agency and complete a semester-long planning and evaluation project. (WI) Prerequisite: A minimum 2.0 Overall GPA and department approval.

6 Credit Hours. 0 Lecture Contact Hours. 25 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ESS 4661. Internship in Clinical Exercise Science. This course places the student in a professional work environment to apply the concepts of exercise rehabilitation in a cardiac care, respiratory therapy, or other healthcare setting, under the supervision of professionals in the field. Students are required to spend 400 hours in this internship position. Prerequisite: Department approval and a minimum 2.0 Overall GPA.

6 Credit Hours. 6 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

Courses in Physical Fitness/Wellness (PFW)

PFW 1101. Lifetime Fitness & Wellness. To develop knowledge, skills, and physical activity behaviors associated with personal fitness and wellness.

1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

PFW 1110A. Aerobic Conditioning. This course covers a variety of aerobic conditioning formats.

1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: PHED 1164

PFW 1110B. Group Fitness. This course will include various types of aerobic/cardio exercise formats.

1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: PHED 1164

PFW 1110C. Gymnastics. Gymnastics.

1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
PFW 1110F. Fitness Conditioning.
This course covers basic fitness conditioning principles and activities.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: PHED 1164

PFW 1110G. Beginning Weight Lifting.
Beginning Weight Lifting.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

PFW 1110K. Restricted Fitness Activities.
Restricted Fitness Activities.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

PFW 1114A. Principles and Practice of Cross-Training.
This course is designed for students prepared to undertake advanced physical training to achieve advanced fitness goals. Students perform cross-training, survey the exercise science foundations of cross-training, test and design a personalized evidence-based programs.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

PFW 1114B. Military Physical Fitness Training.
This course is designed to expose students to a military-style physical fitness program of running, calisthenics and cross training. It is designed to test and improve students’ physical fitness levels and prepare them to take and pass the official Air Force Physical Fitness Assessment.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

PFW 1114C. Ranger Challenge Military Fitness Training.
This course is designed to expose students to vigorous and challenging military style conditioning for special events of elite military units like the Army Rangers. The course will prepare students to compete for the opportunity to represent Texas State Army ROTC program during the annual national Ranger Challenge competition.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

PFW 1114D. YMCA Lifeguard Training.
This course provides the knowledge and skill necessary to be lifeguard. Successful students will be certified in ASHI for lifesaving, CPR Pro, and basic first aid. Students must pass a physical skills test prior to the class and must be at least 16 years of age.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Credit/No Credit

PFW 1125A. Wrestling.
Wrestling.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

PFW 1130A. Beginning Basketball.
Beginning Basketball.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing

PFW 1301. Social and Behavioral Dimensions of Physical Fitness and Wellness.
Students will explore the role of physical activity in a healthy and productive society. The course focuses on social and cultural influences on motivation, values and beliefs related to physical activity, as well as the impact of physical activity on individual, community, and population.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Soc & Behav Sciences Core 080
Grade Mode: Standard Letter

PFW 2301. Rescue SCUBA Diver/Diving First Aid for Professional Divers.
This course trains divers in the knowledge and skills needed to manage risks and effectively handle limited in-water problems and diving related emergencies. The rescue portion includes assists, transports, surface rescues and rescues from depth involving both boat- and shore-based skin and scuba divers. The first aid portion includes duty of care and emotional response, dive emergency preparation, response and assessment, Oxygen first aid, AED, CPR for the healthcare professional, secondary care, and hazardous marine life injuries/first aid. Students with a SCUBA Diver or Advanced SCUBA Diver certification from another agency or institution will be accepted provided the student’s diving. Prerequisite: PFW 1190F or PFW 1201 or equivalent with a grade of "C" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

All PFW courses meet two clock hours per week for one semester hour credit unless otherwise designated.

Courses in Public Health (PH)

PH 1310. Foundations of Personal Health.
This course provides an introduction to personal health and wellness topics including nutrition, mental health, sexual health, and physical fitness with an emphasis on health trends and health behaviors.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: PHED 1304

PH 1320. Introduction to Public Health.
This course provides students a basic understanding of U.S. and global public health systems. Students are also introduced to various public health settings, specific careers in public health, and public health certifications.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
PH 2338. Substance Use and Abuse.
This course explores the impact of substance use and abuse on personal, public, and population health. Course content includes current statistics and information on substance use and abuse issues and substance prevention interventions with a focus on public health prevention strategies.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: PHED 1346

PH 2340. Community Health.
This course acquaints students with issues, trends, developments, and principles in community health. The course also provides an overview of selected topics, such as epidemiology, community organization, and program planning. Corequisite: PH 1320 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

PH 3301. Environmental Health.
This course is an examination of the ecological impact resulting from contemporary sociopolitical action and its resulting influence on human health.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course emphasizes analysis and interpretation of health-related data. Descriptive and inferential statistics (including measures of central tendency and variability, estimation, ANOVA, and regression) will be used to understand factors associated with current health-related issues. (WI) Prerequisites: MATH 1312 or MATH 1315 or MATH 1317 or MATH 1319 or MATH 1329 or MATH 2321 or MATH 2417 or MATH 2471 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

PH 3321. Health in the School Setting.
This course offers a foundation in health methods and activities to provide resources for the elementary and secondary school teacher. Provides an overview of current school health issues: Whole School, Whole Community, Whole Child model, mental health, personal health, family life, substance abuse, and violence in the school setting.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

PH 3330. Inclusion and Diversity in Women's Health.
This course is designed to explore the health care concerns unique to women and to provide students with opportunities to create strategies to improve women's health. Particular attention will be given to issues that affect women in under-served populations and how to more effectively serve their needs.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

PH 3348. Prevention of Disease.
This course provides an overview of the etiology of communicable and chronic diseases with special emphasis on health promotion activities to reduce the incidence of disease in communities and society.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

PH 3350. Consumer Health.
This course focuses on consumer health and decision making with regard to the selection of health products and services. Students will learn how to effectively evaluate health information with emphasis on consumer literacy, public policy, and consumer products and services.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

PH 3360. Issues in Human Sexuality.
The course provides a study of human sexuality as a lifelong process of acquiring information and forming healthy attitudes, beliefs, and values regarding sexuality. Human sexuality's impact on personal and public health will be explored.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

PH 3370. Epidemiology.
This course introduces students to epidemiological concepts including determinants of health and patterns of disease in populations, population health descriptive techniques, use of health indicators and secondary data sources. Students will focus on epidemiology in community health assessment and program evaluation, and development of public health strategies and policy. Prerequisite: MATH 1312 or MATH 1315 or MATH 1317 or MATH 1319 or MATH 1329 or MATH 2321 or MATH 2417 or MATH 2471 or HON 2302A or HON 2302B and with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course focuses on principles of international health in global populations. Students explore roles of health educators collaborating with providers of health services to diverse populations.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

PH 3376. Worksite Health Promotion.
The purpose of this course is to introduce students to worksite health promotion. The focus of the course is on planning, implementing, and evaluating worksite health promotion programs. The course addresses other contemporary health issues, policies, and considerations that affect worksite health promotion.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
PH 4100. Professional Development in Public Health.
This course provides the opportunity for students to obtain a community or public health promotion internship and to actively participate in professional development activities including conferences, development of resumes and interaction with health professionals. If a student is planning to complete an internship, this course must be completed during the semester immediately prior.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

PH 4300A. Health Disparities.
This course explores social determinants of health and health disparities in the U.S. and globally. Students explore past and existing public health initiatives to address health disparities in various U.S. communities.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

PH 4335. Public Health Leadership.
This course allows students to develop discipline-specific leadership skills and a personal leadership philosophy which will help in managing public health and health promotion programs. Topics include leadership philosophy, staffing, programming, budgeting, public relations, facilities, and evaluations.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

PH 4336. Health Behavior Theory.
This course introduces students to health behavior theory, including cognitive, operant, and social theories of motivation and behavior, behavior change theory, social marketing, and social ecology. Students will also learn about the role of behavior theory in health promotion practice and public health interventions. (WI) Prerequisites: PH 1320 and PH 2340 both with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

PH 4360. Internship in Public Health.
This part-time internship involves the application of public health concepts to a community or public health setting. Students participate in the work of a health organization/agency and complete a semester-long project. A minimum of 240 contact hours is required. (WI) Prerequisite: PH 4100 with a grade of "C" or better and a minimum 3.0 major GPA and departmental approval. Corequisite: PH 4640 with a grade of "C" or better.
3 Credit Hours. 0 Lecture Contact Hours. 20 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

PH 4360A. Internship in Public Health.
This part-time internship involves the application of public health concepts to a community or public health setting. Students participate in the work of a health organization/agency and complete a semester-long project. A minimum of 240 contact hours is required. (WI) Prerequisite: PH 4100 with a grade of "C" or better and a minimum 3.0 major GPA and departmental approval. Corequisite: PH 4640 with a grade of "C" or better.
3 Credit Hours. 0 Lecture Contact Hours. 20 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

PH 4460. Public Health Program Planning and Evaluation.
Students apply professional knowledge and skills to the development of public health programs. Topics include needs assessment, data gathering techniques, instrument design, data and statistics, and the interpretation, reporting, and application of findings for program development. Cultural competency and communication are covered. (WI) Prerequisite: PH 1320 and PH 2340 both with grades of "C" or better. Corequisite: PH 4336 with a grade of "C" or better.
6 Credit Hours. 6 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

PH 4460A. Public Health Program Planning and Evaluation.
Students apply professional knowledge and skills to the development of public health programs. Topics include needs assessment, data gathering techniques, instrument design, data and statistics, and the interpretation, reporting, and application of findings for program development. Cultural competency and communication are covered. (WI) Prerequisite: PH 1320 and PH 2340 both with grades of "C" or better. Corequisite: PH 4336 with a grade of "C" or better.
6 Credit Hours. 6 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

PH 4640. Public Health Program Planning and Evaluation.
Students apply professional knowledge and skills to the development of public health programs. Topics include needs assessment, data gathering techniques, instrument design, data and statistics, and the interpretation, reporting, and application of findings for program development. Cultural competency and communication are covered. (WI) Prerequisite: PH 1320 and PH 2340 both with grades of "C" or better. Corequisite: PH 4336 with a grade of "C" or better.

Courses in Recreational Administration (REC)

REC 1310. Introduction to Recreation and Leisure Services.
Introduction to recreation, includes brief historical backgrounds, professional opportunities, present status, past and present leaders. Role of leisure time in our social structure, professional responsibility, familiarization with current issues and trends, and professional literature. Lecture and field trips. A grade of "C" or better in this course is required to enroll in any upper division Recreation Administration courses.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
GRADE: Standard Letter
TCCN: PHED 1336
REC 1330. Introduction to Outdoor Recreation.
This course provides students with an overview of the role the natural world plays in recreation and leisure services. The course will focus on values of outdoor recreation, adventure recreation, environmental impact, and the role of government in the provision and protection of outdoor recreation programs and resources.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

REC 1370. Introduction to Therapeutic Recreation.
This course surveys history, philosophy, terminology and professional opportunities in therapeutic recreation. The role of leisure and therapeutic recreation in enhancing quality of life is explored.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

REC 2330. Leadership in Recreation and Leisure Services.
Discussion of leadership theories and skill development for indoor-outdoor games and sports. Teaching activities to develop skill in programming various indoor/outdoor recreational settings.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

REC 2335. Recreation Program Development.
This course introduces students to basic principles and procedures for developing recreation programs that respond to human needs. This course provides students with opportunities to acquire and utilize recreation programming skills through practical application. Prerequisite: REC 1310 with a grade of "C" or better and REC 2330 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

REC 2336. Directed Field Experience in Programming Recreation.
Students participate in programming and leadership with a selected recreation agency. Online learning modules and communications guide the work and professional reflections. Prerequisite: REC 2335 with a grade of "C" or better and a minimum 2.0 Texas State GPA and instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TCCN: PHED 1336

REC 2335. Recreation Program Development.
This course introduces students to basic principles and procedures for developing recreation programs that respond to human needs. This course provides students with opportunities to acquire and utilize recreation programming skills through practical application. Prerequisite: REC 1310 with a grade of "C" or better and REC 2330 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

REC 3325. Recreation Administration.
This course covers administrative practices relevant to entry-level professionals in the recreation industry. Topics include foundations of management, decision-making, planning, coordination of resources, and ethics in the public recreation sector. Prerequisite: REC 2335 with a grade of "C" or better and [MATH 1312 or MATH 1315 or MATH 1317 or MATH 1319 or MATH 1329 or MATH 2321 or MATH 2417 or MATH 2471 or HON 2302A] with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

REC 3335. Advanced Recreation Program Development.
Students will develop advanced program planning skills through the integration of theories and models of program development, consideration of diverse target markets, performing needs assessments, and planning for risk management issues. Students will apply these planning skills through an applied project. Prerequisite: REC 2335 with a grade of "C" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

Introduce theories and provide practical experience in the development, operation, maintenance, and management of various recreational facilities. Prerequisite: REC 2335 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course focuses on methods, techniques and application of the evaluation process related to a wide variety of leisure service functions, including clientele and prospective participants, programs, personnel, facilities, organizations and literature. (WI) Prerequisite: REC 2335 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

REC 3370. Assessment and Documentation in Therapeutic Recreation.
This course introduces students to selecting, utilizing, and interpreting assessment instruments, and to the processes used to document assessment results and client progress used in therapeutic recreation practice. Prerequisite: HIM 2360 and REC 1370 and REC 2370 all with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
REC 3371. Facilitation & Processing in Therapeutic Recreation.
This course presents an overview of concepts and interaction techniques used in the provision of goal-oriented therapeutic recreation services. Included are historical perspectives, current research and theoretical perspectives, processes for leading therapeutic groups, experiences of interventions and facilitation techniques, and counseling techniques and approaches for therapeutic recreation as an action therapy. Focus will be on development of skills necessary to implement evidence-based goal-directed outcomes. Prerequisite: REC 1370 and REC 2370 both with grades of "C" or better. Corequisite: PSY 3300 and PSY 3315 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

REC 4318G. Cross Cultural Studies in Recreation & Sport Facility Design.
This course will introduce theories and provide practical experience in the design, development, operation, maintenance, administration of various recreation and sport facilities. Students will compare facility amenities from the United States with those in another country. Students will have behind the scenes tours of recreation and sport facilities and parks, meet with managers from all sectors of the recreation and sport industry, and learn from faculty abroad. It is specifically for students participating in the Study Abroad program offered by Recreation Studies.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

REC 4318H. Recreation & Sport Research in a Cross-Cultural Context.
This course involves the examination of concepts, techniques, and processes that are applied in conducting evaluation/research. Students will identify an area of interest related to recreation, sport or leisure and complete a research project comparing the subject area in the United States to the country being visited. Students will tour recreation and sport facilities as well as visit cultural, historic and scenic locations in and around the city where we will be staying. It is specifically for students participating in the Study Abroad program offered by Recreation Studies.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

REC 4330. Entrepreneurial Recreation Management.
This course provides a study of the scope and the entrepreneurial management of leisure services. The focus will be on financial management related to profit centers including planning, legal liability, record keeping, and revenue management. Prerequisite: REC 2335 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

REC 4335. Outdoor Recreation Programming.
Students apply principles and procedures for developing and leading recreation programs in a variety of specialized, outdoor environments. Students will demonstrate competencies for Leave No Trace certification. Course is taught in cooperation with the Texas State University–Outdoor Center. Prerequisite: REC 1330 and REC 2335 both with grades of "C" or better or instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

REC 4337. Independent Study in Recreation Administration.
This course consists of individual study related to recreation administration under direct supervision of a faculty member. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

REC 4350. Theories and Methods of Supervision in Recreation and Leisure Services.
This course presents theories and methods relating to recruitment, selecting, hiring, training, disciplining, and discharging employees. This course also addresses legal issues related to personnel supervision. Prerequisite: REC 2335 with a grade of "C" or better. Corequisite: REC 4380 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

REC 4370. Principles of Therapeutic Recreation.
This course will cover the principles of therapeutic recreation services including standards of practice, administrative processes, and issues related to professionalism. Prerequisite: REC 1370 and REC 2370 and REC 3370 and REC 3371 all with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

REC 4371. Application of Evidence-Based Practice in Therapeutic Recreation.
Students will gain a theoretical and practical foundation for applying the therapeutic recreation process with persons with various types of disabilities across the lifespan. Focus will be on developing skills necessary to implement evidence-based interventions culminating in the design and application of a comprehensive case study. Prerequisite: REC 3370 and REC 3371 both with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

Minimum required: 120 semester credit hours

General Requirements

1. The Bachelor of Science (B.S.) degree with a major in Exercise and Sports Science is a 120 credit-hour degree program and blends rigorous basic sciences, athletic training, and exercise science courses relevant to physical rehabilitation. The main focus of this pre-professional program is to combine the prerequisite coursework required for entrance to a graduate-level allied health program with quality support courses from the Athletic Training and Exercise and Sports Science programs. This degree program will prepare students for several other graduate programs such as: Physical Therapy, Athletic Training, Occupational Therapy, Chiropractic, Physician Assistant, Orthotic/Prosthetic, and Exercise Physiology.

2. Graduate programs may require additional or modified prerequisite coursework for admission not included in this program. Students are ultimately responsible for knowing and completing prerequisite requirements for professional graduate programs of interest. Completion of this program does not guarantee admission to a graduate program.

3. Students are advised to follow the approved 4-year academic plan provided by the College of Education Advising Center. Students must enroll in AT 3311 or AT 3312, prior to enrolling in AT 4313. Students are eligible to enroll in AT 4313 after AT 3311 and AT 3312 have been completed.

4. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course, but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.

5. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

1. While not recommended, previously completed courses in some areas can be substituted for the following degree requirements:
   - Any course approved for 020 General Education Core Curriculum, except MATH 1316, can satisfy the MATH 1315 requirement.
   - BIO 2451 and BIO 2452 can be used together to satisfy the BIO 2430 requirement.
   - NUTR 2360 can satisfy the NUTR 3362 requirement.

2. A 2.5 Overall GPA is required to enroll in this internship. All other coursework must be completed prior to the internship.

3. Life and Physical Sciences courses must be chosen from: BIO 1330, BIO 1331, BIO 1131, CHEM 1341, CHEM 1342, CHEM 1142, PHYS 1115, PHYS 1115, PHYS 1325, PHYS 1125, PHYS 1335, and PHYS 1345. Students must take 12 hours (i.e. three courses and three corresponding labs).

5. Clinical Elective courses must be chosen from: ESS 4333, ESS 4324, HIM 2360, and NUTR 3364, PH 3348.

4324, ESS 4333, PH 3348, PSY 3322, PSY 3336, REC 1370, SOCI 1310,
SOCI 3363.

2 AT 4360 is a highly recommended elective. It is suggested that it be
taken after AT 3312.

3 While not recommended, previously completed courses in some areas
can be substituted for the following degree requirements:
• BIO 2451 and BIO 2452 can be used together to satisfy the
BIO 2430 requirement.
• NUTR 2360 can satisfy the NUTR 3362 or NUTR 3364 requirement.
• HP 3325 can satisfy the HP 3302 requirement.
• Any course approved for 020 General Education Core Curriculum
except for MATH 1312 and MATH 1316, can satisfy the MATH 1315
requirement.

Minimum required: 120 semester credit hours

Admission Requirement
1. All students pursuing teacher certification must apply and be
accepted to the Office of Educator Preparation (p. 244).

General Requirements
1. This degree program is designed to fully prepare students for all-
level teacher certification in Physical Education as well as provide
initial preparation for a potential second certification area; as such,
students are required to declare and complete both a minor in
Education and a second minor tied directly to an additional teaching
certification area. The degree plan below accounts for 18 credit hours
within the second minor; certain minors, however, may increase the
total number of credit hours required for degree completion. This
program does not allow for declaration of Second Teaching Fields.
Consult an academic advisor for a list of allowable minors.

2. To satisfy graduation requirements for teacher certification, students
must have an Overall GPA of at least 2.75, as well as grades of
“C” or better in all courses within the Major(s), Teaching Field(s),
Certification area(s), and/or in the Education Minor.

3. Students entering Texas State with fewer than 16 hours completed
after high school graduation will be required to take US 1100. All
others will be exempt from taking this course, but will be required to
earn an additional free elective, if needed, to reach the 120 minimum
total hour requirement for the awarding of a degree.

4. To complete the predetermined sequence of courses in 4 years,
students will most likely need to attend summer sessions.

5. The general education core curriculum courses are listed in the
degree plan below along with the statewide component code number.
See the General Education Core Curriculum (p. 55) section of this
catalog for the Texas State requirements and options in the core
curriculum, including Honors courses.

6. The Texas Education Agency (TEA) requires multiple background
checks for progression through the Educator Preparation Program.
Based on information recorded in your criminal history, you may be
ineligible for issuance of a teaching certificate upon completion of
the Educator Preparation Program. If you have a criminal history, you
may obtain a Preliminary Criminal History Evaluation from TEA. For
more information, go to: https://tea.texas.gov/Texas_Educators/
Investigations/Preliminary_Criminal_History_Evaluation-FAQs/.

1. While not recommended, previously completed courses in some areas can be substituted for the following degree requirements:
   - Any course approved for 020 General Education Core Curriculum, except MATH 1316, can satisfy the MATH 1315 requirement.
   - BIO 2451 and BIO 2452 can be used together to satisfy the BIO 2430 requirement.

2. ESS/PFW Activity/Practicum. Students are required to take three one-hour ESS/PFW Major Activity courses in the following specific areas: Team Sports, Individual Sports, and Conditioning. Chose one of the three areas to serve as a practicum (ESS 1173).
   - Team Sports: ESS 1172 or ESS 1178.
   - Individual Sports: ESS 1128 or ESS 1176.

3. ESS Advanced Elective course must be chosen from: ESS 3321, ESS 3323, ESS 3340, ESS 4357, and ESS 4337.

---

### Minimum required: 120 semester credit hours

### General Requirements

1. Students must complete a minor in Business Administration, which includes the following courses. An Overall GPA of 2.0 or higher is required to enroll in advanced Business courses. A 2.0 GPA in the minor is required to graduate.

<table>
<thead>
<tr>
<th>Code</th>

Total Hours: 18

2. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.

3. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

1. While not recommended, previously completed courses in some areas can be substituted for the following degree requirements:
   - Any course approved for 020 General Education Core Curriculum, except MATH 1316, can satisfy the MATH 1319 requirement.
   - BIO 2451 and BIO 2452 can be used together to satisfy the BIO 2430 requirement.
   - ACC 2361 and ACC 2362 can be used together to satisfy the ACC 2301 requirement.

2. ECO 2314 and ECO 2315 can be used together to satisfy the ECO 2301 requirement.

3. Students must complete ESS 4660. A 2.5 Overall GPA is required to enroll in the internship. All other coursework must be completed prior to the internship.

4. Life and Physical Sciences Component Code 030 courses must be chosen from: BIO 1330, BIO 1331, CHEM 1341, CHEM 1342, PHYS 1315, and PHYS 1325, PHYS 1335, PHYS 1345. The Life and Physical Sciences lab must be chosen from: BIO 1130, BIO 1131, CHEM 1141, CHEM 1142, PHYS 1115, and PHYS 1125.

5. Major Elective courses must be chosen from: ESS 3319, ESS 3323, ESS 3340, ESS 4324, ESS 4357, and REC 4330.

6. Support Elective course must be chosen from: NUTR 3362, NUTR 3364, PSY 3336, PSY 3350, and PSY 3361.

**Minimum required: 120 semester credit hours**

**General Requirements**

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. Students must complete a minimum of 36 advanced hours (3000 or 4000 level courses).

3. Nine hours of writing intensive (WI) courses are required for graduation.

4. Any student who did not complete at least two years of the same foreign language in high school is required to take 6-8 hours of the same foreign language.

5. Students must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors/).

6. Students must complete all required Public Health (PH) courses with grades of "C" or better, excluding additional PH courses taken as Open Electives.

7. Students with a PH major are not permitted to select the PH minor.

Total Hours 18

The minor in Recreation Administration requires 18 semester credit hours. This minor is not available to students who major in Recreation Administration.
Students in teacher certification programs are preservice teacher candidates who are expected to exhibit professional dispositions and behaviors that are appropriate to the school environment and that supports learners’ academic success. These dispositions and behaviors include professional attitudes, values, and beliefs demonstrated through both verbal and non-verbal behaviors as candidates interact with students, families, colleagues, and communities.

A candidate who does not meet the expectations for the behaviors and dispositions for the profession will be identified by a professor, supervisor, cooperating teacher, or principal and will meet with a department administrator and/or the Office of Educator Preparation to discuss the case. If further action is necessary, the candidate’s case will be reviewed by the chair of the appropriate department with input from faculty, as appropriate, to determine eligibility for the Educator Preparation Program. Appeals regarding the candidate’s eligibility should be made to the Dean of the College of Education whose decision is final.

Criminal background checks are required for participation in field-based coursework and for progression through the Educator Preparation Program. Based on information recorded in an individual’s criminal history, a candidate may be ineligible for issuance of a certification upon completion of the Educator Preparation Program. If a candidate has a criminal history, that student is advised to request a Preliminary Criminal History Evaluation from the Texas Education Agency; schedule an appointment for free legal counseling services through Texas State University’s Attorney for Students (http://attorney.dos.txstate.edu/); and disclose this information to the Office of Educator Preparation.

Certification requirements are subject to change regardless of catalog year. Teacher Certification at Texas State University is governed by state/federal statute and rules. Certification coursework, exam approval, and exam scores may expire in response to changes from either the state or federal government.

Major with Teacher Certification

Students who wish to teach Early Childhood (EC) through Grade 6 (elementary with specialization in either English as a Second Language or Bilingual Education). Grades 4-8 (middle school), or All-Level Special Education pursue the Bachelor of Science major in Education. Students seeking all other teacher certifications should initially declare a major within their chosen teaching field in the department, school and college where that major is housed. Students should note that teacher certification requirements may differ from degree requirements and that completion of both is necessary for awarding a degree and recommending a student for teacher certification.

Sequence of Coursework

Students should refer to their Advising Center for guidance in following the Educator Preparation course sequence in their degree plan. At a minimum, each Educator Preparation sequence consists of introductory “Education Core” classes, at least one 15-week semester of a Field-Based Block of coursework and a final 15-week semester of Clinical Teaching that occurs after all other coursework has been completed. Students must apply a semester in advance for Field-Based Block coursework at www.education.txstate.edu/oep/Applications/apply-for-fieldblock-experience.html (http://www.education.txstate.edu/oep/Applications/apply-for-fieldblock-experience.html) and for Clinical Teaching coursework at www.education.txstate.edu/oep/current/initial-certification/clinical-teaching/application.html (https://www.education.txstate.edu/oep/current/initial-certification/clinical-teaching/application.html).

Teacher Certification

In addition to an earned baccalaureate degree, there are six criteria for earning certification:

- Admittance to the Educator Preparation Program
- A passing criminal history review
- Completion of Field-Based Blocks
- Passing scores on all required certification exams
- Satisfactory completion of Clinical Teaching
- Applications for graduation as well as state certification

Admittance to the Educator Preparation Program

In order to pursue teacher certification, students must apply and be invited to attend the Educator Preparation Program through the Office of Educator Preparation. If a student accepts this invitation, the student must then pay a required $35 Texas Education Agency technology fee before the student will be officially admitted. Please see http://www.education.txstate.edu/oep (http://www.education.txstate.edu/oep/) for current admittance requirements and procedures.

For more information about Admittance to the Educator Preparation Program, see the Teacher Certification Handbook on the Office of

Code  Title  Hours
---  ---  ----
REC 1310  Introduction to Recreation and Leisure Services  3
REC 2330  Leadership in Recreation and Leisure Services  3

The Office of Educator Preparation (OEP) collaborates with all university departments and schools involved in educator certification. The OEP assists departments and schools in certification program alignment and compliance with federal, state, and university policies and procedures that lead to educator certification through baccalaureate, graduate, and certification-only programs: namely, programs in the colleges of Applied Arts, Education, Fine Arts and Communication, Liberal Arts, and Science and Engineering.

Because of the nature of the teaching profession—and because of the extensive field-based component of educator certification—all interested students must be aware of the following:

Students in teacher certification programs are preservice teacher candidates who are expected to exhibit professional dispositions and behaviors that are appropriate to the school environment and that supports learners’ academic success. These dispositions and behaviors include professional attitudes, values, and beliefs demonstrated through both verbal and non-verbal behaviors as candidates interact with students, families, colleagues, and communities.

A candidate who does not meet the expectations for the behaviors and dispositions for the profession will be identified by a professor, supervisor, cooperating teacher, or principal and will meet with a department administrator and/or the Office of Educator Preparation to discuss the case. If further action is necessary, the candidate’s case will be reviewed by the chair of the appropriate department with input from faculty, as appropriate, to determine eligibility for the Educator Preparation Program. Appeals regarding the candidate’s eligibility should be made to the Dean of the College of Education whose decision is final.

Criminal background checks are required for participation in field-based coursework and for progression through the Educator Preparation Program. Based on information recorded in an individual’s criminal history, a candidate may be ineligible for issuance of a certification upon completion of the Educator Preparation Program. If a candidate has a criminal history, that student is advised to request a Preliminary Criminal History Evaluation from the Texas Education Agency; schedule an appointment for free legal counseling services through Texas State University’s Attorney for Students (http://attorney.dos.txstate.edu/); and disclose this information to the Office of Educator Preparation.

Certification requirements are subject to change regardless of catalog year. Teacher Certification at Texas State University is governed by state/federal statute and rules. Certification coursework, exam approval, and exam scores may expire in response to changes from either the state or federal government.

Major with Teacher Certification

Students who wish to teach Early Childhood (EC) through Grade 6 (elementary with specialization in either English as a Second Language or Bilingual Education). Students must apply a semester in advance for Field-Based Block coursework at www.education.txstate.edu/oep/Applications/apply-for-fieldblock-experience.html (http://www.education.txstate.edu/oep/Applications/apply-for-fieldblock-experience.html) and for Clinical Teaching coursework at www.education.txstate.edu/oep/current/initial-certification/clinical-teaching/application.html (https://www.education.txstate.edu/oep/current/initial-certification/clinical-teaching/application.html).

Teacher Certification

In addition to an earned baccalaureate degree, there are six criteria for earning certification:

- Admittance to the Educator Preparation Program
- A passing criminal history review
- Completion of Field-Based Blocks
- Passing scores on all required certification exams
- Satisfactory completion of Clinical Teaching
- Applications for graduation as well as state certification

Admittance to the Educator Preparation Program

In order to pursue teacher certification, students must apply and be invited to attend the Educator Preparation Program through the Office of Educator Preparation. If a student accepts this invitation, the student must then pay a required $35 Texas Education Agency technology fee before the student will be officially admitted. Please see http://www.education.txstate.edu/oep (http://www.education.txstate.edu/oep/) for current admittance requirements and procedures.

For more information about Admittance to the Educator Preparation Program, see the Teacher Certification Handbook on the Office of
Field-Based Blocks: Elementary, Middle School, High School, and All-Level Certification

Students in any undergraduate teacher certification program must participate in one or more field-based block(s) of integrated courses that provide authentic experience in classrooms, prior to Clinical Teaching. Texas State partners with Central Texas public schools to provide these rich, hands-on experiences. All students being placed in field experiences must complete criminal background checks.

For more information about Field-Based Blocks, see the Department of Curriculum and Instruction website: www.education.txstate.edu/ci/resources/student-resources/Block-Information.html (https://www.education.txstate.edu/ci/resources/student-resources/Block-Information.html)

Certification Exams

Students must apply to the OEP for test approval for each attempt of the state-required Texas Examination of Educator Standards (TExES).

State statute limits candidates to FIVE (5) attempts of each exam. If a candidate does not pass the Pedagogy and Professional Responsibility (PPR) exam within five attempts, the candidate will not be eligible to become a certified teacher in the state of Texas.

For more information about the Certification Exams, see the Teacher Certification Handbook on the Office of Educator Preparation website: https://www.education.txst.edu/oep/current/initial-certification/certification-exams.html

Clinical Teaching

All other degree-required coursework must be completed prior to Clinical Teaching, which should occur during a student’s final semester. Contact your advisor regularly for updated degree audit and certification requirements. Criminal background checks are required for all Clinical Teaching Placements.

Clinical Teaching is a mandatory and traditionally, unpaid professional experience that requires the time commitment of a full-time job. Students may request a particular district, but the district HR staff is in charge of placement. While clinical teaching, students are responsible for transportation and lodging arrangements. Students must be available for mandatory district orientation up to 5 weeks prior to the first day of Clinical Teaching placement. Because Student Teaching is 6 credit hours, students must determine, with the assistance of the Financial Aid Office, if and how their financial aid or scholarships may be affected by half-time enrollment.

For more information about Clinical Teaching, see the Teacher Certification Handbook on the Office of Educator Preparation website: www.education.txst.edu/oep/current/initial-certification/certification-exams.html

Graduation and Certification

Graduation

In addition to the other graduation requirements listed in this catalog, the following graduation requirements must be met by students seeking teacher certification:

1. An Overall GPA of at least 2.75.
2. Grades of “C” or better in all courses within the Major(s), Teaching Field(s), Certification area(s), and/or in the Education minor.
3. Successful completion of Clinical Teaching.

Standard Certification

Eligible students should apply for a Texas Educator Certificate through the State Board for Educator Certification. The Certification Officer in the OEP will recommend the issuance of the appropriate certificate by the State of Texas. The certification process includes the following steps:

1. Completion of at least a baccalaureate degree and the posting of the degree to the official transcript.
2. Verification of satisfactory completion of Clinical Teaching experience.
3. Passing scores on the appropriate Texas Examination of Educator Standards (TExES).

For more information about Certification Exams. Test Prep, and Issuance of Standard Certification, see the Teacher Certification Handbook on the Office of Educator Preparation website: www.education.txst.edu/oep (https://www.education.txst.edu/oep/).

Post-Baccalaureate Certificate Requirement

Persons who hold at least a bachelor’s degree who are seeking initial Texas teacher certification or professional certification need to follow information listed in The Graduate Catalog.

Dean
John Fleming, Ph.D.
Old Main Building Room 112
Telephone: 512.245.2308 Fax: 512.245.8386
http://www.finearts.txstate.edu/

Associate Dean
Laurie H. Fluker, Ph.D.
Associate Dean
Lynn M. Brinckmeyer, Ph.D.

Department Chairs/School Directors
Art and Design—Beth A. Thomas, Ph.D.
Communication Studies—Marian Houser, Ph.D.
Journalism and Mass Communication—Judith B. Oskam, Ed.D.
Music—Todd Sullivan, Ph.D.
Theatre and Dance—Sarah Maines, M.F.A.

The College of Fine Arts and Communication offers four undergraduate degrees:

• the Bachelor of Arts (B.A.),
• the Bachelor of Fine Arts (B.F.A.),
• the Bachelor of Music (B.M.), and
• the Bachelor of Science (B.S.).

A wide range of programs are available within the disciplines of art and design, theatre and dance, music, mass communication, journalism and communication studies.

In addition to the college’s formal degree programs, students have the opportunity to pursue a number of co-curricular programs. These are
available to all Texas State students, regardless of major or minor, and range from acting, marching band, wind ensemble, choir, orchestra, jazz bands, classical guitar, concert bands, Latin ensembles, debate, attendance of art exhibits, lectures and workshops, to production work for KTSW, the campus radio station, or the student newspaper, The University Star.

Academic Advising Center
Old Main Building Room 118
Telephone: 512-245-1932 Fax: 512-245-8334
www.advising.finearts.txstate.edu (http://www.advising.finearts.txstate.edu)

The College of Fine Arts and Communication Academic Advising Center provides students with advising on academic and administrative issues. Students are informed about matters related to academic majors and career possibilities, the selection of appropriate courses, and the choice of an education program leading to a Bachelor's degree. The Advising Center is a resource for current students and for prospective students who are considering a major or minor in the College of Fine Arts and Communication.

Joann Cole Mitte Building Room 2112
Telephone: 512-245-2611 Fax: 512-245-7969
www.finearts.txstate.edu/Art/art.html (http://www.finearts.txstate.edu/Art/art.html)

The School of Art and Design promotes the understanding of art in culture by providing a learning environment that advances students' critical and creative thinking, encourages diverse perspectives, and nurtures individual artistic expression. The School fosters creative and scholarly activities that develop students' conceptual and technical abilities and encourages visually articulate thinkers. The faculty come from diverse educational, professional and cultural backgrounds. Through effective teaching, the School of Art and Design helps students achieve excellence in their individual, artistic and career goals.

The School of Art and Design offers six programs leading to the following degrees:

- Bachelor of Fine Arts (B.F.A.) degree with a major in Communication Design;
- Bachelor of Fine Arts (B.F.A.) degree with a major in Photography;
- Bachelor of Fine Arts (B.F.A.) degree with a major in Studio Art that offers specializations in Ceramics, Drawing, Expanded Media, Metals, Painting, Printmaking, and Sculpture;
- Bachelor of Fine Arts (B.F.A.) degree with a major in Studio Art (Teacher Certification in Art, Early Childhood through Grade Twelve) that prepares students for teaching art in elementary and secondary schools;
- Bachelor of Arts (B.A.) degree with a major in Art History;
- Bachelor of Arts (B.A.) degree with a major in Art that provides broad exposure to art.

All Art and Design majors are encouraged to enter the annual student exhibition and to take advantage of the Texas State Galleries and the Art and Design Lecture Series. An active internship program is available for all qualified Art and Design majors.

Special Requirements
All students majoring in Studio Art or in Photography are required to participate in Portfolio, Practice and Exhibition (ARTS 4200) and the Senior Art Exhibition (ARTS 4000) within the academic year they plan to graduate. All students majoring in Studio Art (Teacher Certification in Art, Early Childhood through Grade Twelve) are required to meet teacher certification requirements. Refer to the Office of Educator Preparation (OEP). All students majoring in Communication Design are required to meet the program’s admission requirements (http://mycatalog.txstate.edu/undergraduate/fine-arts-communication/art-design/communication-design-bfa/). These students are also required to participate in Senior Portfolio Presentation and Self-Promotion (ARTC 4315) and Senior Show and Review (ARTC 4200) within the academic year they plan to graduate. All students majoring in Art History are required to complete a theories and methods course (ARTH 4323).

School of Art and Design Fitness Statement

Program Standards
Students enrolled in the School of Art and Design B.A., B.F.A., or M.F.A. programs must maintain high scholastic standards and develop a mastery of the knowledge and methods of their respective discipline. Students are expected to demonstrate emotional and mental fitness in their interactions with others, use skills and methods that are generally accepted in the profession, and conform to the code of ethics of their respective discipline and the university's honor code. A student’s acceptance in any program does not guarantee the student's fitness to remain in that program. The faculty is responsible for verifying that only those students who continue to meet program standards are allowed to continue in any program.

Evaluation of Student Fitness and Performance

Members of the faculty, using their professional judgments, evaluate student fitness and performance continuously. The criteria used by the faculty to make such judgments include instructors’ observations of student performance in class or in activities related to courses. Students who are not making satisfactory progress or who are not meeting program standards should consider withdrawing from the program.

In this context, the term "satisfactory progress" refers to an academic judgment made regarding the student's fitness and performance. It is a judgment that the student has failed to meet program standards rather than a judgment made on the basis of the student's violation of valid rules of conduct. Disciplinary matters are referred to Student Justice.

Student Review Process
1. When a faculty member believes that a student is not making satisfactory progress or meeting program standards, they will discuss the situation with the student.
2. When the faculty member believes that the student's performance cannot improve to acceptable standards, the faculty member will refer the student to the School of Art and Design Standards Committee. The Committee consists of three Art and Design faculty members appointed by the Director in consultation with the School's Area Program Coordinators.
3. The Committee will notify the student of the reasons that he or she is not making satisfactory progress or meeting program standards. The student will be given an opportunity to meet with the Committee to respond and to present information and witnesses to the Committee. The Committee will also meet with the faculty member who referred the student.
4. After considering the matter, and within ten working days of meeting with the student, the Committee will report its decision to the student and the school Director, stating that the student should either remain in the program, or leave the program. The Committee may make other decisions, such as placing restrictions or conditions on the student’s continuance in the program. Within ten working days of receiving the Committee's decision, the student will notify the school Director of the student's acceptance or rejection of the Committee's decision. If the student rejects the Committee's decision, he or she may appeal directly to the school Director.

5. Within ten working days of receiving the student's appeal, the Director will decide as to the student's continued presence in the program. Before making the decision, the Director will meet with the student. However, before deciding, the Director need not meet with the student if the student was given a reasonable opportunity to meet and either failed or refused to meet. The Director will notify the student of the decision.

6. If the student is dissatisfied with the Director's decision, he or she may appeal to the Dean of The College of Fine Arts and Communications. However, in order for the Dean to consider an appeal, the student must submit a written notice of appeal to the Director and the Dean within ten working days of receiving the Director's decision. The Dean will consider the matter based on information compiled by the Director and notify the student of the decision within ten working days of the Dean's receipt of the appeal from the Director. The Dean may meet with the student and give the student an opportunity to address the issues. The Dean's decision is final.

Bachelor of Arts (B.A.)

- Major in Art (p. 265)
- Major in Art History (p. 266)

Bachelor of Fine Arts (B.F.A.)

