		colleagues and leaders.  Develop and review your <u>resume</u> with Career Services.	Develop an internship plan with <u>Career Services</u> or your academic department.  Report your internship offers to <u>Career Services</u>	

## Economics | Bachelor's Degree

**OUTCOMES** 

#### Marketable Skills

Think critically

Analyze and solve problems

Communicate clearly and effectively

Analyze and interpret statistical information

Identify and locate sources of economic data

See more marketable skills for this major

### **Experiences in Economics**

Students of the bachelor of business administration economics major (BBA) study the use of scarce resources to satisfy unlimited wants. The department's introductory courses meet the need for basic economic and legal understanding in a complex modern society. Upper-division economics and business law courses build upon this foundation. Students of the bachelor of arts in economics major (BA) have the flexibility to design a large part of their curriculum to suit their needs and enter careers in business, government, or education or attain graduate degrees in business, law, or economics. Either focus includes the internship program option to gain field experience. Students have access to the McCoy college of business student success center as well as a variety of options for membership in student organizations.
