

The Omega Leo Medical Explorer Charge to Members

As a member of the Omega Leo Medical Explorers, I accept the privilege and responsibility of preparing myself for a lifetime of compassionate service.

I recognize that every patient, every family, every colleague, and every member of my community deserves to be treated with dignity, respect, kindness, and professionalism.

I understand that technical knowledge alone does not define an exceptional healthcare professional. Character, integrity, humility, compassion, sound judgment, and an unwavering commitment to serving others are equally essential.

I accept the responsibility to pursue excellence in my education, continually improve my knowledge and skills, seek wisdom from mentors, and willingly share what I have learned with those who follow.

I will lead through service rather than authority. I will place the welfare of others above personal recognition. I will strive to earn the trust placed in me by my fellow members, my university, my profession, and the patients and communities we serve.

I will embrace continuous improvement, encourage others, celebrate their accomplishments, and mentor future leaders so that they may one day exceed my own achievements.

I understand that leadership is measured not only by what I accomplish during my time as a member in our Omega Leo Medical Explorers, but by the organization I leave behind for those who follow. I therefore accept the responsibility to leave this organization stronger than I found it.

May my service reflect compassion. May my leadership reflect integrity. May my decisions reflect wisdom. May my example inspire others. And may I always remember that the privilege of caring for others is among the greatest responsibilities one can receive.