- Major in Communication Design (p. 267)
- Major in Photography (p. 270)
- Major in Studio Art (Ceramics Concentration) (p. 271)
- Major in Studio Art (Drawing Concentration) (p. 273)
- Major in Studio Art (Expanded Media Concentration) (p. 275)
- Major in Studio Art (Metals Concentration) (p. 277)
- Major in Studio Art (Painting Concentration) (p. 278)
- Major in Studio Art (Printmaking Concentration) (p. 280)
- Major in Studio Art (Sculpture Concentration) (p. 282)
- Major in Studio Art (Teacher Certification in Art, Early Childhood Through Grade 12) (p. 283)

Courses in Art (ART)

ART 1301. Core I: Collaboration.
This course introduces practical and theoretical content in disciplinary and interdisciplinary art and design practices. Through thematic collaborative projects, students will engage various 2D, 3D, and 4D materials, methods, tools, and concepts independently and in relation to each other.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: ARTS 1311

ART 1303. Core II: Archive.
This course builds upon interdisciplinary practices introduced in Core I. By creating and engaging with archives and collections, students will build a personal archive of inspiration and source material that uses different research and working methods from all five program areas of the School of Art and Design. Students utilize this personal archive to create a series of interdisciplinary outcomes.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: ARTS 2348

ART 2313. Introduction to Fine Arts.
An introductory course designed to give the student a fundamental understanding of the creation and appreciation of diverse modes of expression through the visual and performing arts. This course may not be repeated for credit by taking MU 2313, TH 2313, or DAN 2313.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Creative Arts Core 050
Grade Mode: Standard Letter
TCCN: HUMA 1315

Courses in Communication Design (ARTC)

ARTC 1301. Introduction to Communication Design.
This course introduces the field of Communication Design including terminology, creative visual thinking/problem solving, layout design, tools, and materials.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 1302. Imaging I.
This course is an introduction to digital imaging emphasizing visual strategies, techniques, and concepts. Prerequisites: ARTC 1301 with a grade of "B" or better and [ART 1301 or ART 1303 with a grade of "C" or better]. Corequisite: ARTC 2000 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

Minors

- Art
- Art History

Subjects in this school include: ART (p. 247), ARTC (p. 247), ARTF (p. 251), ARTH (p. 251), ARTS (p. 255), ARTT (p. 264)
During this course, students will prepare and present an entry-level design portfolio. Communication Design majors must pass Admission Portfolio Review to gain entrance into the program. Course is repeatable one time. Prerequisite: ARTC 1301 with a grade of "B" or better and ART 1301 and with a grade of "C" or better. Corequisite: ARTC 1302 with a grade of "B" or better.
0 Credit Hours. 0 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Credit/No Credit

ARTC 2303. Typography I.
This course introduces the evolution and development of alphabets, letter forms, and typography in relationship to visual expression and communication. Prerequisites: ART 1301 and ART 1303 both with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

This course focuses on concept development and ideation strategies through the production of various design forms. Prerequisites: ART 1301 and ART 1303 both with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 2305. Visualization and Presentation Techniques.
Introduces rendering techniques, three-dimensional graphics, and digital imaging for visual presentations. Prerequisites: ARTF 1302 and ID 1310 and ID 1320 all with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 3301. Art Direction I.
Students will develop advertising concepts that relate to the creative strategies, marketing platforms, and psychology specific to client-based communication, and the type of media used. Prerequisites: ARTC 3307 and ARTC 3320 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 3303. Trademark Design.
Focuses on the design process and concept development of trademark design (i.e., logo design, corporate identity, iconographic systems). The class emphasizes incorporating historic and contemporary methodologies and practices of trademark design within the context of the communication design discipline. Prerequisites: ARTC 3307 and ARTC 3320 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

Focuses on the creation and application of integrated brand communication systems. Students will develop comprehensive brand identities, typographic elements and layout designs for print and digital media. Prerequisites: ARTC 3301 and ARTC 3303 and ARTH 3316 all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 3307. Interactive Media I.
This course introduces web site design, construction, basic user interface design, and explores the elements of HTML and CSS. Prerequisites: ARTC 2303 and ARTC 2304 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 3313. Imaging II.
This course uses advanced digital and traditional imaging as it applies to visual and verbal problem solving. The class emphasizes incorporating drawing, photography and appropriated images in order to reinforce and extend the possibilities of sourcing and manipulation of images digitally. Prerequisites: ARTC 3301 and ARTC 3303 and ARTH 3316 all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 3320. Typography II.
Introduces advanced issues in page structure and composition, content organization and management, typographic hierarchies, typeface selection, and typesetting. Prerequisites: ARTC 2303 and ARTC 2304 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 4000. Senior Exit Review.
A course in which all graduating seniors must participate during their last academic year. Work will be examined and evaluated while displayed in the Exit Review. Prerequisites: ARTC 4308 with a grade of "D" or better and instructor approval. Corequisite: ARTC 4315 with a grade of "D" or better.
0 Credit Hours. 0 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Credit/No Credit

ARTC 4200. Senior Show & Review.
Students will be given the guidance and the studio time needed to polish their portfolios and to organize and produce the Communication Design Exit Review. Lectures will focus on best practices for professionals in communication design. Final portfolios will be evaluated while exhibited in the Exit Review. Prerequisite: ARTC 3304 and ARTC 4308 both with grades of "D" or better.
2 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Credit/No Credit
ARTC 4302. Art Direction II.
Students develop strategic messages across print, digital, and social media and evaluate how conceptual direction and message must shift to accommodate various media. Students strengthen their verbal and visual conceptual skills and elevate their research abilities to create dynamic advertising campaigns, and unify brand position with communication. Prerequisites: ARTC 3301 and ARTC 3303 and ARTH 3316 all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 4303. Art Direction III.
This course allows students to create art direction projects based on individual professional goals. Faculty will assess each portfolio at the beginning of the course. Students will then address their portfolio content and work to create a body of art direction pieces. Prerequisite: ARTC 4302 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 4305. Typography III.
This course continues the study of letter form, typography, image and concept relationships for effective communication. Prerequisites: ARTC 3307 and ARTC 3320 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 4306. Environmental Graphic Design.
Introduces a multidiscipline-based design practice centered around exterior and interior built environments. Students examine the visual, theoretical and applied aspects of defining a place through wayfinding, identity and information design. Prerequisites: ARTC 3301 and ARTC 3303 and ARTH 3316 all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 4308. Interactive Media II.
This course explores advanced Web site design, construction and User Interface design, advanced Web authoring for multiple platforms, and advanced Web typography. Prerequisites: ARTC 3301 and ARTC 3303 and ARTH 3316 all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 4309. Interactive Media III.
Mobile application design. Exploration of User Interface design and Experience design for mobile devices. Students will learn to prototype applications that connect the physical and digital worlds. Prerequisite: ARTC 4308 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 4310. Communication Design Practicum.
Students are placed in regional graphic design firms and advertising agencies to gain professional design/art experience. May be repeated with different emphasis for additional credit. Prerequisite: ARTC 3301 and ARTC 3303 and ARTH 3316 all with grades of "D" or better and instructor approval.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTC 4311. Digital Illustration.
This is an illustration course using digital media to execute illustrations in a wide range of genres. Emphasis will be placed on developing unique approaches to manipulate traditional illustration techniques through digital means, as well as the creation of original digital illustration solutions. Prerequisites: ARTC 3301 and ARTC 3303 and ARTH 3316 all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 4313. Communication Design Special Problems.
This course is an independent study requiring complex problem solving in Communication Design. Goals and objectives will be outlined in a written format. May be repeated with different emphasis for additional credit. Prerequisite: ARTC 3301 and ARTC 3303 and ARTH 3316 all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTC 4314A. Animation.
The study and practice of various animation techniques. Prerequisites: ARTC 3301 and ARTC 3303 and ARTH 3316 all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTC 4314B. Legal Issues in Communication Design.
The course introduces students to the business and legal issues relating to communication design. Prerequisites: ARTC 3301 and ARTC 3303 and ARTH 3316 all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTC 4314D. Digital Video.
This course introduces issues in digital video production and editing. Prerequisite: ARTC 3301 and ARTC 3303 and ARTD 3316 all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
ARTC 4314F. Character Development for Illustration.
This course emphasizes basic skills of character/plot development and storytelling, action and background drawing and development of characters in unique styles. Prerequisites: ARTC 3301 and ARTC 3303 and ARTC 3316 all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4314G. Illustration Techniques and Materials.
A beginning illustration course focusing on learning to render with specific illustration techniques, including traditional black and white line and tone styles, watercolor and acrylic painting techniques and other materials such as collage, scratchboard and monoprint styles. Prerequisites: ARTC 3301 and ARTC 3303 and ARTC 3316 all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4314H. Poster Design.
Exploration and experimental usage of the written word integrated with visual imagery by using digital and traditional photographic, illustration, and other graphic elements utilized in poster design. Prerequisites: ARTC 3307 and ARTC 3320 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4314I. Learning from the Land of Design.
The intent of this course is to broaden the students’ understanding of the rich culture of Italian design from the Renaissance to modern Italy. Additionally, the student will learn how intense observation of design principles through sketching, photography and keeping a journal, becomes a method for design inspiration and problem solving. Prerequisites: ARTC 2303 and ARTC 2304 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4314J. Guerilla Art Direction.
This course examines guerilla advertising art direction strategies. Students will develop non-traditional advertising concepts that promote social causes, consumer products, and public events. Guerilla creative strategy concepts will integrate various types of media including social and mobile interactions with the targeted audiences.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4314K. Introduction to Hand Painted Signs and Lettering.
This course explores the historic underpinnings, proven techniques, materials and iterative processes associated with hand painted signs and lettering.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4314L. Design Portfolio Preparation.
Design Portfolio provides students with a published ePortfolio that demonstrates unique problem-solving skills by design thinking methods, well-defined messaging, systems thinking, expansion of sophomore and junior projects, creation of one new project system, clearly stated project briefs and narratives, and exceptional final portfolio execution. Prerequisite: ARTC 3301 and ARTC 3303 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4314M. Design Research.
Design Research provides students with an applied foundation in the role of research and analysis in the communication design discipline. Prerequisite: ARTC 2000 all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4314N. Entrepreneurial Design.
Students will focus on the interconnection between entrepreneurial thinking and innovation. They will develop innovation-driven venture skills and will gain open and critical thinking skills with a focus on community, understanding of calculated risk and the initiative to follow-through. Prerequisite: ARTC 1301 and ARTC 1302 and ARTC 2000 all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4314O. Guerilla Art Direction.
This course examines guerilla advertising art direction strategies. Students will develop non-traditional advertising concepts that promote social causes, consumer products, and public events. Guerilla creative strategy concepts will integrate various types of media including social and mobile interactions with the targeted audiences.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4314P. Information and Data Visualization.
This course teaches students how to utilize design thinking, conceptual strategies, and method-based approaches to create effective information and data visualizations. The course guides students to develop contextualized understanding of information and data by visually clarifying and organizing the key concepts and patterns within information and data sets. Prerequisite: ARTC 3303 and ARTC 3304 and ARTC 3307 and ARTC 3320 all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter
ARTC 4314T. Design Across Cultures.
Students work cross-culturally through collaborative projects with students from a university program outside the US. Students work collaboratively to research design values and culture in an international context. The course concludes with at least one extensive communication design project that showcases student research.
Prerequisite: ARTC 3307 and ARTC 3320 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

ARTC 4315. Senior Portfolio Presentation and Self-Promotion.
This capstone course focuses on preparations for entry into professional practice via production of a final portfolio presentation; creation of a resume, business card, and self-promotions; and preparation for the interview process. Prerequisite: ARTC 3304 and ARTC 4308 both with grades of "D" or better. Corequisite: ARTC 4200 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 4316. Book Design.
This course will cover concept and content development, design, and execution of single edition and limited edition books through lectures, demonstrations, and studio work. Emphasis placed on creativity, problem solving, organizational ability, technical precision, and independent work ethic. Prerequisite: ARTC 3307 and ARTC 3320 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 4317. Motion Graphics.
This course introduces theories, techniques, and practices of motion graphics. This course focuses on the successful integration of images, typography, and sound over time to create nuanced and complex messages. Experimentation, research, critical analysis, and concept development are emphasized. Focus is placed upon design concepts and process. Prerequisite: ARTC 3307 and ARTC 3320 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 4318. Package Design.
In this course students explore the role of the communication designer by creating well-designed packaging that reinforces brand experience and meets global industry standards. Students design and create packaging through extensive research, ideation, and prototyping. They explore sustainable packaging solutions. Prerequisite: ARTC 3301 and ARTC 3303 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 4319. Design for Experiences.
This course addresses the creation of user experiences informed by research, customer empathy, experience mapping, and design thinking. Projects involve creating research and problem framing documents, user flow and system diagrams, pattern libraries, and experience prototypes. Students also study design and innovation roles at enterprise-scale companies and independent consultancies. Prerequisite: ARTC 3307 and ARTC 3320 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

Courses in Art Foundations (ARTF)
ARTF 1302. Basic Drawing for Non-Majors.
This class introduces a variety of media and techniques for exploring descriptive and expressive possibilities in drawing.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTF 1304. Color Theory.
Introduction to color as a descriptive and expressive element of art, focusing on color perception and application.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: ARTS 2311

Courses in Art History (ARTH)
ARTH 2301. Ancient to Medieval Art.
A survey of the history of painting, sculpture, and architecture from prehistoric through medieval periods. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter
TCCN: ARTS 1303

ARTH 2302. Renaissance to Modern Art.
A survey of art history from the fourteenth century through the twenty-first century. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter
TCCN: ARTS 1304

ARTH 3300. Art Criticism and Writing.
This course introduces students to the history and practice of art criticism and provides them with relevant tools and experiences to craft their own body of art criticism. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter
ARTH 3301. History of Modern Art.
In this course students survey the stylistic trends, aesthetic issues, and evolving philosophies of modern art in Europe and the Americas from 1850 to 1965, emphasizing modern art's transcultural characteristics and its connections to its social and historical contexts. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

ARTH 4303. Pre-Columbian Art.
A survey of the art of Pre-Columbian sites and cultures in Mesoamerica and the Central Andes, from pre-history to the European conquest. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

ARTH 3306. History of Photography.
This course surveys the history of photography from its earliest manifestations until the present.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course is a transnational survey of the evolution of cinematic form, production and reception. Students will analyze the regional and global context of selected major film styles, philosophies and industries. Movement across geographical and cultural borders will be a narrative theme that unites the films discussed. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

ARTH 3307. Issues in Contemporary Art.
An issue-oriented survey of the diverse forms and concepts in contemporary art making practices, mostly from the United States, from 1965 to the present.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ARTH 4306. Renaissance Art.
An in-depth survey of the history of Italian Renaissance art, including key works of art representative of the Northern Renaissance. Course emphasizes the study of iconography and stylistic change, in conjunction with larger cultural developments. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

ARTH 3316. History of Design.
This course surveys movements in the history of design from the nineteenth to the twenty-first centuries. Graphic design is situated within the contexts of architecture, media, and other design disciplines. The course is organized chronologically and examines stylistic, national, and international trends. A main focus is the impact of ideology on design and the way design generates or reinforces social, political, and cultural values in particular places and times. Topics include the significance of the European avant-garde; the development of the New Typography; the rise of mass-market magazines; propaganda, war, and revolution; Olympic design; postmodernism; and more.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ARTH 4308. Asian Art.
A broad survey of the art of Asian cultures including India, Japan, and China from pre-history to the present. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

ARTH 4309. Gender and Visual Representation.
This course provides an introduction to art, theory, and visual culture concerned with issues of sexuality, gender experience and difference. It explores, questions and looks beyond the power dynamics involved in traditional categories of femininity and masculinity through their symbolic expression. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

This course provides an introduction to American art and visual culture from ancient times to the 1950s. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

ARTH 4310. Race and Representation.
This course explores the variegated ways that race, and, by implication, identity and difference, is figured and represented in a range of cultural productions, including art, film and visual culture. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

ARTH 4302. Latin American Art.
This course surveys the rich and varied visual art of Latin American and Caribbean countries from the wars of independence to the present day with a focus on recurring themes that have resonated in art throughout the region, such as modernism, internationalism, nationalism, race, identity, and political activism. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter
ARTH 4311. History of Italian Art.
Taught on-site and centered in Florence, Italy, this course represents a targeted immersion into Renaissance art and culture and includes the study of pivotal works of art and architecture across the Italian peninsula. May be substituted for ARTH 2301 or ARTH 2302. (MULT) (WI).

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

ARTH 4312. The Arts in Popular Culture.
This course examines popular culture, including the emergence of mass culture, and its complex intersection with the fine arts from the nineteenth century onwards. (WI).

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ARTH 4313. Hellenistic Art and Culture.
This course focuses on the Greek aesthetic tradition from the fourth century BCE to the end of the first century C.E., with a cross-disciplinary emphasis on the interaction of Greek and non-Greek cultures from Northern India to the Italian peninsula. (MULT) (WI).

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

ARTH 4314. Art and Politics.
This course explores various ways in which artists and patrons have worked to change or endorse political policy, exploring art both as a tool for social cohesion in support of a particular political party or ideal and as a means of political protest. (WI).

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

ARTH 4315. History of Experimental Film.
This course provides an overview of experiments in avant-garde and artists’ films from 1920 until the present. Students will learn how to analyze the meaning in moving images that exhibit unconventional narratives and will examine reactions these films have provoked in audiences past and present.

3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ARTH 4316. Islamic Art.
This course will survey the art, architecture, and urban formations associated with the religion of Islam across Asia, Africa, and Europe. (MULT).

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

ARTH 4317. Spanish Colonial Art of the Americas.
From a critical postcolonial perspective, this course surveys art and architecture created in the Spanish viceroyalties of the Americas between 1521 and 1821. The roles that art and architecture played in religion, government, social structuring, and identity formation are examined, with attention to unique styles and approaches that emerged as the cultures of indigenous Americans, Europeans, and Africans converged. The period is considered with attention not just to European culture, as it was imposed through colonialism, but also to the perspectives and cultural contributions of colonized people, both indigenous American and African. (MULT).

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

ARTH 4318. Postmodernism and Design.
This course explores postmodern design as it emerged in the late 20th-century. Students study iconic examples of postmodern architecture, graphic design, furniture and interiors, as well as the political, social, and cultural contexts that impacted their production and reception. Students also study the representation of architecture and design in films and other forms of visual culture. (WI).

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ARTH 4320A. Documentary Photography.
This course explores key issues in the theory, history, and practice of documentary photography. (WI).

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

ARTH 4321N. Perspectives on Andy Warhol.
This course explores Post-World War II art and culture by focusing on the career of Andy Warhol. The class will examine the multiple media and strategies for artistic dialogue and visibility that the artist implemented over his decades-long practice from the 1960s through the 1980s. (WI).

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

ARTH 4321P. Artists' Writing.
This course explores ways in which visual artists have engaged with the written word in relationship to their art work. Readings will be taken from diaries, manifestos, critical and experimental essays, and works of fiction. Students will create their own writings and/or art work in response to weekly readings. (WI).

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter
ARTH 4321S. Conceptualism.
This course explores the emergence of conceptualism globally during the 1950s through the 1980s and considers its impact on contemporary art. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Topics|Writing Intensive
Grade Mode: Standard Letter

ARTH 4321T. Art in the 1990s.
This course broadly considers the state of global art and politics in the 1990s from a postcolonial perspective. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

ARTH 4321U. Contemporary Art in Italy.
Taught on-site and centered in Florence, Italy, students consider a number of contemporary art and exhibition practices, with emphasis on discursive formations of the global. May be substituted for ARTH 3307. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Multicultural Content|Topics
Grade Mode: Standard Letter

ARTH 4321W. Contemporary Art in Mexico.
This course explores contemporary art practices in Mexico through site visits, studio visits, readings and writing. Capitalizing on the city’s dynamic artists, project spaces and museums, students will interact with some of the leading professionals in the arts. (MULT).
3 Credit Hours. 12 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Multicultural Content|Topics
Grade Mode: Standard Letter

ARTH 4321Y. Modernism and Design.
This seminar explores movements in modern design in the early and mid 20th-century. Topics include: graphic design’s relation to art, architecture, and film; the rise of the avant-garde and the impact of ideology on design; synergies between design and commerce; and international developments in the post-WWII period. This course is conducted online; we will meet in person as a group approximately 4-5 times during the semester.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

ARTH 4322. Special Problems.
An advanced level, independent study in art history, aesthetics, and criticism. The emphasis of the course is on scholarship, research, and writing. May be repeated with different emphasis for additional credit. (WI) Prerequisite: Instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

ARTH 4323. Art History Theories and Methods.
This course introduces students to major theories and methods involved in the study of art and visual culture. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ARTH 4325. Art History Internship.
This course offers students the opportunity to experience and receive academic credit for professional activities related to the field of art history. Prerequisite: Instructor approval.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTH 4326. Art History Thesis.
This course is designed for students to pursue a thesis project through independent research on art history or visual culture. The student will work closely with the faculty member to develop a rigorous academic project that may take the form of a research paper, art exhibition, or other scholarly endeavor. Prerequisite: ARTH 4323 with a grade of “D” or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ARTH 4327. Video Art.
This course follows the evolution of video art from the analog to the digital era. Video art that explores and critiques technologies of spectacle (cinema, television, the internet and virtual reality) is a special focus among the artworks that students view, discuss, research and interpret. Students learn how to identify and theorize liveness, closed circuit transmission, compositing and playback as medium-specific characteristics of video art. The course provides a nuanced examination of video art’s existence between the contemporary art world and popular culture at large. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter
Courses in Studio Art (ARTS)

ARTS 1301. Studio Art Foundations I.
This course emphasizes a hands-on experience with drawing and two-dimensional design. Students engage in a series of short exercises and longer projects that incorporate contemporary art-making methods such as collage, photography, sculptural exercises, digital technologies, collaborative processes and interdisciplinary activities.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): None
Grade Mode: Standard Letter
TCCN: ARTS 1316

ARTS 1302. Studio Art Foundations II.
This course emphasizes a hands-on experience with three- and four-dimensional artmaking. Students engage in a series of short exercises and longer projects that incorporate contemporary art-making methods such as collage, video, drawing, sculpture, installation, performance, digital technologies, collaborative processes and interdisciplinary activities.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: ARTS 1312

ARTS 1303. Photography Foundations I.
This is an introductory photography foundations course that introduces basic concepts in photography. The class focuses on creating photographs and interpreting their meanings. While this course introduces the technical aspects of shooting, editing, and printing photographs, the course's primary concern is the exploration of ideas. Assignments incorporate a large degree of self-direction as well as opportunities for collaborative reflection with their peers. Students form questions about the world and experiment with photographic form and technique in order to best express individual conceptual explorations.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter
TCCN: ARTS 1303
ARTS 2341. Metals I.  
This course is an introduction to metal as a medium for creative expression, emphasizing conceptual awareness while developing technical and creative skills. Prerequisites: ART 1301 and ART 1303 and [ARTC 1301 or ARTS 1301 or ARTS 1303] and [ARTC 1302 or ARTS 1302 or ARTS 1304 or ARTT 2372] all with grades of "D" or better.  
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter  
TCCN: ARTS 2341

ARTS 2351. Painting I.  
This course is an introduction to painting, emphasizing the elements and principles of pictorial composition. It provides the foundation for critical aesthetic judgment while developing technical and creative skills. Prerequisites: ART 1301 and ART 1303 and [ARTC 1301 or ARTS 1301 or ARTS 1303] and [ARTC 1302 or ARTS 1302 or ARTS 1304 or ARTT 2372] all with grades of "D" or better.  
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter  
TCCN: ARTS 2316

ARTS 2371. Introduction to Printmaking: Screen and Relief.  
This course introduces relief and screen printing, covering both traditional and contemporary as well as manual and digital techniques. It provides an historical, technical, visual and conceptual foundation for printmaking. Prerequisites: ART 1301 and ART 1303 and [ARTC 1301 or ARTS 1301 or ARTS 1303] and [ARTC 1302 or ARTS 1302 or ARTS 1304 or ARTT 2372] all with grades of "D" or better.  
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter  
TCCN: ARTS 2316

ARTS 2381. Sculpture I.  
This course is an introduction to sculptural materials and processes as a medium for creative expression. It provides the foundation for critical aesthetic judgment while developing technical and creative skills. Prerequisites: ART 1301 and ART 1303 and [ARTC 1301 or ARTS 1301 or ARTS 1303] and [ARTC 1302 or ARTS 1302 or ARTS 1304 or ARTT 2372] all with grades of "D" or better.  
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter  
TCCN: ARTS 2326

ARTS 2391. Watercolor I.  
This course is an introduction to the fundamentals of transparent watercolor painting as a medium for creative expression. Prerequisites: ART 1301 and ART 1303 and [ARTC 1301 or ARTS 1301 or ARTS 1303] and [ARTC 1302 or ARTS 1302 or ARTS 1304 or ARTT 2372] all with grades of "D" or better.  
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter  
TCCN: ARTS 2366

ARTS 3302. Expanded Media II.  
This studio course continues explorations of formal, critical and technical approaches to time-based practices. Students incorporate diverse media and materials to generate interdisciplinary projects. Emphasis is placed on modes of presentation. Prerequisite: ARTS 2301 with a grade of "D" or better.  
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter  
TCCN: ARTS 2366

ARTS 3312. Ceramics II.  
Through pottery forms and/or clay sculpture, students develop conceptual and expressive skills. Students formulate glazes and fire kilns. Prerequisites: ARTS 2311.  
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter  
TCCN: ARTS 2326
ARTS 3313. Ceramics III.
Through individualized projects, students develop personal content and expression in their work. Students formulate clay bodies and slips, and investigate experimental firing methods. Prerequisite: ARTS 3312 with a grade of "D" or better.

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3314. Ceramics IV.
Continued development of personal expression through a self-initiated series of works. Students investigate technically complex forming methods. Prerequisite: ARTS 3313 with a grade of "D" or better.

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3322. Drawing II.
Experimentation with techniques and materials to develop perceptual and conceptual skills leading to individual expression in drawings. Prerequisite: ARTS 2321.

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3323. Drawing III.
This course focuses on the development of a personal visual statement, using the human form as subject matter. Interpretive skills are stressed, and alternative approaches to generating visual imagery are explored. Prerequisite: ARTS 2321.

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3324. Drawing IV.
This course emphasizes conceptual skills and critical analysis in the development of individual imagery and aesthetics in drawing. Consistent thematic drawings are required. Prerequisite: ARTS 3322 or ARTS 3323 either with a grade of "D" or better.

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3342. Metals II.
This course explores the development of a personal aesthetic and conceptual direction in the metal medium focusing on the relationship between surface and form. Advanced processes are introduced and the exploration of patination and surface coloration continues. Prerequisites: ARTS 2341 with a grade of "D" or better.

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3343. Metals III.
Emphasis on a personal conceptual direction in the solution of formal problems using complex construction and fabrication processes. Prerequisite: ARTS 3342 with a grade of "D" or better.

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3344. Metals IV.
This course is an introduction to the ductile qualities of the metal medium through advanced forming and raising processes. In a series of artworks, students develop a personal aesthetic. Prerequisite: ARTS 3342 with a grade of "D" or better.

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3352. Painting II.
A series of projects synthesizing the elements and principles of pictorial composition that encourage individual creative solutions. Prerequisites: ARTS 2351.

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3353. Painting III.
This course involves the development of personal imagery in painting through individualized projects. Prerequisite: ARTS 2351.

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3354. Painting IV.
In this course, the conceptual and technical aspects of painting are developed through experimentation, research and evaluation. Prerequisite: ARTS 3352 and ARTS 3353 both with grades of "D" or better.

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3361. Darkroom.
This course introduces black and white aesthetics and techniques within a traditional and digital context. Prerequisite: ART 1301 and ART 1303 and ARTS 1304 all with grades of "D" or better.

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
ARTS 3364. Introduction to Digital Photography.
This course introduces students to the aesthetics of current digital imaging technology, including new digital cameras, scanning equipment, Macintosh computers, image-manipulation programs and printing devices. Prerequisite: ART 1301 and ART 1303 and ARTS 1304 all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3365. Lighting.
This course uses diverse environments to explore issues in controlled lighting in photography. Prerequisite: ARTS 3361 and ARTS 3364 both with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

This course builds and expands upon the digital and analog concepts and techniques covered in Introduction to Digital Photography, ARTS 3364 and Foundations II, ARTS 3361. Prerequisite: ARTS 3364.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3367. Large Format Photography.
This course introduces the basic materials, processes, techniques, and aesthetics of large format photography. Prerequisite: ARTS 3364 and ARTS 3365 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3372. Introduction to Printmaking: Intaglio and Lithography.
This course introduces intaglio (etching, drypoint, color printing) and stone lithographic print techniques. Techniques in traditional/analog and contemporary/digital are covered. It provides an historical, technical, visual, and conceptual foundation for printmaking. Prerequisites: ART 1301 and ART 1303 and [ARTC 1301 or ARTS 1301 or ARTS 1303] and [ARTC 1302 or ARTS 1302 or ARTS 1304 or ARTT 2372] all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3373. Intermediate Printmaking.
This course allows the student to pursue any of the introduction to print techniques (screen, relief, intaglio, litho) at an intermediate level. Provides both analog and digital tools, as well as demonstrations for making fine art prints. Prerequisite: ARTS 2371 or ARTS 3372.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3374. Advanced Printmaking Level One.
This course allows the student to pursue both technical and conceptual aspects of print at an advanced level. Technical demonstrations rotate on a three-semester basis. Prerequisite: ARTS 3373.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3382. Sculpture II.
Development of a personal aesthetic direction with emphasis on the visual, conceptual and technical aspects of sculptural form. Prerequisites: ARTS 2381 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3384. Sculpture IV.
In this course students focus on developing conceptual and technical skills through the creation of large-scale sculpture. Prerequisite: ARTS 3382 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3392. Watercolor II.
Continues the development of creative and technical skills through a series of structured watercolor projects. Prerequisite: ARTS 2391 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4000. Senior/Thesis Art Exhibition.
A senior level course in which all graduating students majoring in Studio Art with a studio specialization, Studio Art leading to All Level Certification, or in Photography, must participate during their last academic year. In consultation with thesis faculty, studio art and photography students will select work to exhibit from their Thesis I and Thesis II courses. Students earning teaching certification will select work to exhibit in consultation with art education faculty advisors.
0 Credit Hours. 0 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4100. Special Problems in Studio Art.
This course provides the skills to prepare, package, and present written and professional documents and documentation of the creative work. The course also covers additional topics required for pursuing a professional career in the arts, building community, and preparing for post-BFA opportunities.
1 Credit Hour. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
ARTS 4200. Professional Practice and Portfolio.
This course covers professional topics required for pursuing a career in the arts, building community, and preparing for post-BFA opportunities. It is taken in conjunction with Thesis I-level classes; students develop written and professional documents and documentation of creative work.
2 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4301. Expanded Media Special Problems.
In this course students independently pursue a personal conceptual direction and develop the appropriate technical and critical skills necessary for creating a cohesive body of artworks. Prerequisite: ARTS 3302 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4305. Expanded Media V.
This advanced studio course integrates contemporary theory and practice. Students utilize reading assignments and viewings to create projects in an interdisciplinary manner. Experimentation and unexpected outcomes are encouraged. Prerequisite: ARTS 3303 or ARTS 3304 either with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4306. Expanded Media VI - Thesis I.
This course is the first half of Senior Thesis for students under the Expanded Media Specialization. It requires a written statement of intent, outlining the scope and objectives of the proposed thesis project followed by a related body of artwork. Prerequisite: ARTS 4305 with a grade of "D" or better. Corequisite: ARTS 4200 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4307. Expanded Media VII - Thesis II.
This course is the second half of Senior Thesis for students under the Expanded Media Specialization. It requires a written statement of intent, outlining the scope and objectives of the proposed thesis project, followed by a related body of artwork. Prerequisite: ARTS 4306 with a grade of "D" or better. Corequisite: ARTS 4000 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4308D. Natural and Human Environment of Italy.
This courses uses Italy as the backdrop to enhance aesthetic understanding of both color (slide transparency) and black and white photography. A strong emphasis is placed on developing visual, conceptual and technical aspects of photography using advanced camera knowledge, chemistry, and sensitivity to local visual stimuli.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTS 4308E. Fine Art Forging.
An introduction to the theories and processes of forging and blacksmithing for both ferrous and non-ferrous metals.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTS 4308I. Disegno a Firenze: Drawing in Florence.
Part of the summer program in Italy, this class focuses on drawing from various subjects in and around the city of Florence. Through daily practice, students will address not only the fundamentals of monochromatic drawing, but also the increased perception that the act of drawing engenders.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTS 4308S. Mapping the City: Interdisciplinary Art in Urban Spaces.
This course will explore different methods of mapping (real and conceptual) utilized by contemporary artists and engage students in collaborative multidisciplinary projects. Students will build on their own interests and strengths, utilizing photography/video/interview formats/drawing/collage/etc., to build a portfolio of contemporay works. Prerequisite: ARTS 1305 with a grade of "D" or better.
3 Credit Hours. 48 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTS 4308V. Visualizing the Culture of Beijing, China.
This course exposes students to the significance of data placed in visual context. Students will learn how data visualization can be used as a tool for cross-cultural communication and how first-hand knowledge of a foreign culture enhances design research methodologies based on their studies in Beijing, China.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter
ARTS 4308W. The Gaze and Research-based Art Practice.
In this interdisciplinary course, students use creative inquiry to explore
the complexity of the gaze in Western artistic practices. In this practice
focused course, students produce artworks, zines and other creative
publications as a way to respond, intervene, and subvert frequently used
conventions within figuration.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing
Grade Mode: Standard Letter

ARTS 4308Y. Risograph 101.
This is an introductory course into the operation of a Risograph
Duplicator. Working with the double-drum MF9450 model students learn
how to create multi-color prints and small publications. The course
approaches image creation and editing through a number of digital
and analogue techniques. Technical understanding of the machine and
traditional and experimental approaches to print is covered in this course.
Prerequisite: ART 1301 and ART 1303 and [ARTC 1301 or ARTS 1301 or
ARTS 1303] and [ARTC 1302 or ARTS 1302 or ARTS 1304 or ARTT 2372]
all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTS 4308Z. Casting as Copy, Effigy, and Replacement in Art.
In this course, students practice lost wax casting, direct method
casting, and mold making techniques across a variety of disciplines
and 3D mediums. Students use cast forms as a language to explore
concepts of verisimilitude in art, the use of multiples, and the relationship
between constructed forms and found objects. This class is a blend of
contemporary ideas, cutting edge technologies and historic, time-honored
hand-working traditions. Prerequisite: ART 1301 and ART 1303 and
[ARTC 1301 or ARTS 1301 or ARTS 1303] and [ARTC 1302 or ARTS 1302 or
ARTS 1304 or ARTT 2372] all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTS 4309B. The Unsettlements: Place, History, & Ancestry in Creative
Work.
This course introduces students to the creative and critical framework
of the exhibition, The Unsettlements: Moms at the Texas State Galleries.
The course will allow students to develop their own creative and critical
abilities to imagine large-scale projects and long-term explorations
through a sustained attention to issues of place, history, ancestry,
relation, site-specificity, object ontology, and more.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTS 4309C. Illustration and Graphic Styles.
In this course, students will explore the creation of illustrations and
respond to diverse prompts across various media. Emphasis will be
placed on research, idea generation and the development of a cohesive
style, voice, and portfolio. Various analog and digital techniques will be
demonstrated and practiced.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTS 4309D. Graphic Novels and 'Zines II.
In this course, students will explore the development and creation of a
sequential art short story that will be fully realized as a physically printed
book. Emphasis will be placed on outlining story arcs, writing scripts,
creating and editing page layouts for a visual narrative, and developing
and following production timelines. The creation of a multi-page graphic
art story through sketching, inking, and coloring will be demonstrated and
practiced, as well as the printing of high resolution artworks and various
bookbinding techniques. Prerequisite: ARTS 4321 with a grade of "D" or
better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTS 4312. Studio Art Internship.
A course designed to offer students the opportunity to experience and
receive academic credit for professional related activities in the field of
the studio arts. Requires consent of instructor.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4315. Ceramics V.
Development of the conceptual and technical aspects of ceramics
through experimentation, research and evaluation. Prerequisite:
ARTS 3314 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
ARTS 4316. Ceramics VI – Thesis I.  
The first half of the Senior Thesis for ceramics majors. Requires a written statement of intent outlining the scope and objectives of the proposed thesis project followed by a related body of artwork. Prerequisite: ARTS 4315. Corequisite: ARTS 4200.  
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

ARTS 4317. Ceramics VII – Thesis II.  
This course is the second half of the Senior Thesis for ceramics majors. It requires a related body of work documented in a written progress report. Selections from the thesis project will be exhibited in a senior exhibition. Prerequisite: ARTS 4316 with a grade of "D" or better. Corequisite: ARTS 4000 with a grade of "D" or better.  
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

ARTS 4318. Ceramics Special Problems.  
An advanced level, independent study in ceramics which requires students to pursue a personal conceptual direction and to develop the appropriate technical and critical skills necessary for creating a cohesive body of artwork. May be repeated with different emphasis for additional credit. Prerequisite: ARTS 3313 with a grade of "D" or better.  
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

ARTS 4321. Graphic Novels and ‘Zines.  
This class explores comics, sequential art, and graphic storytelling as contemporary media. Students are introduced to historical and contemporary examples of narrative art, including cinema, comic books and graphic novels. Students explore the theory and practice of sequential art, while creating original comics concerned with historical, personal, and literary subject matter. Prerequisite: ARTS 2321 with a grade of "D" or better.  
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

ARTS 4325. Drawing V.  
This course requires students to pursue a personal conceptual direction in drawing and to develop the appropriate technical and critical skills necessary for creating a cohesive body of artwork. Prerequisite: ARTS 3322 and ARTS 3323 and ARTS 3324 all with grades of "D" or better.  
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

ARTS 4326. Drawing VI – Thesis I.  
The first half of the Senior Thesis for drawing majors. Requires a written statement of intent outlining the scope and objectives of the proposed thesis project followed by a related body of artwork. Prerequisite: ARTS 4325. Corequisite: ARTS 4200.  
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

ARTS 4327. Drawing VII – Thesis II.  
This course is the second half of the Senior Thesis for drawing majors. It requires a related body of work documented in a written progress report. Selections from the thesis project will be exhibited in a senior exhibition. Prerequisite: ARTS 4326 with a grade of "D" or better. Corequisite: ARTS 4000 with a grade of "CR".  
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

ARTS 4341. Digitally Handmade – Digital Fabrication.  
This class provides the fundamental skills for integrating digital fabrication technologies with other art making processes. Students are introduced to digital design and fabrication using 3D modeling software, 3D printers, and computer controlled machines. A variety of materials are taught through conceptual, technical, and creative problem solving. Prerequisite: ART 1303 and [ARTC 1301 or ARTS 1302 or ARTS 1304 or ARTT 2372] both with grades of "D" or better.  
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

ARTS 4345. Metals V.  
This course focuses on the conceptual and technical aspects of the metal medium through experimentation, research and evaluation. It requires students to pursue a personal and conceptual direction and to produce a consistent body of artwork. Prerequisite: ARTS 3343 or ARTS 3344 either with a grade of "D" or better.  
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter
ARTS 4346. Metals VI – Thesis I.
The first half of the Senior Thesis for metals majors. Requires a written
statement of intent outlining the scope and objectives of the proposed
thesis project followed by a related body of artwork. Prerequisite:
ARTS 4345 with a grade of "D" or better. Corequisite: ARTS 4200 with a
grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4347. Metals VII – Thesis II.
This course is the second half of the Senior Thesis for metals majors. It
requires a related body of work documented in a written progress report.
Selections from the thesis project will be exhibited in a senior exhibition.
Prerequisite: ARTS 4346 with a grade of "D" or better. Corequisite:
ARTS 4000 with a grade of "CR" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4348. Metals Special Problems.
This course is an advanced level, independent study in metals which
requires students to pursue a personal conceptual direction and to
develop the appropriate technical and critical skills necessary for creating
a cohesive body of artwork. The course may be repeated with different
emphasis for additional credit. Prerequisite: ARTS 3343 with a grade of
"D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4357. Painting VII – Thesis II.
This course is the second half of the Senior Thesis for painting majors. It
requires a related body of work documented in a written progress report.
Selections from the thesis project will be exhibited in a senior exhibition.
Prerequisite: ARTS 4356 with a grade of "D" or better. Corequisite:
ARTS 4000 with a grade of "CR".
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4358. Painting Special Problems.
An advanced level, independent study in painting which requires students
to pursue a personal conceptual direction and to develop the appropriate
technical and critical skills necessary for creating a cohesive body of
artwork. May be repeated with different emphasis for additional credit.
Prerequisite: ARTS 3353 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4355. Painting V.
Requires students to pursue a personal conceptual direction in painting
and to develop the appropriate technical and critical skills necessary
for creating a cohesive body of artwork. Prerequisite: ARTS 3354 with a
grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4356. Painting VI – Thesis I.
The first half of the Senior Thesis for painting majors. Requires a written
statement of intent outlining the scope and objectives of the proposed
thesis project followed by a related body of artwork. Prerequisite:
ARTS 4355. Corequisite: ARTS 4200.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4360. Readings in Photography.
In this intensive writing course, students read, write, and create studio
projects in reaction to historical and contemporary written accounts of
the history, practice, and interpretation of photography. (WI) Prerequisite:
ARTH 3306 and ARTS 3367 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

