

Centerpoint Energy Utility Project

Phase 1 - March 24, 2025 - April 30, 2025

Page 1 of 3

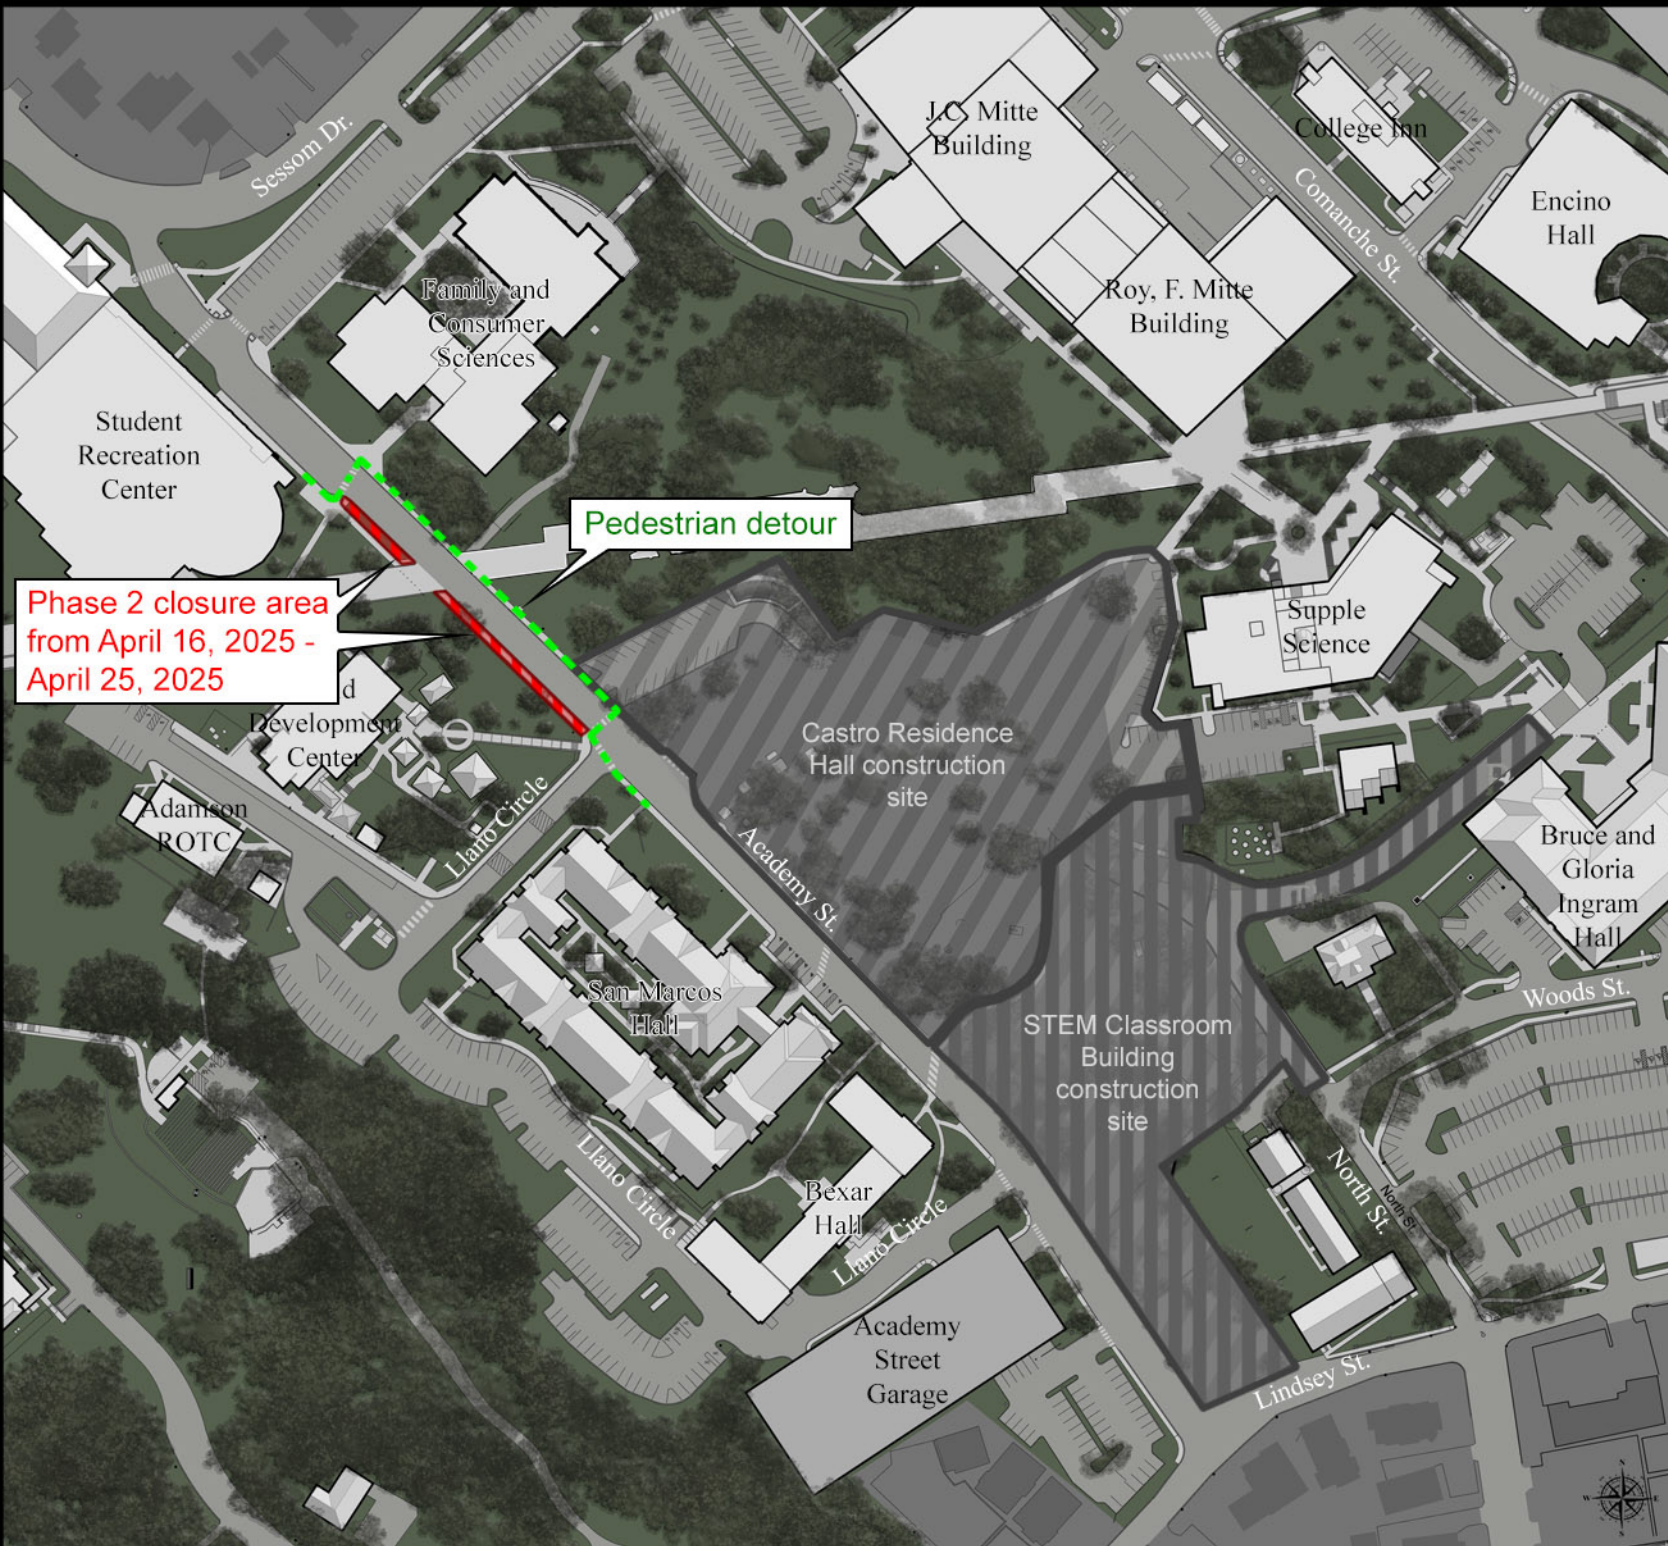

Phase I: March 24 - April 30, 2025
CenterPoint Energy will be working along Academy Street. This work requires the closure of the sidewalks in front of San Marcos Hall and Llano Circle, next to the Child Development Center (CDC). Pedestrian detours will be available behind San Marcos Hall. Child Development Center and Adamson ROTC traffic will be rerouted onto Llano Circle, between Bexar Hall and Academy Street Garage.

