CONSENT/APPENDIX

TSUS: Approval of Consent Agenda

Upon motion of Regent _____, seconded by Regent _____,
it was ordered that:

The Board acknowledge those items on the Consent Agenda which have been reviewed and approved at the campus level as being presented to the Board for informational purposes only, and that all other items on the Consent Agenda that are not for informational purposes only, be approved.

Background

This clarification is provided to acknowledge items presented to the Board for informational purposes only, and those items presented for approval, on the Consent Agenda. Because Consent Agenda items have been reviewed at the System and campus levels and are otherwise considered routine in nature, the Board determines it to be in the public interest that such items be approved under one vote unless any board member requests that an item(s) be removed for separate discussion and vote. *Consent items are found at the end of each section.*

TSUS: Election of Chairman of the Board

Upon motion of Regent _____, seconded by Regent _____, it was ordered that:

Regent _____ be elected as Chairman of the Board to serve a term, commencing immediately upon passage of this motion, and ending in November 2026.

Explanation

The Texas State University System Chairman is elected by majority vote of the Board at the November meeting each year as per *Rules and Regulations, Chapter I, Sub-paragraph 5.1*.

TSUS: Election of the Vice Chairman of the Board

Upon motion of Regent _____, seconded by Regent _____, it was ordered that:

Regent _____ be elected as the Vice Chairman of the Board to serve a term commencing immediately upon passage of this motion and ending in November 2026.

Explanation

The Texas State University System Vice Chairman is elected by majority vote of the Board at the November meeting each year, as per *Rules and Regulations, Chapter I, Sub-paragraph 5.1*.

SHSU: Degree Program Addition — Doctor of Physical Therapy

Upon motion of Regent _____, seconded by Regent _____, it was ordered that:

Sam Houston State University be authorized to offer a Doctor of Physical Therapy, housed in the Department of Physical Therapy, within the College of Health Sciences with an implementation date of September 1, 2027, upon final approval by the TSUS Board of Regents and the Texas Higher Education Coordinating Board.

Explanation

The proposed, 106 semester credit hour (SCH), Doctor of Physical Therapy program offers a uniquely integrated approach combining four distinct clinical education experiences (ranging from 8-10 weeks each) with innovative Integrated Clinical Experiences throughout all three years, providing students with more extensive real-world exposure than typical programs. The proposed Doctor of Physical Therapy program's emphasis on hands-on learning and collaborative practice ensures graduates enter the workforce with superior clinical readiness and professional confidence.

In Texas, 13 institutions offer a Doctor of Physical Therapy program under the proposed CIP Code 51.2308 Physical Therapy/Therapist, with more than half (53.8%) of the competing programs predominately trending positively year-over-year. The ten-year projections (2024-2034) for Physical Therapy target occupations in Texas are projected to increase 23.8%, surpassing the national average growth rate of 18.1%. Furthermore, unlike a Ph.D. in Physical Therapy, the proposed Doctor of Physical Therapy professional doctorate program will be a direct pathway with a clear career trajectory into physical therapy practice. When examining Texas job posting trends for Physical Therapists over the past three years (2022-2025), 431 unique postings require a Doctor of Physical Therapy, compared to 248 unique postings that require a PhD in Physical Therapy. The posting intensity, or employer demand, is also higher for the Doctor of Physical Therapy with a 5:1 posting intensity with 67 employers competing, compared to a PhD in Physical Therapy with a 4:1 posting intensity and 22 employers competing.

In addition, a comprehensive survey conducted among current College of Health Sciences undergraduate students (N=56) demonstrates overwhelming support and interest in establishing a Doctor of Physical Therapy program with 78% of respondents expressing a *very strong interest* in pursuing a career in physical therapy, and 85% of surveyed students indicating they would *seriously consider applying* to a Doctor of Physical Therapy program at Sam Houston State University.

Upon completion of the proposed Doctor of Physical Therapy degree program, students will be able to:

1. Provide evidence-based, patient-centered care that promotes optimal function and quality of life for all patient populations.
2. Deliver individualized care with professional respect and clinical effectiveness and promote positive outcomes in every interaction.
3. Build meaningful connections with patients, families, and colleagues through empathy, integrity, and ethical practice.

4. Work effectively as part of interdisciplinary teams to provide coordinated, high-quality healthcare.
5. Apply advanced technologies and emerging trends to enhance clinical outcomes and patient experiences.
6. Demonstrate a continuous pursuit of personal and professional growth through reflection, education, and engagement with the evolving field.
7. Lead initiatives that address healthcare disparities, promote prevention, and improve population health.
8. Conduct, evaluate, and apply research to advance knowledge and improve practice.

The following courses comprise the Doctor of Physical Therapy curriculum:

- DPTH 7107 Doctoral Project I
- DPTH 7109 Integrated Clinical Experience I

TXST: Authorization for Conferring the Honorary Degree, Doctor of Humane Letters (L.H.D.), upon Mr. James S. Taylor

Upon motion of Regent _____, seconded by Regent _____, it was ordered that:

Texas State University be authorized to confer the degree Doctor of Humane Letters, *honoris causa*, upon Mr. James S. Taylor.

Explanation

Mr. James S. Taylor, a distinguished business leader and global strategist, has dedicated his career to fostering cross-border economic development, advancing public policy, and supporting higher education.

Born in Texas in 1958 and raised in Ciudad Victoria, Mexico, Mr. Taylor earned a Bachelor of Arts in International Studies from Texas State University in 1981. As a student, he was active in Sigma Delta Pi, Kappa Alpha Order, and the Gold Star Society. He was recognized in Who's Who Among Students in American Colleges and Universities. He later completed the Executive Education Program at Stanford Graduate School of Business.

Mr. Taylor began his career as a professor of International Politics at Universidad Autónoma de Tamaulipas before serving as head of International Tourism for the Ministry of Economic and Tourist Development of Tamaulipas. He later worked as Special Assistant for Hispanic Affairs and Mexico Relations to United States Senator Lloyd Bentsen and as Chief of Staff to the Commissioner of the U.S. International Trade Commission. In 1991, he transitioned to the private sector as Vice President at Burson-Marsteller.

In 1992, Mr. Taylor founded Public Strategies, Inc., pioneering a public affairs model that applied political campaign strategies to corporate initiatives. After exiting the firm in 2004, he launched CIMA Strategies Ltd., a Mexico-based consultancy specializing in law enforcement technologies. He co-founded ViaNova, a strategic advisory firm serving clients at the intersection of business, policy, and politics. ViaNova has advised major organizations, including AT&T, NASA, MD Anderson Cancer Network, the NBA, and Bank of America. Mr. Taylor also co-founded Grupo Compadres, LLC, an Austin-Oaxaca-based partnership producing SUSTO Mezcal, a women-owned enterprise rooted in cultural heritage and entrepreneurship.

Mr. Taylor's leadership extends to civic and cultural engagement. He serves on the board of Austin PBS and has supported numerous nonprofits, including CARITAS of Austin and the Tomás Rivera Policy Institute. In 2001, he was named a Distinguished Citizen of Ciudad Victoria. In 2018, the Spanish government appointed him as the first Honorary Consul of Spain in Austin, where he facilitated economic and cultural ties between Spain and Central Texas.

A proud Texas State University alumnus, Mr. Taylor received the College of Liberal Arts Distinguished Alumni Achievement Award in 2017 and was named a Distinguished Alumnus in 2020. He has served on the Texas State Development Foundation Board, including terms as vice chair and chair, and is a current member of the Wittliff Collections Advisory Council.

Through his visionary leadership in business, diplomacy, and education, Mr. Taylor exemplifies the values of global engagement, innovation, and service that this honorary degree seeks to honor.

TXST: Authorization for Conferring the Honorary Degree, Doctor of Humane Letters (L.H.D.), upon Mr. Mark K. Updegrave

Upon motion of Regent _____, seconded by Regent _____, it was ordered that:

Texas State University be authorized to confer the degree Doctor of Humane Letters, *honoris causa*, upon Mr. Mark K. Updegrave.

Explanation

Mr. Mark K. Updegrave, an acclaimed presidential historian, author, and media executive, has dedicated his career to chronicling and interpreting the American presidency while advancing civic education and public discourse.

Born in Abington, Pennsylvania, Mr. Updegrave attended George School, where he later received the Distinguished Alumnus Award (2015). He earned his degree from the University of Maryland, College Park. His early career included leadership roles in media and publishing with Time, Newsweek, Nickelodeon, MTV, and Yahoo. During this period, he published his first book, *Second Acts: Presidential Lives and Legacies After the White House* (2006).

In 2009, Mr. Updegrave was appointed Director of the Lyndon Baines Johnson Presidential Library and Museum. Over the course of eight years, he oversaw major exhibitions, educational programming, and archival stewardship. He hosted the historic 2014 Civil Rights Summit, commemorating the 50th anniversary of the Civil Rights Act, featuring President Barack Obama and former Presidents George W. Bush, Bill Clinton, and Jimmy Carter, alongside civil rights leaders such as John Lewis and Andrew Young. During his tenure, he authored *Baptism by Fire* (2009), *Indomitable Will* (2012), and *The Last Republicans* (2017), based on exclusive interviews with Presidents George H.W. Bush and George W. Bush.

In 2018, Mr. Updegrave became President and CEO of the Lyndon Baines Johnson Foundation, supporting the LBJ Library and the LBJ School of Public Affairs at The University of Texas at Austin. He has since published *Incomparable Grace: JFK in the Presidency* (2022) and *Make Your Mark: Lessons in Character from Seven Presidents* (2025). He also serves as the presidential historian for ABC News and appears regularly on CNN and MSNBC. His media work includes executive producing CNN's *LBJ: Triumph and Tragedy* (2022) and hosting PBS's *Live From the LBJ Library with Mark Updegrave* (2024).

Mr. Updegrave has contributed to leading publications, including The New York Times, Politico, Texas Monthly, and Time. He lectures widely at universities such as Harvard University, Rice University, and the University of Virginia, and co-teaches "The Johnson Years" at The University of Texas at Austin. He is a member of the Council on Foreign Relations and the Philosophical Society of Texas.

Mr. Updegrave's long-standing relationship with Texas State University includes delivering the 2019 commencement address, participating in the LBJ Distinguished Lecture Series, and contributing to Hillviews magazine. His scholarship and leadership have deepened the understanding of presidential history and advanced the legacy of President Lyndon B. Johnson, whose transformative years began at Texas State.

Through his distinguished career as a historian, author, educator, and civic leader, Mr. Updegrove exemplifies the values of scholarship, public service, and engagement that this honorary degree seeks to honor.

TXST: Authorization for Conferring the Honorary Degree, Doctor of Humane Letters (L.H.D.), upon Mr. Sergio L. Rodriguez

Upon motion of Regent _____, seconded by Regent _____, it was ordered that:

Texas State University be authorized to confer the degree Doctor of Humane Letters, *honoris causa*, upon Mr. Sergio L. Rodriguez.

Explanation

Mr. Sergio L. Rodriguez, a native of Alice, Texas, and long-time Austin resident, is an accomplished business leader and philanthropist dedicated to advancing educational opportunities for first-generation college students.

Mr. Rodriguez earned a Bachelor of Arts in Architecture from Princeton University and a Master of Business Administration from the University of Michigan's Stephen M. Ross School of Business. His early career included serving as an owner's representative for the United States Holocaust Memorial Museum in Washington, D.C., where he coordinated design and construction efforts leading to the museum's opening. He later spent two decades with CGI Technologies and Solutions, managing large-scale IT systems integration projects for government and commercial clients worldwide.

In 2015, Mr. Rodriguez became Vice President of GALO OPS, LLC, a family enterprise managing ranching operations and mineral rights across South Texas. This business was built by his great-aunt and uncle, Gloria and Hector López, whose success in ranching, real estate, and oil and gas laid the foundation for transformative philanthropy.

In 2017, the Hector and Gloria López Foundation (HGLF) was established to honor the legacy of Hector and Gloria López. Under Mr. Rodriguez's leadership as President and CEO, HGLF has become a leading advocate for first-generation college students in Texas. The foundation partners with universities to provide full scholarships and comprehensive support, including housing, mentorship, tutoring, and paid internships, assuring students graduate debt-free and prepared for leadership roles. To date, HGLF has awarded millions in grants to institutions such as Texas A&M University-Kingsville, The University of Texas at San Antonio, The University of Texas at El Paso, St. Mary's University, University of the Incarnate Word, Our Lady of the Lake University, St. Edward's University, Texas A&M University-San Antonio, and Texas A&M International University.

In 2023, HGLF partnered with Texas State University to launch the López Scholars, a \$1.79 million initiative supporting 15 first-generation students annually for five years. This program prioritizes opportunities over traditional metrics, empowering students from diverse backgrounds to achieve academic and professional success.