This course explores advanced concepts and techniques in digital
photography. Prerequisite: ARTS 3364 and ARTS 3365 both with grades
of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
ARTS 4366. Photography Thesis I.
This is a senior-level course for photography majors, requiring a series of related photographs. It is the first half of the senior thesis. Prerequisite: ARTS 4361 with a grade of "D" or better. Corequisite: ARTS 4200 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4367. Photography Thesis II.
This course is the second half of the Senior Thesis for photography majors, requiring a series of original photographs to be documented in a written creative statement. It culminates in a senior thesis exhibition in the gallery. Prerequisite: ARTS 4360 and ARTS 4366 both with grades of "D" or better. Corequisite: ARTS 4000 with a grade of "CR".
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4368. Fine Art Photography Special Problems.
An advanced level, independent study in photography which requires students to pursue a personal conceptual direction and to develop the appropriate technical and critical skills necessary for creating a cohesive body of artwork. May be repeated with different emphasis for additional credit. Must be an Art major or minor to enroll. Prerequisites: ARTS 2361; ARTF 1301, ARTF 1302.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4375. Advanced Printmaking Level Two.
The class challenges the student to make a suite of prints based on a single theme. While some new techniques may be introduced, the primary focus is on deepening the student's understanding of a particular print media. Prerequisite: ARTS 3374.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4376. Printmaking VI - Thesis I.
In this course, students begin to create a conceptually linked body of work. Written statements and other documentation are required, and priority is placed on the development of a personal and professional direction. Prerequisite: ARTS 4375 with a grade of "D" or better. Corequisite: ARTS 4200 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4377. Printmaking VII - Thesis II.
In this course, students complete their thesis work, culminating in participation in the Thesis Exhibition. Written statement, thesis and other professional documents are required, as is visual documentation of the thesis work. Emphasis is placed on a conceptually linked body of work and professional presentation. Prerequisite: ARTS 4376 with a grade of "D" or better. Corequisite: ARTS 4000 with a grade of "CR".
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4378. Printmaking Special Problems.
An advanced level, independent study in printmaking which requires students to pursue a personal conceptual direction and to develop the appropriate technical and critical skills necessary for creating a cohesive body of artwork. May be repeated with different emphasis for additional credit. Prerequisite: ARTS 3373 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4381. Soft Sculpture.
This course emphasizes aesthetic direction in sculpture through the study of numerous materials that are fiber based with a focus on contemporary practices in papermaking, surface design, and material manipulation. Prerequisite: ARTS 2381 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4385. Sculpture V.
The conceptual and technical aspects of sculpture are developed through experimentation, research and evaluation. Requires students to pursue a personal and conceptual direction and to produce a consistent body of artwork. Prerequisite: ARTS 3384 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4386. Sculpture VI – Thesis I.
In this course, students develop the first half of the Senior Thesis and write a statement of intent outlining the scope and objectives of the proposed thesis project followed by a related body of artwork. Prerequisite: ARTS 4381 and ARTS 4385 both with grades of "D" or better. Corequisite: ARTS 4200 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
ARTS 4387. Sculpture VII – Thesis II.
This course is the second half of the Senior Thesis for sculpture majors. It requires a related body of work documented in a written progress report. Selections from the thesis project will be exhibited in a senior exhibition. Prerequisite: ARTS 4386 with a grade of D or better. Corequisite: ARTS 4000 with a grade of "CR".
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing.
Grade Mode: Standard Letter

ARTS 4388. Sculpture Special Problems.
An advanced level, independent study in sculpture which requires students to pursue a personal conceptual direction and to develop the appropriate technical and critical skills necessary for creating a cohesive body of artwork. May be repeated with different emphasis for additional credit. Prerequisite: ARTS 3383 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing.
Grade Mode: Standard Letter

Courses in Art Theory and Practice (ARTT)

A survey and analysis of the theories and practices of art learning. Topics include: philosophy; history and theory of art learning; technology; artistic development; learning theories; assessment tools; program development; presentations and current realities; trends and issues. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Writing Intensive.
Grade Mode: Standard Letter

ARTT 2372. Learning and Digital Media.
In this course students examine theories and practices of using electronic media for the creation of art as well as for enhancement of the art learning process. Prerequisite: ART 1301 and ARTT 2371 both with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTT 3370. Art Theory and Practice.
Introduces the theories and practices of children's art learning for the non-art major.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTT 3372. Art Theory and Practice for Children.
This course is a survey and analysis of the theories and practices of teaching art to children. Topics include artistic development, art programming, content, philosophies, methodologies, objectives and assessment. It requires ten clock hours of field experience in an elementary art learning setting. (WI) Prerequisites: ART 1303 and ARTT 2372 both with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Writing Intensive.
Grade Mode: Standard Letter

ARTT 3373. Art Theory and Practice for Adolescents.
This course covers the theories and practices of adolescent art learning. Topics include: learning environments, artistic development, presentation methodologies, objectives and assessment, and other current topics. It requires ten clock hours of field experience in a secondary school art setting. Prerequisite: ARTT 2371 and ARTT 2372 both with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTT 3375. Experimental Water Media.
Upper level elective for studio majors. Fills teaching certification watercolor requirement. Students will experiment with water media, including watercolor, egg tempera, gouache, and mixed media on a variety of surfaces, including yupo and gessoed paper. Students will explore mixed media with watercolor. Justification: Future teachers need to develop skills in a wide range of water media, on a wide range of paper including yupo, and in combining watercolor with media, such as prismacolors, markers, water soluble markers and pencils and collage. These things are not covered in the watercolor studio course. The course would also serve as an elective for studio art majors who want to explore multiple media with watercolor.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ARTT 4000. Senior Art Education Exhibition.
A senior level course in which all graduating Art Education Seniors must participate during their last academic year. Work will be examined and produced leading to a showing in one of the Senior Student Exhibitions. 0 Credit Hours. 0 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing.
Grade Mode: Credit/No Credit

ARTT 4375. Pedagogy of Art Criticism, History & Aesthetics.
This course is a survey and in-depth analysis of the philosophies and structures of art criticism, art history, and aesthetics, as well as contemporary methodologies for analyzing, interpreting and judging works of art. (WI) Prerequisites: ARTT 3373 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Writing Intensive.
Grade Mode: Standard Letter
ARTT 4376. Special Problems in Art Theory and Practice.
Individualized study focusing on personal skill and knowledge development related to art learning experiences. Research will include a review of literature, a design for practical experience, and documentation of results and conclusions. May be repeated with different emphasis for additional credit. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

ARTT 4377. Pedagogy for Art Educators.
This course is the capstone course for art education majors and offers advanced K-12 pedagogy that supports the development of curriculum and a teaching portfolio. Students are required to participate in service learning fieldwork for a minimum of 6 hours. Prerequisite: ARTT 4375 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ARTT 4378. Emergent Issues & Advanced Topics in Art Education.
This rotating issue(s) course introduces students to emerging ideas and advanced topics in the field of art education. Students address these issues through studio art practices and by developing relevant components for their teaching portfolio. Prerequisite: ARTT 3372 and ARTT 3373 both with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTT 4379. Art Education in the Community.
In this course, students learn about community-based research, art, and methodologies. They participate in collaborations and field experiences/internships with community partners in art/cultural centers, museums, schools (PK-12), businesses, and diverse learning communities and organizations. Prerequisite: ARTT 3373 with a grade of "C" or better. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Multicultural Content
Grade Mode: Standard Letter

ARTT 4380E. Storying identity in Art & Culture.
This course explores identity as a construct made of individual and cultural components. Coursework is informed by auto-ethnographic traditions that consider artmaking (e.g., stories, poems, visual art) as an indicator of learning and development. Activities include daily journaling, peer critique, and making creative multimedia life-stories.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTT 4390. Art Education Thesis I.
In this course students engage in exploratory and intermediate art education research and art making to outline the scope of their thesis exhibition. Students also develop a preliminary artist statement exploring art and art education objectives that lead to a thesis proposal and related body of work in a future semester. Prerequisite: ARTT 2372 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTT 4391. Art Education Thesis II.
In this course students engage in advanced-level research in art education and art to focus and refine their thesis project. Students also participate in art education professional development, conceptualize and write an artist statement articulating the context of their artistic inquiry, and produce a cohesive body of work that culminates in their BFA Thesis Exhibition. Prerequisite: [ARTT 4378 or ARTT 4379] and ARTT 4390 all with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

Minimum required: 120 semester credit hours

General Requirements
1. A minimum of 120 hours is required in this degree program, including:
   a. US 1100: Check with your Academic Advisor prior to enrolling in this class because it is not required for all students.
      i. Students who are not required to take US 1100 and who do not have credit for open elective hours will need to make up that 1 hour of credit. Only students who are in a PACE Cohort are required to take US 1100.
   b. 42 hours in the General Education Core Curriculum. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for Texas State requirements and options, including Honors courses.
   c. 39 hours in the major.
   d. 36 advanced hours. Students must be aware that advanced open electives will be required if the number of advanced hours from required courses (major, minor, and options in the BA requirements) do not equal a minimum of 36 advanced hours.
2. All graduation requirements (p. 32) must be met.
3. All course requirements must be met.
4. In addition to the General Education Core Curriculum requirements, the Bachelor of Arts degree (p. 58) (B.A.) requires:
   a. 3 additional hours of English literature,
   b. 3 hours of math/science/logic/computer science courses, and
   c. 14 hours of a single modern language including two 2000-level courses.

5. A minor is required and must be selected from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors/). Some minors may exceed 24 hours.

6. Prerequisites for all advanced classes in the Major in Art must be met. Students must be aware that the 2000-level ARTS classes chosen will determine which advanced ARTS classes they are eligible to take.

Minimum required: 120 semester credit hours

General Requirements

1. A minimum of 120 hours is required in this degree program, including:
   a. US 1100: Check with your Academic Advisor prior to enrolling in this class because it is not required for all students.
      i. Students who are not required to take US 1100 and who do not have credit for open elective hours will need to make up that 1 hour of credit. Only students who are in a PACE Cohort are required to take US 1100.
   b. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for Texas State requirements and options, including Honors courses.
   c. In addition to the General Education Core Curriculum requirements, the Bachelor of Arts degree (p. 58) (B.A.) requires three additional
hours of English literature, three hours of math/science/logic/computer science courses, and a minor.

4. Students must complete 39 hours within the major.

5. A minor is required. A modern foreign language is recommended. Some minors may exceed 24 hours. Minors may be found in the list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors/)

6. Students must complete 36 advanced hours.

7. The minimum number of hours required for this degree program is 120. The number of open elective hours a student will complete depends on the number of hours a student may need to achieve the required 120 total or 36 advanced hours.

</tr>
</tbody>
</table>

1. Students who have completed ARTH 4323 will be advised that they can also develop a thesis project (optional) as a Special Problems course (ARTH 4326). This will allow students to complete thesis projects that are in line with their desired career. ARTH 4323 is only offered once per year, usually in the Fall semester, so students should plan accordingly.

2. Students who choose a 15-credit hour minor, such as the recommended minor in a modern foreign language, must complete an open elective to meet the minimum 120-credit hours required for a bachelor’s degree. Students who choose a minor that requires a minimum of 18-credit hours, may not need the open elective to reach the minimum 120-credit hours.

**Minimum required: 120 semester credit hours**

**Admission Requirements**

1. The Bachelor of Fine Arts (B.F.A.) degree with a major in Communication Design requires admission to the university and admission to the program.

2. Admission requirements for the B.F.A. major in Communication Design are more restrictive than those of the University, and enrollment is limited to provide students with a quality experience. All applicants who indicate Communication Design as their preferred major will be assigned a temporary status code of Pre-Communication Design. In addition to meeting Texas State's general admission criteria, all students intending to major in Communication Design must pass ARTC 2000, earn a minimum grade of B in ARTC 1301 and ARTC 1302, and have a minimum Overall GPA
Bachelor of Fine Arts (B.F.A.) Major in Communication Design

of 2.75 to be admitted into the program. Admission Portfolio Review is a formal review of creative work exclusively from ARTC 1301 and ARTC 1302, conducted by Communication Design faculty, using the following rubric (https://gato-docs.its.txst.edu/jcr:8350449e-f12b-48bb-b09f-42847b6b5308/ARTC%20Admission%20Portfolio%20Evaluation%20Form%20(2).pdf). A score of 60% or above is required to pass the portfolio review. Native and transfer students will register for ARTC 2000 during the earliest semester in which they will meet all eligibility requirements. Students who do not pass ARTC 2000 may register for a future review, but will be allowed only one more attempt. Pre-Communication Design majors will not be permitted to enroll in 2000 – 4000 level Communication Design courses until they have met all requirements and have been formally admitted to the program. Requirements for admission to the Communication Design program are:

- A minimum Overall GPA of 2.75
- A passing grade of "CR" in ARTC 2000
- A minimum grade of "B" in ARTC 1301
- A minimum grade of "B" in ARTC 1302

General Requirements

1. The major is a three-and-a-half year, sequenced curriculum that requires a minimum three-year residency at Texas State.
2. All Communication Design (ARTC) courses must be completed at Texas State.
3. A minimum of 120 hours is required in this degree program including:
   a) US 1100. Check with your Academic Advisor prior to enrolling in this course because it is not required for all students.
   b) 42 hours in the General Education Core Curriculum. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
   c) 77 hours in the major.
4. All course requirements must be met.
5. All general graduation requirements (p. 32) must be met.
6. A minimum 2.75 Major GPA is required for graduation.
7. A maximum of 12 hours are recommended each fall and spring semester to allow time for intensive work in ARTC courses. Students who are required to take US 1100 will enroll in 13 hours in the first semester.
   a) Attendance during summer terms is recommended for students who must complete more than 24 hours in an academic year, and for students who must graduate within 4 calendar years.
8. ARTC 4200 must be taken concurrently with ARTC 4315.
9. The required/sequenced ARTC courses, including ARTC 4200 and ARTC 4315, are not offered in the summer.
10. To meet degree requirements in four years:
   a) Complete ART 1301 and ART 1303 during the freshman year;
   b) Meet all admission requirements, no later than the first semester of the Sophomore year;
   c) Stay on sequence with ARTC courses and pass all ARTC courses on the first attempt; and
   d) Complete a minimum of 30 hours of coursework per academic year.

Co-requisites and/or prerequisites will not be waived.

**Minimum required: 120 semester credit hours**

**General Requirements**

1. The major requires a minimum three-year residency at Texas State.
2. A minimum of 120 hours is required in this degree program including:
   
a) US 1100: Check with your Academic Advisor prior to enrolling in this course because it is not required for all students.
   
b) 42 hours in the General Education Core Curriculum. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
   
c) 77 hours in the major
3. All graduation requirements (p. 32) must be met.
4. All course requirements must be met.
5. A maximum of 12 hours is recommended each fall and spring semester to allow time for intensive work in Photography. Students who are required to take US 1100 will enroll in 13 hours in the first semester.
   
a) Attendance during summer terms is recommended for students who must complete more than 24 hours in an academic year, and for students who must graduate within 4 calendar years.
   
6. ARTS 4200 must be taken concurrently with ARTS 4361.
7. ARTS 4000 must be taken concurrently with ARTS 4367.
8. ARTS 4200, ARTS 4361, ARTS 4000 and ARTS 4367 are not offered in the summer.
9. To meet degree requirements in four years:
   
a) Complete all required major courses in the freshman year: ART 1301, ART 1303, ARTS 1303, and ARTS 1304;
   
b) Stay on sequence with Photography courses; and
   
c) Complete a minimum of 30 hours of coursework per academic year.

### Course Options in the Major

**Code** | **Title** | Hours
---|---|---

#### 2D Studio Art

Choose 1 course in 2D Studio Art from the following:

- ARTS 2351: Beginning Painting (TCCN ARTS 2316)
- ARTS 2371: Beginning Printmaking (TCCN ARTS 2333)

#### 3D Studio Art

Choose 1 course in 3D Studio Art from the following:

- ARTS 2341: Beginning Metals (TCCN ARTS 2341)
- ARTS 2381: Beginning Sculpture (TCCN ARTS 2326)
- ARTS 2311: Beginning Ceramics (TCCN ARTS 2346)

#### 4D Studio Art

Choose 1 course in 4D Studio Art from the following:

- ARTS 2301: Beginning Expanded Media

**ART Electives:**

Choose 3 ARTC, ARTF, ARTH, ARTS, or ARTT courses which are not otherwise required in the major.

Transfer courses that are evaluated as Electives (ELNA) in ARTC, ARTF, ARTH, ARTS and/or ARTT will meet this requirement.

Transfer courses that are evaluated as Advanced Electives (ELADV) in ARTC, ARTH, ARTS and/or ARTT will meet this requirement.

Co-requisites and/or prerequisites will not be waived.

Only Communication Design students may enroll in 2000-level, 3000-level and 4000-level ARTC courses.

**Open Elective**

Open elective classes cannot be from ART, ARTC, ARTH, ARTS, or ARTT.

---

**Minimum required: 120 semester credit hours**

### General Requirements

1. This major requires a minimum three-year residency at Texas State.
2. A minimum of 120 hours is required in this degree program including:
   a) US 1100: Check with your Academic Advisor prior to enrolling in this course because it is not required for all students.
   b) 42 hours in the General Education Core Curriculum. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
   c) 77 hours in the major
3. All graduation requirements (p. 32) must be met.
4. All course requirements must be met.
5. A maximum of 12 hours is recommended each fall and spring semester to allow time for intensive work in the concentration. Students...
who are required to take US 1100 will enroll in 13 hours in the first semester.

a) Attendance during summer is recommended for students who must complete more than 24 hours in an academic year, and for students who must graduate within 4 calendar years.

6. ARTS 4200 must be taken concurrently with ARTS 4316.

7. ARTS 4000 must be taken concurrently with ARTS 4317.

8. ARTS 4200, ARTS 4316, ARTS 4317, and ARTS 4000 are not offered in the summer.

9. To meet degree requirements in four years:

a) Complete all required major courses in the freshman year: ART 1301, ART 1303, ARTS 1301, and ARTS 1302;

b) Stay on sequence with courses in the concentration;

c) One level of the concentration must be completed in the summer; and

d) Complete a minimum of 30 hours of coursework per academic year.

Art Electives:

Choose 2 ARTC, ARTF, ARTH, ARTS, or ARTT courses which are not otherwise required in the major.

Transfer courses that are evaluated as Electives (ELNA) in ARTC, ARTF, ARTH, ARTS and/or ARTT, will meet this requirement.

Co-requisites and/or prerequisites will not be waived.

Only Communication Design majors may enroll in 2000-level, 3000-level and 4000-level ARTC courses.

Advanced Art Electives:

Choose 3, 3000-level or 4000-level ARTC, ARTH, ARTS, or ARTT courses which are not otherwise required in the major.

Transfer courses that are evaluated as Advanced Electives (ELADV) in ARTC, ARTH, ARTS and/or ARTT will meet this requirement.

Co-requisites and/or prerequisites will not be waived.

Only Communication Design students may enroll in 2000-level, 3000-level and 4000-level ARTC courses.
Minimum required: 120 semester credit hours

General Requirements

1. The B.F.A. major in Studio Art requires a minimum three-year residency at Texas State.

2. A minimum of 120 hours is required in this degree program including:
   a) US 1100: Check with your Academic Advisor prior to enrolling in this course because it is not required for all students.
   b) 42 hours in the General Education Core Curriculum. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
   c) 77 hours in the major

3. All graduation requirements (p. 32) must be met.

4. All course requirements must be met.

5. A maximum of 12 hours is recommended each fall and spring semester to allow time for intensive work in the concentration. Students who are required to take US 1100 will enroll in 13 hours in the first semester.
   a) Attendance during summer terms is recommended for students who must complete more than 24 hours in an academic year, and for students who must graduate within 4 calendar years.

6. ARTS 4200 must be taken concurrently with ARTS 4346.

7. ARTS 4000 must be taken concurrently with ARTS 4347.

8. ARTS 4200, ARTS 4346, ARTS 4347, and ARTS 4000 are not offered in the summer.

9. To meet degree requirements in four years:
   a) Complete all required Art Foundation courses in the freshman year: ART 1301, ART 1303, ARTS 1301, and ARTS 1302.
   b) Stay on sequence with courses in the concentration.
   c) Complete a minimum of 30 hours of coursework per academic year.

**Total Hours: 120**

1. ARTS 4200 is a 2-hour course. Speak with your Academic Advisor prior to junior year if you will need to take more than 11 hours of coursework during the Senior Fall semester.

2. To complete the minimum 120 hours required for this degree program, students who are not required to take US 1100 and who do not have credit for open elective hours, will need to make up that 1 hour of credit.

### Course Options in the Major

**Code** | **Title** | **Hours**
--- | --- | ---

#### Code Title Hours

**Course Code** | **Title** | **Hours**
--- | --- | ---
| | | |

**Choose 1 course in 2D Studio Art from the following:**
- ARTS 1303 Photography Foundations I (TCCN ARTS 2356)
- ARTS 2351 Beginning Painting (TCCN ARTS 2316)

**Choose 2 courses in 3D Studio Art from the following:**
- ARTS 2311 Beginning Ceramics (TCCN ARTS 2346)
- ARTS 2341 Beginning Metals (TCCN ARTS 2341)
- ARTS 2381 Beginning Sculpture (TCCN ARTS 2326)

**Choose 1 course in 4D Studio Art from the following:**
- ARTS 2301 Beginning Expanded Media

**Art Electives:**
- Choose 1, ARTC, ARTF, ARTH, ARTS, or ARTT course which is not otherwise required in the major.
- Transfer courses that are evaluated as Electives (ELNA) in ARTC, ARTF, ARTH, ARTS and/or ARTT will meet this requirement.
- Co-requisites and/or prerequisites will not be waived.
- Only Communication Design majors may enroll in 2000-level, 3000-level and 4000-level ARTC courses.

**Advanced Art Electives:**
- Choose 3, 3000-level or 4000-level ARTC, ARTH, ARTS, or ARTT courses which are not otherwise required in the major.
- Transfer courses that are evaluated as Advanced Electives (ELADV) in ARTC, ARTH, ARTS and/or ARTT will meet this requirement.
Co-requisites and/or prerequisites will not be waived. Only Communication Design students may enroll in 2000-level, 3000-level and 4000-level ARTC courses.

Minimum required: 120 semester credit hours

General Requirements

1. This major requires a minimum three-year residency at Texas State.
2. A minimum of 120 hours is required in this degree program including:

   a) US 1100: Check with your Academic Advisor prior to enrolling in this course because it is not required for all students.
   b) 42 hours in the General Education Core Curriculum. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
   c) 77 hours in the major

3. All graduation requirements (p. 32) must be met.
4. All course requirements must be met.
5. A maximum of 12 hours is recommended each fall and spring semester to allow time for intensive work in the concentration. Students who are required to take US 1100 will enroll in 13 hours in the first semester.

   a) Attendance during summer terms is recommended for students who must complete more than 24 hours in an academic year, and for students who must graduate within 4 calendar years.
6. ARTS 4200 must be taken concurrently with ARTS 4386.
7. ARTS 4000 must be taken concurrently with ARTS 4387.
8. ARTS 4200, ARTS 4386, ARTS 4387, and ARTS 4000 are not offered in the summer.

9. To meet degree requirements in four years:

   a) Complete all required in the freshman year: ART 1301, ART 1303, ARTS 1301, and ARTS 1302.
   b) Stay on sequence with courses in the concentration.
   c) Complete a minimum of 30 hours of coursework per academic year.

Choose 2 courses in 3D Studio Art from the following:

- ARTS 2311 Beginning Ceramics (TCCN ARTS 2346)
- ARTS 2341 Beginning Metals (TCCN ARTS 2341)

Choose 1 course in 4D Studio Art from the following:

- ARTS 2301 Beginning Expanded Media

**Minimum required: 121 semester credit hours**

**Admission Requirement**

1. All students pursuing teacher certification must apply for, and meet admittance requirements for the Educator Preparation Program through the Office of Educator Preparation.

**General Requirements**

1. This major requires a minimum three-year residency at Texas State.

2. After successful completion of this degree program and earning passing scores on the required certification exams, graduates may apply to the Texas Education Agency for All Level Teacher Certification in Art, grades EC-12.

3. A minimum of 121 semester credit hours is required in this degree program including:

   a. US 1100: Check with your Academic Advisor prior to enrolling in this course because it is not required of all students.

   b. 42-credit hours in the General Education Core Curriculum. See the General Education Core Curriculum for requirements and options including Honors courses. See the Office of Educator Preparation for General Education Core Curriculum requirements that are unique to Teacher Certification.

   c. 63-credit hours in the School of Art and Design including courses in Art Foundation, Art History, Studio Art, and Art Theory.
d. The College of Education requires a Minor in Education for all students seeking certification in fine arts teaching fields. The Minor requires 21-hours including 6 hours in ARTT that count toward this requirement.

4. All graduation requirements (p. 32) must be met.

5. In addition to the general graduation requirements listed in this catalog, the following graduation requirements must be met by students seeking teacher certification:
   a. Minimum 2.75 Overall GPA as well as grades of "C" or better in all courses within the Major(s), Teaching Field(s), Certification area(s), and/or in the Education Minor.
   b. Successful completion of Student Teaching courses EDST 4380 and EDST 4381.
   c. GPA of at least 2.50 in all assigned courses in the professional sequence and in the major(s) or teaching field(s) or concentration(s) with no grade below a "C" in these courses.

6. Art Theory classes are sequential. These courses are rotated as follows
   a. Fall semester only: ARTT 2371, ARTT 4379
   b. Spring semester only: ARTT 2372, ARTT 4378
   c. Determined by enrollment: ARTT 3372, ARTT 3373, ARTT 4390, and ARTT 4391

7. To meet degree requirements in four years (of first declaring this major)
   a. Complete all required Art Foundation and Art Theory courses in the first year as listed in the curriculum plan below.
   b. Complete a first level 2D and 3D Studio Art class in the third semester.

8. Choose a single area of Studio Art as an advanced level track and take the subsequent level each semester through level 4 or 5.
   a. Attendance in summer is required any time before the final semester to complete hours that cannot be taken simultaneously with Student Teaching.
   b. Only the Student Teaching courses, EDST 4380 and EDST 4381 will be taken in the final semester.

9. All course work other than Student Teaching must be complete prior to EDST 4381 and EDST 4380.

10. The Texas Education Agency (TEA) requires multiple background checks for progression through the Educator Preparation Program. Based on information recorded in your criminal history, you may be ineligible for issuance of a teaching certificate upon completion of the Educator Preparation Program. If you have a criminal history, you may obtain a Preliminary Criminal History Evaluation from TEA. For more information, go to: https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/.

1. To complete the minimum 121 hours required for this degree, students who are not required to take US 1100 and who do not have credit for open elective hours, will need to make up that one hour of credit.
2. Studio Art courses that are taken to complete the 2D and 3D Studio Art requirements will determine options for the Studio Art track. See Course Options in the Major section below.
3. After completing 2D and 3D Studio Art classes, students will choose an area of Studio Art as a track and complete the fifth level class in that specific area. Courses must be taken in order. See Course Options in the Major section below.
4. Only the Student Teaching courses EDST 4380 and EDST 4381 are allowed to be taken in the final semester; therefore, enrollment will be part-time. Part time status may affect various forms of financial aid, scholarship awards and veteran's benefits. Contact appropriate offices for information ahead of time, and plan accordingly.

**ARTT Advanced Elective:**
Choose 1, 3000-level or 4000-level ARTT course which is not otherwise required in the major.

The Minor in Art is restricted to students not pursuing a B.A. in Art.

The minor in Art requires 24 semester credit hours. All prerequisites must be met for any course chosen to satisfy requirements for the minor in Art.

Students who are pursuing a Bachelor of Arts degree major in Art History, who also choose to complete the minor in Art, must complete a minimum of 9 unique hours in the minor. It must be noted that a combination of the Bachelor of Arts degree with a major in Art History and a minor in Art, may result in the need for advanced open electives in order to complete the minimum 120 overall hours and/or the minimum 36 advanced hours that are required for graduation.

Students who are pursuing a Bachelor of Fine Arts degree with a major in Communication Design, Studio Art, and Photography who also choose to complete the minor in Art, may result in the need for advanced open electives in order to complete the minimum 120 overall hours and/or the minimum 36 advanced hours that are required for graduation.

The Minor in Art History is restricted to students not majoring in Art History.

The minor in Art History requires 18 semester credit hours. The minor will offer students, who are interested in art history but do not want to major in it, the opportunity to acquire important visual and critical thinking skills central to the discipline. The minor in Art History will help students increase their competitiveness in a job market where employers are particularly interested in well-rounded job applicants who not only have specific technical skills but also a wider understanding of history and culture.

All prerequisites must be met for any course chosen to satisfy requirements for the minor in Art History.

Students who are pursuing the Bachelor of Arts degree major in Art, the Bachelor of Fine Arts degree with a major in Communication Design, the Bachelor of Fine Arts degree with a major in Studio Art, or the Bachelor of Fine Arts degree with a major in Photography within the School of Art and Design, who also choose to complete the minor in Art History, must complete a minimum of 9 unique hours in the minor. It must be noted that a combination of the Bachelor of Arts degree major in Art with a minor in Art History, may result in the need for advanced open electives in order to complete the minimum 120 overall hours and/or the minimum 36 advanced hours that are required for graduation.

¹ With the exception of ARTH 4325: Art History Internship, offered every semester, the 4000 level courses are taught in rotation on a three-year cycle.

Centennial Hall Room 205  
Telephone: 512-245-2165 Fax: 512-245-3138  
https://www.commstudies.txstate.edu  

Communication studies examines the creation, expression, and analysis of messages in our personal, professional, and public lives. Knowledge of the field aids in students’ development of social intelligence, critical thinking, and problem-solving skills all needed achieve personal, professional and civic goals. Communication Studies differs greatly from profession specific majors where student coursework may become dated or less relevant as students leave the university. Communication Studies majors acquire the knowledge, skills, and abilities of resilient learners, collaborators, and problem solvers as they learn to manage message processes within and among individuals, groups, organizations, and societies. Students explore verbal and nonverbal communication, organizational and business communication, rhetoric and criticism, argumentation and persuasion, and communication technology. Alumni excel in diverse cultural, professional, social, and personal
settings as influential leaders, solution-oriented collaborators, highly trained researchers, talented writers, and engaging speakers. The undergraduate degree offers concentrations in:

- Relationship Management and Well-being
- Professional and Organizational Advancement
- Persuasion, Advocacy, and Civic Engagement
- Teacher Certification in Communication Studies

In addition to the minor in Communication Studies, the Department is also the home for three interdisciplinary minors: Leadership Studies, Political Communication, and Health Communication.

Key to our students’ and program’s success is our dedicated faculty and staff—a cohesive team that draws from their unified expertise to help students understand the vital connections between research and teaching inside and outside the classroom. Our faculty members are active in national and international association; publish their research in books, professional and academic journals; secure funding to support cutting-edge research; create podcasts; win awards for teaching excellence; and serve our communities.

Areas of Specialization

Some students may wish to concentrate on a particular aspect of communication study. Although there is no required sequence of courses for any single area of interest, the following general guide may be used to assist students in providing a focal point for their communication study.

Relationship Management and Well-being

Courses that focus on relationship management and well-being are designed to provide students with skills and knowledge to pursue a variety of career goals that involve interpersonal interactions with others. This area of interest is appropriate for students seeking careers in business, non-profit organizations, sales, customer service, hospitality services (e.g. travel or hotel industry) or other careers or professions which emphasize effective human relationship skills.

Professional and Organizational Advancement

Courses that focus on professional and organizational advancement are designed to enhance student’s capacity for success in careers requiring skills in the management of human relationships and communication flow within contemporary business, public service, non-profit, and professional organizations.

Persuasion, Advocacy and Civic Engagement

Courses that focus on persuasion, advocacy, and civic engagement examine messages that are designed to create change. Courses address topics such as rhetoric, public address, and argumentation. This area of interest is appropriate for students planning careers in business and industry, non-profit organizations, sales and marketing, the ministry, law, politics or other careers in which persuasion, rhetorical, and analytical skills are important.

Specialized Courses and Programs

Departmental Internship Elective

Some students may wish to enroll in the Internship course COMM 4390. Requirements for the course may be found in the Courses section of the catalog.

Communication Studies Career Readiness Program

The Communication Studies Career Readiness (CSCR) program is an innovative experience for select students to discover and examine career options in the communication field by building a personalized career pathway comprised of hands-on experience, alumni-mentoring, networking, internships, and specialized advising. This program does not follow the traditional career counseling model, which starts with a singular job that students work toward. Instead, the CSCR program starts with our students’ skillsets, interests, and passions to explore multiple career opportunities before narrowing. CSCR students are better prepared for life post-graduation. The CSCR program only accepts 10-14 students per year.

CSCR students will have experiences that most universities of our size cannot provide. This program is perfect for the motivated student who is focused upon learning how the major can help them advance their personal and professional goals. Key benefits include:

- Enrollment in the exclusive Career Readiness Course that is unlike any college class
- Connecting with an Alumni Mentor with similar interests
- Participating in exclusive workshops and networking opportunities
- Receiving specialized internship coaching and academic advising
- Building a Personalized Career Pathway that guides students to graduation
- Specialized job search training

Student Organizations

The department also proudly sponsors the Delta Beta Chapter of Lambda Pi Eta, the Communication Guild, the Elton Abernathy Forensics Society, and the LBJ Debate Society. The Elton Abernathy Forensics Society is Texas State’s competitive speech team. The LBJ Debate Society is named for former President Lyndon B. Johnson, who was involved in debate as a student at Texas State University. Both teams travel locally, regionally, and nationally.

Bachelor of Arts (B.A.)

- Major in Communication Studies (p. 292)
- Major in Communication Studies (Persuasion, Advocacy, and Civic Engagement Concentration)
- Major in Communication Studies (Professional and Organizational Advancement Concentration) (p. 294)
- Major in Communication Studies (Teacher Certification in Speech, Grades 7-12) (p. 297)

Minors

- Communication Studies
- Health Communication (p. 299)
- Leadership Studies
- Political Communication
- Second Teaching Field in Speech (Grades 7-12)
Courses in Communication Studies (COMM)

This course examines the speaking and listening principles and techniques that are fundamental for human communication. The course aims to help students develop basic verbal and nonverbal communication knowledge and skills in a variety of specific contexts including interpersonal, small group, and public speaking. The course has a specific multicultural focus with an emphasis on ethics and diversity.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Communication Core 010|Component Area Core 090|Communication CAO 091|Lab Required|Time Conflicts Permitted
Grade Mode: Standard Letter
TCCN: SPCH 1311

COMM 1340. Voice and Articulation.
This course is a study of the physiology of the human voice and the sounds of speech. The student’s own voice will be the primary focus, with practice to develop speech appropriate for professional contexts. Prerequisite: COMM 1310.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: SPCH 1342

COMM 2111. Speech and Debate Activities.
A course designed to provide credit for participation in speech and debate activities. May be repeated for a total of four credits.
1 Credit Hour. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

COMM 2315. Interpersonal Communication.
This course studies communication principles and theories exploring interpersonal interactions with emphasis on conceptual foundations, personal growth and skill enhancement. Prerequisite: COMM 1310 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: SPCH 1318

COMM 2330. Small Group Communication.
This course focuses on communication in small groups and teams including an analysis of the structure and skills involved in managing the task and relational components of group work. Special emphasis is placed on problem solving discussion, effective meeting leadership and participation, and critical thinking. Prerequisite: COMM 1310 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: SPCH 2333

COMM 2338. Public Speaking.
This course helps the student to develop personal speaking skills and introduces principles of contemporary types of speeches. Prerequisite: COMM 1310 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: SPCH 1315

This course explores how to conduct and interpret communication research through the scientific method.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 3302. Rhetorical Research Methods.
Students will explore and apply methods of analysis and evaluation of rhetorical discourse with emphasis on developing critical research and writing skills. Students should complete COMM 3302 before enrolling in other advanced rhetorical studies courses. (WI) Prerequisite: COMM 1310 and COMM 2338 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

COMM 3310. Communication Theory.
This course explores the practical ways in which communication theory operates to foster self-awareness, to make sense of personal experiences, and to cultivate critical thinking.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 3316F. Rhetoric, Race, and Memory.
This course explores how public articulations about what happened in the past inform our present and future. Through an exploration of how communities remember civil rights and racism, the course offers students with deeper insight into how communicative practices enable communal transformation and can sustain or disrupt communal identity.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter
COMM 3316G. Communication and Coping.
This course reviews research regarding the communicative management of stress. We explore theoretical and practical implications of leading models of stress, coping, and social support from communication and related disciplines with a specific emphasis on health stressors (e.g., chronic illnesses, public health concerns) and outcomes (e.g., distress, physical health).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

COMM 3316H. Caregiving and End-of-life Communication.
Communication is at the center of caring for a loved one during illness and at the end-of-life; situations that we all encounter across the lifespan. Students in this class will review research and real-life examples, applying theory, and discussing practical implications and challenges associated with caregiving and end-of-life communication.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

COMM 3316I. LGBTQ+ Communication Studies.
This course investigates how communication impacts LGBTQ+ people's experiences across their lives in relationships, organizations, healthcare, media, and society. Students examine how communication sustains both discrimination against LGBTQ+ people and their resistance, theorize how LGBTQ+ people navigate their holistic identities, and create LGBTQ+ justice across communication practices, cultures, and structures.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

COMM 3318J. Communication in Health Organizations.
This course examines the delivery and exchange of messages within health organizations. Specific communication contexts to be emphasized will include interpersonal conflict, negotiating, communication networks, communication environments, virtual systems of communication, channel/media selection strategies, communication climate, communities of practice, public relations communication campaigns, and organizational crisis management.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

COMM 3318V. Speechwriting.
This course will provide a basic understanding of the speechwriting process, including writing different types of speeches of varied length targeted to different audiences and venues. Students will learn effective speech organization and content through drafting and peer review and gain basic experience in the effective delivery of speeches.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

COMM 3319. Introduction to Organizational Communication.
Applies communication and management theory along with contemporary research to understand messages in corporate, nonprofit, and volunteer organizations. Prepares the students to think critically about their organizational experiences and use theory to assess and manage communication processes including supervisor-subordinate communication, conflict, and cultures.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 3320. Sport Communication.
Sport Communication provides a theoretical foundation to understand and apply interpersonal, organizational, team, and public communication skills in sport settings. Sample topics include: fan culture, racial identity and gender, player/coach interactions, and crisis communication. Students gain practical knowledge and skills to optimize verbal and nonverbal messages in sport contexts.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 3322. Communication Career Readiness.
This course helps students discover communication careers by assisting them in building a personalized career pathway through hands-on experiences, mentoring, networking, and examining the field of communication studies. Prerequisite: COMM 1310 with a grade of "C" or better and instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course provides a survey of relevant skills necessary to work in an international work setting. Through discussion, site-visits, and application activities, students will leave the course with an understanding and ability to apply these skills in their careers.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 3325. Communication and Conflict Management.
Demonstrates the ways communication skills can be used to manage conflict. The class also provides an analytic framework for diagnosing conflict, negotiation, and mediation. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

COMM 3326. Family Communication.
The study of the theory and research trends regarding the dynamics of family communication, including parent-child, sibling, marital, and inter-generational interactions; family culture and roles; divorce and step families; conflict; stress and well being. Prerequisite: COMM 2315.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter
COMM 3328. Communication and Gender.
Investigates the interactive nature of communication and gender, the creation of gender identities, and the role of gender and communication in a variety of settings. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

COMM 3329. Intercultural Communication.
Presents theory and application of communication skills for a culturally diverse world. Develops verbal and nonverbal abilities in social and professional intercultural contexts. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

COMM 3330. Nonverbal Communication.
Introduces the conceptual foundations of nonverbal communication. Theoretical components, research methods and applications of nonverbal communication are also explored in a variety of contexts.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 3332. The Dark Side of Communication.
This course examines communication that is considered challenging, complicated, stressful, or unpleasant. Topics include (but are not limited to) deception, teasing/bullying, jealousy, topic avoidance, and aggression. The phenomena covered range from the everyday to the extreme, and impact our well-being as well as our relationships.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 3335. Communication and Identity in International Work Cultures.
This course explores how personal, cultural, organizational, and occupational identities shape workplaces.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 3336. Diversity and Communication.
This course examines various styles of formal and informal communication, and builds awareness and understanding of diversity. It will address diversity issues in social characteristics such as age, gender, race, and sexual orientation. It will address how society communicates about issues related to diversity. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

COMM 3342. Interviewing Principles and Practices.
This course explores the components and techniques that differentiate the interviewing process from other forms of communication. By understanding the intricacies of interviewing (goals, structure, question formats), students improve their ability to apply interview principles.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 3345. Argumentation and Debate.
A study of basic principles of argumentation emphasizing analysis, evidence, reasoning, and refutation and their applications in formal and informal debate contexts. Students will do laboratory work with the University forensics squad. Prerequisite: COMM 1310.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course provides a theoretical foundation to understand the fundamentals of public deliberation, the individual's role in advocacy, and civic engagement in a democratic society. Sample topics include practices of engagement and inquiry, communication ethics, free expression and the responsibility of advocates.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 3358. Professional Communication.
Application of self-presentation and interaction concepts and skills to the transition from undergraduate studies to professional life, including job selection, resume preparation and presentation, interviewing, and interaction management in business and professional settings.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 4111. Practicum in Communication Studies.
On-the-job experience working with faculty to assist with the department missions of teaching, research or service. Students may work in the department communication lab, assist faculty in the classroom, serve as faculty research assistants or other academic support tasks. May be repeated one time for additional credit. Prerequisite: Departmental approval.
1 Credit Hour. 0 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

COMM 4307. Media Criticism.
Explores the influence of media messages based upon communication and rhetorical theories in shaping perceptions and values. Focus is upon the rhetorical analysis of how the visual media of film and television communicate social, political, and personal attitudes and behaviors.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
COMM 4310. Methods of Teaching Communication Studies.
A study of methods of teaching communication studies principles and skills for secondary school teachers. Students enrolled in teacher certification programs with a major in Nutrition, Consumer Affairs, Communication Studies or a second teaching field in Communication Studies should contact the Department of Communication Studies for approval to register. (WI) Prerequisite: COMM 1310, COMM 2315, COMM 2330, or COMM 2338; with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

COMM 4311. Instructional Communication Practicum.
This course provides students with an overview of instructional communication research, including teacher immediacy and clarity, and student responsiveness and engagement. Students will also work with a faculty supervisor as an instructional aide in which they will facilitate experiential activities and learn to assess lower-division assignments. Prerequisite: Instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

COMM 4315. Directed Research in Communication Studies.
Individual or group research projects at the advanced level that are not offered in the present curriculum. Permission and project approval must be obtained from the departmental chair prior to registration. May be repeated with different emphasis for additional credit.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dual Enrollment Permitted
Grade Mode: Standard Letter

COMM 4320. Planning Communication Studies Activities and Events.
This course is designed to assist individuals in the management and implementation of communication activities and events. The course includes practical experience in planning and directing individual events.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

COMM 4321. American Speeches.
Analysis and evaluation of major American speeches and their influence on the history and culture of the United States from 1630 to the present. Prerequisite: COMM 2338.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 4322. Rhetoric of Protest Movements.
Explores the persuasive strategies used by protest and political movements to promote social and political change. Focuses upon the application of critical perspectives in understanding the stages, leadership styles, and rhetorical appeals characteristics of movements in American society. (MULT) Prerequisite: COMM 2338.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

COMM 4324. Organizational Rhetoric.
Guided by principles of rhetoric, students will investigate a variety of functions for internal and external audiences. Functions will include building identity; managing issues, impressions, and crisis; and influencing organizational culture. Students will use this knowledge to create and analyze organizational messages.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 4325. Communication and Technology.
This course explores how the use of information and communication technologies relates to interpersonal, organizational, public, political, and intercultural communication practices and outcomes.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 4326. Health Communication.
This course provides students with an overview of major theoretical and practical issues for communicating about health issues in clinical, organizational, relational, and public contexts. Students will gain knowledge and skills to improve patient health outcomes through effective message strategies.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 4327. Social Media in Organizations.
Social Media in Organizations prepares students to be effective social media writers, resourceful workers, critical consumers, and savvy job seekers. We will consider members' use of social media inside organizations as well as explore our peripheral connection with organizations as consumers and prospective employees.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 4329. Communication Training and Human Resource Development.
This course presents the principles and skills of developing and presenting communication training programs. An emphasis is placed upon applications of communication skill development, communication theory, and instructional communication research in organizational contexts. Prerequisite: COMM 2315, COMM 2330, or COMM 2338.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
COMM 4341. Intercultural Communication in the Americas.
This course investigates intercultural communication in various contexts of North, Central, Latin America and the Caribbean covered over two sections: (1) understanding the cultural differences (i.e., values, nonverbal communication, negotiation, business communication, family communication), and (2) understanding transitional experiences of migrants from Central and Latin America, and the Caribbean. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

COMM 4345. Political Communication.
A study of historical and contemporary political campaigns in the United States analyzing management strategies, promotional techniques, and rhetorical messages. Prerequisite: COMM 2338.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 4346. Environmental Communication and Sustainability.
In this course, students learn how to analyze environmental communication messages and how they influence our understanding of environmental issues. Students will examine public discourse including formal oratory, public debate, political communication, organizational communication, and mass mediated messages.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 4347. Leadership and Communication.
An advanced course in communication designed to examine in detail the phenomenon of leadership in groups and organizations. Various theories and approaches to leadership will be surveyed with an emphasis on applying leadership principles.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 4351. Relational Communication.
The study of theory and research trends regarding communication in close relationships, including attraction and intimacy; relationship development, maintenance, and dissolution; affection and support; and conflict. The theoretical and practical relevance of the social, emotional, and relational consequences of messages in emphasized throughout the course.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 4390. Communication Internship.
This course provides on the job experience in a communication related role in an approved organization. Enrollment requires permission of the instructor, a minimum of 150 clock hours on the job, a written contract with the internship coordinator, and a final portfolio of work. May be repeated for additional credit. Prerequisites: 6 hours of upper level communication electives completed with a grade of "C" or higher. Restricted to full majors or minors in their junior or senior year. Good academic standing required.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Minimum required: 120 semester credit hours

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. In addition to the general education core curriculum requirements, the Bachelor of Arts degree (p. 58) (B.A.) requires three additional hours of English literature, three hours of math/science/logic/computer science courses, six hours of 2000-level modern language courses and a minor.

