Astrid N. Schwalb, Ph.D.

Department of Biology
Texas State University
San Marcos, TX, 78666

I. Academic/Professional Background

A. Name: Astrid N. Schwalb Title: Associate Professor

B. Educational Background

Degree	*Year*	*University*	*Major*	*Thesis/Dissertation*
PhD	2010	University of Guelph, ON, Canada	Integrative Biology	Host infection strategies determine dispersal abilities in freshwater mussels (Bivalvia: Unionidae).
MS	2004	University of Potsdam, Germany	Biology	Horizontal and vertical movements of unionid mussels in the River Spree.
BS	2001	University of Konstanz, Germany	Biology	NA

C. University Experience

Position	*University*	*Dates*
Associate Professor	Texas State University	2020-present
Assistant Professor	Texas State University	2014-2020
Postdoctoral Fellow	University of Lethbridge	2013-2014
Postdoctoral Fellow	University of Waterloo	2010-2012
Graduate Research Assistant	University of Guelph	2005-2009
Teaching Assistant	University of Guelph	2005-2009

D. Relevant Professional Experience

Position	*Entity*	*Dates*
Research Assistant – Ecotoxicologial research	University of Guelph	2005
Research Assistant – Aquatic Biomonitoring	Leibniz-Institute of Freshwater Ecology and Inland Fisheries, Berlin, Germany	2002, 2003

II. TEACHING

B. Courses Taught:

Aquatic Ecology (BIO 3460)	2022-present
Aquatic Biology (BIO 3460)	2015 – 2020
Stream Ecology (BIO 7419)	2015, 2016, 2018, 2020, 2023, 2025
Ecology of Temporary Waters (BIO 7311, formerly BIO 7631B)	2017, 2019, 2021, 2024
Ecology of Temporary Waters (BIO 4351D)	2019
Seminar Aquatic Resources	2016

Various research courses, taught frequently since 2015:
Undergraduate research (BIO 4299)
Research experience (MS students, BIO 5114, 5214, 5314)
Thesis hours (BIO 5199B, 5299B, 5399a, 5399B)
Research experience (PhD students, BIO7114, 7214, 7314)
Dissertation hours (BIO 7199A, 7299A, 7999A)
Research (BIO 7303)

C. Graduate Theses/Dissertations, Honors Theses, or Exit Committees

Theses and Dissertations Directed

Chrisine Adams. *In progress.* TBD. Texas State University, MS-Aquatic Resources.
Emily Pody. *In progress.* TBD. Texas State University, PhD-Aquatic Resources.
Justin Greenfield. *In progress.* TBD. Texas State University, MS-Aquatic Resources.
Andreia Alves. *In progress.* TBD. Texas State University, PhD-Aquatic Resources.
Sarah Stannard. *In progress.* TBD. Texas State University, MS-Aquatic Resources.
Eleanor Krellenstein. *Graduated 2024.* Assessing the distribution and survival of mussel communities in the Upper Colorado River Basin, Texas after exceptional drought conditions. Texas State University, MS-Aquatic Resources.
Kiara Cushway. *Graduated 2023.* Go with the flow: impacts of high and low flow conditions on freshwater mussel assemblages and distribution. Texas State University, MS-Aquatic Resources.
Meghan Martinski. *Graduated 2023.* Freshwater mussels vary in substrate preference and mobility in pairwise behavioral experiments. Texas State University, MS-Aquatic Resources.
Emily Lorkovic. *Graduated 2023.* Two invaders, one ecosystem: Exploring interactions between *Dreissena polymorpha* and *Hydrilla verticillata*. Texas State University, MS-Aquatic Resources.
David Swearingen. *Graduated 2021*. The impact of summer mortality of invasive zebra mussels on nutrient cycling in a Texas reservoir. Texas State University, MS- Aquatic Resources
Ericah Beason. *Graduated 2021*. Impact of zebra mussels on physiological conditions of unionid mussels in Texas. Texas State University, MS- Aquatic Resources
Kayla Hayes. *Graduated 2020*. Comparing life history traits and responses to environmental variation between mussel species in the San Saba River. Texas State University, MS- Aquatic Resources
Zachary Mitchell. *Graduated 2020* The role of life history strategies and drying events for JEDI
Alison Tarter. *Graduated 2019.* Distribution of unionid mussels in the Big Thicket region of Texas. Texas State University, MS – Aquatic Resources.

