## *Presentation of Honorary Degree*

*Sergio Luis Rodríguez*

*Friday, May 15, 2026*

*2:00 p.m. Ceremony*

During this afternoon's commencement ceremony, an honorary degree will be awarded to Mr. Sergio Luis Rodríguez. He will receive the Doctor of Humane Letters, *honoris causa*.

Mr. Rodríguez, a native of Alice, Texas, and long-time Austin resident, is an accomplished business leader and philanthropist dedicated to advancing educational opportunities for first-generation college students.

Mr. Rodríguez earned a Bachelor of Arts in Architecture from Princeton University and a Master of Business Administration from the University of Michigan's Stephen M. Ross School of Business. His early career included serving as an owner's representative for the United States Holocaust Memorial Museum in Washington, D.C., where he coordinated design and construction efforts leading to the museum's opening. He later spent two decades with CGI Technologies and Solutions, managing large-scale IT systems integration projects for government and commercial clients worldwide.

In 2015, Mr. Rodríguez became Vice President of GALO OPS, LLC, a family enterprise managing ranching operations and mineral rights across South Texas. This business was built by his aunt and uncle, Gloria and Hector López, whose success in ranching, real estate, and oil and gas laid the foundation for transformative philanthropy.

In 2017, the Hector and Gloria López Foundation (HGLF) was established to honor the legacy of Hector and Gloria López. Under Mr. Rodríguez's leadership as President and CEO, HGLF has become a leading advocate for first-generation college students in Texas. The foundation partners with universities to provide full scholarships and comprehensive support, including housing, mentorship, tutoring, and paid internships, assuring students graduate debt-free and prepared for leadership roles. Since 2022, HGLF has awarded over \$45 million in grants to institutions such as Texas A&M University-Kingsville, The University of Texas at San Antonio, The University of Texas at El Paso, St. Mary's University, University of the Incarnate Word, Our Lady of the Lake University, St. Edward's University, Texas A&M University-San Antonio, and Texas A&M International University.

In 2023, HGLF partnered with Texas State University to launch the López Scholars, a \$1.79 million initiative supporting 15 first-generation students annually for five years. This program prioritizes opportunities over traditional metrics, empowering students from diverse backgrounds to achieve academic and professional success.

Beyond his philanthropic work, Mr. Rodríguez serves on the Board of Trustees at St. Edward's University. He is a member of the Philosophical Society of Texas and serves on the Advisory Council of UT Press. He has previously served on the boards of Austin PBS, Austin Community Foundation, Breakthrough Central Texas, and Con Mi MADRE.

Through his leadership, vision, and commitment to education, Mr. Rodríguez has created pathways for countless students to achieve intergenerational mobility and become future leaders and philanthropists. Because of his dedication to service, to community engagement, and to higher education in Texas, Mr. Rodríguez is an inspiring example.

## *Presentation of Honorary Degree*

*Mark K. Updegrove*

*Saturday, May 16, 2026*

*2:00 p.m. Ceremony*

During this afternoon's commencement ceremony, an honorary degree will be awarded to Mr. Mark K. Updegrove. He will receive the Doctor of Humane Letters, *honoris causa*.

Mr. Updegrove, an acclaimed presidential historian, author, journalist, and media commentator, has dedicated much of his career to chronicling and interpreting the American presidency while advancing civic education and public discourse.

Born outside Philadelphia, Mr. Updegrove attended George School, where he later received the Distinguished Alumnus Award, and earned his undergraduate degree from the University of Maryland, College Park. His early career included leadership roles in media and publishing, including serving as Los Angeles Manager for Time magazine, President of Time's Canadian edition, and U.S. Publisher of Newsweek.