3. Students must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors/).

4. The core courses required of all Communication Studies students are COMM 1310, COMM 2315, COMM 2330, COMM 2338, COMM 3301 and COMM 3302.

5. For transfer students, 12 semester credit hours in Communications (or equivalents) may be transferred from a Texas public institution of higher education for the Communications Field of Study (FOS) and be applied to the Bachelor of Arts degree with a major in Communication.
Studies at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list. In the case where there is no Texas State University course number equivalent to a TCCN number, an elective will be counted.

**Course Requirements**

**General Requirements**

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this
catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. In addition to the general education core curriculum requirements, the Bachelor of Arts degree (p. 58) (B.A.) requires six hours of English literature, three hours of math/science/logic/computer science courses, six hours of 2000-level modern language courses and a minor.

3. Students must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors/).

4. The core courses required of all Communication Studies students are COMM 1310, COMM 2315, COMM 2330, COMM 2338, COMM 3301 and COMM 3302.

5. For transfer students, 12 semester credit hours in Communications (or equivalents) may be transferred from a Texas public institution of higher education for the Communications Field of Study (FOS) and be applied to the Bachelor of Arts degree with a major in Communication Studies at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list. In the case where there is no Texas State University course number equivalent to a TCCN number, an elective will be counted.

Minimum required: 120 semester credit hours

Admission Requirements
1. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 244).

General Requirements
1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. In addition to the general education core curriculum requirements, the Bachelor of Arts degree (p. 58) (B.A.) in Communication Studies with Teacher Certification requires three additional hours of English literature, three additional hours of math/science/logic/computer science courses, six hours of 2000-level modern language courses, and a minor. For this program, the additional math/science/logic/computer science course may be satisfied by COMM 3301, and the second major in Education fulfills the minor requirement.

3. The core requirements of all Communication Studies students are COMM 1310, COMM 2315, COMM 2330, COMM 2338, COMM 3301, and COMM 3302.
4. A second major in Education is required.
5. To satisfy graduation requirements for teacher certification, students must have an Overall GPA of at least 2.75, as well as grades of “C” or better in all courses within the Major(s), Teaching Field(s), Certification area(s), and/or in the Education Minor.

6. This degree program is designed to prepare students for secondary teacher certification in Speech and requires that students pursue a double major by declaring and completing requirements for both the major in Communication Studies and the major in Education. The following courses are required for the major in Education:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>

</tbody>
</table>

Total Hours 33

7. The Texas Education Agency (TEA) requires multiple background checks for progression through the Educator Preparation Program. Based on information recorded in your criminal history, you may be ineligible for issuance of a teaching certificate upon completion of the Educator Preparation Program. If you have a criminal history, you may obtain a Preliminary Criminal History Evaluation from TEA. For more information, go to: https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/ (https://na01.safelinks.protection.outlook.com/?url=https%3A%2F%2Ftea.texas.gov%2FTexas_Educators%2Finvestigations%2FPreliminary_Criminal_History_Evaluation-FAQs%2F&data=02%7C01%7Cholschu%40txstate.edu%7C%7C9bbf8155b943a454a19a608d666f0853%7Cb19c134a14c94d4caf65c420f94%7C0%7C636791988354269026&data=I5RHzqUyPASueZ4L69PbQjwW%3D&reserved=0).

8. For transfer students, 6 semester credit hours in Curriculum and Instruction and Special Education may be transferred from a Texas public institution of higher education for the Associate of Arts in Teaching Field of Study and be applied to the Bachelor of Arts degree with a major in Education at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list.
The minor in Communication Studies requires 21 semester credit hours. COMM 2111 and COMM 4111 will not be counted toward the minor.

Electives
Choose 9 hours of COMM electives, 3 of which must be advanced.  9

Total Hours  21

The minor in Health Communication requires 21 semester credit hours. The minor includes a unique blend of theory, research, and application. The study of health communication can contribute to disease prevention and health promotion in areas such as provider-patient communication, patient-family communication, public health messages and campaigns, health in mass media, public health, and technology and health. The minor is interdisciplinary, including courses from the Department of Communication Studies, the School of Health Administration, the School of Journalism and Mass Communication, and the Department of Psychology.

If a student is a Communication Studies major, only the core courses in Communication Studies (COMM 1310, COMM 2315, COMM 2330, COMM 2338, COMM 3301, COMM 3302) may count towards their minor in Health Communication.

If a student is a Healthcare Administration major, no courses may count for their major and minor.

1 COMM 2315 and COMM 2330 both have a prerequisite of COMM 1310.
2 This course has a prerequisite of COMM 2315. Students should select that option as one of the required Communication Studies courses.
3 All Psychology courses require the completion of PSY 1300 with a grade of C.

The minor in Leadership Studies requires 21 semester credit hours. The minor is interdisciplinary, including courses from the following departments: Communication Studies, Management, Philosophy, Aerospace Studies, Psychology, and the School of Health Administration. Students select two courses (6 hours) which emphasize leadership skill development and two courses (6 hours) which provide a theoretical or conceptual approach to leadership. All students in this minor will be advised by the Department of Communication Studies. Students entering the program will be contacted by the department and will be required to see an advisor before selecting elective courses. If a student is a Communication Studies major, only the core courses in Communication Studies (COMM 1310, COMM 2315, COMM 2330, COMM 2338, COMM 3301, COMM 3302) may count towards their minor in Leadership Studies.

The minor in Political Communication requires 24 semester credit hours, including 12 hours from the Department of Communication Studies and 12 hours of selected courses from the Department of Political Science. The minor addresses a variety of theories, principles, and skills related to the political communication process. The minor is designed for students interested in law, politics, public administration, public policy, or other professions related to issues and ideas in a political communication context.

If a student is a Communication Studies major, only the core courses in Communication Studies (COMM 1310, COMM 2315, COMM 2330, COMM 2338, COMM 3301, and COMM 3302) may count towards their minor in Political Communication.

If a student is a Political Science major, no course may count for both their major and minor.

Total Hours: 24

1 COMM 2338 has a prerequisite of COMM 1310.
All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 244).

The Texas Education Agency (TEA) requires multiple background checks for progression through the Educator Preparation Program. Based on information recorded in your criminal history, you may be ineligible for issuance of a teaching certificate upon completion of the Educator Preparation Program. If you have a criminal history, you may obtain a Preliminary Criminal History Evaluation from TEA. For more information, go to: https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/.

www.masscomm.txstate.edu (http://www.masscomm.txstate.edu)

The School of Journalism and Mass Communication is accredited by the Accrediting Council on Education in Journalism and Mass Communication (ACEJMC). Our program offers a curriculum that introduces students to the broad framework of mass communication, emphasizing what is common and fundamental to advertising, digital media, electronic media, journalism and public relations.

The mission of the School of Journalism and Mass Communication is to pursue excellence. Our programs strive to cultivate strong professional, research, theoretical, critical and ethical skills in a diverse and engaging environment that prepares students to be socially responsible media professionals, scholars and citizens. Students may earn a Bachelor of Arts in Mass Communication or a Bachelor of Science degree with a major in Advertising, Digital Media Innovation, Electronic Media, Journalism, or Public Relations.

Students may gain experience by working in student media, such as the University Star, KTSW 89.9 FM, Bobcat Update. Bobcat Promotions, and through internships outside the school. They also have the opportunity to participate in intercollegiate competitions through organizations such as the American Advertising Federation, Public Relations Society of America, Texas Intercollegiate Press Association, College Broadcasters, Inc, and the Society of Professional Journalists.

To earn a Bachelor of Science degree students must complete 120 semester hours, which includes the general education core curriculum requirements, B.S. support coursework requirements, 40 hours in the major, and a minor outside the school.

To earn a Bachelor of Arts degree in Mass Communication, students must complete 120 semester hours, which includes the general education core curriculum requirements, B.A. degree requirements, 33 hours in Mass Communication, and a minor outside the school.

For the Bachelor of Science degree community college transfer students may apply no more than 13 semester credit hours of mass communication transfer courses to the major portion of their degree. Transfer students from four-year institutions may apply no more than 19 semester credit hours of mass communication transfer courses to the major portion of their degree. Regardless of transfer coursework at least 21 hours of the major coursework must be earned at Texas State.

For the Bachelor of Arts degree community college transfer students may apply no more than 13 semester credit hours of mass communication transfer courses to the major portion of their degree. Transfer students from four-year institutions may apply no more than 15 semester credit hours of mass communication transfer courses to the major portion of their degree.

At the Round Rock Campus only the Bachelor of Arts major in Mass Communication degree program is offered. However, students majoring in other programs in the School of Journalism and Mass Communication may find some course offerings at the Round Rock Campus. Contact the School of Journalism and Mass Communication at 512-245-2656 or the One Stop Center at the Round Rock Campus at 512-716-4001 for more information.

In an effort to promote the academic welfare of all Mass Communication students, the school strongly recommends that all students seek academic advising each semester. In certain situations, students may have an advising hold placed on their records. Advisors are available year round to assist students with academic issues and concerns. Students can call 512-245-1932 to make an advising appointment.

Field of Study

The School of Journalism and Mass Communication (SJMC) will accept up to a 13 hour semester credit hour (15 hours from the Journalism field of study) block of coursework from the Communication Field of Study* from Texas two-year colleges towards any major in the SJMC. The SJMC will accept up to a 19 hour SCH block of coursework from Texas four-year colleges and universities toward any BS major in the SJMC and up to a 13 hour SCH block of coursework toward the BA major in the SJMC.

* Coursework from the first three sub-areas of the Communication field of study. These are (1) Advertising/Public Relations, (2) Journalism/ Mass Communication and (3) Radio & Television Broadcasting/Broadcast Journalism. The curriculum in the fourth sub-area of Communication falls under another major and degree program at Texas State and would be applied to that major and degree accordingly, but not to degree programs in the SJMC.

Majors

Advertising

The Advertising program is dedicated to teaching students the strategic and creative skills necessary to solve clients' real world, real time, business problems. To that end, the Advertising program offers courses that cover the major job descriptions of advertising and marketing such as creative development, social media management and contend development, strategic research and planning, business strategy and account management, ad media planning, buying and analytics. Through the sequence of courses, students are exposed to various job opportunities within the field and learn the skills necessary to become a professional in an advertising agency, company or specialized communications firm. Further, students may participate in Texas State's national, award winning AAF (American Advertising Federation) National Student Advertising Competition (NSAC) team.

Digital Media Innovation

The Digital Media Innovation (B.S.) program immerses students in the breadth of digital knowledge to prepare them for new and emerging
media roles. These roles, requiring advanced technology skills and digital perspective, include news application developers, multimedia experience producers, social media editors, engagement managers and data analysts, and can include positions in traditional media organizations, technology companies and media start-ups. Students in this sequence focus on digital strategy and experimentation associated with new models of storytelling and innovative applications of media.

**Electronic Media**
The Electronic Media (B.S.) program offers courses designed to prepare students for careers in broadcasting, cable, satellite, and streaming. The courses emphasize journalism, audio and video production, management, and programming by combining skills instruction with decision-making opportunities, which students put into practice while working for student media. Electronic media sequence students receive hands-on experience while working for radio station KTSW, a cable access television channel, and online. Students are also encouraged to seek internships in professional media organizations off-campus.

**Mass Communication**
The Mass Communication (B.A.) program offers students the opportunity to acquire a broad, flexible education aimed at a comprehensive understanding of the changing dynamics of mass communication in society. Whether it’s telling a story through multiple platforms, building a personal brand, or engaging in research, the major helps prepare students to reach across the various communication disciplines for new insight, skills, forms of expression, and expanding employment opportunities in mass media.

**Journalism**
The Journalism (B.S.) program prepares students to be multimedia, digital and print journalists with a solid foundation in writing, data analysis, editing and ethics in a career that is crucial to a democratic society. It offers students the opportunity to improve their storytelling, interviewing and research skills as well as develop the strategy and problem-solving skills required of today’s workforce. Students are expected to produce professional quality work and are encouraged to gain additional experience through campus media outlets, including the University Star newspaper, and to seek internships with media organizations off campus.

**Public Relations**
The Public Relations (B.S.) program prepares students for rewarding careers in the management of communication across all media platforms. The program focuses on research, innovation, and problem solving in a diverse and global society through creative and strategic thinking and the highest legal and ethical standards. Students have opportunities to practice their skills in Bobcat PRomotions, the student-run public relations agency, and in internships in Texas and major cities in the United States.

**Concentration in Sports Media**
Any student pursuing a B.S. degree in the School of Journalism and Mass Communication may add a concentration in Sports Media. Students who elect to add a concentration can apply the 9-hour concentration towards the 12 hours of advanced MC electives required of the B.S. degree.

**Bachelor of Science (B.S.)**
- Major in Advertising (p. 312)
- Major in Advertising (Sports Media Concentration) (p. 313)

- Journalism
- Mass Communication
- Second Teaching Field in Journalism (Grades 8-12)

**Courses in Mass Communication (MC)**

**MC 1301. Introduction to Mass Communication.**
A survey of the mass media and other areas of mass communication designed to acquaint the student with the field of communication and what it offers. 3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. Grade Mode: Standard Letter TCCN: COMM 1307

**MC 1313. Media Writing.**
This course is an introduction to the major forms of Media Writing: electronic media, journalism and digital. (W). 3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours. Course Attribute(s): Lab Required|Writing Intensive Grade Mode: Standard Letter TCCN: COMM 2311

**MC 2111. Media Practicum.**
Students perform supervised media work of at least 60 hours for the semester. Credit requires prior written contract with a supervising faculty member. May be repeated twice. Prerequisite: Minimum 2.0 Overall GPA and instructor approval. 1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours. Course Attribute(s): Exclude from 3-peat Processing Grade Mode: Credit/No Credit

**MC 3100. Grammar for Media Professionals.**
Students will refine their English grammar skills to a proficiency level needed to be successful communication professionals and media practitioners. 1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours. Grade Mode: Standard Letter
MC 3111. Drone Bootcamp.
This course explores new tools and skills relevant to the digital age, particularly the usage of drones in reporting, videography and multimedia. This course introduces the concepts and practical usage of drone storytelling and prepares students to take the FAA Part 107 exam.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 3112. Social Media Analytics Platforms.
This course prepares students for and assists them in achieving industry-recognized social media certifications.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 3113. 3D Drone Modeling.
This course explores new tools and skills relevant to the digital age. Students explore the growing field of photogrammetry and using drones to produce 3D models.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This career exploration course provides opportunities for students to visit and network with media professionals in the United States. It immerses students in a wide range of organizations. Meetings could include PR firms, ad agencies, governmental organizations, professional sports teams and museums.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 3115. Digital Media Tools and Skills.
This course explores new tools and skills relevant to the digital age. Topics can include data visualization, spreadsheet usage, media-creation software, mobile reporting, drones and sensors in journalism and video editing.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

This course explores concepts relevant to the digital age. Topics may include digital media history, ethics, law and will address online privacy, security, crime, identity and censorship.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 3117. Freelancing for Media Professionals.
This course provides a practical overview of business topics related to all media and communication fields. Students learn the art of freelancing, networking, negotiating and other topics designed to assist in developing their career.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 3118. Careers in Media.
This course allows students to engage in career exploration in the media professions.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 3119. Fundamentals of Layout and Design.
Students learn desktop publishing basics using appropriate software. The course covers topics including creating documents for print or digital use, mastering tools required to create a simple page layout consisting of text and imagery and preparing files for review or publication.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 3120. Editing and Enhancing Digital Imagery.
In this course students learn how to edit, enhance, and create digital imagery for print and web use.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 3121. TV News Production.
In this course, students will serve as the production crew for the TV News course.
1 Credit Hour. 0 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

In this course, students will examine the strategic use of search engine optimization (SEO) in relation to website design, content creation and marketing. Students will explore the fundamentals of SEO and skills like link building and keyword research, which are needed to perform SEO tasks for businesses and organizations. Prerequisite: MC 4381 with a grade of "C" or better.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 3306. Writing for the Electronic Media.
The study and practice of writing copy for the electronic media, including the composition of commercials, news stories, public service announcements, promotions and documentaries. (WI) Prerequisites: MC 1313 with a grade of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter
MC 3307. Audio Production.
This course covers the basics of digital audio production with emphasis on techniques used in producing commercials, public service announcements and promotions. Lab requirements include various studio and field recording experiences and structured group meetings.
3 Credit Hours. 2 Lecture Contact Hours. 4 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

MC 3311. Video Production.
Basics of analog and digital video production. Emphasis on techniques used in producing newscasts, commercials, public service announcements, promotions. Lab requirements include field and studio production.
3 Credit Hours. 2 Lecture Contact Hours. 4 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

MC 3312. Television News.
Standard theory and practice of electronic news gathering and production, including writing copy to match video and synchronization of audio and video in news stories. Students work on a campus news program. (WI) Prerequisites: MC 3306 and [MC 3311 or MC 4324] both with grades of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 4 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

Mc 3313. Foundations of Public Relations Writing.
This course introduces students to a wide range of print & digital publications and writing assignments found in public relations. Prerequisite: MC 3306 with a grade of "C" or better.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

MC 3314. Social Media for Strategic Communication.
This course explores emerging technologies and media influencing strategic communication research and practices. Prerequisite: [MC 3343 or MC 3367] and MC 4381 both with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course studies the principles, theories, and language of visual communication, emphasizing the evaluation and use of images in mass media. It is designed to help you integrate words and pictures in mass communication and to gain a greater appreciation of our visual world.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 3321. News Writing and Reporting I.
Integrating writing and reporting skills to produce stories across media platforms, including print and online, with an emphasis on storytelling. The study of techniques for locating and assessing information from multiple sources, including interviewing, fact verification, online research and the use of libraries. (WI) Prerequisites: MC 1313 with a grade of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

MC 3331. News Writing and Reporting II.
Continuing study of writing and reporting skills to produce stories across media platforms including print and online. Students focus on the production of news and feature stories, with an emphasis on building a portfolio of completed work. Prerequisite: MC 3321 with a grade of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

MC 3332. News Writing and Reporting III.
Advanced study of writing and reporting skills to produce stories across media platforms including print and online. Students focus on the production of news and feature stories, with an emphasis on building a portfolio of completed work. Prerequisite: MC 3321 with a grade of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

MC 3333. News Writing and Reporting IV.
Advanced study of writing and reporting skills to produce stories across media platforms including print and online. Students focus on the production of news and feature stories, with an emphasis on building a portfolio of completed work. Prerequisite: MC 3321 with a grade of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

MC 3334. News Writing and Reporting V.
Advanced study of writing and reporting skills to produce stories across media platforms including print and online. Students focus on the production of news and feature stories, with an emphasis on building a portfolio of completed work. Prerequisite: MC 3321 with a grade of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

MC 3335. Mass Media and Society.
This course offers an examination of the roles of the mass media in American society, including an analysis of the philosophical basis of media structure; mass media as business; media effects of public issues, morals and tastes; and other contemporary issues within a global media context.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 3336. Public Relations Research.
Students study the principles, techniques and problems of social science research and digital analytics as they relate to the planning and evaluation of strategic communication. Prerequisite: MC 3343 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 3337. Advertising.
A broad overview of advertising including history, role and responsibility, and impact of the digital revolution. Key topics will be research, account service, media planning, creative, sales promotion, public relations, campaigns, and the advertising agency.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 3338. Advertising Media Planning.
This course is the study of planning and buying messages in traditional and new media to creatively and effectively reach targeted prospects. Attention is given to media characteristics, scheduling, testing and buying efficiencies. Prerequisite: MC 3367 and MC 4317, all with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 3339. Advertising Media Buying.
This course is the study of planning and buying messages in traditional and new media to creatively and effectively reach targeted prospects. Attention is given to media characteristics, scheduling, testing and buying efficiencies. Prerequisite: MC 3367 and MC 4317, all with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
MC 3375. Electronic Media as Entertainment.
This course will explore the principles and strategies of winning audiences for the electronic media: television, radio, cable, satellite and the internet.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course is the study of managerial problems in advertising and public relations programs. Case study approach to setting goals, developing strategy, budgeting and working in a client-agency relationship.
Prerequisite: MC 3343 or MC 3367 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MC 3383. Editing and Managing Content.
In this course students will incorporate words, images, sound and data into storytelling across platforms. This course tightens the focus on audience, accuracy, meaning, logic, organization, style and form. (WI).
Prerequisites: MC 1313 or MC 3313 either with a grade of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

MC 3390. Media Design.
This course is the study and application of advanced principles of media design including: basic design principles, typography, color, photography, video, and multimedia.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Dual Enrollment Permitted|Lab Required|Time Conflicts Permitted
Grade Mode: Standard Letter

The study of the management of electronic media, including sales, federal regulation, and responsibilities to society, community and stockholders.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4130. Internship.
This course requires a minimum of 100 hours of off-campus experience, written contract with internship coordinator and portfolio of completed work. Students cannot gain more than six hours of credit for any combination of: MC 4130, MC 4230 and MC 4330. Prerequisites: 30 credit hours, good academic standing, and appropriate sequence coursework.
1 Credit Hour. 0 Lecture Contact Hours. 5 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MC 4230. Internship.
This course requires a minimum of 150 hours of off-campus experience, written contract with internship coordinator and portfolio of completed work. Students cannot gain more than six hours of credit for any combination of: MC 4130, MC 4230 and MC 4330. Prerequisites: 30 credit hours, good academic standing, and appropriate sequence coursework.
2 Credit Hours. 0 Lecture Contact Hours. 10 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4301. Media Law and Ethics.
This course offers a study of law governing journalism, advertising, electronic media and public relations. Restricted to junior standing.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

Students will study the development of mass media, advertising and public relations in the United States from 1690 to the present.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4303. International Advertising.
Overview of international marketing and advertising: problems and opportunities of a global economy. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

MC 4304. Advertising Strategy and Execution-Portfolio.
This course emphasizes projects that allow students to learn how to produce and display professional portfolios to enhance their employment opportunities. Prerequisites: MC 3367 and MC 4333 both with grades of "C" or better. Corequisite: MC 4338 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4305. Theories of Mass Communication.
A study of the predominant theories of communication, including mass media effects, functions and controls. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

MC 4306. Advertising Competition.
The course will focus on developing an integrated marketing communications campaign for a national client as part of the National Student Advertising Competition. Students will create a campaign from the developmental through the execution process. Prerequisite: Consent of instructor.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
MC 4307. Advertising Campaigns.
In this course students develop, coordinate and evaluate a complete advertising campaign for specific clients. Students conduct market research, formulate objectives and strategies, recommend media plans and develop creative executions through plans books and presentations. (WI) Prerequisites: MC 3372 and MC 4317 and MC 4333 all with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

MC 4308. Women and Minorities in the Media.
Analysis of the images of women and minorities in the media and their status as media professionals. Includes study of the alternative media. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

MC 4309. Visual Literacy: Film.
The course will teach how meaning is constructed in visual images by using film as a practical medium. It provides the necessary skills to critique and create effective images. It is especially useful for students majoring in image-based sequences of the mass communication major, particularly broadcasting and advertising.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4310. International Communication.
A study of media systems worldwide in different socioeconomic contexts and an examination of patterns of international communication flow. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

MC 4311. Independent Study.
Students complete an academic project requiring the equivalent of 160 hours work. Requires prior written contract with faculty member and portfolio of completed work. Cannot be repeated.
3 Credit Hours. 0 Lecture Contact Hours. 12 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MC 4312. Photojournalism.
In this course students develop skills in camera operation, learn computer software applications and learn how to combine words with stories.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4313. Advanced Writing for Public Relations.
This course provides an examination and application of digital and traditional communication tools required for effective public relations. Emphasis is placed on the strategic use of digital media in a modern communication society. (WI) Prerequisites: MC 3313 and MC 3343 both with grades of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Lab Required/Writing Intensive
Grade Mode: Standard Letter

MC 4315. Web Design Publishing.
In this course students develop skills in web page construction including Web editing, image and graphic manipulation, animation, and audio and video editing. Prerequisite: [MC 1313 or MC 3313] and MC 4381 both with grades of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4316D. Advertising Media Sales.
An overview of advertising, media selling, and salesmanship, sales strategies, sales management, and case histories designed to acquaint students with a vital function of the business. Prerequisite: MC 3367 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 4317. Advertising Strategic Planning.
This course is a hands-on introduction to applied advertising research and account planning. Primary, survey and qualitative research methods are designed, executed and presented by students for the purpose of integrating the consumer's perspective into creative strategy. Prerequisites: MC 3367 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4318. Media Ethics.
The study of freedom and responsibilities of the mass media practitioners and institutions, explored within the framework of ethical theories. Consideration of values, codes of ethics, moral development, professionalism and institutional constraints as applied to the media of information, persuasion and entertainment will be examined.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4319. Latinas/Latinos and the Media.
The course focuses on demographic developments related to Latinos in the US; their portrayals in the media; the effects those portrayals; the history and current status of selected Latino-oriented media and ancillary media companies and organizations; and the role of the media in Latino politics. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter
MC 4320. Public Relations Campaigns.
This course is a comprehensive study of effective public relations in a modern society. Students learn the professional approach to the practice of public relations that includes internet applications and how to evaluate its function and value while applying ethical standards of conduct. (WI).
Prerequisite: MC 3360 and MC 3314 and MC 4313 all with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

This class will provide an overview of the theory and practice of designing, producing and evaluating health-communication campaigns. We will examine persuasive approaches to behavioral change; audience, message and channel factors in campaign development. Our work will emphasize communication approaches, including mass media, social marketing and "new media."
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4323. Multimedia Journalism.
Students will be introduced to topics related to online journalism. Topics covered will include the online journalism profession, Web credibility, online reporting sources, cyberlaw including libel and copyright, blogging and podcasting, and basic multimedia design. Students will both critique and create online materials. Prerequisites: MC 1313 with a grade of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

This course is an introduction to basic elements of video journalistic storytelling for today's converged newsrooms. Students gather information using journalism practices, such as in-person interviews, and learn to use video newsgathering technologies to produce stories for online and other digital platforms.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4325. Coding and Data Skills for Communicators.
Students are introduced to programming and data concepts relevant to communicators. Data visualization and storytelling tools and techniques are covered as related to journalism, advertising and public relations. Prerequisites: MC 4315 with a grade of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4326. Advanced Social Media and Analytics.
This course will provide students with an advanced understanding of social media, marketing plans and social media analytics. Students will build company and/or journalistic profiles on social networks - Facebook, Twitter, Pinterest, YouTube, Instagram and more - to engage with audiences and communities and utilize analytical tools to track success. Prerequisite: MC 4381 with a grade of "C" or better.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

MC 4327. Mobile Media and Development.
This course will introduce students to mobile communication and production that is relevant to mass communication. As mobile devices are a vital communication medium in our everyday life, it is essential to understand how mobile communication works and how to effectively produce online content for mobile devices. Prerequisite: MC 4315 with a grade of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4328. Digital Media Innovation Capstone.
This course will explore innovation and creativity associated with digital entrepreneurship. Through a speaker series, students will be introduced to important concepts and ideas from thought leaders and innovators at the intersection of media and technology. Prerequisites: MC 4315 and MC 4326 both with grades of "B" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

Sports Media explores the synergy among sports, athletes, media, public relations, advertising-marketing-promotion, and sports information disciplines and audiences in a multi-platform media environment.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4330. Internship.
This course requires 180 hours of off-campus experience, written contract with internship coordinator and portfolio of completed work. Students cannot gain more than six hours of credit for any combination of: MC 4130, MC 4230 and MC 4330. Prerequisites: 30 credit hours, good academic standing, and appropriate sequence coursework.
3 Credit Hours. 0 Lecture Contact Hours. 15 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MC 4331. Strategic Sports Communication.
This course focuses on the application of communication strategies and tactics used by sports teams and leagues to manage relationships with various stakeholders and promote their brand using multiple mass media channels. Students will learn about emerging trends in strategic sports communication and the sociological aspects of sports fans.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
MC 4332. Public Relations Fundraising and Special Events.
This is a specialized course dealing with the development and implementation of fundraising. Topics include grants, special events, and annual/capital campaigns. Prerequisite: MC 3313 and MC 3343 both with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4333. Creative Thinking & Advertising Concepting.
This course focuses on the advancement of creative thinking and translating those skills into developing a creative concept to support an advertising strategy. This class will provide tools to develop ideas, and an understanding how the creative team works with other teams in advertising. Prerequisite: MC 3367 and MC 4317; A minimum grade of "C" is required in all prerequisites.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

This course is a senior portfolio course integrating a variety of mass communication skills to produce a substantial project or research for the Mass Communication major capstone. Students work with the guidance of their supervising professor to complete the project or research. Prerequisite: MC 3360 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

MC 4336B. Documentaries.
A course in reporting and production of comprehensive public affairs and feature stories for the electronic media. Prerequisite: MC 3312. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

MC 4336H. Web Content Strategy for Organizations.
This course builds on students' web development skills to focus on strategic content creation and management with an emphasis on building sites for small- to medium-sized organizations. Students will learn to understand an organization's messaging needs and create effective websites using state of the art content management techniques. Prerequisite: MC 4315 with a grade of "B" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 4336I. Video and Broadcast Production for Sports.
In this course, students will develop the production skills required in sports broadcast and production. This includes field producing live sport broadcasts, control room operation, interviewing for sports, and shooting video and editing video and audio for sports. This course will also include a section on announcing, reporting and interviewing for sports.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MC 4337. Data Journalism.
Students will use a variety of tools and software to acquire and analyze data to produce news stories and data visualizations. Prerequisite: MC 1313, MC 4381; with a grade of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4338. Advanced Advertising Copy and Layout.
In this course students are introduced to advanced copywriting and ad layouts. Students expand their digital techniques, art direction skills and writing capabilities to create professional-level ad campaigns. Prerequisite: MC 4333 with a grade of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4339. Advanced Strategic Planning.
In this course students expand upon skills learned in account planning to further students' ability to define business problems, analyze data, discover insights and define appropriate communications strategy. Prerequisite: MC 3372 or MC 4333 either with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4340. Media Analytics and Strategy.
In this course students strategically and creatively analyze media metrics to identify problems/challenges and use insights gathered to develop a strategic media plan. Prerequisite: MC 3372 and SOCI 3307 both with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4341. The Power of Brands.
This course explores how companies use their brands to create awareness, shift perceptions, gain market share and connect emotionally to consumers.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
MC 4342. Strategic Professionalism.
This course provides students with the knowledge and skills necessary to present themselves and their creative ideas in a professional and strategic way. This course provides students skills for creative and strategic presentations, business etiquette, business communications/writing, job search skills/tactics and professional self-promotion with the Strategic Communications industry.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. 
Grade Mode: Standard Letter

MC 4343. Immersive Storytelling.
This course examines storytelling opportunities brought on by immersive technology (virtual, augmented and mixed reality). Providing hands-on experience with 360 video cameras, virtual reality headsets, smartphones and other applications, students explore new ways for the media to communicate with audiences and consumers. Prerequisite: MC 4381 with a grade of "C" or better.

3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4345. Drone Storytelling.
This course explores storytelling opportunities using drones – both traditional photography and videography from the air and innovative methods like photogrammetry, or the use of 3D modeling technology. Prerequisite: MC 4381 with a grade of "C" or better.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. 
Grade Mode: Standard Letter

MC 4346. Interactive Audio and Automation for Media Professionals.
This course focuses on new storytelling and media opportunities brought on by advances in artificial intelligence and interactive audio experiences such as smart speakers, virtual assistants and chatbots. Using machine learning techniques, students gain hands-on experience building their own voice-controlled digital interactions, as well as integrating podcasts and skills associated with these smart applications. Prerequisite: MC 4381 with a grade of "C" or better.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. 
Grade Mode: Standard Letter

MC 4346A. Science Writing and Reporting.
Students learn to interpret complex concepts and present accurate, engaging news and feature stories about the latest research. Prerequisite: MC 1313 with a grade of "C" or better.

3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours. 
Course Attribute(s): Exclude from 3-peat Processing|Topics 
Grade Mode: Standard Letter

MC 4352B. Editorials, Columns, and Reviews.
The study and writing of newspaper, magazine and online editorials, columns, and books, film and music reviews. Prerequisite: MC 1313 with a grade of "C" or better.

3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours. 
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive 
Grade Mode: Standard Letter

MC 4352C. Community Affairs.
A lecture-discussion course, dealing with the coverage of local economy and business, government and social services functions as well as political activities like elections and lobbying efforts. Prerequisite: MC 1313 with a grade of "C" or better.

3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours. 
Course Attribute(s): Exclude from 3-peat Processing|Lab Required|Topics|Writing Intensive 
Grade Mode: Standard Letter

MC 4356. Sports as News.
In this course students report, write and produce content for both print and electronic media. Students interview players, coaches and administrators of collegiate athletics and work with media professionals to better understand challenges and demands of contemporary sports coverage. Prerequisites: MC 1313 or MC 3313 either with a grade of "C" or better.

3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours. 
Course Attribute(s): Exclude from 3-peat Processing|Lab Required|Topics|Writing Intensive 
Grade Mode: Standard Letter

MC 4356C. Public Relations Case Studies.
Public Relations Case Studies will seek, with case studies and problems, to help future practitioners develop agility in the principles and the application of effective two-way communications in a wide variety of situations likely to confront them and their employers. Prerequisite: MC 3343 with a grade of "C" or better.

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours. 
Course Attribute(s): Exclude from 3-peat Processing|Topics 
Grade Mode: Standard Letter
MC 4376D. Public Relations Writing & Design.
Students will gain a broad understanding of the wide range of print publications and writing assignments found in public relations. They will learn how to research, organize, write and design a variety of print pieces for targeted audiences using a popular design and layout program. (WI)
Prerequisites: MC 3313 and MC 3343 both with grades of "C" or better.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing|Lab Required
Topics|Writing Intensive
Grade Mode: Standard Letter

MC 4376F. International Strategic Communication.
This course will explore advertising and public relations practices in foreign countries through readings, discussion and site visits within media organizations in foreign countries. Marketing practices abroad will be compared to those in the United States. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Multicultural
Content|Topics
Grade Mode: Standard Letter

Students will be introduced to topics related to digital/online media and mass communication. Course covers the effects of the Internet and related technologies on the fields of journalism, interactive advertising and public relations, search engines, personal branding, social networking and mobile platforms.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

MC 4382L. Feature Writing and Freelancing.
This course is designed to introduce students to the technical expertise, research methods, interviewing skills and narrative techniques pertinent to feature writing. The course also explores how to target a feature story to a specific audience and how to submit feature stories for publication to newspapers and magazines. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Writing Intensive
Grade Mode: Standard Letter

MC 4382Q. Media in Asia and Southeast Asia.
This course will study media systems in Asia and Southeast Asia and examine the different socioeconomic contexts and patterns of information flow. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Multicultural
Content|Topics
Grade Mode: Standard Letter

MC 4382Y. Mobile Storytelling in the Outdoors.
This course explores mobile tools and skills relevant to the digital age, particularly the usage of smart phones in storytelling. Students will use those skills to produce video and social content in the outdoors.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Topics
Grade Mode: Standard Letter

MC 4386. Journalism Project.
This is a senior portfolio course integrating a variety of journalism skills to produce a substantial work ready for publication online and in print. (WI)
Prerequisites: MC 3321 and MC 3383 and MC 4337 and MC 4323 all with grades of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Writing Intensive
Grade Mode: Standard Letter

MC 4387. Storytelling and the Border.
In this course students will be introduced to long-form nonfiction writing. Students will concentrate on multimedia reporting while focusing their reporting on the relationship between Central Texas and the U.S.-Mexico border. Students will provide coverage and analysis of news and trends. (WI)
Prerequisite: MC 1313 and [MC 4323 or MC 4324] both with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

Minimum required: 120 semester credit hours

Admission Requirements
1. Any student admitted to Texas State may declare and be admitted to the program under a temporary status called pre-mass communication. Once a student has accumulated at least thirty credit hours and meets the requirements outlined below, the student will be admitted to the school in full-major status. Students who fail to meet these requirements will not be admitted to the major.
   a. An overall GPA of at least a 2.5 on a 4.0 scale.
   b. A grade of a “C” or higher in MC 3100 and MC 1301.

General Requirements
1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this
catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. All students seeking B.S. or B.A. degrees within the School of Journalism and Mass Communication must complete ENG 1310, ENG 1320 and COMM 1310 or their equivalent courses to meet degree requirements. Most students will meet these requirements through their general education core curriculum.

3. In addition to the general education core curriculum requirements, the Bachelor of Arts degree (p. 58) (B.A.) requires three additional hours of English literature, three hours of math/science/logic/computer science courses, six hours of 2000-level modern language courses and a minor.

4. For transfer students, 12 semester credit hours (1 additional hour may also be acceptable at Texas State) may be transferred from a Texas public institution of higher education for the Communication Field of Study Sub-Areas of Advertising/Public Relations, Journalism/Mass Communication and Radio & Television Broadcasting/Broadcast Journalism and be applied to the Bachelor of Arts degree with a major in Mass Communication at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list.

</tr>
</tbody>
</table>

6. All students in this degree program must earn a "C" or higher in all prerequisite courses and MC 4335.

7. Students must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors/).

8. The minimum number of hours required for this degree program is 120. The number of free elective hours a student will complete depends on the number of hours a student may need to achieve the required 120 total or 36 advanced hours.