Beyond his philanthropic work, Mr. Rodriguez serves on the Board of Trustees at St. Edward's University. He is a member of the Austin Area Research Organization and the Philosophical Society of Texas. He has previously served on the boards of Austin PBS, Austin Community Foundation, Breakthrough Central Texas, and Con Mi MADRE. He has also acted as a mentor for The New Philanthropists.

Through his leadership, vision, and commitment to education, Mr. Rodriguez has created pathways for countless students to achieve intergenerational mobility and become future leaders and philanthropists.

LIT: Approval of Lamar Institute of Technology's Strategic Plan — Impact 2030

Upon motion of Regent_____, seconded by Regent_____, it was ordered that:

The Lamar Institute of Technology Strategic Plan: Impact 2030 be approved.

Explanation

Impact 2030 outlines Lamar Institute of Technology's strategic direction for the next five years, emphasizing clear priorities and a unified commitment to preparing individuals and driving progress. It articulates a bold vision: *Lamar Institute of Technology will serve as a catalyst for innovation and opportunity, advancing technical programs and strengthening industry partnerships to promote workforce excellence and foster economic growth.*

This vision is anchored in LIT's mission: *Lamar Institute of Technology provides student-centered technical education and workforce training that lead to credentials of value, career advancement, and economic mobility.*

LSCPA: Create a New Associate of Applied Science in Artificial Intelligence and Machine Learning

Upon motion of Regent _____, seconded by Regent _____, it was ordered that:

Lamar State College Port Arthur be authorized, in accordance with the rules and regulations for the Texas Higher Education Coordinating Board and Southern Association of Colleges and Schools Commission on Colleges, to offer an Associate of Applied Science degree in Artificial Intelligence and Machine Learning.

Explanation

Artificial Intelligence and Machine learning are the current and future disciplines fostering the next generation of computer science, networking, cloud, and high-performance computing environments. AI enables computers and machines to simulate human learning, comprehension, problem solving, decision making, creativity and autonomy. Texas is ranked 4th in the United States for job postings with AI mentioned (2,003 job postings) and roles for AI/Machine Learning Specialists are projected to grow ~40% by 2027. The Associate of Applied Science in Artificial Intelligence and Machine Learning is designed to provide training for students to pursue a career in multiple fields currently using AI and machine learning including AI engineering, data scientist, and AI trainers for robots.

LSCPA: Create a New Veterinary Technician Certificate Program

Upon motion of Regent _____, seconded by Regent _____,
it was ordered that:

Lamar State College Port Arthur be authorized to begin a level one certificate
program in Veterinary Technician beginning Fall of 2026.

Explanation

This level one certificate is designed to prepare students to assist Veterinarians in the daily operations at a veterinary clinic. The 16 SCH certificate is designed to be completed in two semesters. Labor market information projects a 29.01% growth rate through 2032 in southeast Texas, while the national growth rate is projected at 39.87%.

Providing students with this level one certificate allows LSCPA to meet the goals of Building a Talent Strong Texas strategic plan of the Texas Higher Education Coordinating Board for attainment of postsecondary credentials and postsecondary credentials of value.

Texas State University System Certified Enrollment Report
Summer 2025

Definitions of Terms	
Contact Hours	A unit of measure that represents an hour of scheduled instruction given to students of which 50 minutes must be of direct instruction. Also referred to as clock hour.
Flex-Entry	Means by which institutions can report and be funded for semester credit/contact hours in classes that were not organized by the census date (universities) or did not have its census date until after the census date of the term (CTC) but otherwise met the state-mandated funding requirements. These students are not included in the official headcount, unless they are also enrolled in courses which meet census day requirements.
Full-Time Student Equivalent (FTSE)	Uses semester credit hours (SCH) to calculate the number of full-time equivalent students at an institution. The THECB uses the following formulas: 1 undergraduate FTSE student = 15 SCH (12 SCH in Summer) 1 master's FTSE student = 12 SCH (9 SCH in Summer) 1 doct-professional FTSE = 12 SCH (9 SCH in summer) (1 doct-prof COM FTSE = 1 student headcount) 1 doct-research FTSE student = 9 SCH (6 SCH in Summer) 1 continuing ed FTSE student = 300 contact hours
Headcount	The unduplicated count of students enrolled in a semester or term.
Out-of-State/Online	Enrollment of an non-Texas resident living out-of-state in a fully online course.
Semester Credit Hour (SCH)	A unit of measure representing an hour (50 minutes) of instruction over a 15-week period in a semester or trimester system or a 10-week period in a quarter system.

TSUS: INFORMATIONAL: Preliminary Enrollment Report

Fall 2025 Preliminary Enrollment Report for the Texas State University System components. The certified enrollment data for Fall 2025 will be reviewed at the February meeting.

BACKGROUND

In accordance with the System *Rules and Regulations, Chapter III, Section 5 Academic and Health Affairs Procedures, Subsection 5.2 Reports*, The Academic and Health Affairs Committee shall examine reports on the academic well-being of the Component Institutions on a regular basis, including, but not limited to, student enrollment, student success, and Faculty workload.

2.K. TSUS: CONSENT: Establishment of Faculty Senates/Councils

2.L. TSUS: CONSENT: Out-of-State/Out-of-Country Study Programs

TSUS: Establishment of Faculty Senates/Councils

Upon motion of Regent _____, seconded by Regent _____, it was ordered that:

The following component institutions of the Texas State University System be authorized to establish Faculty Senates/Councils effective upon Board approval:

- Lamar University (LU)
- Sam Houston State University (SHSU)
- Sul Ross State University (SRSU)
- Texas State University (TXST)
- Lamar Institute of Technology (LIT)
- Lamar State College Orange (LSCO)
- Lamar State College Port Arthur (LSCPA)

Explanation

Under the Rules and Regulations of the Texas State University System, only the Board of Regents may authorize the establishment of a faculty senate or council at a component institution, upon recommendation by the Chancellor.

In light of recent statutory and governance updates prompted by passage of *Senate Bill 37 (89th Texas Legislature, 2025)*, each component institution has proposed a new set of Faculty Senate/Council bylaws to ensure alignment with current legal and policy frameworks. These bylaws were reviewed and approved by the respective Chief Academic Officer/Provost and President, and subsequently reviewed by the Vice Chancellor for Academic and Health Affairs and the Vice Chancellor and General Counsel to confirm consistency with System policies, applicable laws, and governance requirements.

The bylaws for each institution establish faculty-only membership, representation parameters, advisory scope, officer appointments by the president, and meeting procedures consistent with Board policy. Approval of this motion will formalize the faculty senates' advisory structures across all component institutions, ensuring compliance with System governance standards, *Senate Bill 37 (2025)* provisions, and the TSUS Rules and Regulations.

TSUS: Out-of-State/Out-of-Country Study Programs

Recommendation

The proposed Out-of-State/Out-of-Country Course Offerings for the following Texas State University System components be approved.

Background

In accordance with the System *Rules and Regulations, Chapter III, Section 1. (10) Curriculum Matters, Subsection 1.(10)6* Out-of-state course offerings shall be submitted to the Board of Regents for approval.

TXST: Ground Lease and Development Agreement of 429 and 403 N. Guadalupe Street

Upon motion of Regent _____, seconded by Regent _____, it was ordered that:

Texas State University be authorized to enter into a 75-year ground lease with two possible ten-year extensions for 3.04 acres at 429 and 403 N. Guadalupe Street, a development agreement for the purposes of creating a hotel on the site, and a promissory note to fund the construction of the project with Midway Hospitality, L.P., and that the Chief Financial Officer of the University be authorized to execute all documents and instruments necessary to carry out this transaction.

Explanation

Parties to the Contract:	Texas State University ("TXST") and Midway Hospitality, L.P., ("Midway").
Description of the Property:	3.04 acres across four land parcels located at 429 and 403 N. Guadalupe, San Marcos, TX 78666.
Proposed Use of the Property:	To construct an upper-upscale, full-service, 130-key hotel and retail operations.
Price:	Key components include: base rent for the parcels exceeding the appraised fair market value of the land; a percent of gross revenues share; at least 200 annual room night credits for the university's use, and rent for parking provided by the university.
Duration:	From the Effective Date of the Agreements and ground leases through the term of the ground lease of seventy-five (75) years from commencement date with two ten (10) year optional renewal terms. At termination, all improvements revert ownership to TXST. The promissory note will be for a period of 7 years.
Source of Funding:	Revenues - will be deposited into the university's general fund to offset instructional costs and student scholarships. Promissory Note - to be funded from University cash reserves.
Review Statement:	Texas State University affirms that all agreements and leases pursuant to this motion will be reviewed and approved by the Vice Chancellor and Chief Financial Officer and will be approved as to legal form by the Vice Chancellor and General Counsel prior to execution.

Compliance Statement:

Texas State University verifies that this request complies with applicable state laws, TSUS Rules and Regulations, and the TSUS Contract Management Handbook.

TSUS: INFORMATIONAL: Operating Budget Adjustments

The Texas State University System Rules and Regulations (Chapter III, Paragraph 1.31) requires adjustments to the annual operating budgets be presented to the Board of Regents on a semi-annual basis.

TSUS: INFORMATIONAL: Annual Foundation Reports

The Texas State University System *Rules and Regulations (Chapter IX, Paragraph 4.3)* requires an annual report from “private support organizations.” The reports from those organizations follow.

Lamar University Foundation, Inc.
Annual Report to the Board of Regents

Purpose:

The Lamar University Foundation is a non-profit corporation formed exclusively for charitable, educational, and scientific purposes. The Foundation is organized and operated to receive, hold, invest, reinvest, and administer assets solely for the benefit of Lamar University. Under the control and direction of the Board of Trustees, the Foundation oversees the management and expenditure of funds for the purposes of assisting the University in obtaining and maintaining the best faculty, staff, and students, and for the establishment and maintenance of facilities and laboratories to be used by the University, and for the advancement of research and other literary and scientific undertakings. The Foundation accepts donations and gifts of money and property. The Lamar University Foundation manages the investments and serves as trustee of the endowed gifts, funds and other private assets contributed to benefit Lamar University. All assets are managed to meet current and future needs of the University and the Foundation.

Effective September 1, 2025

Summary of Activities:

The Texas State University System Foundation, Inc., was established by the Board of Regents in 1977. The Foundation's Board of Directors holds regular meetings once per quarter and may occasionally meet telephonically for special-called meetings to address time-sensitive items. In addition to approving an annual budget to support certain activities and initiatives of TSUS and its component institutions, the Board of Directors also selects the recipients of Regents' Awards given annually to exceptional faculty, students, and staff. The Foundation pays an administrative fee to the System, determined annually, to compensate TSUS for the use of office space, information technology, supplies, and staff time.

TSUS: INFORMATIONAL: Status of Implementation of Audit and Compliance Recommendations

Texas Government Code 2102.015 requires a detailed summary of audit results and action plans to be posted and periodically updated on the internet. The *International Standards for the Professional Practice of Internal Auditing* require the Chief Audit Executive to establish and maintain a system to monitor and report on the disposition of audit results (recommendations). The following report provides information to the Board relating to management's action plans for implementing audit recommendations and satisfies requirements imposed by the Texas Government Code and the auditing standards.

