

## **Area Hospices Where Our Medical Explorers Volunteer**

Hospice care focuses on comfort and quality of life when curative treatment is no longer the goal, often provided in the patient's home or a care facility. Services typically include pain and symptom management, emotional and spiritual support, and caregiver assistance. Many hospice programs also offer bereavement support for families.

We have a Hospice Liaison who can help you get started in volunteer service with Hospice patients, or ask a senior advisor. If your home is north or south of San Marcos, that may influence which Hospice is best for you to volunteer with.

Some of our Hospice friends include:

**Gentiva Hospice - San Marcos** – Hospice care focused on dignity, comfort, and personal support for terminal illness.

**Halcyon Home** – Provides hospice support services alongside home health and palliative care in San Marcos.

**Heart To Heart Hospice** – Compassion-focused hospice care available in San Marcos and surrounding counties.

**Hope Hospice** – New Braunfels-based hospice with services that can include San Marcos palliative care.