Stacey Britton. *Graduated 2018*. Impact of environmental contaminants on the Threeridge mussel (*Amblema plicata*) in the Guadalupe River basin, Texas. Texas State University, MS – Aquatic Resources, co-advised with Dr. Dutton

Brittney Sanchez. *Graduated 2018*. Detectability affects the performance of survey methods: A comparison of sampling methods of freshwater mussels in Central Texas. Texas State University, MS – Biology.

Linus Delices. *Graduated 2018*. Variation in minimum temperature tolerance of two invasive snails in central Texas, USA. Texas State University, MS – Biology.

Ashley Seagroves. *Graduated 2017*. Reproductive Ecology of *Lampsilis bracteata* (Bivalvia: Unionidae). Texas State University, MS – Aquatic Resources.

Rebecca Zawalski. *Graduated 2017*. Benthic macroinvertebrate metacommunity structure of the Guadalupe River Basin, TX. Texas State University, MS – Population and Conservation Biology, co-advised with Dr. Nowlin

Jenae Olson. *Graduated 2016*. Dispersal of zebra mussels downstream of an invaded reservoir. Texas State University, MS – Aquatic Resources.

Bianca Hernandez. *Graduated 2016*. Movement behavior of unionid mussels in Central Texas. Texas State University, MS – Aquatic Resources.

Service as Committee Member and Mentor

Alyssa Haram (Martina). *In progress.* Texas State University, PhD – Aquatic Resources.

Jonah Jimmerson (Zanatta). *In progress. Central Michigan University, MS - Biology*

Megan Conley (Lane). *In progress. Utah State University, PhD- Civil and Environmental Engineering*

Carolyn Trombley. *Graduated 2024.* University of Guelph, PhD- Integrative Biology; co-advised with Dr. Cottenie

Hanna Gingerich. 2024. BSc Research Project. University of Guelph, Canada. Assessing Sampling Site Accuracy, Water Clarity Effects, and Historical Trends: A Study of Freshwater Mussel Species in the Thames River, Ontario

Eryl Austin-Bingamon (Schwartz). *Graduated 2023.* Texas State University, MS – Aquatic Resources.

Kirby Wright (Nowlin). *Graduated 2022.* Texas State University, MS – Aquatic Resources.

Veronika Hillebrand (Geist). *Graduated 2022.* Technical University of Munich, Germany, MS-Environmental Engineering.

Lukas Kohl (Geist). 2022. BSc Research Project. Technical University of Munich, Germany,

Joseph Bakker (Dutton). *Graduated 2021.* Texas State University, MS – Aquatic Resources.

Nina Noreika (Nowlin). *Graduated 2019.* Texas State University, MS – Aquatic Resources.

Erin Dascher (Meitzen). *Graduated 2017*. Texas State University, PhD – Geography.

Michael Markowski (Schwartz). *Graduated 2016*. Texas State University, MS – Aquatic Resources.

D. Courses Prepared and Curriculum Development:

MS Aquatic Resources, existing degree program revised	2022
Ecology of Temporary Waters (BIO 4351D), new course developed.	2019
Ecology of Temporary Waters (BIO 7361B), new course developed.	2016
Stream Ecology (BIO 7419), revised existing course.	2015
Aquatic Biology (BIO 3460), revised existing course 2015, developed online course	2020

I. Other:

Guest Lecturer:

Aquatic Biology (BIOL 3460), Texas State University, TX	2014
River Science (ENV 4000/5000), University of Lethbridge, AB.	2013
Aquatic Ecology (BIOL 351), University of Waterloo, ON.	2010
Population Ecology (BIOL 3110), University of Guelph, ON.	2008

Teaching Development

Office of Distance and Extended Learning Teaching Online at Texas State certification 2020

Mentoring training for STEM Undergraduate Research Experience (SURE) program 2018, 2020

Completed program for Excellence in Teaching and Learning, Texas State University 2014-2015

Attended teaching development seminar series, 2011
Centre for teaching excellence, University of Waterloo, ON.