Admission Requirements

1. Any student admitted to Texas State University with an overall GPA of at least a 2.25 and a “C” or higher in MC 1301 will automatically be admitted to their selected major in the School of Journalism and Mass Communication. If a student does not meet these requirements upon admission, they will be temporarily classified as a pre-major in the School of Journalism and Mass Communication. As soon as the student meets any missing requirements, they will be admitted to their selected major in the School of Journalism and Mass Communication.

2. All students seeking B.S. or B.A. degrees within the School of Journalism and Mass Communication must complete ENG 1310, ENG 1320 and COMM 1310 or their equivalent courses to meet degree requirements. Most students will meet these requirements through their general education core curriculum.

3. In addition to the general education core curriculum, this major requires three hours of English literature, three hours of math/science/computer science courses and a minor.

4. Students must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors/).

5. For transfer students, 12 semester credit hours (7 additional hour may also be acceptable at Texas State) may be transferred from a Texas public institution of higher education for the Communication Field of Study Sub-Area Advertising/Public Relations and be applied to the Bachelor of Science degree with a major in Advertising at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list. In some cases there are no direct equivalents for FOS courses, so the student would receive elective credit as indicated below with MC ELNA.

- MC 3116 Digital Media Innovation Concepts
- MC 3117 Freelancing for Media Professionals
- MC 3118 Careers in Media
- MC 3119 Fundamentals of Layout and Design
- MC 3120 Editing and Enhancing Digital Imagery
- MC 3121 TV News Production
- MC 3122 Search Engine Optimization Fundamentals
- MC 4130 Internship

¹ Any mathematics course from the general education core curriculum Mathematics Component may be chosen except MATH 1316.

**Minimum required: 120 semester credit hours**

### Admission Requirements

1. Any student admitted to Texas State University with an overall GPA of at least a 2.25 and a "C" or higher in MC 1301 will automatically
be admitted to their selected major in the School of Journalism and Mass Communication. If a student does not meet these requirements upon admission, they will be temporarily classified as a pre-major in the School of Journalism and Mass Communication. As soon as the student meets any missing requirements, they will be admitted to their selected major in the School of Journalism and Mass Communication.

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. All students seeking B.S. or B.A. degrees within the School of Journalism and Mass Communication must complete ENG 1310, ENG 1320 and COMM 1310 or their equivalent courses to meet degree requirements. Most students will meet these requirements through their general education core curriculum.

3. In addition to the general education core curriculum, this major requires three hours of English literature, three hours of math/science/computer science courses and a minor.

4. Students must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors/).

5. For transfer students, 12 semester credit hours (7 additional hour may also be acceptable at Texas State) may be transferred from a Texas public institution of higher education for the Communication Field of Study Sub-Area Advertising/Public Relations and be applied to the Bachelor of Science degree with a major in Advertising at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list.

**Total Hours: 120**

1. Any mathematics course from the general education core curriculum Mathematics Component may be chosen except MATH 1316.

### Minimum required: 120 semester credit hours

**Admission Requirements**

1. Any student admitted to Texas State University with an overall GPA of at least a 2.25 and a "C" or higher in MC 1301 will automatically be admitted to their selected major in the School of Journalism and Mass Communication. If a student does not meet these requirements upon admission, they will be temporarily classified as a pre-major in the School of Journalism and Mass Communication. As soon as the student meets any missing requirements, they will be admitted to their selected major in the School of Journalism and Mass Communication.

### General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. All students seeking B.S. or B.A. degrees within the School of Journalism and Mass Communication must complete ENG 1310, ENG 1320 and COMM 1310 or their equivalent courses to meet degree requirements. Most students will meet these requirements through their general education core curriculum.

3. In addition to the general education core curriculum, this major requires three hours of English literature, three hours of math/science/computer science courses and a minor.

4. Students must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors/).

5. Students must earn a letter grade of a "B" or higher in MC 4315 and MC 4326.

6. All students in this degree program must earn a "C" or higher in each of the core courses in Mass Communication and the following major courses:

Total Hours: 120

1 Any mathematics course from the general education core curriculum Mathematics Component may be chosen except MATH 1316.

Minimum required: 120 semester credit hours

Admission Requirements
1. Any student admitted to Texas State University with an overall GPA of at least a 2.25 and a “C” or higher in MC 1301 will automatically be admitted to their selected major in the School of Journalism and Mass Communication. If a student does not meet these requirements upon admission, they will be temporarily classified as a pre-major in the School of Journalism and Mass Communication. As soon as the student meets any missing requirements, they will be admitted to their selected major in the School of Journalism and Mass Communication.

General Requirements
1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 85) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. All students seeking B.S. or B.A. degrees within the School of Journalism and Mass Communication must complete ENG 1310, ENG 1320 and COMM 1310 or their equivalent courses to meet degree requirements. Most students will meet these requirements through their general education core curriculum.

3. In addition to the general education core curriculum, this major requires three hours of English literature, three hours of math/science/computer science courses and a minor.

4. Students must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors/).

5. For transfer students, 12 semester credit hours (7 additional hour may also be acceptable at Texas State) may be transferred from a Texas public institution of higher education for the Communication Field of Study Sub-Area Radio & Television Broadcasting/Broadcast Journalism and be applied to the Bachelor of Science degree with a major in Electronic Media at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list.

1. Any mathematics course from the general education core curriculum Mathematics Component may be chosen except MATH 1316.

### Minimum required: 120 semester credit hours

### Admission Requirements

1. Any student admitted to Texas State University with an overall GPA of at least a 2.25 and a “C” or higher in MC 1301 will automatically be admitted to their selected major in the School of Journalism and Mass Communication. If a student does not meet these requirements upon admission, they will be temporarily classified as a pre-major in the School of Journalism and Mass Communication. As soon as the student meets any missing requirements, they will be admitted to their selected major in the School of Journalism and Mass Communication.
General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. All students seeking B.S. or B.A. degrees within the School of Journalism and Mass Communication must complete ENG 1310, ENG 1320 and COMM 1310 or their equivalent courses to meet degree requirements. Most students will meet these requirements through their general education core curriculum.

3. In addition to the general education core curriculum, this major requires three hours of English literature, three hours of math/science/computer science courses and a minor.

4. Students must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors/).

5. For transfer students, 12 semester credit hours (7 additional hour may also be acceptable at Texas State) may be transferred from a Texas public institution of higher education for the Communication Field of Study Sub-Area Radio & Television Broadcasting/Broadcast Journalism and be applied to the Bachelor of Science degree with a major in Electronic Media at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list.

6. All students in this degree program must earn a "C" or higher in each of three core courses in Mass Communication, which include:

**Minimum required: 120 semester credit hours**

**Admission Requirements**

1. Any student admitted to Texas State University with an overall GPA of at least a 2.25 and a “C” or higher in MC 1301 will automatically be admitted to their selected major in the School of Journalism and Mass Communication. If a student does not meet these requirements upon admission, they will be temporarily classified as a pre-major in the School of Journalism and Mass Communication. As soon as the student meets any missing requirements, they will be admitted to their selected major in the School of Journalism and Mass Communication.
Bachelor of Science (B.S.) Major in Journalism (Sports Media Concentration)

3. All students in this degree program must earn a "C" or better in each of three core courses in Mass Communication, which include:

1 Any mathematics course from the general education core curriculum Mathematics Component may be chosen except MATH 1316.

Minimum required: 120 semester credit hours

Admission Requirements

1. Any student admitted to Texas State University with an overall GPA of at least a 2.25 and a “C” or higher in MC 1301 will automatically be admitted to their selected major in the School of Journalism and Mass Communication. If a student does not meet these requirements upon admission, they will be temporarily classified as a pre-major in the School of Journalism and Mass Communication. As soon as the student meets any missing requirements, they will be admitted to their selected major in the School of Journalism and Mass Communication.

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. All students seeking B.S. or B.A. degrees within the School of Journalism and Mass Communication must complete ENG 1310, ENG 1320 and COMM 1310 or their equivalent courses to meet degree requirements. Most students will meet these requirements through their general education core curriculum.

3. In addition to the general education core curriculum, this major requires three hours of English literature, three hours of math/science/computer science courses and a minor.

4. Students must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors/).

5. For transfer students, 12 semester credit hours (7 additional hour may also be acceptable at Texas State) may be transferred from a Texas public institution of higher education for the Communication Field of Study Sub-Area Advertising/Public Relations and be applied to the Bachelor of Science degree with a major in Public Relations at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list.

### Media Performance

Select 1 of the following:

- **MC 2111** Media Practicum
- **MC 3100** Grammar for Media Professionals
- **MC 3111** Drone Bootcamp
- **MC 3112** Social Media Analytics Platforms
- **MC 3113** 3D Drone Modeling
- **MC 3114** Career Exploration: Destination America
- **MC 3115** Digital Media Tools and Skills
- **MC 3116** Digital Media Innovation Concepts
- **MC 3117** Freelancing for Media Professionals
- **MC 3118** Careers in Media
- **MC 3119** Fundamentals of Layout and Design
- **MC 3120** Editing and Enhancing Digital Imagery
- **MC 3121** TV News Production
- **MC 3122** Search Engine Optimization Fundamentals
- **MC 4130** Internship
Any mathematics course from the general education core curriculum Mathematics Component may be chosen except MATH 1316.

Minimum required: 120 semester credit hours

Admission Requirements

1. Any student admitted to Texas State University with an overall GPA of at least a 2.25 and a "C" or higher in MC 1301 will automatically be admitted to their selected major in the School of Journalism and Mass Communication. If a student does not meet these requirements upon admission, they will be temporarily classified as a pre-major in the School of Journalism and Mass Communication. As soon as the student meets any missing requirements, they will be admitted to their selected major in the School of Journalism and Mass Communication.

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. All students seeking B.S. or B.A. degrees within the School of Journalism and Mass Communication must complete ENG 1310, ENG 1320 and COMM 1310 or their equivalent courses to meet degree requirements. Most students will meet these requirements through their general education core curriculum.

3. In addition to the general education core curriculum, this major requires three hours of English literature, three hours of math/science/computer science courses and a minor.

4. Students must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors/).

5. For transfer students, 12 semester credit hours (7 additional hour may also be acceptable at Texas State) may be transferred from a Texas public institution of higher education for the Communication Field of Study Sub-Area Advertising/Public Relations and be applied to the Bachelor of Science degree with a major in Public Relations at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list.

1. Any mathematics course from the general education core curriculum.
For students who are seeking teacher certification in their major and would like a second teaching field in Journalism, the requirements are:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>MC 4381</td>
<td>Fundamentals of Digital and Online Media</td>
<td>3</td>
</tr>
<tr>
<td>MC 4382Q</td>
<td>Media in Asia and Southeast Asia</td>
<td></td>
</tr>
</tbody>
</table>

**Total Hours 18**

All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 244).

Criminal background checks are required for participation in field-based coursework and for progression through the Educator Preparation Program. Based on information recorded in an individual’s criminal history, a candidate may be ineligible for issuance of a certification upon completion of the Educator Preparation Program. If a candidate has a criminal history, that student is advised to request a Preliminary Criminal History Evaluation from the Texas Education Agency; schedule an appointment for free legal counseling services through Texas State University’s Attorney for Students (http://attorney.dos.txstate.edu/); and disclose this information to the Office of Educator Preparation.

**School Policies**

Those planning careers in music must demonstrate a high level of musical skill, music reading ability, and understanding. To help evaluate musical skills for counseling and placement purposes, the School of Music requires all music majors to pass several evaluations and academic requirements.

Credit by examination is available for Music Theory I - IV and Piano Techniques I - IV only before entering the course sequence at Texas State. Students testing out of one or more of the courses above or the entire proficiency exam(s) must remit $10 to the University’s Testing Center (set fee whether receiving credit for one or more courses) before a CR grade will be processed by the Registrar’s Office for the course(s). See an academic advisor and the School of Music website for details.

A student who leaves music major status in good standing can be readmitted as a Music major without re-auditioning if returning within twelve (12) months. A music student who fails to complete or pass (note: failing grades are F and U) applied lessons or has not been a Music major at Texas State for more than twelve (12) months (i.e. not enrolling or two W grades in a row) will automatically be moved to a pre-music status by their academic advisor and must re-apply and re-audition to be accepted back as a music major.

**Music Theory Proficiency**

Students seeking teacher certification must pass the theory proficiency examination no later than the semester before student teaching. All other music majors must pass the theory proficiency examination before applying for graduation. Theory proficiency requirements are available on the School of Music’s website. Note: No Music Theory Proficiency exam is required for BS students.

**Piano Proficiency**

All BA, BM – Music Studies, instrumental concentration students seeking teacher certification, and BM – Performance, jazz concentration students must pass the level II piano proficiency exam by the end of their fourth (4th) long semester. BM – Performance, keyboard concentration students must pass the piano majors piano proficiency exam by the end of their fourth (4th) long semester.

BM – Music Studies, choral concentration students must complete the level IV piano proficiency exam no later than the semester before student teaching. All other BM – Performance majors must complete the level IV piano proficiency exam before applying for graduation. Piano proficiency requirements are available on the School of Music’s website. Note: No Piano Proficiency exam is required for BS students.

**Upper Level Competency Review**

Upon completion of four long semesters as a music major, the student’s total record is reviewed by the music faculty in their area to determine if they are prepared to continue in upper-level music study. The Upper Level Competency Review (ULCR) helps music majors determine if they are pursuing the most suitable career/degree. The ULCR is offered at the end of each long semester, and the student must pass before they may enroll in 3000-level courses in the degree area. Specific information and requirements are available in the School of Music Student Handbook and on the School of Music’s website.
Recital Attendance Requirements
Each semester, various recitals and concerts are presented by students, faculty, and visiting artists. All undergraduate music majors, with the exception of Bachelor of Science students, are required to attend a significant number of these events each semester, through enrollment in Departmental Recital. In addition, applied music instructors may require attendance at all recitals in the student’s individual performance area. The attendance of recitals and concerts outside of the Texas State University campus are eligible for completion of the Departmental Recital requirements with the appropriate documentation.

Ensemble Requirements
All music majors must participate in the appropriate major ensemble for their instrument each semester until all major ensemble requirements for the degree have been completed. No more than one major and one secondary ensemble will be counted toward the student’s degree plan per semester. While not required in the degree plan, continued participation in major ensembles after degree requirements are completed is encouraged.

Senior Recital
A senior recital is required for all students enrolled in a Bachelor of Music degree program. Students seeking teacher certification must present the recital no later than the semester before student teaching. Specific requirements for the senior recital are described in the School of Music Student Handbook and on the School of Music’s website.

Grade Requirements
Students majoring or minoring in the School of Music must achieve a grade of “C” or higher (including a CR in Departmental Recital) on all required music (MU, MUSE and MUSP) courses.

Student Teaching Requirements
Before being allowed to enroll for student teaching, music students must have:

1. completed all major coursework for the degree with a “C” or higher;
2. presented a senior recital achieving a grade of “C” or higher;
3. passed the Upper Level Competency Review;
4. passed the piano and theory proficiency examinations; and
5. fulfilled the requirements for teacher certification as determined by the College of Education.

Music Fees/Costs Not Included in Tuition/
Fees
This is a partial listing.

- Instrument rental fee – $30 per semester (inc. all percussionists and students participating in percussion ensembles, all students enrolled in Applied Keyboard classes)
- Athletic Band accessories approximately $50-$100 per semester depending on the required number of accessories and cleanings (inc. shoes, gloves, shirt, shorts, Colorguard uniforms, cleanings, etc.). All participants must have the required accessories based on the information outlined in the Marching Band Handbook and syllabi.
- Choir dresses $63 one-time charge (all women participating in a choral ensemble, with the exception of VocaLibre must purchase a choir dress through the School of Music)
- Tuxedos up to $100 one-time charge (all men participating in a choral ensemble, with the exception of VocaLibre or a concert instrumental ensemble must rent/purchase a tuxedo; locations provided by ensemble directors)
- There are additional fees related to the student teaching & certification requirements. A list of associated fees is listed on the Office of Educator Preparation website.

NOTE: Due to copyright laws, students enrolled in private lessons are responsible for purchasing individual scores of solos/etudes required for performance. In addition, students enrolled in voice lessons or instrumentalists preparing for juries/recital performances are responsible for the cost of providing their own collaborative pianist for lessons, rehearsals, and recitals. A list of School of Music vetted pianists is available at the beginning of each long semester.

Facilities
As the music program has grown into a large, comprehensive School of Music, so too have the facilities expanded to keep pace with its diversity of ensembles, programs, and students.

Music Buildings
At 101 Pleasant Street, the Music Building includes classrooms, faculty studios and rehearsal halls. There are separate rehearsal facilities for bands, orchestra, choirs, jazz, and Latin music ensembles, chamber groups, and opera. The facility also contains the 149-seat Music Building Recital Hall, the Schneider Music Library, a black box theatre, over 30 practice rooms, an electronic piano laboratory, a multi-station music computer lab, two instrument checkout rooms, faculty offices, and the administrative office suite.

Performing Arts Center
The Performing Arts Center on Moon Street includes an acoustically superb 312-seat recital hall. Equipped with two Steinway D concert grand pianos and a beautiful custom-built Flemish-replica harpsichord, the hall hosts performances by international guest artists, music faculty, and some student ensembles. It is a learning laboratory for student degree recitals. Another venue, the Patti Strickel Harrison Theater, provides a state-of-the art theater with orchestra pit for Texas State Opera Theatre productions.

Evans Auditorium
Evans is the largest performance hall on campus with a seating capacity of 933. The university’s wind bands, orchestra, and University Arts events utilize Evans as a performance site. Evans also contains two Steinway concert grand pianos.

Fire Station Studio
The Fire Station Studio is located near campus on Guadalupe Street and is available for both Texas State and non-Texas State persons to rent for commercial purposes. The studio houses the School of Music’s sound recording technology program and contains a multipurpose recording facility and television/film sound stage housing four control rooms, three tracking spaces, a large-format fully automated SSL mixing console, CD mastering gear, and numerous professional microphones and outboard devices.
Colorado Building
Located on Pleasant Street, Colorado houses the Texas State Balinese Gamelan and 16 additional practice rooms with digital pianos.

Lampasas Hall
Offering music an additional 5 offices and 3 teaching studios, Lampasas is the second oldest building on campus and was beautifully renovated in 2012.

Marching Band Field/Storage
Located across from Strahan Coliseum, the Bobcat Marching Band field includes a standard 100+ yard field, multi-level director’s tower, and newly completed equipment storage facility.

Schneider Music Library
The Schneider Music Library, centrally located in the Music Building, provides convenient access to scores, sound recordings, DVDs, music education materials, and a number of music reference sources.

Music Computer Center
The Music Computer Center located in the Music Building features 24 high-end Mac workstations with MIDI controllers, a teacher station, a scanner workstation, and 2 administrator stations.

Admissions Requirements
1. All students seeking to major in music must be admitted to Texas State University. For more information on Texas State, visit www.txstate.edu (http://www.txstate.edu/). Undergraduate students should visit the Office of Undergraduate Admissions at www.admissions.txstate.edu (http://www.admissions.txstate.edu/) to learn about undergraduate level admission.

2. Students wanting to enter the music program as a music major (B.A., B.M., B.S.) must submit an online application and audition on their principal instrument or voice the semester before their desired entrance. For audition guidelines and requirements, prospective undergraduate students should visit: http://www.music.txstate.edu/prospectivestudents/BecomingaMusicMajor.html

3. Students interested in the Sound Recording Technology major must complete an additional application, submit materials for pre-screening (see www.txstate.edu/music/srt (http://www.txstate.edu/music/srt/) for details), and interview.

4. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 244) once all course requirements and successful completion of the School of Music’s Upper Level Competency Review have been met in order to officially complete the Bachelor of Music major in Music Studies degree program.

NOTE: Admission to the School of Music is contingent upon admission to Texas State, successful completion of the audition process, and available space in each studio. Moreover, a successful audition does not automatically ensure acceptance to the School of Music. Transfer students’ transcripts will be evaluated by an academic advisor prior to an acceptance decision to ensure that acceptance and successful degree plan completion are possible here at Texas State. Prospective music majors will not be permitted to enroll in applied music and other music major classes until they have been accepted based on their audition and met with an academic advisor. Auditions are held periodically throughout the year for enrollment the following academic year. Those prospective music students unable to audition in person due to geographic distance from campus may submit an audio or video recording representative of their performing abilities that meet the audition guidelines for their instrument or voice. The deadline to submit a recorded audition is March 1 (for Fall admission) or November 1 (for Spring admission). Audition requirements are available on the School of Music website.

Bachelor of Arts (B.A.)
- Major in Music (p. 353)

Bachelor of Music (B.M.)
- Major in Music Studies (Choral Concentration with Teacher Certification in Music, Early Childhood Through Grade 12) (p. 355)
- Major in Music Studies (Instrumental Concentration with Teacher Certification in Music, Early Childhood Through Grade 12) (p. 357)
- Major in Music Studies (Mariachi Concentration with Teacher Certification in Music, Early Childhood Through Grade 12) (p. 359)
- Major in Performance (Composition Concentration) (p. 360)
- Major in Performance (Guitar Concentration) (p. 362)
- Major in Performance (Instrumental Concentration) (p. 364)
- Major in Performance (Jazz Concentration) (p. 366)
- Major in Performance (Keyboard Concentration) (p. 369)
- Major in Performance (Vocal Concentration) (p. 371)

Bachelor of Science (B.S.)
- Major in Sound Recording Technology (p. 372)

Minors
- Jazz (p. 374)
- Mariachi (p. 374)
- Music
- Music Composition
- Opera

Subjects in this school include: MU (p. 330), MUSE (p. 341), MUSP (p. 343)

Courses in Music (MU)
MU 1000. Freshman Departmental Recital.
Attendance and observation of weekly recitals. Concurrent enrollment in freshman-level applied lessons and the appropriate major ensemble are required. Corequisites: MUSP 1120 or MUSP 1130 or MUSP 1140 or MUSP 1150 or MUSP 1160 or MUSP 1170 or MUSP 1220 or MUSP 1230 or MUSP 1240 or MUSP 1250 or MUSP 1260 or MUSP 1270 or MUSP 1280.
0 Credit Hours. 0 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Credit/No Credit
MU 1112. Basic Musicianship.
A study of music fundamentals: reading rhythms, pitches in bass and treble clefs, spelling, notating, and identifying key signatures, intervals and chords. Prerequisite: Music major status.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MU 1115. Aural Skills I.
In this course students will cover sight singing, dictation, keyboard exercises, and improvisation of musical structures and styles studied in MU 1315. Corequisite: MU 1315 with a grade of “C” or better.
1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: MUSI 1115

MU 1116. Aural Skills II.
This course covers sight singing, dictation, keyboard exercises, and improvisation of musical structures and styles studied in MU 1316.
Prerequisite: MU 1115 and MU 1315 with a grade of “C” or higher.
Corequisite: MU 1316.
1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: MUSI 1116

MU 1125. Life-Skills for Musicians.
In this course students will develop essential life skills as they prepare for the transition from university student to professional musician. Course topics include study skills, professional communication, basic pedagogy, introduction to personal finance, healthcare, finding a job, job benefits, and independent living.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 1312. Essential Musicianship.
Detailed instruction in fundamentals of music theory, including but not limited to notation, meters, scales, key signatures, intervals and chords. This course is designed primarily for non-Music majors and Music minors.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: MUSI 1301

MU 1315. Music Theory I.
In this course, students study basic counterpoint and analysis of diatonic music. Students learn four-part voice-leading principles via tonic-function and dominant-function harmonies. Corequisite: MU 1115 with a grade of “C” or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: MUSI 1311

MU 1316. Music Theory II.
This course covers the analysis and model composition of diatonic music, including voice-leading with tonic, pre-dominant, and dominant-function triads and 7th-chords. Topics include phrase structures, small forms, and an introduction to applied chords. Prerequisite: MU 1115 and MU 1315 with a grade of “C” or higher. Corequisite: MU 1116.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: MUSI 1312

Attendance and observation of weekly recitals. Concurrent enrollment in sophomore-level applied lessons and appropriate major ensemble is required. Corequisites: MUSP 2120 or MUSP 2130 or MUSP 2140 or MUSP 2150 or MUSP 2160 or MUSP 2170 or MUSP 2220 or MUSP 2230 or MUSP 2240 or MUSP 2250 or MUSP 2260 or MUSP 2270 or MUSP 2280.
0 Credit Hours. 0 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Credit/No Credit

MU 2104. Writing About Music.
This course focuses on writing and research skills in music, including the use and documentation of sources. In addition to written exercises, assignments include studying professional writing samples about music, such as concert reviews, program notes, and research essays. Full major status in Performance required. (WI).
1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter
MU 2115. Aural Skills III.
This course covers sight singing, dictation, keyboard exercises, and improvisation of musical structures and styles studied in MU 2315. Prerequisite: MU 1116 and MU 1316 with a grade of "C" or higher. Corequisite: MU 2315.
1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: MUSI 2116

MU 2116. Aural Skills IV.
This course covers sight singing, dictation, keyboard exercises, and improvisation of musical structures and styles studied in MU 2316. Prerequisite: MU 2115 and MU 2315 with a grade of "C" or higher. Corequisite: MU 2316.
1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: MUSI 2117

MU 2123. Foundations of Music Education.
This course introduces principles of aesthetics and philosophy, as well as their practical application in music education.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 2153. Problems in Music.
The course is conducted as an independent study on one or more music topics not covered in another course and is open to students on an individual basis by approval of the Director of the School of Music. May be repeated for credit.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MU 2180. Recording Practicum III.
This course allows students to continue to develop aural and practical skills in sound recording to produce high-quality recordings. Full major status in SRT required. Prerequisites: MU 1182 with a grade of "C" or better.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MU 2182. Recording Practicum IV.
Students will develop the aural skills associated with audio production and recording. This is a continuation of MU 2180 Recording Practicum III. Full major status in SRT required. Prerequisite: MU 2180 with a grade of "C" or better.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MU 2215. Contemporary Musicianship I.
This course explores musical parameters (harmony, melody, tempo, rhythm, meter, form, and instrumentation) in contemporary rock and pop genres as analyzed through listening and created via performance and composition. Contemporary notation methods, lead sheet symbols, and the Nashville number system are used to create musical scores. Prerequisite: MU 1116 and MU 1316 both with grades of "C" or better.
2 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

MU 2216. Contemporary Musicianship II.
This course explores musical parameters (harmony, melody, tempo, rhythm, meter, and instrumentation) in country and reggae genres as analyzed through listening and created via performance and composition. Contemporary notation methods, as well as lead sheet symbols and the Nashville number system, are used to create musical scores. Prerequisite: MU 2215 with a grade of "C" or better.
2 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

MU 2241. Fundamentals of Diction in Singing I.
In this course students study the International Phonetic Alphabet (IPA) and its application to English and Italian lyric diction. Students will learn the basics of singer's diction for these languages and demonstrate their knowledge through written examination, speaking, and singing. Corequisite: MUSP 1120 or MUSP 1220 or MUSP 2120 or MUSP 2220 or MUSP 3120 or MUSP 3220 or MUSP 4220 any with a grade of "C" or better.
2 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

MU 2242. Fundamentals of Diction in Singing II.
In this course students study the International Phonetic Alphabet (IPA) and its application in German and French lyric diction. Students will learn the basics of singer's diction for these languages and demonstrate their knowledge through written examination, speaking, and singing. Prerequisite: MU 2241 with a grade of "C" or better. Corequisite: MUSP 1120 or MUSP 1220 or MUSP 2120 or MUSP 2220 or MUSP 3120 or MUSP 3220 or MUSP 4220 any with the grade of "C" or better.
2 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

MU 2253. Problems in Music.
The course is conducted as an independent study on one or more music topics and is open to students on an individual basis by approval of the Director of the School of Music. May be repeated for credit.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
MU 2303. Survey of Music Literature.
An introduction to western European art music from the Middle Ages into the 21st-century through listening examples, readings, and class lectures. The course covers representative works by major composers and introduces conventional musical forms/styles associated with various genres in each of the musical periods. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter
TCCN: MUSI 1307

MU 2310. Guitar Class I.
An introductory course primarily for the non-music major. This course offers the opportunity to study tuning, hand positions, chords, accompaniment patterns, strumming and introductory music reading.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 2313. Introduction to Fine Arts.
An introductory course designed to give the student a fundamental understanding of the creation and appreciation of diverse modes of expression through the visual and performing arts. This course may not be repeated for credit by taking ART 2313, DAN 2313, or TH 2313.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Creative Arts Core 050
Grade Mode: Standard Letter
TCCN: HUMA 1315

MU 2315. Music Theory III.
This course covers the analysis and model composition of chromatic music, with a focus on voice-leading principles. Topics include modulations and larger forms. Prerequisite: MU 1116 and MU 1316 with a grade of "C" or higher. Corequisite: MU 2115.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: MUSI 2311

MU 2316. Music Theory IV.
This course covers the analysis and model composition of music from the 20th- and 21st-centuries. Topics include, but are not limited to, impressionism, polytonality, parallellism, quartenal/quintal harmonies, secundal harmonies, polyrhythms, octatonicism, minimalism, modes, serialism, and set theory. Prerequisite: MU 2115 and MU 2315 both with grades of "C" or better. Corequisite: MU 2116 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: MUSI 2312

MU 2353. Problems in Music.
The course is conducted as an independent study on one or more music topics and is open to students on an individual basis by approval of the Director of the School of Music.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MU 3050. Junior Recital.
Preparation and performance of the junior recital for music performance majors. Corequisites: Concurrent enrollment with applied lessons and major ensemble required for all Music Performance majors. Pre-requisite or Corequisite: MUSP 3170 or MUSP 3220 or MUSP 3230 or MUSP 3250 or MUSP 3260 or MUSP 3270 or MUSP 3280.
0 Credit Hours. 0 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MU 3140. Instrumental Performance Literature.
In this course students will survey repertoire for wind bands/orchestras from all musical periods/styles, including music for beginning bands/orchestras to works for collegiate/professional ensembles. Activities include: listening, score study, instrument transpositions, programming, contest preparation and student-led wind band/orchestra reading sessions. Prerequisite: ART 2313 or DAN 2313 or MU 2313 or TH 2313 any with a grade of "C" or better.
1 Credit Hour. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Grade Mode: Standard Letter

MU 3141. Fundamentals of Diction in Singing I.
This course, the first of a two semester Diction sequence, is designed to acquaint the student singer with the International Phonetic Alphabet (IPA), correct pronunciation of Italian and German consonants and vowels, and the diction rules of these languages. This course does not take the place of a language requirement. Corequisite: MUSP 1120 or MUSP 1220 or MUSP 2120 or MUSP 2220 or MUSP 3120 or MUSP 3220 or MUSP 4220; with a grade of "C" or better.
1 Credit Hour. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
MU 3142. Fundamentals of Diction in Singing II.
This course, the second of a two-semester Diction sequence, is designed to acquaint the student singer with the International Phonetic Alphabet (IPA), correct pronunciation of French and English consonants and vowels, and the diction rules of these languages. This course does not take the place of a language requirement. Prerequisite: MU 3141 with a grade of "C" or better. Corequisite: MUSP 1120 or MUSP 1220 or MUSP 2120 or MUSP 2220 or MUSP 3120 or MUSP 3220 or MUSP 4220.
1 Credit Hour. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course will explore mariachi ensemble literature for K-12 school mariachi programs and effective mariachi rehearsal techniques. Topics will include a review of age appropriate literature, conducting, lesson plan creation, ensemble setup, rehearsal pacing, error detection/correction, programming, and performance techniques for mariachi ensembles in the K-12 setting. Prerequisite: MU 2115 and MU 2315 both with grades of "C" or better.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3180. Recording Practicum V.
This course allows students to continue to develop aural and practical skills necessary to produce high quality recordings. Full major status in SRT required. Prerequisites: MU 2182 with a grade of "C" or better. Corequisite: MU 3383.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3182. Recording Practicum VI.
Students will develop the aural skills associated with audio production and recording. This is a continuation of MU 3180, Recording Practicum V. Full major status in SRT required. Prerequisite: MU 3180 with a grade of "C" or better. Corequisite: MU 3384.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3207. Instrumental Conducting I.
This course covers instrumental conducting fundamentals such as beat pattern, baton technique, score reading, cuing, subdivisions, fermatas, and releases. The class will function as an ensemble and each student will conduct assignments approximately once each week. Requires successful completion of the Upper Level Competency Review in Music Studies.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3208. Choral Conducting I.
This course covers choral conducting fundamentals such as beat pattern, baton technique, score reading, cuing, subdivisions, fermatas, and releases. The class will function as an ensemble and each student will conduct assignments approximately once each week. Requires successful completion of the Upper Level Competency Review to enroll.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3217. Instrumental Conducting II.
An application of the principles of conducting to instrumental music, including score reading and problems of interpretation. Some choral conducting experience will be included. Prerequisite: MU 3207 with a grade of "C" or better.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Time Conflicts Permitted
Grade Mode: Standard Letter

MU 3227. Choral Conducting II.
An application of the principles of conducting choral music, including score reading and problems in interpretation. Some instrumental conducting experience will be included. Prerequisite: MU 3208 with a grade of "C" or better.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3233. Jazz Theory and Improvisation I.
This course is a study of the musical theory basics used in jazz improvisation and composition, focusing on best practices in its practical application and pedagogy. In addition to a theoretical and applied approach, students will also examine historical and cultural considerations, as they relate to performance. (MULT) BM majors only. Prerequisites: MU 1316 with a grade of "C" or better.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

MU 3234. Jazz Theory and Improvisation II.
This course is a continuation of MU 3233, with particular attention to developing skills in the use of scales and modes (including major and minor pentatonic scales), modal playing, and jazz nomenclature. (MULT) BM majors only. Prerequisites: MU 3233 and MUSE 3127, all with a grade of "C" or better or permission of instructor.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter
This course is an overview of repertoire for wind bands/orchestras from all musical periods/styles, including music for beginning bands/orchestras to works for collegiate/professional ensembles. Activities include: listening, score study, instrument transpositions, programming, contest preparation and student-led wind band/orchestra reading sessions. Upper-level status is required. Prerequisite: ART 2313, DAN 2313, MU 2313, or TH 2313; with a grade of "C" or better.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3242. Survey of Choral Performance Literature.
The course covers detailed consideration of literature of all periods appropriate for choral ensembles and includes discussions on repertoire selection/performance problems peculiar to all ensemble sizes. Assignments give students opportunity to develop their own approach to vocal challenges that face high school and junior high singers, including arranging choral music. Prerequisites: MU 3208 and MU 3254, all with a grade of "C" or better. Corequisite: MU 3227.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3253. Band/Orchestra Methods.
This course is designed to introduce fundamental principles of effective instrumental music instruction, rehearsal techniques, and administration of secondary school music programs. This course will provide opportunities for students to conduct and rehearse instrumental ensembles, present teaching demonstrations, and conduct independent scholarship projects related to teaching. Prerequisites: MU 2316; MU 3207; MUSP 3145 or 3147; MUSP 3155 or 3157; All must be completed with a grade of "C" or better.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3269. Current Trends in Music II.
A study of melodic and harmonic techniques for keyboard percussion instruments, sight-reading techniques using Sol-Fa, and a survey of the folk music of Europe and the Americas. Prerequisite: MU 3340 with a grade of "C" or better.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

A survey of the evolution of rock styles, contributions of important performers, and musical techniques involved in the creation and performance of rock music. The course focuses on the first three decades of rock history.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3310. Guitar Class II.
Primarily for the non-music major, the course includes the opportunity for development of more advanced techniques in accompaniment, music reading and solo guitar techniques. Prerequisite: MU 2310 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3315. History and Analysis of Music I.
This course is a comprehensive musicianship approach to the study of music from ancient times to the 1680s involving the discussion of history, aesthetics, performance practice, and conceptual approaches specific to distinctive periods and regions. (MULT) (WI) Prerequisites: MU 1316 with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

MU 3316. History and Analysis of Music II.
This course is a comprehensive musicianship approach to the study of music from the 1680s to the late 19th-century involving the discussion of history, aesthetics, form, orchestration, performance practice, and conceptual approaches to distinctive musical works. (MC) (WI) Prerequisites: MU 3315 with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

MU 3317. History and Analysis of Music III.
This course is a comprehensive musicianship approach to the study of music from the turn of the twentieth century to the present involving the discussion of history, aesthetics, form, orchestration, performance practice, and conceptual approaches specific to distinctive musical works. Prerequisites: MU 3316 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter
MU 3318. World Music Cultures.
In this course students will be equipped with practical and conceptual tools to enhance their enjoyment and understanding of indigenous, folk, classical and popular music traditions around the globe, in their historical, social, political, and spiritual contexts. This course engenders respect for a diversity of cultures through the lens of music. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

A study of the components of music and their concepts. An emphasis on singing and rhythmic performance skills, and aesthetic awareness through listening. Prerequisite: MU 2123 with a grade of "C" or higher.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

MU 3370. Music for the Elementary Classroom.
This course is an introduction to basic music skills for the elementary classroom teacher. The course includes practical application and development of strategies and instructional techniques necessary for effective integration of music experiences in the elementary classroom curriculum.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3372. Inclusive Excellence in the Music Classroom.
This course prepares prospective and practicing music teachers to create an equitable, inclusive, and thriving classroom that meets the needs of all students by incorporating culturally responsive teaching, multicultural education, world music pedagogy, ethnomusicological perspectives, and by addressing the needs of students with exceptionalities. Prerequisite: Upper-Level Competency Review with passing grade.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3375. History of Jazz.
Jazz originated in America and has been of great importance in the development of the 20th Century music. Topics will include the structure and history of jazz, the contributions of jazz to contemporary music, and the chronological development of jazz experienced through recordings and live performances. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

MU 3380A. Women in Jazz.
Overview of jazz history from its New Orleans origins to the present focusing on the contributions of women. Major style periods researched include early jazz/swing, bebop, cool, hard bop, free jazz, jazz fusion, and contemporary trends. Emphasis will be placed on the development of critical listening skills. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Multicultural Content|Topics
Grade Mode: Standard Letter

MU 3380B. Music and Film.
This course is an exploration of historical traditions and functions of Hollywood film music. Students will apply music theory and dictation skills to analyze scores and explain how film music’s characteristics and associated cultural connotations combine with image to create new meaning. Prerequisite: MU 2116 and MU 2316, all with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MU 3380C. Rock Harmony.
Theoretical analysis of popular and rock music incorporating extensive ear training components such as recognition of chords and progressions. Further analysis of the individual stylistic details in rock songs as well as comparison to traditional tonal harmony and form. Pre-requisite: MU 1312 with a "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MU 3380D. History of Blues.
This course explores the role of the blues in American popular music, tracing the history of the genre from its origins to its influence on rock and other related styles, surveying important recording labels and related figures. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Multicultural Content|Topics
Grade Mode: Standard Letter

MU 3380E. Teaching World Music Cultures Through World Music Pedagogy.
This course prepares prospective and practicing teachers to teach world music cultures in their music classroom at the K-12 level. Culturally relevant pedagogy, multicultural education, and ethnomusicology also serve as the underpinnings towards creating an inclusive and equitable classroom. Prerequisite: MU 3340; with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter
MU 3381. Recording Techniques I.
Introduction to audio recording techniques. Topics include acoustics, electronics, microphones, microphone techniques, loudspeakers, and operating principles of common recording equipment. Full major in SRT required. Prerequisite: MU 1182 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3382. Recording Techniques II.
A continuation of MU 3381. Topics include: operating principles of common recording equipment, fundamentals of analog and digital recording, signal flow, equalization, and sound effects processors. Full major in SRT required. Prerequisite: MU 3381 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3383. Recording Techniques III.
Principles and practices of microphone and mixing techniques. Full major in SRT required. Prerequisite: MU 3382 with a grade of "C" or better. Corequisite: MU 3180.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

MU 3384. Recording Techniques IV.
Audio tape and disc recording and their applications in a variety of settings and genres. Full major in SRT required. Prerequisite: MU 3383 with a grade of "C" or better. Corequisite: MU 3182.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

MU 4000. Senior Departmental Recital.
This course requires attendance and observation of weekly recitals. Concurrent enrollment in senior-level applied lessons and the appropriate major ensemble may be required.
0 Credit Hours. 0 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Credit/No Credit

MU 4050. Senior Recital.
Preparation and performance of the senior recital. Prerequisite or Corequisites: MUSP 4170 or MUSP 4220 or MUSP 4230 or MUSP 4240 or MUSP 4250 or MUSP 4260 or MUSP 4270, or MUSP 4280, with a grade of "C" or better.
0 Credit Hours. 0 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MU 4152. Problems in Music.
The course is conducted as an independent study on one or more topics in music and is open to students on an individual basis by approval of the Director of the School of Music.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MU 4156. Mariachi Arranging Techniques.
This course introduces and arranging techniques for the mariachi ensemble. Topics include instrument families and their ranges, basic manuscript techniques, and standard mariachi orchestration techniques for voicing and scoring within the different song styles. (MULT) Prerequisite: MU 2316 with a grade of "C" or better.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

MU 4157. Mariachi Ensemble Teaching Lab.
This course provides students with the knowledge to become effective directors of Mariachi ensembles within the public school/university systems. Mariachi curriculum/repertoire/rehearsal techniques appropriate to middle school/high school/post-high school ensembles are discussed and applied within the setting of a performing ensemble. This course is repeatable for credit three times. (MULT).
1 Credit Hour. 0 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing|Multicultural Content
Grade Mode: Standard Letter

