Experiences in Management

The bachelor of business administration in management program develops fundamental skills in the core business disciplines needed to become an effective and successful leader in today’s dynamic, global business environment. The BBA in management degree plan addresses major business elements including accounting, economics, finance, management and marketing. The major includes optional concentrations in entrepreneurial studies or human resources. Diverse and experienced faculty develop students’ planning, problem-solving, critical thinking and interpersonal skills. Students have access to the McCoy college of business student success center as well as a variety of options for membership in student organizations. Optional concentrations in entrepreneurial studies, human resource management, or leadership and decision-making studies are available.
