**Comments**

\*\*C" or Better required

To graduate from Texas State University, students are required to earn a minimum of 36 advanced hours (24 of which must be from Texas State) and 18 advanced hours of PSY coursework (12 of which must be from Texas State). Prospective students should use caution when transferring in an excessive amount of lower-level coursework as they may be required to take additional classes to meet the advanced hour requirement.

Repeating Courses: A course taken for transfer credit must be repeated as transfer credit to count as a repeat. When a course is taken more than once from a transfer institution, the second grade (first repeat) and all subsequent grades (repeats) are included in computing the Overall hours attempted, grade points earned and GPA. "W" and "I" grades are excluded. Review [the full policy](#) for more information.

This transfer pathway is for planning purposes only, students should seek regular academic advising and consult the [undergraduate catalog](#) to ensure they remain on track to satisfy all degree requirements.
