

A map showing a section of Loquat St. highlighted with red diagonal stripes, indicating a road closure. The closure extends from a residential area in the northwest, through a green field, and ends near the intersection with Sessom Dr. in the southeast. A dashed red line shows the path of construction traffic. A callout box points to the closed section, and another points to the construction traffic path. The Student Health Center is visible in the bottom right.

Road closed May 5, 2025 -  
February 10, 2026 for  
City of San Marcos project

Construction  
traffic only

Loquat St.

Sessom Dr.

Student  
Health  
Center

Beginning May 5, 2025 and continuing through February 10, 2026, the City of San Marcos will close a section of Loquat Street to facilitate Phase II of the Sessom Creek Bank Stabilization Project. Access to the remaining portion of Loquat Street will be restricted solely to construction-related vehicles. The entrance from Loquat Street to the contractor parking lot will be closed as well.