Attended University Teaching: Theory/Practice, University of Guelph, ON. 2009

Teaching Assistant:

University of Guelph, ON:

Ecology (BIOL 2060DE)	2009
Biology II (BIOL 1040)	2008, 2009
Population Ecology (BIOL 3110)	2007
Biology of Polluted Waters (ZOO 4350)	2007
Introduction to Aquatic Environments (BIOL 3450)	2006
Project/Colloq. in Environmental Science (ENVS 4011/2)	2005, 2006
Laboratory and Fieldwork in Ecology (BIOL 3010)	2005

Statistics for Biology. Tutorial, University of Potsdam, Germany. 2004
Introduction to Botany. Lab exercise, University of Konstanz, Germany. 2001

III. SCHOLARLY/CREATIVE

A. Works in Print

Poster presentation. Annual Meeting of the North American Society of Environmental Toxicology and Chemistry, Montreal, QC.

Schwalb, A.N., K.A. McNichols, and J.D Ackerman. 2006. Rearing Fatmuckets in small buckets – Culturing of juvenile freshwater mussels. Oral presentation, College of Biological Sciences Graduate Symposium, University of Guelph, ON.

Schwalb, A.N. 2005. Moving on one foot – Horizontal and vertical movements of unionid mussels in a lowland river. Poster presentation, Peter Yodzis Colloquium, University of Guelph, ON.

2. Invited Talks, Lectures, and Presentations:

Schwalb, A. N. 2024. Zebra mussel research at Texas State University. Gulf & South Atlantic regional panel on aquatic invasive species. Austin, TX.

Schwalb, A. N. 2024. The potential importance of groundwater to freshwater mussels. Texas Groundwater Invertebrate Forum, San Marcos, TX.

Schwalb, A. N. 2023. When rivers run dry: The impact of drought on freshwater mussels. US Fish and Wildlife Service's Climate Change Webinar.

Schwalb, A. N, Cushway, K. 2023. Gaining insights on responses of freshwater mussels to environmental heterogeneity and on their distribution. US Army ERDC Next Generation Ecological Modeling Seminar. Online.

Schwalb, A. N., Ford, D., Tarter*, A. A., Mitchell#, Z. A., Karatayev, A. Y., Burlakova, L. E. 2022. Assessing the effects of extreme climatic events on unionid mussels. Invited talk. FMCS Workshop, Survey Guidelines and Techniques Workshop, Henry Horton State Park - Duck River, TN.

Lorkovic**, E., Swearingen D., Nowlin W., Cottrell, A., Schwalb, A. N. 2021. How much phosphorous is released by decaying zebra mussels? Undergraduate Research Conference. Honors College. Online meeting.

Schwalb, A.N. 2018. Dispersal of zebra mussels. Invited talk. Gulf & South Atlantic Regional Panel meeting of the Aquatic Nuisance Species Task Force, San Antonio, TX.

Sanchez*, B. and A.N. Schwalb. 2017. Comparison of survey methods in Central Texas. Invited talk. Texas Freshwater Mussel Conservation and Stakeholder Summit, Austin, TX.

Schwalb, A.N. 2016. How I became a scientist or my personal journey into the world of science in academia. Guest lecture for the Professional Development Course at Texas State University, San Marcos, TX.

Schwalb, A.N. 2014. Distribution of mussels – A metacommunity approach. Invited talk. Aquatic Biology Society Seminar, San Marcos, TX.

Schwalb, A.N. 2013. Freshwater mussels – Findings of nine years of research. Invited talk. Limnological Institute, University of Konstanz, Germany.

