

SUPPORTING A VETERAN IS ITS OWN KIND OF SERVICE.

We want to hear about yours.

Moral injury — the weight of experiences that violate a person's deepest sense of right and wrong — affects veterans and the people who love them. The BRAVE project wants to hear from friends, family, and partners of Texas veterans who know that weight firsthand.

Must be:

- ☑ 18 years +
- ☑ Identify as actively supporting and cohabitating, for at least 3 months with a United States military veteran who experienced Moral Injury
- ☑ Currently live in Texas

What to Expect:

- ☑ Confidential conversations about moral injury, learning about and collaborating on research, and ways to support Veterans, over a 2 year period, up to 12 hours
- ☑ Compensation of up to \$1,250 for attending 10 meetings

TEXAS VETERANS, YOUR VOICE CAN CHANGE HOW WE UNDERSTAND MORAL INJURY

and how we support the people who've lived it.

Moral injury — the weight of experiences that violate your deepest sense of right and wrong — is one of the least understood challenges facing veterans today. The BRAVE project is looking for Texas veterans ready to share their experiences and help shape research that finally gets it right.

Must be:

- ☑ 18 years +
- ☑ Identify as a United States military Veteran
- ☑ Identify as having experienced Moral Injury
- ☑ Currently live in Texas

What to Expect:

- ☑ Confidential conversations about moral injury, learning about and collaborating on research, and ways to support Veterans, over a 2 year period, up to 12 hours
- ☑ Compensation of up to \$1,250 for attending 10 meetings