Non-IT Managed Medicaat Application User Access Audit, August 2025	Issues, recommendations, and management action plans for this audit are actively being addressed. The details are not presented here due to exemptions allowed for information that relates to computer network security or to the design, operation, or defense of a computer network. (Texas Government Code 552.139). There are two audit recommendations outstanding from this audit. The status for these items is: In Progress , with implementation dates of October 31, 2025.		
Senate Bill 20 Required Audit (Risepoint Contract), August 2025	Management should amend the existing contract with Risepoint to incorporate the standard "right to audit" clause and the IT Security Addendum to ensure access to vendor records and compliance transparency.	Lamar University will amend the existing contract with Risepoint to incorporate the standard 'right to audit' clause and the IT Security Addendum. Person Responsible: Dr. Jon Gray, Dean of Graduate Studies Timetable for Completion: January 1, 2026	In Progress
	Management should implement a comprehensive vendor monitoring program that includes regular performance and compliance evaluations and verification of adherence to legal and regulatory requirements.	While implementing a comprehensive vendor monitoring program is not feasible, Lamar University will partner with Risepoint to maintain oversight through an annual attestation process. This attestation will require Risepoint to confirm their compliance with applicable legal and regulatory requirements regarding incentive compensation to employees. Risepoint must submit their completed attestation to the university by September 1 st every year. Person Responsible: Dr. Jon Gray, Dean of Graduate Studies Timetable for Completion: October 1, 2025	In Progress
	- Management should establish a process that includes a centralized database to document and track all online programs offered through Risepoint. This database should: - Include key milestone dates applicable to the program (approval, launch, program changes, decommission, etc.), - Be maintained by a designated individual or team with clear accountability, and - Be reviewed and updated on an ongoing basis.	Lamar University has fully implemented CourseLeaf CIM, a comprehensive curriculum management system, for both on-campus and online programs. This online platform streamlines curriculum updates and program approvals through dynamic forms and automated workflows. It tracks curriculum changes from initial submission through all necessary approvals—including Curriculum Councils, Board of Regents (BOR), Texas Higher Education Coordinating Board (THECB), and SACSCOC—culminating in catalog updates and application system integration. 	Management should notify IT of any additions or changes to online programs to ensure timely updates to scripts for accurate nightly data transfers to Risepoint.	All new programs and course modifications must be initiated through CourseLeaf CIM and follow a documented workflow with date-stamped approvals. Once approved, the Registrar updates the course catalog or assigns a new program code in Banner. The new program code triggers a notification to Admissions, which adds the program to Lamar University's application systems (ApplyTX and Common App). IT is simultaneously notified to ensure system updates are completed in a timely manner. Once the program is active in the application systems, Admissions informs University Marketing, which provides final approval for the University or Risepoint to begin promoting the new program. All new courses and programs will include date-stamped approval records, and notes pertaining to milestone dates and actions will be documented in comments on each program and course. Additionally, the Director of Curriculum and Accreditation will maintain an internal database to track all annual curriculum changes. Persons Responsible: David Short, Registrar, and Andrea Stephenson, Director of Curriculum and Accreditation Timetable for Completion: October 1, 2025	
	- Management should implement a review process to identify exemptions or other adjustments recorded after invoice processing. Any discrepancies should be captured and adjusted in subsequent billing cycles. - Management should perform a retrospective review of tuition exemptions or other adjustments recorded after invoice processing to identify overpayments made to Risepoint. Once identified, the University should request reimbursement of those funds.	A review process will be implemented to identify exemptions or other adjustments recorded after invoice processing so identified transactions can be captured and applied to subsequent billing cycles. A request for overpayments made to Risepoint will be requested if a retrospective review of tuition exemptions or other adjustments recorded after invoice processing are identified. Person Responsible: Joanna Sheppard, Associate Vice President, Treasury and Business Services Timetable for Completion: January 30, 2026	In Progress

Texas Comptroller of Public Accounts- Statewide Desk Audit Controls Over Expenditure Processing #001-25-02,	The Texas Comptroller of Public Accounts performed a desk audit of controls over expenditure processing at all state agencies and institutions of higher education. The objectives of the audit were to determine whether certain staff duties were segregated to the extent possible to prevent errors or detect them in a timely manner, ensure no employees can process expenditures without oversight, identify transactions that were entered/changed and released by one person, and prevent fraud. The audit identified four controls (segregation of duties conflicts) where one employee had conflicting functions and one control where five employees had conflicting functions due to their security access in the Uniform Statewide Accounting System (USAS) and the Texas Identification Number System (TINS). The recommendations involved limiting access and properly segregating employee functions for certain approvals and changes within the USAS and TINS

Joint Admission Medical Program (JAMP) Agreement and Expenditures Guidelines Compliance Audit, November 2024	Management should consider reevaluating and strengthening the grant management process to ensure correct financial recording and reporting to include: • Timely reporting in accordance with the JAMP agreement and the timely return of unspent funds, • Establishing a consistent process for compensating the JAMP Faculty Director for activities and tasks performed for JAMP related responsibilities preferably based on time and effort reporting, and • Establishing a process to ensure that all related JAMP revenue and expenditures are recorded in the appropriate fiscal year and to the correct grant fund.	SRSU will continue to improve procedures on reporting and the returning of unspent funds. Additionally, the Banner grant module will be better utilized to help with accounting and the reporting in the correct fiscal year. Training will be provided for those that support the grant within the department for completion of required payroll documents by the deadline for compensation to be paid. This item is currently <i>in progress</i>. Due to the extended leave of key SRSU personnel and associated scheduling constraints, we request an updated anticipated completion date of February 1, 2026 to ensure complete development and implementation of grant/JAMP recording and reporting procedures as described in the action plan. Although additional time is needed to fully implement the action plan, we anticipate returning any unused JAMP dollars for FY2025 in a timely manner. 	To be compliant with the JAMP agreement and to assist in the recruitment of students to participate in JAMP as well as other activities/requirements, SRSU should consider establishing a committee to oversee all aspects of JAMP.	SRSU will establish a committee to oversee all aspects of JAMP. This item is currently <i>in progress</i>, with an update in Persons Responsible to replace Dr. Ritzi with Dr. Dean Culpepper, Dean of the College of Health Sciences at SRSU. Due to the extended leave of key SRSU personnel and change in persons responsible, we request an updated anticipated completion date of February 1, 2026 to ensure proper establishment of a committee to oversee JAMP activities as described in the action plan. Facilities Usage, May 2025	- Procedures should be developed, documented, and updated as required for the oversight of non-student minors on campus and the areas noted above. - Appropriate training should be given to anyone overseeing or in contact with minors attending campus sponsored programs. - Procedures should be developed to reconcile camp attendee lists to amounts deposited for each camp.	SRSU Athletics Department, who sponsors and operates the large majority of youth camps involving minors on campus, has adopted a process utilizing an existing 3rd party NCAA Compliance tool to document and properly review/approve camps. The formal procedures are included, as well as an example workflow for a recently approved youth camp. Amounts collected from camp participants are now tracked through the athletics ticketing system, Hometown ticketing, to facilitate the maintenance and review of financial records as designated in the written procedure. This system and procedure will be utilized for any university youth camp where revenue is collected. 		a comprehensive youth camp handbook to be used as a training resource to personnel conducting youth camps. This handbook, as well as the Athletics procedures, assigns additional financial reconciliation responsibility to the designated Camp Director, and requires any discrepancies to be reported to Campus Activities and Finance. Indirect costs and associated institutional benefits of youth camps will be continuously considered by SRSU finance office and administration to ensure youth camps are conducted in a fiscally responsible manner. However, the cumulative monetary and non-monetary benefits to the institution, and broader institutional profile, largely outweigh ancillary indirect costs associated with conducting the camps. As a management function, this will be regularly revisited to determine if adjustments are necessary. Person Responsible: Amanda Workman, VP Athletics Timetable for Completion: November 30, 2025	
	Campus Activities should implement a billing process and documented procedure for all such uses of SRSU facilities that includes timely follow-up for any outstanding invoices.	Campus Activities, in partnership with Finance, has developed a documented process for billing at the conclusion of a facility use arrangement. This process identifies Campus Activities, as the primary coordinator of the facility use arrangement, as the most appropriate party to generate and send an invoice detailing the facility use and all associated charges. Each month, Campus Activities will work collaboratively with Finance to identify unpaid amounts. Following the collaborative review/reconciliation, Campus Activities will follow up with the appropriate party to request payment & track until the amount is received/resolved. Texas Comptroller of Public Accounts- Statewide Desk Audit Controls Over Expenditure	The Texas Comptroller of Public Accounts performed a desk audit of controls over expenditure processing at all state agencies and institutions of higher education. The objectives of the audit were to determine whether certain staff duties were segregated to the extent possible to prevent errors or detect them in a timely manner, ensure no employees can process expenditures without oversight, identify transactions that were entered/changed and released by one person, and prevent fraud. The audit identified six controls (segregation of duties conflicts) where one employee had conflicting functions due to their security access in the Uniform Statewide Accounting System (USAS) and the Texas Identification Number System (TINS) and had conflicting functions due to TINS access and approval levels on signature cards. Department of Veterans Affairs Compliance Survey, September 2025	The purpose of the Survey was to ensure that SRSU is complying with all applicable provisions of Title 38, United States Code, regarding veteran benefits. The Survey covered the period from May 29, 2024 – August 13, 2025. Ten VA beneficiaries were selected for testing; no exceptions were noted. The reviewer also tested one non-VA student's file to verify that the cost of tuition and fees for the VA beneficiaries was not greater than the charges for similar circumstanced students and noted no exception.

External Programmatic Monitoring Review: U. S. Department of Justice (DOJ), Office of Justice Programs, NIJ Grant FY21 Research and Evaluation on Policing, May 2025	The Department of Justice-Office of Justice Programs conducted a comprehensive programmatic monitoring review of the grant titled "Improving Investigations and Community Relations Through the Training of Evidence-Based Interviewing Skills in Frontline Officers," administered by the School of Criminal Justice. This grant totals \$497,785 and covers the period from March 2022 through December 2025. The review encompassed contract award monitoring and oversight of financial, administrative, and programmatic activities. Key objectives included verifying compliance with all applicable regulations and award conditions, assessing programmatic progress, validating reported information, and providing technical assistance for ongoing grant management. The review determined that the grant is progressing as outlined in the approved application and remains fully compliant with Federal, Office of Justice Programs (OJP), and Program Office requirements. No exceptions or reportable conditions were identified during the review.
Texas Department of Agriculture (TDA) Review of the Child and Adult Care Food Program – Child Care Center Program (CACFP-CCC) at TXST, June 2025	The TDA performed a review of the Child and Adult Care Food Program – Child Care Center (CACFP-CCC) at TXST to assess the University's compliance with federal and state regulations. The review included an evaluation of CACFP records for one selected month and a review of financial documentation for the Program Year 2024 (October 1, 2023 – September 30, 2024). During this period, the CACFP-CCC program reported expenditures totaling \$74,173 for food and related non-food costs. The review identified several minor areas of noncompliance with federal and state rules and regulations. Since the meal allowances identified during the review totaled only \$5.54, the TDA disregarded the amount, and an adjusted claim or repayment of the CACFP funds is not required. The minor discrepancies identified during the review were as follows: • Of the 95 enrollment forms examined, 2 forms were missing enrollment dates and 6 forms did not indicate hours of care. • For the reimbursement month reviewed, the eligibility count by meal category was inaccurate by one Free meal, one Reduced meal, and two Paid meals. This discrepancy appeared to result from a clerical error in transferring data from the roster to the claim. • The reported meal counts for reimbursement were off by two meals for both Lunch (1,261 meals) and PM Snack (1,237 meals) during the month reviewed. The Child Development Center developed and submitted a Corrective Action Plan (CAP) to address these findings. The TDA reviewed and approved the CAP, confirming that the proposed actions will resolve the areas of noncompliance. The review is now considered closed.

Program Specific Audit, U.S. Department of Justice, Office of Justice Programs, Office of the Chief Financial Officer, July 2025	The Department of Justice (DOJ) - Office of the Chief Financial Officer (OCFO) performed a financial monitoring review of 7 different DOJ awards at TXST totaling \$15,417,969. The awards were related to programs for Community Oriented Policing Services (COPS), Bureau of Justice Assistance (BJA), and National Institute of Justice (NIJ) as follows: • COPS - FY23 Preparing for Active Shooter Situations, \$11M • BJA - FY22 Missing and Unidentified Human Remains, \$1M • BJA - FY23 Preventing School Violence, \$1.6M • NIJ - FY20 Graduate Research Fellowship - Policing, \$150,000 • NIJ - FY21 Research and Evaluation of Policing, \$500,000 • NIJ - FY22 Research and Development in Forensic Science for Criminal Justice Programs, \$1.1M • NIJ - FY 23 Graduate Research Fellowship - Policing, \$166,500 The monitoring included reviewing the accounting system, written policies and procedures, disbursement records, and randomly selected expenditures charged to the selected awards from inception through December 2024. The review initially identified 5 recommendations and \$582,734.02 in questioned costs. However, TXST was able to provide the OCFO with additional documentation and the recommendations were closed by the OCFO. Therefore, no exceptions or reportable conditions were noted in the closure letter.		
Texas Comptroller of Public Accounts Statewide Desk Audit - Controls Over Expenditure Processing #001-25-02, July 2025	The Texas Comptroller of Public Accounts performed a desk audit of controls over expenditure processing controls at all state agencies and institutions of higher education. The audit identified four controls (segregation of duties conflicts) where two employees had conflicting functions due to their security access in the Uniform Statewide Accounting System (USAS) and the Texas Identification Number System (TINS) that would allow them to initiate/approve transactions and/or process/collect checks. The report does not outline recommendations specific to each entity; instead, it includes global recommendations for all entities to improve controls by segregating duties to the greatest extent possible and notifying the Comptroller when personnel changes occur so that certain access rights and signature authority designations can be modified/revoked as applicable.		
U.S. Department of Agriculture (USDA), National Institute of Food and Agriculture (NIFA) Civil Rights Compliance Review, August 2025	The U.S. Department of Agriculture, National Institute of Food and Agriculture (NIFA) conducted a civil rights compliance review at Texas State University. The review evaluated university policies, procedures, and practices to ensure compliance with federal requirements. Texas State receives NIFA support through two grants: • AnimalCareBot - <i>Bridging the Gap between Emerging Technologies for Cattle Farming and Education in Agriculture Sciences</i>. The grant totals \$399,720 and covers the period from September 2023 to September 2027. This grant is a collaboration between the Department of Agricultural Sciences and the Ingram School of Engineering. • CAMINOS for Success - The grant totals \$400,000 and covers the period from September 2023 to September 2027. The grant is managed by the School of Criminal Justice and Criminology, designed to engage, educate, and empower underserved students to raise and achieve their professional aspirations. The review commenced in January; as the review progressed, the reviewers identified four recommended actions to enhance compliance. After Texas State provided additional documentation and evidence, NIFA determined that the University is fully compliant with applicable civil rights and equal opportunity laws. Therefore, no exceptions or reportable conditions were noted.