MU 4150. Mariachi Arranging.
This course will introduce analysis and arranging techniques for the mariachi ensemble. Topics will cover instrument families and ranges, basic manuscript techniques, and standard mariachi orchestration techniques for voicing and scoring within the different song styles. Prerequisite: MU 2316 with a grade of "C" or better.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4180. Recording Practicum VII.
This course allows students to continue to develop the aural and practical skills necessary to produce high quality recordings. Full major in SRT required. Prerequisite: MU 3182 with a grade of "C" or better.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4182. Recording Practicum VIII.
Students will develop the aural skills associated with audio production and recording. This is a continuation of MU 4180, Recording Practicum VII. Full major status in SRT required. Prerequisite: MU 4180 with a grade of "C" or better.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter
MU 4185. Senior Research Project.
A study of the student's senior recital literature resulting in a thorough research paper on the theoretical, historical, technical and stylistic aspects of the compositions. Concurrent enrollment in Senior Recital, senior level applied lessons, and appropriate major ensemble are required. Prerequisites or Corequisites: MU 4050 and MUSP 4170 or MUSP 4220 or MUSP 4230 or MUSP 4240 or MUSP 4250 or MUSP 4260 or MUSP 4270 or MUSP 4280.
1 Credit Hour. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Grade Mode: Standard Letter

MU 4234. Arranging Techniques for School Music Ensembles.
This class will introduce the many techniques involved in arranging for a wide variety of school music ensembles. Content will include an examination of the various instrument families, basic manuscript techniques (both manual and computer aided) and various orchestration techniques for voicing and scoring. Prerequisites: MU 2316; MU 3207; MUSP 3145 or 3147; MUSP 3155 or 3157; All with grades of "C" or better.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4244. Jazz Theory and Improvisation III.
This course is a continuation of MU 3234 and explores advanced concepts in jazz theory including symmetrical scales, chord substitutions, re-harmonization, pentatonic and exotic scale forms. Classes will focus on best practices in practical application and pedagogy and also examine historical and cultural considerations related to performance. (MULT) Prerequisite: MU 3234 and MUSE 3127, all with a grade of "C" or better or permission of instructor.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

MU 4245. Jazz Composition and Arranging.
This course is an in-depth exploration of various commercial writing styles and instrumentation, focusing on Pop, Latin, and Jazz. Students will analyze the writing styles of prolific 20th-century Big Band Arrangers, and learn to write music for all types of commercial applications, and styles, for all levels of musicians. (MULT) Prerequisite: MU 4244 with a grade of "C" or better or permission of instructor.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

MU 4253. Problems in Music.
The course is conducted as an independent study on one or more music topics and is open to students on an individual basis by approval of the Director of the School of Music.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

This course explores the anatomy/physiology of the human voice, the acoustic properties that govern resonance, vocal health, and the philosophy of singing and teaching. It is designed for Bachelor of Music majors with a concentration in voice. Restricted to Music Studies or Music Performance majors, with a vocal concentration. Co-requisites: MUSP 3220 or MUSP 4220 with a grade of "C" or better, or by Instructor Permission.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MU 4259. Vocal Literature.
This course is a detailed consideration of vocal literature from approximately 1600 through the 20th century, focusing on different cultures of the world. It covers major composers and developments in the genre. Repertoire selection and performance problems peculiar to the various styles will be discussed. Prerequisites: Bachelor of Music with vocal concentration and MU 2142. Corequisite: MUSP 3220 or MUSP 4220 with a grade of "C" or better.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MU 4260. Vocal Pedagogy II: Methods.
This is a comparative study of various pedagogical methods and ideas that covers a wide range of historical and contemporary pedagogy treatises. Students will explore exercises and vocalises for general voice development, peer teaching, and techniques to address/correct specific vocal problems. Prerequisite: MU 4257 with a grade of "B" or better. Co-requisites: MUSP 3220 or MUSP 4220 with a grade of "D" or better, or by Instructor Permission.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4261. Guitar Pedagogy.
This course is an intensive study of instructional methodologies for guitar from beginning to advanced levels that includes both one-on-one teaching and group lessons. Corequisite: MUSP 3260 or MUSP 4260.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4262. Guitar Literature.
This course is an intensive study of music repertoire for guitar, including solo, chamber, and orchestral music, as well as relevant music history and literature, performance practice, and rehearsal techniques. Emphasis will be given to literature of the student's primary instrument. Corequisite: MUSP 3260 or MUSP 4260.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
This course is an intensive study of instructional methodologies for keyboard from beginning to advanced levels that includes both one-on-one teaching and group lessons. Corequisite: MUSP 3230 or MUSP 4230.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4264. Keyboard Literature I.
This course is an intensive study of music repertoire for keyboard from 1700 to 1850, including solo, chamber, and orchestral music, as well as relevant music history and literature, performance practice, and rehearsal techniques. Emphasis will be given to literature of the student's primary instrument. Corequisite: MUSP 3230 or MUSP 4230.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4265. Keyboard Literature II.
This course is an intensive study of music repertoire for keyboard from 1850 - today, including solo, chamber, and orchestral music, as well as relevant music history and literature, performance practice, and rehearsal techniques. Emphasis will be given to literature of the student's primary instrument. Corequisite: MUSP 3230 or MUSP 4230.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4266. Woodwind Pedagogy.
This course is an intensive study of instructional methodologies for woodwinds from beginning to advanced levels that includes both one-on-one teaching and group lessons. Corequisite: MUSP 3240 or MUSP 4240.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4267. Woodwind Literature.
This course is an intensive study of music repertoire for woodwinds, including solo, chamber, and orchestral music, as well as relevant music history and literature, performance practice, and rehearsal techniques. Emphasis will be given to literature of the student's primary instrument. Corequisite: MUSP 3240 or MUSP 4240.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4268. Brass Pedagogy.
This course is an intensive study of instructional methodologies for brass from beginning to advanced levels that includes both one-on-one teaching and group lessons. Corequisite: MUSP 3250 or MUSP 4250.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4269. Brass Literature.
This course is an intensive study of music repertoire for brass, including solo, chamber, and orchestral music, as well as relevant music history and literature, performance practice, and rehearsal techniques. Emphasis will be given to literature of the student's primary instrument. Corequisite: MUSP 3250 or MUSP 4250.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4270. Percussion Pedagogy.
This course is an intensive study of instructional methodologies for percussion from beginning to advanced levels that includes both one-on-one teaching and group lessons. Corequisite: MUSP 3170 or MUSP 3270 or MUSP 4170 or MUSP 4270.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4271. Percussion Literature.
This course is an intensive study of music repertoire for percussion, including solo, chamber, and orchestral music, as well as relevant music history and literature, performance practice, and rehearsal techniques. Emphasis will be given to literature of the student's primary instrument. Corequisite: MUSP 3170 or MUSP 3270 or MUSP 4170 or MUSP 4270.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4272. String Pedagogy.
This course is an intensive study of instructional methodologies for strings from beginning to advanced levels that includes both one-on-one teaching and group lessons. Corequisite: MUSP 3260 or MUSP 4260.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4273. String Literature.
This course is an intensive study of music repertoire for strings, including solo, chamber, and orchestral music, as well as relevant music history and literature, performance practice, and rehearsal techniques. Emphasis will be given to literature of the student's primary instrument. Corequisite: MUSP 3260 or MUSP 4260.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

Designed primarily for the non-music major. Continued study of advanced techniques including scales, arpeggios, strumming patterns and advanced accompanying styles. Analysis and performance of musical styles including rock, country and blues. Prerequisite: MU 3310 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
Designed primarily for the non-music major. Continued study of advanced
techniques including soloing techniques, accompaniment techniques.
Detailed analysis of performance styles emphasizing the styles of
contemporary performers. Prerequisite: MU 4310 with a grade of "C" or
better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4330. Form and Analysis.
Principles of form and analysis developed through the in-depth
application of analytical systems to the musical repertoire through the
nineteenth century. Prerequisites: MU 2316 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4332. Contemporary Analytic Techniques.
Detailed study and analysis of selected compositions from the early
twentieth century to the present; analytical projects. Prerequisite:
MU 2316 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4334. Orchestration.
Study of the characteristics of individual instruments; writing for various
combinations; study of scores of different periods; techniques of
instrumentation, arranging, and orchestration; listening to recorded and
live performances. Prerequisite: MU 2316 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4336. 18th-Century Counterpoint.
A study of 18th-century contrapuntal techniques as found in choral
preludes, inventions and fugues, among other forms. Prerequisite:
MU 2316 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4338. Advanced Musicianship Skills.
This course focuses on developing advanced musicianship skills,
specifically highlighting sight singing, error detection, transcription,
dictation, and improvisation. # The repertoire for this course includes
western and non-western music of various styles and modalities.
# Prerequisite: MU 2116 and MU 2316 both with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4385. Advanced Audio Recording Techniques.
Application of theoretical skills in recording, mixing, and editing concert
music. Full major in SRT required. Prerequisite: MU 3384 with a grade of
"C" or higher. Corequisite: MU 4180.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4386. SRT Internship.
Practical experience in audio recording under professional supervision.
Provides the opportunity for students to demonstrate professional
competencies, based on prior theoretical and laboratory experiences. Full
major in SRT required.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Grade Mode: Standard Letter
Courses in Music Ensembles (MUSE)

MUSE 3009. Opera Production.
Opera production is a performance class where practical skills are applied in a production setting. The class is designed to produce and perform a fully staged opera or opera scenes program. Concurrent enrollment in Applied Voice is recommended. Prerequisite: MUSE 3106 with a grade of "C" or better.
0 Credit Hours. 0 Lecture Contact Hours. 9 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3026. Student Chamber Music.
Small student organized and led performing groups coached by area faculty as necessary.
0 Credit Hours. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3104. Panorama Steel Drum Band.
A performing ensemble specializing in Caribbean steel drum band music. May be repeated for credit. (MULT).
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Multicultural Content
Grade Mode: Standard Letter

MUSE 3100. Mariachi Lince de Oro.
This course is an introduction to the mariachi genre. Traditional mariachi repertoire is distributed, rehearsed, memorized, and performed.
1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Latin music faculty and guest artists meet with Latin music majors to address topics outside the scope of the students' other daily coursework. The seminar will provide lectures and performance opportunities that focus on skills related to professional Latin performance practices. (MULT).
0 Credit Hours. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3103. Mariachi Nueva Generación.
This course is a performing ensemble specializing in Mexican folk music.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Multicultural Content
Grade Mode: Standard Letter

MUSE 3105. VocaLibre.
A select vocal ensemble specializing in chamber music, including madrigal and jazz literature. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Latin music faculty and guest artists meet with Latin music majors to address topics outside the scope of the students’ other daily coursework. The seminar will provide lectures and performance opportunities that focus on skills related to professional Latin performance practices. Corequisite: MUSP 1220 or MUSP 2220 or MUSP 3220 or MUSP 4220 or MUSP 1230 or MUSP 2230 or MUSP 3230 or MUSP 4230 or MUSP 1240 or MUSP 2240 or MUSP 3240 or MUSP 4240 or MUSP 1250 or MUSP 2250 or MUSP 3250 or MUSP 4250 or MUSP 1260 or MUSP 2260 or MUSP 3260 or MUSP 4260 or MUSP 1170 or MUSP 2170 or MUSP 3170 or MUSP 4170.
0 Credit Hours. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3106. Opera Workshop.
Opera Workshop is a skills-based class designed for developing opera singers to learn and apply skills that prepare them for professional performance. This course may be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 9 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3099. Concert Ensemble.
This is a major ensemble that provides experience for music majors to improve their performance skills in a mixed ensemble setting. May be repeated for credit. Restricted to full majors in Music.
0 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
MUSE 3107. Opera Theatre.
This course is designed to take the knowledge and skills learned in MUSE 3106-Opera Workshop class and build on those skills while applying those skills to more advanced work. Students will learn and perform operatic roles, chamber opera pieces, or one-act operas. Prerequisite: MUSE 3106 with a grade of "B" or better.
1 Credit Hour. 0 Lecture Contact Hours. 9 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3108. Orquesta del Rio.
Performing ensemble specializing in Latin and South America music. May be repeated for credit. (MULT).
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Lab Required
Multicultural Content
Grade Mode: Standard Letter

MUSE 3109. Opera Production.
Opera Production is a performance class where practical skills are applied in a production setting. The class is designed to produce and perform a fully staged opera or opera-scenes program. Concurrent enrollment in Applied Voice is recommended. Prerequisite: MUSE 3106 with a grade of "C" or better.
1 Credit Hour. 0 Lecture Contact Hours. 9 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3120. Bobcat Marching Band.
This ensemble performs at all home and select away football games utilizing traditional and corps-style marching. The ensemble is focused on delivering entertaining and high-powered halftime shows while supporting Bobcat Football. The band also performs in exhibitions for high school band events. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 9 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3122. Aurora Voce.
Aurora Voce is a highly selective chamber chorale ensemble that is open by audition to all treble singers across campus. Performing in this ensemble provides the singers opportunities to explore high quality and challenging repertoire that spans a wide variety of styles, historical periods, and genres.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3123. Concert Band.
This ensemble provides playing experiences for non-music majors and music majors who want to improve their skills and serve as a lab ensemble for conducting students. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3124. Treble Voice Choir.
This is a performing ensemble course, specializing in choral literature for treble voices. This course may be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3125. Men's Choir.
Performing ensemble specializing in choral literature for men's voices. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3126. Chamber Music.
Small group performing ensembles focusing on chamber literature of mixed and similar instrumental music. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3127. Jazz Combo.
A small performance ensemble designed to develop improvisational skills and individual musical creativity through performance of standard jazz literature. May be repeated for credit.
1 Credit Hour. 4 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3130. Wind Symphony.
Major instrumental ensemble comprised of the most outstanding wind and percussion students who are selected by audition. The group is dedicated to the performance of the finest wind repertoire, whether a contemporary works for winds, or transcriptions from the orchestral repertoire. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 9 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
MUSE 3131. Symphonic Winds.
Major instrumental ensemble consisting primarily of music majors and talented non-music majors. This ensemble performs a broad range of full ensemble repertoire, representative of all historical periods and styles. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3140. Texas State Chorale.
Auditioned major choral ensemble specializing in performances of literature from the Renaissance and 20th Century. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 9 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3141. University Singers.
Major choral ensemble that performs a variety of literature, including masterworks, from the 17th Century to the present. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3150. Texas State Symphony Orchestra.
A full symphony orchestra that performs standard orchestra literature, as well as oratorio, concerto, and opera accompaniments. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 9 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3151. Chamber Orchestra.
Auditioned orchestra designed to perform advanced level symphonic literature with repertoire representing several of historical periods and styles. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3160. Jazz Ensemble.
The jazz based ensemble performs advanced arrangements of contemporary popular music in various styles. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 9 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3161. Jazz Orchestra.
The jazz based ensemble performs intermediate arrangements of contemporary popular music in various styles. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3162. Jazz Lab Band.
The jazz based ensemble performs beginning arrangements of contemporary popular music in various styles. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3170. Accompanying.
A coaching seminar for pianists to develop reading and accompanying skills. May be repeated for credit. Prerequisite: Piano major.
1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3180. Mysterium for Contemporary Music Ensemble.
An ensemble course focusing on the performance and analysis of contemporary music in all styles and media. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3190. Guitar Ensemble.
Chamber guitar ensemble designed to provide interaction with fellow guitarists, develop musicianship as ensemble performer, and to familiarize student with music from different periods through a variety of literature. May repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Courses in Applied Music (MUSP)
Applied Instruction: Private study of voice, piano/organ, woodwind, brass, string, and percussion instruments is available to all music majors from beginning through advanced levels of instruction. Though supervised private coaching, instruction focuses on technique, musicality, literature, and performance. May be repeated for credit. Prerequisite: Music major status or permission from instructor.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the vocal area. May be repeated for credit. BA in music status is required as well as MU 1000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 1000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1121. Vocal Techniques.
Vocal Techniques. Vocal instruction focusing on technique, musicality and performance for the beginning singer. May be repeated for credit.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1130. Applied Keyboard.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the keyboard area. May be repeated for credit. BA in music status is required as well as MU 1000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 1000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1135. Piano Techniques I.
This is an introductory course to develop piano technique and musical style through sight-reading, scales, chords, harmonization, and improvisation.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: MUSI 1181

MUSP 1136. Piano Techniques II.
Beginning level course to develop piano technique and musical style through sight-reading, scales, chords, harmonization, and improvisation. Prerequisite: MUSP 1135 with a grade of "C" or better.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: MUSI 1182

MUSP 1137. Piano Techniques III.
Intermediate level course to develop piano technique and musical style through sight-reading, scales, chords, harmonization and improvisation. Prerequisite: MUSP 1136 with a grade of "C" or better.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1138. Piano Techniques IV.
Advanced level course to develop piano technique and musical style through sight-reading, scales, chords, harmonization and improvisation. Prerequisite: MUSP 1137 with a grade of "C" or better.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1140. Applied Woodwind.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the woodwind area. May be repeated for credit. BA in music status is required as well as MU 1000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 1000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1150. Applied Brass.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the brass area. May be repeated for credit. BA in music status is required as well as MU 1000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 1000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1160. Applied String.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the string area. May be repeated for credit. BA in music status is required as well as MU 1000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 1000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the percussion area. May be repeated for credit. Music major status is required as well as MU 1000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 1000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
MUSP 1180. Introduction to Composition.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the composition area. May be repeated for credit.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the vocal area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1230. Applied Keyboard.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the keyboard area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1240. Applied Woodwind.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the woodwind area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1250. Applied Brass.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the brass area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the string area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1270. Applied Percussion.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the percussion area. May be repeated for credit. Corequisite: MU 1000 with a grade of "C" or better; MUSE 3120, MUSE 3123, MUSE 3130, MUSE 3131, MUSE 3150, MUSE 3160, MUSE 3161, MUSE 3162; with a grade of "C" or better.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1280. Applied Composition.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the composition area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

This course explores aspects of music in the context of developing basic keyboard skills. In addition to developing technical proficiency at the piano, students learn the basics of music theory and aural skills, while exploring various genres of music, including classical and modern styles.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the vocal area. May be repeated for credit. BA in music status is required as well as MU 2000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 2000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
**MUSP 2125. Applied Voice for non-majors.**
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance for individual vocal development. May be repeated for credit. Permission from instructor required to enroll.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

**MUSP 2130. Applied Keyboard.**
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the keyboard area. May be repeated for credit. BA in music status is required as well as MU 2000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 2000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

**MUSP 2135. Applied Keyboard for non-majors.**
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance for individual keyboard development. May be repeated for credit. Permission from instructor required to enroll.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

**MUSP 2140. Applied Woodwind.**
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the woodwind area. May be repeated for credit. BA in music status is required as well as MU 2000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 2000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

**MUSP 2145. Applied Woodwind for non-majors.**
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance for individual woodwind development. May be repeated for credit. Permission from instructor required to enroll.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

**MUSP 2150. Applied Brass.**
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the brass area. May be repeated for credit. BA in music status is required as well as MU 2000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 2000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

**MUSP 2155. Applied Brass for non-majors.**
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance for individual brass development. May be repeated for credit. Permission from instructor required to enroll.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

**MUSP 2160. Applied String.**
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the string area. May be repeated for credit. BA in music status is required as well as MU 2000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 2000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

**MUSP 2165. Applied String for non-majors.**
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance for individual string development. May be repeated for credit. Permission from instructor required to enroll.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

**MUSP 2170. Applied Percussion.**
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the percussion area. This course may be repeated for credit. Music major status is required as well as MU 2000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 2000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

**MUSP 2175. Applied Percussion for non-majors.**
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance for individual percussion development. May be repeated for credit. Permission from instructor required to enroll.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
MUSP 2180. Applied Composition.  
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the composition area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.  
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

MUSP 2185. Applied Composition for non-majors.  
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance for individual composition development. May be repeated for credit. Permission from instructor required to enroll.  
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

MUSP 2191. Electronic Music I.  
Theoretical and working knowledge of sound synthesis, MIDI, and computer-based composition emphasizing practical applications using available software and instruments. Major subject areas: hardware and software, virtual instruments, sampling & playback devices, timbre control, MIDI synchronization, sequencing, digital audio workstations, editing, mixing, notation, and composition. Full major in SRT required.  
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

MUSP 2192. Electronic Music II.  
Continuation of the theoretical/working knowledge of sound synthesis, MIDI, and computer-based composition emphasizing practical applications using available software and instruments. Major subject areas: hardware & software, virtual instruments, sampling & playback devices, timbre control, MIDI synchronization, sequencing, digital audio workstations, editing, mixing, notation, and composition. Full major in SRT required. Prerequisite: MUSP 2191.  
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the vocal area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.  
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

MUSP 2225. Applied Voice for non-majors.  
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance for individual vocal development. May be repeated for credit. Permission from instructor required to enroll.  
2 Credit Hours. 1 Lecture Contact Hour. 1 Lab Contact Hour.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

MUSP 2230. Applied Keyboard.  
Theoretical and working knowledge of sound synthesis, MIDI, and computer-based composition emphasizing practical applications using available software and instruments. Major subject areas: hardware and software, virtual instruments, sampling & playback devices, timbre control, MIDI synchronization, sequencing, digital audio workstations, editing, mixing, notation, and composition. Full major in SRT required.  
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

MUSP 2235. Applied Keyboard for non-majors.  
Theoretical and working knowledge of sound synthesis, MIDI, and computer-based composition emphasizing practical applications using available software and instruments. Major subject areas: hardware and software, virtual instruments, sampling & playback devices, timbre control, MIDI synchronization, sequencing, digital audio workstations, editing, mixing, notation, and composition. Full major in SRT required. Prerequisite: MUSP 2230.  
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

MUSP 2240. Applied Woodwind.  
Theoretical and working knowledge of sound synthesis, MIDI, and computer-based composition emphasizing practical applications using available software and instruments. Major subject areas: hardware and software, virtual instruments, sampling & playback devices, timbre control, MIDI synchronization, sequencing, digital audio workstations, editing, mixing, notation, and composition. Full major in SRT required. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.  
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

MUSP 2245. Applied Woodwind for non-majors.  
Theoretical and working knowledge of sound synthesis, MIDI, and computer-based composition emphasizing practical applications using available software and instruments. Major subject areas: hardware and software, virtual instruments, sampling & playback devices, timbre control, MIDI synchronization, sequencing, digital audio workstations, editing, mixing, notation, and composition. Full major in SRT required. Prerequisite: MUSP 2240.  
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.  
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter
MUSP 2250. Applied Brass.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the brass area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2255. Applied Brass for non-majors.
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance for individual brass development. May be repeated for credit. Permission from instructor required to enroll.
2 Credit Hours. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the string area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2265. Applied String for non-majors.
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance for individual string development. May be repeated for credit. Permission from instructor required to enroll.
2 Credit Hours. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2270. Applied Percussion.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the percussion area. May be repeated for credit. Corequisite: MU 2000 with a grade of "C" or better; MUSE 3120, MUSE 3123, MUSE 3130, MUSE 3131, MUSE 3150, MUSE 3160, MUSE 3161, MUSE 3162 or equivalent; with a grade of "C" or better.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2280. Applied Composition.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the composition area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2285. Applied Composition for non-majors.
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance for individual composition development. May be repeated for credit. Permission from instructor required to enroll.
2 Credit Hours. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the vocal area. May be repeated for credit.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3130. Applied Keyboard.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the keyboard area. May be repeated for credit.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3131. Jazz Piano Techniques I.
Beginning piano techniques, introducing scales and chords used in the jazz idiom. (MULT) Prerequisite: MUSP 1136 with a grade of "C" or better.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Multicultural Content
Grade Mode: Standard Letter

MUSP 3132. Jazz Piano Techniques II.
Continuing study of piano technique in the jazz idiom and application of skills through performance and arranging. (MULT) Prerequisites: MUSP 3131 with a grade of "C" or better.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Multicultural Content
Grade Mode: Standard Letter
MUSP 3140. Applied Woodwind.  
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the woodwind area. May be repeated for credit.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

MUSP 3145. Woodwind Techniques I.  
Basic teaching and performance techniques of the clarinet and saxophone. Requires successful completion of the Upper Level Competency Review in Music Studies or permission from the instructor to enroll.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

MUSP 3147. Woodwind Techniques II.  
Basic teaching and performance techniques of the flute and double reeds. Requires successful completion of the Upper Level Competency Review in Music Studies or permission from the instructor to enroll.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

MUSP 3150. Applied Brass.  
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the brass area. May be repeated for credit.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

MUSP 3155. Brass Techniques I.  
Basic teaching and performance techniques of the high brass instruments. Requires successful completion of the Upper Level Competency Review in Music Studies or permission from the instructor to enroll.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

MUSP 3157. Brass Techniques II.  
Continuation of the basic teaching and performance techniques of the low brass instruments. Requires successful completion of the Upper Level Competency Review in Music Studies or permission from the instructor to enroll.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

MUSP 3160. Applied String.  
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the string area. May be repeated for credit.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

MUSP 3165. String Techniques.  
Basic teaching and performance techniques of the violin, viola, cello and double bass. Full major in Music Studies required.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

MUSP 3166. String Techniques Practicum.  
In this course students will apply string pedagogy through various teaching activities. Corequisite: MUSP 3165 with a grade of "C" or better.
1 Credit Hour. 0 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

MUSP 3170. Applied Percussion.  
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the percussion area. May be repeated for credit. Music major status required as well as MU 3000 and the appropriate major ensemble must be taken concurrently. Corequisite: MU 3000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

MUSP 3175. Percussion Techniques.  
Basic teaching and performance techniques of marching and concert percussion. Full major in Music Studies required.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter

MUSP 3180. Applied Composition.  
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the composition area. May be repeated for credit.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing  
Grade Mode: Standard Letter
MUSP 3191. Electronic Music III.
Further exploration into the theoretical and working knowledge of sound synthesis, MIDI, and computer-based composition emphasizing practical applications using available software and instruments. Major subject areas: hardware and software, virtual instruments, sampling & playback devices, timbre control, MIDI synchronization, sequencing, digital audio workstations, editing, mixing, notation, and composition. Prerequisite: MUSP 2192 with a grade of "C" or better.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3192. Electronic Music IV.
Final studies in the theoretical and working knowledge of sound synthesis, MIDI, and computer-based composition emphasizing practical applications using available software and instruments. Major subject areas: hardware and software, virtual instruments, sampling & playback devices, timbre control, MIDI synchronization, sequencing, digital audio workstations, editing, mixing, notation, and composition. Prerequisite: MUSP 3191 with a grade of "C" or better.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3195. Instrumental Techniques for Choral Students.
This course introduces basic teaching and performance techniques of band and orchestral instruments, instrumental ensembles and instrumental music programs for music students who consider instrumental music a secondary skill area. Full major in Music Studies, vocal concentration required.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3196. Jazz and Latin Ensemble Techniques.
This course explores the basic teaching and performance techniques of instrumentation, arranging and pedagogy in the areas of jazz and multicultural ensembles. Full major in Music Studies, instrumental concentrations. (MULT).
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3197. Choral/Vocal Techniques.
This course will prepare instrumental music studies students with knowledge of and practice in basic vocal/choral techniques along with guidance in the choosing of appropriate choral literature in order that they may be successful in developing, directing, and maintaining choral programs in elementary-secondary schools. Full major in Music Studies required.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Through supervised private coaching, instruction focuses on technique, musicality, literature and performance. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3230. Applied Keyboard.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the keyboard area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3240. Applied Woodwind.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the woodwind area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

In this course students will develop specific skills and knowledge for successful performance and instruction. Basic techniques of playing and teaching clarinet and saxophone will be presented.
2 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3247. Woodwind Techniques - Flute and Double Reeds.
In this course students will develop specific skills and knowledge for successful performance and instruction. Basic techniques of playing and teaching flute, oboe, and bassoon will be presented.
2 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
MUSP 3250. Applied Brass.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the brass area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

In this course students prepare to teach instrumental music. Basic techniques of teaching and playing the trumpet and horn will be presented.
2 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3255. Wind Instrumental Techniques for String Students.
This course is designed to introduce basic teaching and performance techniques of the major wind instruments, with a focus on instructing full orchestra. Students will observe, practice, and teach wind instruments in various settings. Full major in Music Studies, string concentration and Upper-Level review completion required. Prerequisite: MUSP 3165; MUSP 3265; with grades of "C" or higher.
2 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

In this course students will prepare to teach instrumental music. Basic techniques of teaching and playing trombone, euphonium/tuba will be presented.
2 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3260. Applied String.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the string area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3265. String Techniques II.
This course is designed to review beginning-level techniques and to introduce intermediate and advanced-level techniques related to string teaching and playing. Techniques and concepts will be explored through historical perspectives, pedagogical approaches, performance (on primary and secondary instruments), observations of teaching, and teaching experiences. Prerequisite: MUSP 3165 with a grade of "C" or better.
2 Credit Hours. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3270. Applied Percussion.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the percussion area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3275. Percussion Techniques.
In this course students will acquire skills and the basic techniques required for performance in the areas of drums, keyboard, timpani, marching percussion, accessory instruments, and drum set. Particular attention will be given to teaching materials and suggested pedagogical approaches for each area.
2 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3280. Applied Composition.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the composition area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3355. Wind Instrumental Techniques for String Students.
In this course students will explore basic teaching and performance techniques of the major wind instruments, with a focus on instructing full orchestra. Students observe, practice, and teach wind instruments in various settings. Prerequisite: MUSP 3165 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
MUSP 3365. String Techniques II.
In this course students will review beginning-level techniques and investigate intermediate and advanced-level techniques related to string teaching and playing. Techniques and concepts are explored through historical perspectives, pedagogical approaches, performance (on primary and secondary instruments), observations of teaching, and teaching experiences. Prerequisite: MUSP 3165 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Through supervised private coaching, instruction focuses on technique, musicianship, literature and performance in the vocal area. May be repeated for credit. Prerequisite: MUSP 4230.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4130. Applied Keyboard.
Through supervised private coaching, instruction focuses on technique, musicianship, literature, and performance in the keyboard area. Co-requisite: MUSP 4230.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4140. Applied Woodwind.
Through supervised private coaching, instruction focuses on technique, musicianship, literature, and performance in the woodwind area. Co-requisite: MUSP 4240 with a grade of "D" or better.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Through supervised private coaching, instruction focuses on technique, musicianship, literature, and performance in the string area. Co-requisite: MUSP 4260.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4164. Mariachi Melodia Techniques.
This course provides students with the fundamentals of playing and teaching the melodic instruments associated with the Mariachi ensemble, with specific emphasis on the voice, violin, and trumpet. Topics will cover history, tuning, and stylistic techniques associated with each instrument. This course is repeatable for credit three times. (MULT).
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4165. Mariachi Armonia Techniques.
This course provides students with the fundamentals of playing and teaching the rhythm/harmony instruments in the Mariachi ensemble, with specific emphasis in the guitarrón, vihuela/guitar, and the harp. Topics will cover history, tuning, strumming, and stylistic techniques specific to each instrument. This course is repeatable for credit three times. (MULT).
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Multicultural Content
Grade Mode: Standard Letter

MUSP 4170. Applied Percussion.
Through supervised private coaching, instruction focuses on technique, musicianship, literature, and performance in the percussion area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble. Departmental Recital must be taken at the same level as lessons.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4180. Applied Composition.
Through supervised private coaching, instruction focuses on technique, musicianship, literature, and performance in the composition area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble. Departmental Recital must be taken at the same level as lessons.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4220. Applied Voice.
Through supervised private coaching, instruction focuses on technique, musicianship, literature, and performance in the vocal area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble. Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4230. Applied Keyboard.
Through supervised private coaching, instruction focuses on technique, musicianship, literature, and performance in the keyboard area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble. Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
MUSP 4240. Applied Woodwind.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the woodwind area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4250. Applied Brass.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the brass area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4260. Applied String.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the string area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4270. Applied Percussion.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the percussion area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4280. Applied Composition.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the composition area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4350. Applied Brass.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the brass area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Minimum required: 120 semester credit hours

Admission Requirements
1. All students in the School of Music require admission to the university and admission to the program. For audition guidelines and requirements, prospective undergraduate students should visit: http://www.music.txstate.edu/prospectivestudents/BecomingaMusicMajor.html
2. Students wanting to enter the music program as a music major (B.A., B.M., B.S. degrees) must submit an online application and audition on their principal instrument or voice the semester before their desired entrance.
3. Admission to the School of Music is contingent upon admission to Texas State, successful completion of the audition process, and available space in each studio. Moreover, a successful audition does not automatically ensure acceptance to the School of Music. Transfer students’ transcripts will be evaluated by an academic advisor prior to an acceptance decision to ensure that acceptance and successful degree plan completion are possible here at Texas State. Prospective music students will not be permitted to enroll in applied music and other music major classes until they have been accepted based on their audition and met with an academic advisor. Auditions are held periodically throughout the year for enrollment the following academic year. Those prospective music students unable to audition in person due to geographic distance from campus may submit an audio or video recording representative of their performing abilities that meet the audition guidelines for their instrument or voice. The deadline to submit a recorded audition is March 1 (for Fall admission) or November 1 (for Spring admission). Audition requirements are available on the School of Music website.

General Requirements
1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. In addition to the general education core curriculum requirements, the Bachelor of Arts degree (p. 58) (B.A.) requires three additional hours of English literature, three hours of math/science/logic/computer science courses, six hours of 2000-level modern language courses and a minor.
3. Students must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors/).
4. Piano Proficiency (Level II)
5. Theory Proficiency
6. Upper Level Competency Review (ULCR)

7. All B.A. and B.M. music majors must participate in the appropriate major ensemble for their instrument each semester until all major ensemble requirements for the degree have been completed. No more than one major and one secondary ensemble will be counted toward the student's degree plan per semester. While not required in the degree plan, continued participation in major ensembles after degree requirements are completed is encouraged.

8. For transfer students, 31 semester credit hours in Music (or equivalents) may be transferred from a Texas public institution of higher education for the Music Field of Study and be applied to the Bachelor of Arts degree with a major in Music at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. Transfer students may not reach the 36 advanced hours required in the degree without taking additional coursework. See your academic advisor for details. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list.

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. To satisfy graduation requirements for this concentration, students must have at least a 2.85 Overall GPA. A GPA of at least 2.50 in all assigned courses in the professional sequence with grades of "C" or better.

3. In addition to the major requirements, students must also complete 15 hours of professional sequence courses through the College of Education. All coursework must be completed prior to EDST 4380 and EDST 4381.

4. Piano Proficiency (Level IV)

5. Theory Proficiency

6. Upper Level Competency Review (ULCR)

7. All music majors must participate in the appropriate major ensemble for their instrument each semester until all major ensemble requirements for the degree have been completed. No more than one major and one secondary ensemble will be counted toward the student’s degree plan per semester. While not required in the degree plan, continued participation in major ensembles after degree requirements are completed is encouraged.

8. The Texas Education Agency (TEA) requires multiple background checks for progression through the Educator Preparation Program. Based on information recorded in your criminal history, you may be ineligible for issuance of a teaching certificate upon completion of the Educator Preparation Program. If you have a criminal history, you may obtain a Preliminary Criminal History Evaluation from TEA. For more information, go to: https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/.

9. For transfer students, 31 semester credit hours in Music (or equivalents) may be transferred from a Texas public institution of higher education for the Music Field of Study and be applied to the Bachelor of Music degree with a major in Music Studies degree plan, continued participation in major ensembles after degree requirements have been completed. No more than one major and one secondary ensemble will be counted toward the student’s degree plan per semester. While not required in the degree plan, continued participation in major ensembles after degree requirements are completed is encouraged.

Minimum required: 129 semester credit hours

Admission Requirements

1. All students in the School of Music require admission to the university and admission to the program. For audition guidelines and requirements, prospective undergraduate students should visit: http://www.music.txstate.edu/prospectivestudents/BecomingaMusicMajor.html

2. Students wanting to enter the music program as a music major (B.A., B.M., B.S. degrees) must submit an online application and audition on their principal instrument or voice the semester before their desired entrance.

3. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 244) once all course requirements and successful completion of the School of Music’s Upper Level Competency Review have been met in order to officially complete the Bachelor of Music major in Music Studies degree program.

4. Admission to the School of Music is contingent upon admission to Texas State, successful completion of the audition process, and available space in each studio. Moreover, a successful audition does not automatically ensure acceptance to the School of Music. Transfer students' transcripts will be evaluated by an academic advisor prior to an acceptance decision to ensure that acceptance and successful degree plan completion are possible here at Texas State. Prospective music students will not be permitted to enroll in applied music and other music major classes until they have been accepted based on their audition and met with an academic advisor. Auditions are held periodically throughout the year for enrollment the following academic year. Those prospective music students unable to audition in person due to geographic distance from campus may submit an audio or video recording representative of their performing abilities that meet the audition guidelines for their instrument or voice. The deadline to submit a recorded audition is March 1 (for Fall admission) or November 1 (for Spring admission). Audition requirements are available on the School of Music website.

Total Hours: 18
1. All students in the School of Music require admission to the university and admission to the program. For audition guidelines and requirements, prospective undergraduate students should visit: http://www.music.txstate.edu/prospectivestudents/BecomingaMusicMajor.html

2. Students wanting to enter the music program as a music major (B.A., B.M., B.S. degrees) must submit an online application and audition on their principal instrument or voice the semester before their desired entrance.

3. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 244) once all course requirements and successful completion of the School of Music's Upper Level Competency Review have been met in order to officially complete the Bachelor of Music major in Music Studies degree program.

4. Admission to the School of Music is contingent upon admission to Texas State, successful completion of the audition process, and available space in each studio. Moreover, a successful audition does not automatically ensure acceptance to the School of Music. Transfer students' transcripts will be evaluated by an academic advisor prior to an acceptance decision to ensure that acceptance and successful degree plan completion are possible here at Texas State. Prospective music students will not be permitted to enroll in applied music and other music major classes until they have been accepted based on their audition and met with an academic advisor. Auditions are held periodically throughout the year for enrollment the following academic year. Those prospective music students unable to audition in person due to geographic distance from campus may submit an audio or video recording representative of their performing abilities that meet the audition guidelines for their instrument or voice. The deadline to submit a recorded audition is March 1 (for Fall admission) or November 1 (for Spring admission). Audition requirements are available on the School of Music website.

**Minimum required: 131 semester credit hours**

**Admission Requirements**

1. To satisfy graduation requirements for this concentration, students must have at least a 2.85 Overall GPA, as well as grades of "C" or better in all courses within the major(s), teaching field(s), certification area(s), and/or in the Minor in Education."

2. In addition to the major requirements, students must also complete 15 hours of professional sequence courses through the College of Education. All coursework must be completed prior to EDST 4380 and EDST 4381.

3. Piano Proficiency (Level II)

4. Theory Proficiency

5. Theory Proficiency

6. Upper Level Competency Review (ULCR)

7. All music majors must participate in the appropriate major ensemble for their instrument each semester until all major ensemble requirements for the degree have been completed. No more than one major and one secondary ensemble will be counted toward the student's degree plan per semester. While not required in the degree plan, continued participation in major ensembles after degree requirements are completed is encouraged.

8. The Texas Education Agency (TEA) requires multiple background checks for progression through the Educator Preparation Program. Based on information recorded in your criminal history, you may be ineligible for issuance of a teaching certificate upon completion of the Educator Preparation Program. If you have a criminal history, you may obtain a Preliminary Criminal History Evaluation from TEA. For more information, go to: https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/.

9. For transfer students, 31 semester credit hours in Music (or equivalents) may be transferred from a Texas public institution of higher education for the Music Field of Study and be applied to the Bachelor of Music degree with a major in Music Studies at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list.

Minimum required: 129 semester credit hours

Admission Requirements

1. All students in the School of Music require admission to the university and admission to the program. For audition guidelines and requirements, prospective undergraduate students should visit: http://www.music.txstate.edu/prospectivestudents/BecomingaMusicMajor.html

2. Students wanting to enter the music program as a music major (B.A., B.M., B.S. degrees) must submit an online application and audition on their principal instrument or voice the semester before their desired entrance.

3. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (http://mycatalog.txstate.edu/undergraduate/education/office-of-educator-preparation/) once all course requirements and successful completion of the School of Music's Upper Level Competency Review have been met in order to officially complete the Bachelor of Music major in Music Studies degree program.

4. Admission to the School of Music is contingent upon admission to Texas State, successful completion of the audition process, and available space in each studio. Moreover, a successful audition does not automatically ensure acceptance to the School of Music. Transfer students' transcripts will be evaluated by an academic advisor prior to an acceptance decision to ensure acceptance and successful degree plan completion are possible here at Texas State. Prospective music students will not be permitted to enroll in applied music and other music major classes until they have been accepted based on their audition and met with an academic advisor. Auditions are held periodically throughout the year for enrollment the following academic year. Those prospective music students unable to audition in person due to geographic distance from campus may submit an audio or video recording representative of their performing abilities that meet the audition guidelines for their instrument or voice. The deadline to submit a recorded audition is March 1 (for Fall admission) or November 1 (for Spring admission). Audition requirements are available on the School of Music website (https://www.music.txstate.edu/).

5. Piano Proficiency (Level IV)

6. Theory Proficiency

7. Upper Level Competency Review (ULCR)

8. The Texas Education Agency (TEA) requires multiple background checks for progression through the Educator Preparation Program. Based on information recorded in your criminal history, you may be ineligible for issuance of a teaching certificate upon completion of the Educator Preparation Program. If you have a criminal history, you may obtain a Preliminary Criminal History Evaluation from TEA. For more information, go to: https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/.

9. For transfer students, 31 semester credit hours in Music (or equivalents) may be transferred from a Texas public institution of higher education for the Music Field of Study and be applied to the Bachelor of Music degree with a major in Music Studies at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list.

### General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (http://mycatalog.txstate.edu/undergraduate/general-education-core-curriculum/) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. To satisfy graduation requirements for this concentration, students must have at least a 2.85 Overall GPA, as well as grades of "C" or better in all courses within the major(s), teaching field(s), certification area(s), and/or in the Minor in Education.

