## WHAT IS IT?

It is a semester long initiative designed to enhance your skills as a student organization leader! You will have the freedom to personalize your development by choosing from various workshops, campus engagement opportunities, and completing self-reflections on your leadership journey. Each badge is listed below!

## WHAT CAN I GAIN FROM THIS?

This experience will give you the key skills like communication, problem-solving, and team management. You will also have the opportunity to build a strong network and gain valuable insights for future leadership roles. Upon completion, students will be recognized with a special pin and receive additional swag as a token of their achievement. Details can be found below each badge.

## HOW DO I SIGN UP?

All you have to do is notify our Student Organization Development and Administration Team by completing the linked form. From there you will be enrolled into the Bobcat Badge Pathway where you can track your progress in the Bobcat Organization Hub under 'Paths'.