Texas Workforce Commission's Division of Fraud Deterrence and Compliance Monitoring, Jobs & Education for Texans (JET) Program Review, April 2025	The Texas Workforce Commission's Division of Fraud Deterrence and Compliance Monitoring performed a review of the Jobs & Education for Texans (JET) program at LIT. The JET program provides grants to buy and install equipment for career and technical education (CTE) courses. These courses must lead to a license, certificate, or post-secondary degree in a high-demand occupation. The review covered the period August 15, 2023 through December 31, 2024, and included tests of transactions and fiscal and program controls. Specifically, the auditors tested procurements and property to determine whether requirements were met. Pass-through funds received by LIT for the period reviewed were \$304,582.54. The review noted the JET program administered by LIT indicated fiscal and program systems are effectively managed.

Texas Comptroller of Public Accounts- Statewide Desk Audit Controls Over Expenditure Processing #001-23-03, July 2025	The Texas Comptroller of Public Accounts performed a desk audit of controls over expenditure processing at all state agencies and institutions of higher education. The objectives of the audit were to determine whether certain staff duties were segregated to the extent possible to prevent errors or detect them in a timely manner, ensure no employees can process expenditures without oversight, identify transactions that were entered/changed and released by one person, and prevent fraud. The audit identified three controls (segregation of duties conflicts) where three employees had conflicting functions and one control where four employees had conflicting functions due to their security access in the Uniform Statewide Accounting System (USAS) and the Texas Identification Number System (TINS). The recommendations involved limiting access and properly segregating employee functions for certain approvals and changes within the USAS and TINS systems.

SHSU: Dual Credit Fee Rates

Upon motion of Regent _____, seconded by Regent _____,
it was ordered that:

Sam Houston State University be authorized to eliminate the fee rate for dual credit courses, which is currently approved at \$50.00 per semester credit hour

Explanation

Sam Houston State University currently charges a fee of \$50 per semester credit hour for dual credit courses taught by an SHSU instructor. This motion removes that additional fee while maintaining the designated tuition rate of \$50 per semester credit hour for all dual credit courses. This adjustment simplifies the billing process, promotes consistency across partner schools, and strengthens SHSU's competitive position in the regional dual credit market.

SHSU's dual credit program serves as both a community engagement initiative and a strategic recruitment tool that extends the university's reach into surrounding school districts. Establishing and maintaining partnerships with local high schools reinforces SHSU's brand recognition and creates a pathway for students to continue their education at the university.

Research indicates that students who participate in dual enrollment are more likely to pursue higher education, earn higher first-year GPAs, and graduate more quickly and at higher rates than their peers.

SRSU: Dissolution of Title V Obligated Matching Fund Quasi Endowments

Upon motion of Regent _____, seconded by Regent _____, it was ordered that:

The three Title V Quasi Endowments for Sul Ross State University be dissolved, as of September 30, 2025.

Explanation

Three prior Title V grants included a match inclusion that was established at the point of initial funding. The match was incorrectly classified as an endowment and included in the TSUS unitized endowment pool. After a search of board materials, these funds were never submitted for approval as an endowment or quasi endowment.

As of September 30, 2025, a request to Trustmark was submitted for the withdrawal of funds from the TSUS unitized pool in the amount of \$2,800,000. This withdrawal is for the release of the following grant matching funds:

1. Title V Excell RGC
2. Title V Excell Alpine
3. Title V High Impact Lobo

Upon approval, the residual balance of the three funds will be liquidated from the endowment pool. As of September 30, 2025, the residual balances were approximately \$6,000 in total.

SRSU: Lease Agreement with Southwest Texas College

Upon motion of Regent _____, seconded by Regent _____, it was ordered that:

The lease agreement between Sul Ross State University and Southwest Texas College be approved.

Explanation

Parties to the Contract:	Sul Ross State University and Southwest Texas College

Compliance Statement:	Sul Ross State University verifies that the solicitation method and vendor selection process complies with applicable state laws, TSUS Rules and Regulations and the TSUS Contract Management Handbook.

TXST: Land Purchase Agreement for 145 and 223 Spring Road

Upon motion of Regent _____, seconded by Regent _____,
it was ordered that:

Texas State University (TXST) be authorized to purchase certain real property located at 145 and 223 Spring Road, San Marcos, Texas, totaling approximately 127.95 acres, from Ann Dupont and the Joe E. McGeath Trust.

Explanation

Parties to the Contract:	TXST, Ann Dupont, and the Joe E. McGeath Trust
Description of the Property:	145 and 223 Spring Road, San Marcos, Texas is real property totaling approximately 127.95 acres.
Proposed Use of the Property:	Contiguous with TXST property, this real property has unique environmental, cultural, and archeological characteristics that align with TXST's research mission.
Price:	\$4,500,000, plus any applicable closing costs; property will be conveyed via a special warranty deed.

Review Statement:	TXST affirms that the purchase will be reviewed and approved by the Vice Chancellor and Chief Financial Officer and will be approved as to legal form by the Vice Chancellor and General Counsel.
Compliance Statement:	TXST verifies that the solicitation method and vendor selection process comply with applicable state law, TSUS Rules and Regulations, and the TSUS Contract Management Handbook.

TSUS: Ratification: Tuition Rates for Non-credit Courses at Lamar State Colleges

Upon motion of Regent _____, seconded by Regent _____, it was ordered that:

1. The tuition rates for non-credit workforce education courses for the 2024-2025 academic year in the accompanying schedule titled "Non-Credit Workforce Education Courses 2024-2025" be ratified.
2. The Presidents of Lamar State Colleges be hereby delegated interim authority to establish tuition rates for the non-credit workforce education courses, subject to ratification by the Board of Regents at a Board of Regents Meeting following the conclusion of the applicable academic year.

Explanation

Pursuant to the Texas Higher Education Coordinating Board's Guidelines for Instructional Programs in Workforce Education (GIPWE), the Texas Higher Education Coordinating Board permits public two-year colleges to receive contact hour formula funding for students enrolled in approved non-credit workforce education courses that award Continuing Education Units (CEUs). Tuition for workforce continuing education courses offered for CEUs must be established by the institution's governing board.

The institution's Board may delegate interim authority for establishment of tuition. However, the institution's Board must at least annually ratify or approve any changes in tuition.

Delegation authority was authorized by the Board of Regents at the November 2024 Board of Regents Meeting for the 2024-2025 academic year.

EXECUTIVE SUMMARY

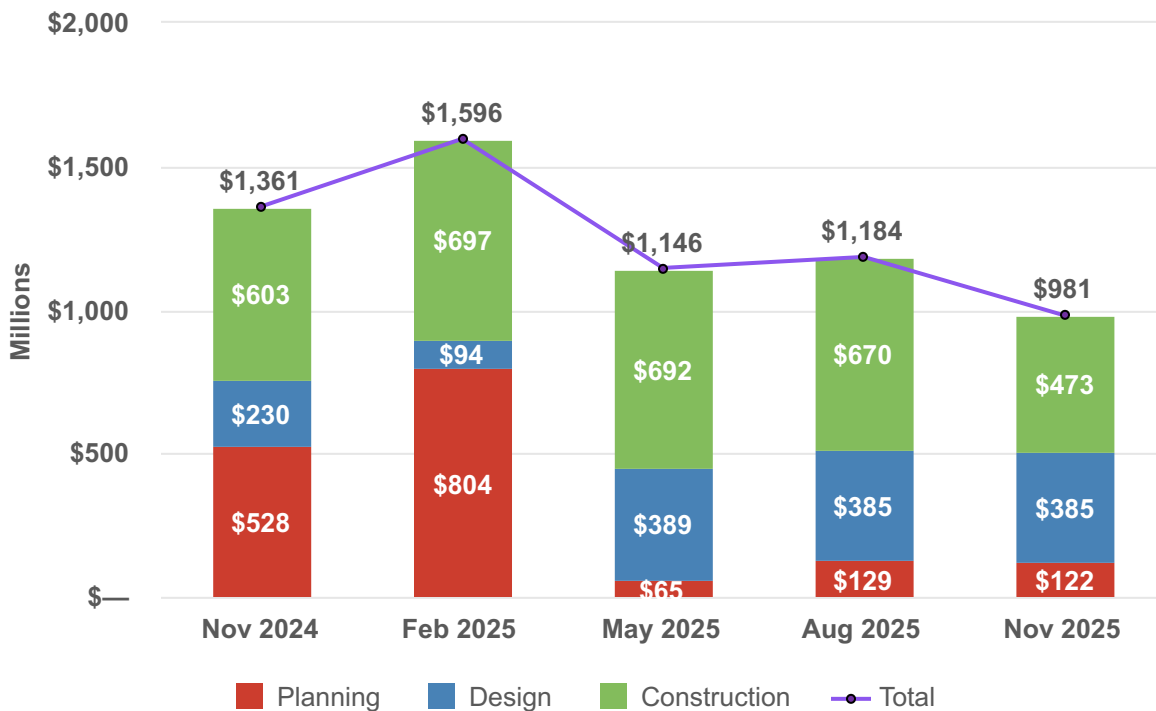

Planning and Construction Report

November 2025

Capital Project values, including post substantial completion projects, increased 0.25% in the current quarter from a value of \$1,609 million to \$1,613 million. Active Capital Projects in planning, design, or construction, totaling \$981 million of project value decreased 17.2% from the previous quarter's value of \$1,184 million.

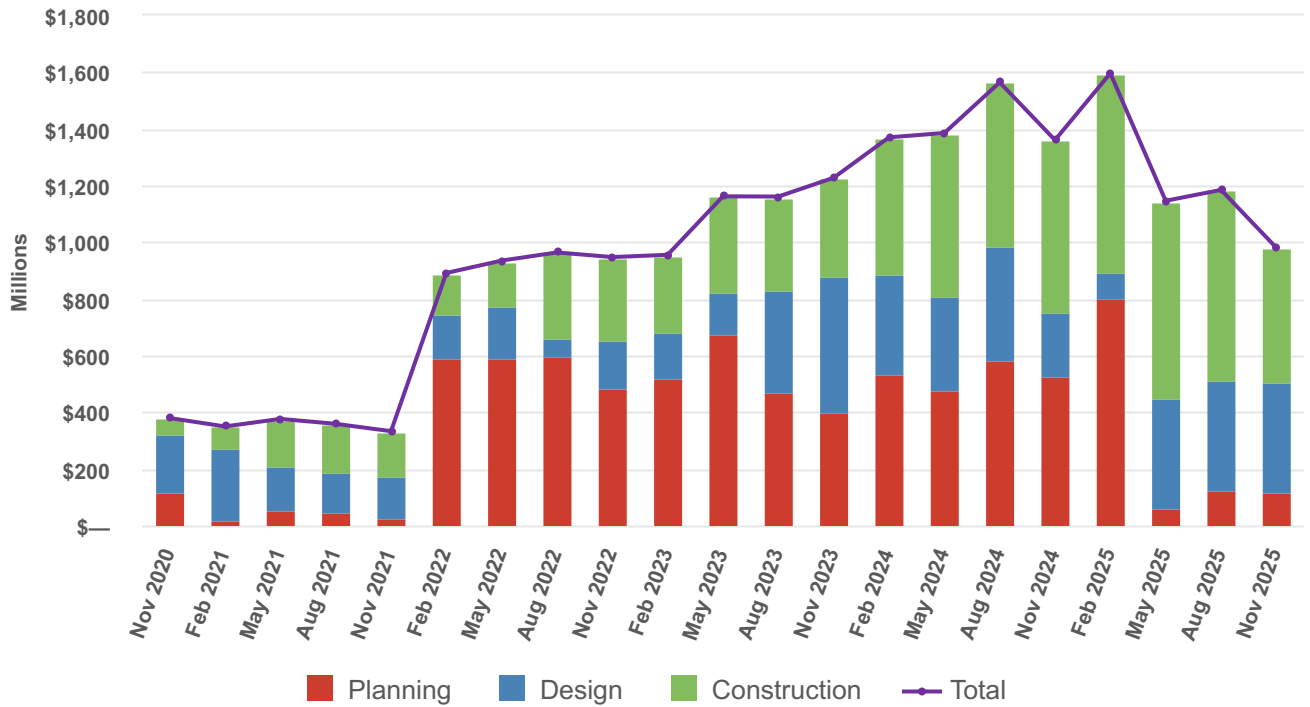

Summary of Active Capital Projects			
	Number of Projects	Project Value (millions)	Change from Previous Quarter
Planning	8	\$ 122	(5.4)%
Design	10	\$ 385	(0.1)%
Construction	11	\$ 473	(29.4)%
Total:	29	\$ 981	(17.2)%