Schwalb, A.N. 2013. Consequences of different ways to hitch a ride - Dispersal, distribution, and impact of freshwater mussels. Invited talk. Department of Biology, University of Regina, SK.

Schwalb, A. N. 2007. Early life history of freshwater mussels – dispersal and settlement processes. Oral presentation, Loaves and Fishes Seminar Series, University of Guelph, ON

4. Workshops:

Workshop of the Freshwater Mollusk Conservation Society. Propagation and captive care of freshwater mollusks. March 2006, Columbus, Ohio.

5. Other Works not in Print; denotes **undergraduate, *graduate and #doctoral student advised and mentored

a. Works "submitted"

Lorkovic, E., Martina, J.P., McGarrity, M., and A. N. Schwalb. Two invaders, one reservoir: Hydrilla shapes the distribution of zebra mussels and may facilitate their growth. Submitted to Aquatic Invasions, 2024.

C. Grants and Contracts

1. Funded External Grants and Contracts:

2024-2025. TPWD. Zebra mussel monitoring in Texas waterbodies (PI: A Schwalb).

2023-2025. U.S. Army Corps of Engineers. Integrating Long Term Datasets with Next Generation Ecological Models to Quantify Ecological Response in Aquatic Systems. (PI: AN Schwalb, co-PIs: B Schwartz, WH Nowlin).

2023-2024. TPWD. Zebra mussel monitoring in Texas waterbodies (PI: A Schwalb).

2021-2024. U.S. Army Corps of Engineers. Examining changes to hyporheic exchange flow and nutrient dynamics and their interaction with microbial, algal, and macroinvertebrate communities in response to drying and re-wetting in Texas rivers (PI: AN Schwalb, co-PIs: B Schwartz, WH Nowlin).

2022-2023. TPWD. Zebra mussel monitoring in Texas waterbodies and outreach (PI: A Schwalb).

2021-2024. TPWD/USFWS. Assessing ammonia toxicity of Texas unionid mussels. (PI: A Schwalb).

2020-2025. U.S. Army Corps of Engineers. Quantifying drivers of native and non-native aquatic species abundance and distribution in drought- and flood-prone Texas basins (PI: WH Nowlin, co-PIs: A Schwalb, B Schwartz, T Hardy).

2021-2022. TPWD. Zebra mussel monitoring in Texas waterbodies (PI: A Schwalb).

2020-2021. TPWD. Zebra mussel monitoring in Texas waterbodies (PI: A Schwalb).

2019-2021. TPWD. Impact of zebra mussels on unionid mussels, population dynamics and limiting factors for growth and survival (PI: A Schwalb).

2019-2021. TWDB. Environmental Flow Regime Assessment and Development of a Monitoring Framework (PI: Kirk Winemiller, TAMU).

2019-2020. TPWD. Zebra mussel monitoring in Texas waterbodies (PI: A Schwalb).

2018-2019. TPWD. Downstream dispersal, survival and growth of zebra mussels (Dressenia polymorpha) downstream of invaded Central Texas reservoirs (PI: A Schwalb, co-PI: TM Swannack).

2017-2019 Big Thicket Association. Freshwater mussel biodiversity survey within the Big Thicket National Preserve. (PI: A Schwalb)

2017-2018. TPWD/USFWS. Dispersal of zebra mussels downstream of invaded reservoirs and assessing the impact of zebra mussels (PI: A Schwalb, co-PIs: WH Nowlin, TM Swannack).

2016-2021. TPWD/USFWS - Section 6. The Impact of Environmental Contaminants on Texas Unionid Mussels in the Guadalupe Basin. (PI: Jessica Dutton, co-PI: A Schwalb)

2015-2018. Texas Department of Transportation. Evaluating the Effectiveness of Freshwater Mussel Mitigation Strategies. (PI: A Schwalb, co-PIs: D Rodriguez, MRJ Forstner, TB Hardy, collaborator: MC Barnhart).

2015-2018. Wildlife Research Grant, TPWD/USFWS. Dispersal and migration of freshwater mussels. (PI: A Schwalb, co-PI: D Rodriguez).

