The music major provides a general liberal arts overview of music studies and is combined with a minor or second major of the students choosing to lead to careers in a variety of fields. Students train directly with world class faculty in an intensive and nurturing environment. Facilities include the Performing Arts Center, Evans Auditorium, and the Music Building Recital Hall, where faculty, students, and guest artists offer a rich calendar of performances. Membership in a choice of more than thirty ensembles is available to develop musicality. The student experience is enhanced through optional membership in student organizations, study abroad, internships, community outreach, and more.