Centerpoint Energy Utility Project

Phase 2 - April 16, 2025 - April 25, 2025

Page 2 of 3

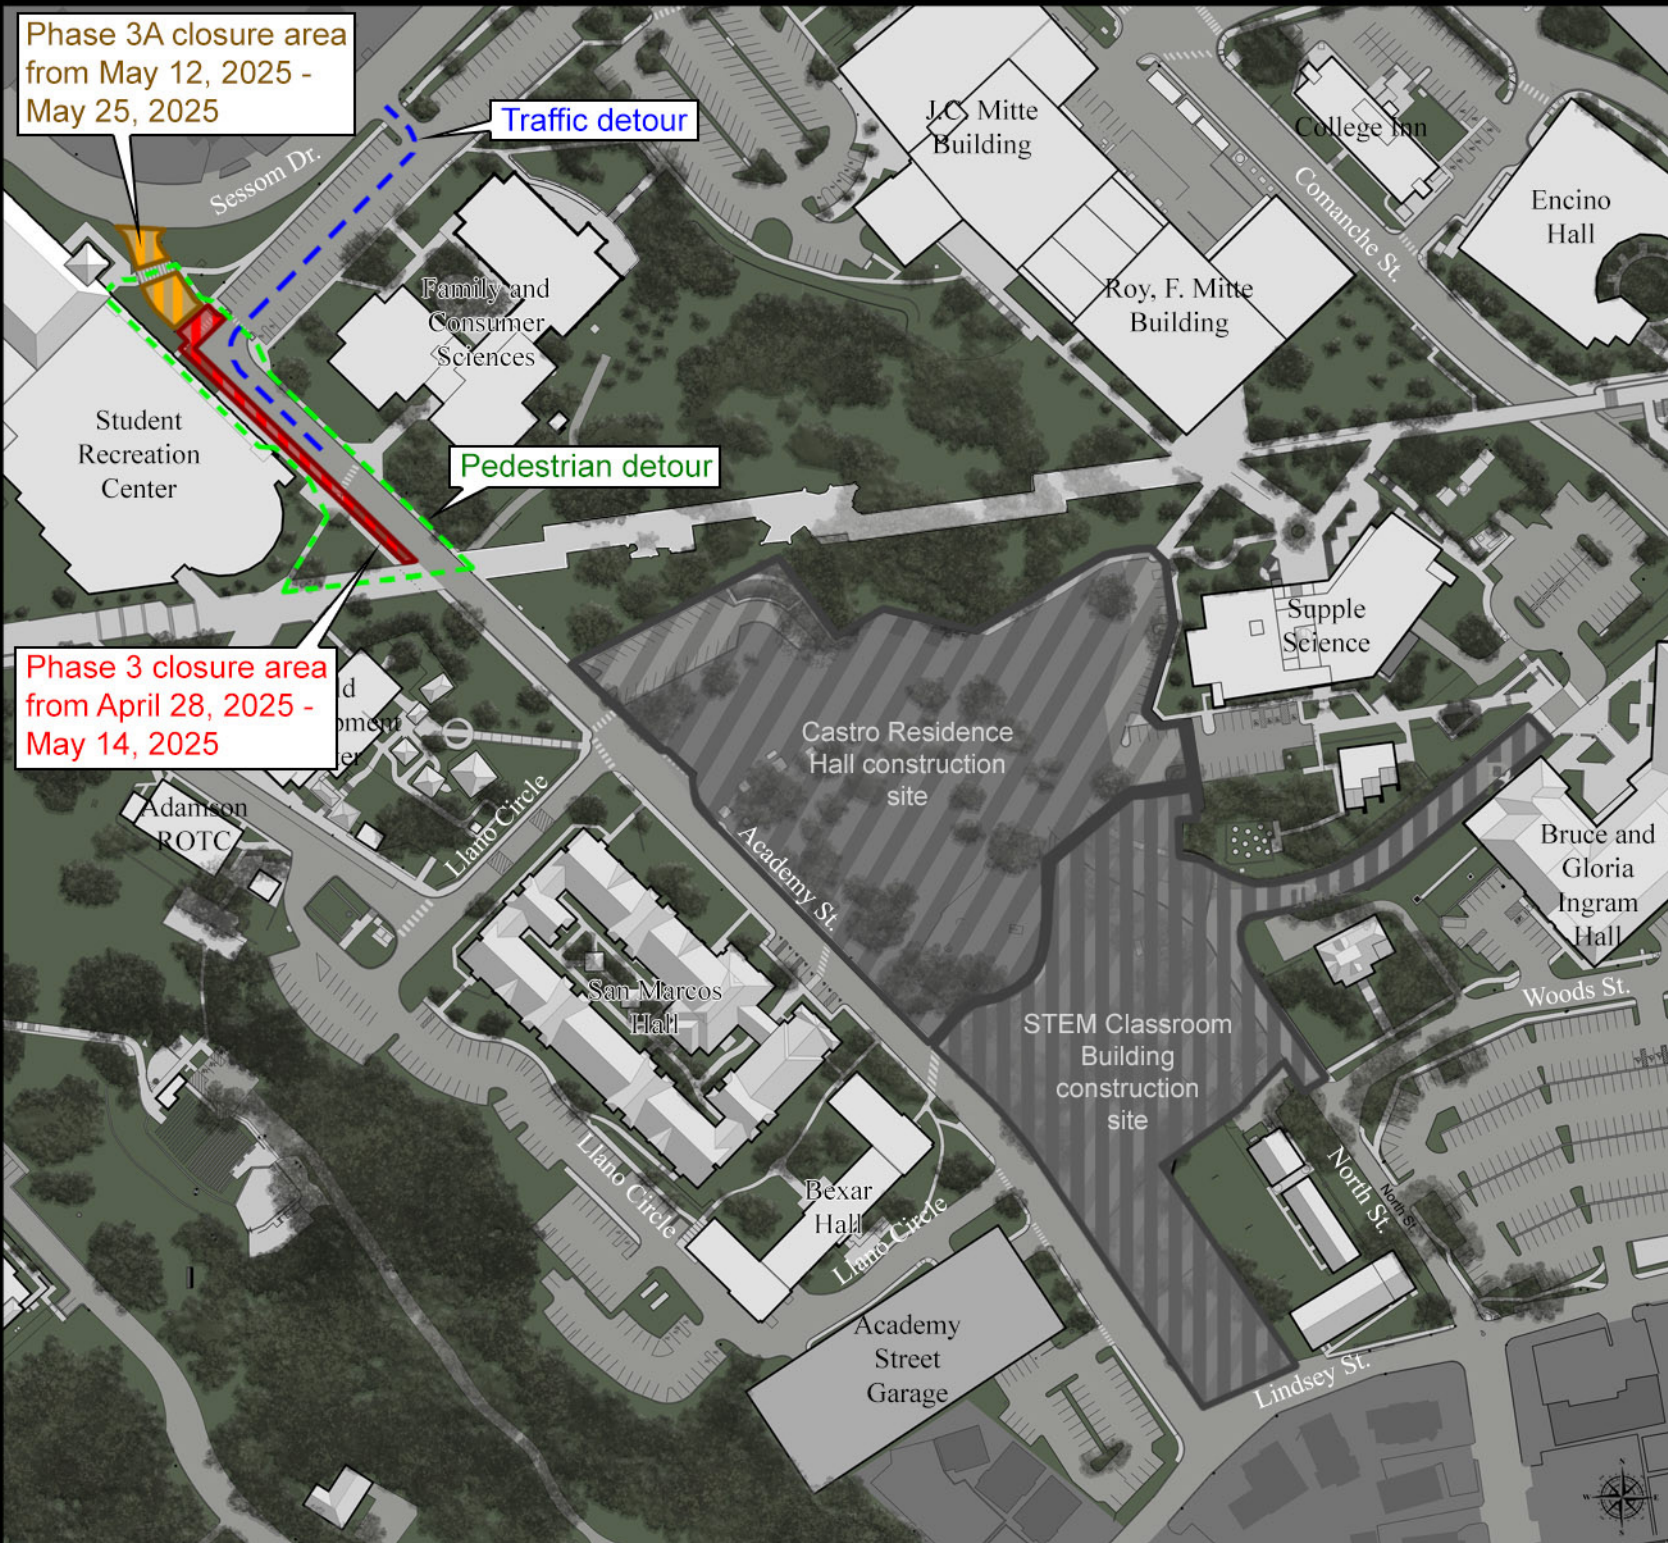

Phase II: April 16-25, 2025

CenterPoint Energy will continue work along Academy Street and will close sidewalks in front of the Child Development Center and near the Student Recreation Center. Pedestrian detours will be available on the opposite side of Academy Street.

Centerpoint Energy Utility Project

Phase 3 - April 28, 2025 - May 25, 2025

Page 3 of 3

Phase III: April 28-May 25, 2025

From April 28 - May 14, 2025, CenterPoint Energy continues working along Academy Street and will close sidewalks in front of the Student Recreation Center. Pedestrian detours will be available on the opposite side of Academy Street in front of the Family & Consumer Sciences Building. Traffic detours will reroute traffic thru parking lot R18. From May 12 - May 25, 2025, the final portion of Academy Street will be closed up to Sessom Drive.
