

**MCCOY COLLEGE BUSINESS ADMINISTRATION
COMMITTEE RECOMMENDATIONS AND DUTIES
8-31-24**

The McCoy College houses the standing committees listed below. Committee members are either elected or appointed to three-year, staggered terms unless otherwise required by university policy. Each department is responsible for conducting elections in the spring semester for elected positions to start the following fall semester. Unless otherwise required by university policy, elected committees consist of one representative from each department elected by the department's participating faculty as defined in CBAPPS 2.06 plus an ex-officio, non-voting, chair appointed by the dean. Typically, a committee chair appointed by the dean will serve no more than two consecutive terms. Appointed committees consist of one representative from each department plus an ex-officio, non-voting, chair appointed by the dean. If a committee member, elected or appointed, is unable to complete a full term, the department chair, on the advice of the senior faculty, will appoint a replacement to complete the unexpired term. The chair of each committee will prepare, by October 1, a document displaying committee goals for the year and send a copy to the dean. In addition, the chair will keep minutes of each meeting and distribute them to the dean, associate deans, department chairs and others as appropriate. A summary of the committee's activities is due to the dean prior to the end of the spring term faculty meeting. The dean may appoint additional ad hoc committees as needed.

ELECTED COMMITTEES

College Research Enhancement Program Committee

Only faculty classified as Scholarly Academic are eligible to serve on this committee and these members are ineligible to submit proposals. The chair of the committee is appointed by the Faculty Senate for a three-year term. Reviews proposals submitted to the University Research Enhancement Program.

Research Committee

Only faculty classified as Scholarly Academic are eligible to serve on this committee. Members of the committee who have submitted proposals should recuse themselves when their proposal is discussed by leaving the meeting so the remaining members can freely discuss and vote on the proposal. The associate dean for research is an ex-officio member of the committee. Recommends and coordinates activities to foster quality scholarly activity for all McCoy College faculty. Coordinates the McCoy College research grants program, including the distribution of the call for proposals, evaluation of proposals, and recommendations for funding to the associate dean for research. Collects and evaluates follow-up reports from funded research projects. Coordinates the public presentation to McCoy College faculty of research results from funded proposals. Recommends candidates for the Woods Research Award and schedules a public presentation to the college of the recipient's research. Establishes research goals and standards of research quality for Peer Reviewed Journals and Other Intellectual Contributions.

The research committee works to foster a culture where quantitative and qualitative research is used to advance business understanding, improve student learning, and benefit university constituents. The committee is charged with evaluating research proposals for grant funding; promoting research achievements of McCoy faculty via newsletters, website communications, and college-wide presentations; encouraging cross-disciplinary research efforts via networking; and evaluating candidates for prestigious research awards in the college. In these regards, the committee is a dynamic resource in the advancement of business-relevant and socially significant research.
