

DEPARTMENT OF GEOGRAPHY COLLOQUIUM

Friday, November 10, 2017

2:00 — 3:00 pm

Evans Liberal Arts 116

Reception to follow outside ELA 116

Just Transitions in the Coastal Zone

by C. Patrick Heidkamp, Ph.D.

Associate Professor of Geography and
Chair, Department of the Environment, Geography & Marine Sciences
Southern Connecticut State University — New Haven, Connecticut

Dr. C. Patrick Heidkamp is an Associate Professor in, and chair of, the Department of the Environment, Geography & Marine Sciences at Southern Connecticut State University and a visiting Lecturer in the School of Natural Sciences and Psychology at Liverpool John Moores University. He is also the co-director of the Connecticut State University System Center of Environmental Literacy and Sustainability Education and an affiliate of the Economic Rights Research Group at the University of Connecticut. He holds a Ph.D. and M.A. from the University of Connecticut and a B.A. from Sonoma State University. He is an environmental economic geographer with a current research focus on sustainability transitions in the Coastal Zone. Dr. Heidkamp's research and teaching interests are environmental economic geography, urban geography, the geography of food and agriculture, sustainability studies and the history and philosophy of geographic thought. He has interests in agro-food systems, urban food systems, urban waterfront revitalization, coastal zone transitions and the geography of economic rights.
