## **Experiences in Human Geography**

The bachelor of arts degree with major in human geography emphasizes the social science elements of geographical study. Human geography prepares students for employment in community outreach, public policy, sustainability, international aid and development, transportation and tourism, and social systems science. Students are required to complete a minor and can choose any Texas State approved minor. Students may participate in faculty-led study abroad or Study in America trips, develop a professional community at association or networking events, or join student organizations for a well-rounded experience.

## **Career Opportunities**