In 2009, Mr. Updegrove was appointed Director of the Lyndon Baines Johnson Presidential Library (LBJ Library), and, in 2018, became President and CEO of the LBJ Foundation where he now serves as Chairman and CEO. In 2014, he hosted the LBJ Library's historic Civil Rights Summit, commemorating the 50th anniversary of the Civil Rights Act, which featured President Barack Obama and former Presidents George W. Bush, Bill Clinton, and Jimmy Carter, and in 2024, he hosted President Joe Biden to mark the Civil Rights Act's 60th anniversary.

Mr. Updegrove has authored six books on the presidency, including *Second Acts* (2006), *Baptism by Fire* (2009), *Indomitable Will* (2012), *The Last Republicans* (2017), *Incomparable Grace* (2022), and *Make Your Mark* (2025), and he has contributed to *The Daily Beast*, *National Geographic*, *The New York Times*, *Parade*, *Politico*, *Texas Monthly*, *Time*, and *USA Today*. He is also an adjunct Liberal Arts Honors professor at the University of Texas at Austin.

Additionally, Mr. Updegrove serves as the Presidential Historian and a political analyst for ABC News, and hosts the national PBS series, "Live from the LBJ Library with Mark Updegrove." In the course of his career, he has interviewed seven U.S. Presidents.

Mr. Updegrove's long-standing relationship with Texas State University includes delivering the 2019 commencement address, participating in the LBJ Distinguished Lecture Series, and contributing to *Hillviews* magazine. His scholarship and leadership have deepened the understanding of presidential history and advanced the legacy of President Lyndon B. Johnson, whose transformative years began at Texas State.

Through his distinguished career as a historian, author, educator, and civic leader, Mr. Updegrove exemplifies the values of scholarship, public service, and engagement that this honorary degree seeks to honor. ## TXST NEXT

Texas State University is reshaping the path from college to career by adopting Coursera Career Academy, giving Bobcats on-demand access to industry-recognized credentials that complement every major and degree plan. Launched in 2025 as part of a university wide micro-credential initiative, the platform equips students with job-ready skills and career certificates from leading companies while they complete their Texas State education.

Through Coursera Career Academy, Texas State offers more than 80 professional certificate pathways in high-demand fields, including data analytics, cybersecurity, user experience design, project management, information technology support, and digital marketing. Students, faculty, staff, and alumni can access these programs at no cost using their Texas State credentials, removing a significant financial barrier to high-value training that is often priced out of reach for many learners. Each certificate is designed and delivered by industry partners such as Google, IBM, Meta, and Salesforce, and can be completed in flexible, modular segments that fit around coursework, work, and family responsibilities.

Since adoption, Bobcats have embraced Coursera Career Academy as a powerful extension of the classroom, with more than 7,000 enrollments and more than 1,700 completed certificates to date, clear evidence that students are not only exploring these opportunities but persisting to completion. Earning a career certificate signals to employers that students have practiced using common workplace tools and workflows, from analytics dashboards to ticketing systems and design platforms. Faculty and advisors are increasingly integrating these credentials into degree pathways and career-readiness programs, helping students align their choices with internships, undergraduate research, and long-term goals.

Coursera Career Academy also helps students clearly identify and articulate the skills they gain. Each pathway breaks learning into named, concrete competencies such as data visualization, stakeholder communication, risk assessment, or user research, making it easier for students to translate coursework into resume bullet points, interview talking points, and portfolio examples. As they complete projects and assessments, students build a language for their abilities and learn how to present that value directly to employers through career services workshops, advising conversations, and professional networking.

For first-generation students and those navigating complex work, school, and life commitments, Coursera Career Academy offers flexible, self-paced learning that can be started anywhere there is an internet connection and paused as needed. Career-focused content, practice projects, and portfolio-building activities help students turn new knowledge into resumes, LinkedIn profiles, and interview stories that resonate with employers, preparing them not just for a first job but for adaptable, future-ready careers.

"The noblest search  
is the search for excellence."

- Lyndon B. Johnson, Thirty-Sixth President  
of the United States, 1963-1969  
Texas State University Class of 1930