2015-2018. US Army Corps of Engineers. Developing quantitative-based approaches for determining impacts of navigation and ecosystem restoration projects on endangered freshwater mussels in the navigable waters of the United States (PI: A Schwalb, co-PI: TB Hardy).

2016-2017. TPWD/USFWS - Aquatic Invasive Species Grants. Dispersal of zebra mussels downstream of an invaded reservoir and assessing the risk of dreissenid mussel invasion into lakes of Texas (PI: A Schwalb, co-PIs: WH Nowlin, TM Swannack).

2015-2017. Texas Parks and Wildlife Department. Development of Habitat Suitability Criteria for Benthic Macroinvertebrates in the Lower Guadalupe River. (PI: A Schwalb, co-PI: WH Nowlin).

2015-2016. US Army Corps of Engineers. Validating modeled effects of turbulence, boater behavior and colonization of zebra mussel dynamics in new environments. (PI: A Schwalb)

2015-2016. Texas Department of Transportation. Grant. Cost effective Mitigation Strategy for State Listed Freshwater Mussels. (co-PI with CR Randklev, TAMU and NB Ford, UT Tyler).

2014 – 2017. Texas Department of Transportation. Contract for survey and relocation of protected freshwater mussels and aquatic vertebrate species. (PI: MRJ Forstner, co-PIs: TH Bonner and AN Schwalb).

2013. Fisheries and Oceans Canada. Contract to analyze the relationship between differences in dispersal abilities and factors structuring mussel assemblages.

2013. Keefer Ecological Services Ltd. Contract to analyze plant community and environmental data with multivariate statistics.

2012. Fisheries and Oceans Canada. Contract to analyze the impact of host fish for distribution of mussels with multivariate statistics.

2010 – 2012. Environment Canada. Lake Simcoe Cleanup Fund. Examining the role of non-summer and nearshore processes in phosphorus dynamics and oxygen depletion in Lake Simcoe." (PI: Dr. R. Smith, University of Waterloo, ON)

2010. Fisheries and Oceans Canada. Contract to examine the distribution of mussels in Ontario with multivariate statistics and to prepare report.

2008. Fisheries and Oceans Canada's Species at Risk program (SARCEP) and Interdepartmental Recovery Fund. Investigating the early life stages of the Endangered Wavyrayed Lampmussel (Lampsilis fasciola). (co-PI with TJ Morris, DFO Canada).

2. Submitted, but not Funded, External Grants and Contracts:

2020-2024 USFWS. Assessing the impact of disturbance events on freshwater mussels in Central Texas Rivers. Not funded (PI: A Schwalb).

2020-2025 NSF- CAREER grant. A multiscale experimental approach to disentangle drivers of metacommunity structure and dynamics of riverine freshwater mussels. Not funded (PI: A Schwalb).

2019-2024 NSF- CAREER grant. A multiscale observational and experimental approach to disentangle drivers of metacommunity structure and dynamics of riverine freshwater mussels Not funded (PI: A Schwalb).

2017-2019 TPWD/USFWS - Section 6. Modeling Trace Element Bioaccumulation in Texas Unionid Mussels. Not funded (PI: Jessica Dutton, co-PI: A Schwalb).

2017-2018 TPWD/USFWS - Section 6. The Impact of Drought and Dewatering on Texas Unionid Mussels in the Colorado River Basin. Not funded (PI: A Schwalb).

2015. TPWD/USFWS - Section 6. The impact of dams and hydraulic habitat on the distribution of freshwater mussels in the Colorado River – a network scale approach. Not funded (PI: A Schwalb, co-PI: TB Hardy).

