Experiences in Consumer Affairs

The bachelor of science in family and consumer sciences major in consumer affairs provides a comprehensive study of personal and family financial decisions and the role of the consumer in the economy. Three concentration options are offered. The personal financial management concentration prepares students to work in areas of consumer advocacy and protection, personal financial planning, financial counseling, nonprofit management, and governmental agencies. The family and consumer sciences concentration is a comprehensive program including preparation in specific subject matter areas of family and consumer sciences including child development, food and nutrition, housing and financial management, fashion and textiles, and consumer sciences. The family and consumer sciences teacher certification concentration is a broad program including preparation in specific subject matter areas of family and consumer sciences and teaching including preparation for teacher certification. The concentration emphasizes teaching at the middle and high school levels in the topics of child development, families, communications, food and nutrition, personal finances, housing, fashion design, fashion merchandising and textiles.