3. In addition to the major requirements, students must also complete 15 hours of professional sequence courses through the College of Education. All coursework must be completed prior to EDST 4380 and EDST 4381.

4. Piano Proficiency (Level IV)

5. Theory Proficiency

6. Upper Level Competency Review (ULCR)

Minimum required: 120 semester credit hours

Admission Requirements

1. All students seeking to major in music must be admitted to Texas State University. For more information on Texas State, visit https://www.txstate.edu/. Undergraduate students should visit the Office of Undergraduate Admissions at https://www.admissions.txstate.edu/ to learn about undergraduate level admission.

2. Students wanting to enter the music program as a music major (B.A., B.M., B.S.) must submit an online application and audition on their principal instrument or voice the semester before their desired entrance. For audition guidelines and requirements, prospective undergraduate students should visit: https://www.music.txstate.edu/prospectivestudents/BecomingaMusicMajor.html.
3. Students interested in the B.M. Performance, Composition Concentration must submit a portfolio (see https://www.music.txstate.edu/prospectivestudents/BecomingAMusicMajor.html) and interview.

4. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation once all course requirements and successful completion of the School of Music’s Upper Level Competency Review have been met in order to officially complete the Bachelor of Music major in Music Studies degree program.

5. Admission to the School of Music is contingent upon admission to Texas State, successful completion of the audition process, and available space in each studio. Moreover, a successful audition does not automatically ensure acceptance to the School of Music. Transfer students’ transcripts will be evaluated by an academic advisor prior to an acceptance decision to ensure that acceptance and successful degree plan completion are possible here at Texas State. Prospective music students will not be permitted to enroll in applied music and other music major classes until they have been accepted based on their audition and met with an academic advisor. Auditions are held periodically throughout the year for enrollment the following academic year. Those prospective music students unable to audition in person due to geographic distance from campus may submit an audio or video recording representative of their performing abilities that meet the audition guidelines for their instrument or voice. The deadline to submit a recorded audition is March 1 (for Fall admission) or November 1 (for Spring admission). Audition requirements are available on the School of Music website.

### General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. Piano Proficiency

3. Theory Proficiency

4. Upper Level Competency Review (ULCR)

5. For transfer students, 31 semester credit hours in Music (or equivalents) may be transferred from a Texas public institution of higher education for the Music Field of Study and be applied to the Bachelor of Music degree with a major in Performance at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. Transfer students may not reach the 36 advanced hours required in the degree without taking additional coursework. See your academic advisor for details. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list.

**Minimum required: 120 semester credit hours**

**Admission Requirements**

1. All students in the School of Music require admission to the university and admission to the program. For audition guidelines and requirements, prospective undergraduate students should visit: [http://www.music.txstate.edu/prospectivestudents/BecomingaMusicMajor.html](http://www.music.txstate.edu/prospectivestudents/BecomingaMusicMajor.html)

2. Students wanting to enter the music program as a music major (B.A., B.M., B.S. degrees) must submit an online application and audition on their principal instrument or voice the semester before their desired entrance.

3. Admission to the School of Music is contingent upon admission to Texas State, successful completion of the audition process, and available space in each studio. Moreover, a successful audition does not automatically ensure acceptance to the School of Music. Transfer students’ transcripts will be evaluated by an academic advisor prior to an acceptance decision to ensure that acceptance and successful degree plan completion are possible here at Texas State. Prospective music students will not be permitted to enroll in applied music and...
other music major classes until they have been accepted based
on their audition and met with an academic advisor. Auditions are
held periodically throughout the year for enrollment the following
academic year. Those prospective music students unable to audition
in person due to geographic distance from campus may submit an
audio or video recording representative of their performing abilities
that meet the audition guidelines for their instrument or voice. The
deadline to submit a recorded audition is March 1 (for Fall admission)
or November 1 (for Spring admission). Audition requirements are
available on the School of Music website.

General Requirements

1. The general education core curriculum courses are listed in the
degree plan below along with the statewide component code number.
See the General Education Core Curriculum (p. 55) section of this
catalog for the Texas State requirements and options in the core
curriculum, including Honors courses.

2. Piano Proficiency (Level IV)

3. Theory Proficiency

4. Upper Level Competency Review (ULCR)

5. All music majors must participate in the appropriate major ensemble
for their instrument each semester until all major ensemble
requirements for the degree have been completed. No more than
one major and one secondary ensemble will be counted toward
the student’s degree plan per semester. While not required in the
degree plan, continued participation in major ensembles after degree
requirements are completed is encouraged.

6. For transfer students, 31 semester credit hours in Music (or
equivalents) may be transferred from a Texas public institution
of higher education for the Music Field of Study and be applied
to the Bachelor of Music degree with a major in Performance at
Texas State University. More information about the Field of Study
(http://mycatalog.txstate.edu/undergraduate/general-information/
academic-policies/texas-legislative-requirements/) is available in the
Academic Policies section of this catalog. Transfer students may not
reach the 36 advanced hours required in the degree without taking
additional coursework. See your academic advisor for details. The
transferable Texas Common Course Number (TCCN) is listed below
the Texas State University course number in the following course list.

Bachelor of Music (B.M.) Major in Performance (Jazz Concentration)

**Admission Requirements**

1. All students in the School of Music require admission to the university and admission to the program. For audition guidelines and requirements, prospective undergraduate students should visit: [http://www.music.txstate.edu/prospectivestudents/BecomingaMusicMajor.html](http://www.music.txstate.edu/prospectivestudents/BecomingaMusicMajor.html)

2. Students wanting to enter the music program as a music major (B.A., B.M., B.S. degrees) must submit an online application and audition on their principal instrument or voice the semester before their desired entrance.

3. Admission to the School of Music is contingent upon admission to Texas State, successful completion of the audition process, and available space in each studio. Moreover, a successful audition does not automatically ensure acceptance to the School of Music. Transfer students' transcripts will be evaluated by an academic advisor prior to an acceptance decision to ensure that acceptance and successful degree plan completion are possible here at Texas State. Prospective music students will not be permitted to enroll in applied music and other music major classes until they have been accepted based on their audition and met with an academic advisor. Auditions are held periodically throughout the year for enrollment the following academic year. Those prospective music students unable to audition in person due to geographic distance from campus may submit an audio or video recording representative of their performing abilities that meet the audition guidelines for their instrument or voice. The deadline to submit a recorded audition is March 1 (for Fall admission) or November 1 (for Spring admission). Audition requirements are available on the School of Music website.

### General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. Piano Proficiency (Level II)

3. Theory Proficiency

4. Upper Level Competency Review (ULCR)

5. All music majors must participate in the appropriate major ensemble for their instrument each semester until all major ensemble requirements for the degree have been completed. No more than one major and one secondary ensemble will be counted toward the student’s degree plan per semester. While not required in the degree plan, continued participation in major ensembles after degree requirements are completed is encouraged.

6. For transfer students, 31 semester credit hours in Music (or equivalents) may be transferred from a Texas public institution of higher education for the Music Field of Study and be applied to the Bachelor of Arts degree with a major in Music at Texas State University. More information about the Field of Study ([http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/](http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/)) is available in the Academic Policies section of this catalog. Transfer students may not reach the 36 advanced hours required in the degree without taking additional coursework. See your academic advisor for details. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list.

PHIL 1305 or 1320 (Language, Philosophy, and Culture Component Code 040 [TCCN PHIL 1301 or 2306]) 3

Total Hours: 120

**Minimum required: 120 semester credit hours**

**Admission Requirements**

1. All students in the School of Music require admission to the university and admission to the program. For audition guidelines and requirements, prospective undergraduate students should visit: http://www.music.txstate.edu/prospectivestudents/BecomingAMusicMajor.html

2. Students wanting to enter the music program as a music major (B.A., B.M., B.S. degrees) must submit an online application and audition on their principal instrument or voice the semester before their desired entrance.

3. Admission to the School of Music is contingent upon admission to Texas State, successful completion of the audition process, and available space in each studio. Moreover, a successful audition does not automatically ensure acceptance to the School of Music. Transfer students’ transcripts will be evaluated by an academic advisor prior to an acceptance decision to ensure that acceptance and successful degree plan completion are possible here at Texas State. Prospective music students will not be permitted to enroll in applied music and other music major classes until they have been accepted based on their audition and met with an academic advisor. Auditions are held periodically throughout the year for enrollment the following academic year. Those prospective music students unable to audition in person due to geographic distance from campus may submit an audio or video recording representative of their performing abilities that meet the audition guidelines for their instrument or voice. The deadline to submit a recorded audition is March 1 (for Fall admission) or November 1 (for Spring admission). Audition requirements are available on the School of Music website.

**General Requirements**

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. Piano Proficiency

3. Theory Proficiency

4. Upper Level Competency Review (ULCR)

5. All music majors must participate in the appropriate major ensemble for their instrument each semester until all major ensemble requirements for the degree have been completed. No more than one major and one secondary ensemble will be counted toward the student’s degree plan per semester. While not required in the degree plan, continued participation in major ensembles after degree requirements are completed is encouraged.

6. For transfer students, 31 semester credit hours in Music (or equivalents) may be transferred from a Texas public institution of higher education for the Music Field of Study and be applied to the Bachelor of Music degree with a major in Performance at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. Transfer students may not reach the 36 advanced hours required in the degree without taking additional coursework. See your academic advisor for details. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list.

Social and Behavioral Sciences Component Code 080

Total Hours: 120

Minimum required: 120 semester credit hours

Admission Requirements

1. All students in the School of Music require admission to the university and admission to the program. For audition guidelines and requirements, prospective undergraduate students should visit: http://www.music.txstate.edu/prospectivestudents/BecomingaMusicMajor.html

2. Students wanting to enter the music program as a music major (B.A., B.M., B.S. degrees) must submit an online application and audition on their principal instrument or voice the semester before their desired entrance.

3. Admission to the School of Music is contingent upon admission to Texas State, successful completion of the audition process, and available space in each studio. Moreover, a successful audition does not automatically ensure acceptance to the School of Music. Transfer students' transcripts will be evaluated by an academic advisor prior to an acceptance decision to ensure that acceptance and successful degree plan completion are possible here at Texas State. Prospective music students will not be permitted to enroll in applied music and other music major classes until they have been accepted based on their audition and met with an academic advisor. Auditions are held periodically throughout the year for enrollment the following academic year. Those prospective music students unable to audition in person due to geographic distance from campus may submit an audio or video recording representative of their performing abilities that meet the audition guidelines for their instrument or voice. The deadline to submit a recorded audition is March 1 (for Fall admission) or November 1 (for Spring admission). Audition requirements are available on the School of Music website.

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. Piano Proficiency

3. Theory Proficiency

4. Upper Level Competency Review (ULCR)

5. All B.A. and B.M. music majors must participate in the appropriate major ensemble as determined by placement through auditions for their instrument each semester until all major ensemble requirements for the degree have been completed. No more than one major and one secondary ensemble will be counted toward the student's degree plan per semester. While not required in the degree plan, continued participation in major ensembles after degree requirements are completed is encouraged.

6. For transfer students, 31 semester credit hours in Music (or equivalents) may be transferred from a Texas public institution of higher education for the Music Field of Study and be applied to the Bachelor of Music degree with a major in Performance at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list.

Total Hours: 124

Minimum required: 120 semester credit hours

Admission Requirements

1. All students in the School of Music require admission to the university and admission to the program. For audition guidelines and requirements, prospective undergraduate students should visit: http://www.music.txstate.edu/prospectivestudents/BecomingaMusicMajor.html
2. Students interested in the Sound Recording Technology major must complete an additional application, submit materials for pre-screening (see www.txstate.edu/music/srt (http://www.txstate.edu/music/srt/) for details), and interview.
3. Students wanting to enter the music program as a music major (B.A., B.M., B.S. degrees) must submit an online application and audition on their principal instrument or voice the semester before their desired entrance.
4. Students interested in the Sound Recording Technology major must complete an additional application, submit materials for pre-screening (see www.txstate.edu/music/srt (http://www.txstate.edu/music/srt/) for details), and interview.
5. Admission to the School of Music is contingent upon admission to Texas State, successful completion of the audition process, and available space in each studio. Moreover, a successful audition does not automatically ensure acceptance to the School of Music. Transfer students' transcripts will be evaluated by an academic advisor prior to an acceptance decision to ensure that acceptance and successful degree plan completion are possible here at Texas State. Prospective music students will not be permitted to enroll in applied music and other music major classes until they have been accepted based on their audition and met with an academic advisor. Auditions are held periodically throughout the year for enrollment the following
academic year. Those prospective music students unable to audition in person due to geographic distance from campus may submit an audio or video recording representative of their performing abilities that meet the audition guidelines for their instrument or voice. The deadline to submit a recorded audition is March 1 (for Fall admission) or November 1 (for Spring admission). Audition requirements are available on the School of Music website.

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. Upper Level Competency Review (ULCR)

3. Senior Portfolio Review

4. For transfer students, 31 semester credit hours in Music (or equivalents) may be transferred from a Texas public institution of higher education for the Music Field of Study and be applied to the Bachelor of Science degree with a major in Sound Recording Technology at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements/) is available in the Academic Policies section of this catalog. Transfer students may not reach the 36 advanced hours required in the degree without taking additional coursework. See your academic advisor for details. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list.

**Total Hours** 20

The language requirement for the Opera Minor is separate from, and in addition to, the requirement found in the Music Performance - Voice Concentration degree program.

The Department of Theatre and Dance is committed to equity and representation that reflects the student population, builds community, teaches compassion, and condemns intolerance. We are committed to advancing social justice by providing equal opportunity for all students without biases toward race, ethnicity, gender, age, disability, sexual orientation, gender identity, religion, economic status, or political beliefs. As artists, educators and scholars, we strive to achieve a creative collaboration in our classrooms, rehearsal, and performance spaces with a focus and dedication to equitable representation while actively embracing traditionally under-represented groups and their contributions to the canon.

We embrace the potential for theatre and dance to create community and change world views. We seek:

- to cultivate a stimulating, diverse and creative environment in which students deepen their aesthetic experience, while strengthening a broad range of theatre and dance skills,
- to preserve the traditions of dramatic literature, while encouraging experimentation in new theatrical forms, ideas and insights,
- to make a significant cultural impact on the campus and throughout the region served by the university,
- to deliver a curriculum that emphasizes the role of theatre and dance as a catalyst for artistic expression and a means for developing a global perspective,

The Department of Theatre and Dance provides classroom instruction and hands-on participation in the performance and production aspects of theatre, dance, and film. Recent productions include: *Opening Door Dance Theatre, Merge Dance Company, Into the Woods, The Curious Incident of the Dog in the Nighttime*, *Mala Hierba, Life Sucks, Spring Awakening, The Tempest, Gloria, El Nogalar, Father Comes Home From the Wars*, *Pippin, Macbeth*.

Our programs prepare professional actors, designers, writers, film markers, producers, directors, technicians, performers, choreographers, as well as, teachers for the public schools. Students work closely with professional artist-educators who have earned national and international recognition. Our faculty have performed on Broadway, starred in television shows, danced in professional companies, worked at Tony-Award winning regional theatres, produced award winning films, choreographed for dance productions and musicals, had designs displayed internationally, presented films at Cannes Film Festival and SXSW, published books and articles, and had their plays produced in.
New York and abroad. We are large enough to provide access to a full complement of highly qualified specialists, while still small enough to offer personal attention to our students. Specializations include acting, technical production, performance and production, performance and choreography, musical theatre, film production, and teacher certification. Our graduates work as teachers, dancers, actors, choreographers, designers, writers, producers, directors, film makers, and technicians throughout the industry.

Facilities
Classes take place in the university’s distinctive Theatre Center, Jowers Center, Performing Arts Center, and a new Live Oak Film and TV Studios. Combined with the performance space in Evans Auditorium, these spaces contain five theatres, and a film sound stage that provide students the opportunity to experience a variety of production styles. They house completely equipped scenic, prop, paint, and costume shops, sound recording/foley studio, editing labs, rehearsal rooms, a computer drafting lab, classrooms, and resources for both research and teaching.

Financial Assistance
Students may qualify for scholarships and waivers for out-of-state tuition. Contact the department for more information.

Admissions Requirements
1. Admission to the B.F.A. major in Theatre with an emphasis in Acting is highly competitive and based on an audition/interview with members of the B.F.A. Acting Program faculty. Prospective students audition during their senior year of high school. This is a four-year sequential curriculum and transfer students are not accepted unless specially invited by the B.F.A. Acting faculty. Students in the program are always on probation; their work and progress are formally evaluated by faculty annually. Students must maintain a minimum GPA of 2.5.

2. Admission to the B.F.A. major in Theatre with an emphasis in Technical Production is based on successful completion (with a grade of C or better) in TH 1350 Introduction to Theatrical Design and in TH 2330 Stagecraft and Stage Lighting. Upon successful completion of these two courses, the student will be allowed to enroll in TH 3390 BFA Pre-Professional Apprenticeship I and, in some cases, may be concurrently enrolled in TH 2330 and TH 3390. Students in the program will be evaluated after each semester by Technical Production faculty and staff to assess progress and determine continuation in the program. Students must maintain a minimum GPA of 2.5.

3. Admission to the B.F.A. major in Musical Theatre is highly competitive and based on an audition/interview with members of the B.F.A. Musical Theatre Program faculty. Prospective students generally audition during their senior year of high school. Interested transfer students must contact the Head of Musical Theatre to see if there are any available slots in their class level; typically, students transferring into the program require four years at Texas State to complete their degree. Students in the program are always on probation, with their work and progress continually evaluated. Students must maintain a minimum GPA of 2.8.

4. Admission to the B.F.A. major in Dance is based on an audition in either the fall or spring semester prior to the year of admittance. Students in the program are always on probation, with their work and progress continually evaluated. There is a formal review at the end of the sophomore year that determines whether each student may advance to the upper-level training. Transfer students will be reviewed at the end of their first long semester. Students will be expected to maintain appropriate artistic and academic standards at the discretion of the Dance faculty.

5. Teacher certification majors in theatre and dance must maintain a GPA of 2.75. Students who fail to do so will be advised into another program. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 244).

Bachelor of Arts (B.A.)
- Major in Dance (p. 398)
- Major in Theatre (p. 399)

Subjects included in this department: DAN (p. 376), TH (p. 382)

Courses in Dance (DAN)
DAN 1113. Conditioning for Dancers.
Students in this course study introductory body conditioning exercises and routines. Course content includes an introduction to and practical application of body conditioning methods, based on Laban Movement Analysis, Pilates, Aerobics, and Yoga techniques. Emphasis is placed on anatomical terminology and safe exercise.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
DAN 1212. Careers in Dance.
This course familiarizes incoming students with careers in dance in numerous social, cultural, and professional contexts. The course introduce students to the artistic, philosophical, and cognitive implications of Dance, while examining a variety of dance-related careers.
2 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter
TCCN: DANC 2303

DAN 1260. Jazz I.
This course focuses on a beginning level of Jazz dance technique. Course content includes application of terminology specific to a beginning/intermediate Jazz technique, performance of movement phrasework, and exploration and application of elements of dynamic performance.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 1280. Ballet I.
This course focuses on an introductory level of Ballet technique. Course content includes introduction to terminology specific to beginning level Ballet technique, body conditioning, performance and choreographic approaches, and critical analysis skills.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 1290. Modern/Contemporary I.
This course introduces beginning level modern and contemporary dance techniques. Course content includes introduction to and application of modern and contemporary terminology and somatic approaches to movement through Bartenieff Fundamentals. It focuses on body alignment, technical development and proper execution of exercises and combinations, including center combinations, progressions and repertory.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 2115. Pilates I.
In this course students will be introduced to the Pilates method of body conditioning and an exploration of its six basic principles of Concentration, Control, Center, Fluidity, Precision and Breath. The focus is on the matwork as a study of sound movement principles and body alignment with an application of principles and exercises of the method to dance and sport specific activities. Study of the method emphasizes and encourages the importance of the mind-body connection as it relates Pilates principles to dance training.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: DANC 1201

DAN 2116. Yoga for Dancers I.
In this course students will examine Hatha Yoga for dancers with exploration of the asanas (postures), pranayama (breathing techniques), and meditation with an emphasis on mindfulness and relaxation. Students focus on the physical practice and proper alignment, balanced with a somatic understanding of yoga principles and philosophy.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 2201. Dance Composition I.
This course utilizes improvisation as a creative dance technique in designing new movements for choreography. Using current trends in improvisational materials, this course places emphasis on designing original movement, while facilitating students in maintaining aesthetic forms and developing artistic discrimination. Prerequisite: DAN 1290 or DAN 2291 or DAN 3293 any with a grade of "D" or better.
2 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter
TCCN: DANC 1201

DAN 2202. Dance Composition II.
This course explores the basic principles of dance composition as it pertains to solo choreography, and the use of space, dynamics, and rhythm to build artistic compositions. Exploration of crafting materials in authentic expression will be facilitated. Prerequisite: DAN 2201 with a grade of "D" or better.
2 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter
TCCN: DANC 1301

DAN 2210. Contact Improvisation.
In this course students will cover improvisational movement techniques that explore weight-sharing, non-verbal communication, sensory awareness, risk-taking, and physical and emotional trust. Students will gain the physical and perceptual skills to enhance performance in all areas of creative expression. Principles will be applied through movement training, discussion, and performance.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: DANC 1201

DAN 2261. Jazz II.
This course focuses on a beginning/intermediate level of Jazz dance technique. Course content includes application of terminology specific to a beginning/intermediate Jazz technique, performance of movement phrasework, and exploration and application of elements of dynamic performance.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
DAN 2270. Hip Hop I.
In this course students will explore the history, core elements, and development of hip-hop dance culture through movement participation, video assignments, and readings.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 2281. Ballet II.
This course focuses on a beginning/intermediate level of Ballet technique. Course content includes application of terminology specific to a beginning/intermediate Ballet technique, performance of movement phrasework, and exploration and application of elements of dynamic performance.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 2291. Modern/Contemporary II.
This course is a study of modern and contemporary dance techniques at a beginning/intermediate level. Course content focuses on body alignment, technical development, and proper execution of exercises and combinations, including methodologies from Laban Movement Analysis (LMA) and Bartenieff Fundamentals exposing students to self and communal awareness.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 2313. Introduction to Fine Arts.
An introductory course designed to give the student a fundamental understanding of the creation and appreciation of diverse modes of expression through the visual and performing arts. This course may not be repeated for credit by taking ART 2313 or MU 2313 or TH 2313. (MULP) (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Creative Arts Core 050|Multicultural Perspective|Multicultural Content
Grade Mode: Standard Letter
TCCN: HUMA 1315

DAN 2365. Creative Movement for Children.
This course uses rhythmical movement exploration and creative movement as both an art form and as a teaching tool. Through class activities, students develop effective facilitator skills and incorporate innovative strategies for teaching traditional material in non-traditional ways. (MULT) Prerequisites: DAN 2201 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Lab Required|Multicultural Content
Grade Mode: Standard Letter

DAN 2367. Dance Performance Workshop.
This course is designed to give the dance student experience in learning and performing varied styles of dance choreography. Established dance works and experimental works will be included in order to develop a professional-level ability to learn, remember and perform a wide repertory of choreography. Prerequisite: Instructor approval.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 2368. World Dance and Cultures.
World Dance and Cultures exposes students to the varied and rich traditions of dance in a wide range of historical and cultural contexts. Through lectures, group discussions, video analysis, live performance, movement exploration, and writing projects, students develop a broad appreciation of dance that encompasses a variety of dance practices. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter
TCCN: DAN 1305

DAN 3111. Dance Activities.
This course is designed to provide credit for participation in dance activities. It typically involves working on a departmental production. May be repeated with different emphasis. Prerequisite: Instructor Approval.
1 Credit Hour. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 3115. Pilates II.
In this course students will study the Pilates method of body conditioning and an exploration of its six basic principles of Concentration, Control, Center, Fluidity, Precision and Breath designed by Joseph H. Pilates. Course content includes a variety of Pilates apparatuses such as the Cadillac, the Reformer, the Chair and the Ladder Barrel and incorporates the use of props such as towels, balls, pillows, rollers, discs and therabands. Prerequisite: Instructor approval.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 3116. Yoga for Dancers II.
In this course students will explore the material presented in DAN 2116, with the introduction of intermediate level understanding of asanas (postures), pranayama (breathing techniques) and meditation practices of Hatha Yoga. Students practice Hatha Yoga beyond the general scope, providing more in-depth anatomical, physiological, and somatic awareness for dance practices. Prerequisite: Instructor approval.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
DAN 3171. Musical Theatre Dance I.
This course involves the study of dance as it applies to musical theatre performance. It covers some of the styles that make up musical theatre including character dancing, the Charleston, and various ballroom dances. Prerequisite: DAN 2181 with a grade of "D" or better.
1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 3262. Jazz III.
This course focuses on an intermediate/advanced level of Jazz dance technique. Course content includes application of terminology specific to an intermediate/advanced Jazz technique, performance of movement phrasework, and exploration and application of elements of dynamic performance. While exploration of movement is central to Jazz III, this course also focuses on body conditioning, investigation of performance and choreography, and development of critical analysis skills.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 3271. Hip Hop II.
In this course students will examine the Hip Hop dance techniques including complex weight shifts, quick direction changes, coordination of body parts, and rhythmical accuracy. Exercises and floor combinations are designed to challenge and improve motor skills, and to enhance the knowledge and practice of the correct mechanics of the form. Continued study of prominent hip hop choreographers and stylistic movements is emphasized. Prerequisite: Instructor approval.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 3282. Ballet III.
This course focuses on an intermediate/advanced study of ballet technique. Course content includes application of terminology specific to intermediate/advanced, performance of technical phrasework, and exploration and application of elements of dynamic performance.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 3292. Advanced Modern Dance.
Advanced modern dance skills are introduced and practiced for mastery. Students learn and perform increasingly complex combinations with skill and artistry, demonstrating a mastery of advanced dance principles and performance. Prerequisite: Instructor approval.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 3293. Modern/Contemporary III.
This course is a study of modern and contemporary dance techniques at an intermediate/advanced level. It focuses on technical development, performance quality, complex movement sequences and center combinations, progressions and repertory incorporating methodologies from Laban Movement Analysis and Bartenieff Fundamentals.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 3300. Dance Curriculum Development.
This course builds on a requisite knowledge of basic educational theory and lesson plan structure with an emphasis on developing and implementing a successful dance curriculum. Practical and effective strategies for teaching middle school and high school dance will be examined. Prerequisites: [DAN 1260 or DAN 2261 or DAN 3262 or DAN 4263] and [DAN 1280 or DAN 2281 or DAN 3282 or DAN 4283] and [DAN 1290 or DAN 2291 or DAN 3293 or DAN 4293] all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

DAN 3331. Theory and Practice of Teaching Dance.
This course is an introduction to child/adolescent development as it applies to the teaching of codified dance techniques in a dance studio setting. Students in this course study multiple genres, teaching/learning approaches, ability levels, ownership and directing roles, and methods for creating age appropriate lesson plans in Modern Dance, Ballet, Hip Hop and Jazz. Course content includes readings, videos, observations at local studios, peer activities and assignments. Prerequisite: [DAN 1260 or DAN 2261 or DAN 3262 or DAN 4263] and [DAN 1280 or DAN 2281 or DAN 3282 or DAN 4283] and [DAN 1290 or DAN 2291 or DAN 3293 or DAN 4293] all with grades of "D" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

DAN 3332. Dance Concert Production.
This course is designed to develop skills required to plan and execute dance concerts in standard educational institutions, as well as professional venues. The course will include an introduction to technical theatre and design concepts for performance: lighting, stage management, make-up, costuming, and music selection.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

DAN 3340. Dance Touring Ensemble.
Learning and performing dances from the repertory of current faculty members, artists-in-residence, and from the repertory of historic modern dancers. Dances performed locally and regionally. Enrollment by audition only. May be repeated for credit with different emphasis.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
DAN 3342. Performance Workshop.
In this course students will experience being a member of a professional performance company. Students practice learning and retaining complex choreography, rehearsing and creating movement vocabulary, and cultivating an engaging performance presence. Experimentation, technique, and personal expression focuses the shared, collaborative art work created through the rehearsal process. This work is performed in a concert at the end of the semester. Corequisite: DAN 1260 or DAN 1280 or DAN 1290 or DAN 2261 or DAN 2281 or DAN 2291 or DAN 3262 or DAN 3282 or DAN 3292 or DAN 4263 or DAN 4283 or DAN 4293 any with a grade of “D” or better.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 3345. Video Dance.
The class is geared particularly towards dance makers and principally towards dance majors. The central objective is to enable the participants to create choreographic work for the camera, through the analysis and discussions of a selection of screenings as well as through hands-on work. Collaboration and cooperation is encouraged throughout the process.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 3350. Dance Team Directing.
This course is an introduction to dance team directing in middle and high school programs. Students develop skills in choreography, administrative organization, public relations, marketing, finance and communication. Prerequisite: DAN 3330 with a grade of “C” or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

DAN 3368. World Dance and Culture.
World Dance and Culture exposes students to the varied and rich traditions of dance in a wide range of historical and cultural contexts. Through lectures, group discussions, video analysis, live performance, movement exploration, and writing projects students develop a broad appreciation of dance that encompasses a variety of dance practices and traditions, including religious dance, folk dance, court dance, and social dance. Students develop tools for cross-cultural comparison to better understand the human impulse to dance and the social, political, and cultural conditions that support or repress dance expression.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

DAN 3370. Dance Composition III.
This course offers an opportunity for students to increase knowledge and understanding of dance composition elements as they relate to group forms, theme, development, and phrase manipulation. Prerequisite: DAN 2202 with a grade of “D” or better.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

DAN 3380. Business and Marketing for Dance Artists.
In this course students are introduced to business and marketing concepts geared towards the performing arts. Students will identify and explore how to carefully craft a personal brand and marketing platform that is specifically shaped for the dance community. The basic principles of business practices will form both the foundation of the course as well as the lens through which all classwork is viewed.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

DAN 3390. Dance in the Community.
This course combines community service (creating dance for or with non-profit community organizations that serve at-risk populations) with readings, discussions, and collaboration on societal applications of performing arts. May be repeated once for credit when topics vary.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

This course provides an examination of the history and development of musical theatre dance styles, including an in-depth study of significant works of choreographers before 1970, from Agnes DeMille to Jerome Robbins. Prerequisite: DAN 3172 with a grade of “D” or better.
1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

This course provides an examination of the history and development of musical theatre dance styles, including an in-depth study of significant works of choreographers after 1970, including Bob Fosse, Michael Bennett, Ann Reinking, and Susan Stroman. Prerequisite: DAN 4171 with a grade of “D” or better.
1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
DAN 4263. Jazz IV.
This course focuses on an advanced level of Jazz dance technique. Course content includes advanced technique and performance of movement phrasework, and exploration and application of elements of performance process. While exploration of movement is central to Jazz IV, this course also focuses on critical reflection on jazz choreography, investigation of performance and choreography, and development of conditioning regimen. Prerequisite: Instructor approval.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 4271. Dance Internship.
This course provides hands-on experience and career exploration and development in the dance industry, including but not limited to, arts management, dance studio administration, pre-professional dance company administration and Study Abroad/Study in America administration. This course requires a minimum of 150 hours of off-campus experience, a written agreement with internship coordinator and portfolio of completed work. Dance Internship offers students a professional learning experience that grants meaningful, practical work related to the dance field. Prerequisite: Instructor approval.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 4283. Ballet IV.
This course focuses on an advanced study of ballet technique. Course content includes application of terminology specific to advanced performance of technical phrasework, and exploration and application of elements of dynamic performance. This course also focuses on body conditioning, application of performance process, exposure to complex choreographic structures and development of critical analysis skills.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 4292. Somatic Principles in Dance.
In this course students will analyze and perform somatic principles as applied to dance training. Students develop a high level of conceptual mastery and physical skill for their teaching and performing preparation. Prerequisite: DAN 1290 or DAN 2291 or DAN 3293 or DAN 4293 any with a grade of "D" or better.
2 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 4293. Modern/Contemporary IV.
This course is an advanced level of modern and contemporary dance techniques. It focuses on dynamics, performance process and technical development through repertory including and incorporating methodologies from Laban Movement Analysis, Bartenieff Fundamentals and Body-Mind Centering.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 4300. Dance Kinesiology.
This course is an experiential study of the human body in rest and in motion. Emphasis will be on the skeletal and muscular systems in consideration of applications to dance performance, teaching and creative processes, and injury prevention and rehabilitation.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

DAN 4330B. Choreographic Influences in Dance.
The purpose of this course is to investigate how many single important dancers, particular school or movements in dance, artistic and technological developments and political, sociological and other world events have shaped choreographic trends in dance.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

This course provides dance majors with a working knowledge of the essential vocabulary of music-rhythm, melody, form and harmony, together with an overview of musical styles throughout both time and geography.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

DAN 4350. Dance Independent Study.
Designed to give supervised experience to qualified advanced students in dance. Independent study on research problems or actual production problems may be chosen. May be repeated with different emphasis for additional credit.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 4366. Writing and Reading About Dance.
Surveys dance literature including an opportunity for students to familiarize themselves with resources, current publications, theoretical materials, and professional organizations in dance. (WI)
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter
In this course, students engage in choreography, costuming, and lighting
design for a group dance of substantial length, justifying artistic choices
in an accompanying documented paper. Prerequisite: DAN 2202 with a
grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 4369. Dance in the 20th and 21st Centuries.
Exposure to a wide variety of literature in the area of dance, the arts and
sciences which specifically address the development of dance as an art-
form and cultural phenomena in the 20th and 21st Centuries. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

This upper-level theory course is designed to provide opportunities to
investigate the current moment in contemporary concert dance. Current
trends in choreography will be explored in a variety of genres. Culturally
relevant themes of gender, sexuality, social justice, commercialism,
racism, and beauty will be examined.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

DAN 4371. Dance Internship.
This course provides hands-on experience and career exploration
and development in the dance industry, including but not limited to,
arts management, dance studio administration, pre-professional
dance company administration and Study Abroad/Study in America
administration. Prerequisite: Instructor approval.
4 Credit Hours. 0 Lecture Contact Hours. 4 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Courses in Theatre (TH)

TH 1111. Production Crew.
This course provides students with vital production experience in the
operation of a live theatrical event.
1 Credit Hour. 1 Lecture Contact Hour. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 1121. Musical Theatre Singing Technique I.
This course in vocal instruction focuses on technique, musicality and
performance for the Musical Theatre performer.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 1122. Musical Theatre Singing Technique II.
This course in vocal instruction continues the work done in TH 1121
and focuses on technique, musicality and performance for the Musical
Theatre performer. Prerequisite: TH 1121 with a grade of "D" or better.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 1210. Introduction to Musical Theatre.
This course introduces students to musical theatre through song, score,
libretto, character analysis and performance. Students look at both
classic and contemporary musical theatre style, structure and content
with an emphasis on performance and acting the song. Students will also
gain an introductory knowledge of the musical theatre canon.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TH 1211. Score and Libretto Analysis - Acting the Song.
In this course students will work on musical theatre performance through song, score, libretto, character analysis and performance. Students take a comprehensive look at both classic and contemporary musical theatre style, structure and content. Additional focus will be placed on knowledge of the musical theatre canon and its leading professionals. Prerequisite: TH 1210 with a grade of "D" or better.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 1260. Musical Theatre Jazz I.
This course focuses on beginning jazz dance technique for Musical Theatre students including jazz walks, weight shifts, isolations, stretches, and combinations. Combinations are designed to challenge and enhance the students' knowledge of the various styles and methodologies of jazz dance and to develop performance and choreographic abilities in these styles.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 1280. Musical Theatre Ballet I.
This course introduces the basic technique and steps of classical ballet to Musical Theatre students. Basic barre exercises, positions and traveling steps of the ballet movement vocabulary will be taught and practiced for mastery. Students will also gain an understanding of ballet as a performing art.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 1212. Musical Theatre Musicianship I.
This course offers detailed instruction in fundamentals of musicianship for the Musical Theatre performer, including notation, meters, scales, key signatures, intervals, chords, and sight singing. Equal emphasis is placed on practical skills and theoretical analysis of the musical theatre canon.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 1312. Musical Theatre Musicianship II.
This course offers continued practice of the essential elements of musicianship for the Musical Theatre performer including higher levels of ear training and sight-singing. Equal emphasis is placed on practical skills and theoretical analysis of the Musical Theatre canon. Prerequisite: TH 1312 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 1320. Filmmakers History of Film.
This course introduces the student filmmaker to the history of film taken from the perspective of the practicing filmmaker. This is a study of how technological change, socio-economic forces and art trends inside and outside the medium itself affected the technique, craft and style of filmmakers from each period.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

This course prepares students entering the BFA Performance & Production Program with the skills and knowledge necessary to create a personal career plan. Students experiment with different creativity-generating processes and are introduced to a variety of theatre-making roles and paths that reflect current practices of the industry. Students investigate the ingredients of successful collaboration and build project teams united in a common artistic goal. With the knowledge gained from these experiences, students curate a personal degree plan optimized to provide them with a skillset tailored to their individual strengths and interests.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

TH 1340. Voice and Diction.
The human voice and the sounds of speech. The student's own voice and pronunciation will be the primary concern, using practice sessions to develop more acceptable patterns of voice and sound.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 1345. Voice I: Vocal Production.
In this course students will explore basic principles of vocal production and its anatomy, including vocal variety and instinctual choice. It emphasizes proper vocal support, range, flexibility and health.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 1350. Introduction to Theatrical Design.
Course introduces the freshman theatre major to the four primary areas of theatrical design: costume design, scenic design, sound design, and lighting design. Each area's practice is explored and analyzed through a series of exercises that incorporate design projects.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 1353. Film Production Practices.
This course provides an introduction to the art and practice of filmmaking. Students analyze the components of a film and examines the tools of filmmaking, including the camera, script, sound equipment, and editing software.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter
TH 1354. Movement I.
Creative movement for the theatre. Designed to stimulate the actor’s body to increase flexibility and the kinetic response to environmental stimulus through exercise and research into the physical process.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: DRAM 1322

TH 1355. Movement II.
A continuation of Movement I and the exploration of kinesthetic response for the actor, using movement techniques in class performances and further research into the techniques of Alexander, Feldenkrais, and Laban. Prerequisite: TH 1354 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 1356. Movement III.
Theatre-specific exercises designed to manipulate the body to meet specific demands of the given situations. Prerequisite: TH 1355 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 1364. Beginning Acting.
Beginning Acting. (2-1) Classroom exercises designed to explore and discover the actor’s inner resources, and to develop the personal awareness of the student’s imaginative potential. May be taken by non-majors independently.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter
TCCN: DRAM 1351

Intermediate Acting. (2-1) Classroom exercises designed to continue the exploration of the actor’s inner resources; additional work on discovering techniques of developing a character. May be taken by non-majors independently. Prerequisite: TH 1364 with a grade of "D" or better.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter
TCCN: DRAM 1352

TH 1366. Advanced Acting.
Advanced Acting. (3-1) In-depth exploration of various acting methods and techniques. Prerequisite: TH 1365 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: DRAM 1353

TH 1367. Introduction to Dramatic Writing.
In this course students will examine the essential elements of dramatic structure in literature written for theatre, film, and episodic programming. Students explore fundamental script elements during a semester of assigned writing, readings, script analysis, and critiques. Through this application, students develop their ability to write in all performance mediums. Completing this course increases the ability to identify each medium’s appropriate format, act structure, craft, and style. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

TH 2111. Theatre Activities.
A course designed to provide credit for participation in theatre activities. May be repeated to a total of four credits.
1 Credit Hour. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: DRAM 1120

TH 2210. Musical Theatre Devising.
In this course students will develop their unique artistic voice applied to performance, and scene study skills by creating an original performance piece with a focus on personal, social, and justice-oriented themes. Students will collaborate as a creative ensemble in devising, producing, marketing, and performing in the project. Prerequisite: TH 1210 and TH 1211 both with grades of "D" or better.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

In this course students will learn to utilize their deepening knowledge of harmony, form, orchestration, and motivic cohesion as a critical tool for expanding insight into characterization, emotional context, and storytelling. This course is a continuation of Music Theater Musicianship II and Intermediate Acting and functions as a bridge between singing and acting. Prerequisite: TH 1210 and TH 1211 both with grades of "D" or better.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 2261. Musical Theatre Jazz II.
This course focuses on intermediate jazz dance technique for Musical Theatre students including complex weight shifts, syncopations, coordination and isolation techniques. Exercise and floor combinations are designed to challenge and improve previously obtained motor skills and to enhance knowledge of correct mechanics of dance as a performing art.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 2281. Musical Theatre Ballet II.
This course introduces intermediate technique and steps of classical ballet to Musical Theatre students. Intermediate barre exercises, positions and traveling steps of the ballet movement vocabulary will be taught and practiced for mastery. Students will also gain an understanding of ballet as a performing art.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 2313. Introduction to Fine Arts.
An introductory course designed to give the student a fundamental understanding of the creation and appreciation of diverse modes of expression through the visual and performing arts. This course may not be repeated for credit by taking ART 2313, DAN 2313, or MU 2313. (MULT) (MULP)
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Creative Arts Core 050[Multicultural Perspective] Multicultural Content
Grade Mode: Standard Letter
TCCN: HUMA 1315
TH 2315. Film Directors Analysis.
This course takes a filmmaker-centered approach to the study of individual directors and explores how they utilized technique, craft and style to achieve effects in the telling of their film stories. Students trace the career of a chosen filmmaker from their earliest films to their latest. Prerequisite: TH 1353 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

