SEMESTER REPORT AT A GLANCE -

SUCCESS COACHING 2025

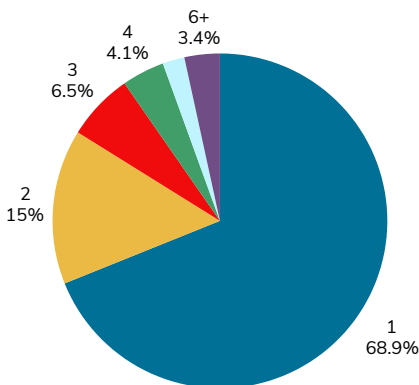

SUCCESS COACHING

Success Coaching is a series of one-on-one, personalized meetings between a student and Success Coach to support the student in achieving their semester outcomes. Students discuss goals they want to accomplish and barriers to academic success; Success Coaches guide students through resources, support self-efficacy, and develop a partnership of accountability with the student. With leadership changes in Spring 2024, the 2024-2025 academic year is being considered a benchmark to measure subsequent years and data for Success Coaching.

“ I felt genuinely comfortable tell my Success Coach whenever I was having bad grades and they would make sure to give me advice on how I could improve. ”

SUCCESS COACHING STUDENT CLIENT QUOTES

“ My Success Coach was a light, empathic, and helped me see the potential I had inside of me. I cannot thank them enough in both becoming confident in my academic abilities and beholding my confidence in general! ”

- Success Coaching Client

“ My Success Coach was a person that was easy to talk to and made the environment feel welcoming. That was the first time I've gotten academic support and was able to feel like a person rather than just another student coming for help. ”

“ I am so glad I had the opportunity to work as a Success Coach the past two years while I completed my graduate level courses. I had the pleasure of working with a wonderful team of fellow graduate students, refined skills I will carry with me through my career, and made an impact on the lives of my students. ”
