10

## Activity 2

## Discussion Questions!

- You will work with your table.
- Nominate a table “Reporter” for each slide who will share your answers for that slide.
- Feel free to use any available resources to answer, including [www.tjctc.org](http://www.tjctc.org) materials.

19

## Question 1

You discover that there is a debt claim case that has been filed as a small claims case, including being given the wrong cause number. What steps should the Court take in processing the claim? Would those steps be different if it was a small claims case filed as a debt claim?

20

## Question 2

- According to the Supreme Court form, how long does an initial term of the receivership last? May that be extended? Does an agreed motion vs. just the receiver's request impact your decision on whether to extend?
- Many Courts have seen receivers ask for an "administrative closure" to end the receivership except for accepting payments as part of a payment plan. Is this allowed? What are the Court's options for dealing with this?

21

## Question 3

Plaintiff and defendant seem to come to an agreement in a debt claim case. They submit for your approval an agreed judgment. The judgment fails to say anything about court costs. The judgment also includes:

- an arrangement that the parties agree to abate the case for 6 months; and
- defendant will pay \$500 a month to plaintiff for 6 months, and if defendant fails to make those payments, defendant will paint the outside of the plaintiff's office to work off the debt.

**Would you sign the agreed judgment?  
Explain your answer.**

22

## Question 4

- Servicemembers Civil Relief Act (SCRA) affidavits are required to grant defaults when a defendant did not answer. It must state defendant's military status, if known, and show necessary facts to support the affidavit. Generally, the supporting facts will be established by a printout from the Department of Defense's website.
- Is that printout required or can the supporting facts be established by something else? If so, provide examples of something that would establish supporting facts?
- What if something else is missing, like a petition requirement? Should the Court automatically dismiss the case before the hearing?

23

23

## Question 5

- **What may happen when a Judge is concerned about proper service during a default proceeding?**
- **Are all default procedures the same in civil cases? Explain your answer.**

24

## Question 6

Default Judgments occur when a defendant fails to answer or appear in a case.

- Why is a default judgment better for the plaintiff than a regular judgment?
- What must the plaintiff still prove up?
- What must be provided to proceed with a default judgment?

25

25

## Question 7

- Are Turnover Orders and Receiverships the same thing?
- What does a creditor need to prove to get Turnover Order? Is this different in receiverships?
- Does a debtor need to be notified prior to issuance of turnover order?
