## SEMESTER REPORT AT A GLANCE -

### SUCCESS COACHING SPRING 2025

## SUCCESS COACHING

Success Coaching is a series of one-on-one, personalized meetings between a student and Success Coach to support the student in achieving their semester outcomes. Students discuss goals they want to accomplish and barriers to academic success; Success Coaches guide students through resources, support self-efficacy, and develop a partnership of accountability with the student.

Success Coaching has existed in various forms and iterations at Texas State University since 2012. Success Coaching was moved under SLAC in Fall 2023 in a transition semester without an Assistant Director. A new Assistant Director was hired at the beginning of Spring 2024 with significant changes implemented that semester. The 2024-2025 academic year is being considered a benchmark to measure subsequent years and data for Success Coaching.
