

SERVICE-LEARNING EXCELLENCE

A Heartfelt Thank You for an Inspiring Service-Learning Showcase

On April 4th, we were proud to host our *first* Service-Learning Showcase – a vibrant event spotlighting the impactful work of our Faculty Fellows and their students. Through engaging posters and conversations, presenters shared innovative service-learning projects, initiatives, and research that demonstrate the powerful connection between education and community engagement.

We're thrilled to announce the event was a resounding success! Thank you to everyone who joined us, from presenters to attendees—your energy, thoughtful dialogue, and support made the event truly special.

"Hearing from my students how they learned, how they were able to put what they learned into practice, and the pride they have in what they have accomplished; this is what stands out the most."

Dr. Steven Rayburn