Planning, Design, and Construction Activity

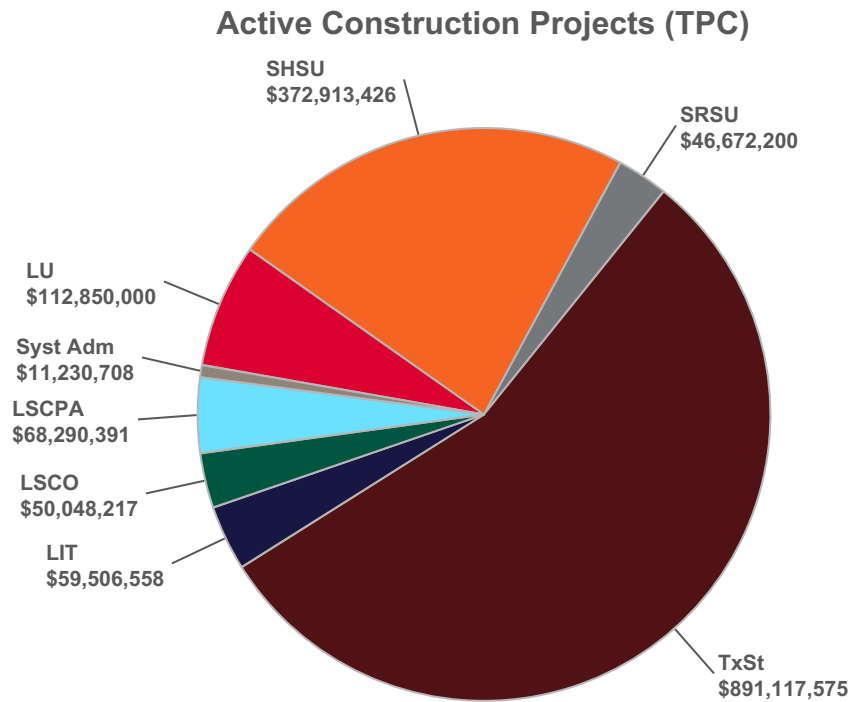

The long-term view shows the significant reduction of Capital Project values resulting from the change in reporting value threshold approve by the Board of Regents at the February 2025 meeting, and the removal of projects from the report that are in the pre-planning stage and not active.

Project Description	The second floor of the Cherry Engineering Building currently houses the Dean's office suite and other administrative functions. Engineering Department Chair Offices are scattered throughout the building. The second floor will be reconfigured and renovated to create a cohesive administrative suite. The renovation will also include a new Engineering student lounge.	Water infiltration through the brick veneer and windows of the Chemistry Building have been an ongoing concern. An assessment of the condition of the building envelope was conducted in 2022 and revealed several deficiencies similar to those of the Geology and Social and Behavioral Sciences buildings, all of which were built in the same era using similar construction methods. The entire brick veneer façade of the building will be removed and rebuilt to incorporate drainage and ventilation strategies applicable to today's standards. Window systems will also be removed and replaced with thermally isolated aluminum framing units with captured insulated glazing units that are capable of meeting the standards for wind pressures set forth by the Texas Department of Insurance.	The proposed renovation of the existing library includes replacing aged systems and upgrading the facility to meet current codes, including Texas Accessibility Standards, as well as the renovation of all eight floors to develop a learning commons environment where students have access to physical and virtual resources, collaborative spaces to work on projects with other students, and quiet spots to study. The overall programmatic focus is to strengthen the Library's role as a hub for learning to prepare graduates for entry into today's global workforce.	Chillers at both the north and south physical plants are at the end of life. The equipment is inefficient and Facilities is expending significant effort in time and cost to repair them. This project will entail replacing four 800-ton chillers at the North and South Plants with new energy-efficient models, new VFDs and potentially a new transformer.

Additional Notes	This project is completed. General contractor is working on punchlist items and closeout documents.	Contractor is currently working on a few punchlist items that include new hardware and passing of window testing. Contractor is also working on the close out documents.	The new Starbucks Cafe will open on September 26th. Floors 5, 6, and 7 are tracking to be substantially complete mid-October. Installation of bookshelves on floors 5 and 6 has begun. Book relocation from lower floors will begin at the end of September. Completion of level 8 has fallen behind schedule and is now expected to be complete at the end of November. All of phase I will open to the public for the start of the spring semester.	The North Plant Chiller Replacement and South Plant Chiller Replacement projects have been combined due to equipment lead times and economies of scale. The university is currently at the beginning stages of procurement of the chillers. The schedule is being reviewed to determine optimal replacement dates.

Project Description	Construction of a new 7000 square foot building near the new intramural/band practice field. In addition to instrument storage, the building will house a large rehearsal room to be used by both the marching band and the concert band, and will also be used for Department of Music classroom instruction. There will also be one faculty office that will double as small lesson room.	Construction of a new 8500 square foot building at the Vincent Beck Stadium complex to house coaches offices, coaches and home team locker rooms, a player's lounge, a film room, training room, equipment storage and a hall-of-fame display.	Upgrades to the football's home team locker room in the Dauphin Complex. The scope includes replacing all lockers with new mechanically lockers, new interior finishes, and new graphics. The project will also include an addition of a sauna and relocation of the entrance to the locker room.

Project Description	This project will construct and equip a new facility to support active learning for student success with modern, activated teaching spaces. A feasibility study determined Academic Building III cannot be adapted for this purpose and should be demolished to make room for the new building. The project is on the Capital Improvements Program and will be funded with Capital Construction Assistance Project funds and Higher Education Funds.	To meet the ticketing requirements of Conference USA and to provide the amenities expected of a Football Bowl Subdivision (FBS) program, this project will provide a larger press box with private suites and additional seating at Bowers Stadium. The project is on the 2024-2029 Capital Improvements Program.	Phase 2 of the New Equestrian Facility and Agriculture Labs will consist of a Meat Sciences and Food Technology building. Future phases will include an Equine Science facility and an equipment shed. The estimated total project cost will be funded with gifts.	Programmatic investment in allied health fields of study will continue to accelerate for the University. The Health Professions Building will be home to Dietetics, a Doctorate in Physical Therapy, a Master of Science in Physician Assistant, and a Master of Science in Athletic Training.

Additional Notes	Abatement of Academic Building III is in progress with demolition to start in October 2025.	Structure topped out on August 28, 2025 and interior buildout is underway.	The final draft of the Program is under review.	Permanent power, water, and sewer services have been connected. The building is dried-in, elevators are operational, and mechanical systems are on-line.

Project Description	This project consists of a new 120 room hotel with conference center. This will be a University focused, on-campus, light upscale hotel.	The University's Nursing program has demonstrated demand from potential students that exceeds the existing instructional capacity of The Woodlands Center, as currently configured. The programmed renovations will provide 40,479 assignable square feet to support 720 Nursing students. Spaces will include traditional classrooms, active learning classrooms, skills labs, simulation space, offices, and a student success center.	Construction of this parking structure was necessary to create space for the Health Professions Building within the existing surface parking lot at the University's Conroe campus. The new parking structure provides 983 parking spaces and includes advanced parking guidance systems.	The new equestrian facility and agriculture labs project is located at the University-owned Gibbs Ranch property. Phase 1 consists of site work and site utilities to support both phases of the project, the Learning Center, the Plant Sciences facility with a head house and two greenhouses, a Multi-purpose Agricultural Center (Arena) with attached Rodeo Team Stall Barn, parking areas, landscaping, and support facilities.

Project Description	This deferred maintenance project replaces the mechanical air distribution system throughout the three-level Garrett Teacher Education Center (TEC). Acoustical ceiling tiles will be replaced, and light fixtures will be upgraded to LED units in select areas.	The San Jacinto Hall project provided a net increase of 361 beds, including seven studio apartments, needed on the north side of the main campus per the 2012 Master Plan Update.	This project will replace Belvin-Buchanan Hall's roof and sanitary waste piping, upgrade bathrooms, and interior finishes. The existing roof and sanitary waste piping have deteriorated and are beyond their useful life.	This project upgraded Bowers Stadium's artificial playing surface and removed its track. The existing playing surface was at the end of its useful life and the track was no longer utilized for competition. Removal of the track provided a larger, unobstructed area for teams and equipment. A separate project for construction of a new track and field complex will be added to the CIP by a future motion.

Additional Notes	Punch list corrections and financial closeout are in progress.	The project is being held open for installation of Public Art in 2026.	Interior work complete and building fully occupied for the start of the Fall 2026 Semester. To minimize disruption to residents, the remaining roofing work will occur over Winter Break 2025/2026.	There is exposure to increased cost depending on the result of ongoing closeout negotiations with the contractor.

Project Description	Sam Houston purchased 2456 Montgomery Road in November 2023, in order to convert its 48 apartments into 192 beds of campus housing for students. This project consists of repairs, renovations, and improvements necessary to bring the recently acquired, multi-family residential property up to Sam Houston State University Residence Life standards for student housing.	This project will reconfigure the Mafrige Auditorium for use as a simulated trading floor at the College of Business Administration (COBA). Modifications include removal of fixed seating, installation of structure to level the floor and associated infrastructure and finish work. Upon completion of construction, Bloomberg Terminals will be installed.	This phased project will construct a new track and field complex.	This project will address site drainage issues, replace sanitary waste and vent piping throughout the building, and upgrade bathrooms and interior finishes at Elliott Hall.

Project Description	The expansion of the Fine Arts Facility is part of the campus master plan and will address inadequate existing facilities. Expansion will provide more useable facilities that will help to enhance theatre productions and performance, providing a setting that is up-to-date and more accessible to the public. New state-of-the-art facilities will help satisfy existing needs, enhance student recruitment, and provide economic and cultural development in the region. To efficiently and cost effectively deliver this project, it is combined with the Museum of The Big Bend Renovation project and Fletcher Hall Renovation project under a single Design-Build agreement.	Fletcher Hall was unoccupied due to deferred maintenance needs and historically low occupancy rates within the overall housing operation. Recent Organizational changes resulted in a significant increase in housing occupancy creating the need to place the building into service. To efficiently and cost effectively deliver this project, it is combined with the Fine Arts Facilities project and Museum of The Big Bend project under a single Design-Build agreement.	The annex is located on the main campus directly behind the current museum and includes space for three exhibit areas featuring the Yana and Marty Davis Map Collection, Tom Lea Regional Southwestern Art, and an Archaeology Gallery that features the Livermore Cache in collaboration with findings from the Center for Big Bend Studies. Also included in the annex are additional secure collection storage and facilities to expand the adult and children's educational programs.	The project consists of a new 10,000 square foot structure designed to house both classrooms and office spaces for faculty and staff. The building is intended to be a pre-engineered Metal Building (PEMB) with brick/stucco exterior in keeping with the character of the area. The land on the vacant lot located in Eagle Pass, at 3414 Amy Street, will be cleared and leveled and parking and utilities will be added as part of the project.

Additional Notes	The agreement with the Design-Build Contractor was terminated due to their inability to submit an acceptable Guaranteed Maximum Price proposal. A solicitation for Construction-at-Risk (CMR) services has been posted with selections due in early November 2025. The CMR's services will be limited to the Francois Fine Arts Building and Performing Arts Center. Other work will be performed by SRSU using other means.	Substantial Completion was achieved on 8/13,2025. Punchlist work is ongoing.

Project Description	This project will include the demolition of Arnold and Smith Halls, the construction of a new student housing complex of approximately 386,112 GSF, accommodating 1,504 beds and include a new 500 seat dining center that will provide additional on-campus dining options.	The Baseball Clubhouse project will move the baseball locker room from the University Events Center to the baseball stadium, create a player lounge, increase spectator seating, add additional hospitality areas to the ballpark.	This will be the fourth academic building on the Round Rock Campus and includes a large teaching classroom, general classrooms, study rooms, conference room, collaboration and meeting space.	This project involves additional breakout team rooms in the existing building; relocating the athletic performance center to open into the end zone; connecting the west and east concourse level balcony; and creating an alumni pavilion and deck on the roof of the building.