TH 2330. Stagecraft and Stage Lighting.
This class teaches the facilities, tools, materials and techniques used to build scenery safely and effectively in the modern theatre. It also covers the facilities, tools, and techniques used to safely and effectively read a light plot, hang and focus stage lighting instruments. It includes a hands-on lab.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

TH 2345. Voice II: Experiencing Speech.
In this class students will focus on the understanding of and the ability to use speech articulators in order to allow full, healthy production of all the sounds made in human language. While breaking chronic speech patterns, it aims for full speech flexibility and ability to healthfully create any sound the character requires. Prerequisite: TH 1345 with a grade of "B" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 2354. Characterization.
This is a studio acting course in which the student explores and develops techniques of creating a role. Prerequisite: TH 1340 and TH 1365 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: DRAM 2351

TH 2355. Introduction to Playwriting.
This course focuses on reading and analyzing contemporary plays, as well as short-form writing exercises, leading to the creation of original scenes. Students will read and deconstruct four contemporary plays as well as engage in various short-form writing exercises culminating in an original scene as their final creative project.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3111. Theatre Activities.
This course is designed to provide credit for participation in theatre activities. It typically involves working on a departmental production. May be repeated for credit with different emphasis.
1 Credit Hour. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3112. Musical Theatre Singing Technique Private Instruction.
This course is for advanced, private study in musical theater singing technique. Via private instruction, students will study multiple areas of musical theatre singing technique including singing for the microphone, belting, placement, and diverse musical theater styles (pop, rock, Golden Age, contemporary musical theater, etc). Prerequisite: TH 1122 with a grade of "D" or better.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3120. Pop Rock Repertoire Building.
This class develops repertoire and vocal styles in 12 pop/rock genres of music, preparing students for the current demands of the musical theatre industry, including building repertoire for their professional audition books. Prerequisite: TH 1211 with a grade of "D" or better.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3121. Musical Theatre Tap I.
This course covers the basic steps of tap technique and how they apply to musical theatre. Students learn coordination, rhythmic variations, and performance skills through a series of tap combinations and exercises. They also explore the concepts of dancing as an ensemble.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3150. Musical Theatre Singing Technique Private Instruction.
This course is for advanced, private study in musical theater singing technique. Via private instruction, students will study multiple areas of musical theatre singing technique including singing for the microphone, belting, placement, and diverse musical theater styles (pop, rock, Golden Age, contemporary musical theater, etc). Prerequisite: TH 1122 with a grade of "D" or better.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3251. Musical Theatre Tap I.
This course covers the basic steps of tap technique and how they apply to musical theatre. Students learn coordination, rhythmic variations, and performance skills through a series of tap combinations and exercises. They also explore the concepts of dancing as an ensemble.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3252. Musical Theatre Tap II.
This course expands on skills covered in Musical Theater Tap I. Basic steps are perfected and more difficult steps and combinations are learned. Longer sequences set to Musical Theatre and contemporary music are mastered, and attention is given to ensemble work, rhythmic variations, and performance skills.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3253. Musical Theatre Tap III.
This course focuses on advanced jazz dance technique for Musical Theatre students including complex coordination and combinations requiring increased levels of technique, strength and flexibility. Emphasis is on developing ability to quickly master challenging choreography while continuing to develop new skills. There is a continuing emphasis on biomechanics and choreography. Prerequisite: TH 2261 with a grade of "D" or better.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TH 3271. Musical Theatre Dance I.
This course involves the study of dance as it pertains to Musical Theatre performance. Along with technique fundamentals, students hone the skills necessary for effective character development, storytelling, and auditioning. The course also covers some styles that make up Musical Theatre including Traditional Broadway, Charleston, Hip-Hop, and various Ballroom dances. Prerequisite: TH 2281 and TH 2261 both with grades of "D" or better.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3272. Musical Theatre Dance II.
This course involves the study of dance, movement, and staging for Musical Theatre and culminates in student-choreographed works from Musical Theatre productions. It includes strategies for learning and performing dance combinations as they occur in professional dance auditions. It also explores styles such as Fosse, Contemporary, and Commercial Dance. Prerequisite: TH 3271 with a grade of "D" or better.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3282. Musical Theatre Ballet III.
This course introduces advanced technique and steps of classical ballet to Musical Theatre students. Advanced barre exercises, positions and traveling steps of the ballet movement vocabulary will be taught and practiced for mastery. Students will also gain an understanding of ballet as a performing art. Prerequisite: TH 2281 with a grade of "D" or better.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3305. Theatre in the Community.
This course combines community service (creating theatre for or with non-profit community organizations that serve at-risk populations) with readings, discussions, and collaboration on societal applications of performing arts.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

In this course students will continue to develop the fundamentals of voice and speech for the stage while exploring language and text. Prerequisite: TH 2345 with a grade of "B" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3320. History of the Theatre I.
A study of the theatre and its place in the social and cultural evolution from primitive civilization to 1700. Selected examples of theatre literature are studied. (WI) (MULT & MULP).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Perspective|Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

TH 3321. History of the Theatre II.
A study of the theatre and its place in the social and cultural evolution from 1700 to the present. Selected examples of theatre literature are studied. (WI) (MULT) (MULP).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Perspective|Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

Course examines the history of musical theatre, from its antecedents through its Golden Age to present-day issues. In the process students will study musical theatre's elements and structure, as well as its creators, including major librettists, composers, lyricists, designers, directors, choreographers, and performers.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3325. Film Directors Workshop.
This course addresses strategies used by the student filmmaker in approaching the directing of performance for film and television. The focus is on the director-actor relationship, script analysis, rehearsal strategies, beat-by-beat text breakdowns, staging exercises, and techniques for communicating and working with actors. Prerequisite: TH 1353 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3330. Advanced Stagecraft.
This course covers the facilities, tools, materials, equipment and techniques used to safely produce, from a technical standpoint, live theatrical performances. The course includes woodworking, metal working, stage rigging, stage lighting, audio and, in general, good stage hand practices. Prerequisite: TH 2330 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3331. Theatrical Drafting: By Hand.
This course is a study of manual drafting techniques for theatrical designers and technicians. Prerequisite: TH 2330 with a grade of "D" or better or instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TH 3332. Introduction to Stage Properties.
This course introduces students to the categories of theatrical properties, as well as the practices and processes of the theatrical Prop Master as they pertain to the execution of a collaborative production.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3333. Creating Comedy: Crafting Stand-Up, Sketch, and Improv.
This course breaks down the craft of writing comedy in various mediums and provides an understanding of the basic history of American comedy from the eras of Vaudeville to digital. In addition to studying the history of comedy, students will also develop their own jokes, stand-up material, sketches and podcasts.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3335. Properties Construction.
This course focuses on specific construction techniques and materials utilized by professional prop artisans for the construction of theatrical properties. Students are introduced to the practices of the theatrical Prop Master as they pertain to the execution and planning of prop construction projects.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3337. Sound Technology.
This course examines audio technology, the components of sound systems, and their application for live entertainment, including theatre and dance productions. This technical knowledge is the basis of the sound designer’s skill set. Prerequisites: TH 1350 and TH 2330 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3338. Stage Lighting.
This course in stage lighting design assumes basic knowledge of lighting technology equivalent to that learned in TH 2330. This class encompasses research, observation, group discussion, and practical "hands-on" projects with emphasis on learning to see light and developing a common language for light and the lighting design process. Prerequisite: TH 2330 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3339. Latinx Theatre and Performance.
This course explores Latinx theatre that addresses the highly contested and geopolitical border that separates the US from Latin America. It focuses on how Latinx theatre creates counternarratives within the country. Students will study the borderlands as a place of Latinidades, the multiple community voices of the region. Throughout the semester they will read dramatic, theoretical, and historical texts and examine the work of various border-crossers in the western hemisphere.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3340. Intro to VFX and Compositing.
This course introduces the techniques, craft and art of visual effects and compositing using Adobe After Effects. Students organize, research and execute projects based on advanced techniques in visual effects and compositing, covering topics such as 2D and 3D animation, matte painting and color correction. Prerequisite: TH 4342 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3341. Film Sound.
In this course student filmmakers will be introduced to the creative use of sound in the film and television industries. All the core aspects of film sound will be covered from production sound, dialogue, ADR, sound effects, sound design, foley, music/score and mixing. Prerequisite: TH 1353 with a grade of "B" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3342. Television/Film Performance.
This course is a practical laboratory course in television and film performance techniques, including procedures and requirements for professional engagements. Prerequisites: TH 1365 and [TH 3361 or TH 3364] both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3343. Stage Makeup.
A practical course in developing techniques used in applying stage makeup. Emphasis is placed on painting, and contouring the face to achieve the desired effect. Special projects include fantasy makeup and mask making.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3344. Costume Stagecraft.
A single semester introduction to garment production for the entertainment industry. Emphasis is placed on hand and machine stitching techniques, as well as an introduction to pattern drafting.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

TH 3346. Historical Costume Research.
Historical Costume Research. (3-2) A study of clothing, accessories, and costumes of selected theatrical periods as an approach to costuming period plays.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter
TH 3350. Technical Production.
This course provides hands-on experience to qualified advanced students in technical theatre utilizing a series of rotating topics. Selected topics may include stage rigging, sound systems, remote device management, technical direction and/or technical writing/drawing. May be repeated for credit with different emphasis. Prerequisite: TH 2330 with a grade of "D" or better instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Instructor Approval
Grade Mode: Standard Letter

The purpose of this course is to provide the student with proper training in the variety of skills that are needed in order to work professionally as a Stagehand in live entertainment performance venues across the United States and around the world.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3352. Stage Rigging for the Live Entertainment Industry.
The purpose of this course is to provide the student with instruction and opportunity to become proficient with safely employing basic rigging techniques that are common in live performance venues throughout the United States. Prerequisite: TH 2330 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3354. Safety for the Production of Live Entertainment Events.
This course will provide students with the resources necessary to incorporate good safety and health practices into their professional career in the live entertainment industry. Based on standards from the Occupational Safety and Health Act, the Event Safety Alliance, and other current resources, students will learn to make informed decisions during the planning and execution of live events to ensure the safety of all event participants. Prerequisite: TH 2330 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3355. Playwriting.
A study of play fundamentals (structure, dialogue, and mechanics), and guidance and discussion of representative plays.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3358. Screenwriting.
This course offers a comprehensive study of the art and craft of writing screenplays. During a semester of intensive writing, readings, script analysis, and critiques, writers complete assignments in storytelling, character, structure, and script development. Each writer completes a full-length screenplay as the capstone project for the semester. Prerequisite: TH 2355 with a grade of "B" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

TH 3359. Advanced Screenwriting.
This course focuses on the development of full-length screenplays. May be repeated for credit with different emphasis. Prerequisite: TH 3358 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3360. Beginning Stage Combat.
This is an introductory course in stage combat with a hands-on approach emphasizing actor safety, dramatic requirements of the script, and historical accuracy.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3361. Improvisation for the Actor.
This class develops the student's understanding of the fundamentals of improvisation as both a performance art and a rehearsal technique, expanding the actor's versatility and enhancing confidence in performance and communication skills.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3362. Singing for the Actor.
This course is an introduction to the dynamic world of musical theatre through song analysis and performance, class exercises for the body and the voice, as well as an initial look at both classic and contemporary musical theatre style, structure, and content. Prerequisite: Instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3363. Stage Combat Stick Fighting.
This class covers Stick Fighting techniques from around the world and how to incorporate them safely into a play or film. Students learn safe handling and use of all types of fighting sticks including, but not limited to, European Quarterstaff, Japanese Bo-Staff, Irish cane fighting, and Philippino Arnis. Prerequisite: TH 3360 with a grade of "D" or better or instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3364. Acting Realism.
This is a studio course emphasizing the theories and methods of Stanislavsky in order to create characters in realistic drama. Prerequisites: TH 1365 and [TH 1340 or TH 1345] both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter
TH 3365. Acting Styles.
This class explores a selected sample of theatre performance styles. The global history of performance includes many different uses of language, movement, gesture, relationship-to-audience, and storytelling intention. Instructors lead students through a curated sample of performance literature that could include Greek, Asian, Jacobean, Shakespearean, Moliere, Comedy of Manners, African, Latinx, and Brecht. This instructor-curated, performance-based curriculum can span theatre from 550BC to the late 19th century, providing students the opportunity to explore various forms of performance style. Prerequisite: TH 1365 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3367. Theory and Analysis.
A study of dramatic theory and play analysis for production, including the study of forms, styles, and methods. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

TH 3370. Creative Drama.
Emphasis on process drama theory and using creative drama as both an art form and as a teaching tool. Through class activities, students will develop effective facilitator skills and incorporate innovative strategies for teaching traditional material in non-traditional ways.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3375. Production Design for Film.
This course covers the structure and operation of an art department on a film production, as well as the fundamentals and application of production design for film and TV. Prerequisite: TH 1353 or TH 3353 either with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3390. BFA Pre-Professional Apprenticeship I.
Intensive work in one of the following career paths: Acting, design, and theatre technologies, costuming.
3 Credit Hours. 2 Lecture Contact Hours. 4 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3396. Musical Theatre Audition Technique.
This course concentrates on musical theatre audition preparation and performance on an advanced level. Students will expand their analytical, professional and creative skills through performance work, mock auditions, "Business of the Business" labs, and a comprehensive research project. Students will create a portfolio of specific and personalized audition material. Prerequisite: TH 1210 and TH 1211 and TH 2210 and TH 2211 all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

TH 4120. Musical Theatre Singing Technique Private Instruction.
This course is for advanced, private study in musical theater singing technique. Via private instruction, students will study multiple areas of musical theatre singing technique including singing for the microphone, belting, placement, and diverse musical theater styles (pop, rock, Golden Age, contemporary musical theater, etc). Prerequisite: TH 1122 and TH 3120 both with a grade of "D" or better.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4251. Musical Theatre Tap III.
This course expands on skills covered in Musical Theatre Tap II. Intermediate and advanced tap steps are explored and attention is given to learning important pieces in the classic and contemporary tap canon as well as tap audition techniques. Focus is given to rhythmical clarity, agility, improvisation, and performance skills. Prerequisite: TH 3252 with a grade of "D" or better.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4271. Musical Theatre Dance III.
This course provides an examination of the history and development of Musical Theatre dance styles, including an in-depth study of significant works of choreographers, including Agnes de Mille, Jack Cole, Jerome Robbins, Bob Fosse, Michael Bennett, and Andy Blankenbuehler. Prerequisite: TH 3282 and TH 3262 both with grades of "D" or better.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4272. Musical Theatre Dance IV.
This is an advanced Musical Theatre dance class that will focus on building advanced technical and performance skills as well as displaying competence in a variety of styles. Students will also develop partnering skills. Prerequisite: TH 4271 with a grade of "D" or better.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4301. Professional Internship.
This course provides professional hands-on experience in the theatre or film industry. May be repeated once for credit. Prerequisite: Instructor approval.
3 Credit Hours. 0 Lecture Contact Hours. 20 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TH 4302. Contemporary Theatre Workshop.
This course examines some of the major plays, playwrights, themes and styles in contemporary theatre in the United States. Students will read, analyze, research, and perform in scenes from many different types of contemporary performance, including realism, musical theatre, classical adaptation, surrealism, and devised work.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course explores the literature, history, and performance challenges of the many voices and perspectives that make up American Theatre. In addition to exposure to brief historical overviews, students will read key literary texts and perform monologues and scenes.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4304. Web Series Creation.
This course focuses on the techniques of creating a web series, with an emphasis on script writing and development. It also includes fundamental knowledge of film production and web publication, including marketing and identifying a target audience.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4305. Advanced Web Series Creation.
This course is a continuation of the Web Series Creation course and specifically focuses on production of a web series. Students will write, direct, and produce their own web series for publication on the internet. Prerequisite: TH 4304 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4307. Properties Effects.
This course focuses on specific construction techniques and materials utilized by professional prop artisans for the construction of theatrical special effects. Students are introduced to the practices of the theatrical Prop Master as they pertain to the execution and planning of prop special effects projects.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4308. Musical Theatre Choreography.
This course examines the role of choreography in musical theatre and explores the choreographic process. Students study the history and theoretical principles of musical theatre choreography as well as obtain the practical skills needed to create staging and choreography for a musical theatre production.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4310. Theatre Curriculum Development.
Course builds on a requisite knowledge of basic educational theory and lesson plan structure with an emphasis on developing and implementing a successful Theatre curriculum. Practical and effective strategies for teaching middle school and high school Theatre will be examined.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

TH 4311. Training the Teaching Artist.
A teaching artist is, by definition, a two-career professional: a working artist and a working educator. This course explores the artistic, teaching, and business aspects of working as a teaching artist. Students create a job portfolio and teach a short residency in a classroom setting.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4315. Actor Artist Aesthetic.
In this course students hone writing skills focused on creating original, "devised" theatre pieces. They investigate designated themes, experimenting with a variety of literary devices, movement techniques, and approaches to storytelling. This process culminates in creating collaborative ensemble-based pieces, as well as solo performance work. A foundation in movement is strongly recommended. Prerequisite: TH 1354 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4320. Directing Theatre Activities.
Designed to assist any teacher in directing theatre activities. During the course, students will direct plays or scenes. May be repeated with different emphasis for additional credit.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4321. The Art of Voiceover and Voice Acting.
In this course, students enhance their listening skills, determine their vocal "brand" or type, and learn various industry reads and the necessary corresponding voice skills. Students learn how to research and cut copy, create commercial, industrial, and cartoon demos, recording etiquette, and how to take vocal direction.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4323. Shakespeare Through Performance.
This intensive summer study abroad program immerses students in the language and culture of Shakespeare's plays. Incorporating a performance-based approach to the study of Shakespeare, this course includes theatrical workshops taught by professionals at leading international theatres, including the Royal Shakespeare Company.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
This intensive study abroad program immerses students in the language and culture of Shakespeare's plays. In Stratford, academic workshops are led by scholars from the Shakespeare Birthplace Trust. Through immersion in the cultural environment in which the plays were produced, students gain insight into the context that shaped Shakespeare's theatre.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4325. Shakespeare Ensemble.
This class provides students with the opportunity to build an ensemble production of an abridged Shakespearean play. Using text analysis, character building, and clear storytelling, students create an adaptable production that can be performed in schools, libraries, and other community locations. Prerequisites: TH 1340 and TH 1365 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4326. Design for Theatre Educators.
This course prepares teaching certification students for the execution of technical elements relating to a dramatic production. The class draws heavily from guidelines established by the University Interscholastic League (UIL) Handbook governing One-Act Play competitions.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4327. Technical Theatre Production for Educators.
This class guides students through exercises highlighting tool safety, scenery construction and proper stage protocols. Students build and repair scenery, hang a UIL light plot, hang masking curtains, design lights and audio for all the Texas State Summer High School Theatre Camp productions. Prerequisite: TH 4326 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

In this course the students will serve on the Jeremy Torres Lab Theatre Board as well as serve as assistant directors on departmental productions. During the course, students either produce the Jeremy Torres Lab Theatre season or assistant direct a departmental production.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4329. Television Writing.
This course covers the process of writing a television script. Students will pitch original stories and develop beat sheets, write treatments, and create story-boards culminating in a finished original script.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4330D. Actor, Artist, Aesthetic.
This course focuses on group and individual created works of art. Students will explore their personal artistic aesthetic and create a piece that will be performed.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4330J. Drawing for the Designer.
This course is a studio class with a focus on drawing for the scenic, lighting, and costume design student. Required of all BFA design majors. Prerequisite: TH 4390 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

In this course students will explore Paris through smartphone cinema. The student will participate in real world explorations of the literal paths of the earliest French filmmakers, including but not limited to Alice Guy Blache, George Melies, and the Lumiere Brothers. Students will analyze the work and the paths of Francois Truffaut, Jean Comteau and Agnes Varna.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4330R. Oregon Shakespeare Festival Intensive.
This course examines theatre production at the regional theatre level by exposing students to the work of the Oregon Shakespeare Festival. Students will study issues of translating the current season's nine plays from script to stage, as well as analyze the perspectives and choices that inform each production.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4330Z. Speaking Shakespeare.
This course equips students with the skills necessary to fully embody Shakespearean text. The course lays a foundation with a sequence of exercises which expand and deepen the breath, unlocking the capacity for a full range of powerful expression. Students learn the fundamentals of the International Phonetic Alphabet for maximum specificity of articulation. In addition, they learn both scansion and rhetorical text analysis and apply them to the performance of a Shakespearean monologue. Prerequisite: TH 1340 and TH 1365 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TH 4331A. Auditions: The Business of Acting.
This course equips the actor with the skills necessary to enter the professional world. Students will create an effective audition portfolio which may include two self-taped contrasting one-minute monologues, a résumé, a headshot, a professional bio, and/or a professional website. Prerequisite: TH 1365 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4331B. Realism: Chekhov & Contemporary American Playwrights.
This course will give undergraduate actors mastery of the fundamental tools for undertaking a successful rehearsal process, including Stanislavski-based text work as the initial stage for exploration and discovery of a dramatic text. Text work serves as a means of collectively investigating text, fostering strong director/actor collaborations, and laying a foundation for a richly exploratory rehearsal period. For the sake of this class, the rehearsal process is an exploration of the connection, meaning and specificity required to embody the character and plot of a play actively and truthfully. Prerequisite: TH 1365 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4331C. Non-Realism in Theater, 1950-Present.
The class will allow directors and actors to collaborate on scene studies from plays written in the second half of the twentieth century, as well as in the twenty-first century, going up to the present day. Genres and styles studied may include: absurdism, magical realism, dystopias, and intersectional plays. Prerequisite: TH 1365 with a grade of "B" or better.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4331D. New Play Workshop.
Undergraduate actors will collaborate with MFA Directors and guest playwrights on a reading of a new play. Additionally, through this process, students will develop techniques for delving into the core themes and ideas of a new play so that it can be truthfully realized in performance. Prerequisite: TH 2355 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4331E. Devising for Performers.
This class allows student artists to develop student-generated devised theatre and live performances, individually and collectively, in conjunction with critique methods that collectively move the work forward. Through the creation of new work and community critique of that work, student artists in the class build a common language out of their unique interests and contemporary devising methodologies. Through devising, acting, writing, designing and creating original solo and group performances, students will expand their artistic, collaborative mindset and skillset.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4331G. Live Sound Audio Engineering and Mixing.
In this course, students will examine the role of audio engineering and the live sound industry. Students will explore all aspects of audio engineering and mixing in order to meet the industry standards in the field of audio production.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4331H. Technical Design Solutions for the Stage.
This course will provide students with the tools necessary to safely and creatively plan, problem-solve, and execute the production of scenery, special projects, and special effects for the stage. Students will explore various challenges faced by technical directors, property supervisors, and associated artisans. They will learn both common and unique solutions for those problems. Prerequisite: TH 2330 with a grade of "D" or better or instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4331I. Advanced Acting For Film & TV.
In this course, students will expand their knowledge in the field of acting for film and television by applying skills on a film set or location. In addition, this course culminates in a final "reel", which the student can use for their own promotional materials as they enter the workforce.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4331V. Vectorworks II.
This course is an advanced study of computer techniques and procedures using Vectorworks in the preparation of technical drawings and digital previsualization for theatrical scenic and lighting design. Prerequisite: TH 4356 with a grade of "C" or better or instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter
TH 4331Z. The History of Early French Films.
In this course students will explore the origins and explorations of Filmmaking in France. This immersive education experience will take students to significant sites and experiences in Paris with optional tours to iconic, historical film locations from cinema produced in Paris, the City of Light, with preparation and foundation in the preceding semester of study.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4332. Theatre in Education.
This course provides an in-depth examination of Applied Theatre as it is used in a variety of settings, including elementary and middle school classrooms, recreation facilities, and in community outreach programs.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4333. Television Writing II.
This course focuses on the techniques of creating a television series, including script writing and development, film production, and post-production editing. Students will spin off a character from a network television series and create a new series based on this character.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4334. Stage Management.
This is a seminar course in stage management, focusing on organization, techniques, and practices for managing stage productions from initial planning through performance.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4335. Stage Management Practicum.
This course is a hands-on practicum in which select students stage manage a departmental production, from auditions through the completion of the production. Prerequisite: TH 4334 with a grade of "D" or better.
3 Credit Hours. 0 Lecture Contact Hours. 10 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4336. Production and Company Management for the Arts.
The goal of this course is to examine the job duties (and sometimes overlapping tasks) of members of a theatrical/producing arts team with a focus on company managers, stage managers, production managers, and the producing process. Focus also includes an emphasis on group management and organizational tools.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4337. Sound Design.
This course provides an exploration of the sound design process and practical application for live entertainment, including theatre and dance productions. It involves an exploration of the sound design process and practical application through class projects. Prerequisite: TH 3337 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4338. Lighting Design.
This course will concentrate primarily on the aesthetics of stage lighting covering such topics as color; script analysis; use of light in creating both static and dynamic visual compositions; development and graphic representation of a theatrical lighting design; and psychological and physiological responses pertaining to visual perception. Prerequisites: TH 1350 and TH 2330 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4340. Business of Film.
This course focuses on how film projects are put together, from development to production, with an emphasis on job opportunities that are available in the film industry. Where applicable, working professionals are brought in as guest lecturers to provide a hands-on perspective of working in the film industry.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4341. Short Film Development.
This course focuses on the essential elements that go into the pre-production phase of developing a short film project. Emphasis is on script research, writing, budgeting, scheduling, finance, and development. Prerequisite: [TH 1353 or TH 3353] and TH 3358 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4342. Film Editing.
This course will introduce students to the theory and application of film editing practices beginning with an in-depth study of several software applications. The students engage in the artistry of film editing utilizing workflows across multiple formats including fiction, documentary, and commercial. Prerequisite: TH 1353 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TH 4343. Film Producing.
Film Producing introduces the student to the roles and responsibilities that contribute to the successful production of narrative films across multiple formats: short, feature, commercial, documentary and web. Utilizing industry-standard software tools, the student works through stages of development, budgeting, scheduling and on set production. Prerequisites: TH 1353 or TH 3353 either with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4344. Advanced Sound Design.
This course focuses on the use of a digital audio workstation in the composition of music, sound, and scoring of theatrical moments on stage, as well as explores recording techniques. It also examines dramaturgical aspects of sound design. It is project-based, and includes a wide range of topics based on student interest and instructor discernment. Prerequisite: TH 3337 and TH 4337 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4345. Costume Design.
A study of the principles and elements to relate to designing theatrical costumes. Includes experience in research as well as developing drawing and rendering techniques. May be repeated with different emphasis for additional credit.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4346. Advanced Costume Design.
Continued development of costume design skills. Includes research as well as advanced drawing and rendering techniques. Repeatable for credit with different emphasis. Prerequisite: TH 3344 and TH 4345 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Pattern Making is a single semester exploration of the skills and techniques of pattern drafting and draping. Through guided practice and project work, students will enhance their understanding of garment planning and production. Prerequisite: TH 3344 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

Mask Making is a single semester course focusing on the practical craft and techniques of mask making for the live entertainment industry. Through guided practice students will be introduced to various materials and techniques in sculpting, casting, and molding for theatre. Prerequisite: TH 3344 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4349. Hat Making.
Hat Making is a single semester course exploring the design and execution of headwear. Through guided practice students will be exposed to materials and techniques giving them a strong foundation in Millinery Design and Construction. Prerequisite: TH 3344.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course is a study of architecture and interiors throughout history as it impacts design for theatre. Students will look at periods of design from ancient Egypt to the late Twentieth Century.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

Armor Making is a single semester course in the construction of armor for the live entertainment industry. Through guided practice students will gain experience with various materials and techniques used in this specialized area of garment construction. Prerequisite: TH 3344 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4353. Wig Making and Styling.
Wig Making is a single semester study of the principles of wig making and wig styling for the live entertainment industry. Through guided practice, students will learn to ventilate and style synthetic wigs and small ventilated appliances. Prerequisite: TH 3344 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4354. Special Effects Makeup.
Special Effects Makeup is a single-semester exploration of the advanced makeup techniques and the creation and application of prosthetic appliances within the context of character design and production for the entertainment industry. Prerequisite: TH 3343 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TH 4355. Scene Painting.
Theory and practice of scene painting for the theatre, with hands-on projects implementing various scene-painting techniques. Students will also have the opportunity to work as scenic artists on departmental productions.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4356. Theatrical Drafting: Vectorworks.
This course is a study of computer techniques and procedures used in the preparation of design and technical drawings for theatrical scenery and lighting. Prerequisites: TH 3331 with a grade of "D" or better or instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4357. Scene Design.
A study of scene design for theatre, focusing specifically on process of scenic designer with practical assignments including renderings and scaled models. Prerequisites: TH 1350 with a grade of "D" or better or instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4358. Drama and Adaptation.
This course covers the development of new theatrical scripts based on existing stories and source material. Students explore a variety of potential source materials, pitch adaptation ideas from multiple sources, and complete a written script.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4360. Problems in Theatre.
Problems in Theatre. (3-0) Designed to give supervised experience to qualified advanced students in theatre history, playwriting, directing, acting, technical, or other theatre problems. Research problems or actual production problems may be chosen. May be repeated with different emphasis for additional credit.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4361. Voice IV: Dialects For Actors.
In this course students will explore the International Phonetic Alphabet and other vocal techniques used to create vocal variations such as regional, national, and international dialects. Prerequisite: TH 3310 with a grade of "B" or better.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4362. Directing For Film.
This course is an in-depth examination of directing theories and procedures for film with practical filming and editing exercises. Prerequisites: TH 1353 or TH 3353 either with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4364. Directing I.
This course is a study of the fundamentals of directing with practical experience provided by directing scenes. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

TH 4365. Directing II.
A study of directing different dramatic styles. Students will direct a one-act play during regular semesters. Prerequisite: TH 4364 with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

TH 4366. Directing III.
This course examines the role of the director as a principal generator of new work for the stage. Approaches used may include devising, adaptation of existing literary and dramatic texts, docudrama, integrating new media (video) into theatre, Viewpoints and the joint stock method. Prerequisite: TH 4364 and TH 4365 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4367. Cinematography.
This course will introduce the student filmmaker to intermediate and advanced concepts in camera, lighting and image delivery across multiple platforms: motion picture, television and the web. Utilizing the latest tools in digital videography, the student will learn to apply story analysis to their on-set decision making. Prerequisite: TH 3353 with grade of "C" or better; Overall GPA 2.5.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4368. Film Production Intensive.
In this course students explore the duties, expectations and protocols of each position on set, from camera and lighting to sound and assistant directing. They will learn rules for communication, including 'walkie lingo' and receive hands-on instruction for various technologies that exist for digital film production. While learning all of the written and unwritten rules for film and TV production, the student filmmaker will confront, evaluate and overcome all manner of logistical issues. This course will prepare them for their first day on set. Prerequisite: TH 1353 with a grade of "B" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TH 4371. Producing the Independent Feature Film.
In this course students investigate the unique processes, challenges and opportunities offered when choosing to produce a low-budget feature film through an independent approach. The student will take a current feature screenplay through each stage of development and pre-production, production, post, festival, sales, and distribution. The student will act as Executive, Producer, Line Producer, Assistant Director, Post Supervisor, and Sales agent featuring the full life cycle of a feature film. Prerequisite: TH 1353 and TH 4343 both with grades of "B" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4372. Theory and Practice of Dramaturgy.
Study of the practical application of historical research and textual analysis in the production of period plays and new works. Emphasis upon the dramaturg as an instrument of collaboration between members of the artistic team and as a facilitator of audience outreach. Prerequisite: TH 3367 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4373. Advanced Film Directing.
This course is an in-depth examination of narrative filmmaking that includes screenplay analysis, storyboarding, scheduling the shoot, directorial techniques, staging actors, camera placement, filming on location, and editing. Prerequisite: TH 3358 and TH 4363 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4374. Advanced Film Directing.
This course is an in-depth examination of narrative filmmaking that includes screenplay analysis, storyboarding, scheduling the shoot, directorial techniques, staging actors, camera placement, filming on location, and editing. Prerequisite: TH 3358 and TH 4363 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4375. Advanced Playwriting.
This course focuses on an in-depth study of the techniques of playwriting and the variety of styles that a playwright might employ. The course culminates with the writing of a full-length play. Prerequisite: TH 3355 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4376. Advanced Lighting Design.
This course focuses on advanced principles of light design and lighting aesthetics. It covers the variable elements one encounters during the design process as it applies to stage lighting. Prerequisite: TH 4338 with a grade of "D" or better and instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4377. Advanced Scene Design.
This course emphasizes working with directors and other designers in creating a design for the stage. Students will improve verbal and visual communication skills as well as further develop drawing/painting/modeling/drafting skills. The course involves multiple projects including creating an original performance art piece with a director and other designers. Prerequisite: TH 4357 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4378. Play Development Lab.
This course provides a laboratory workshop development process for new plays. It provides a structured environment for rigorously revising student-written works. Prerequisite: TH 4375 with a grade of "D" or better or instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4380. Advanced Scenic Painting.
Students will further develop scenic art skills, with an increased emphasis on realized practical production work, and a focus on planning, sampling, and managing of theatrical production paint processes. Prerequisite: TH 4355 with a grade of "D" or better or instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4381. Automated Lighting.
Automated Lighting will explore and practice methods and approaches for basic uses of multi-attribute lighting technology. We will investigate a variety of moving light and LED technology and control as well as methods of properly documenting and cueing with these complex tools. Prerequisite: TH 3338 and TH 4338 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

This course offers a hands-on study of the principles and practices utilized in the fabrication of steel framed stage scenery for the live entertainment industry. Emphasis will be on safely cutting, prepping and welding mild carbon steel. Tools used include steel cutting saws, grinders and MIG welder. Prerequisite: TH 2330 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4385. Lighting Console Programming.
This course explores basic, intermediate, and advanced skills and techniques used in modern console programming for a variety of lighting systems used in the entertainment industry. The course incorporates programming specifics for consoles from a variety of manufacturers. Prerequisite: TH 3338 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TH 4386. Lighting and Projection Design for Dance.
This course covers the skills and techniques used in lighting and projection design for dance performances. Students explore innovative choreographers and designers who use both established and emerging technologies in lighting and projection design for dance. Prerequisite: TH 3338 and TH 4338 both with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4388. Advanced Cinematography.
In this course students use their visual creativity and knowledge of craft to solve problems, express ideas, and reveal truth through the moving image. This course will also emphasize the role of leadership the Director of Photography, Gaffer, Key Grip, and 1st Assistant Camera must serve on a set. This course will address both the technical and aesthetic aspects of cinematography with an emphasis on mastering the tools, and developing techniques and operating methods that will prepare the student filmmaker for a working career. Prerequisite: TH 1353 and TH 4368 both with grades of "B" or better.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4390. BFA Pre-Professional Apprenticeship II.
Intensive laboratory work in individual and group theatre methods for the actor, designer, or technician. Each apprenticeship from BFA II to V will focus upon a specific theatrical discipline for the actor, i.e. advanced vocal work, music theatre, performing Shakespeare, performing new scripts, advanced movement techniques, and further development of internal process.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4391. BFA Pre-Professional Apprenticeship III.
A continuation of laboratory work for the actor. Each apprenticeship from BFA II-V will focus on a specific theatrical discipline for the actor, i.e. advanced vocal work, music theatre, performing Shakespeare, performing new scripts, advanced movement techniques, and further development of the internal process.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Lab Required
Grade Mode: Standard Letter

TH 4392. BFA Pre-Professional Apprenticeship IV.
A continuation of laboratory work for the actor. Each apprenticeship from BFA II-V will focus on a specific theatrical discipline for the actor, i.e. advanced vocal work, music theatre, performing Shakespeare, performing new scripts, advanced movement techniques, and further development of the internal process.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4393. BFA Pre-Professional Apprenticeship V.
This course is a continuation of laboratory work for the actor. Each apprenticeship from BFA II-V focuses on a specific theatrical discipline for the actor, i.e. advanced vocal work, music theatre, performing Shakespeare, performing new scripts, advanced movement techniques, and further development of the internal process.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4394. Senior Film Capstone Project.
In this course students assemble a production team comprised of a Producer, Director, DP and Production Designer with a script that has already been developed in Short Film Development. This creative team immediately goes into production on the final culminating film shoot for their undergraduate careers. The course guides each production team through the subsequent post-production process, reshoots, final deliverables and festival and marketing campaign. This course is designed to work in conjunction with Short Film Development and act as a capstone course for graduating seniors. Prerequisite: TH 1353 and TH 4341 both with grades of "B" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4395. Advanced Scene Study.
This course is a capstone acting course for the B.F.A. Acting and Musical Theatre students that involves both advanced scene study work as well as preparation for professional auditions and showcases.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Lab Required
Grade Mode: Standard Letter

This course prepares students for their Industry Showcase and concentrates on transitioning into the professional industry utilizing a series of "Business of the Business" labs designed to prepare students to run their business with skills including contract negotiations, agent interviews, marketing and branding, and financial planning. Prerequisite: TH 1210 and TH 1211 and TH 2210 and TH 2211 and TH 3396 all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

TH 4601. Professional Internship.
This course provides professional hands-on experience in the theatre or film industry; it is intended for students who do a full-time internship over the summer or during the fall or spring semesters. Prerequisite: Instructor approval.
6 Credit Hours. 0 Lecture Contact Hours. 40 Lab Contact Hours.
Grade Mode: Standard Letter
Minimum required: 120 semester credit hours

General Requirements
1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. In addition to the general education core curriculum requirements, the Bachelor of Arts degree (p. 58) (B.A.) requires three additional hours of English literature, three hours of math/science/logic/computer science courses, six hours of 2000-level modern language courses and a minor.

3. Students must complete a minimum of 29 required hours in Dance, with 10 additional required elective hours in Dance and/or Theatre courses. A minimum of 12 DAN hours must be upper level.

4. The minimum number of hours required for this degree program is 120. The number of free elective hours a student will complete depends on the number of hours a student may need to achieve the required 120 total or 36 advanced hours.

5. Students must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors/).

General Requirements
1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. In addition to the general education core curriculum requirements, the Bachelor of Arts degree (p. 58) (B.A.) requires three additional hours of English literature, three hours of math/science/logic/computer science courses, six hours of 2000-level modern language courses and a minor.
3. Students must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors/).
4. Students must complete a minimum of 35 hours in Theatre courses, with six additional hours strongly recommended. A minimum of 12 Theatre hours must be advanced.
5. All Theatre students are encouraged to participate in theatre production activities each semester, and B.A. students must enroll in TH 2111 a minimum of two semesters.
6. The minimum number of hours required for this degree program is 120. The number of free elective hours a student will complete depends on the number of hours a student may need to achieve the required 120 total or 36 advanced hours.
BA ENG Literature [TCCN ENGL 2322, 2323, 2332, 2333, 2327 or 2328] 3
3 BA Computer Science, Logic, Mathematics or Science
Minor 6 Minor 3
Electives 4
12 13

Total Hours: 120

Minimum required: 120-122 semester credit hours

Admission Requirements
1. The Bachelor of Fine Arts (B.F.A.) major in Dance concentration in Performance and Choreography is based on an audition in either the fall or spring semester prior to the year of admittance. A limit of two audition attempts is enforced for entrance into the program. Students will be expected to maintain appropriate artistic and academic standards at the discretion of the Dance faculty.
2. Skill level will be evaluated by faculty to determine course placement in ballet, jazz, hip hop, and modern/contemporary technique classes.

General Requirements
1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. Skill level will be evaluated by faculty to determine course placement in ballet, jazz, and modern technique classes.

Total Hours: 120-122

Minimum required: 130 semester credit hours

Admission Requirements

1. Admission to the Bachelor of Fine Arts (B.F.A.) degree with a major in Dance teacher certification requires an audition in either the fall or spring semester prior to the year of admittance. A limit of two audition attempts is enforced for entrance into the program. Students will be expected to maintain appropriate artistic and academic standards at the discretion of the Dance faculty.

2. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 244).

3. Skill level will be evaluated by faculty to determine placement in ballet, jazz, hip hop, and modern/contemporary technique classes.

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 55) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. Students should consult an academic advisor to help you choose an additional teaching field and for sequencing of courses.

3. A second teaching field is required in this degree program.

4. Teacher certification students must maintain an overall GPA of 2.75, as well as grades of a “C” or better in all courses within the Major(s), Teaching Field(s), Certification area(s) and/or in the Education Minor. Students who fail to do so will be advised into another program.

5. In addition to the major requirements, students must also complete a Minor in Education. The Minor requires 21-hours including 6 hours in DAN that count toward this requirement. All coursework must be completed prior to EDST 4681.

6. Summer course work may be need to complete the degree in a timely manner.

7. The Texas Education Agency (TEA) requires multiple background checks for progression through the Educator Preparation Program. Based on information recorded in your criminal history, you may be ineligible for issuance of a teaching certificate upon completion of the Educator Preparation Program. If you have a criminal history, you may obtain a Preliminary Criminal History Evaluation from TEA. For more information, go to: https://tea.texas.gov/Texas_Educators/Investigations/Preliminary_Criminal_History_Evaluation-FAQs/.

**Minimum required: 123 semester credit hours**

**Admission Requirements**

1. The Bachelor of Fine Arts (B.F.A.) degree with a major in Musical Theatre requires admission to the university and admission to the program. For more information visit: [http://www.theatreanddance.txstate.edu/Undergraduate-Degrees/BFA-Musical-Theatre.html](http://www.theatreanddance.txstate.edu/Undergraduate-Degrees/BFA-Musical-Theatre.html)

2. Admission to the Musical Theatre program is highly competitive and based on an audition/interview with members of the B.F.A. Musical Theatre Program faculty. Prospective students generally audition during their senior year of high school. Interested transfer students must contact the Head of Musical Theatre to see if there are any available slots in their class level; typically, students transferring into the program require four years at Texas State to complete their degree.

**General Requirements**