3. Funded Internal Grants and Contracts:

2015 Research Enhancement Program. Vertical migration of unionid mussel species in rivers of Central Texas.

D. Fellowships, Awards, Honors:

Presidential Research Award, Texas State University Spring 2022

College Achievement Award for Excellence in Scholarly/Creative Activities, College of Science and Engineering, Texas State University 2020

NABS (North American Benthological Society) President's Award 2009

University of Guelph International Graduate Scholarship 2008

Norman James Scholarship in Aquatic Animal Ecology 2007

NABS Graduate Student Conservation Research Award 2007

University of Guelph Graduate Scholarship 2006, 2007

Brock Doctoral Scholarship Nominee 2005
by the College of Biological Sciences, University of Guelph. (not received)

Graduated "with distinction" at the University of Potsdam, Germany. 2004

IV. SERVICE

A. Institutional

Director for Aquatic Resources MS program, Texas State University 2021-present

Member of Departmental Graduate Committee 2019-present

Member of departmental scholarships committees 2015-present

Co-chair of JEDI (Justice, Equity, Diversity and Inclusion) in Biology committee, Texas State University 2022-2023

Chair of JEDI (Justice, Equity, Diversity and Inclusion) in Biology committee, Texas State University 2019-2021

Certificate for the completion of Bobcat J.E.D.I. Program - Track 2, Texas State University 2021

Mentor of the SURE program at Texas State 2018, 2020

Member of Faculty Search Committee 2018/2019
For Aquatic Wetland/Plant Ecology, Department of Biology, Texas State.

Judge for poster session at Departmental colloquium 2016, 2017

Judge for departmental 3MT competition 2016

Member of Faculty Search Committee 2014/2015

For Aquatic Toxicology, Department of Biology, Texas State.

Member of the weekly Departmental seminar committee. 2014/2015

Member of Undergraduate Curriculum Committee. 2007, 2008
Department of Integrative Biology, University of Guelph, ON.

Member of Faculty Search Committee. 2007
For Ecosystem Ecology, Department of Integrative Biology, University of Guelph, ON.

B. Professional:

Associate Editor for Freshwater Science 2024-present

Editorial board member for Freshwater Biology 2024 - present

Reviewer of manuscripts for:
Aquatic Conservation: Marine and Freshwater Ecosystems,
Biological Invasions,
Conservation Biology,
Diversity and Distributions,
Earth Interactions,
Environmental Reviews,
Environmental Science and Technology,
Earth Interactions
Freshwater Mollusk Biology and Conservation,
Freshwater Science,
Freshwater Biology,
Hydrobiologia,
Journal of Biogeography,
Journal of Great Lakes Research,
Limnology,
New Zealand Journal of Marine and Freshwater Research
Oecologia,
Science of the Total Environment

Member of the Collaborative Wildlife Protection and Recovery Initiative Freshwater Mussel Working Group 2024 – present

Judge of student presentations at SFS Meeting, Philadelphia, Pennsylvania 2024

Member of the scientific committee for the 2nd Freshwater Mollusk Conservation Society Meeting in Europe, 2023-2024

Member of the Freshwater Mollusk Conservation Society Field studies and Ecosystem Services committee since 2023

Judge of student presentations at Freshwater Mollusk Conservation Society Meeting, 2023

Portland, Oregon

Judge of student presentations at Joint Aquatic Sciences Meeting, Grand Rapids, Michigan 2022

Reviewer for Texas Academy of Science student proposal 2018, 2022

Member of the Conference Planning Committee for the 2019 meeting of the Freshwater Mollusk Conservation Society in San Antonio. 2017-2019

Judge of student presentations at SFS meeting in Salt Lake City, Utah, and at FMCS meeting in San Antonio. 2019

Reviewer for Canada-Alberta Joint Oil Sands Monitoring (JOSM) synthesis report on fish health and invertebrates 2017

Reviewer for Sigma Delta Epsilon, Graduate Women in Science fellowship applications 2016

Appointed member 2012 – 2015
of COSEWIC's (Committee on the Status of Endangered Wildlife in Canada) Molluscs Species Specialist Subcommittee, Canada

C. Community:

Board member of Burnett Ranch River Park Association (2020 – present)

Founder and organizer of outdoor group for kids in Wimberley (2020 – present)

Volunteer at PPCP Preschool in San Marcos (2019-2020)
