## DISCOVER THE LATEST DATA POINTS

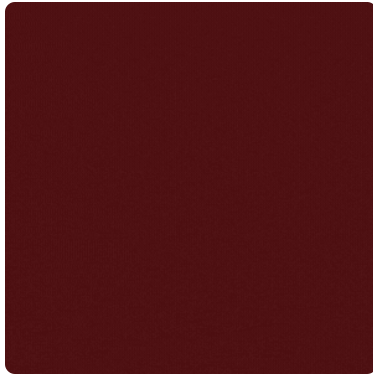

### Fall to Spring Persistence

This chart shows the fall-to-spring persistence rates for first-time, full-time undergraduate students who started at Texas State in the fall or summer and continued into the spring semester. Since Fall 2019, persistence has remained strong, with recent cohorts reaching 93%. These rates reflect the resilience of our students and the support they receive across campus. Together, we're helping Bobcats stay on track and succeed in their academic journey.

SHAPE THE DATA: TAKE THE POLL

**TAKE THE POLL**

## **April Poll**

Do you plan to participate in an in-person or virtual conference in 2025?

Help us make future newsletters even better by taking a quick poll! Your feedback helps us share the stories, data, and updates that matter most to the Texas State community. It only takes a minute—and your voice makes a difference!

## **THE ABC'S OF DATA**

### **The ABC's of Data: Program**

A formal collection of courses designed to lead to a recognized educational credential, such as a certificate, associate's degree, bachelor's degree, master's degree, doctoral degree, or first-professional degree. These programs are accredited by recognized state and federal governing bodies such as the Texas Higher Education Coordinating Board (TEHCB) and the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC).

**DATA GLOSSARY**

**REPORT CATALOG FOR QUICK & EFFICIENT ACCESS TO DATA**

## REPORT CATALOG

**EXPLORE CATALOG**

The TXST Report Catalog serves as an essential tool for our faculty and staff, offering swift access to a vast collection of over 800 reports utilized throughout both academic and administrative departments. Recently, when a department sought a report that wasn't under our management, we quickly navigated the catalog to pinpoint the most pertinent reports based on specific criteria. Each report comes with comprehensive details—including data sources, its intended purpose, and relevant contact information—making it easier than ever to locate the reports you need. By leveraging this catalog, departments can not only save valuable time but also ensure the accuracy of their data, empowering them to make well-informed decisions while fostering transparency and accessibility throughout the university.

## INSIDE LOOK

### Love Data Week 2025

Data Week 2025 was an exciting event where we collaborated with the TXST Library to celebrate the significance of data across various fields. Our office played a key role, featuring Marc Turner who delivered a compelling keynote speech on the importance of data management in shaping decisions. Furthermore, Carolina Jondron served as a judge for the eagerly awaited Datathon Competition, where students demonstrated their data analysis talents in a lively and competitive setting. The week was truly inspiring, showcasing the influence of data, teamwork, and creativity within our university community.

## WORKSHOP OPPORTUNITY

### Master the APR (Academic Program Review) Dashboard for Administrative Outcomes!

Are you responsible for reporting administrative outcomes for academic programs at the university? Join us for a follow-along, hands-on workshop where we'll walk you through the APR Tables —

a CatStats report designed to streamline your reporting process. In this interactive session, you'll learn how to:

- Navigate the tables with confidence
- Interpret key visualizations and data points
- Utilize features to simplify reporting

Whether you're a first-time user or just need a quick refresher, this workshop will equip you with the skills and insights to confidently navigate the report. Don't miss out—sign up today!