Project Description	This project resulted in a seven-story structure, comprised of 221,240 gross square feet, and accommodating 942 beds.	The proposed 154,000 gross square foot Science, Technology, Engineering and Math (STEM) building will house the departments of Mathematics and Computer Science and will provide teaching space, class labs, departmental offices, and research labs for several other academic disciplines.	This project involves the cleaning of the interior and exterior of the existing elevated water tower at West Campus, making repairs as required, and re-painting the tower. The project will be completed in three phases: Phase (3) includes the rehabilitation of the elevated water tower.	This project included the construction of two, seven-story student housing structures, accommodating 1,006 beds, comprising 241,000 gross square feet.

The Hilltop Complex Utility upgrade project reached substantial completion in March 2020. This project is contractually tied to the Hilltop Housing Complex project and cannot be closed out until the entire project is completed.	This project provides much needed space for students pursuing a minor in filmography and media studies and provides a net gain in teaching labs that achieve a higher degree of acoustical performance for their specialized coursework.	This project will relocate the overhead utilities along Comanche Street underground, construct a new pedestrian overpass from the pedestrian mall above Alkek Parking Garage, to Vista Street (between Ingram Hall & Supple Science), and upgrade Vista Street for pedestrian access.

Project Description	This project will include the construction of 500 commuter parking spaces on Thorpe Lane.	The ALERRT Center is in need of additional facilities to fulfil their growing need for education and training for law enforcement training throughout the country. Improvements include an administrative building, office and conference space for 30-40 employees, estimated to be around 12,000 square feet, covered parking and utility improvements. Also a logistics warehouse, climate controlled around 20,000 square feet, for necessary training equipment. Perimeter security fencing, a controlled security entrance, roadways, driving tracks, and other site improvements are also needed for all weather use around the site.	The campus continues to grow which in turn increases the need for additional parking spaces to accommodate new buildings Castro Hall and STEM Classroom Building. The addition of this garage will add (600) new spaces which will help to reduce the current shortage.	Since its construction in 2011, the STAR One, (Science, Technology, and Advanced Research Park) building at STAR Park has been a valuable incubator dedicated to research and commercialization. This research park, which lies in the heart of the Texas Innovation Corridor, serves as a catalyst for collaboration, and is a critical hub for innovation, entrepreneurial, and commercial activity for Texas State University and the region. To expand the research parks strategic goals, a new building is required. This project will construct a new 72,680gsf STAR Two building that will accommodate space for the STAR Park/MARC program, Texas School Safety Center, Division of Research and the Translational Health Research Center.

Project Description	This project consists of the renovation of an existing 5,000 square foot warehouse building and a 10,000 square foot addition to create the Advanced Technical Center. This state-of-the-art Center will aid in providing technical training programs such as mechatronics, electrical, civil, mechanical, and plumbing. The completed Center will provide innovative learning spaces to include lecture classrooms, technical labs, multi-purposed industrial training spaces, and a high bay area lab that mimics industry environments. In addition to the teaching space this project will also replace all infrastructure servicing the existing building including electrical, plumbing, fiber, fire alarm, and HVAC systems. Due to years of exposure to the elements, the building envelope and roof will be replaced.	Pursuant to the updated Master Plan, LIT built a 52,000 square foot Workforce and Allied Health Training Center for both credit and non-credit students. This three-story building includes an embedded high-bay instructional space, workforce instructional spaces, simulation environments, and task training room at the ground floor. The second floor will house allied health, and contain skills labs, pharmacy technician labs and a main testing room. The third floor will contain the Pharmacy Lab, classrooms, and staff offices.	This two-phase project replaces air handling units, control systems, indoor/outdoor lighting, and electrical infrastructure throughout the campus. It will result in energy performance savings and improved indoor air quality by upgrading existing mechanical and electrical systems, implementing healthy buildings initiatives, and creating an asset management tool to optimize inventory control to facilitate current and future planning and purchases.	LIT renovated the 6,192 gross square foot existing facility at 1150 Laurel Avenue. This renovation created two classrooms, a truck driving simulator area with instructor viewing, faculty offices, staff lounge, new restrooms, and a reception and welcome center.

Project Description	The historic First Baptist Church on Green Avenue was donated to the College but was heavily damaged during Hurricane Laura. Lamar State College-Orange (LSCO) seeks to make it welcoming to new students and visitors as LSCO's official Student Success Center. It will be a one-stop location for students to learn about the campus, meet with an advisor about future classes, obtain a student ID, and other essential functions of the College in one welcoming iconic structure in historic downtown Orange. LSCO will partner with the City of Orange to enhance flood mitigation strategies in the vicinity of 5th Street and Green Avenue to ensure the investment is secured.	The 54,900 square foot two story Academic Building will replace an existing facility which consists of three repurposed buildings. The new facility will give students access to the latest innovations in teaching technology and will house classrooms, laboratories, faculty offices, and the Information Technology Department.	The Joe Ben Welch Student Center exterior will be renovated to replace the failing EIFS veneer. The project scope includes removal of existing veneer and replacement with a brick masonry veneer system, incorporation of a new mansard style roof, incorporation of new metal canopy structures, evaluation of existing hollow metal doors and frames, evaluation of existing wall-mounted light fixtures, and assessment/repair of existing building leaks. These renovations are expected to enhance the building aesthetics to complement other buildings on campus and extend the building's useful life.

Project Description	The 55-year-old building comprises both academic and administrative uses, is a focal point of the campus, and required the replacement of environmentally impacted infrastructure so the College can provide a safe learning experience for its students. An aging and malfunctioning piping system, original to the building, required replacement. The project included a means of decoupling the central plant from the building so equipment failures can be isolated. Project scope was added including complete electrical upgrades, roof replacement, window and exterior door replacement, and interior renovations.	The new 54,735 square foot Allied Health and Science Building is located adjacent to the existing Allied Health Building on Procter Street. The building provides additional classroom and state-of-the-art laboratory space for allied health programs and the college's current programs which include Registered Nursing (RN), Licensed Vocational Nursing (LVN), Certified Nurse Aid (CNA), and Surgery Technology.	LSCPA received a grant from the EDA to create a Commercial Driver Education and Examination Center on 26.69 acres donated by the Jefferson County Commissioners Court. The project includes a State Examination Center to support the timely flow of commercial drivers licensing.□	The EDA awarded \$4.8 million dollars to LSCPA for a building renovation and addition. The Industrial Training Center is designated to meet the growing needs for industrial craftsmen in Port Arthur, Texas. The training center is located in the existing Armory Building, which was previously inactive.

BUILDING PERFORMANCE/SUSTAINABILITY EVALUATION OR GENERAL COMMENTS

The project incorporates SECO and ASHRAE 90.1 requirements for mechanical efficiencies and utilizes low-flow plumbing fixtures. Energy efficient LED lighting is used throughout the building. Acoustically, wall, floor and ceiling systems have been designed to limit the transfer of noise between spaces. Skylights were incorporated along the central corridor to provide natural day lighting.

APPROVAL BY AUTHORITIES HAVING JURISDICTION

Life Safety inspections and code approvals were conducted and received from Texas State University EHSRM Department. Accessibility review and inspections were performed by the Division-Architectural Barriers Program of the Texas Department of Licensing and Regulation to ensure accessibility of the physically impaired in this project. No Federal funding was involved; therefore, no other approvals from Federal or State agencies were necessary.

NOTE : Institution acknowledges that the submission of this Final Report formally initiates the project application process in the ICPS system for the Texas Higher Education Coordinating Board (THECB) within 90-days from the submission of this form.

4.B. Planning and Construction CONSENT Agenda

4.C. TSUS: CONSENT: Additions to the 2026-2031 Capital Improvements Program

TSUS: Additions to the 2026-2031 Capital Improvements Program

Upon motion of Regent _____, seconded by Regent _____,
it was ordered that:

The Texas State University System Capital Improvements Program be amended,
as provided below.

Explanation

The projects listed below are proposed to be placed on the 2026-2031 Capital Improvements Program (CIP) so that they may proceed without delay.

Football Locker Room Renovation – Lamar University

Scope of the Project: Upgrades and improvements to the home team football locker room in the Dauphin Center. The scope includes new ventilated lockers, the addition of a sauna, lighting improvements, new graphics, and a new field entrance for the team.

Background Information: The Dauphin Center was constructed in 2010. The existing locker room is original to the building and is starting to show signs of wear. The room needs additional ventilation to improve hygienic conditions and the addition of a sauna will enhance the existing training facilities.

Estimated Total Project Cost: \$2,500,000

Funding Source(s): The project funding source will be designated funds.

Faculty Housing - Sul Ross State University

Scope of the Project: The project will construct up to eight faculty and staff housing units on University owned land in Alpine, Texas, including a proposal for four 2-bedroom/2-bath homes and four 3-bedroom/2-bath homes. The project scope includes necessary site development of all needed utilities, roadways, and minimal landscaping.

Background Information: A portion of the proposed university owned land previously housed 13 duplexes obtained from a military base at the close of World War II. Those duplexes have since been removed although remnants of their original location remain. Adjacent and to the south of this site is an undeveloped 4 acre property proposed for the new housing. A site evaluation will determine any present utility infrastructure and improvements needed to make land ready for the construction of the new homes.

Estimated Total Project Cost: \$2,500,000

Funding Source(s): The project funding source will be from debt financed, repaid by housing revenues.

Centennial Hall - Room 157 Renovations - Texas State University

This project is being added to the 2026 CIP since the total project cost is anticipated to exceed the \$2M threshold.

Scope of the Project: This project involves a comprehensive renovation of Teaching Theater 157 in Centennial Hall. Key upgrades include a modern audiovisual system, replacement of all fixed seating, installation of new carpeting, acoustic wall panels, and fresh paint. Additionally, the project will reconfigure the theater's entry and lobby area.

Background Information: Teaching Theater 157 is a high-traffic instructional space that has experienced significant wear over time. Many of the fixed seats are damaged beyond repair, and the existing rear-projection AV system is outdated and no longer serviceable. The planned lobby reconfiguration will improve circulation and accessibility, enhancing the overall experience for students entering and exiting the theater.

Estimated Total Project Cost: \$3,500,000

Funding Source(s): The project funding source will be from HEF.

Satellite Parking Lot – Texas State University

This project is being added to the 2026 CIP since the total project cost is anticipated to exceed the \$2M threshold.

Scope of the Project: This project will construct a new 800-space surface parking lot near the Materials Management Warehouse at 1101 Carlson Circle in San Marcos.

Background Information: With continued enrollment growth, additional parking is needed to accommodate students, faculty, staff, and visitors.

Estimated Total Project Cost: \$5,760,000

Funding Source(s): The project funding will be from 'Auxiliary or Unexpended' sources.

5.A. TSUS: Approval of Rules and Regulations

TSUS: Approval of Rules and Regulations

Upon motion of Regent _____, seconded by Regent _____, and upon the recommendation of the *Rules and Regulations* Committee, it was ordered that:

The attached, proposed revisions to the Texas State University System *Rules and Regulations related to:*

1. Making requests to the Texas Attorney General's office for opinions versus decisions under the Public Information Act in *Chapter III, Paragraph 1.(16) and Chapter IV, Paragraph 2.2(30); and*
2. Regents' Student Scholar Award in *Chapter VI, Paragraph 13.*

and an Informational item regarding.

3. Public Forum areas designated by campuses.

be approved.

Explanation

Attached hereto are the recommended changes for the Board's consideration. It should be noted that each rule in the attachment contains an individual explanation of the changes contained therein.

PARAGRAPH 1.(16) OF CHAPTER III ON PAGE III - 8

AND

NEW PARAGRAPH 2.2(30) OF CHAPTER IV ON PAGE IV - 5

CHAPTER III. SYSTEM – COMPONENT OPERATIONS

1. ITEMS REQUIRING BOARD APPROVAL.

* * *

- 1.(16) Attorney General Requests. Requests for Attorney General Opinions pertaining to Component or System operations must be requested by the Board Chairman, unless, in the Chancellor's judgment, the best interests of the System or of a Component require immediate action. In such a case, the Chancellor shall notify the Board Chairman prior to, or as soon as practicable after filing the request, and share the same with the full Board. ~~A Component President is authorized to request a *Public Information Act*¹ (PIA) opinion when such opinion relates exclusively to the President's Component. The Chancellor is authorized to request a PIA opinion when such opinion relates to the System Administration or to two or more Components. All PIA opinion requests shall be submitted through the Vice Chancellor and General Counsel, who shall designate a System *Public Information Act* Coordinator to work with Component *Public Information Act* Coordinators to manage submission of such requests.~~

CHAPTER IV. PRESIDENTS OF THE COMPONENTS

* * *

2. AUTHORITY, DUTIES AND RESPONSIBILITIES.

* * *

- 2.2(30) A Component President is authorized to request a *Public Information Act*² (PIA) decision when such decision relates exclusively to the President's Component. The Chancellor is authorized to request a PIA decision when such decision relates to the System Administration or to two or more Components. All PIA decision requests shall be submitted through the Vice Chancellor and General Counsel, who shall designate a System *Public Information Act* Coordinator to work with Component *Public Information Act* Coordinators to manage submission of such requests.

