

# Aquatic Biology | Bachelor's Degree

	FIRST YEAR	MIDDLE YEARS	LAST YEAR
<b>ADVANCE</b> your academic journey	<p>Meet with your <a href="#">COSE Academic Advisor</a> to develop your academic plan.</p> <p>Take advantage of COSE <a href="#">Virtual Express</a> advising</p> <p>Adopt your <a href="#">University Seminar US1100</a> learning as key for first year success.</p> <p>Explore majors with a <a href="#">MyMajors assessment</a>.</p>	<p>Schedule appointments with the COSE <a href="#">Advising Center</a> and follow registration instructions for course guidance.</p> <p>Consult the <a href="#">Pre-Health Advising website</a> for information on applying to nursing school or health profession programs.</p> <p>Check out the <a href="#">Collaborative Learning Center (CLC)</a> for learning assistance.</p> <p>Explore external scholarship opportunities such as the <a href="#">Fulbright</a> Scholarship to take your expertise to unique locations abroad.</p> <p>Regularly check the <a href="#">curricula and flowchart</a> pre-requisites and co-requisites for courses may change over time.</p>	<p>Check your Degree Audit &amp; meet with your academic advisor.</p> <p>Explore next steps including potential graduate programs.</p> <p>Complement your degree with a <a href="#">micro credential</a> from Alkek One.</p> <p>Consider adding a skill from the <a href="#">TXST Coursera Career Academy</a>.</p> <p>Meet with a faculty mentor or peer advisor.</p> <p>Complete a capstone project related to major.</p>
<b>EXPAND</b> your personal and social development	<p>Review your degree plan for courses that include the <a href="#">Service-Learning Excellence</a> program.</p> <p>Begin expanding your student experience by joining a student organization through the <a href="#">Bobcat Organization HUB</a>.</p> <p>Find <a href="#">biology-related groups</a> to connect with others majoring within the college.</p> <p>Join <a href="#">science and engineering student organizations or clubs</a> to connect with others majoring within the college.</p>	<p>Consult your academic advisor and learn about <a href="#">biology scholarship opportunities</a>.</p> <p>Meet with an advisor in <a href="#">Education Abroad</a> or <a href="#">Study in America</a> to explore financial aid options toward learning in an international or national setting.</p> <p>Discover <a href="#">Global Online Learning Experiences</a> for courses with culturally dynamic perspectives.</p> <p>Participate in <a href="#">Women in STEM initiatives</a> and the <a href="#">Houston-Louis Stokes STEM Pathways and Research Alliance (H-LSAMP)</a>.</p> <p>Participate in <a href="#">The Big Event</a> to give back to the regional community.</p>	<p>Participate in <a href="#">department of biology events</a>.</p> <p>Seek out a leadership role with the <a href="#">Leadership &amp; Service</a>.</p> <p>Attend a <a href="#">Student Government</a> Senate meeting to contribute to the TXST community.</p> <p>Attend <a href="#">financial literacy workshops</a> (e.g., budgeting, student loans, taxes).</p>
<b>ENRICH</b> your practical competence	<p>Explore the <a href="#">TXST One Stop</a> for more information about the scholarships provided to new and continuing students.</p> <p>Attend an <a href="#">IDEA Center</a> workshop to learn more about undergraduate research.</p> <p>Consider the <a href="#">STEM Communities Learning Assistance</a> program.</p>	<p>Explore <a href="#">research experience</a> opportunities to learn alongside faculty members or graduate students.</p> <p>Learn about <a href="#">Global Career Accelerator</a> options that give you experience with global companies and in-demand tech skills.</p> <p>Get internship guidance from the <a href="#">internship staff in Career Services</a>.</p> <p>Check out the <a href="#">National Science Foundation (NSF) Research Experiences for Undergraduates (REU) Summer Program</a>.</p>	<p>Explore <a href="#">Undergraduate Research Opportunities</a> to gain hands-on experience and build research skills alongside faculty mentors.</p> <p>Join a professional organization in your major or passion.</p> <p>Attend a conference related to your major (get recommendations from a faculty) or your student organization.</p> <p>Deliver a presentation in a student conference, workshop, seminar or community organization.</p>
<b>ELEVATE</b> your career and professional life	<p>Complete your <a href="#">Career Assessments</a>, such as Focus2.</p> <p>Create your <a href="#">Handshake</a> profile.</p> <p>Create your <a href="#">LinkedIn</a> profile and connect with colleagues and leaders.</p> <p>Develop and review your <a href="#">resume</a> with Career Services.</p>	<p>Build <a href="#">Career &amp; Graduate School Fairs</a> into your schedule to ensure your connection maximum opportunities.</p> <p>Join <a href="#">Employer Information Sessions</a> at Career Services or your department.</p> <p>Prepare to <a href="#">ace your job interviews</a> with Career Services or your academic department.</p>	<p>Attend <a href="#">employer info sessions</a> at Career Services.</p> <p>Develop a full-time employment or graduate school plan with <a href="#">Career Services</a>.</p> <p>Complete your <a href="#">First Destination Survey</a> to share your post-graduation plan.</p> <p>Identify faculty and professional references.</p>

**OUTCOMES**

## Marketable Skills

Think critically

Analyze and solve problems

Communicate clearly and effectively

Ability to communicate through scientific and technical writing

Demonstrate field and laboratory skills related to research in aquatic resources

[See more marketable skills for this major](#)

## Experiences in Aquatic Biology

The bachelor of science degree with major in aquatic biology focuses on aquatic organisms including fish and benthic invertebrates, frogs and salamanders, turtles, snakes, aquatic mammals, birds, parasites, and their relationships with their environments. Students conduct their studies both in the classroom and in streams, rivers, springs, cave systems, lakes, ponds, reservoirs, and wetlands. Students may be involved in faculty research which uses the facilities at the Freeman Aquatic Biology Building, the nearby USFWS San Marcos Aquatic Resource Center, and natural aquatic ecosystems from the swamps of east Texas to the Rio Grande and the springs of the Trans Pecos. Students may participate in a variety of transforming experiences including internships for professional development, Education Abroad or Study in America for global and cultural enrichment, and membership in numerous student organizations for developing peer networks.

## Career Opportunities

Marine biologist

Environmental consultant

Fisheries biologist

Ecologist

Conservation officer

Environmental planner

Aquatic biologist

Wildlife damage

Management biologist

Fish and Wildlife Technician

Aquaculturist

Water Quality Scientist
