1: Rates reviewed and approved in accordance with [R/PPS No. 3.06](#) and subject to change with advance notice. There is a 30-minute minimum charge for all equipment use.

2: Internal rates apply to groups, programs, and departments that operate under a TXST account (excluding agency accounts). Coursework, faculty-led research, and senior design projects fall under this category. Personal use by faculty or staff is considered external usage. Please inquire about how student personal use can qualify for internal rates.

3: Requires additional purchase of Makerspace supplied filament.

4: Users supply their own filament of any compatible material and/or color.

5: Caps are per award, class section, or senior design group. Cap for student organizations is per 15 registered members. Caps are only applied to on-site use and do not apply to service or personal use projects. All caps exclude consumable purchases.