¹~~*Government Code, Chapter 552.*~~

²*Government Code, Chapter 552.*

Explanation

The proposed change to our system rule is intended to reflect our actual process when making a request to the Texas Attorney General's Office for a decision under the Public Information Act versus a request for an opinion from the Texas Attorney General's office. A request for a decision is different than a request for an opinion and the new rule conveys this distinction by segregating the two processes and clarifying the administrators who may request a Attorney General decision versus an Attorney General opinion.

PARAGRAPH 13 OF CHAPTER VI
ON PAGE VI – 21

CHAPTER VI. STUDENT SERVICES AND ACTIVITIES

* * *

13. REGENTS' ~~STUDENT~~ SCHOLAR AWARD.

13.1 Purpose. The honorary title, Regents' ~~Student~~ Scholar, recognizes students who achieve excellence in academic and co-curricular endeavors at Component institutions.

13.2 Process. Not later than ~~July 15~~ ~~August 31~~ of each year, the President of each Component may nominate to the Chancellor one outstanding student. Upon the recommendation of the Chancellor, the ~~Texas State University System Foundation Board of Directors Board of Regents~~ may bestow each year the title of "Regents' ~~Student~~ Scholar" upon a select student or students who have demonstrated the following:

- (1) Outstanding academic achievement and scholarship in his/her studies;
- (2) Strong commitment to and leadership in co-curricular activities; and,
- (3) Notable contributions to the Component institution and community.

At the time of graduation, a Regents' ~~Student~~ Scholar ~~may shall~~ be recognized at his/her Component institution's commencement ceremonies.

13.3 Eligibility. To be considered for selection, at a minimum, a student must have a 3.75 cumulative GPA, be enrolled full-time at a Component institution, and have earned 25 semester credit hours (for 2-year institutions) or 60 semester credit hours (for 4-year institutions). Additionally, the student must demonstrate active involvement in co-curricular campus and leadership activities, and not have been on academic or disciplinary probation at any time while attending the Component institution.

13.4 Benefits of Award. Award of such a title shall be accompanied by passage of a resolution by the Board of Regents, memorialized in the minutes of the meeting at which it was awarded, and the issuance of a commemorative medallion. A cash ~~award scholarship~~ from the Texas State University System Foundation ~~payable to the Component institution for use by the student toward fees, textbooks, and other educational expenses, including but not limited to, lodging, dining, and parking may shall~~ be awarded. ~~The Chancellor and the Executive Director of the Foundation would determine in advance the amount of the scholarship.~~

Explanation

The proposed changes update the name and selection process of the award to align with current practice. In 2017, the Board of Directors of the Texas State University System Foundation

(Foundation) updated the Regents' Scholar Award to align the name and selection process with other existing award programs recognizing faculty and staff: (1) changing the name from "Regents' Scholar" to "Regents' Student Scholar"; (2) assigning responsibility for selecting winners to the Foundation Board of Directors; and (3) changing application and nomination deadlines. Additionally, in 2025, the Foundation Board of Directors changed the award from a scholarship to a cash prize to allow winners who receive other forms of financial aid to realize the full benefit of the award.

TSUS: INFORMATIONAL: Public Forum areas designated by campuses

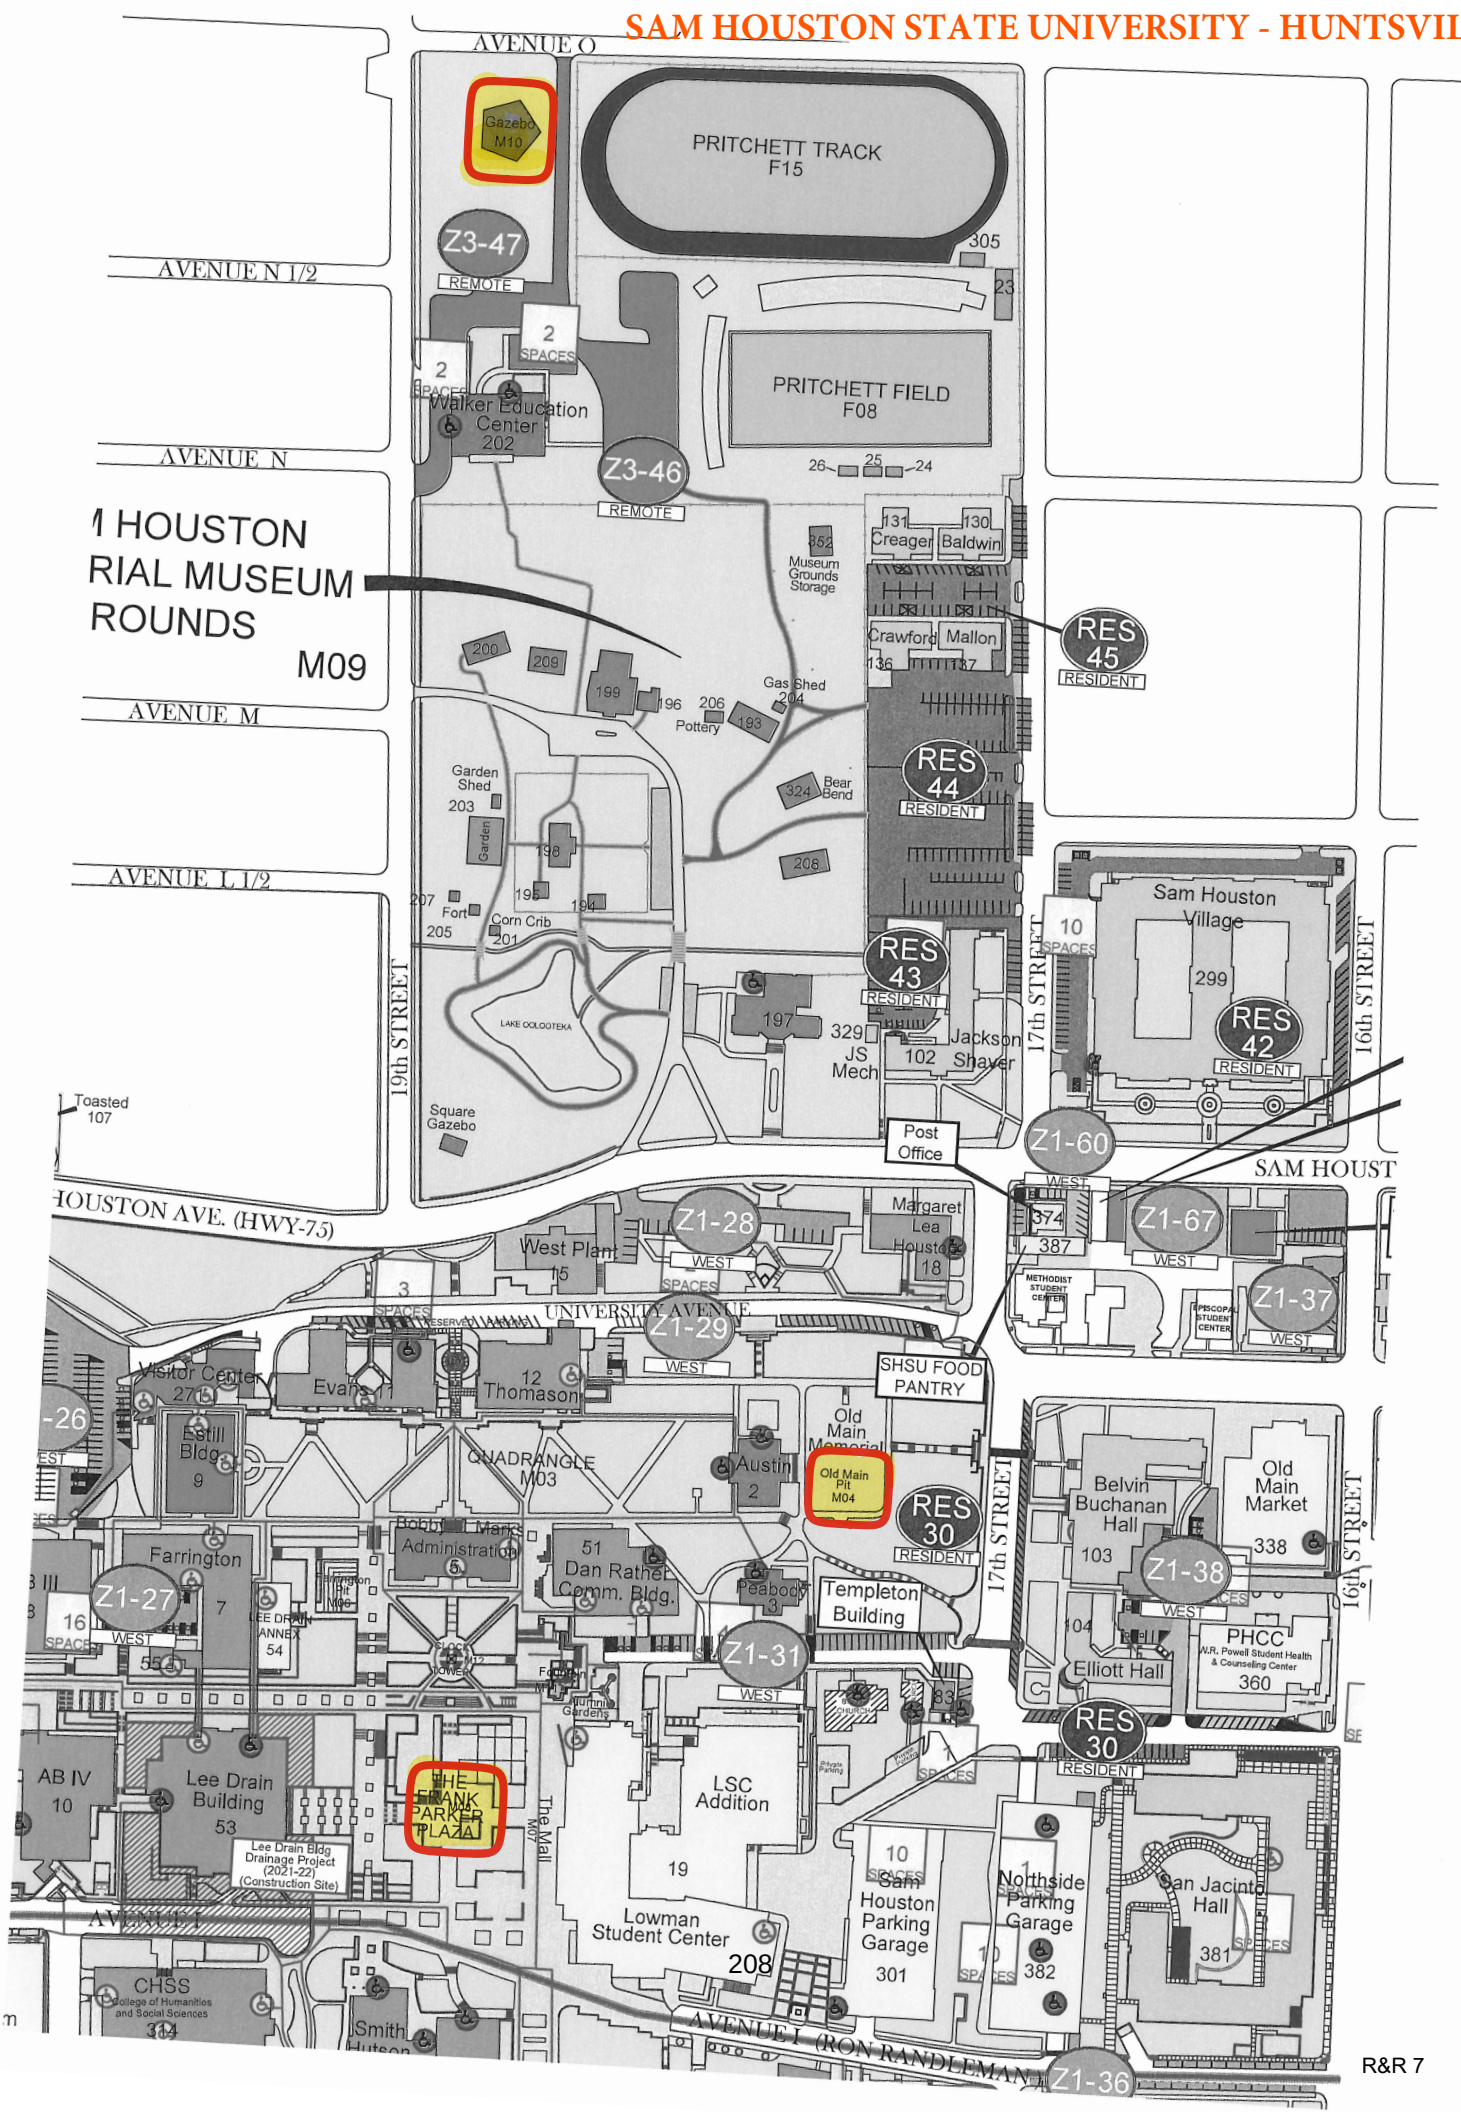

Texas Education Code 51.9315 (d-1) requires the governing board of an institution of higher education to designate the area(s) on the campus that are public forums consistent with the First Amendment to the United States Constitution and Section 8, Article I, of the Texas Constitution. The board authorized the following component institutions to designate public forum areas. The designated areas are presented to the board for informational purposes.

Component/Institution	Public Forum Area
Lamar University	Outdoor space referred to as "The Quad" which sits at the center of campus.
Sam Houston State University	Outdoor spaces referred to as the "Frank Parker Plaza", the "Old Main Pit", and the "Walker Education Gazebo."
Sul Ross State University	The space indicated in the mall area outside of the Morgan University Center.

TXST: Contract for Amendment #2 Bookstore Operating Agreement with Follett Higher Education Group

Upon motion of Regent _____, seconded by Regent _____, it was ordered that:

Amendment #2 to the contract dated November 1, 2018, for the operation and management of the Campus Bookstore between Texas State University and Follett Higher Education Group, Inc., to align the commission structure of the contract with the Booksmart (Inclusive Access) program, be approved.

Explanation

Parties to the Contract:	Texas State University and Follett Higher Education Group.
Subject Matter of the Contract:	Campus Bookstore operations managed by Follett Higher Education Group, through a competitive Request for Proposal.
Purpose:	To amend the contract with Follett to align with the Booksmart (Inclusive Access) program. Under Booksmart, digital sales are treated as pass-through fees to students and are not eligible for commissions.
Contract Value:	The University will continue to receive commissions of 16.5 percent on all Commissionable Sales up to \$8,000,000, and 17.5 percent over \$8,000,000.
Duration:	Expires October 31, 2028
Amendments:	One additional five-year renewal term by Amendment only remains.
Source of Funding:	Revenue to TXST.
Review Statement:	Texas State affirms that prior to its execution, the contract will be submitted for review by The Texas State University System Vice Chancellor and Chief Financial Officer and The Texas State University System Vice Chancellor and General Counsel.
Compliance Statement:	Texas State University verifies that the solicitation method and vendor selection process complies with applicable state laws, TSUS Rules and Regulations and the TSUS Contract Management Handbook.

TXST: Contract for Athletic Licensing Services with Learfield Sub, LLC

Upon motion of Regent _____, seconded by Regent _____,
it was ordered that:

The contract between Texas State University and Learfield Sub, LLC, for athletic licensing be approved.

Explanation

Parties to the Contract:	Texas State University and Learfield Sub, LLC
Subject Matter of the Contract:	Athletic licensing procured through a competitive Request for Proposal.
Purpose:	Provide athletic licensing to Texas State University, supporting the University's athletic programs and associated branding initiatives.
Contract Value:	Revenue projection is \$2,000,000 throughout the life of the contract, including optional terms.
Duration:	Two-year term
Amendments:	Three additional one-year renewal terms by Amendment only.
Source of Funding:	Revenue sharing
Review Statement:	Texas State affirms that prior to its execution, the contract will be submitted for review by The Texas State University System Vice Chancellor and Chief Financial Officer and The Texas State University System Vice Chancellor and General Counsel.
Compliance Statement:	Texas State University verifies that the solicitation method and vendor selection process complies with applicable state laws, TSUS Rules and Regulations and the TSUS Contract Management Handbook.

TXST: Contract for Athletic Travel with Shorts Travel Management, Inc.

Upon motion of Regent _____, seconded by Regent _____,
it was ordered that:

The contract between Texas State University and Shorts Travel Management, Inc.
for athletic travel management be approved.

Explanation

Parties to the Contract:	Texas State University and Shorts Travel Management, Inc.
Subject Matter of the Contract:	Athletic travel management services procured through E&I Cooperative Services.
Purpose:	This contract aims to efficiently manage collegiate athletic travel logistics, including flights, ground transportation, and accommodations, while ensuring compliance with university, state, and NCAA travel policies. The procurement supports streamlined travel arrangements, cost control, and quality service tailored to the university's athletic programs. This enables the university to maintain budget control and provide effective travel solutions for teams and staff.
Contract Value:	\$12,000,000 throughout the life of the contract, including optional terms.
Duration:	Upon execution through June 30, 2026
Amendments:	Four additional one-year renewal options by Amendment only.
Source of Funding:	Local funds
Review Statement:	Texas State affirms that prior to its execution, the contract will be submitted for review by The Texas State University System Vice Chancellor and Chief Financial Officer and The Texas State University System Vice Chancellor and General Counsel.
Compliance Statement:	Texas State University verifies that the procurement method used complies with applicable state laws, TSUS Rules and Regulations and the TSUS Contract Management Handbook.

TXST: Contract for Catering Services with ez Cater, Inc.

Upon motion of Regent _____, seconded by Regent _____,
it was ordered that:

The contract between Texas State University and ez Cater, Inc. for catering services be approved.

Explanation

Parties to the Contract:	Texas State University and ez Cater, Inc.
Subject Matter of the Contract:	Catering services procured through Equalis Group Cooperative Purchasing, solicited by the Region 10 Education Service Center (Region 10 ESC).
Purpose:	This agreement covers access to catering and meal services for organizations, allowing orders from over 100,000 restaurants nationwide. The contract supports needs such as group catering, ongoing meal programs, event meals, and one-off food orders. All with features like consolidated payment, centralized reporting, and tax-exempt ordering for qualifying organizations.
Contract Value:	\$3,000,000 throughout the life of the contract, including optional terms.
Duration:	One-year term
Amendments:	Two additional one-year renewal terms by Amendment only.
Source of Funding:	Revenue sharing
Review Statement:	Texas State affirms that prior to its execution, the contract will be submitted for review by The Texas State University System Vice Chancellor and Chief Financial Officer and The Texas State University System Vice Chancellor and General Counsel.
Compliance Statement:	Texas State University verifies that the procurement method used complies with applicable state laws, TSUS Rules and Regulations and the TSUS Contract Management Handbook.

TXST: Contract for Promotional and Branded Items with 4imprint, Inc.

Upon motion of Regent _____, seconded by Regent _____,
it was ordered that:

The contract for promotional and branded items between Texas State University
and 4imprint, Inc. be approved.

Explanation

Parties to the Contract:	Texas State University and 4imprint, Inc.
Subject Matter of the Contract:	Promotional and branded items procured through a competitive Request for Proposal.
Purpose:	Provide Promotional and Branded Items
Contract Value:	\$2,000,000, throughout the life of the contract, including optional terms.

LU: Naming of Victor A. Zaloom Department of Industrial and Systems Engineering

Upon motion of Regent _____, seconded by Regent _____, it was ordered that:

The System Chancellor and the Lamar University President be authorized to recognize Victor A. Zaloom for his service to Lamar University and for his transformative gifts to the Lamar University College of Engineering. Dr. Zaloom's gifts have impacted the Department of Industrial Engineering for more than 40 years, and his ongoing and planned gifts will bring national and global recognition to the Industrial Engineering Department for their impact on academics, research, and student success.

In appreciation of his generous current gifts and for his transformative estate gift, which make Dr. Zaloom the largest faculty and/or retiree donor in the University's history. And in appreciation of more than four decades of services to Lamar University and its students, the Department of Industrial Engineering shall be named the Victor A. Zaloom Department of Industrial and Systems Engineering.

Explanation

Dr. Victor A. Zaloom served on the faculty of Lamar University's Industrial Engineering department for more than four decades before his retirement in 2024. He also served as department chair of the Industrial Engineering Department at Lamar University from 1981 until 2010, as Interim Dean of the College of Graduate Studies from 2010 – 2013, and Interim Dean of the College of Engineering from 2013 – 2015 and again from 2018-2019. Additionally, at different times in his career he held positions of Associate Dean of Engineering, Interim Mechanical Engineering Department Chair, Director of Engineering Graduate Programs and Director of the Lamar University Center for Ports and Waterways. He began teaching in 1968 at the University of Houston and held faculty positions at the University of Houston, Auburn University and North Carolina A & T State University. Dr. Zaloom's philanthropic support of Lamar University extends throughout his LU career. He established three endowment scholarships and has given extensively to many LU programs and activities.

Dr. Zaloom holds a Ph.D. in Industrial and Systems Engineering from the University of Houston, and a Master and Bachelor of Engineering from the Industrial and Systems Engineering Department at the University of Florida. In addition to his excellent teaching record, Dr. Zaloom is known for his ability to recruit and hire highly qualified faculty and consistently received the highest merit in annual and five-year performance reviews at Lamar University. Dr. Zaloom is responsible for developing the Industrial Engineering Advisory Council at Lamar University, now named the Industrial and Systems Engineering Advisory Council. This council is critical in providing updated curriculum insight from working IE graduates, student employment support, and financial assistance for students by providing scholarship opportunities. It is this council that is responsible for establishing this scholarship in honor of Dr. Victor Zaloom.

TXST: Naming of the Irvine and Rasmussen Stadium on the San Marcos Campus

Upon motion of Regent _____, seconded by Regent _____,
it was ordered that:

The Board of Regents authorizes Texas State University to name Bobcat Ballpark on the San Marcos Campus in honor of the Irvine and Rasmussen Families.

Explanation

Scott and Lyndia Irvine, and Chris and Shannon Rasmussen pledged \$2,000,000 each toward the \$15 million baseball and softball complex renovation. When completed, the new facilities will contain an expanded weight room, new training room, coaches' offices, and hospitality spaces

The baseball-softball complex renovations will include, but are not limited to:

- Three (3) batting cages for baseball and three (3) batting cages for softball
- New pitching lab for baseball;
- Weight room for baseball and softball;
- New training room for the best care and rehabilitation for our student-athletes;
- Enhanced graphics package to enhance student-athlete recruitment;
- New furniture in the coaches' offices and reception areas;
- New hospitality spaces for baseball and softball.

TXST: Naming of the Mitchell Ward and Pam Wills-Ward Athletics Academic Center on the San Marcos Campus

Upon motion of Regent _____, seconded by Regent _____, it was ordered that:

The Board of Regents recognizes Texas State University's decision to name the Athletic Academic Center the Mitchell Ward and Pam Wills-Ward Athletics Academic Center.

Explanation

Mitchell Ward and Pam Wills-Ward have pledged \$2M for the Athletics Academic Center construction project. When completed, the new facility will be a part of the planned University Fieldhouse. This Academic Center will support all 370 of our current student-athletes across the 16 NCAA sports we currently sponsor.

The academic space will include but is not limited to:

- Offices for academic advising and personnel
- Computer lab for student-athletes
- Advising and touring spaces
- Private space for group learning

TSUS: Conferring of Regents' Professor Award upon Marcus Boccaccini

Upon motion of Regent _____, seconded by Regent _____, upon the recommendation of the Board of Directors of the Texas State University System Foundation and nomination by the university president, it was ordered that:

1. The Regents' Professor Award be conferred, in perpetuity, upon Marcus Boccaccini, Ph.D.; and,
2. The Regents' Professor medallion be presented to him; that he have the right to wear such medallion at appropriate events; and that he be recognized as having received this award; and,
3. The attached resolution be adopted; presented to him; and forever recorded and preserved in the minutes of this Board of Regents.

Board of Regents
The Texas State University System
Resolution
designating
Marcus T. Boccaccini, Ph.D.
as
Regents' Professor

Whereas, the Board of Regents of the Texas State University System has determined that it would advance the cause of higher education in the State of Texas and contribute to the public good of the state to create the Office of Regents' Professor; and,

Whereas, the purpose of the Office is to recognize exceptional and outstanding members of the professoriate who have achieved excellence in teaching, research, publication, and community service; demonstrating in the performance of their duties an unwavering dedication to their students, universities, and communities; and,

Whereas, the Office of Regents' Professor is a lifetime designation bestowed by the Board of Regents upon tenured faculty members who have been acknowledged by their peers and students as exceptional, and recommended by the Texas State University System Foundation Board of Directors, the Chancellor, and the University President; and,

Whereas, Marcus T.
